Letter to a Burkburnett Driver

The driver of the 1938 with the license plate I address this letter to the many others who drive down the city as if you were an Indianapolis Speedster.

A little boy who was born on Day. I love him very much. I am sure that when you were 3 years old you were just as anxious as I am now to get out of the house and down the street. I am sure that when you were 3 years old you were just as anxious as I am now to get out of the house and down the street. I am sure that when you were 3 years old you were just as anxious as I am now to get out of the house and down the street.

Let me say, though, that you are not wholly to blame. Your parents will share a great deal of responsibility for your death because they failed as parents to teach you the proper regard for the lives of others, the proper respect for obeying the laws, the courtesy and consideration all good citizens should possess.

And equally to blame will be the law enforcement officers of Burkburnett, one in particular, who lives almost across the street from you and I am sure has seen your reckless driving many times. Many people living on my street share my complaints against you, but they shrug their shoulders and say "What's the use?" You report him and the law does not do any thing.

I doubt if anyone can do anything to correct the situation except yourself and the others like you. When you have killed or crippled a child it will be too late to change your ways. So please start as of now. You will be averting trouble and heartache to yourself and your victims. May God give you the knowledge to see yourself as we parents see you — a potential killer.

Bill O'Brien New Assistant Coach

Assistant football coach of the Burkburnett High School this year will be Mr. Bill O'Brien of Sherman, Tex. Mr. O'Brien attended Texas University for one year and Austin three years. He played center on both of the college teams and was chosen to play in the coaches all star game of 1950.

Mr. and Mrs. O'Brien and their daughter will make their home in Burkburnett. Mr. Jack Robertson is head coach of the Bulldogs this year replacing Mr. Joe Bob Tyler who resigned this summer to accept a position with the Wichita Falls High School football team.

a day. I know the sound of your car already. It is really a shame to think that such a young, nice-looking boy like yourself will probably not live to maturity. It will be your name I will be reading in the paper one of these days, as the victim of an accident, a fatal accident. I will recognize the name because I have seen it on your western belt.

Let me say, though, that you are not wholly to blame. Your parents will share a great deal of responsibility for your death because they failed as parents to teach you the proper regard for the lives of others, the proper respect for obeying the laws, the courtesy and consideration all good citizens should possess.

Jr. High 311	Jr. High 311	Jr. High 0
Hardin 521	Hardin 490	Hardin 31
Primary 149	Primary 146	Primary 3
Total 1273	Total 1223	Total 50
Colored 44	Colored 40	Colored 4
Total 1317	Total 1263	Total 54

More students are expected to enroll Wednesday, Thursday and Friday.

FIRST DAY OF SCHOOL

All the children have gone today
And left the house a quiet place.
Of all the noise that ruled their play
There is no trace.

The nursery is almost neat,
Old toys and clutter out of sight,
But in the silence ghostly feet
Whisk left and right.

The golden cockers sadly leap
Upon the arms of couch and chair;
Forlorn, and quivering, they sleep
In dark despair.

I try to dust and sweep the floor,
To mend a bit and darn a sock,
But I keep looking out the door,
And at the clock.

All Vehicles Stop For A School Bus Loading Children

Texas school superintendents, news editors and other citizens have been requested to give state wide emphasis and interpretation to the oft-neglected Texas law which requires all vehicles to stop when approaching a school bus loading or unloading children. Three state agencies, The Texas Education Agency, The Texas Highway Dept., and the Texas Dept. of Public Safety, joined in making the appeal.

Texas school buses were involved in 379 accidents in rural areas (outside city limits) during 1955. Three children and two adults were killed in these accidents. "Even one preventable accident, as we all know, is one too many," says J. W. Edgar, Commissioner of Education. A study of the various replies which have been made to the question of what drivers of other vehicles should do when they approach a school bus which is loading or unloading children reveals a startling lack of understanding and a great deal of misunderstanding concerning what the statutes require.

The law says, in effect, that upon meeting or overtaking from either direction a school bus which has stopped on the highway for the purpose of receiving or discharging children, the driver shall stop immediately before passing, then proceed with due caution at a speed that is prudent and does not exceed ten miles per hour. The law does not apply with in city limits.

Vehicles are not required to stop on highways with separate roadways when the bus is on a different roadway from that of a passing vehicle. Vehicles are not required to stop if the school bus is stopped in a loading zone which is part of or adjacent to a controlled-access highway and where pedestrians are not permitted to cross the roadway.

Edgar said motorists can identify a school bus easily because "School Bus" appears in large letters across the front and rear of each bus. "All public school buses are painted in a uniform yellow color and trimmed in black," he pointed out. School buses are equipped with flasher light front and rear and usually mounted high on the bus. Flashers are used only when the bus is in the process of stopping or is stopped to receive or discharge children.

In conjunction with the educational program for drivers of all type vehicles, the State Dept. of Education is preparing a bus driver's handbook for distribution to the 8,000 school bus drivers in Texas. The manual will include pertinent safety regulations affecting school bus drivers. Edgar said information about the law would continue to be distributed in all parts of Texas until every citizen has had an opportunity to understand the importance of this law. He suggested that superintendents enlist the help of parents, students and local service groups in spreading facts about the law to all Texas drivers.

Burkburnett Bulldogs vs. Holliday In the Local Stadium Friday Night

Opening Kickoff At 8:00 P. M.

The Burkburnett Bulldogs will open the football season here Friday night when they oppose the Holliday Eagles. Coach Jack Robertson and his assistant, Bill O'Brien, have been working out the boys just a short while and it is too early to make any positive predictions concerning the local team. Only one thing is certain: the boys want to play football, they like their coaches and that goes a long way toward a successful team.

Holliday, although a much smaller school, always plays Burkburnett hard and close. It may not be comforting to local fans to know that Holliday has eleven lettermen back from last year's team. Burk barely beat them last year. The weather should be ideal for tomorrow's game. Plenty of choice seats are still available. Season reserved seats may be obtained at the High School tax office up until 4:00 o'clock Friday afternoon. No reserved seats will be on sale at the box office the night of the game.

Civil Defense Meeting Mon.

Department heads of Civil Defense met with Ervin Drake, director, last Friday night at the City Hall.

Duties of each were explained and a mass meeting for further organization was called for Monday night, 7:30 o'clock, at Town Hall.

Quarterback Club To Meet Mon. Night

The Quarterback Club will meet Monday night, 8:00 o'clock, at the High School.

Films of Friday night's game will be shown. All members and prospective members are urged to attend.

LIONS CLUB

Meets at Town Hall, 7:00 P. M. Each Tuesday

Roy Simpson of Houston was the guest of Jack Robertson. Bill O'Brien, assistant football coach, was the guest of Leo Evans.

LeRoy Meyer, in charge of the program, conducted a simulated baseball game, asking questions taken from Lions constitution and by-laws. Next week A. W. Newman will bring the program. W. W. Chambers, attendance chairman, stressed more perfect attendance for all members.

Burk Riding Club Won Second Place At Nocona Parade

The Burkburnett Riding Club brought home another trophy this week. The club won second place in the Nocona Chisholm Trail Roundup Monday, Sept. 3. Little Miss Sherrie Lee Gragg daughter of Mr. and Mrs. Ellis Gragg and granddaughter of Buster Morgan, rode as honorary queen and led the Burk club in the Labor Day parade. R. G. (Ruff) Redman, vice president, accepted the beautiful trophy for the club.

The members of the club, club mounted on some of the best horses in this entire area, rode in matched pairs wearing their beautiful black and white costumes. They carried colorful flags and banners which were a recent gift of the Burkburnett Chamber of Commerce.

The club, owned and operated by its individual members, have enjoyed a very successful year and expect to represent Boom Town in several more parades and rodeos this year.

Sears 4-H Pig Show At Iowa Park Fair Grounds Sept. 15

The Annual District 4-H Sears Pig Show will be held Saturday, Sept. 15th at the Iowa Park Fair Grounds. The gilts and boars will be judged at 10:00 o'clock. The show will be judged by W. B. Hooser, county agent from Hall County. Ribbons and prizes will be awarded by Roy Dye, manager of Sears. Counties participating in the show are Wilbarger, Wichita, Clay, Baylor and Montague. The county champion gilt and boar from each county will be shown in the District show.

The county 4-H Sears Pig Show will be held at the same time and place as the District Pig show, announced B. T. Haws county agent, except the gilts will be judged an hour earlier (9:00 a. m.) than judging of the District show. Gilts will be judged by W. B. Hooser county agent of Hall County.

The champion county gilt will compete in the District. The Wichita County 4-H boys showing gilts are Larry Cully, Jimmy Moser, Freddie Street, Don Bates, Douglas Beaver, Jerry Richardson, Olen Baley and Jerry Wright. Roy Richardson will show his boar in the district show.

The boys and their parents will be fed at noon through the courtesy of Sears.

Mr. and Mrs. Pat Crawford of Eastland are visiting her mother, Mrs. J. W. Keller here this week.

Last Chance for Football Tickets

Last chance to get season football tickets, five home games for \$5.00, is Friday, September 7th, at 4:00 o'clock. The tickets may be picked up at the High School tax office.

There will NOT be any season tickets on sale at the boxoffice Friday night for the game with Holliday. After Friday evening reserved seats may be purchased only for single games, at \$1.25 each.

ROTARY CLUB

Each Tuesday Noon Town Hall

Cliff Wampler was responsible for a very interesting program Tuesday when he introduced Major Johnson of Wichita Falls. Major Johnson spoke to the club on Salvation Army Social Services and showed a film, The Street of Lost Hope. His talk and the film proved very educational and was appreciated by the club. Major Johnson has had 30 years of varied experience with the Salvation Army.

Burn Alexander introduced the guests and guest Rotarians. Thirty-seven were in attendance. Next Tuesday, Harold Van Loh will bring the program.

Card of Thanks

We wish to express our sincere appreciation to friends and neighbors for the beautiful floral offerings and for the comforting words of sympathy in the passing of our loved one.

The W. E. Reed Family

Jerry Brookman of the US Navy is home on leave this week visiting his parents, Mr. and Mrs. John Brookman. He is stationed at San Diego, Calif., on the USS Pamfret.

Mrs. J. W. Keller has returned home from Texas A&M where she visited her grandson, Mr. and Mrs. Wid Phillip Crawford and new baby.

Mr. and Mrs. John A Bennett and children of Ft. Worth visited her parents, Mr. and Mrs. J. E. Gentry here over the Labor Day holiday. The Bennett's two daughters, Karen and Sandra, returned home with them after several weeks visit here with their grandparents.

Mr. and Mrs. Jack Duke left Sunday on a two weeks vacation that will take them to Yellowstone National Park, Seattle, Wash., Portland, Ore., and several northern states. They will also visit their son, Mr. and Mrs. Leon Duke and daughter, in Billings, Montana.

Bills Radio & TV Open 'til 9:00 P. M. On Thursdays

Mr. Jesse Bills, owner of Bill's Radio and TV Center, announced this week that beginning Thursday, Sept. 6th, his store will remain open until 9:00 p. m. every Thursday night. Mr. Bills hopes that many of the working people will take advantage of this new time policy.

New Type

This week the Star is all dressed up in a new type face for its news columns. The new type is

9 Point Corona With ERBAR Bold

The Old Type, used for a great many years, was

8 Point Linotype Excelsior With Bold Face

Although the new type is only one seventy-second of an inch larger than the old type, it appears to be much larger. We believe our readers will find the Star more readable now, with less eye strain.

The type at the head of this box is 30 point, used for ads and some heads. It is also a new addition.

Parks - Knox Wedding Scheduled For Mon., Sept. 17

Mr. and Mrs. J. C. Parks announce the engagement and approaching marriage of their daughter, Margaret, to Mr. Monte Knox, son of Mr. and Mrs. R. W. Knox, all of Burk. The wedding has been scheduled for Monday, Sept. 17th in the home of the bride-elect's parents.

Miss Parks is a 1955 graduate of Burkburnett High School and attended North Texas State College at Denton for one year. Mr. Knox is also a graduate of Burkburnett High School.

The couple will make their home in Odessa where he will be employed by an oil firm.

Mrs. C. E. Heiserman and boys James and Robert, have returned to their home in Decatur, Ala., after a visit here with her parents, Mr. and Mrs. Jim Turner and with Mr. and Mrs. Ed Heiserman in Iowa Park.

Mr. J. S. Gore is reported to be improving nicely following surgery last Saturday in a Wichita Falls hospital. He hopes to be home some time this week.

Delicious refreshments were served the following, one visitor Mrs. G. B. Howell, Rev. Kollmeyer, Mesdames J. H. Kollmeyer, Clarence Schroeder, Paul Schroeder, John Enderli, Chester Lasley, H. A. Mills, Meldon Adamson, Clarence Koenig Misses Clara Schulz, Daisy Rinefeldt and the hostess, Mrs. Krusemark. Hostess for October will be Mrs. Lasley.

Mr. and Mrs. T. P. Randall of Burkburnett and Mr. A. W. Wood of Devol visited Mrs. Carl Powell and family in Ft. Worth over the holiday weekend.

Attention, Burkburnett Citizens

There is to be a mass meeting at the Town Hall MONDAY, SEPTEMBER 10th, 7:30 P. M., for the purpose of enlisting the help of all the citizens of our community in organizing Civil Defense.

Civil Defense is not just an organization for protection of our country against enemy attack, but also to protect our community against any disaster such as tornadoes, fire, flood and other natural distasters.

Ask yourself this question: What would I do if a disaster came to my community?

Would I be trained to do anything to protect my family against a tornado? Do I know of a shelter in my neighborhood?

These are just a few of the things that Civil Defense trains you to know and do.

You inquire, What will this Civil Defense cost me? Not one dime. Just a little of your time.

So people of Burkburnett, if you love your family, and you do, you should be at this meeting and be ready to do something to help yourself, your family and your community.

There will also be a representative of the Ground Observer Corps, there to give details for forming a G. O. C. Post here.

Remember, Monday Night, September 10th.
ERVIN E. DRAKE, Director

School Has Changed a Lot

Went to school again Tuesday—to the first nearly forty years after my first visit to primary school in Southern Kentucky. There is a contrast in the methods and facilities of then.

First day in school is a memorable event. I rode some mile and one-half through the woods, footlog across a creek, then up a long steep hill to the little white school house. A little tin held the lunch. The teacher, a very tall, person, met each student at the door. Each was seated at a double desk. The desks were of different size, the smallest in front, the tall at the back of the one-room building. A large board covered all one end of the building, and smaller ones were down one side. My desk was in the middle of the room with my sister. It lacked inches touching the floor. It was sitting that way—you had to be still and even though we had morning and evening classes, up to the eighth or ninth were in the same room. The youngsters started moving up a grade or two grades a year after hearing the lessons in the upper one learned fast.

My first visit with Mr. I. C. Evans Tuesday morning Primary building was an experience. The tables are large, well lighted and spotlessly clean. The tables and chairs, arranged to face all of the compass, are grouped to suit the needs of the teacher, and I understand the arrangement is changed frequently. Individual lockers are provided. Rest rooms, lavatories and running water conveniences never dreamed of forty years ago. We carried our drinking water from a well some four or five blocks away, and the rest were behind large rocks in a cedar thicket.

GRASS ROOTS OPINION

PALATKA, FLA., Daily News: "The Advocate of public power are all too ready to disregard the drain on the public pocketbook through taxes."

MORAVIA, N. Y., Republican-Register: "Now the next move I am going to push for is that the recommendations of the Second Hoover Commission be put into effect. It's study showed how the government could save about 7 billion dollars a year. That would be a neat reduction in the national debt. Come on boys, get moving."

BOONE, IOWA, News-Republican: "More and more of America's cooking is being done, not in the family kitchen, but by food processors. Even on the farm, where good home cooking is traditional, easy-to-prepare foods from the supermarkets and grocery stores are making substantial inroads. Much has been made of the do-it-yourself rage in this country. But the trend in the nation's kitchens is exactly the opposite."

MANISTIQUE, MICH., Pioneer - Tribune: "Many years ago Abraham Lincoln made the sage observation that government should keep out of those activities where private initiative and effort can do a better job. Of late years there has been an increasingly loud cry for the government to do it."

FORT PAYNE, ALA., Times-News-Era: "Some of the old timers may remember people who were considered fairly well off in the old days but who would be rated as underprivileged now."

ITALY, TEXAS, News-Herald: "The federal government had no right, no power and no authority until it was given them by the various states. Now we are face to face with a federal government that has forgotten its founding. We have a government that through the years has pre-empted rights it never had and which have never been delegated to it by the member states of the union."

WYNNE, ARK., Progress: "History has shown that freedom and paternalism simply don't mix. We hope that freedom will always be more precious to Americans than a federal hand-out."

NORWALK, CONN., Hour: "Michigan State University announces that of 140,000 college scholarships with a value of \$31 million available in the United States, 17,000 went begging last year. The list of unclaimed scholarships should go to the principals of every high school in the land, with request to recommend candidates for them. It also should encourage every qualified boy and girl to go get them. Lack of money is no bar to higher education."

FRANKLINVILLE, N. J., Sentinel: "Fighting soil erosion is a continuing task. Like some of the other things that menace mankind, the time to start the war on erosion is when it begins."

OUR UNSUNG LEADERS OF YOUTH

Opening of school will find more than 2,500,000 youngsters taking their seats in the bands and orchestras that are now a basic part of school life. These youngsters are the favored children of America, for they not only will be gaining the blessings of music in their lives, they will be gaining the influence of those anonymous builders of fine citizens, the bandmasters.

Too much attention is given to the small percentage of young people who find destructive outlets for their creative urge. Far more of our young people are learning to direct this urge and to enrich their lives with it, under the patient, friendly and firm guidance of the men and women who direct not only the music but the development of their students.

According to the Selmer Music Research Center, there will be more than 60,000 bands and orchestras in our school this year. Each will be under the guidance of a man or woman who is a teacher, a musician, a confidant, a leader and an organizer for many young people in their formative years, all on a modest teacher's salary.

America can be thankful for these selfless bandmasters who are making certain that the next generation will be worthy of leadership and capable of living happy lives.

SIX OF THE BEST

Sydney, Australia, like many an American community, has been plagued with juvenile crime. Duck-tailed teen-agers, called bodgie-boys Down Under, have wantonly destroyed automobiles, engaged in gang wars and beaten innocent bystanders.

Sydney's answer takes the form of a two-pronged ordinance. First, the parents must pay for the damage done by their delinquent offspring. Second, as Robert Ruark vividly phrases it, "A father must, in the presence of a police officer, apply six of the best to sonny boy's stern, with a police whip, and to the satisfaction of the attending officer."

Summer Bathing Beauties And Photography Go Together

"WATER SKIERS" — by Dennis Hallinan of Cypress Gardens, Fla. Prize winner in 1956 Graflex photo contest. Speed Graphic 1/25th sec., f11.

ONE popular gripe of amateur shutterbugs is that most pretty girls are available only to the professional photographers. But still, there are many places that amateurs can go to find really lovely lasses.

These young girls are part of the staff aquabelles which grace Florida's Cypress Gardens. Hallinan is a professional, but the girls are there for all to shoot.

The unusual effect which Hallinan has achieved in this photo was done by shooting the fast-moving scene with a slow shutter speed — 1/25th sec. Located on the boat which was pulling the girls along via a long boom, he turned the water movement into a glassy surface, and made the water spray appear to be a crossamer-like lace.

Eastern Stars Conferred Degrees On 3 Candidates

Burkburnett chapter No. 655, order of the Eastern Star, met in regular stated meeting, Aug. 28th at 8:00 p. m.

Ethel Wofford, worthy matron in the East. The meeting opened with the officers drill. Chapter opened in ritualistic form.

The flag was presented by marshal Bertha Skidmore and the pledge of allegiance was led by George Benton, worthy patron.

Worthy matron extended a hearty welcome to all present and introduced one visitor, Mrs. Odel Karstetter of Byers chapter no. 130, Byers, Texas. Mrs. Karstetter is also a past matron of her chapter in the year 1952-53. Seven past matrons and 5 past patrons of Burkburnett chapter were present and welcomed.

Worship Master of Burk Masonic Lodge 1027, Bro. W. T. Zimmerman, gave a short talk. He thanked the Stars for their willingness to help financially toward the new Masonic Temple. Along with the master of the lodge were four past masters, Bro. B. L. Turner, Henry Ferguson, A. C. Houser and Odus McGee. The East welcomed these brothers and hope they will attend often.

Regular business was presented and dispensed of. Under new business, the five degrees of the order were conferred upon three candidates, Grace and Alton Howard and Barbara O'Mary. Those taking part in the initiatory work besides the regular officers were Ruth and Oscar McBride, Odus McGee, Emily Houser, Helen Turner and Neva Zimmerman.

Worthy Matron thanked all pro-tems also the decorating committee, Gladys Carswell and Emily Houser. The hall and dining room was colorful with bowls of zinnia, hantania, bachelor buttons and ivy.

A number of short talks were given under the good of the order. Burk chapter extends a welcome to all Eastern Stars. Meeting nights are the second

and fourth Tuesdays at 8:00 p. m. in the Masonic hall.

Chapter closed in regular form with the officers retiring drill. Refreshments of delicious home made cake and golden punch were served to 33 by Thelma Benton, Elsie Crosley and Helen Turner.

The next regular stated meeting will be Tuesday, Sept 11th.

Morning Worship — 11:00 a. m.
Sunday night Worship — 7:30 p. m.

We wish to extend a hearty invitation to all who do not have a church home, to come and worship with us. The Bible is our only literature. We are an independent pentecostal group and believe in the old time power of God to save, deliver, heal and meet your every need. We extend a special invitation to the children for all of our services.

NOTICE

There will be a special meeting of the Wesleyan Service Guild next Monday evening, Sept. 10th 7:30 p. m. in the First Methodist church.

Mrs. Otto Eggdorf of Wichita Falls will be the guest speaker. She will show colored film of the Holy Lands and other special pictures that she took while touring Europe this summer.

The Woman's Society of Christian Service will also attend this meeting and will serve refreshments to the group.

You will certainly miss a treat if you are not there.

Granie Hale has returned home from Tyler, Tex., where she attended the Oral Roberts campaign. Bro. Roberts preached under the anointing of the holy ghost and sweet unity prevailed all through the revival. Sixty different churches were represented with approximately 4,000 attending each service. The Tyler people were very nice to Mrs. Hale and her stay there was very enjoyable.

Homework is easier... when seeing is easier

Check study lighting when you check their school supplies

Youngsters need plenty of good light for home study to prevent eyestrain, fatigue and resultant inability to concentrate. Good light makes seeing easier and homework less tiring... helps form good study habits that lead to better grades.

Good study lighting is easy and inexpensive to provide. In most cases, a good table lamp equipped with a 150-watt bulb will provide adequate light. The lamp should be well shaded to prevent glare and tall enough to spread light evenly over the entire work area.

Check home study lighting now... start the school year right with better light!

Delightful Pleasant Diverse Happy Healthy Family Life

Mealtimes are corner stones of a happy and healthy life. When the homemaker prepares a good meal, she saves time and effort by careful planning, wise shopping and skillful preparation. There is a deeper satisfaction in knowing the well-balanced meals provides spell good health, and greater resistance to disease for her family. It is more than being a housewife to see that each family member gets all the food they require daily. Even experienced homemakers find it helpful to check a guide regularly. The guide recommended by the extension Service and County Home Demonstration club leaders and demonstrators is called the Texas Food Standard.

Some fourteen Wichita County women have served as leaders and demonstrators this past year. By serving home demonstration clubs in such positions these women have worked to help their club members as well as themselves in planning, preparing and serving well-balanced meals for the American family. These demonstrators have also worked on recipe files, food records, kitchen arrangement, proper equipment, storage of food, use of new electrical equipment, garden management, refreshments and gifts from the kitchen.

Mrs. R. E. Belue from the Ray club reported that every member of her club either completed a new recipe file or is working on one, each member gives one or more gifts from the kitchen each month and each member now uses their new equipment more. In addition to these things Mrs. Belue has also given de-

monstrations to her club and finds that she does more food planning in her home.

Other demonstrators that have completed work for the year are Mrs. B. J. Gattis from Barwise; Mrs. S. B. Allen, Bowie Club; Mrs. C. R. Russell, City View; Mrs. Sam Spencer, Cooper; Mrs. C. J. Cully Eastland; Mrs. M. Proffit, Enterprise; Mrs. A. A. Jacobs, Hardin; Mrs. J. J. Lane, Hillcrest; Mrs. W. A. McClure, Midway; Mrs. Mable Karstetter, Park Area; Mrs. T. C. Adams, South Electra; Mrs. B. E. Rogers, Valley View; and Mrs. Harold Staber, Valley Farms.

These demonstrators or your your county home demonstration agent, Thelma Wirges, will be glad to furnish you with a copy of the Texas Food Standard and the planning booklet, "Good Meals Every Day" if you are interested in planning well-balanced, appetizing meals easier and quicker.

The Picture Of Health by Robert A. Arens, M.D. The Heart Today

The heart is the body's great pump. It is superbly fitted for its lifetime work, and a great deal of stress or bodily change is required to stop it.

Congenital—"born with"—ailments of the heart may interfere with its own circulation. Rheumatic fever may also damage the heart valves. Acquired heart troubles, especially later in life, usually attack the heart through its smaller vessels, particularly those feeding the heart muscle itself. When they become occluded they produce "coronary attacks." Heart diseases of all kinds took more than 800,000 U. S. lives last year: the nation's number one killer.

From 1925 to 1950 some heart disease decreased, but coronary artery disease in the U. S. increased from 20.2% of total heart cases to 44.1% according to Metropolitan Life—a rise of 213%. Many reasons have been offered, such as the mounting stress of our lives, more fat in our diet, obesity, a sedentary life or, later, "Sunday athletics."

Medical progress in heart diagnosis is at a new peak. The cardiologist or heart specialist is aided by the electrocardiographic machine in tracing the behavior of the heart, and by the radiologist in visualizing it. Working together, these two physicians can make the heart and its major blood vessels visible by injecting a catheter directly into the veins leading to the heart or into the heart itself and filling it with a "radiopaque" solution. This is known as angiocardiology. Angiography is a radiological technique to visualize the main vessel that carries the blood from the heart. The radiologist can now use a device to "stop" the motion of the beating heart by taking films at 1/1000 of a second. He can also employ fluoroscopic image amplifiers which make the picture on the fluoroscopic screen 200 times brighter than formerly.

The most effective method for the recognition of heart disease is the annual clinical examination by your personal physician. It is he or the cardiologist who can best judge whether further examination by such specialists as the radiologist is necessary.

The Rawhide Years Is Outdoor Thriller

Universal-International's Technicolor "The Rawhide Years", starring Tony Curtis, Colleen Miller and Arthur Kennedy and opening at the Palace Theatre Sunday, Monday and Tuesday, is a swiftly paced outdoor thriller which casts Curtis in the role of an 1870 gambling adventurer who is forced to lead the life of a fugitive following a crooked card game aboard a river steamer.

Colleen Miller is seen in the feminine starring role cast as a gambling hall entertainer, and popular actor Arthur Kennedy shares star billing with the youthful pair.

Important supporting roles are handled by William Demarest and William Gargan.

Mr. and Mrs. Homer C. Gilbert attended the Gilbert homecoming and reunion at Oklahoma City Sunday. Approximately 85 relatives gathered at Spring Lake for a picnic lunch and visiting.

Mrs. Manila Franks and Margaret of Dallas visited friends in Burkburnett last week end.

Mr. and Mrs. C. R. Chambers are visiting his brother and wife, Mr. and Mrs. Truman Chambers in Glenwood, Iowa. They plan to return via Missouri for a visit with an uncle and aunt.

Mrs. J. D. Majors was a Burk visitor for a short while Tuesday. She has been recuperating from a recent illness in the home of her daughter, Mrs. Garland Johnston in Vernon.

Misses Beverly and Anita Netherlain have returned home from a very enjoyable vacation in Old Mexico, New Mexico and Texas.

'Dead' Air Cells Add To Comfort in Home

Scientists discover long ago that "dead" air trapped in minute spaces is a poor conductor of heat. That's why mineral wool insulation, with its millions of dead air cells, minimizes the transfer of heat. This action helps keep the interior of a house cooler in summer and warmer in winter.

CURTAINS COVER FRAME
Curtains look best when they cover the whole window frame. Fasten hangers at the very corner, using screws, not nails, in order not to split the wood.

Mrs. C. O. WOODLEY

Mr. and Mrs. A. J. Mays entertained a group of friends with a fish fry and home movies Sat. on the lawn of their home. Guests present included Mr. and Mrs. Bryan Harrison and children, Mr. and Mrs. L. M. Osborn and children, Mr. and Mrs. Vernon Lagrone, Mr. and Mrs. U. S. Hill, Mr. and Mrs. T. A. Landers, Mr. and Mrs. W. M. Harrison, Mr. and Mrs. E. Watson, Mr. and Mrs. Buck McClurkan, Mr. and Mrs. Robert Hopkins and family, Hugh M. Frye, Jim Frye, Mon Ridings and Amiel Miller.

Mrs. Eva Lou Moon of Okla. City visited her parents, Mr. and Mrs. Claud Doty over the Labor Day weekend.

Mr. and Mrs. Gordon Gore and Mrs. Gore's mother, Mrs. Durham of Frederick, visited Mr. and Mrs. Jessie Cates recently.

Mr. and Mrs. W. L. Frye visited their son, W. L. Jr., and family in Cleburne, last week and experienced watching a cyclone pass close by where they were visiting.

Mr. and Mrs. Cecil Taylor and daughter, Linda Joyce, and Mrs. Taylor's mother, Mrs. L. Kinnet and her sister, all of Wichita Falls visited Mr. and Mrs. Earl Palmer Sunday.

Mr. J. H. Gardner of Chattanooga visited his daughter, Mrs. O. D. Nalls Sunday.

Cecil, Fred and Leon Stevens of Okla. City visited their parents, Mr. and Mrs. W. H. Stevens over the holiday.

Mrs. Rose Hopkins of Randlett spent Sunday in Devol with her children, Robert Hopkins and family and Mrs. Mae Robbins and family.

Mr. and Mrs. Melton Hardin and children of Big Springs, visited his mother, Mrs. Dolly Hardin over the weekend.

Mrs. Ollie Ridings and Mun Ridings were Sunday visitors of Mrs. Burns in Burkburnett.

We would like to correct a mistake made last week when it was stated a daughter was born to Mr. and Mrs. Finith Jernigan. It was a son who was born Aug. 24th weighing 8 pounds and 11 ounces and named Floyd Edsil Jernigan.

Mrs. Callie Baumhardt who moved to Kansas last spring, has returned and will make her home in Devol this winter.

Guests in the C. O. Woodley home over the weekend were Mr. and Mrs. J. R. Woodley and daughters and Mr. and Mrs. G. A. Woodley of Wichita Falls.

Mrs. Eva Phillips of Okla. City, Mr. and Mrs. Dick McLain and Mr. and Mrs. Jack Day and Debbie of Grandfield and Mrs. T. P. Randall of Burkburnett.

Mrs. Dorothy Brown and children of Archer City visited her parents, Mr. and Mrs. A. S. Patterson Sunday.

Mr. and Mrs. Jim Spillers of Austin, Tex., Miss Joyce Hutson of Wichita Falls and Mr. and Mrs. Charles Moran of Hollister visited in the Guy Hutson home Sunday.

Card Of Thanks

We wish to thank our many friends and neighbors for the many cards, flowers and gifts that Mr. Gore received during his stay in the hospital. Your many kindnesses will be long remembered.

Mr. and Mrs. J. S. Gore

Clara Hamilton, Elizabeth Cragg, Cora Lee Harmon went to the Pilgrimage at Corsicana and attended a program at the childrens orphanage. On their way back, they visited the old folks home in Ennis and toured the homes which included a new hospital wing.

The Picture Of Health

Gallstones

While men are more apt to suffer from heart trouble, women are more apt to have gall bladder disease. Three to five times as many women as men have gallstones.

The first symptoms of gall bladder disease may be quite mild, a little indigestion or a sense of fullness in the abdomen after eating. Subsequent symptoms may be pain under the right ribs or in the upper back, with intestinal gas. If a stone blocks the passage of bile from gall bladder to intestine, the food is not properly digested and the patient may become slightly jaundiced.

When gallstones form and produce pain doctors usually recommend removal of the gallbladder. This eliminates the risk of infection, rupture, peritonitis or possibly a cancer-inducing irritation. The gallstones never dissolve.

The radiologist can find gall stones and demonstrate poorly working gallbladders by special techniques. Sometimes the stones are composed of a fat called cholesterol, and cannot be seen on the regular x-ray film. To demonstrate these the radiologist gives the patient several tablets to swallow the night before. The chemical in the tablets is opaque to the x-rays. It will be picked up by the liver and passed into the gall bladder where it may be stored until needed. The chemical, by surrounding the "fatty" stones, makes them stand out as dark round balls. Sometimes the tube or duct leading to the gall bladder will be blocked and the chemical cannot reach the gall bladder. In this case the gall bladder will not be visible and this too is important to know.

The radiologist reports all his findings and recommendations to the referring physician, whether family doctor or surgeon. With this information, plus the other examinations, the personal physician can then make a sound decision as to what treatment should be followed. During these operations, the radiologist is often called upon to make an x-ray examination of the bile ducts to be sure that all the stones have been removed.

Operations for the removal of the gall bladder are serious, but nearly all patients have marked improvement and can again lead normal lives and enjoy good food.

Ford Trucks Cost Less!

"I earn as much as \$30 a day more because my Ford T-800 tandem job can carry more payload than comparable trucks," says timber-hauler Clarence Landwig

"Low cost, dependability, toughness—that's what I get in Ford trucks," says John Karkis. "Ford's power takes me through tough going that would stop many another truck."

Only a Ford pickup gives you the economy of modern Short Stroke design in both Six and V-8!

Ford's low initial prices mean real savings, to be sure. But the on-the-job savings you get in Ford trucks count even more!

Take running costs; they're downright low. Because only Ford gives you the gas and oil economy of modern Short Stroke power in every truck. Only Ford offers Short Stroke engines backed by over 5 billion miles of on-the-job experience.

Upkeep costs are low because Ford trucks are built extra strong. They outlast all other leading makes—a fact certified by independent insurance experts. That same stand-up ruggedness means greater dependability, too.

And when it comes time to trade—you'll gain from Ford's traditional high resale value, too. You'll find that, from start to finish, Ford trucks cost less.

THE BIG FLEETS BUY MORE FORD TRUCKS THAN ANY OTHER MAKE

Ford Trucks last longer

Using latest registration data on 10,502,350 trucks, life insurance experts prove Ford trucks last longer.

"When you figure low running and upkeep costs, high trade-in and low price, we feel that nothing can beat Ford trucks for value," Charles Sofer, president of I. Hart & Co.

"Ford's Short Stroke engine design and rugged chassis mean low operating and maintenance costs," says John Coleman, whose firm operates 45 Ford C-750's.

News From The County Ag. Agent and HD Agent

The nation's first billion bushel wheat crop was produced in 1915-16 and the next one in 1945-56. But for the next nine years, except for the 1951-52 crop the nation's annual harvest exceeded the billion bushel mark.

To prevent losing 20 to 30 per cent in milk production, give dry cows adequate feed and care for a period of 6 to 8 weeks before calving. This is a good time to clean up the calf barn and lots. Sanitation is important in raising strong healthy calves.

Several Wichita County farmers are busy cutting silage for their livestock. Silage is a must in a dairy program. Silage also makes good feed for beef cattle. Most of the silage in the county is put in pit silos.

Clothes do not make the girl, but they do have a decided effect on the impression a girl makes, according to Thelma Wirges, county home demonstration agent. It's not a matter of money. An attractive wardrobe is within reach of every girl who is willing to spend some time and thought in careful planning.

Right now girls are busy making plans for back-to-school wardrobes. Some times it becomes a matter of trying to keep with Susie Jones, unless a girl has some guide for taking stock of her own needs, and takes

pride in developing her own plans.

"Wardrobe planning," a new leaflet written by extension clothing specialists, makes the job easy. It has clever sketches and easy to follow directions for planning a complete wardrobe.

Get a copy of "Wardrobe Planning" from your county home demonstration agent's office 305 Federal Bldg. Wichita Falls.

Members of the county garden committee, Miss Thelma Worger, county home demonstration agent, Miss Emily Moore, Burkburnett Homemaking teacher and John Sibley, Iowa Park Vocational Agriculture teacher met this past week and averaged scores for the 1956 gardens. The winners are: first Mrs. Thomas Smith, active home demonstration club member of the Enterprise Home Demonstration club; Myra Simons, outstanding 4-H club girl has the second place garden. L. A. Wood from Iowa Park has the third place garden. Fourth place went to Arnold Kiesling from Burkburnett. There was a tie for fifth place with Mrs. Sidney Patterson and J. N. Moser sharing the honor.

Each of these gardens had been visited and judged earlier in the summer on, selection of plot, preparation and care of the garden as well as on planting of orchids or vineyards. The final 45 points was judged on records, to show results.

Dry hot weather had done little to encourage the 1956 gardener. However, these 6 people have done outstanding garden work in spite of the weather.

News From The County Agent

It is not the rain you get but the rain you keep that counts, says B. T. Haws, county agent.

It is going to take a lot of good soaking rains to break through the present drought but if history repeats itself, he adds, heavy downpours usually follow long dry periods and unless provisions have been made to hold such rainfall, too much will be lost.

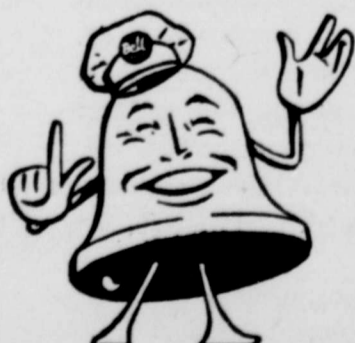

Haws offers several suggestions for holding a maximum amount of these heavy rains should they occur this fall. Do not, he cautions, go out and buy expensive equipment for doing the necessary work, but do use what is available on the farm and ranch. Net wire spreaders do an effective job of slowing down runoff water. They stop drift and hold water well even on slopes. Too, says Haws they are cheaper to build than dirt spreaders and there is no dam to be washed out or blown away.

Trees and brush thrown into the heads of gullies will greatly

aid in slowing down and spreading runoff water. Brush piles placed in gullies in intervals will tame running water and also catch soil and cause much more of the runoff to be soaked into the soil. Fallen brush scattered over the pasture hold water and helps grass seedlings get started by giving them protection.

A range which is dotted with wire spreaders, pits and piles of fallen trees and brush holds many times more water than a range which is bare of vegetation or man-made construction. The bare areas should be pitted, says Haws, for little water will be absorbed if measures are not taken to break the surface crust which will shed water, especially if the rain comes as a downpour.

Many good soakings will be required to get drought ravaged ranges back in good shape and construction or practice which because most ranges and pastures are now bare, any device can be put on the land to hold water will help the comeback says Haws. Most of these jobs, he adds, can be done piece-meal and with available equipment and labor. They will not cost much money but can be great aids in shutting the gate to keep water where it falls.

Discount On Wheat Of Undesirable Varieties for 1956

Discounts to discourage plantings of undesirable wheat varieties were included in the price-support program for the first time on the 1956 wheat crop. Today the USDA released a list of 23 varieties which are classed as undesirable because of inferior milling or baking qualities. They will be discounted 20 cents per bushel in price support rates on the 1957 wheat crop.

According to B. T. Haws, county agent, the hard red winter varieties are most commonly grown in Texas and those on the undesirable list include Stafford, Pawnee Sel. 33, Red Chief, Chiefkan, Early Blackhull, Red Jacket Kanking, New Chief, Blue Jacket, Purof, Cimarron and Red Hull. Others listed are soft red winter, hard red spring, durum and white wheat varieties.

These 23 varieties were designated as undesirable by the Agricultural Research Service after consultation with state agricultural experiment station personnel, agronomists, cereal chemists and others on state and Federal staffs.

The extension agronomists points out that the discount on these undesirable hard red winter varieties should not hamper Texas wheat producers because research has developed varieties which are better yielders as well as producers of better milling and baking quality wheat.

The recommended varieties available for the High Plains of Texas are Comanche, Concho, Webster, Wichita and Triumph. For the Rolling Plains area these same varieties are recommended along with Quanah for the eastern counties. In the north central areas of Texas Quanah is preferred while Comanche and Concho have also done well. In the South-Central area, Quanah is recommended because of its resistance to disease.

The price-support regulations for 1957 will provide for producer certifications regarding undesirable varieties.

Proudest title in the world!

housewife

"Just a housewife" is a term we hear too often. "Just"? Actually, the job of housewife is one of the most important in America today!

Who is mainly responsible for your family's health? It's you — the housewife. And our fine national health record testifies to the good job you're doing on this score.

Who sets your family's standing in your community? You do. You not only create an attractive home for your family and plan the entertaining, but also make most of the outside social contacts in church, club and community.

And your family's financial standing depends as much upon your ability to manage money as it does your husband's ability to earn it. Your family savings program is as much your responsibility as it is your husband's.

That's why so many women today are urging their husbands to invest in U. S. Series E Savings Bonds. They know that the principal invested in Bonds is safe — not subject to market fluctuations. And the returns are sure — an average 3% interest, compounded semiannually when held to maturity (9 years and 8 months).

Remember, you can help your family win financial security tomorrow — by encouraging your husband to invest regularly in Savings Bonds today.

For the big things in your life, be ready with U. S. Savings Bonds
