BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, AUGUST 16, 1956

NUMBER 5

According to a University of Pennsylvania survey, 71 percent of married people say they are happy, and 14 percent say they are miserable. The rest, apparently, can't tell the difference.

Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall Everybody Invited Each Pays for His Meal

NO. 50

WATER EMERGENCY

Watering, Car Washing Prohibited Until Further Notice

At a called meeting Wednesday, August 16th, City Councilmen voted unanimously to declare a water emergency and put in effect immediately the Ordinance giving Council authority to regulate water use.

Due to the condition of our water supply, it has been expedient by the City Council to stop all lawn watering and car washing until such time as the situation is improved.

It was hoped that the past schedule would suffice, but at present time our elevated tank was empty at noon and a fire there would not be sufficient water to fight, and also, some of the areas are completely out of water for household use for several hours.

The Council is studying the plan of a 16 inch main pump station to town. Water has been in storage tanks at the pump station, but the small line will not carry water to town fast enough.

Notice to Builders and Home Owners

At the present time it will be necessary for a building permit to be issued on a new building for any major improvement on an existing building, including another room or

anyone moving a building along the streets or within the City limits must secure a permit to do so. Ordinance No. 188 may be obtained at the City Office.

YOUTH Week

Last week the Young Men's Christian Association held a Youth Week.

The week climaxed with a picnic supper, a social feast, a sing song party by Bill Kolter, John M. Rev. Felix Kindel and Minora of Japan. Billy served as song leader and Betty provided the music for the meetings.

Only boss who ever got work done by Friday was Mr. Cruzoe.

CIVIL DEFENSE

If there should be an atomic attack on the United States, the civilian population would probably be hit simultaneously.

Our survival will depend on the ability of our citizens to recover as rapidly as possible after the blow.

In most States civil defense forces have the national duty of combating natural disasters and frequently have acquired some practical experience.

Whether an area has been devastated by a tornado or a nuclear bomb, it presents similar urgent problems. Much of what you need to know and the things you need are the same. For combating the effects of a nuclear bomb more trained people are needed. That's why we are trying to organize a civil defense unit here in Burkburnett—to get that training.

The individual citizen is the basic unit in civil defense. The basic operation is individual self protection. This consists of learning how to take certain protective measures.

Civil Defense calls for Auxiliary Police, Fire Fighters, Rescue and First Aid Teams, Engineering and Warden Service and other related functions.

Resolution Of Gratitude and Thanks

At a regular meeting of the Board of Commissioners of the City of Burkburnett, Texas, the following resolution was introduced by Commissioner R. P. Reagan, and seconded by Commissioner J. F. Kelley.

"WHEREAS, The Commissioners of the City of Burkburnett, Texas wish to express their gratitude to the various individuals, civic clubs, study clubs, garden clubs and business men of the City of Burkburnett for the worthwhile project they set about and accomplished in renovating the Town Hall.

WHEREAS, so many persons gave unselfishly of their time, work and labor, of their employees' time, their money and their materials.

WHEREAS, a new ceiling, a complete painting of the interior, a complete cleaning of the stage curtains, a refinishing of the floors, a re-modeling of the furniture, new drapes, and other accomplishments were added to the Town Hall.

WHEREAS, everyone concerned vigorously demonstrated a true civic pride in the project; now therefore, be it

RESOLVED, That the Board of Commissioners of the City of Burkburnett, on behalf of the people of Burkburnett, Texas, commend hereby all persons and clubs contributing for their leadership, efforts, and contributions in this most unique and worthwhile endeavor and express its gratitude to those who have given so much of themselves, their talent, means and inspiration in the cause of a "Better Burkburnett."

Passed and Approved at a regular meeting of the Board of Commissioners of the City of Burkburnett, Texas, on this the 13th day of August, A. D. 1956:

ATTEST:
A. W. NEWMAN, City Secretary.
H. D. SMITH, Mayor.

Civil Defense Meeting Set for Friday Night at the Legion Hall

Friday night, Aug. 17th at the American Legion Hall in Burkburnett, there will be an important meeting for the purpose of organizing a Civil Defense Unit here in Burkburnett. Steve Marchand, Civil Defense Director and several of his assistants will be at the meeting and will be ready to lend whatever assistance they can to get this Unit started. All those in this area who are interested are urged to come out. Coffee will be served from the Wichita Falls Mobile Unit in front of the American Legion building.

Humble Station to Open Saturday College and Ave. D

A new Humble Station will be open here Saturday, August 18th. It is the McGinty Humble No. 3. Maurice McGinty, co-partner in the station, has been associated 7 years with Humble. He has two other stations in Wichita Falls.

Ray Pewitt, the other partner, has established residence here and will devote all his time to operation of the station.

Favors Opening Day
Saturday, all ladies who attend the Humble opening, will receive Green Thumb pot plants and sewing kits. The kiddies will all receive balloons. Key chains will be the favors given the men. The station gives S. and H. Green Stamps. It will be open for business at 6:30 A. M. Saturday, August 18th.

On Vacation

Mrs. Lola Mae Bailey, very efficient bookkeeper-society editor of the Star, is on vacation this week. Mr. and Mrs. Bailey and son Floyd Wayne are in Fort Worth for a few days.

Jane Russell portrays the shady lady with the golden touch in Twentieth Century-Fox's CinemaScope film, "The Revolt of Mamie Stover" opening Sunday at the Palace Theatre.

Mr. and Mrs. J. B. Leith spent a few days last week in Jacksboro, with their daughter, Mr. and Mrs. H. D. Hurd and family and while there Mrs. Leith attended a Bridal Gift Display party for her granddaughter, Kay Frances Hurd at the E. E. Henderson home. Hostesses were Mrs. Katie Moreman and her nieces Janice and Earline Henderson.

Mr. and Mrs. Charles "Peanut" Boyd of Winters, Texas spent the weekend visiting Mr. Boyd's parents, Mr. and Mrs. Dale Boyd. Mrs. Boyd will be remembered as Miss Sue Douglas.

First Christian Church News

Thomas W. White, Jr., Minister Sunday School — 9:45 a. m. Morning Worship — 11:00 a. m. Rev. Jim Edwards of TCU Ft. Worth will bring the morning message.

Gospel Meeting At Church Of Christ August 17 thru 26

A Gospel Meeting at the Burkburnett Church of Christ will be held August 17 through the 26th. You will want to hear Paul Wallace of Coleman, Texas in a series of gospel meetings; conducted daily at 7:30 a. m. and 8:00 p. m. daily.

You are cordially invited to attend this meeting.

Devol Annual Homecoming To Be Sat, Aug 18

The Devol Alumni Association will hold their annual homecoming Saturday night, August 18th at the Devol High School. All graduates are invited and those who ever attended school there. Edith Viavatten, president, Evon Eastman, vice-pres., Hugh Morris, Frye, secretary, has arranged a nice program. Oleta Weaver of Washington, D. C. will be toastmaster.

The Devol Eastern Star will serve at 8:00 p. m. with Ann Hainline, Worthy Matron in charge.

Doc Reynolds Appreciates Help From Fire Dept.

Sunday the air was still and Doc Reynolds had some trash which needed to be burned. He raked back a fire guard, lit the match and let her go. In a very few moments, a whirl wind picked some of the burning trash and he had more fire than he could look after. He called the Fire Department and they made short work of putting out the grass and weeds—they thought. Some few minutes later they were called back to finish the job. Some of the weeds had flared up again.

To show his appreciation, Doc handed the Department a check for \$10.00 Monday morning. The fire boys thank you, Doc.

Jack Robertson Football Coach

Jack Robertson, for three years assistant football coach, has been elevated to head coach.

Joe Boyd Tyler, many years local coach, resigned to accept a coaching job in Wichita Falls.

Robertson is a graduate of Austin College, Sherman, Texas. He received his B. S. Degree from there in 1953, and his M. E. Degree from Midwestern in August, 1955.

Jack is a World War II veteran.

LIONS CLUB

Meets at Town Hall, 7:00 P. M. Each Tuesday

Roy Magers, program chairman, introduced as a guest, Herman Miller. He also presented Royce Miller, an accomplished young pianist, who rendered a number of selections at the piano. He later played the Lord's Prayer on the bass horn, accompanied at the piano by Mrs. Dorothy Duke.

Jack Robertson, new head football coach, told something of the prospects for this year's team. A Civil Defense meeting was announced, to be held at the Legion Hall tonight (Thursday) beginning at 7:30.

Next week Sloan Mills will bring the program.

Mr. and Mrs. Edward Bankhead and Mr. and Mrs. Arla Key have returned from a week's vacation in Colorado Springs, Colorado.

Two Burk Girls Win First Place In 4-H Dress Revue August 9th

Two pretty and talented Burk sisters teamed together to sweep the top awards at the annual Wichita County 4-H dress revue held last Thursday at the YWCA in Wichita Falls.

Patricia Simons captured first place by winning the junior division dressmaking, while Charlotte Simons looked regal as a queen in her beautiful tailored dress of white faille.

The younger Miss Simons modeled a pretty two piece dress of royal blue with green and black design. She trimmed her dress with white cuffs and a large white collar. Patricia completed her dress with a black satin tie. Her accessories were of black patent leather.

Charlotte looked as if she stepped out of vogue in her stunning snow white creation. Charlotte is the only girl to win county two years in a row and her dress showed why she was again selected county winner. Her dress was of white faille in the princess design with a V-shaped neck. Seven and one half yards of material were needed to make the full skirt. Charlotte wore one of the new fall hats of black velvet and had black velvet accessories. Both girls made 124 points out of a possible 125 points.

Carey Willet and Janelle Hinkle also of Burk were in the revue and had nice dresses and skirts that they made.

The Daughters of the American Revolution again served as hosts this year and served refreshments during intermission. Mrs. Charles Dorland also presented prizes to the first place winners on behalf of the DAR.

Musical entertainment was presented by Ann Sasser, Ann Morgan and Jimmie Moser.

Karan Prechel served as narrator this year while Mary Ann Stewart provided the musical background.

Cooperating with the 4-H girls was Alden Smith who helped with decoration and served as the boy at the fountain during the revue.

Mrs. Nellie Cobb, assistant demonstration agent, was in charge of the revue. Charlotte will represent Wichita County in the 22nd County district revue to be held Sept. 7-8 in Wichita Falls. She will be competing for district honors and the right to enter the state revue at the Texas State Fair in October. Winning the revue is just one of the many accomplishments Charlotte has received in her 4-H work. She and her partner won state dairy foods this year and she was named dairy foods winner for Texas. She has received Gold Star, attended roundup five years and has won not less than 350 ribbons in fairs and shows. Charlotte will enter Midwestern in September to study Home Economics.

Patricia will model in the district show but because of her age will not compete for district honors. She has done many things in her 3 years of work and exhibited many projects in the T-O Fair and county show. Last year she won a medal at the county banquet.

Mrs. Nellie Cobb and Miss Thelma Wirges presented gifts and certificates to the 25 girls entered in the revue. Nearly one hundred-twenty-five parents and interested friends watched and admired the annual county revue.

Brack Preston, Jr., Frank Kelley and Howard Bentley attended the funeral services of the mother of Rev. Leroy Meyer in Okla. City Monday.

Mrs. Ted Crosthwait and children of Louisville, Ky., spent a few days last week visiting in the home of Mr. and Mrs. J. L. Lyles of Henrietta.

Mr. and Mrs. Earl Reger of Parkersburg, West Virginia are spending a short vacation in Burkburnett, guests of S. S. Reger and family.

Randlett Baptist Church Revival August 19-26th

The Randlett Baptist church will begin a revival meeting, August 19th, which will continue through August 26th. Services will begin each morning at 10:00 and each night at 8:00.

Rev. N. Ray Harrell from Stephenville, Texas will be the evangelist and the pastor, Olan Runnels will be the song leader.

Funeral Services For Lillie Meyer In Oklahoma City

Funeral services for Mrs. Lillie Meyer, 72, mother of Leroy Meyer, pastor of the First Baptist church of this city, were held in Okla. City Monday at 10:00 a. m.

Mrs. Meyer, a resident of Okla. City since 1908 was stricken with a cerebral hemorrhage on Friday following a short illness.

Survivors are the husband and two sons of Okla. City and Rev. Meyer of Burkburnett. Mrs. Meyer had visited in the home of her son in Burkburnett quite frequently.

Funeral services were in charge of Hunters Mortuary of Okla. City.

Wedding Date for Fleming-Bernethy Is Announced

Mrs. O. D. Bernethy announces the engagement and approaching marriage of her daughter, Pat to Mr. Howard Fleming, son of Mr. and Mrs. G. W. Fleming of Burkburnett.

The wedding ceremony will be performed September 8 in the Sacred Heart Catholic Church in Wichita Falls.

The bride elect is a 1956 graduate of Burkburnett high school where she played on the basketball team and was secretary of the Student Council. She was also named "Best All Round Girl" and to "Who's Who."

Mr. Fleming is a 1954 graduate of the Burkburnett High School where he played football. He is a student of Texas Tech and is affiliated with Sigma Mu fraternity.

The couple plan to make their home in Lubbock where Mr. Fleming will continue his studies.

NOTICE TO ALL REBEKAHS

An important meeting of the Rebekah Lodge will be held Monday night August 20th at the hall. All members are urged to be in attendance.

GRASS ROOTS OPINION

CHILDRESS TEXAS. Reported: "An American and a Dutchman were talking. 'What does your flag look like?' asked the American. 'It has 3 stripes,' replied the Dutchman, 'red, white and blue. We say they have a connection with our taxes: we get red when we talk about them, white when we get our tax bills, and pay 'till we're blue in the face.' 'That's just how it is here,' commented the American 'only we see stars too.'"

SAC CITY, IOWA, SUN: "A few days ago the Sac Sun editor was talking with a man who came over from one of the old countries about 40 years ago. He settled down and went to work. Today he owns a nice Iowa farm and has other property which he calls his own. He says, 'It couldn't have been done anywhere else but in America.'"

CHISHOLM, MINN., Tribune: "Walter T. Carroll, a 44 year old farmer, was sent to jail in a contempt of court charge because he didn't think it was any of the federal government's business to tell him how many acres of crops he could plant on his own farm. Maybe he was wrong about being so stubborn in this regard. Maybe he is just a sucker for refusing to go along with the common herd. But maybe, also, Walter Carroll remembers that protecting rights and freedoms wasn't an insignificant issue to the men who founded this nation."

DUNDEE, N. Y. Observer: "Let private industry handle the Niagara (hydroelectric) project and pay its taxes. Otherwise, if a tax-exempt government agency takes over, the taxes it escapes will be collected from the rest of us."

THE GAS PRODUCERS POSITION

The sale of natural gas to consumers by distributing companies, and the interstate transmission of the gas by pipelines, are public utility functions. As such, they long have been and will continue to be publicly regulated.

But the production of natural gas in the field is in no way a public utility function. Senator Fulbright made this abundantly clear when he said of the gas producer: "He must compete with thousands of other producers for lease before he can drill a single well. Should he be lucky and hit that one-to-nine shot, he must compete with many other producers for a market. No one guarantees him a return on his invested capital, thus eliminating the tremendous risks he must take. His is inescapably a business of economic imperatives. His costs are almost impossible to ascertain."

"The producer, in short, is no more a public utility than the man in West Virginia who sells coal to an electric company in New York, no more one than the oil producer who sells diesel oil to a railroad, no more one than the Detroit manufacturer who sells buses to our local transit company, no more one than the California manufacturer who sells airplanes to the airlines of America."

Senator Fulbright is among the leaders of a bipartisan campaign to free gas producers of needless and dangerous federal controls (brought about as a result of a Supreme Court decision) which must inevitably discourage exploration and risk-taking, reduce production, increase costs, and in other ways work to the direct disadvantage of the consumer.

KEEP YOUR FINGERS CROSSED

Labeling Alger Hiss and the late Harry Dexter White as architects of UNESCO (a mishmash which stands for United Nations Educational, Scientific and Cultural Organization) National Commander J. Addington Wagner of the American Legion has asked Congress for a full-scale investigation of its activities.

In testimony before the House Foreign Affairs subcommittee on international organizations and movements, Commander Wagner declared that such a probe would reveal the need for repealing the law creating the U. S. National Commission for UNESCO, as called for by resolution of the 1955 Legion convention in Miami.

In addition to Hiss and White, Commander Wagner, wounded Navy veteran of World War II, named other associated with UNESCO who have been affiliated with as many as 17 organizations identified as subversive by the Attorney General or the House Un-American Activities committee. Such characters and UNESCO and the National Commission, he charged, are infecting the nation's school system with world-government propaganda, and at the expense of American taxpayers. Wagner quoted from a UNESCO publication complaining that "education for world-mindedness" is running into trouble outside the school principally in the form of "nationalism."

It's time now to join with the Legion in support of more nationalism, and repeal of globaloney.

Texas State Dept. Of Health

Hay fever season is a year-around affair in Texas.

The reason behind this sad state of affairs, says the Department of Health is Texas' wide range of climatic and soil conditions which produce an assortment of offending flora—trees and shrubs and grasses.

Ragweed pollen is still the biggest enemy of the watery-eyed set, Department officials say, but mountain cedar, scrub elm and a variety of other plants and grasses also cause their share of sneezing misery.

There are some bright spots in Texas, though. Department hygienists say pollen counts in El Paso, Amarillo and other West Texas towns have been "amazingly low."

From midwinter until early spring, susceptible people from Dallas southward will be affected by the pollen of cedar, a profusely growing tree with a bad habit of pollinating in late autumn and winter rather than in spring.

Fall hay fever sufferers probably have the scrub elm to blame for their troubles. A late summer and autumn pollinator, the elm is common over most of the state, but is particularly profuse in the bottomlands of the Guadalupe and Trinity Rivers. The mesquite, a member of the legume family, causes "minor" allergic trouble in West Texas during May, June and July.

Grass hay fever is possible throughout spring, summer and fall over most of Texas, and in the winter in the Rio Grande Valley. Bermuda grass is the chief offender. Rhodes grass is a "potential" hay fever grass in the lower Rio Grande Valley.

Ragweed pollen is almost as abundant at Dallas and Houston as in the north central states. It is a serious problem as far west as San Antonio and all along the Gulf coast to Brownsville.

In Brownsville, the ragweed season begins in June or July. The source of the pollen has never been positively determined. Along the rest of the coast ragweed pollination does not begin before September, a full month later than in the north central states. Pollination continues into November all along the Gulf.

In arid parts of Central and West Texas, Russian thistle is a leading cause of inhalent allergy. Other local causes are sugar beets and Palmer's amaranth. Sage pollen is a potential factor in West Texas, but information on distribution is not available. Sand sagebrush, a dominant native plant in the Panhandle, is suspect as a troublemaker.

How do you get relief from hay fever? A sea voyage during "your" season would do it. So would staying in an air filtered room. But since neither action is practical check with your doctor about a series of "pollen extract" shots.

Burkburnett . . . History

Revealed By Star Files 25 Years Ago...

Mr. and Mrs. J. G. Allen are visiting in Cooper, Texas this week.

Mrs. Ed Haller left Wednesday for Dallas to join her husband following a few weeks visit here with her parents, Mr. and Mrs. Marvin Patterson.

Mary Jean Kenn of Stamford is visiting her aunt and uncle, Mr. and Mrs. B. L. Turner, this week.

J. W. Shaffer left Tuesday for Little Rock, Ark., on a business trip.

Mr. and Mrs. Alex Herrington of Louisiana are visiting in Burk this week with her parents, Mr. and Mrs. Newt Anthony.

Mr. and Mrs. Sam Lax and Wayne and Mr. and Mrs. Howard Clement and daughter plan to

leave this weekend for a vacation in Colorado.

Miss Dorothy Preston left Monday for a visit in San Antonio.

Betty and Jackie Williams are visiting relatives and friends in Wichita and Winfield, Kans., this week.

Mrs. Lewis Walling and daughters, Mickey Sue and Barbara of Crane, Tex., are visiting in the home of Mr. and Mrs. C. O. Walling this week.

Hard work is an accumulation of easy things you didn't do when you should have.

From where I sit... by Joe Marston

Turned Out To Be a Good Break

We had a water main break last Thursday. Happened early in the morning—about two a.m.—and the first thing most of us knew about it was when we tried to turn on the faucets and nothing came out but a hissing noise.

Nobody was inconvenienced much though. Repair crew went right to work—and things were fixed up in jig time.

Incidentally, the water company got a flood of payments on overdue bills that day. Lots of "forgetful" folks must have figured they were being warned!

From where I sit, sometimes obligations slip our minds. The responsibility we all have our communities... to see our neighbors enjoy the right to decide for themselves how to work, how to vote, whether or not to enjoy a bottle of beer, time we "forget" we owe a right to others, we take a stand on stopping the flow of taxes that makes this country a grand place for us to live in.

FEED BAG FASHION CONTESTANT

Cotton feed bags in interesting floral print have been chosen for an afternoon fashion by Nell Perkovich, young housewife of Memphis, Tenn. The dress will be part of her entry in the third annual National Cotton Bag Sewing Contest at the Mid-South Fair. Mrs. Perkovich wears a tailored style in red, white and blue plaid, also made from cotton bags. Nationwide bag sewing contests will be staged at 52 state and regional fairs from June to November. Finals will be November 15 in Chicago.

State Fair At Dallas October 6th-21st

Spectacular illumination and scenic water effects will be incorporated into a dazzling "Esplanade of Light" for the 1956 State Fair of Texas, Oct. 6-21.

The lighting effects will be the most magnificent and thrilling since those which illuminated the Texas Centennial Exposition on the Dallas fairgrounds in 1936.

In addition to the modern theatrical illuminative techniques an array of 1,772 jets and fountains of water will leap and cascade in and around the 730 foot long reflecting pool which forms the centerpiece of the Esplanade, just inside the main gates to the fairgrounds.

Lights playing on and under the water will provide ever-changing kaleidoscopic effects of magnificent color.

Dallas Power and Light Company is co-sponsor with the State Fair of Texas of the lighting and fountain project.

The Esplanade of Light will utilize enough electrical voltage to light up a small city. There will be a total of 981 spots and floods. Special mercury vapor lamps will give a silver green glow to the 40 great live oak trees along the Esplanade.

The overall lighting effects for the Esplanade of Light were designed by C. M. Cutler of General Electric Company. Mr. Cutler is one of the world's top experts on illumination. He served as Director of Lighting for the Texas Centennial and was also a consultant on lighting for the Chicago Century of Progress Exposition. From 1937 to 1939 he represented General Electric on lighting matters at the New World's Fair.

Everett Folsom, illumination engineer for the Dallas Power and Light Company, is working with Mr. Cutler on the project, serving as the Dallas coordinator. He also played a major role in lighting the Texas Centennial. One huge 25-foot star shaped fountain in the reflecting pool

will have 1,080 separate jets of water. Two 6 foot rings will have 226 jets each, shooting 25 feet into the air, and lighted by colorscopes. Five 18 foot stars will shoot water 20 feet into the air along the length of the reflecting pool and at the lower end the two 25 foot pylons will have a colorful flow of water cascading down its length. Yellow "buttercup" lights, 82 on each side of the pool, will line the bordering walks.

News From The County Ag. Agent

It is the time of year once again to make definite plans for planting winter legumes, according to B. T. Haws, county agent. However, there will have to be a good rain before anything can be planted.

The two major winter legumes planted in Wichita County are hairy vetch and Austrian Winter peas. Hairy vetch is recommended in the sandy soil and Austrian Winter Peas in the tight soils.

In the past several years the value of winter legumes has been demonstrated by participants in the Bridwell Soil Builders Awards program. In every case crops following legumes have increased yields. What following legumes gives an increase up to 5 to 20 bushels per acre, while cotton give an increase of 300 to 600 pounds of seed cotton per acre. The Bridwell Soil Awards Program has brought about a great increase in winter and summer legumes in Wichita, Clay and Archer counties.

Below are given the important facts about winter legumes.

Why Plant Legumes — (1.) Furnishes a cover on the ground during a time when most soils will blow. (2) adds organic matter which helps to hold water, plant food and air. (3) Adds nitrogen to the soil which is essential to the growth of all crops. (4) Increases crop production. (5) Vetch can be used as a good cash crop by harvesting seed. Fertilizer Treatment — 200 lbs. or 0-20-0 per acre. Apply commercial fertilizer according to recommendation from soil analysis.

Planting Date— From September to November 15th. Inoculation — Inoculation is advisable even if grown the year before. Use culture "C".

Method and Rate of Planting— Sow with a grain drill on prepared seedbed or in grain sorghum stubble or cotton stalks without any preparation. If planting on clean land, a crop such as rye wheat or oats should be seeded with the vetch to help hold it up during growth.

Rates for Vetch — Drilled alone—15-25 lbs per acre. With small grain — 10-15 lbs per acre.

Rates for Planting Austrian Winter Peas — 30 to 40 pounds per acre drilled alone. 20 to 25 pounds per acre drilled with small grain, 15 pounds per acre put in three foot rows.

Covering Depth—2 to 3 inches. Harvesting for Vetch — For green manure, muck into soil when in full bloom. For seed, harvest with combine. For hay cut when small grain is ready for haying.

Time to Plow Up Austrian Winter Peas — Chisel or chop up in early spring at least three weeks before planting a succeeding crop.

Haws states that he would like to urge all farmers to contact Bob Crocker at the ASC office as there is a payment on vetch and Austrian Winter Seed.

Mr. and Mrs. Elmer Klinkerman entertained their Aunt and Uncle, Mr. and Mrs. Bill Klinkerman of Mansahua, Kans., with an ice cream supper Aug. 9th.

Those attending the supper were Messrs. and Mesdames, Grady Hancock, of Wichita Falls, Oscar Klinkerman, Lorange, Klinkerman, Hubert Klinkerman, George Alexander all of Electra; George Lutz of Vernon, Butch Klinkerman of Iowa Park, J. R. Klinkerman of Electra, and Tom Goins, Walter Siber, Virgil Klinkerman, Bobby Thompson, Patsy Lacy and Brother all of Burk Burnett.

TIRED 'TIL IT HURTS?

64 a Day Can Help Build Rich, Red Blood... Save You from Being Dragged Out... Easy Prey to Minor Ills!

Nutritional experts reveal vitamin losses in cooked foods plus faulty diet may be seriously undermining your energy, strength, and resistance, making you feel on edge—affecting your appetite—spoiling your sleep—because your body is vitamin and iron starved.

*These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B1, B2, and niacin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

How You Can Stop Chronic Vitamin & Iron Starvation Today... Feel Like a New Person!

Supplement your diet every day with High-Potency Bexel Capsules. Just one of these wonderfully strengthening

capsules give you the full vitamin and iron content nature provided in the groups of the following foods before cooking:

- 1 quart of pasteurized milk
- 4 oz. of fresh orange juice
- 1/2 lb. of lean bacon
- 1 lb. of lean pork
- 1/2 lb. of green string beans
- 1/2 lb. of veal chops
- 1/2 lb. of ham
- 1/2 lb. of butter
- 1 lb. of beets

Bowl Game Aug. 24th

Added five star school-ers to its talented Oil Bowl Wednesday.

Edwin "WaHoo" were Edwin "WaHoo" Cherokee Indian full-back, Tom Inman, center backer, both of Midland; Graves, center of Big Henry Colwell, half-back, Abilene and Kenneth left end of Port Arthur. 6 feet, 204 pounder starting fullback on the Texas Coach- all-star game at Lub- day night. He has im- week with his tre- power and ground gain.

star on Midland's 4-A a rugged district last Dunel gives the Oil Bowl durable, steady per- ranked as one of the best schoolboy football.

teammate, Tom In 6 feet, 188 pounds, and Inman was a star on a good team last will give the Oil Bowl strength in the middle of He also is a spark plug backer.

also is a flashy center 210 pounds and run- ward 6 feet, 2 inches. A large prospect, Graves was best player in a strong district last fall and won Colwell was a star on a

great Abilene Eagles squad that copped the 4-A state championship. Henry weighs 170 pounds and is 5 feet, 11 inches.

A crack, shifty runner, he is hard to stop and a real threat.

Kenneth Watler was a fine Wingman for Port Arthur's 4-A Yellow Jackets last season. He is 190 pounds and 6 feet, 1 inch and a top pass catcher.

Watler was one of South Texas' top player in 1955 and adds much talent to the Texas Oil Bowl squad of ends.

Tickets to the 19th annual Oil Bowl game are on sale at Kemp Hotel Lobby, phone 3-5637. Mail reservations are being received.

Miss Kaye Kelley is executive secretary of the Oil Bowl in charge of ticket sales.

7:15 p. m. Evangelistic service
7:30 p. m. -- Tuesday -- mid-week prayer meeting
7:30 p. m. Thursday -- Young peoples endeavor

If you haven't a church home we would like very much for you to visit us where the full gospel is preached in the old time way. There is special music and singing each service. Each and everyone has a warm and hearty welcome to come worship with us.

Mr. and Mrs. Robert Riddle and sons, Jimmy and Steven have returned to their home in Kilgore, Texas, after a visit here with Mr. and Mrs. W. R. Stimpson and other friends and relatives.

NOTICE To New Students

All students who were not regularly enrolled in the Burk Burnett Public schools during the 55-56 school term will be required to meet with the principals in their respective grades in order to receive room assignments. Mr. Evans, Principal, Hardin Grade, Mr. Ellis, Principal, Jr. High School, Mr. Silkwood, Principal, High School, will be in their offices starting Thursday, Aug. 16th from 9:00 until 4:00 o'clock and will be glad to have conference with any parent in regard to enrollment of students. We are urging parents to take advantage of this opportunity so that the day of the regular enrollment they will not have to wait in line to secure their grade assignment. (This does not apply to first grade students taken on the census roll January of 1956, but it will apply to any 6 year old having moved into this district since that time. All beginning first grade students are required to have birth certificates, Small-pox and diptheria vaccinations.)

Veon Scott To Play On Texas Oil Bowl Squad August 24th

Veon Scott, Chillicothe's great back of 1955, was selected Saturday to the Texas Oil Bowl squad. Scott, North Texas' outstanding back last season, won a raft of all-state honors and sparked the IA-9 Eagles to the state semi-finals.

Scott starred three years for Chillicothe on offense and played four years on defense where he also was a standout.

In 1955 he carried the ball 331 times, gained 2,419 yards and completed 49 of 112 passes with 11 being intercepted.

The great Eagles back scored 28 touchdowns from scrimmage and passed for 14 other markers. He passed for a total of 1,041 yards in 1955. Scott, a 175 pound-power runner, racked up 3,460 yards on total offense last season.

Scott led the Eagles to the IA9 district championship as the Chillicothe team won 10 successive games for a perfect regular season. Then he shone on offense and defense as the Eagles wheeled past Lewisville, 20-7, Rockwell, 20-13 and Leveretts Chapel 48-28 in the playoffs.

Oil bowl game tickets are on sale at Kemp Hotel lobby. Mail reservations are being received.

The benefit game will be played Aug. 24th in Midwestern University matching graduated Texas and Oklahoma schoolboys stars.

THURSDAY, AUGUST 30th
THURSDAY, SEPT. 27th
Persons who desire information or assistance in Social Security matters are invited to meet with the representative.

THE STATE OF TEXAS

TO: J. C. Parker, Maggie Cawley, Ella Vance, J. C. Anderson and their unknown heirs, devisees legatees or assigns and H. W. Wiseman, George W. McDaniel and J. P. Brunton as Trustees of the Town of Electra, Wichita County, Texas, and their unknown successors, heirs devisees, legatees or assignees, Defendants, Greeting:

You are hereby commanded to

appear before the Honorable 30th District Court of Wichita County at the Court House thereof, in Wichita Falls, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of September A. D. 1956 then and there to answer Plaintiff's Petition filed in said Court, on the 20th day of July A. D. 1956, in this cause, numbered 58014-A on the docket of said court and styled Nola Graves, a widow, Plaintiff, vs. All of those persons first named in this writ and to whom the same is directed, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: this is a suit for trespass to try title wherein plaintiff alleges that on or about July 1st, 1956, she was lawfully seized and possessed of the following described land and premises situated in Wichita County, Texas, to-wit:

Lots Nos. 2, 3, 4, and 5 in Block 154 of the Original Town of Electra, Wichita County, Texas.

That on the day and year aforesaid, defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withhold from her the possession thereof. Plaintiff further alleges the ten (10) year statute of limitation and that she and those under whom she claims have used and occupied said tract of land under claims of right, in good faith, under deeds duly registered in the Deed

Records of Wichita County, Texas, and said possession and claim of ownership have been open adverse and notorious during such 10 year period.

Wherefore plaintiff prays that citation issue and that on final hearing she have judgement for title and possession of the above described land, and for costs of suit and such other and further relief to which she may show herself justly entitled.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court at office in Wichita Falls, Texas this 20th day of July A. D. 1956.

ATTEST:

Flora Cobb, Clerk
District Court, Wichita County, Texas.
By Wayne Wiggins, Deputy.

When you build or remodel, plan for FULL

HOUSEPOWER

With MODERN HOME WIRING for full HOUSEPOWER, you'll enjoy your home more . . . you'll live better . . . electrically!

With full HOUSEPOWER, you'll have ample circuits of large enough wire to supply electricity at full power throughout your home; plenty of properly-placed outlets for lamps and small appliances; and individual circuits for such appliances as air conditioners, an electric range, electric dryer and others.

Full HOUSEPOWER adds little to the cost, much to the pleasure and value of your home. You'll be able to receive full benefit from your electrical service, full enjoyment from your electrical appliances . . . now and in the future.

Before you build or remodel, make sure that your plans include modern home wiring ample for full HOUSEPOWER. Check with your builder, architect or electrical contractor now.

Free Booklet

Gives the facts about HOUSEPOWER, and how it can make life easier for you. Helps you plan home wiring that will give you full HOUSEPOWER. Phone, write or come in for your free copy today!

Notes From The County Agent

No detectable amount of the hormone-like chemical, stillbesterol, is present in meat steers fed this substance in fattening rations. Extensive tissue tests made by the Food and Drug Administration and reported by the USDA confirmed findings of state experiment stations in their research with stillbesterol.

Cotton producers of Texas and the nation are being asked to take every possible step to keep far spots out of their cotton. The problem has become serious enough says B. T. Haws, county agent to warrant a belt-wide campaign of elimination.

Surplus agricultural commodities valued at about \$1.2 billion have been sold to foreign countries in exchange for their own currency since Sept., 1954. Of this total, \$759 million worth was arranged for in the first six months of 1956, reports B. T. Haws. Sales of cotton ranked second to wheat flour.

The USDA reports that a \$3 million investment in research has given more than \$1 billion in added returns to oat growers. That's a return of \$1,000 for each \$3 expended.

The bollworm is doing a lot of damage to cotton in the county. Farmers are cautioned to check their cotton and spray if necessary. The cotton, as a whole is good in the county and farmers have already started harvesting early planted cotton. The cotton harvest will get in full swing the latter part of August.

Now is a good time to make plans to plant winter legumes on your farm. Federal cost-sharing will be according to Bob Crocker, ASC County Office Manager: Austrian Winter Peas, 3.6c per pound Hairy Vetch, 9c and Madrid Clover 8c.

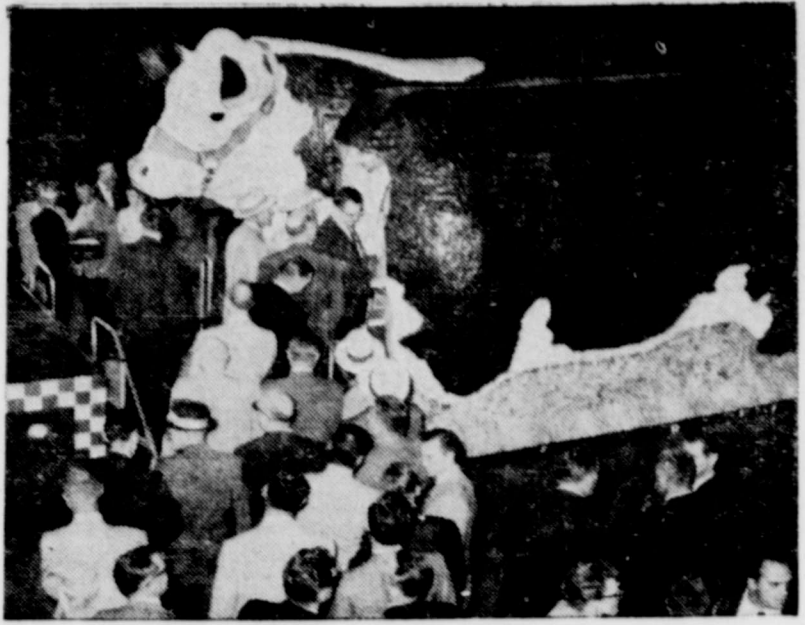

Several farmers in Wichita County are clearing their farm tanks of undesirable fish by using rotenone, according to B. T. Haws. Use 5 pounds of 5 percent rotenone powder to each acre foot of water. Mix the rotenone powder with just enough water to make a thick paste or dough, add water until mixture is about the thickness of cream. With the use of boats pour the solution into the water as boat is rowed or motored along. All fish killed in this way are perfectly good for food if taken while still fresh.

R. W. Kents Hosts Thursday To Family Get Together

Mr. and Mrs. R. W. Kent were hosts for a lovely backyard supper Thursday evening at their home on Avenue F. A bountiful and delicious meal was served from a beautiful appointed table. All of the Kent children were together for the first time in many years.

Those enjoying this delightful get-together were: Mr. and Mrs. J. W. Kent and four children of Sunnyside, Utah, Mr. and Mrs. Edward Story and three children of Anthony, Kans., Rev. and Mrs. Floyd Cates and two sons of Bolivar, Tenn., Mr. and Mrs. Nathan Abbott and two daughters of Wichita Falls, Mr. and Mrs. George Kent and Miss Pansy Kent of Wichita Falls, Rev. and Mrs. Miles B. Hayes, Mr. and Mrs. Jimmie Johnson and the host and hostess, Mr. and Mrs. R. W. Kent.

"The Champ" Touring Nation In State Fairs-Livestock Exhibitions

The Champ, one of the most remarkable exhibits in agriculture, is now touring the country, stopping at many of the major state fairs and livestock exhibitions.

Produced by the Ralston Purina Company, it is dedicated to promoting a better understanding of the cattleman's business of producing beef for our nation's people. Visitors may walk thru the giant steer's body and see realistic demonstrations of how feed and roughage are made into beef. People enter the animal by doors that open out of the neck. Inside, they see how the vital organs of a steer's body work in the production of beef. They also see demonstrations of how a cow makes milk and how an unborn calf develops from a 30 day to a 9 month embryo. So life-like is the exhibit that the body gives off the sound of the steer's breathing and heartbeat. The Champ stands 12 feet tall, 19 feet long, and nearly 8 feet wide. It weighs 4000 pounds without the tractor and trailer. The exterior was built in 29 different parts, then assembled out of doors. Leading veterinarians and animal nutritionists assisted in making the interior displays.

First Baptist Church

LEROY MEYER, Pastor

Our Sunday School is proud to announce the birth of a new Department, The Senior Dept. for 15 and 16 year olds. This new department which meets in the old Burk Clinic building has for its superintendent, Mr. L. E. (Dink) Hudson. The Senior Department met for the first time Aug. 5th and great things are expected in the future from this Department for the Young People of our church.

The summer is drawing to a close and vacation time will soon be over. I hope you have not taken a vacation from God during these summer months. Be found in your place this Sabbath Day, for if you "Take the Sabbath with you through the week, it will sweeten all the other days."

Sunday School — 9:45 a. m. with a class for every age. We would call special attention to the Department for Young Married People from 17-25.
Morning Worship — 10:50 a. m.
Training Union — 6:45 p. m. with a union for everyone including the Nursery Age.
Evening Worship at 8:00 p. m. and Youth Fellowship at 9:00

Sometimes it seems that when a bride says I do she's looking around to see if she could do better.

Devol News

Mrs. C. O. WOODLEY

Miss Mary Ellen Hutson was feted with a bridal shower Monday evening in the home of Mrs. C. O. Woodley with co-hostesses consisting of Mesdames R. L. Wyatt, Jr., A. J. Mays, W. C. Charbonneau, C. O. Woodley, F. J. McClendon, K. B. Uthe, T. P. Randall, E. M. Wood, F. J. Uthe, R. L. Wyatt, Sr., A. S. Patterson, Bryan Harrison, Nelma Wood, Dolly Hardin, Misses Francine McClendon and Charla Beth Miller served punch and Misses Vernon Kay King and Sue Kinzer served cake to guests as they arrived. After a delightful program, directed by Mrs. Wyatt, Jr. Many beautiful gifts were presented in opening them by her mother, Mrs. Guy Hutson and prospective mother-in-law, Mrs. Kyle Spiller of Jacksboro. Miss Hutson will be married Aug. 18 to Jim Spiller of Wichita Falls in the Southside Baptist church of Wichita Falls, Texas.

Rev. Walter Hughes of Fort Worth, Texas occupied the pulpit in the local Baptist church Sunday. Rev. M. O. McKinney, who has resigned as pastor here will be leaving soon for Dallas where he, Mrs. McKinney and their son Owen Lee will make their home.

Mrs. Claude Lemind was hostess Thursday to the HD club in the club house. Members present were Mrs. W. C. Charbonneau, E. N. Miracle, Ed Marrow and J. B. Stevens. All members are urged to be present at the 4th Thursday meeting, when the new Home Demonstration agent is expected to be present.

Mrs. Willis Cozby who has been visiting her daughter, Mrs. Nunn in Texas several weeks returned home Monday.

Mr. and Mrs. E. N. Miracle attended a Primitive Baptist Association meeting in Elmore City Friday until Sunday.
Mr. and Mrs. Walton Manley and daughter Barbara and Mrs. W. W. Manley have returned home after a ten day tour of several southern states, Arkansas, Louisiana, Georgia and Alabama, where they visited relatives and enjoyed family reunions.
Mr. and Mrs. T. A. Landers visited relatives in Texas and Arkansas last week.

QUESTION BOX

Q—The old wrought iron railing at our front entrance is badly rusted. Can I remove the rust effectively and repaint?

A—The fastest and most effective method to remove rust in this case is with a wire brush attached to an electric drill. After the loose rust is gone, apply an etching solution to cut the hardened scale. A primer should be applied before painting.

Q—I'm building a three-room summer cottage, and I want to heat it so that it can be used for weekends in cold weather, too. Without going to the expense of central heat, what kind of equipment gives best results?

A—A wall heater, a floor furnace, or a cabinet-style room heater would give excellent results. Engineers at the Coleman Company, a Wichita, Kan., manufacturer, call the wall heater "the nearest thing to central heating." One wall heater can heat the rooms on both sides of the wall in which the heater is installed, and a built-in blower can direct heat into other rooms as well. Floor furnaces also are made in dual-wall models that discharge warm air into two rooms.

Q—We want to partition off our basement with dry walls made of 2 x 4 framing and plasterboard. What's the best way to anchor the bottom of the walls to the concrete floor?

A—Hardware stores have lead expanding shields and lag screws for this purpose. Use a star drill or an electric drill with a masonry bit to cut holes in the concrete floor. Then slip the expanding shields in and bolt the wall shoe down with the lag screws.

Notes from HD Agent

Sometimes it is the seasoning that makes a dish so good the family calls for second and third helpings. County Home Demonstration Agent Thelma Wirges says a variety of seasoning will make fresh vegetables more popular, and plenty of vegetables means improved diets.

Try these simple seasonings to give those vegetables new life: Cook a tablespoon or two of minced onion, green pepper or parsley with snap beans or yellow squash.

Cook a few mint leaves with English peas. Put a pinch of your favorite herbs in the water when you cook lima beans. Go easy with these seasonings. Their pungency easily overshadows the delicate flavors of vegetables.

Build up the flavor of cooked vegetables by seasoning with flavorful fats such as bacon, drippings, butter and margarine or saled oil to which lemon juice horseradish or a whisper of garlic has been added. If you use bacon drippings add bits of crisp bacon. Those are especially good with greens.

Home Demonstration club women from Archer and Wichita counties will have their annual camp day, Tuesday, Aug. 21st at the Wichita Valley Farms community house. Registration will start at 9:30 a. m. and the day's activities will come to an end at 3:30. Activities for the day will include Recreation, Crafts,

Covered Dish Luncheon and Skits.

Mrs. C. A. Grisham is family economics demonstrator for the Barwise Home Demonstration club. Mrs. Grisham has worked on the business procedure of her home and has taught other members of her club. She has organized business equipment such as writing material, paper clips, ink, tacks etc. into a drawer with dividers. She has also given her children an allowance.

Children must learn that regardless of where your money comes from, someone pays in time, effort, skill, accomplishments and sacrifice. Children need to use money so that it gives the greatest satisfaction. Parents willing to help teach these things to the children receive a great satisfaction from a job well done.

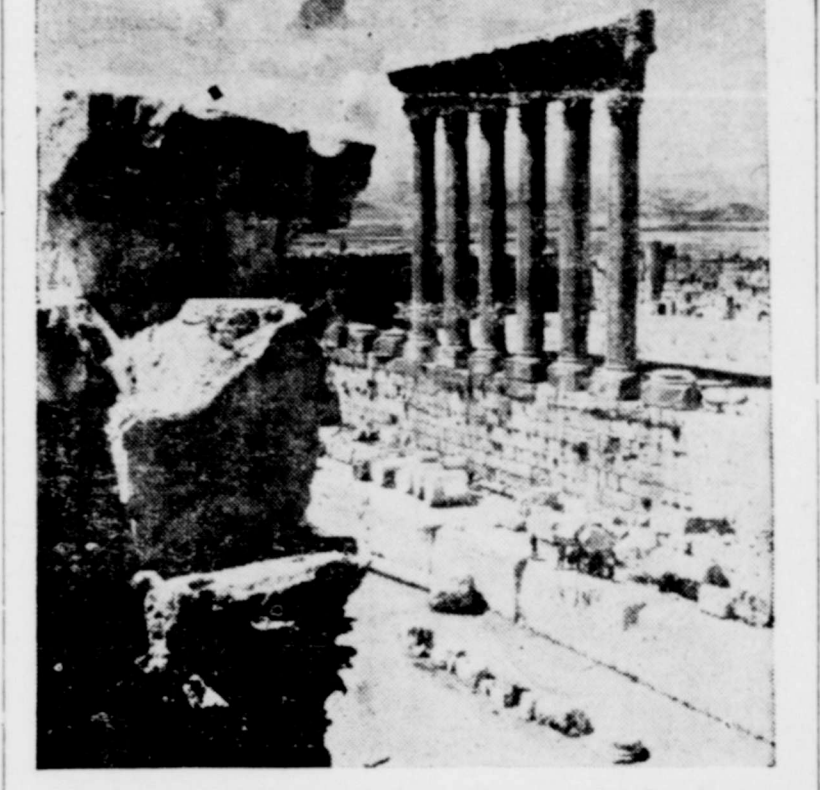

55th Anniversary Celebrated Tuesday By W. F. Rammings

Tuesday, August 14, Mr. and Mrs. W. F. Rammings of Clara celebrated their 55th wedding anniversary. Dinner was served in the evening, with only the children and their families present.

Those attending the nappy occasion were: Mr. and Mrs. Ray L. Reeves of Lawton, Oklahoma; A. J. Rammings of Pampa, Texas; Mrs. Q. L. Howard, Burkburnett, Texas; Mrs. Jack Albright of Oklahoma City, and E. A. and Wilbert Rammings, of Clara.

Festival At Baalbeck

Against a magnificent natural background of towering Roman ruins, some of the world's leading musicians are presenting a series of concerts which mark the opening of the month-long International Festival of Baalbeck, held in Lebanon's historic "City of the Sun."

American artists are sharing the concert platform with the Hamburg Symphony Orchestra, which is featuring the best known works of Mozart in commemoration of the 200th anniversary of the great musician. Guest conductor for two of the orchestra's performances is Leon Barzin, from the United States. Another American, pianist Aldo Mancinelli, is performing a special composition entitled "Concerto No. 2" by Anis Fuleihan, former instructor of music at the University of Indiana and present director of the National Conservatory of Music in Beirut.

In addition to the musical concerts, which will continue through August 5, the Baalbeck Festival will include four plays presented by the Comedie Francaise during the week of August 11: Racine's "Mithridates" and "Phedre," Shakespeare's "Julius Caesar" and Jean Cocteau's "Infernal Machine." Starting on August 25, the festival will play host to England's Regent Park Players, who will present Shakespeare's "Hamlet" and "Twelfth Night." During all these performances Baalbeck's historic ruins, including the 2,000-year-old temples of Jupiter and Bacchus, are floodlit by a huge new electric plant which was installed after the tremendous popular success of last year's initial festival in the ancient town. This year's festival, sponsored by Lebanese President Camille Chamoun and Madame Chamoun, is part of a national program to develop greater appreciation of the Arts in Lebanon and to provide cultural events of universal appeal for the thousands of tourists who flock each year to the ancient land of the Phoenicians.

Local F. F. A. News Club & Chapter Chatter

By Alden Smith

Despite the high temperatures and hot weather, the 4-H and FFA members have been doing a considerable amount of work this past week. Burkburnett has another honor to be proud of as the two Simons sisters, Patricia and Charlotte, walked off with top prizes at the annual county 4-H dress revue. Both girls were smartly tailored and will represent Wichita County in the district revue Sept. 7-8th in Wichita Falls. Cary Willett and Janelle Tinkle, along with Patricia also competed in the Junior division and looked very nice. Cary modeled a lavender party dress while Janelle modeled a very nice looking skirt she made. Congratulations to the Burk girls who were in the revue and especially bringing home first place.

Believe it or not the Burkburnett FFA returned home safe from a five day camping trip to Lake Diversion, Swimming and fishing took up the boys time when they weren't doing certain tasks. The camp cooks must have been kept busy for the boys caught enough fish for two meals. Mr. Bryan Farris advisor, reported that everyone had a good time and was looking forward to next years camp.

At the county dress revue, several other Burk members helped make the event a success. Karan Prechel served as commentator, while Marilyn Vaughn, who lives northwest of Burk, served as an usher. Alden Smith helped decorate and was the boy behind the soda fountain during the revue. Seems as if Burk 4-H members are among the most active in the county.

The Burkburnett FFA chapter has something to crow about. She is Norma Fleming of the Thornberry community, the new chapter sweetheart. Norma is a farm girl, and is secretary of the student council, member of the of the annual and paper staff and was elected 1956-57 president. She is a member of the Thornberry Church of Christ and a square dance group at Charlie. Serving as attendants to the new sweetheart are Pat McCabe, former sweetheart, and last years attendant, and Pat Lucy. The local chapter really made a wise choice in choosing a lovely, all-round farm girl for sweetheart next year.

Seems that several Burk and former Burk students are entering national 4-H awards programs. Many of the top winners will receive trips to the 4-H Congress in Chicago or college scholarships. Ralph Swin-

The Burkburnett Star

Board of Education Personnel 1956-57 Term

Mr. Charles Snell, English teacher in the High School was employed in the July meeting of the board. She graduated from North Texas State College, 1955 and has one year experience in the Corpus Christi Public schools.

Mrs. Winnie Martin, English teacher in the High School, she graduated from the University of Texas and has taught previously in the Dallas Public schools and Wichita Falls schools.

Mrs. Judith Murphy, first grade teacher, she was previously employed in the Burk Burnett Independent School District and graduated from Southwestern Louisiana Institute, LaFayette, La., in 1954.

Mrs. Othella Hooker, second grade teacher, graduated from East Central State with a BA degree and received her ME from Midwestern University in 1954. She has been previously employed by the Burk Burnett Public Schools.

Mrs. Joyce Longbotham, fourth grade teacher, graduated from Sam Houston State Teachers College in 1951 and has been employed for the last five years in the Carrigan School in Wichita Falls.

Mrs. Rozella Van Reenan, fifth grade teacher, received her BS degree from Midwestern University in August, 1956. She has had fourteen years of previous experience in the Kansas Public Schools.

The following resignations have been accepted since the close of the school term: **Mr. Earl O. Cox**, Principal of the Junior High School, **Mr. Paul W. Gennung**, science teacher in the High School, **Joe Bob Tyler**, head football coach, **Mrs. Vera Mae Tippens**, English teacher in the High School, **Mrs. Anne Paul Ragan**, Music and Spelling teacher in the Junior High, **Mrs. Johnnie M. Farley**, first grade teacher, **Mrs. Corinne Butin**, 2nd grade teacher and **Mrs. Mary Sargent** fourth grade teacher. **Mrs. Dorothy Robertson's** resignation will become effective Aug. 31. **Mrs. Robertson** is secretary to the Superintendent. **Mr. J. B. Shaw** has been employed to drive the school bus for the Burk Burnett Independent School District.

Calvary Baptist Church
College and Ave. B

Sunday School at Ten A. M. The Bible lesson is the 5th chapter of Romans, "Justification, and What it encompasses."

Morning preaching service at eleven o'clock "Who then Can Be Justified?" Will be the morning sermon subject of the pastors. No one can have a clear understanding of his Bible who does not have a working knowledge of this all important, basic Bible doctrine. Would be happy to have you come and hear this discussion.

Young People meet at 7 p. m. under the direction of Frank and Joan Bessemer.

Night preaching and song service at 8 p. m. The pastor will continue the study of the book of Revelation, emphasizing the fact that this book is a revelation and not a mystery as some seem to believe. Our study this Sunday is Revelation two and three "The Church Age."

We welcome you to this Bible studying Christ exhaling church.
Ray C. Morrow, Pastor

No formal dinner is complete without nuts. Always invite a few.

AT THE PALACE THEATRE

Social Spectrum For 'Revolt Of Mamie Stover'

One of the more colorful and varied group of extras to be assembled for a motion picture will be seen in "The Revolt of Mamie Stover," the Twentieth-Century Fox CinemaScope De Luxe color production, starring Jane Russell and Richard Egan, which will be the next attraction at the Palace Theatre. Among them was a Navy commander, the wife of a millionaire; a number of prominent business men; radio announcers and some tourists.

All of this came about through Honolulu's active little theatre movement. In order to get the feel of working in a professional outfit, this corps of amateur actors volunteered for extra work. There were also some airline pilots who wanted to kill time between flights and of course tourists who considered the experience a part of their vacation. Director Raoul Walsh recruited

ed 1600 extras for a sequence depicting the panic in Honolulu following the Japanese attack upon Pearl Harbor, keeping in mind that Honolulu compasses the full racial spectrum of the world and is considered a unique melting pot. The extras ran the gamut from millionaires to dock workers. The response to Director Walsh's appeal for supernumeraries was so enthusiastic that police were called to the Twentieth Century Fox office on Pier 12, to maintain order.

Police estimated that about two thirds of those who applied only wanted the fun of working for a film company while the other third was interested in the money. It so happened that the scenes, which form a colorful part of the picture, which was based on the popular novel by William Bradford Huie, were filmed during the off season in Hawaii's big tourist industry.

Charles Caffee To Get Tech Degree

Thirty-five students in the Texas Tech Engineering Division are candidates for bachelor's degrees at the end of the Summer Session August 24th.

The list, announced by Dean John R. Bradford, has students from six of the Division's seven departments. The candidates include **CHARLES RAY CAFFEE**, architecture (design option) of Burk Burnett.

Hear about the two whales who met in the sands of the desert? Said one to the other, "Long Time No Sea."

It would be easier for youngsters to learn good manners if they saw more of them.

Singing Convention At Frederick, Okla.

The Tillman County Singing Convention meets afternoon of the third Sunday, each month at 2:00 P. M.

The next meeting will be held at the Pentecostal Holiness Church on 4th Street in Frederick, Oklahoma.

You are cordially invited to attend and requested to tell all your friends.

Harry Schreiner, Manitou, President

Arab Patriarch Holds Fond Memories of U. S.

Boulos Maoushi, the patriarch of nearly a million Maronite Christians around the world, is a native Lebanese who spent more than a decade of his life as a parish priest in the United States.

The tall, grey-bearded prelate was appointed last year as spiritual head of the ancient Oriental Catholic community by Pope Pius XII. Although many Americans may not be aware of the size of the Maronite sect in this country, the patriarch estimates that there are 100,000 members now living in the United States.

Patriarch Maoushi became well acquainted with these American Maronites during his service as parish priest in New Bedford, Mass., and Los Angeles. A man with a keen sense of humor and strong moral courage, he came to this country in 1923 to study conditions of the Maronite communities in the United States and Mexico.

"At the time I expected to stay on two years," he recalls, but his tour of duty was extended to 1934. During this period, almost all the Lebanese emigrants in America knew young Maoushi who devoted himself to community service. As a parish priest in Los Angeles, he launched a fund-collecting campaign to repay debts incurred by the local Maronite House and also managed to build the city's "Madonna of Lebanon" church.

"We had just completed our new church and I thought at last I could relax when I was called back to Lebanon in 1934 to become Bishop of Tyre," the 61-year-old prelate recalls. He succeeded Bishop Shukrallah Khouri, who died in the same year.

A man with a broad international background, the patriarch was educated in Lebanon, Rome and Paris, and is the master of seven languages. During his eleven years in United States, he absorbed the values of freedom and democracy, plus the intrinsic dignity of the individual, and today stands as a staunch supporter of all these values.

4-H Members Study Conservation

Texas 4-H club members have for many years attended special camps each summer where subjects ranging from wildlife to human conservation have been studied. For almost 20 years these camps have been financed in part or total by the Federal Cartridge Corporation.

The 1956 camps were held in extension districts 3 and 5 at Buffalo Gap and Lake Trinidad with 218 4-H members and 105 other including county extension agents, specialists and leaders attending. Training in such subjects as soil and water conservation, plant life, forestry, wildlife, entomology, conservation of human resources and highway and rifle safety was given.

Each 4-H member in attendance prepared a statement on their experiences at camp and one boy from the two camps was awarded a year's membership in the National Geographic Society by the Federal Cartridge Corp. for excellence in reporting.

Winners of the award in District 3 were Bonnie Lee Lenoir of Stephens county and Jimmy Couch of Baylor county. The district 5 winners were Janet Kay Castle of Hopkins county and Paul Payne of Titus county.

Miss Lenoir reported new information gained in water safety, recreation planning, new ideas on crafts and safety practices. She expects to use the information in working with other 4-H members and home demonstration clubs. Couch lists information gained on insects and wildlife as very valuable also his experience working with other campers in his capacity as district co-chairman.

Miss Castle says she hopes to make a collection of birds and animals and prepare them for use in demonstrations to be given in her home county. Payne reported that the training he received in soil and water conservation and forestry will enable him to do a better job on his home farm and also in helping other 4-H members with their conservation activities.

Women can keep a secret just as well as men, but it generally takes more of them to do it.

PTA News

As vacation ends and school draws near our minds turn to the interest of our children's welfare both in the preparation of securing for our children adequate clothing and health examination which are necessary that your child will not be embarrassed.

To dress differently from the other children, not being able to do as other children, a child is called a handicapped child.

All parents want normal children, to the best of a parent's ability he will see that his child has adequate provisions materially.

Handicapped child does not mean primarily an invalid, but a child can be handicapped in many ways, one way that enters the picture is for this child to have parents that never enter the school building to meet his teacher, to see his room or acknowledge his work.

Any school administrator can tell parents how important it is to a child to have parents participate in school activities.

Perhaps in the past you have not had time, please arrange time this school year, it means so much to your child.

We think you would enjoy Parent-Teacher work. Our work this year is based on "The Family and The Community," each shape the other, the PTA serves both. Won't you help make this a big year?

Mrs. R. C. Moser
Pres. of Hardin PTA

the Snapshot Guild

Beauty on the beach—nicely posed for an informal group shot.

KEEP YOUR GROUP SHOTS SMALL, INFORMAL

In taking group shots, there are a few points to keep in mind. First of all, don't try to shoot too large a group at one time. You'll find two pictures are really better than one—if more than a half a dozen people are going to compose a single unit for your viewfinder.

Next, be sure your subjects have a center of interest so that you don't end up with the kind of stiff-necked, glassy-eyed composition popular in Grandmother's album. Just keep your camera trained on the little conversational groups that form naturally—several people sharing a joke, three or four guests admiring the table decorations, a happy couple or two having a hard time deciding what to select at the groaning buffet board. Natural groupings like these are your best insurance of good snapshots because the subjects are less likely to be self-conscious or even aware of the picture taking in progress.

If you're using flash to light your indoor snapshots, try to have all the members of your group at approximately the same distance from the camera. Otherwise, you'll have uneven lighting on your subjects, making those in the foreground appear too light and anyone in the background much too dark.

Any festive occasion just seems to beg for color film—and the newest type is a snapshotter's delight. It may be used in daylight or with flash without the addition of filters or blue flash bulbs to compensate for the different light. Imagine how wonderful it is to have one color film that can be used anywhere—indoors or out, with flash or without!

No doubt about it, a party lends a fillip to daily living. Why not capture the fun on film so you can have a permanent memento of "the good time that was had by all"? —John Van Gulder

Dude Smith All-Around Rodeo Champion

Dude Smith of Burkburnett, Texas won the title of All-Around Champion cowboy at the Rodeo in Pretty Prairie, Kans., July 17-19 and was awarded a pair of genuine Justin cowboy boots from the Justin Boot company of Ft. Worth. Smith drew a high total of points in the saddle bronc riding and steer-wrestling events to win the Championship title.

The boots are a special award presented by Cy Taillon, veteran rodeo announcer and master of ceremonies who announced the rodeo there. Championship was determined on the basis of Rodeo Cowboys' association points earned by contestants.

Taillon, who has been announcing rodeos for over a quarter century, is recognized as one of the best dressed men in rodeo work. The Justin boots which he presented are made by the

It doesn't cost a cent to Take a Ford Test Drive... and you may save hundreds!

Would you trade 20 minutes of your time for a saving of hundreds?

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford seat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound

insulation under the hood, under the roof, in door and body panels—the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members including a "K" member in its frame. Ford's leading competitor only has

two. We'll show you the deep-block V8E engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.

FORD goes first

From Your STATE CAPITOL

VERN STANFORD
Press Association

es of Texas are on Chica week. And politically the state nestles in one pocket.

Johnson heads the delegation, each of will cast one-half vote of 56 nominating votes. pledged to support him for son nominee until they vote.

After they will vote under rule, probably for candidate favored by Johnson. All delegates and alternates were selected at convention with the approval.

Texan. Speaker Sam figures prominently in an affairs. He will be over a presidential con the third time.

CONVENTION IN — Who will win out and the September State Dem Convention is a subject of debate.

outcome will not be until the meeting gets way in Ft. Worth. Rival and liberal delega struggle for nearly 600 control hinges places.

and county convened some 577 definitely delegates, about 324 con. But neither side can 1900 vote convention contested seats.

Smith Voigt of San An leader, charged the conservative execu committee planned to "steal" the convention. She asked that state convention, which adjourn rather than adjourn convened to take charge of the convention.

Committee Chair-ge Sandlin dismissed's charge as "the same every two years." dismissed the committee all contesting dele-fair hearing and seat ally entitled to places.

He predicted the convention would be made up of middle of the road conservatives "with no axe to grind."

As for the May convention, he felt the intervening precinct and county conventions had made it past history.

WEBB INVESTIGATION IN CONTROVERSY — Who should investigate alleged voting irregularities in Webb County is still being debated.

Atty. Gen. John E. Shepperd has twice been set back in efforts to set up a state level inquiry. But his office said he intends to continue the fight.

At Shepperd's guest, Austin Dist. Judge Charles O. Betts sent Dan Moody, Jr. to Laredo to act as master of ceremony of an inquiry.

Webb County Judge R. D. Wright issued an injunction to stop Moody investigation. He claimed prior jurisdiction for the questioning being conducted in his own court.

Shepperd and Moody took the matter to the State Supreme Court which rejected their petition.

Meanwhile, the Webb county grand jury indicted seven persons. But spokesmen for the Reform party called this "window dressing." They were still working for an investigation originating in Austin.

ReHearing Asked in Santa Fe — Case — Awaiting the Supreme Court when it reconvenes in October will be a motion for rehearing in the long contested Santa Fe Railway case.

In July the court upheld the right of unions to make closed shop agreements in the railway industry. Such contracts are prohibited by the state "right to work" law, but allowed by the federal railway act.

In their motion, railway attorneys asked the court to reverse the July ruling or modify it. They contended that union contracts should be allowed only for collection of "dues" and assessments necessary to support collective bargaining action.

Smaller Cotton Crop Seen — King cotton is wearing a drought scarred crown.

U. S. Dept. of Agriculture estimates put Texas' 1956 cotton

crop at 3,600,000 bales, compared to 4,029,000 last year.

Prospective yields ran to extremes. They were termed "extremely poor" in dryland areas, excellent in irrigated sections.

Farmers who did not grow cotton will get the lion's share of Texas' soil bank payments. Of the \$22 million to be paid to Texas farmers by the federal government within the next few weeks, more than \$16 million will go for idle cotton acreage.

Other payments: \$5,524,000 for wheat, \$372,000 for peanuts, \$210,097 for rice.

Justice Department Suggested — Texas needs a department of justice to bolster local enforcement of state criminal laws.

State Auditor C. H. Cavness made this suggestion last week in a report on the Department of Public Safety. He pointed out that legislative investigators had urged such a move three years ago.

Cavness also noted that while the DPS funds and staff have grown, they have not kept pace with needs and responsibilities.

Federal Inquiry of US Trust — A federal grand jury investigation of the bankrupt US Trust and Guaranty Co. is scheduled for Sept. 24th.

Federal officials would have the power to prosecute if they found the company had violated US postal regulations or securities laws.

US District Attorney Malcom R. Wilkey of Houston declined to say what course inquiry might take.

Short Snorts — Withdrawal of Sen. A. M. Aikin, Jr., from the lieutenant governor's race for

health reasons caused only minor delays in second primary preparations. Most cities reported they had printed only a few ballots for absentee voters in urban counties voting machines were changed with little difficulty.

State Health Department officials last week warned gardeners against use of some of the newer "organic phosphate insecticides." Such sprays are safe only in the hands of professionals who use protective clothing, goggles, respirators, said the department.

Texas Dept. of Public Safety polygraph (lie detector) examiner Dee Wheeler has been named one of the outstanding authorities in his field in the country. Wheeler was cited in the book "From Evidence to Proof," by Michigan Marshall Houts, former FBI man, lawyer and judge.

William L. McGill, state civil defense director, has been in M. D. Anderson Hospital in Houston for examination and observation. McGill is nationally known for his work in civil defense.

Municipal Electric Utilities Are Tax Relieving CITY OF BURKBURNETT

You get more car when you buy it... more dollars when you sell it! Chevy has the highest resale value of the leading low-priced models!

Why people who used to buy higher priced cars are changing to Chevrolet

Sales and official registration figures show that the higher priced cars are losing more and more buyers to Chevrolet. And it isn't just because a Chevrolet costs less, either!

If you buy a higher priced car instead of a Chevrolet, what do you get in return for those extra hundreds of dollars?

More room? No, because the difference in room is usually measured in fractions of

inches—often in Chevrolet's favor! Better road-ability? Not with Chevy's wedded-to-the-road stability and sure-footed cornering ability. Better performance? Well, Tom McCahill, automotive expert for Mechanix Illustrated, called Chevrolet "the greatest performance buy ever offered at any time in America!" Result: more buyers are deciding they'd rather drive a sweet-handling Chevrolet even if it didn't cost less! Wouldn't you?

America's largest selling car—2 million more owners than any other make!

Only franchised Chevrolet dealers **CHEVROLET** display this famous trademark

Two and two Together

Answer depends on what you are adding. Two plus two apples always equal four apples. Two dollars plus two dollars soon become MORE than four dollars when you put them in your savings account. The difference (in your favor) is the interest that is added, as earned, to your original deposit and compounded regularly. This accumulating interest, combined with your own systematic savings, steadily add up to that new home, that college education for your children, or whatever else your dreams are made of. Start your savings program today.

ing students in the First Grade in the Burkburnett Independent School District. You will be required to secure a birth certificate on the boys and girls entering the First Grade. Students entering above the first grade are not required to have a birth certificate.

First Grade students will enroll Tuesday, Sept. 4th and be dismissed after they are enrolled (first day only). For the first three weeks, first grade students will be dismissed for the day at 11:20 a. m.

The first grade students that ride the bus will be supervised during the remainder of the day, if it is impossible for the parents to pick them up.

QUESTIONS and ANSWERS . . .

Q—I hold a Korean GI term insurance policy. Do I have the right to convert to a permanent plan? I am not a disabled veteran.

A—No. Under the law, Korean GI term insurance policies may not be converted to permanent plans of insurance. Service-disabled Korean veterans, however, may obtain permanent forms of GI insurance.

Q—My father died in military service, and I am eligible for training under the new education program for children of deceased veterans. May I take my training on the job?

A—No. The law prohibits on the job training. Your training must be taken in the classroom. Q—I am a totally disabled vet-

eran drawing a monthly pension from VA. My GI endowment insurance policy has just expired so I receive a small amount each month. Are these insurance proceeds considered income for pension purposes?

A—No. Proceeds of GI endowment policies are considered as income for pension purposes.

Q—I am attending school under the Korean GI What is considered training?

A—Va will accept that of a responsible official school as to whether or not taking full-time training, as you are a resident of Courses pursued in school, however, will be considered less than half-time.

Most people like a person comes right out and says what they think, especially when they think what we think.
