## Rev. Carrington To Participate In City-Wide Revival

Rev. F. R. Carrington  
Assembly of God Pastor

Rev. Carrington was born in Parsons, Kansas. In his childhood he traveled a great lot, as his father moved quite frequently. They moved to Missouri, then to Arkansas and later to Florida, then back to Kansas, and later in 1920 they moved on a farm up in Dewey County.

Rev. Carrington received his schooling in Oklahoma. Was graduated from Bible School in 1931 from Southwestern, at Enid, Oklahoma.

He was converted or born again at the age of 19. At the age of 21 he received the experience of Pentecost, and was called of God by the Holy Spirit into the gospel ministry. For some time Rev. Carrington refused to accept the call, but with much crying and seeking God until the late hours of night, he finally surrendered to the call of God like Isaiah did in Chapter 6 and verse 8. "Here am I Lord, send me". In a short time he had entered Bible School at Enid.

He and Mrs. Carrington were united in marriage Jan. 7, 1933. He was ordained to the full gospel ministry at Little Rock, Arkansas in 1933.

He has a brother and sister who are also in the ministry, preaching with the Pentecostal Faith.

Bro. Carrington was raised from his death bed in answer to the prayer of faith, and since then God has used him in a special way in praying for the sick. Rev. Carrington came to Burkburnett to pastor the Assembly of God Church in Nov., 1954.

His former pastorate was in Tipton, Okla., where he labored for 3 1/2 years. The Lord helped him to break all the former records there in attendance and also in finances.

Rev. Carrington first started his ministry in California in 1928, but stopped to enter Bible School that fall in Enid, Okla.

## Notice to Retail Gasoline Dealers

The Burkburnett Independent School District in regular meeting, July 5th, authorized Mr. A. J. Muller, President of Board of Education to give public notice that the Burkburnett Independent School District will receive sealed bids until August 17th at 2 p. m. for the purpose of furnishing gasoline and oil for school buses for the 1956-57 school term. (Must be equipped to wash and grease and fix flats and the bidder must furnish the school district with the Federal Tax Forms for the refund of Federal Taxes on gasoline furnished.) Forms will be furnished upon request by applying at the Tax Office in the High School Building.

## Bill Mack To Play Here July 26th

Bill Mack, Radio, Television Recording personality, is scheduled for an appearance here on the date of July 26th at 8:00 p. m. in front of the First National Bank for a one hour show.

Bill, 27 years of age, was born June 4, 1929 in Shamrock, Tex., and has spent most of his life in the entertainment field. Shortly after reaching the walking and talking stage he and his selected troupe of "entertainers" were presenting stage shows in the garage of his home.

Bill entered the music field by writing songs and forming his own band before graduating from Shamrock High School. His first composition (which for some reason, was never recorded) was "Honey On My Fingers."

Bill records for Starday Records of Hollywood. He considers his biggest "break" in the entertainment field the day Kenyon Brown trusted him to emcee country music shows of KWFT Radio. He readily admits his association with Mr. Brown and KWFT has been fun, not work. He is also proud of his own television show on KSYD-TV Saturday nights. "The Big Six Jam-boree" has been one of the top rated Television shows since Wichita Falls first received TV.

Bill's favorite moments are spent with his lovely wife, Jackie and the pride of his life, his baby daughter, Debbie.

Bill is forever grateful to those who have been so kind to him, his good Maker, his family, his associates and his many fans.

## Formal Statement Of Sheriff Bailey

I am a candidate for re-election for my first four year term, to the office of Sheriff of Wichita County on the accomplishments of my department during the time we have been in office.

I am forty-four years of age, born and reared in Midlothian, Ellis County, Texas. I am married to the former Mozelle Stephenson of Midlothian and we have one son, Bob Bailey, 18 year old.

I received my high school education in Midlothian and have been a peace officer over twenty years. I joined the Texas Highway Patrol in 1935 and was stationed in Tyler, Texas. I lived there until I was promoted to Sergeant and moved to Wichita Falls. I resigned from the Highway Patrol in 1952 to make the race for Sheriff of Wichita County. The good people of Wichita County saw fit to elect me their Sheriff and I have been serving as such since Jan. 1, 1953.

I am a Steward in the First Methodist church. I am a member of the Kiwanis Club, the Knife and Fork club, the Wichita Falls Council of the Boy Scouts, Maskat Shrine, and Elk, and a member of the Board of Directors of the Texas Sheriff's Association.

I am proud of the personnel that I have been able to secure to help me in operating my Sheriff's Dept. Check their character and reputation in the neighborhood where they live. You will find them honorable, conscientious, dedicated public servants. Your Sheriff, and each of his deputies is and shall continue to be a Sober man.

During our first term in office we were able to make a saving for the Tax Payers of Wichita County, over \$30,000 in the operation of the Department. We were able to do this by practicing economy in every place that it was in our province to do so.

## Concerning City Affairs

The success of the City Light Plant has a direct bearing on the amount of taxes we pay in Burkburnett. If local taxes were doubled, the amount of extra money would not equal the sum turned back to the city in cash and services the past year.

Many believe, without grounds, that city taxes in Burkburnett are high. A look at the record, a list of all towns in Texas, published by Texas Municipalities Magazine, shows that Burkburnett is among the lowest in total valuations and tax rate by the City Light Plant.

The following table gives comparison with other cities in our population bracket. The population figures were taken from the 1950 census:

City	1955 Valuations	% of Actual Value	Tax Rate	Tax Bonds Outstanding	Revenue Bonds Outstanding
Weatherford	7,874,025	80	1.85	680,000	3,139,500
Mineral Wells	8,053,605	40	1.95	843,000	658,000
Childress	7,388,872	40	1.70	262,000	706,000
Marlin	5,757,475	25	2.30	844,000	242,000
Breckenridge	4,714,972	25	2.50	405,000	770,000
Coleman	6,391,653	60	1.25	558,000	152,000
Dalhart	7,015,565	50	1.50	292,000	630,000
Cisco	3,200,140	20	2.50	160,000	771,000
Hereford	10,243,737	45	1.35	452,000	166,000
Fredericksburg	5,441,845	25	1.30	95,000	150,000
Burkburnett	2,491,274	20	1.50	167,000	343,000

From the above we see that Burkburnett has one of the lowest tax rates, the lowest rendered valuations, and the per cent of actual value one of the lowest. Burkburnett also owes the least money on tax bonds and revenue bonds. Perhaps that is why Burkburnett does not have many of the things the citizens want—ample water, sewage system, good streets and sidewalks, etc. Up until last year every penny of taxes went to pay interest and principal on the small amount of money we owed. Obviously, we could not vote more bonds and expect to sell them, for no one would buy bonds with no hope of collecting principal, plus interest.

Weatherford recently finished a complete sewer system and laid large main water lines all over town. They wanted these things bad enough to go in debt \$3,819,500.00. To be able to repay this debt, they had to raise their valuations to \$7,874,025, based on 80% actual valuation, with a tax rate of \$1.85.

If Burkburnett wants any improvements the citizens will have to pay for them, one way or another. There are several ways of getting more revenue. Valuations could be doubled (which would be in line with other cities about our size. One million dollars valuation for each 1000 inhabitants is the yardstick used by tax experts. That would put Burkburnett up around seven to eight million dollars valuation). Water and sewer rates could be raised as another source of revenue. I do not favor raising the minimum water rate, but a higher rate for all water over 5,000 gallons per month would put the burden on the big user and not penalize the small users. Electric rates could be raised, but that I do not favor. (Our electric rates are NOT out of line compared to neighboring towns which do not have Municipal Light Plants.)

Another way of raising revenue would be to raise the tax rate per \$100.00 valuation from \$1.50 to \$2.50. Some may say they are paying all the taxes they can and could not stand a raise. Here again the facts are overlooked. If you own a home valued at \$7,500, the tax valuation is \$1,500. Your taxes, at the present rate, amount to \$22.50 per year. Can't pay any more? If you are an average smoker, you pay seven to eight times as much per year on your smokes as you pay in city taxes. If you are paying for a new automobile, one monthly payment would probably pay your city taxes four to five years! The can't pay argument won't hold water. If we want improvements bad enough, we can pay for them.

Another way to have more money for our town is to patronize the City Light Plant. That is the most painless way of all. Last year the light plant put back into the city \$53,627.92. That represents a lot of taxes saved for all Burkburnett citizens.

## Retired Farmer of Burk Succumbs

John A. Britton, 76, retired Burkburnett farmer died in a Graham hospital Wednesday afternoon following a heart attack.

Britton was in Graham for treatment when the attack occurred.

Funeral services were conducted at the Thrift Baptist church here at 2 p. m. Thursday. Burial under direction of the Owens & Brumley Funeral Home, was in the Vera cemetery near Seymour.

Survivors include two sons, Barto of Seymour and J. A. Britton of Burkburnett; two daughters, Mrs. Jim Ady of Burk and Mrs. Lacy Hardage of Muleshoe; two sisters, Mrs. H. A. Campbell, of Wichita Falls and Mrs. Lee Powell of Wilcox, Ariz.; eight grandchildren and six great-grandchildren.

A native of Alabama, Britton had been a resident of Burk for the past six years.

Mr. and Mrs. A. H. Lohofener were Dallas visitors this week.

## ROTARY CLUB

Each Tuesday Noon  
Town Hall

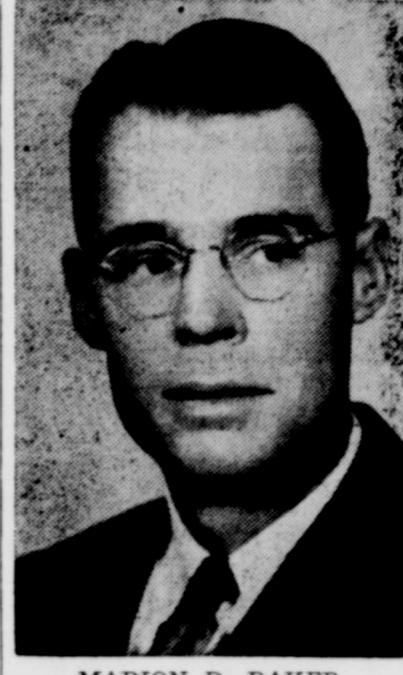

Bill Milam introduced Louis Littlefair as a guest of John Brookman, H. E. Frank, guest of George Byerly, and five guest Rotarians of Wichita Falls, at the regular noon luncheon Tuesday.

Mayor H. D. Smith was in charge of the program and introduced City Manager A. W. Newman, who gave a summary of the water problem in Burkburnett and the steps that are being taken to remedy the situation. Mr. Newman solicits the help of all the community in correcting the water situation here. His talk was very informative and will require quite a bit of study.

Thirty-five Rotarians and guests were in attendance.

Mrs. Ruth Hinnant and Mrs. Ruby Gresham have returned home from a visit in Springfield, Mo. They attended the Ozark Jubilee radio program and visited many points of interest in the city.

## Marion D. Baker Pastor of Thrift Memorial Baptist

MARION D. BAKER

Marion D. Baker was born at Grandfield, Okla. He came to Texas at the age of three, and has been a resident of the Lone Star state most of his life.

Rev. Baker was married to Leta Lorene Scott of Slaton, Tex. January 24, 1934. To this couple was born three sons, Marion D. Jr., Billy Joe, Jimmy Lee and one daughter Leta Frances.

Rev. Baker began his ministry in 1943 at Brownfield, Tex. He spent two years in the United States Navy during World War Two.

The most of his ministry has been in mission work at Rosewell, N. M. under the First Baptist church. Later he pastored the Mountain View Baptist church, also the South Hill Baptist church of Roswell.

In May of 1953 he accepted the call to the Thrift Memorial Baptist church of Petrolia. After two years of successful pastoring the people there, he came to Burkburnett on Aug. of last year to pastor the Thrift Memorial Baptist church. Rev. Baker is a member of the ministerial Alliance here in Burkburnett and he will be one of the speakers in the City-Wide Revival on July 30-Aug 4th.

Rev. Baker is a great lover of all outdoor sports, especially baseball, basketball and football. His main hobby is to have a good spinning rod and reel and a dozen or two of minnows and a good lake filled with plenty of fish.

## Major Sales Was Overcome By Gas Fumes Wed.

Major Sales, about 25, of Burk was overcome by gas fumes here Wednesday afternoon while digging a water well on Linden Drive in west section of the city.

Sales was unconscious for some 30 minutes after two fellow workers pulled him from the well, which was about 22 feet deep and 4 feet in diameter. He was revived by an inhalator employed by the fire department and was reported in good condition Wednesday night.

Observers said the man apparently breathed fumes from a pocket of "dead" gas. Similar pockets have accumulated in numerous underground currents in this former oil well center, it was noted.

Mrs. M. M. Smith and Mr. Bill Campbell of Ponca City, Okla., and Mrs. L. O. Campbell of Burkburnett, left this week for a visit in Bakersfield and Los Angeles, California.

## Funeral Services Scheduled Today Former Burk Man

Funeral services have been scheduled for Thursday afternoon (today) 2:00 P. M. at the Owens and Brumley Funeral Home Chapel in Burkburnett for Mr. B. D. Brashear, 60, who died Monday in St. Paul's Hospital in Dallas after a three weeks illness. Rev. Rippto of Dallas will officiate and interment will be in Burkburnett Cemetery.

Mr. Brashear was born in Cole, Oklahoma, and moved to Burkburnett in 1918. In 1946 he moved to Tooleson, Arizona, where he resided until his death.

Survivors include the widow, Mrs. Beulah Brashear of Tooleson; one son, Worth Brashear of Dallas; four daughters, Mrs. Opal Benson, Hurst, Texas, Mrs. Dixie Wright and Mrs. Betty Jo Meadows, both of Dallas, and Capt. Leta of Tooleson; 7 grandchildren, 1 great-grandson; three brothers and three sisters.

Pallbearers will be L. A. Hodges, Geo. Hodges, Wyke Turpin, Tom Key, Bob Busby and W. E. Cantrell.

**Mrs. Linda Key Dies Sunday**

A resident of Burkburnett 33 years, Mrs. Linda Key, 75, died at 3:20 a. m. Sunday in a Wichita Falls hospital.

She leaves four daughters, Mrs. J. H. Thomas of Vernon, Mrs. C. W. Terry, Burkburnett, Mrs. W. M. Evans, Longview, and Mrs. A. C. Griffin, Wichita, Kans.; a son Jack Key of Burkburnett; four brothers, George Porter, Buford, Ga., Jack Porter, Okla. City, Okla., and Dave and Van Porter of South Carolina; a sister, Mrs. Nancy Holcomb, South Carolina; 11 grandchildren and five great grandchildren.

Services were held at 2:30 p. m. Tuesday from the Nazarene Church here with Rev. Fred Ferraz, pastor officiating, assisted by Rev. Roy McCoy.

Burial was in Burkburnett cemetery directed by Owens and Brumley Funeral Home here.

## Parents Responsible For Attitude of Their Children

By Mrs. R. C. Moser  
Material gathered from State and National Congress of P-T A

As parents, we should seek to understand and provide for the fundamental emotional needs of our children which include a sense of security by showing love and affection, a feeling of belonging, safety protection and careful discipline. Another important factor is to show approval and recognition of achievements, respect for privacy and integrity, space for personal possessions and self confidence.

Teaching our children responsibility is probably our greatest obstacle in rearing children, but this task can be made easier if a few simple rules are followed by teaching the child in sharing a task and enjoying the sharing, by developing self control and self discipline, perseverance to complete the task begun, wise use of time and talents, guidance in the ability of making choices.

Adults are misunderstood in many cases because they have never learned to use the proper attitude in respect for other people and acceptance of necessary standards of society. If a child is taught this proper attitude, their lives will be richer as they grow into youth and adulthood.

## NO HITS, NO RUNS, ONE ERROR

General Nathan F. Twining, Air Force Chief of Staff told reporters who met him at Washington National Airport on his return from his eight day "inspection" tour in Russia, that he still "felt the same way" about US airpower vis-a-vis Russia's.

The General said he did not want to go into detail before giving his report to President Eisenhower. But, checking his public statements of the past, it was assumed that if he "felt the same way," he still believed that the Soviets had more war planes than we, and that while they are somewhat below our quality standards, the Red designers are catching up fast.

At Gettysburg next day, however, a bewildered newsman might have wondered whether the Air Chief gave the President the Twining report or the Wilson report on his journey. At the press conference following the meeting of President Eisenhower with General Twining, and Assistant President Sherman Adams, Defense Secretary Charles E. Wilson, Admiral Radford, Chairman of the Joint Chiefs of Staff, and Air Force Secretary Donald Quarles, the General said there was no question about the US being ahead, or staying ahead in air power, although the quantity of planes is about the same on each side. The recommended Air Force program, he indicated, is just dandy. But he didn't quite know, he said, what this extra 900 million dollars that Congress insists on giving him is all about.

The General said he didn't want to say much before reporting to Congress, but admitted that his trip was disappointing from the standpoint of obtaining new information on Red air strength. They "opened the door just a little bit," he said.

Unfortunately, the Reds opened their door just enough that we feel obligated to open ours to the Soviet opposite numbers of General Twining and his staff. The feeling and perhaps the official intention, is that "we won't show them any more than they showed us." But it should not be forgotten so soon that we did not "show" the Russians the atomic bomb, nor so far as we knew did we open our door "just a little bit."

As forecast by many thoughtful citizens, the Twining hegira has turned out to be another fiasco for us, another small victory for the Reds.

GRIM and CONVINCING EVIDENCE that the Grand Canyon air disaster, perhaps the most horrible in the long history of transportation, resulted from mid-air collision of the two great ships, settles one air transport controversy for all time. Regularly scheduled airliners, flying under present regulations and controls can collide. Pilots' reports of three to four near misses a day appear to be vindicated.

Unless better control systems are devised, and enforced, the "air age" has passed its zenith.

## Your Name In The Paper

How valuable is local newspaper advertising to local business people? Here's what the American Banker magazine, a publication which represents a traditionally hard-headed profession, has to say: "No business man or woman in any town should allow a newspaper to go to press without his or her name and business being mentioned somewhere in its columns. This does not mean you should have a whole, half, or even a quarter page advertisement in each issue of the paper but your name and address should be mentioned if you do not use more than a two line space.

"A stranger picking up a newspaper should be able to tell what business is represented in a town. It's the best possible town advertiser. The man or woman who does not advertise does an injustice to himself and definitely to the town."

## RAIN MAKER

The following advertisement "WANTED—GENERAL RAIN. PLEASE RUSH. Cliff Perkins," appeared in the West Branch, Iowa Times — Herbert Hoover's birthplace on April 26th. The paper went into the mail about 8:00 in the morning. By suppertime the rain came and brought an end to an 8 month dry spell.

It is estimated this advertisement was worth millions to the residents of Cedar County and the state of Iowa. You don't have to argue with Cliff Perkins and his friends on the power of the country press.

## Chevy beats own Pikes Peak record . . . and tops all rivals including cars in every price range!

Chevrolet takes first, second and four of the top six places! Beats its own stock car record by a full minute and 16 seconds!

Running against the hottest competition in the land, Chevrolet won the Pikes Peak climb—a towering challenge open to all makes of cars.

This is unquestionable proof of Chevrolet's supreme roadability—the accuracy of Ball-Race steering, the solidity of outrigger rear springs, the traction "bite" of balanced weight distribution.

There is no greater test of a car's road safety qualities than Pikes Peak climb. Come in and drive the car that's won the "crown" twice in a row!

Last fall, Chevrolet broke the Pikes Peak record in a history-making pre-production test.

Aikin Pledges Farm-Market Road Program

A. M. AIKIN, JR

Continuance of the Farm to market road program in Texas...

"It was my privilege several years ago to be a co-author and sponsor of a bill that set aside fifteen million dollars each year to be used exclusively in the construction and maintenance of farm to market roads..."

"I sincerely feel that this has been one of the finest programs that has been adopted and I know you will agree that it has done and is doing a lot of good for our people."

The co-author of the Gilmer-Aiken laws for public schools also feels that "our counties should receive some help financially from the state on purchase of right-of-way..."

Guests in the home of Mr. W. T. Vance over the weekend were Mr. and Mrs. Osborn Duke of New York, Mr. and Mrs. Ellis McNeil of Ft. Worth and Mrs. Pettijohn of Wichita Falls.

Mr. C. C. Gilbert is reported in fair condition at Wichita General hospital after suffering a stroke while fishing on July 4th.

Notes From The County Agent

Savings of 10 percent or more in fuel bills can be made by most farm tractor operators if they give attention to proper fuel storage and fuel system adjustments, says B. T. Haws, county agent.

Marketing quotas for the 1957 wheat crop have been proclaimed and July 20 set as the date for a referendum when wheat growers will decide by ballot whether or not the quotas will be made effective.

The USDA's meat inspection service is observing its 50th birthday. The purple stamp of Federal inspection of approval has become a symbol of standards for wholesomeness in meats that provide a pattern for the entire world.

Deaths have been numerous over the state during past weeks from lightning. The Texas Farm and Ranch Safety Council offers this advice, "Why take chances when the weather is acting up! It's far better to lose a few hours of work than a life. And the life you save may be your own."

For summer treatment of peach trees borers begin treatment July 1 to 15th and make 3 spray applications at 30 day intervals. Spray the trunk with 8 pounds of 50 percent DDT or 1 pound of 25 percent lindane, or 2 pounds of 25 percent dieldrin wettable powder in 100 gallons of water. It is important that the first spray be applied not later than July 15th.

Grasshoppers are doing damage to crops in the county. To control this insect you may use either of several insecticides —

FOR SUMMER'S 'DOG DAYS'

Every dog has his day, and cotton canvas has come into its own as a fashionable fabric for the home and feminine apparel. Multi-striped awning canvas is used in this matching pants and jacket ensemble by Foster-Hoebberg. The solid-colored awning in the background shades the house from sun and lowers the temperature inside even on a summer's hottest "dog days."

dieldrin, aldrin, heptachlor or toxaphene.

There will be a wildlife meeting on the Willie Morton farm in the Friberg-Cooper community. Demonstrations on cleaning farm tanks of undesirable fish will be given. Demonstrations on protecting wildlife on the farm will be given as well as discussion on game birds, snakes and deer. This will be a meeting that you will want to attend. The meeting will be held on July 24 beginning at 9 o'clock. There will be more information given later. Mr. Edwin Cooper, Game Specialist from A & M College, will assist with the meeting.

A Tour For Every Taste

A "tour for every taste" is being offered by American Express this Summer, with special trips to be operated for art, music, history and Bible enthusiasts.

These trips are in addition to hundreds of escorted tours set up to accommodate individuals who want to visit a particular nation or area, or several of them, for a specified length of time. And the FIT (Foreign Independent Travel) department of American Express will arrange an individual tour to virtually any part of the world for any length of time.

The special, conducted tours for travelers with special interests include:

The Seventh Annual grand art tour of Europe, led by Thomas J. McCormick, Jr., of the Smith Art Department; a musical grand tour of Europe, led by Bernard Taylor, president of the National Association of Teachers of Singing; a European history tour, led by a prominent educator; and Bible Land tours, led by eminent theologians.

There is also a complete program of Catholic Pilgrimage Tours to Lourdes, Rome and other shrines of Europe, which sail on a regular basis on the Cunard Line Queens. In addition, there are special Catholic movements such as the Buffalo Diocesan Pilgrimage. Other Catholic Pilgrimages are to shrines in Canada, Mexico and South America. There are also additional special Religious groups

going to the Bible Lands, featuring meetings of inter-Church groups in Europe.

Student tours are booming this year, with both Budget and Deluxe trips attracting record attention.

Information about any of these tours or independent trips can be obtained from the nearest American Express office or by writing to American Express Travel Service, 65 Broadway, New York.

## Layers Should Not Be Fed Nicarbazine

Laying hens should not be fed rations containing nicarbazine one of the newer drugs for controlling coccidiosis in growing chicks. B. T. Haws, county agent says recent tests conducted at Texas A&M College bear out the manufacturers recommendations on the use of drug.

When laying hens were fed the drug at a level of .025 percent in their ration, those normally laying brown shelled eggs in 72 to 96 hours were producing white or near white eggs. Too, egg size decreased as much as 25 percent after a few days. But more important, points out Haws the interior quality of the eggs was affected. Severe yolk mottling and occasionally yolk seepage into the egg white resulted from feeding the drug. Mottled yolks are hard to detect by candling but are very objectionable to consumers and egg sales may suffer.

Continued feeding of rations containing the drug will cause a decline in egg production and eventually hens stop laying. Several days after the drug is removed from the ration, egg production may be resumed and shell color returns to normal. Egg size again increases until normal is reached and yolk mottling gradually disappears.

Haws points out that the recommended feeding level for nicarbazine for controlling coccidiosis in growing birds is .0125 percent of the ration. The maker of the drug specifically recommends that the drug not be fed to laying hens. However, Haws says reports have been received that laying hens were getting the drug.

He cautions laying flock owners against feeding hens rations containing the coccidiosis and feed companies to thoroughly clean their mixers after mixing rations containing nicarbazine before mixing rations for laying hens.

## News From The County Agent and HD Agent

Planning a family trip?—If so, Thelma Wirges, County Home Demonstration agent, suggests you put aside the road maps and travel folders long enough to place valuable household papers in order.

Loss of a valuable paper from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, families records of birth, marriage, citizenship, military service, deeds, leases, promissory notes and other documents.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up to date. One copy can be placed in the bank box and the other kept at home. You will be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

If you carry travelers' checks, don't forget to make one or more lists of check numbers to be carried separately from the checks.

Mr. and Mrs. Clinton Swinford enrolled as a Farm and Home Development Family this past week. The Swinford family began by filling in the Farm and Home Planning booklet. This is the list of things they would like to accomplish.

A group of 18, men, women, boys and girls met with the county extension agents this past week to work on the Wichita County Building Committee. This group evaluated work done by the Wichita County Extension Service group in 1956 and made suggestions for the future. The officers of this committee, Mr. Willie Morton, Mrs. L. L. McHugh and Mrs. Mary Eckelcamp, with the help of the county extension agents, will meet and select the things to be worked on in 1957.

Soil Bank Acreage Reserve agreements are now available for signature in county ASC offices.

Farmers producing crops which come under the new program have until July 20th to sign an agreement.

Farmers may obtain details on how the new Soil Bank program will work from any county ASC office or from an ASC committee man or county agent. Time is an important factor now. Acreage reserve agreements must be signed before July 20th.

Accidents are never cheap and that's why safety pays always. Farm accidents in the U. S. each year cause economic losses of one and a half billion dollars to say nothing of 140,000 accidental deaths and more than a million injuries. The week of July 22-28 has been proclaimed by President Eisenhower as National Farm Safety Week. The Texas Farm and Ranch Safety council urges every Texan, especially those living in rural areas, to join with their neighbors in conducting community and county-wide safety programs. The life saved could be your own.

Bagworms are doing lots of damage to arbor vitae. If you have bagworms you may dust with 10 percent chlordane, 10 percent toxaphene or spray with chlordane, lead arsenate or toxaphene. No chemical control when worms are full grown. Hand pick and burn bags, as the winter is passed in egg state within bag.

FRIDAY and SATURDAY AT PALACE THEATRE

4-H Dress Revue Set for August 9th In Wichita Falls

The annual Wichita County dress revue has been set officially for August 9th at 2 p. m. in the YWCA at Wichita Falls.

Mrs. Nellie Cobb and the county committee met last Wednesday to make plans for the annual affair. Winner of the county will represent Wichita County in the district 3 contest and these three winners will qualify for the state revue to be held during the Texas State Fair in October.

Last years county winner, Charlotte Simons of Burkburnett also won district and was the first girl from Wichita County to ever take part in the state contest. The state winner will win an expense paid trip to the national 4-H Congress at Chicago.

Miss Karan Prechel, a member of the Burk 4-H club, has been selected as narrator for the review and along with Mrs. E. N. Cook will be in charge of decorations.

Miss Charlotte Simons also of Burk club is chairman of publicity and has charge of the most important phase of the revue, the awards to be presented to all the contestants and the county winner.

Girls of the Burkburnett clubs are taking a sewing course this week at the high school building, given by Mrs. Nellie Cobb, assistant county home agent. The girls will enter the garments they make in the annual revue. There are two age groups, the 9-14 group and the 14 and above. Only the older group can enter district competition which will be held later in Wichita Falls.

On August 8th the girls will model their dresses for the judges and submit their clothing records. The following day the girls will model for the public and the winners will be announced. Everyone is invited to attend the public revue to be held on August 9th at the YWCA.

Local adult 4-H leaders are Mrs. E. J. Simons and Mrs. O. W. Prechel, both the the Clara community.

### Eastern Stars Met July 10th for Regular Meeting

Burkburnett chapter No. 655 order of the Eastern Star met in regular stated meeting July 10th 8:00 p. m. in the Masonic hall.

Ethel Wofford worthy matron and George Benton, worthy patron in the east in charge, the meeting opened with officers drill. Chapter was called to order and opened in ritual form. Sixteen officers were present.

Presentation of the flag by the marshal, Bertha Skidmore. Pledge allegiance was led by George Benton worthy patron.

A welcome was extended to all present from the worthy matron. One visitor, Mrs. Betty Hasty, Electa, 1 Hamilton Bermuda and 6 past matrons and 4 past patrons of Burk chapter were introduced and given a welcome.

Regular business was presented and dispensed of. Initiatory work was conferred upon W. R. and Gladys Carswell. Besides the regular officers, Bro. Henry Ferguson, Mesdames Elsie Crowley and Emily Houser, took part in the initiation.

Under the good of the order several expressed their thoughts as being a good and impressive meeting. A welcome is awaiting you at the star meetings on the second and fourth Tuesday nights at 8:00 p. m. Worthy Matron and patron extend an invitation to all Eastern Stars.

Chapter closed in regular form with officers drill.

Colorful and tasty refreshments of home made cakes and golden punch were served to 38 members and guests by Mesdames Telen Turner, Opal Parrack and Bessie Scruggs.

### L. E. Brooks Speaks To Lions Installs Officers

L. E. Brooks, Iowa Park, District Governor of Lions, spoke to the local club Tuesday night. He gave some of his impressions of the International convention in Miami, Florida, held recently. Lion Brooks said the most impressive phase of the gathering was its international atmosphere. Clubs from 75 countries and regions were present.

Brooks later installed officers for the year 1956-57, in a very quiet, dignified manner.

Leo Evans had as his guest his son.

James Kelley was the guest of his father, J. Frank Kelley.

ALL TEXAS" Navy recruit companies 210 and 215 pass in review during recruit graduation exercises at the Naval Training Center, San Diego, Calif. The graduation exercises, which marked the end of the weeks of "Boot" training for the Texans, included a full dress parade and review before military officials and civilian dignitaries.

Brogdon for Representative Dist., Place 1

(better known to his friends as "Cliff") Brogdon, 35 years old and raised in Belton County, Ark., has been in agriculture his life. At present he is engaged in farming and stock raising in three different counties in Texas. One in Bosque County, and one in River County. He has been in the Electra-Texas community for five years and is a member of the school board for the Electra public school district. For 4 years prior to that he was a member of the Beaver school board, indicating his interest in the education of his state and community.

Clubs Held Standing County Recently

Wichita County 4-H Clubs held their annual county-wide convention at the 4-H center in Falls. As leaders this year were county agents, Mr. B. Truett Hennig, county agents, Miss Thelma and Mrs. Nellie Cobb, Mrs. Mary Eckelcamp, Mrs. and members of the club who attended the convention. The formal dinner was led by Frank Olen, chairman. Olen presented the colors. The motto was then read.

Swimming party held at the pool. Each member enjoyed a back lunch which he took home.

The group was held before the afternoon session began. Alden Smith, chairman of the 4-H club, was in charge of the singing. The groups were organized into work-teams which lasted all afternoon. Mrs. Simons and Karan of the Burk 4-H club were assistant leaders in the Farm course led by Mrs. Eckelcamp.

The evening, which consisted of square dancing, was in the direction of Mrs. Mary Eckelcamp. Alden Smith served as director of recreation. After returning from dinner where he took a group recreation.

Karan and Alden were the adult leaders in helping the younger members make their reed and letter holders. A letter holder supper was given each family bringing and spreading it before the group.

Entertainment in the form of a movie presented by the Electric Service Co. and dancing led by a professional band.

A long camp ended at the camp given by Alden, Charlotte Simons and Stewart of Wichita Falls. Plans were planned by the group and presented in a spirit of success as over one hundred clubbers and many parents and friends attended the day-long county camp.

Clara Community Took Part Recently In County Picnic

Members of Clara-Fairview community attended the county-wide award picnic held last Wednesday evening at the Valley Farm community center.

The food was brought and served by the women from the three communities in Wichita County and was enjoyed by everyone present. Cold drinks were sold by the county council which was under the direction of Truett Hennig, assistant county agent.

Mr. Willie Morton served as master of ceremonies for the evening events which included talk from the various clubs.

Mr. Morton presented Mr. Sam Whitlow, editor of the Farmer Stockman magazine who spoke on the good the rural communities were doing for Texas and then presented the awards won in last year's contest. Mrs. Newt Crane, president of the Clara-Fairview community was presented a check for \$50.00 and an award of merit for the club winning 4th place in district 3.

Mrs. Mary Eckelcamp, representing the Wichita County Farm Bureau, then presented certificates of award to the winning communities. Mrs. Crane again received the award for the Fairview-Clara community. City View and Friberg-Cooper also placed in this year's contest.

Mr. Whitlow also took several pictures for the magazine. Charlotte Simmons, Karan Prechel and Alden Smith, being outstanding and representative 4-H members, were chosen to pose for several shots.

Attending from Clara-Fairview were Messrs and Mesdames Arnold Holtzen, Newt Crane and daughter, O. W. Prechel and Karan, E. J. Simons and daughters Patricia and Charlotte, Mrs. Mary Blauer and Alden Smith.

Earl Rudder Lends Prestige As State Land Commissioner

Earl Rudder, who has served as Land Commissioner since January 5, 1955, is seeking his first elective term in that office. Rudder's platform stresses two points: (1) Under his administration public confidence in the Veterans' Land Program has been restored; (2) The General Land Office is now operating under new and unprecedented efficiency.

Rudder took office shortly after veterans' land scandals first shocked the state.

Charles Glynn, Bennie Lynn and Tommie Garrett of Snyder spent last week here with their grandparents, Mr. and Mrs. Floyd Thompson. The boys' parents, Mr. and Mrs. Levi Garrett came after them Monday.

Mr. and Mrs. John Rankin attended a family reunion at Lake Lagart in the Quartz Mountains Sunday.

THE GOVERNOR'S CAMPAIGN From the Beaumont Enterprise, Tuesday, July 10, 1956

The race for governor of Texas can be quickly reduced to its basic essentials. There are six candidates on the ballot. Only three of them, for quite obvious reasons, will garner enough votes to warrant practical consideration.

This analysis casts no discredit on the remaining three, some of whose principles merit commendation. They are Reuben Senterfitt of San Saba, the former House speaker whose acquaintance throughout the state is limited; J. Evetts Haley of Canyon, who should be credited also with publicly espoused issues conscientiously but whose status is similar to that of the ex-speaker; and J. J. Holmes of Austin, who is running a second time for reasons best known to himself but understandable to few others.

The top runners, for equally obvious reasons, are PRICE DANIEL of Liberty, Ralph Yarborough of Austin and W. Lee O'Daniel of Dallas.

Casting up their comparative qualifications, the citizen interested in helping to elect the man best qualified to administer the executive affairs of the state has no difficult choice to make. Contrariwise, the voter who elects to pursue purely selfish interest or chase phantom "issues" has wide opportunity to climb on a merry-go-round of false charges, innuendoes and bunkum.

Represented in the candidacy of Price Daniel is a record of positive service to his state and nation. As state representative and speaker of the House, as attorney general and as United States senator he has worked intelligently, forcefully and successfully in the discharge of his duties. That his record warrants confidence is undoubted and unchallenged by any responsible citizen.

The Daniel record of efficient service is too lengthy to bear reciting in detail here. But his most recent activity, as a junior member of the United States Senate, in successfully carrying the fight for Texas' tidelands and other states' rights—not to mention his bills to curb the iniquitous dope traffic—should bring a surge of pride into the breasts of all Texans. Independence in thought and action from control or dictation by any source—state or national—is a hallmark of his political life.

Diametrically opposing Daniel and his record stands Ralph Yarborough. The Austin lawyer has made his plea three times to be entrusted with state office, and three times the Texas voters have turned him down. He has repeatedly asked for high office on a record of service based on a period of tenure as district judge, as an assistant attorney general and as a member of the Colorado River Authority board. Not one hour as a legislator or as an administrator has he tendered the people of Texas to back up his ambition to be thus honored. And now he comes before Texas with his fourth petition.

Why, it may reasonably be asked, does he do it? The answer is more cogent than that which might be supplied by Mr. Holmes, the second-time runner, or that might have been given by other perennials whose efforts have speckled the pages of political history. Yarborough, by his backing from state and national minority factions potent in politics, and by the energy of his ambition, is assured a sizeable vote. He has received in his two previous attempts to be elected governor the redoubtable support of certain labor leaders, the National Association for the Advancement of Colored People, and others whose special political interests meld them beneath the claimed label of "liberals".

Thus is summed up the political ambition, the political service record and the political support of Ralph Yarborough.

We come to W. Lee O'Daniel. The colorful "Pass the Biscuits, Pappy" didn't even own a poll tax when he suddenly announced, ran and was elected governor in 1938. He was a flour salesman and proved he was a political salesman too. What he knows about government he learned, in toto, as a high elective officer. The O'Daniel record as governor, flecked through with faults and balks as it was, should not be called altogether a failure. Pappy had his moments, and his advocacy of pay-as-you-go government and the limiting of labor activity to within the law was to his credit.

O'Daniel escaped to Washington. His ineptitude in the executive branch was hardly in the class of the stalemate he placed himself in, in the United States Senate. Draw the curtain tolerantly on this last period of representation by W. Lee O'Daniel.

Why is Pappy running again? When he started out, it was difficult to determine whether he was selling insurance or felt the urge that has never quit throbbing since the political bug first bit him. His campaign has been somewhat more forceful. He can still mount a red fire-truck, pass the collection plate and harangue an audience willing to be entertained by scatterbarrel, unworthy charges against any and all present and former public office holders—himself excepted.

But there the "charm" ends. And how do he and his record stack up against that of our Liberty neighbor—the candidate without the O-apostrophe in front of his name? The answer here, too, is obvious.

THEY WOULD READ YOUR AD TOO, IF IT APPEARED HERE

Nat'l. Observance Farm Safety Week Set for July 22-28

"It Pays to Be Safe" By Alden Smith

This week from July 22-28 has been declared as National Farm Safety Week in the United States by President Eisenhower and leaders of the nations large farm organizations. As 4-H members, many of us set as our goal some type of safety and we feel it our goal to awaken rural America to the desperate need of more farm safety.

Each year more farm people die of neglect and carelessness on the farm than they do on the nations highways.

During this week we should have a specific goal for each day. On Sunday, we should have reverence for life. We should do our best to banish fatigue and the tenor of routine living. Realize on Sunday that haste makes waste.

Let us dedicate Monday to Home Safety. Let us have a place for everything and keep it in its place. Eliminate the many hazards as you find them.

Tuesday should be designated as livestock day on the farm. A wise farmer listens to safety lessons brought home by his children. Keep children away from animals and check and repair livestock equipment.

On Wednesday the avoidance of falls is the order of the day. Good planning means more production and fewer accidents. Repair unsafe ladders.

Highway traffic which concerns all people rural or urban, should occupy our thoughts on Thursday. Know and obey all traffic laws. Follow safe practices. Remove trees and shrubs near farm driveway entrance.

Check machinery on Friday. Make sure all farm equipment is in safe operating condition. Be sure to have all guards in place. Stop machines before doing any work or repairs.

On the last day of the week, Saturday, have a general review day. Check again for any hazards you might have missed. Set as your goal to find at least two additional unsafe conditions around your farm.

It is up to you to help the 4-H club make Wichita County and Texas a better place to live by using safety in our every day living on the farm.

Mr. George Parker has returned home from a visit in Ballinger, Texas, with his daughter, Mr. and Mrs. A. L. Browning and children.

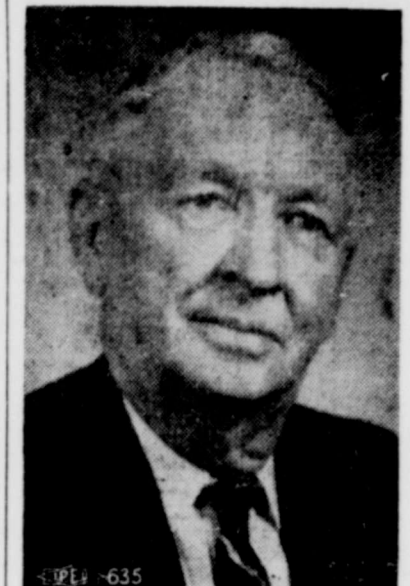

NOTICE

Mr. and Mrs. Truett Majors and children of Corpus Christi are visiting Mrs. J. D. Majors this week.

Formal Statement O. C. 'Red' Christie For Representative

O. C. (Red) Christie, Wichita Falls Insurance man, issued a formal statement Saturday on his candidacy for state Representative from District 81, Place 2, embracing Wichita County.

The Statement follows: I am for the average person. You do not need to worry about Big business. They will take care of themselves.

"The Citizens I am interested in are the working men and women who are trying to make a living and pay for a home and raise a family and educate them in a decent school staffed by instructors that are paid decent salaries with a retirement plan, something worth while to look forward to.

Mr. and Mrs. Ben Cox of Donna, Texas, Mrs. Carey Cox of North Uvalde, Texas, and Mrs. E. C. True of California, are visiting their nephew and nieces, Mr. and Mrs. J. E. Gentry, Mr. and Mrs. J. P. Morgan and Mr. and Mrs. G. J. Boydston, here this week.

## Earl Rudder Lends Prestige As Land Commissioner

Earl Rudder, who has served as Land Commissioner since January 5, 1955, is seeking his first elective term in that office. Rudder's platform stresses two points: (1) Under his administration public confidence in the Veterans' Land Program has been restored; (2) The General Land Office is now operating under new and unprecedented efficient and unprecedented efficiency.

Rudder took office shortly after veterans' land scandals first shocked the state. He is a veteran himself, one of the country's greatest heroes of World War II. As a Ranger commander, Rudder on D-Day personally led his troops up the 100 foot-high cliffs of Normandy to destroy a German coastal battery. He was shot twice, but accomplished his mission.

General Omar N. Bradley, commander of U. S. Ground Forces in Europe, recently wrote in his memoirs that the D-Day assignment he gave Rudder was the most difficult he had ever given any soldier in his entire military career.

Rudder was decorated for bravery in action seven times for three governments, the United States, France and Belgium.

Rudder, the only veteran in the race for Land Commissioner, has been commended for his work in the Land Office by the American Legion and the VFW.

Rudder's first act on assuming office was a wholesale cleanup of the veterans' land program. Not a single whisper of scandal in that program has been heard since. With legislative help, the program has been decentralized, a County Committee must now screen the veterans' transactions before they may be submitted to the Veterans' Land Board, which Rudder heads. This control at the county level has greatly speeded up the cleanup, says Rudder.

Rudder was born at Eden, in West Texas. He attended John Tarleton and Texas A&M. He is 46 years old, married and the father of five children.

## Campaign of Price Daniel Is Family Affair

When U. S. Senator Price Daniel campaigns for Governor, it's a family affair. Daniel's wife, four children, sister and brother are all playing an active role in his campaign for the Democratic nomination for Governor.

Mrs. Daniel, the former Jean Baldwin of Houston, is the great-grand daughter of General Sam Houston, so her Texas political heritage runs a long way back. She has been helping her husband campaign since they were married on June 28, 1940, when he was in the midst of a race for re-election to the Texas House of Representatives.

This summer she has been with the Senator on many of his campaign tours and on some occasions has had their four children along to meet the people and help pass out literature. The oldest son, Price, Jr., 15, has an eye on political future himself. The other Daniel children are Jean 13, Houston Lee, 10, and John Baldwin, 8.

The Senator's sister, Ellen Daniel is a volunteer worker at State Campaign headquarters in Austin. She has also traveled with the family.

Their brother, former State Rep. Bill Daniel of Liberty, is chairman of the Senator's state-wide Speakers' bureau and has made scores of speeches and personal appearance in behalf of Price Daniel's candidacy.

## Notes from HD Agent

Do you reach for something cold to drink on these hot summer afternoons? Frosty cold milk is your best choice, both flavor-wise and nutrition-wise, according to Thelma Wirges, Extension Food and nutrition specialist. Be sure it's cold, but don't dilute it with ice cubes. Use cold glasses.

A glass of milk is refreshing anytime during the day. It serves as a quick pick-up for young or old.

Milk is not fattening. An 8 ounce glass of whole milk has only 166 calories. This is just a small percentage of the 2,300 needed daily by the average woman. Skim milk has even fewer calories.

It's high in other food values, so that each calorie is packed with nutrition. An 8 ounce glass of milk provides one-third of the calcium you need daily. Calcium is the mineral that keeps bones hard, and it helps muscles working better, too. More than one fourth of the riboflavin (that's vitamin B2) needed each day is in that glass of milk, plus

high quality protein, minerals and vitamins in good quantity. Start now to form the milk-drinking habit. Plain or dressed with ice cream, fresh crushed fruit or syrup, milk offers lots of food value.

The Friberg-Cooper, City View and Clara-Fairview communities in Wichita County, received cash awards for outstanding community improvements. These awards were presented by Farmer-Stockman Magazine, at a county picnic

Mrs. E. A. Moore, Family Economics Demonstrator, has completed her year's work. Mrs. Moore has organized a reference file, is keeping expense records and has given demonstrations to her local club. Mrs. Moore would advise all families to organize their business practices into a more efficient family and business affair.

### Joe Janeke Is Mgr. For Tom Moore

Joe Janeke, Burkburnett attorney has been appointed Wichita County campaign manager for Attorney General candidate Tom Moore.

"I have been a friend of Tom Moore for many years and know that he is the best man to become Attorney General of Texas," Mr. Janeke said.

"As the investigator of the U. S. Trust and Guaranty Insurance Co. fraud, he has proven that he will fight corruption at all levels of government and that he will represent the people of Texas and not selfish interest groups."

Headquarters will be located at 208 East Third Street here.

Stealing a kiss is both petty larceny and grand.

### National Farm Safety Week Is July 22-28

Accidents are never cheap. Farm accidents in the U. S. every year claim the lives of about 14,000 farm people; injure more than a million and cause economic losses of \$1,500,000. Last year points out B. T. Haws, county agent, more farm workers died by accident than workers of any major industry.

These staggering losses, he adds, are the reason why President Eisenhower has proclaimed the week of July 22-28 as National Farm Safety Week and is requesting all persons and organizations interested in the welfare of farm people to join in a campaign to reduce all farm accidents.

The President said that in nearly every accident human failure is associated with the tragic loss of life and that experience in industry has proved accident prevention measures always pay.

Haws pointed out that specific studies in other states show that as high as 86 percent of all farm accidents involve tractors and tractor equipment. This might be a might good place to start a safety program on most farms, says Haws.

"You wouldn't think of selling a good right hand or arm, an eye or a leg, but many have lost their precious possessions by simply sticking them into a moving or operating machine, by stumbling over an unshielded power take off or by getting an eye knocked out by flying dust or debris from an operating machine being checked at too close range. Think about these needed body parts and your life when working with machinery and you will develop a consciousness about safety you never had before," says Haws.

When every farm worker develops this type of attitude toward safety, farm accidents will drop to a new level and farm living will become more pleasant and satisfying as a result. Your safety is in your hands.

### John C. White Plans New Legislation

New legislation to provide greater protection for the Texas farm industry is being planned by Agriculture Commissioner John C. White.

Commissioner White is conducting a series of conferences with farmers and agricultural industry men over the state, mapping out proposals for submission to the Texas Legislature next year.

"My purpose is to let the farmers set up their own future goals and outline their needs," White said. "The Department of Agriculture will inaugurate programs on a self supporting basis eliminating the need for additional tax money from the state."

A major part of Commissioner White's departmental expenses are self provided by fees for services rendered.

This is the only practical way to adequately cover the increased demand for new services to agriculture in the state," said White.

The Commissioner, who is seeking re-election to the top agricultural job in Texas, pointed out that activities of his department have been expanded 400 percent since he first took office five years ago. Yet by putting the costs on a self supporting plan, the burden of expense is kept from the shoulders of the taxpayers.

"My major concern is to improve our farmers' and ranchmen's economic outlook in these critical drought years," White added. "Our farm industry must have every opportunity to help itself pull out of the current slump."

### Card of Thanks

I wish to express my sincere thanks to the kind people who assisted me last week when I was involved in a car accident. I especially thank Mrs. Edith Guest, Coach Jack Robertson and Dr. J. A. Davey for their special attention.

### FLOWER FRESH

Fresh as a flower, this cool cotton print frock is fashioned for sultry days. It's designed in Waverly Glosheen with short, cap sleeves and a scoop neckline.

### Card Of Thanks

I would like to take this means of expressing my appreciation to friends and neighbors for their many kindnesses during the illness and death of my husband. The loving care of Dr. Carpenter was especially appreciated and the cards, flowers, food, prayers and sweet words of comfort will be long remembered.

### Sports Afield

Want to improve your hunting and fishing for less than a buck? It's easy. The next time you pack your sporting gear, throw in an extra pair of socks. The next time you're out in a stream or tramping after peaseants, change your socks after lunch. It doesn't make any difference whether your feet are dry or wet, cold or hot; fresh socks will feel good. They'll make the miles feel shorter, rocks less slippery. Your casting will improve. Your aim will be straighter.

Dr. Paul H. Fluck, writing in Sports Afield magazine says: "I can prove the importance of feet to a hunter or angler. Stand up. Go through the motions of hooking a fish. Make believe you're firing a gun. Feel your toes work in your shoes? Normally your feet move an inch or two to brace you. Shooting and fishing are largely reflex sports in which feet play an important part. When your feet are waterlogged, or your toes are stiff and cold, the whole delicate reflex mechanism goes haywire. Your timing is off."

In spite of the fact that 65 men out of every 100 have some kind of trouble with their feet, most sportsmen take a "grin and bear it" attitude toward the problem. Which is mighty foolish, since a few precautions would save them needless pain and discomfort. Here is what Dr. Fluck recommends:

1. Cut your toenails straight across.
2. Use a good foot powder in your shoes and socks.
3. Dump the water out of your boots or waders immediately when you overstep.
4. Rest your legs and feet, with your feet propped up, once or twice a day.
5. Buy shoes that really fit

your feet.

6. Use a shoehorn to put on new shoes.

7. Change your socks at least once a day, or whenever they are damp.

8. Consult professional attention for your feet, even for corns callouses and ingrown nails.

9. Remove briars, stones and wrinkles in your socks immediately.

10. Discard worn out socks and boots promptly.

Mrs. J. W. Keller plans to leave Friday to spend the weekend in Ft. Worth with relatives.

## Billy Turnbow Hurling No Hitter For Burk Baptists

Billy Joe Turnbow turned in a magnificent pitching job for the Burk Burnett First Baptist church softball team Monday night in pitching them to a no hit, no run victory over the First Primitive Baptist church of Wichita Falls. This was the opening game of the church league cham- pionship playoff for the Baptists who finished second in regular season play. The 2 to 0 victory moved Burk into the second round of the double elimination tourney.

Although his mates have had defensive trouble at home most of the year, they were nearly airtight Monday night. A home field jinx has seemed to grip them for several weeks but their luck has been good away from home. Richard Gilbert turned in several fielding gems as he caught foul pop flies and hand- led as many grounders without an error. Turnbow struck out four opposing batters and gave up only three bases on balls.

Although four hits and two runs were all his mates could muster, they were enough. Doyce Walker delivered the first run with a two out, two on, line shot to center. This was the only run needed, but a squeeze bunt by Randall Hudson in the fifth plat- ed another.

Thursday night at 7:00 p. m. on the Hamilton Park south dia- mond, Burk will attempt to stif- fle the big guns of the league leading Hillcrest Baptist team. Only once in five outings have they been able to do so. Jack Gore is expected starting pitcher but don't count Turnbow out. He'll be ready and more than willing. Follow the team and give some rousing support and look for a surprise.

## It's The Law IN TEXAS

### NO WILL? STATE LAWS WILL NAME YOUR HEIRS

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children or your wife's relatives? The bet- way you can say who will have it is to provide a will which will protect your rightful beneficia- ries and dispose of your property in accordance with your wishes.

When a deceased has no will, or dies "intestate" as the law calls it, the property of that per- son is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it—but in many cases it is not.

The provisions of the law concern- ing the distribution of the prop- erty of a person who dies without a will are rather com- plicated and all of the possibili- ties cannot be covered by a gen- eral statement.

There are different rules for real estate and for personal prop- erty for community property and for separate property, for homestead property and for all of the many possible combina- tions of surviving relatives. Each situation must be carefully stud- ied to determine the correct dis- tribution of the property.

For example, here is a general idea of how the community prop- erty which you and your spouse have accumulated will be divid- ed if you do not make a will prior to your death.

If your husband or wife sur- vives and there are no children, the surviving spouse receives all of the property.

If, in addition, there are sur-

viving children or descendants of deceased children, they should divide one-half of the property, while the surviving spouse would receive the other half.

Of course, grandchildren do not share in the estate unless their parent who would inherit is de- ceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children, their descendants surviving, they divide the entire community estate between them.

(This column, based on Tex- law, is written to inform, not to advise. No person should ever apply or interpret any law with- out the aid of an attorney who knows the facts because the facts may change the applica- tion of the law.)

## Crashing Las Vegas With Mary Castle Palace Fri. and Sat.

Blonde Mary Castle, one of the most beautiful girls on the screen today, has the feminine lead opposite Leo Gorcey and Huntz Hall in "Crashing Las Vegas", latest in the Bowery Boys comedy series, showing Friday and Saturday at the local Palace Theatre.

The boys win the trip to the Nevada resort as top prize on a TV giveaway show. Because Hall, as Sach, has suddenly developed an occult power that enables him to call winning numbers before they show up, they are well on their way to a fortune at roulette before Miss Castle and a trio of crooks take over.

## IS THERE GOLD IN YOUR CELLAR?

Yes, and in Your Attic Too! Turn Those Things You Don't Want Into Money with a Want Ad

T. Guy Willis, High Inspector of Wichita County and Mr. and Mrs. O. B. Wofford visited Mrs. Nora Jordan in Graham Sunday July 15th. On returning home, they called on Mr. and Mrs. M. L. (Boss) Smith and daughter who were holding open house at their home in Jacksboro. After being escorted through the house, which was beautiful indeed, they were served delicious refreshments and greeted by a number of old friends whom they had not seen for several years. Among them were D. O. Smith, brother of Boss; Frank Wolf, better known as Wiley Wolf, owner of Wolf Feed Co. Wichita Falls; Harry Parker, retired rancher of Iowa Park; Mr. and Mrs. Whitaker, Iowa Park and numerous other friends. T. Guy said he was only sorry that he could not place the brand "perfect" on this beautiful home.

Mr. and Mrs. Louis Littlefair of Gainesville, Tex., were Burkburnett visitors this week. They were enroute home after a vacation in Virginia and several eastern states.

Mr. and Mrs. Bill Ooten and children and Mr. and Mrs. Otis Stegall have returned home from a very enjoyable vacation in Red River, New Mexico.

Mr. and Mrs. Bill Milam plan to leave Monday for Austin, Texas, where they will visit his brother and family. Bill also plans to do a little fishing while there.

Mr. and Mrs. Albert Lemme and son Freddy of Borger, Texas, visited her mother, Mrs. W. J. Wright and Judson, Sunday night and Monday.

## Harry Joiner For State Representative, District 81, Place 2

Harry Joiner, Wichita Falls refinery employee, seeking the Democratic nomination as State Representative District 81, Place 2 is well known to many Burkburnett residents.

Joiner, 41, is seeking the post now held by J. B. Walling, who has announced for re-election. Joiner was raised on a farm south of Arlington in Tarrant County. He finished High School in Arlington and attended Texas University four years. Married to the former Willie Etta Alexander, daughter of Mr. and Mrs. W. O. Alexander, former Burkburnett residents, the couple have three sons aged 13, 11 and 3.

Joiner worked his way thru school ushering in theatres in Austin and came to Wichita Falls in 1938 as assistant manager of the State Theatre. He was an insurance agent with American National Insurance Company and in this capacity was familiar to many Burkburnett residents. In 1951 Joiner went with Panhandle Oil Corp., and is currently employed in the Wichita Falls Refinery as a Tester.

A lifelong loyal Democrat, Joiner has been interested in Party Politics for several years but has never sought or held office before. He has pledged to seek to increase teachers pay and improve schools; to work for the regulation of lobbyists and to return to Wichita County several times while the legislature is in recess so that the people of Wichita County can consult with and advise him of their feeling relative to current or pending legislation.

## "Creature" Picture Is Third in Series Palace Wed.-Thurs.

"The Creature Walks Among Us", science-fiction picture which opens Wednesday-Thursday at the Palace Theatre, is the third in the series based by U-I on the fabulous Gill Man. Its predecessors were "The Creature from the Black Lagoon" and "The Revenge of the Creature". It was obviously the great success of these two pictures which caused the studio to produce a second sequel, and if the demand remains as high as it has been, it's quite likely that U-I will produce a fourth feature in this series.

The stars of the new picture are Jeff Morrow, Rex Reason and Leigh Snowden.

## B. A. Dorlands Honored Fri. With Housewarming Party

Mr. and Mrs. B. A. Dorland, Sr., were pleasantly surprised last Friday night when friends called at their home and honored them with a housewarming party. Those present were Mrs. A. G. Ramming, Mrs. Norma Marten, Mr. and Mrs. B. A. Dorland, Jr., and daughter of Wichita Falls, Mr. and Mrs. Arnold Holtzen, Mr. and Mrs. Manze Butts, Mrs. Tom Shaw and Barbara, Mrs. A. A. Evert of Burk., Mrs. Gladys Waters of Borger, Mrs. F. M. Engles and Bobby of Oklahoma City and the hostesses Miss Irma Keisling and Mrs. Mae Simpson. Those sending gifts but unable to attend were Mrs. Clark, Mrs. Hudgens, Mr. and Mrs. Chester Todd, Mr. and Mrs. Rufus Redman, Mr. and Mrs. Floyd Landers, Mr. and Mrs. Keith McElwain and the Ladies Aid Society of Clara.
