## If Rains Delay Wheat Outlook Very Doubtful

What appeared earlier to be a promising bumper wheat crop could fizzle out if needed rains do not come in the next few days. Rain last fall, plus two or three very wet weeks brought the small grain crop up to the best prospects in years. But, only traces to no rain at all this spring has changed the picture considerably.

Many farmers believe that a good slow rain right now would not save some wheat. Others believe that with the proper moisture they would still make a dandy crop.

From the road, some wheat is very deceiving. It is almost knee high and appears to have heads two to three inches long. On examination, the heads are found to have no grains. A few hot days and this wheat would wither and be completely lost.

The only salvation the last week or ten days has been the cool nights—down in the 40's several mornings.

## Frederick Woman Dies at Age of 62

Mrs. Belle McKenzie, 62, died in a Frederick, Oklahoma, hospital Monday morning after an illness of about one and one-half years.

Confined to a hospital for the past seven weeks, Mrs. McKenzie had been a resident of Frederick for about one year. She was a former resident of Burkburnett.

She was married to Joe McKenzie on December 25, 1910, at Devol, Oklahoma.

Funeral services were held at the First Methodist Church in Burkburnett at 3:00 P. M. Tuesday with the Rev. Felix R. Kindel, pastor, officiating, assisted by the Rev. Jimmy Stone, Dundee. Burial was in Burkburnett Cemetery with Owens & Brumley Funeral Home of Burkburnett in charge.

Survivors include her husband of Frederick, Okla.; one daughter, Mrs. Chris Morris, Snyder, Texas; her mother, Mrs. Annie Glidewell, Devol, Okla.; two sisters, Mrs. C. S. Monsoon and Mrs. Bob Hinkle of Devol, Okla.; three brothers, Charlie Glidewell, Edinburg, Texas; Willie Glidewell, Sulphur, Okla.; and Ralph Glidewell, Los Angeles, California.

## Ranchouse Cafe to Re-open April 24th

The place will be operated by Ethlyn Loffler and Marilyn Wallace.

Mrs. J. F. Anthony and son of Vernon visited her parents, Mr. and Mrs. Ray Mills here this week.

## F. F. A. Chapter Sweetheart

MISS MARILYN PENN

Pictured above is Miss Marilyn Penn, Burkburnett FFA chapter sweetheart for 1955-56. She received special recognition at the District FFA Banquet held in the school cafeteria here recently.

Marilyn is a senior in Burkburnett high school and has been very active in school activities. She played basketball four years. She is a member of the student council, was all school beauty for 1954-55, attendant to the football queen 1954-55 and 1955-56, was voted the friendliest girl for 1955 and 56 and was attendant to the basketball queen for 1955-56.

## Local Chiropractor Heads Committee On Correct Posture

Dr. Robert S. Sims of Burkburnett has been named chairman of a Correct Posture Committee for this area. Dr. J. B. Oehm of Wichita Falls, regional chairman announced this week.

As chairman, Dr. Sims will direct activities in this area to call to the attention of the public during the period May 1-7 the relationship between good posture and good health.

This town will be one of more than 300 in Texas where Posture Week will be observed.

The chairman for this area said that good posture was more than just standing or sitting straight. "All parts of the body must be working effectively and with perfect balance, ease and comfort," he said. "Sometimes the body is not functioning properly because there is nerve pressure that could have been caused by improper posture."

## Bill Bean Chosen Cheerleader at Tech

Bill Bean of Burkburnett has been elected one of the cheerleaders at Texas Tech. Clay Cummins of Fort Worth was elected head cheerleader. The other leader is Stan Powers of Desdemona.

Bill is the son of Mr. and Mrs. M. E. (Bill) Bean.

Mr. and Mrs. Billy Ashlock of Salem, N. J. are visiting his parents, Mr. and Mrs. Morris Bookbinder this week.

## Revival Services at Cashion Baptist April 22 to 29

You are cordially invited to hear Rev. Young Tucker in revival services at the Cashion Baptist church beginning Sunday, April 22nd and continuing thru Sunday, April 29th.

Rev. Tucker is pastor of the Faith church in Wichita Falls at the present time and is a former pastor of a church in Mankins. He is a very spiritual man and a wonderful preacher. If you miss any of his messages, you will certainly miss a blessing.

Services begin each evening at 7:30 p. m. Rev. E. F. Cheshire, pastor of Cashion Baptist church will lead the singing.

## Dog Problem Harasses City

City officials are being harassed daily by calls to pick up stray dogs all over town. With rabies prevalent over the county, stray dogs are a constant threat to children, and grown-ups, too.

City Manager A. W. Newman reminds all dog owners they are supposed to have their dogs vaccinated against rabies, and dogs should wear a collar and tags at all times. If a dog shows any suspicious symptoms of rabies it should be penned and kept under observation.

The task of picking up all stray dogs and keeping them in the pound is too great. Dogs picked up without collars or tags, and which indicate they have no regular home and are not properly cared for, are immediately disposed of. The warning is given that if you care anything for your dog, see that it is vaccinated, collared and kept at home.

## Current Lit. Club Program Apr. 13 On Community Service

The Current Literature club met April 13th at the home of Mrs. W. C. Vann. The program was a study on community service.

At roll call, each member gave the way in which they had served their town best.

A film, Seven Ways to Solve Community Problems, has been offered to various clubs from headquarters in Austin.

The president, Mrs. F. G. Jeffers, announced that the club had given the Baptist church library a book of poems, Journey into Dawn by Grace Noel Crowell.

The annual convention of Women's clubs will be held in Kansas City, Mo., June 14-18th.

Mrs. J. L. Caffee was leader for the meeting. Miss Ella Billingslea gave a paper on Red Cross, how it serves our community. Mrs. L. R. Jones subject was hospitals, guarding our community's health. Mrs. C. M. Archer read a paper on Public Parks, their importance to our community. A paper on Safety Patrol, protecting our citizens, was read by Mrs. C. R. Chambers and Mrs. Roy Magers wrote on the subject YWCA and YMCA how they serve our youth.

The hostess, Mrs. Vann, served delicious refreshments to the following members: Mesdames L. R. Jones, F. G. Jeffers, W. B. Short, J. L. Caffee, C. M. Archer, C. R. Chambers, Roy T. Magers, Fred Hunt, W. W. Chambers, C. W. Boyd, Ralph White, John Brookman, Miss Ella Billingslea and Mrs. A. H. Lohofener.

Mr. C. C. Gilbert visited his brother, Melvin Gilbert before he underwent surgery in a no-cona hospital Monday.

Mr. and Mrs. Burl Ray Matthews of Sherman visited his parents Mr. and Mrs. Burl Matthews here this week.

Mr. and Mrs. John Brookman visited with Mr. and Mrs. Louis Littlefair at Lake Murray Sunday.

## Pre-Historic Bones Found Near Burk

J. H. Enderli, sand and gravel dealer in the Burkburnett area has unearthed the remains of a pre-historic animal.

The find, thought to be the bones of the long extinct Mastadon, was unearthed in a sand pit on the banks of Red River near Burkburnett. The bones were some 25 feet below the surface of the surrounding area. First evidence of the find came when Enderli's shovel struck what he first thought was a rock but which on further digging proved to be a section of jaw bone about 24 inches long. Further digging and exploration uncovered two more sections of jaw bone, each with a large tooth still embedded in the bone. The two teeth found so far measured about six inches by three on the chewing surface and are very rough and corrugated. The bones containing the teeth appear to be in excellent state of preservation.

So far as is known this is the first discovery of prehistoric bones in the Burkburnett area.

## LIONS CLUB Meets at Town Hall, 7:00 P. M. Each Tuesday

Winston Freeman was in the president's chair, in the absence of Francis Kauer. Leroy Meyer led the songs, with Mrs. Meyer at the piano. Frank Kelley gave the invocation.

Guests were Howard Henderson and Lloyd L. Ladd.

J. L. Caffee, in charge of the program, introduced the speaker, J. V. Brookshear, president of The First National Bank. Mr. Brookshear talked about agriculture, its present unfavorable position in national economy and the necessity of finding some satisfactory solution to the farm problem. "Forty per cent of the United States population raises, harvests, processes and distributes agricultural products," the speaker said, "and it behooves each one of us to give serious thought to the plight of the farmer." Mr. Brookshear gave figures over the past 15 years, showing how the farm population is moving into metropolitan areas. The decrease of the number of farms, and farmers, has been very noticeable in the past few years.

Many interesting, and alarming facts were pointed out by Mr. Brookshear. His talk was informative and appreciated.

Next week Wayne Chambers will bring the program.

## Mrs. A. W. Newman Hostess Monday To Circle 2 Of WSCS

Circle 2 of the WSCS met in the home of Mrs. A. W. Newman with Mrs. L. W. Mathis as co-hostess.

Mrs. W. C. Gage, circle leader, opened the meeting with the group singing Have Thine Own Way Lord with Mrs. A. W. Newman at the piano. Mrs. B. H. Alexander brought a nice devotional service from Psalm 67. She quoted "Don't let the world around you squeeze you into its own mold, but let God mold your minds from within, so that you may prove in practice that the plan of God for you is good, meets all His demands and moves the goal of true maturity."

Song, The Way of the Cross Leads Home, Christian Discipleship Today was beautifully given by Mrs. H. C. Gilbert. She told of a woman doctor in India, a bishops wife in Korea, a business woman in Malaya and a minister in Texas. We see disciples who have tried to live as a personal follower of Christ.

A nice refreshment plate was served to the following Mesdames F. L. Pilkenton, D. M. Lowery, Hugh Jones, J. M. Patterson, G. D. Scruggs, A. W. Newman, L. W. Mathis, A. R. Bunstine, S. S. Reger, B. H. Alexander, Blake Browning, W. C. Gage and H. C. Gilbert.

Mr. and Mrs. Chris Morris and Mike of Snyder, visited here this week and attended the funeral of her mother, Mrs. Joe McKenzie, Tuesday. Mr. Morris's mother, Mrs. Carrie Morris, who had been visiting them in Snyder returned home here this week.

Mr. and Mrs. O. H. Buzbee spent the weekend in Dallas with their daughter and family.

## GRASS ROOTS OPINION

**NORWICH, N. Y., UNION:** "There are few folks, these days, who take pride in their ability to do without the things they cannot afford."  
**BEAVER FALLS, PA., NEWS - TRIBUNE:** "The Chinese Year of the Monkey, 4,655, has just begun. The year of the Sheep has just ended. One could wish that China subjugated millions, instead of knuckling down to their Red overlords like sheep, would emulate the monkey during the coming year. For monkeys are individualists. Moreover — monkeys can bite."  
**LOVINGTON, N. M., LEADER:** "As long as men are forced by the 'union shop' to join a union and pay dues to that union in order to hold their jobs, the union has no moral right to use one penny of those dues for political purposes."  
**ABILENE, KANS., DAILY REFLECTOR Chronicle:** "A good thing to remember in these days of all kinds of 'Federal aids' is that the Federal government hasn't got a dime that it doesn't take away from the people. So it can't give anything to a school system, building programs, county welfare, flood control, crop surpluses or anything else without first taking it away from the people."  
**WEST GROVE, PA., INDEPENDENT:** "If we could only earn 1956 wages, pay 1925 prices and 1915 taxes, we would be sitting pretty."

## MORE MOONS THAN VENUS

While we have our doubts that they're cheaper by the dozen, that's the number of earth satellites the US Government will launch into the wild blue yonder during the International Geophysical Year, which occurs from 1957 to 1958. These 20 inch metal balls, stuffed with sundry instruments, will weigh from 20 to 50 pounds. Each will be hoisted about 300 miles above the earth by an eleven ton, three-stage rocket, touched off from the Florida sands and inclined to drop its spent sections in the South Atlantic.  
On reaching its ceiling, the satellite will be traveling about 18,000 mph enabling it to circle the earth every hour and a half and may stay in its orbit for weeks or months or even longer, sending back meanwhile various data on what it's like up there. They will also report from that vantage point, say the experts, what it's like down here, giving us better dope on our geography than the map-makers have.  
The cost, as voted by the House Appropriations committee, will be \$19,262,000.  
Actually, the scientists expect to make eighteen of these moonlets, hope to launch 12 and pray that at least eight of them will stay up there for a while. But if only one does, we shall have definite proof that the world is round.

## WHAT'S HAPPENED IN EDUCATION

Sometime ago 1,500 high school students in a typical industrial community were polled as to their view on certain economic questions.  
The results, according to Ralph T. Moore, writing in the Oregon Voter, was as follows: "A majority of those polled favored the totalitarian system of price controls over free enterprise wherein the consumer controls prices through exercise of his preference franchise. Most believed that owners of a business get too much compared with employees. A large majority subscribed to the Communist axiom that from each should be taken in accord with his ability and to each should be given in accord with his needs, the latter of course being only vaguely defined. And the majority also subscribed to the Communist manifesto that no worker should produce all he can. The replies more resembled those to be expected from a Russian youth organization than from American high school youngsters.  
About the best single word that can be applied to this symposium is "shocking." It is evident that if such views are at all representative of youthful thinking, something has gone terribly wrong with our educational system. That means education in the schools, where the truth is supposed to be taught. It also means the education that children should absorb in the home. And it points to failure on the part of business and other groups which have the duty of speaking for free enterprise.  
The young people of today will, tomorrow, determine what kind of country this is to be. That is a sobering thought, in the light of this poll."

## Grade School News

We are very happy to report that many of the boys and girls have been able to get Old Man measles on the run, and have been able to return to school. We are very glad to have them back in school and hope that this will be the last time this year any of them will have to be absent.  
We have been real busy the last two days taking the Fifth Six weeks tests. We know now that we will have to work real hard the next few days in order that we may finish out this school year. We say a few days because the days are going by in a hurry and there are many events crowded in the time between now and the last days of school. That will make it seem like a few short days of school work and we will all have to make hay in a hurry.

They Travel "In Class"

Our high school correspondent says that Economics and Geography students are going in for "grass roots" studying. They're going to charter buses and take off on Operation See-For-Yourself—have a ten-day look at some of the things they've been studying about. As I remember, it was hard to keep your mind on schoolbooks at this time of year. Today's kids can give in to that old urge to bust out of the classroom—with a clear conscience. Wish they'd take me along.

From where I sit, I hurt us adults, either, to see and see how the rest of the try lives. We find the American doing everything herding cattle to flying planes with everything from snow chowder for his favorite everything from beer to milk for his favorite. And the more we study references the more we see alike everyone is underneath.

**ALMA MATER ABROAD:** The 90-year old American University of Beirut is among the outstanding tourist attractions of Lebanon, one of the Bible Lands. With its pink rooftops peeking through green cypress trees it spreads its 70 acres of campus along the shores of the Eastern Mediterranean in the select residential area of the Lebanese capital. An American visitor, viewing its modern buildings, winding drives, stately trees and brilliant semi-tropical flowers for the first time, might think he had wandered on to a college campus in southern California or Florida. Founded in 1866, A.U.B. has grown to be the largest American educational institution outside the U.S. through the untiring efforts of four American presidents. More than 3,000 students from 51 countries, including the U.S., and 20 religious sects are enrolled in its classes. It has a faculty of nearly 400 and a working staff of 700.

**MILITARY RESERVE WEEK**

*Attention--*

**ALL YOUNG MEN 17 TO 18½ YEARS OLD**

**The Army has a reserve program whereby you can fulfill your military obligation with a reserve unit right in your own home town.**

**FOR FURTHER INFORMATION contact your local Army Unit Advisor's office.**

## Military Reserve Week, April 22-28

"Now is the time for all good men to come to the aid of their country." These familiar words are particularly applicable to the young Texans of today, says Major General Lewis S. Griffing, Chief of the Texas Military District.

"The Armed Forces Reserve has a program whereby all qualified young men can come to the aid of their country," General Griffing explained, "and with the least interruption to their civilian careers."

Gen. Griffing, speaking in connection with Military Reserve Week April 22-28, pointed out that the U. S. Army is implementing a program designed especially for the youths of America. This program permits a young man to fulfill his military obligation while completing his education or working at his civilian job.

Here's the way it works, he joins a Ready Reserve unit or a National Guard unit. He can finish high school (if he doesn't reach the age of 20 first), then go on six months active duty for training. He is then prepared for his Ready Reserve service. Normally he will have 1-2 years left. During this 1-2 years if he trains satisfactorily, he will not have to worry about a draft call. In most instances he can train with a unit right in his own home town. The only time he is called away from home is for two weeks each summer to attend training camp. All of this is designed to interrupt, to the very smallest degree, his higher educational pursuits or his civilian occupation.

"Every young Texan should think very seriously about his future military obligation," Gen. Griffing pointed out. If he does not, Uncle Sam is likely to point a finger at him sooner or later. He should consider this program from a standpoint of how it benefits him as an individual. But most important of all he should consider it from a patriotic point of view.

The Army will pay him for his military participation and at

the same time prepare him to defend his country in the event of an emergency.

Military Reserve Week, April 22-28, has been designed especially to present the provisions of this program to young men and their parents. This special drive has been endorsed by the president and is supported by many active civic and veterans organizations in Texas. They understand and see the immediate need for a strong and ready reserve.

"Now is indeed the time for every young Texan to come to the aid of his State and his Country," Gen. Griffing concluded.

## Notes From The County Agent and HD Agent

Hybrid Grain Sorghum demonstrations are being planted on the Jack Martin, John Wesley and Olen Bailey farms. The hybrid grain sorghum seed is being furnished by A&M College. The hybrid sorghums being planted are 620, 668, 616 and 650. Farmers in the county will be interested in watching these demonstrations.

Any farmer in the county needing Game Preserve signs may contact B. T. Haws, county agent, and he will order needed signs.

Cool weather and high winds have delayed the planting of spring vegetable crops in both commercial fields and home gardens in Wichita County. A few good spring days will cause a scramble among home gardeners to get vegetables planted that normally go into the garden in early or middle March. April is also the month to plant a number of the warm season vegetables.

The yellow aphid continues to do damage in some of the alfalfa fields in the county. Farmers are urged to check alfalfa closely and spray if necessary. 1-2 pints of malathion is recommended per acre. Keep your cattle off the sprayed fields for 10 days.

Now is a good time to dress your home lawns with a nitrogen fertilizer.

If the lawn has a ragged appearance and is brown in spots and dead or dying grass can be pulled up by the roots, better check for white grubs, says B. T. Haws, county agent. Use control methods if six or more grubs are found in a one foot square area. Ask the local county agent for a copy of L-199 for the control measures.

U. S. Families prefer going into debt rather than doing without the things they want. Thelma Wirges, county home demonstration agent reports show that increasing numbers of families are making this choice. Consumer debt continues to rise, increasing 8 percent in the first half of 1955, as compared with the last of 1954.

Most of the installment debt was due to automobile financing. This continued to rise despite higher interest rates. Debts are being paid as well as made. Repayments on installment debts was 86 percent as much as new debts during the first 6 months of 1955.

Competition for the consumer dollar is increasing. Families who want to get the most for their money will need to plan carefully.

Home demonstration clubs are

having credit demonstrations this month. They are making a study to how credit might make or break a family.

Mrs. A. A. Jacobs, food and nutrition demonstrator for the Hardin Home Demonstration club, made plans for her year's work this past week. Mrs. Jacobs plans to organize a recipe file, work on party refreshments, give gifts from the kitchen and work in a home garden.

Home demonstration club women began planning National Home Demonstration club week celebrations this past week. National Home Demonstration club week will be April 29 thru May 5th. Activities will include a county-wide luncheon, civil defense meeting, exhibits, picnics, and an open house. Mrs. Krusemark, Mrs. Solon Downing and Mrs. Herbert Adams served on the committee to plan the weeks activities.

## NOTICE

## Carol Hageman Engagement Told

Wedding plans are being made by Miss Carol Ann Hageman and James E. Roderick whose engagement has been announced by Mr. and Mrs. Jess A. Hageman.

They have set May 13 as the wedding date. The vows will be exchanged in the Church of Christ with Will Wilhoit officiating.

The future groom, the son of Mr. and Mrs. E. W. Roderick of this city, was graduated from Burkburnett High School and attended Midwestern University.

Miss Hageman, the daughter of Mr. and Mrs. Jess A. Hageman, will graduate this spring.

Weekend visitors in the home of Mr. and Mrs. Ray Mills were Mr. and Mrs. Oscar Talley and Mr. Roy Baker of Electra and Mr. and Mrs. H. L. Mills of Wichita Falls.

### THE STATE OF TEXAS

To: E. M. Byers, Wilbur C. Gordon, Walter L. Wood, Sarah Cossairt, and David Muttersbaugh, their unknown heirs, legal representatives and assigns, and the unknown owners and claimants Defendants, Greeting:

You are hereby commanded to appear before the Honorable 30th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 7th day of May A. D. 1956, then and there to answer Plaintiff's Petition filed in said Court, on the 21st day of March, A. D. 1956, in this cause, numbered 57323-A on the docket of said court and styled A. E. Reid Plaintiff, vs. E. M. Byers, Wilbur C. Gordon, Walter L. Wood, Sarah Cossairt, David Muttersbaugh, their unknown heirs, legal representatives and assigns, and the unknown owners and claimants, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

That Plaintiff and Defendants are the joint owners in fee simple of the surface rights and mineral rights of the hereinafter described real estate.

Plaintiff, A. E. Reid, owns an undivided three-fourths interest in the surface and mineral rights and in addition thereto owns an undivided one-sixty-fourth of the minerals in and under the hereinafter described property; Defendant, E. M. Byers, owns an undivided one-fourth interest in the surface rights in and to the hereinafter described land, and an undivided 5-128 interest in the minerals in, on and under said land;

Defendant, Wilbur C. Gordon, owns an undivided 1-8 of minerals in said land; Defendant Walter L. Wood, owns an undivided one-thirty-second interest in and to the minerals in and under the hereinafter described land; Defendant, Mrs. Sarah Cossairt, owns an undivided one-thirty-second interest in and to the minerals on and under said land; Defendant, David Muttersbaugh, owns an undivided 1-128 interest in and to the minerals in and under said land.

That said land is situated in Wichita County, Texas, and is described as follows:

West 40 acres of a tract of 134 acres out of survey No. 9, by virtue of Land Script No. 340, issued to HT&BRR Company, which 134 acres is described as follows:

Beginning at a point in the East line of Section No. 9 where the North line of the right of way of the Fort Worth and Denver Railroad crosses said line; Thence North with said East line at 253 feet, pass the Northwest corner of Section 24 and the Southwest corner of Section 23, H. & G. N. R. R. Co. and at 2435 feet, the Northeast corner of said Section 9 and the Southeast corner of Section No. 10; Thence West 4800 feet with the line of said Sections 9 and 10 to the right of way of said Railway; Thence with said Railway line South 63 1-2 East 5312 feet to the place of beginning

That said land is of the estimated value of \$1,800.00.

Plaintiff alleges that a fair and equitable division of said land cannot be made because said property is not of equal valuation, the East part of said land is more valuable than the West portion of the same; that there is some oil production on land located just East of this land

which makes it more valuable than the West part, which has no oil production on or near it, which makes it incapable of partition in kind.

That a fair and equitable division of said land among the joint owners of same can not be made. Wherefore, premises considered, Plaintiff prays that Defendants, their unknown heirs, legal representatives and assigns, and the unknown owners and claimants be cited by publication and that this Court order the Clerk to issue citation by publication to be served as provided by law, and that upon final hearing hereof that said land be found to be incapable of partition in kind, and that a receiver be appointed by the Court, and that such land be sold by the receiver at private sale for cash and the proceeds of said sale be divided in accordance with the findings of the Court as to the ownership of Plaintiff and each of the Defendants, or in the alternative, if the Court should decide and find that said property can be divided in kind, that Commissioners be appointed and that the property be divided by them among the respective owners, and that the respective owners be put in possession of

the same, and for such other and further relief as Plaintiff may show himself entitled to in law or in equity.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved. The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, this the 24 day of March A. D. 1956.

Attest:

# Ford goes First!

### In Performance

At NASCAR's Speed and Safety Event at Daytona, Ford won the Manufacturer's Trophy for best all-around performance. And Ford's 225-h.p. Thunderbird Special V-8, in one day, smashed 30 world speed records at Kingman, Arizona. No wonder Ford is the world's largest-selling eight.

### In Safety

When the editors of "Motor Trend" unanimously voted Ford's safety program "the top car advance" of 1956, they had in mind Ford's Lifeguard Design... a whole family of safety features, including a deep-center steering wheel and double-grip door latches, to help protect you in case of accident.

### In Economy

In this year's Mobilgas Economy Run, a Ford Customline V-8 with Fordomatic won over all cars in its class. The sturdier, heavier Ford carried more weight with greater gasoline economy per pound than any competitive car... "sixes" as well as "eights"! Ford proved itself a regular gas miser.

# FORD V-8

World's Largest-Selling Eight

The way a Ford performs, the way it saves, the way it protects you, go hand-in-hand with the way it looks and lasts. Ford's look was inspired by America's most exciting car, the Thunderbird. Its rugged K-bar frame and carefully-built body give it the endurance and reliability traditional with Ford. These are the facts behind Ford's reputation as the car that's worth more when you buy it... worth more when you sell it, too! Come in and let us show you!

"THE TENDER TRAP" Showing at Palace Theatre Sunday, Monday, Tuesday

From Your STATE CAPITOL

By VERN STANFORD
Texas Press Association
Atty. Gen. John Ben Shepperd grabbed the spotlight with his announcement that he would not be a candidate for "any state office."

Lowery Gets Prison Term

Former Beaumont Mayor Leslie Lowry has been found guilty of perjury in the organization of an insurance company and sentenced to seven years in prison.

Soil Conservation News

The supervisors of the Wilbarger-Wichita Soil Conservation District and the Implement Dealers of Wichita County are sponsoring four community sub-surface tillage demonstrations.

Supreme Court Ruling

Texas officials are aroused by a U. S. Supreme Court ruling knocking the props out from under another state law.

Latest to fall are state anti-secession laws, which the high court says are superseded by Federal law. Apparent effect was nullify Texas' anti-communist law.

Property Rights For Women

A woman should be allowed to manage her separate property says the Business and Professional Women's club, Texas League of Women Voters and Texas Federation of Women's Clubs.

Personal Privilege

An individual's right to express his opinions, within the bounds of libel, for or against any candidate for public office, or any public issue, will be tested in court by the Texas Press Association.

Gas Company Wins Test

Companies which paid the old gas gathering tax "without protest" will get their money back.

Under the new Texas Election Code

was declared unconstitutional by the U. S. Supreme Court, the state has returned more than 25 million dollars in taxes paid "under protest." Last year the Texas legislature granted permission for about 30 companies, which paid without protest, to sue for recovery.

The implement dealers will have the latest type sweeps and blades that do a thorough job of leaving the crop residues on the soil surface which helps in controlling both wind and water erosion, getting water into the ground, reducing crusting and evaporation.

Two demonstrations are scheduled for the Burk Burnett area both on Thursday, April 19th. Friberg-Cooper community at 9:00 a. m. on the J. W. Tole farm which adjoins the Friberg school ground. The Burk Burnett demonstration will be on the J. J. Dwyer farm at 2:00 p. m. The Dwyer farm is 3 1/2 miles west of Burk Burnett and on highway 240.

Plan on attending one of these demonstrations and getting the information that will apply to your own farm. The ASC has set up a Federal cost sharing of \$1.25 per acre on this practice which is applicable to small grain stubble only.

They also urged repeal of the law requiring wives to make separate acknowledgements on legal documents covering property belonging to a couple.

They have asked the Texas Legislature council for such a law.

Check Ranges, and Pastures For Plants Poisonous To Cattle

Livestock losses will occur if animals are permitted to graze ranges on which poisonous plants are growing. Weather conditions haven't helped the situation because the continuing drought has limited the growth of desirable forage plants and grazing stock will get the new plants even if they are poison. There have already been reports from farmers or poisonous plants in pastures killing livestock in the county.

Buds, leaves and tender shoots of all trees in the oak family possess a toxic substance which may cause severe illness in cattle, sheep, goats and horses. The poisonous condition is greatest from the time buds begin to swell until the new leaves turn dark green in color. Low growing oaks cause most of the trouble and cattle are most commonly affected, says Haws. Removing

livestock from pastures where poisonous plants are growing until the danger period is passed is recommended.

Bittersweet—a plant especially toxic to sheep, is best controlled by deferred and rotation grazing.

Loco and peavine are other plants which can cause trouble. Haws says animals should not be allowed to graze pastures containing these plants until sufficient growth of other plants can satisfy the forage needs of the animals.

The cocklebur in the seedling stage is very poisonous to grazing animals, especially to hogs and cattle, says the county agent.

One day as Jesus walked down the street of a certain city, He heard the voice of a helpless person call out from a doorway who could not see Jesus for the crowds. But when Jesus heard the man He left the crowds and went to him and healed him.

Sometimes it seems for the crowds that flock around the church, that an outsider cannot get to the Master. We as christians must not only welcome them in but invite them and make room for them. For it is better to see a sick boy healed for a short time or to see a sick soul healed for eternity.

"Dear Lord, remember me when thou hast come into Thy Kingdom."  
"Verily, verily, I say unto you the day shall thou be with me in paradise."

Burkburnett Rebekah Lodge No. 67 met in regular session Monday evening, April 16th with the following officers officiating: Miretta Simmons, N. G., Nellie B. Richards, V. G., Mary Frances Knox, recording sec., and Elizabeth Gtagg, treasurer.

After the roll call of officers, the noble grand welcomed our visitors from Wichita Rebekah Lodge No. 236 and each stood and introduced themselves. Members that were ill were reported on and business disposed of.

The meeting was then turned over to Ruby McNeely, degree captain of Wichita Rebekah Lodge 236 and staff for initiation. They conferred a most beautiful and impressive degree upon Kathleen Evans and Roberta Lenhart. They were then given a hearty welcome as new members. Everyone was delighted with the drill that was given by the degree staff.

Under the Good of the Order, several expressed their appreciation to Wichita Rebekah Lodge 236 for coming over to confer the degree and for two very attentive candidates.

The hall was beautifully decorated for the occasion. Refreshments of delicious home made ice cream and cake were served to 49 members and visitors.

The Rebekahs are sponsoring a Game Night this Friday evening, April 20th, 7:30 p. m. at the Town Hall. The tickets are \$1.00 per couple and can be obtained from any Rebekah member. The proceeds will be placed in a special fund.

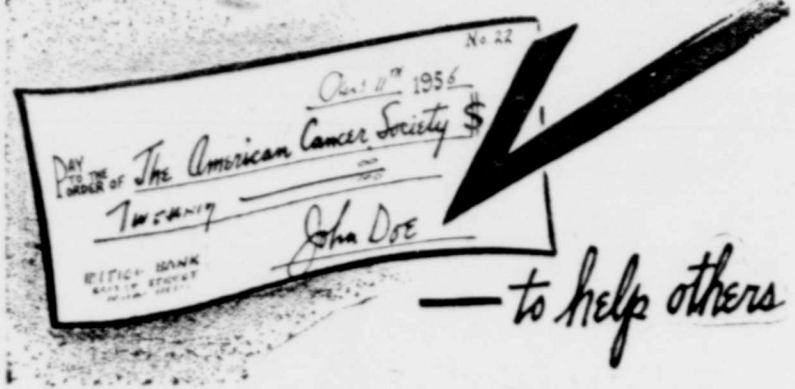

Visitors in the home of Mr. and Mrs. W. C. Gage over the weekend were her brother, Mr. and Mrs. B. F. Lawley of Iraan, Texas and Mr. Gage's sisters, Mrs. Sarah Smith and Mrs. Angie Smith of McAllister, Okla., a brother, Mr. and Mrs. Tom Gage of Stephenville, Tex., and a nephew, Carl Gage of Knox City.

Mr. and Mrs. Harold Turnbow and baby of Abilene visited relatives here this week.

Receiving the orange and black jackets this year were: Leslie Kaspar, Pat De Flaco, Mike Hoffman, Touie Schroeder, Frank Morton, Charles Musgrave, Cleve Christian, Mike Lacy, Bill Baker, Richard Hinkle, Charles Darter, Richard Goode and Deryl Walker.

The Burkburnett "B" team has been the district 2A-3 champs for two straight years.

### Burk Students Go To Regional

Burkburnett High School will send six contestants to the regional literary meet of the Inter-scholastic League at Southern Methodist University Friday and Saturday in Dallas.

Wanda Redman and Pat Bernethy won first place in shorthand as a team, while Wanda was second high individual and Pat was third.

Donnie Johnson won first place in typing and will represent district 9-A at the meet. The Burk typing team, consisting of Donald Johnson, Donald Redman and David Nunn, won first place also but only Donald Johnson is eligible for regional.

In ready writing, Colette Boyle was second and will qualify for the regional contest to be held Friday afternoon.

In the poetry reading contest, Rosemary Roark won first by giving "Patterns" by Amy Lowell.

Alien Smith will enter the extemporaneous speaking contest as a result of winning first place in this event at the district contest.

Accompanying the contestants to Dallas will be Miss Ethelyn Johnson and Mr. and Mrs. H. J. Powell.

Placing in the district contests but ineligible for regional are the following:

Peggy Hodges—3rd place, Senior Declaration.

Johnny Keown—3rd, Senior Declaration.

Phil Beaver—3rd, Poetry reading.

Marilyn Felty—2nd, Extemporaneous speaking.

### Friberg-Cooper 4-H Club News

The Friberg-Cooper 4-H club held their regular monthly meeting in the annex of the Friberg Cooper Methodist church. The meeting was called to order by the president, Frank Morton, who led the club in the opening ceremony.

The roll was called and the minutes were read by Celia Musgrave, secretary. Under old business, Mary Harwell was appointed to see about getting rid of the rest of the rolled papers.

A report of the bake sale held at Furr's Food store in Wichita Falls on April 7th was given by Linda Baley, Allen Turner and Mrs. Cobb reminded the club members of the coming important dates.

Blanks were passed out to the boys and girls to write down what they are going to enter in the Project show at Iowa Park this coming Saturday.

Mr. Turner, the assistant County Agent, then gave a short talk on the different types of oils to be used in cars and tractors.

Fifteen members: Mr. Willie Morton, the sponsor, Mr. Turner, Mrs. Cobb and Mrs. J. H. Musgrave attended the meeting.

Refreshments were served by the Harwell and Musgrave families.

### Methodist Church To Honor Seniors

The First Methodist church here will honor its seniors Sunday. They are to be seated together with their parents and Methodist Faculty members. All seniors and faculty members are welcomed but no attempt is made to draw other church members away from their own church.

This service will be held at the morning worship hour 10:55 a. m.

The pastor, Rev. Felix Kindel, will preach on "The choice of Career." Some months ago he was invited by the youth of the church to preach such a sermon. The general public is cordially invited.

### Contemporary Club Met Apr. 16 With Mrs. Brice Burton

Hostess to the meeting of the Contemporary Study club held April 16th was Mrs. Brice Burton. After discussion of business the program was presented by Mrs. C. A. Smith, "Around the World with Flowers."

Appropriately beautiful arrangements of white and bronze iris were in evidence in the kitchen and living room.

The next regular meeting will be a visit to Midwestern Museum for a tour and a lecture.

Mrs. Davis Kelley was winner of the door prize.

Delicious refreshments were served by the co-hostess, Mrs. Harry Elliott to Mesdames H. S. Thaxton, John Lilley, F. A. Eastman, G. C. Beavers, C. A. Smith, M. D. Cheney, Davis Kelley, Cliff Wampler, Francis Beaver, Jim Maag, Bill Bledsoe, Joe Parsons, and Brice Burton.

"Who Knows What We'll Find!"

### Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, **who knows!**

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products. Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely

HUMBLE OIL & REFINING CO.
