Department Starts Fund For New Fire Fighting Truck

A fund has been started to purchase another
of fire fighting equipment for the Burkbur-
Volunteer Fire Department.

The prolonged drought has increased the de-
upon the department for fire fighting equip-
going into the rural areas. At present the de-
has only one piece of equipment capable
to fight grass fires. This truck does a won-
job, both in rural areas and in town. Most
fires originating within the city limits are
under control with the booster tank truck,
hooking up to a hydrant for more water.
truck, with an even bigger booster tank is
needed. As our town grows and spreads out,
equipment is needed to protect property from
damage.

Contributions toward the new truck received
are as follows:

Mr. Ramming	\$5.00	Geo. Counter, Sr.	
Tommy Hinkle	\$25.00	J. W. Shaffer	\$5.00
Drug	\$5.00		

Other contributions will be gladly accepted at
City Hall.

Ministerial Alliance Launches City Wide Church Campaign

The Ministerial Alliance of
Burkburnett is in the process of
completing plans for a City-Wide
Church Attendance Campaign.
This campaign will continue
through November. The empha-
sis will be upon attendance in
the worship services of the var-
ious churches. A count will be
made each Sunday and the re-
port will be made public through
the Burk Star and by an attend-
ance indicator located downtown.
In the early stages of the plan-
ning, the ministers had thought
in terms of using the church
school attendance count, but af-
ter further study and delibera-
tion, it was decided that the
greater need was for an empha-
sis of attendance upon public
worship services. Every person
in and around Burkburnett is
urged to attend the church of
their choice.

When you look at the figures,
the small number of people in
attendance upon public worship
on any given Sunday in Burk-
burnett is deplorable. For every
one person in attendance, there
will be two or three others not
in attendance. We believe there
are reason to justify absence, but
we do not believe that large per-
centage of absences is justifiable.
The call is to church members
and professing christians first of
all to take their places and
strengthening the cause, but the
call is to every person in the city
of Burkburnett to take their
stand for the cause of righteous-
ness. We hope that this matter
will weigh heavily upon the con-
sciousness of our citizenship and
that they will respond.

New Officers For Ministerial Alliance

The Burkburnett Ministerial
Alliance, in its regular monthly
meeting recently, elected the fol-
lowing officers for the coming
year: president, Rev. Felix Kin-
del, pastor of the First Metho-
dist church; vice president, Rev.
Fred Ferraez, pastor of the
Church of the Nazarene; secre-
tary-treasurer, Rev. Leroy Meyer,
pastor of the First Baptist
church.

The Alliance has welcomed two
new members in the persons of
Rev. Everett Malone, pastor of
the Church of God and Rev.
James G. Edwards, pastor of the
First Christian church.

New 1957 Fords Now On Display at Tom Britton Motors

The longest, lowest Ford convertible ever made is this 1957 Sunliner which is being introduced along with 18 other completely new Ford body styles. The new Fords will offer a broader range of improved engine performance, with the top power plant being the optional 245 horsepower Thunderbird Special V8. The Sunliner is a member of Ford's new "Fairlane 500" series, which will offer a band of gold-colored anodized aluminum side trim with two-tone paint selections.

1957 Fords Are Now On Display

Ford's 1957 line introduces 19
entirely new body styles in five
series, and features three differ-
ent body sizes on two redesigned
chassis lengths.

The "hard top convertible"
styling formerly available only
in Ford's Victoria models set the
trend for design of all the closed
bodies in the new Fairlane 500
and Fairlane series. Stylists slim-
med down the center pillars and
top silhouettes of conventional
two door and four door models,
with the result that when the
doors are closed, they have vir-
tually the same outside appear-
ance as the popular pillarless
types.

The biggest Ford body—more
than nine inches longer and four
inches lower than 1956 models,
is available in the Fairlane and
Fairlane 500 series.

There are five models in the
Fairlane 500 series, which is
Ford's top line. They are the
thin pillar two door Club Sedan,
the thin pillar four door Town
Sedan, the 2 door Club Victoria,
four door Town Victoria, and
the Sunliner convertible.

The Fairlane models include
the thin pillar two door Club
Sedan, four door Town Sedan
and the two door Club Victoria
and four door Town Victoria
hardtops.

A separate body shell is used
on the Custom and Custom 300
series models, which are more
than three inches longer and
three inches lower than compar-
able 1956 models.

The Custom 300 series includ-
es the two door sedan and four
door sedan, while the economy
Custom series has the two door
business sedan, the two door and
the four door sedan.

There are five models in Fords
station wagon series for 1957.
The Ranch wagon and Del Rio
Ranch Wagon are two door, six
passenger models. The six pas-
senger Country Sedan, the nine
passenger Country Sedan and the
nine passenger Country
Squire are four door models.

Station wagons also have a
separate body shell, which is
nearly six inches longer and
three and a half inches lower
than 1956 models.

Each series has its own dis-
tinctive side mouldings, orna-
mentation and interior trim.

E. V. Thornton Writes from Wash.

Camas, Washington
September 20, 1956

Hello Burk Star:
Congratulations on the open
letters on Traffic Violations you
have been publishing. You are
on the right track now. Keep the
presses rolling. I have no inten-
tions of becoming enroled in a
discussion of the whereas and
whereofs of the behavior of our
universal crop of Hot Rodders,
but I know the answer, and
aroused public opinion.

In the middle twenties some
people around North Central
Texas started plastering wind-
shields with stickers that said
"Dam Red River." I thought they
were crazy, but Texhoma Lake
came into being a few years
later.

Keep those letters coming and
the desired results is as sure as
tomorrow's sun.

Things are mighty fine up on
this edge of the USA, Oh we are
gettings lots of campaign ora-
tory. I see by the paper, Steven-
son says "Ike", has nearly starved
all the Democrats to death. I
think Kefauver should be jailed
for cruelty to animals. He has a
coon-skin cap I hear. They say
it will get worse, I don't know.
I've been a nervous wreck for
some time and now I'm broken
hearted. Some one told "Mama"
she looked like Patricia Nixon.
If she ever loses enough alti-
tude for me to reach her feet I
hope to get her back down to
earth. She has turned through
Sears catalogue forty times. Just
can't understand why they don't
list "I Like Pat Buttons"? I
ought to sue the Republicans
for alienation of affection.

Lots of Good Luck
Vernon Thornton

GOOD NEWS FOR THE FUTURE

How would you like to live in a house that never needs painting? Or buy a set of tires for your car that will be good for 100,000 miles?

These, and many other startling innovations may be commonplace in the comparatively near future. The story is told in a U. S. News and World Report article based on information supplied by Charles N. Kimball, head of a non-profit organization known as the Midwest Research Institute.

Mr. Kimball does not concern himself with a science-fiction variety of the future in which everything is done with push-button and power from the sun, and interplanetary travel is practically as common as a trip to the grocery store. He talks about life as it is expected to be in a mere 10 or 20 years, basing his prediction on established scientific knowledge.

In this coming time, your car will probably be powered by a gas turbine, a relatively simple type of engine which is far smoother and more efficient than the internal combustion type. Such engines are in use now, experimentally, but cost and material problems must be solved before production is possible. There will also be much greater emphasis on safety. Mr. Kimball believes, not only in car design, but possibly in incorporating electronic control equipment into highways which will prevent a car from getting into the wrong lane. And the tires will not only run the 100,000 miles, but will be truly blowout - puncture proof.

The solution to the traffic problem will lie in parking at the edge of cities, then going on by other means, such as moving sidewalks.

The home will be revolutionized. Plastics will do away with the need for paint. Electronic ovens will do the cooking, as much as 10 times faster than the conventional ranges. Electronic washing machines and other appliances will be in vogue. All television sets, of course will provide full color and very likely will be so thin and compact that they can be hung on walls like pictures. Highly efficient air-conditioning units, without moving parts, will be in general use.

Startling new fabrics, made of synthetic fibers, will be available. This, Mr. Kimball thinks will lead to more rural industrialization, with many plants out in the smaller towns making all sorts of products.

So it goes. What it all adds up to is not only greater luxury and convenience in living but an enormous potential increase in leisure time. That will work to the advantage of what may be broadly termed the recreation industry.

Finally, Mr. Kimball said, "The single deterrent to our technical progress is this shortage of competent, well-trained scientists." This means that opportunity is wide open for capable young people who choose scientific careers.

CLEAN SWEEP NOVEMBER 6th

Republicans and Democrats alike will vote to keep America beautiful. At least, there's a "litterbug" plank in both national platforms and both major parties pledge themselves as crusaders for "clean, attractive surroundings."

The Republican platform says: "We subscribe to the general objectives of groups seeking to guard the beauty of our land and to promote clean attractive surroundings throughout America."

The Democratic platform says: "To the end that the scenic beauty of our land may be preserved and maintained for this and future generations to enjoy, we pledge accelerated support of educational programs to stimulate individual responsibility and pride in clean, attractive surroundings, from cities to rural areas."

So there you have it. Cleanliness is definitely bi-partisan. And further, as every politician has been given to understand, at both the Chicago and San Francisco conventions—a tidy nation is the goal of some 70 million voters (and prospective voters). These are the members of more than 40 non-profit civic and service organizations and over 100 leading business firms and trade associations (representing some 50 basic industries) that sponsor Keep America Beautiful, Inc. The names of these public spirited institutions are set forth in the permanent record of each convention as dedicated to a clean countryside as well as clean government.

It would appear from here that these planks will be the first to challenge their mettle and sincerity of both parties. The acid test of honorable intentions will come with Election Day—when the job of cleaning up the tons of campaign material and the tattered remnants of election posters will be in order. And it may still be a surprise to many of those who have been so busily putting out these flyers, doggers, posters, tags, stickers and hand bills that they are also pledged to take them in again!

Whichever party wins, all of us will have something to cheer about as government, local, state or national cooperate to help remove the blight of litter from the American scene.

Car Inspection Sept. 15-April 15

The Texas Public Safety Commission has set Sept. 15, 1956 to April, 1957, as the period during which automobiles and other motor vehicles must be inspected under provisions of the State's Motor Vehicle Inspection law.

Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, said in announcing the Commission's action that motorists should avail themselves of the opportunity to have their autos inspected as soon after Sept. 15 as possible in order to avoid the inconvenience and delay which is usually associated with the end of the seven months period by the log jam of car owners who wait until just before the deadline to have their vehicles safety checked.

George W. Busby, Chief of the DPS Motor Vehicle Inspection Division, stated that the more than 4,200 licensed inspection stations in the State would have sufficient supplies of stickers on hand by the starting date and would be equipped to check vehicles without delay.

Jr. High Students Awarded Ribbons At T-O Fair

Cendy Bryant and Stephen Davis, eighth grade students, were awarded blue ribbons on the entries which they made in the art exhibit at the Texas-Oklahoma Fair, Sept. 24th.

Cendy's entry was a crayon etching, a portrait of a girl. The entry made by Stephen was a crayon drawing of a sailboat.

In the 4-H sewing division, Patricia Simmons, seventh grade student, received a first place rating on her entry. Linda Lee Baley, eighth grader, received a second place on her entry. Both girls entered fall fashions of their own making.

To welcome the new members coming in from the junior class games were played and fortunes read.

The following officers were elected: song leader, Nita Bingham; community missions, Linda Carter; social leader, Charlene Preston.

Refreshments were served and the group was dismissed.

Jr. GA Girls Met Monday Oct. 1 At 1st Baptist Church

The 11 and 12 year old Junior girls met Monday, Oct 1st at the First Baptist church for a regular meeting.

The following officers were elected: president, Patricia Morris; vice president, Martha Meyer; secretary, Reba Fields; ass't sec and reporter, Sue Dempsey; song leader, Ruby Renfro; pianist, Linda Holman; treasurer, Linda Lilley; program committee, Judy Brister, Ruby Renfro, Linda Holman; social committee, Janelle Hinkle, Pam Duke and Linda Lilley.

A 50 year old farm kitchen reproduced with actual furniture used in Texas at the turn of the century will be exhibited at the 1956 State Fair in Dallas October 6-21.

Contrasting this 50 year old home room will be an actual modern farm kitchen with gleaming new appliances and a setting typical of the Southwest. The two kitchens will be on display in the State Fair's Agriculture Building.

Both of the kitchens are currently featured in the pages of the national magazine, "Living for Young Homemakers". Margaret Spader, food and appliance editor of the magazine, will be in Dallas and will personally appear at the exhibit during the initial days of the Fair.

The historically accurate old kitchen is typical of that belonging to a farm family, not too rich and not too poor, who lived in this area 50 years ago.

The modern day farm kitchen to be displayed adjacent to the 50 year old unit is designed especially to meet the needs of rural homemakers. It has been named the "Star-gas" Kitchen and features appliances that use liquified petroleum gas.

Contemporary Club Met Oct. 1st With Mrs. Leo Evans

The Contemporary Study club met in the home of Mrs. Leo Evans, Meadow Drive, Monday, 7:30 p. m. Oct. 1st. Co-hostess for the evening was Mrs. Irving Smith. The president, Mrs. A. B. Fields opened the meeting and a budget for the year was introduced and accepted. Plans for the annual Talent Show in February given by the Contemporary Study club were discussed and this year the members are going all out to bring the best show ever seen in Burkburnett. After the business an interesting and timely program was presented on Texas Farms by Mrs. G. C. Beavers, Jr.

Refreshments were served by the hostess and co-hostess to the following mesdames W. W. Bledsoe, Francis Beaver, G. C. Beaver Jr., E. B. Burton, M. D. Cheney, J. F. Eastman, Harry Elliott, A. B. Fields, E. M. Kinnett, John W. Lilley, Jim Maag, Joe Parsons, H. S. Thaxton, Cliff Wampler and P. O. Wise.

Woman's Forum Garden Group Met Here Recently

Mrs. D. C. Dodson was hostess Tuesday morning to the Town and Country Horticulture Study Group of the Wichita Falls Garden club.

Prior to the business meeting Mrs. Dodson held a social hour at which time members and guests enjoyed a short get acquainted period.

Mrs. Tom Britton brought the program on Grooming for the Flower Show. This program material was very timely in as much as this group will not meet again until after the Wichita Falls Garden Club's Flower Show Nov. 3rd.

The group's president, Mrs. J. F. Willis, presided.

X-Rays Are Important To Adults

Want an X-ray for my children really need them about them." The father's say, are aged five, whom the father has brought to the machine.

the children or babies given the tuberculin test.

On Thursday, Sept. 20th at 1 p. m. at White's Auto Stores, Inc. the 1956 Free Chest X-ray survey begins in Wichita Falls and in Wichita County. The survey closes on October 20 in Electra. No X-rays will be given on Sunday and Mondays. The X-ray machines are owned and operated by the Texas State Department of Health and state employees work on a five day week schedule.

At the registration desks, staffed by volunteers, cards are filled out for each applicant for an X-ray. These cards, or information, become a permanent part of the X-ray film kept in the State Health Department's film library.

One of the questions which frequently arouses curiosity is: "Who's your family doctor?" There is a reason for asking each question. The reason for this particular question is this: If an X-ray reveals an abnormality or positive evidence of tuberculosis a chest cancer or tumor, that person is sent a notice in a sealed envelope with the suggestion that he see his doctor. At the same time the patient is notified his doctor is also advised.

In the past few decades since mass X-ray surveys have been conducted throughout the U. S. experience has proved that many people would never visit their family doctors on their own volition. Under this practice, the doctor waits a prescribed time limit and then gets in touch with the patient.

Too many people, alas, still cling to the belief that "if I have TB, I don't want to know it." If those persons are discovered to have chest cancers or some heart conditions, they alone, will suffer. But if those "rugged individuals" show up with tubercu-

losis, their disease will undoubtedly, grow progressively worse with neglect. In the mean time, they will infect others with their disease. Ultimately, they will wind up as charges of the state in tuberculosis hospitals.

Tuberculosis hospitals are maintained at the expense of tax payers. Statistics reveal that only four out of every 100 tuberculosis patients are able to take care of their own expenses. None could afford to build his own hospital and staff it with doctors and nurses and with the other dozens of personnel and services necessary to bring about his cure and isolation to protect others.

The Wichita County TB association, sponsor for the annual x-ray survey, literally "pleads" with every adult to be X-rayed every year. No one can discover his own "early symptoms" because there are none.

According to the most recent tabulations made from nationwide x-ray surveys, a preponderance of tuberculosis is being

found in the age bracket of 55 and above; particularly among men. But any person, at any age, can contact and spread tuberculosis.

A Beautiful Lawn Depends On Care Given In Fall

The appearance a lawn has next spring may well depend upon the care given it during the fall season. B. T. Haws, county agent, says beautiful lawns just don't happen, they require careful and considerate management.

Soon they should be fertilized. Do this job, says Haws, about 30 days before the first expected frost. By making application early the grass will have an opportunity to use most of the plant food before going dormant. Too, the fertilizer will allow lawn grasses to go into the winter season in a vigorous condition and they will remain green longer in the fall and grow off earlier next spring. Weeds, during the winter and spring, will also cause less trouble.

Haws suggests using a complete fertilizer with a 2-1-1 or a 1-1-1 rate applied at a rate to give two pounds of actual nitrogen for each 1,000 square feet of lawn. This amount of nitrogen can be supplied by using 20 pounds of 10-5-5 or 10-10-10 or 25 pounds of 8-8-8. Some soils do not need potash for crop production but since the cost is small, Haws believes the results may be very good.

He advised halving the fertilizer. Applying one half and then distribute the other half at right angles to the first application. This will insure even distribution. The lawn should be watered after the application. Soak the soil to a depth of at least six inches. If the soil is wet when the fertilizer is applied, wash it off the grass onto the soil. Moisture is necessary for plants can not use the food until it is dissolved.

In some sections of the state

Haws says that Bermuda lawns are sometimes overseeded with Italian or annual ryegrass to give green color during the winter. But, he warns, unless the ryegrass is closely clipped during the spring, it may prove harmful to the Bermuda. It competes with the Bermuda for light moisture and plant food. He says to use the Italian ryegrass because it dies in the spring.

Devotional News

C. C. WOODLEY

Andrew Brundridge, minister of the Church of Christ at Lawton, is conducting a mission in the school auditorium this week. Everyone is invited to attend these services.

Melba Wyatt was hostess when the Devotional Club met at the club for the regular meeting.

Regional was brought by reading Malachi 1:11. The Lord's Prayer was read in unison. During the session it was voted to auction sale at the next meeting. Everyone is invited to bring anything you wish to donate to the sale. Proceeds will go toward the club house.

Beatrice McClendon led program on sewing.

Members served to E. N. Miracle, F. J. Willie Corby, Baumhardt, Wood, Charboneau, McCasland, Morrow, Stevens, Dulworth, Woodley and Weaver.

Kay Cornstubble Dotson served with a bridal shower at the home of Mrs. Lucille Morrow and Mrs. Orla co-hostesses. The rooms were decorated with floral decorations. The honoree who received many beautiful gifts was assisted in opening them by Mrs. D. A. Cornstubble. Refreshments were served. Friends who were unable to be present sent their best wishes.

O. L. Doty honored the anniversary of the Baptist church hamburger supper at her home last Wednesday evening to 6 o'clock.

Attending were Karen Gail Monson, Virgie Kinison, Carol Jean Ellis, Gillis, Oleta Doty, Mary and Linda Kay Robbins.

Shirley Champion was admitted to the Memorial Hospital in Lawton last week where she remains in a serious condition. She is the daughter of Mr. and Mrs. Joe Champion.

Visitors in the home of Mr. and Mrs. Joe Champion over the weekend included T-Sgt. John Coker who has just arrived in the states from Okinawa and Mrs. Pearl Coker of Ft. Worth, Mr. and Mrs. J. D. Eubanks and baby all of Ringling, Mr. and Mrs. Donald Coker and girls of Leveland, Tex., Mr. and Mrs. C. A. Allen and Vada of Okla. City.

Mr. and Mrs. W. M. Harrison attended funeral services at Davis Wednesday for Mr. Harrison's sister, Mrs. McDonald, a former resident of this community who passed away at her home there Monday after a long illness.

Mr. and Mrs. Lawrence Baumhardt of Wichita, Kans., and Mr. and Mrs. Ralph Baumhardt of Wichita Falls, Texas were Sunday guests of Mr. and Mrs. F. J. McClendon.

Mrs. T. P. Randall is reported doing nicely after undergoing major surgery in a Wichita Falls hospital Monday.

Tom Woodley of Murfreesboro Ark., is visiting his brother, Mr. and Mrs. C. O. Woodley this week.

Mr. and Mrs. L. H. Labors and sons have moved into the late Oles Stofor residence. Mr. and Mrs. O. W. Smith, former residents, have moved to Phoenix, Ariz.

The members of the Baptist church are holding cottage prayer services this week in preparation for a revival to be held soon.

Mr. and Mrs. K. L. Smith were guests of Mr. and Mrs. Joed Inman Sunday.

Mrs. Dolly Hardin visited her sister, Mrs. Belle Germany in Burk over the weekend.

Grade School News

We are having some very interesting exhibits in the rooms of the Grade School Building. Two of the rooms have had colonies of Red Ants in jars. It is indeed very interesting to observe the eating habits and the way that these ants communicate with each other.

We have had some very large cocoons and some very wonderful Monarch Butterflies. Mrs. Karstetter's room had created a very interesting side light by bringing two small Pea Fowls to school and keeping them here for the day. Many of the children had never seen a grown Pea Fowl and they became very much interested in the eating habits of the Pea Fowls. Yes,

School can be very interesting in more ways than just reading. All of the children are very much looking forward to getting all of the frills and a red ribbon in their hair to have pictures made on Oct. 2nd.

Visitors in the home of Mr. and Mrs. J. B. Leith this past week were Mrs. Leith's sister, Mr. and Mrs. Will Sinn of Blue Earth, Minn., and Mrs. Emit Wood of Sardinia, Ill., Mrs. George Brumfield, Mt. Vernon, Ill., and Mr. and Mrs. H. D. Hurd and Henry Ray of Jacksboro.

Bio-Flavonoids

60,000 MILES AND YOU! Bio-Flavonoids in High-Potency Vitamins may help you HERE'S HOW

BIO-FLAVONOIDS help improve basic daily health by keeping 60,000 miles of blood vessels strong, functional

capillaries, a network of small vessels approximately 60,000 miles long, do the important job of carrying oxygen and nourishment to the body's organs and tissues. This network carries away waste material. Therefore, a properly functioning capillary system contributes greatly to improved health.

A dietary supplement, such as Red Arrow High-Potency Vitamins with BIO-FLAVONOIDS may correct some eating deficiencies

The importance of additional vitamins as a dietary supplement has been established and accepted for years. Many doctors prescribe them. However, all complex vitamin formulas are not the same. This is especially true in High-Potency Vitamins. So, when you feel High-Potency Vitamins can help you, we suggest Red Arrow High-Potency Vitamins and Minerals with Bio-flavonoids.

EACH CAPSULE CONTAINS . . .

Over 6 times the minimum adult daily requirement of Vitamin A.

2 1/2 times the minimum adult daily requirement of Vitamin D.

10 times the daily requirement of Vitamin B-1.

5 times that of Vitamin B-2.

5 times requirement of Vitamin C.

PLUS other important vitamins and 9 essential minerals in addition to BIO-FLAVONOIDS.

BIO-FLAVONOIDS in RED ARROW High-Potency Vitamins aid in keeping the capillary walls strong. By improving the effectiveness of Vitamin Bio-flavonoids help keep capillaries functional. Nourishment passes easily to body tissues. Waste is rapidly removed.

You lack a balanced diet you are headed for trouble

An effort to keep up with today's pace of working and living, many folks do not eat right. Some try through their meals eating only enough to "keep going". Still others do not take time to prepare or cook their food properly. If you are guilty of this, it may not be too long before you'll notice that it takes twice the effort to do half the job. Before you come to this, better see your doctor.

WE RECOMMEND Red Arrow HIGH-POTENCY Vitamins and Minerals

News From The County Ag. Agent And Home Agent

Farm tractors can be killers, says B. T. Haws, county agent, when they are operated in a careless manner. He urges all operators of tractors and power driven farm machinery to always guard against using practices which involve the element of chance. Tractor fatalities have been on the increase in Texas this year.

Egg prices during the first six months of 1956 averaged 11 percent above the same period for last year while feed prices declined by 7 percent. It now appears that prices during the latter half of 1956 will be lower than for the same period a year ago. B. T. Haws, county agent, gives two reasons, the nation's laying flock will be larger and trend toward a higher rate of layers will continue.

Since most Texas livestock, due to the prolonged drought, are being fed, the job of controlling lice and ticks can be effectively and economically carried out. Herds generally are confined to smaller areas and thus are read-

ily accessible for spraying or dipping. Parasite free livestock will better utilize the feed they receive and will go into the winter season in a stronger condition.

Without good producing cows, well fed on good quality roughage, the prospects for developing a profitable dairy herd are slim. According to USDA reports broiler placements continue at or near record levels. To date some 69.4 million broiler chicks have been placed on Texas farms this year as compared with 56.6 million during the corresponding period one year ago. This represents an increase of 23 percent.

For the 2 state reporting areas approximately 143.5 million more broiler chicks have been placed on farms than during the same period in 1955, an increase of 20.4 percent. Texas continues to show a larger increase percentage wise than some other broiler areas.

Broilers reaching market age at this date were placed as chicks in late June and early July. Placements at that time on a monthly basis were exceeding the 1955 level by about 20.7 percent for the U. S. This was also true for Texas. Placements reached annual peaks both in 1955 and 1956 during this period.

Increasing popularity of mat finishes on today's furniture has brought a new problem to homemakers. Many ask what is the best way to take care of oil, wax and close to the grain finishes. Thelma Wirges, county home demonstration agent says trade sources make these recommendations:

For oil finishes, repeat applications of boiled (not raw) linseed oil, rubbed into the wood and wiped until completely dry.

For wax finishes: A good paste wax (never a liquid wax) rubbed over the surface with a clean, dry cloth. White wax is recommended if the desired effect is to retain the same wood color. A brown wax tends to darken the wood.

For a close to the wood effect: A water emulsion cream wax, applied with a clean, soft cloth, then immediately buffed with a clean dry cloth.

Dirt or minor scratches can be removed from all three types of finishes by rubbing the surface lightly with fine steel wool.

Six Wichita County Home demonstration club women have spent this past week in San Antonio attending the National Home Demonstration Council

meeting and Texas Home Demonstration Association meeting. The Gunter Hotel served as headquarters for both meetings. Mesdames Herbert Adams, Louis Maloney, Jack Marshall, J. L. Graham, Gail Mitchell and R. J. King joined delegates from 39 states. Puerto Rico and Hawaii. These delegates represented the 3 million homemakers enrolled in home demonstration club groups. According to Mrs. Go-lightly, president of the state association, approximately 2,000 Texas club members took part in the meeting.

Highlight of the annual state meeting were election of officers, program planning and workshop sessions in citizenship, education, health and safety, recreation, civil defense and 4-H club work.

All 14 home demonstration clubs and the home demonstration council had an educational exhibit on display at the Texas-Oklahoma Fair. Each exhibit was based on club work for the past year.

Burkburnett Band Wins Sweepstakes

The high stepping Burkburnett Band carried home three large trophies from the Texas-Oklahoma Fair last Tuesday when they won the sweepstakes award. The band competed in the marching and playing contests with seven other bands. Second place was won in concert competition and first place was added in the marching event. The band played two selections in the concert competition, manley, "Purdue" and Hos-trauer's.

In the twirling events, Pat McCabe, Drum Major, won first and Barbara VanLoh, the other entrant, win fifth place.

The school is very proud of the band and wish to extend hearty congratulations.

Texas Democrats Want To Keep Ike

A campaign to keep Texas in the Eisenhower victory column will be conducted throughout the state by Texas Democrats, Weldon Hart of Austin announced this week.

Hart said state campaign headquarters has been set in Austin (412 Bolm Bldg, 308 W. 15th st.) and regional and county headquarters would be established within a few days by Democrats who believe Eisenhower deserves the support of every Texan.

"More than a million Texans voted for Ike in 1952," Hart said. "During the four years he has been in office he has met all the political, moral and spiritual standards by which we in Texas judged him in 1952. This gives us every reason to support him

again. Hart said he was called upon by a great number of Texas Democrats to help the Eisenhower effort in Texas as acting director of headquarters. He said a committee headed by leading Texas Democrats would be named soon to guide the Eisenhower campaign in Texas.

Hart pointed out that: "Eisenhower kept his promise to Texas. He returned our tidelands. He returned our boys from Korea and established peace. He returned integrity to Washington.

We invite every Texan to return President Eisenhower to the White House. The presidential campaign is a simple question: "Which candidate—Eisenhower or Stevenson—will make the better president?"

According to the New York Times, the 30 percent tax has caused one-third of the clubs to close. Who does not have it complete?

Ike Better Democrat Than Adlai, Says Supporter

A bunch of us were standing around talking the other day, and the talk got around to politics like it usually does. Some of the boys said they'd voted for Ike in '52 and were going to do it again; some of them said they'd always voted the Democratic ticket straight and always expected to—you know how it goes around a little Texas town.

One fellow said something that made the rest of us stop and think. He said he was a Democrat, sure—always had been, and his father and grandfather before him. And he always felt like he had to vote for the best Democrat in the race, which he was going to do this year.

"And that means," he said, "that I'll have to cast my vote for Ike Eisenhower. He's a better Democrat, by my definition of a Democrat, than that other fellow ever will be."

And besides that, he said, Ike kept his promises to Texas and Texas ought to return the favor by keeping Ike.

You know, he might have had something there. "Gratitude" is one of the greatest words in the English language, and we all like to think of ourselves as being grateful when people do something for us. Like I heard a man say one time: "Texans are people who never forget anything that is done TO them—or FOR them." That's the way we think of ourselves, and it's about right.

This Eisenhower man pointed out that Ike promised to give the Tidelands back to Texas, and he kept that promise; he promised to do his best to close out Mr. Truman's war in Korea, and he kept

that promise, and he promised to give us a government in Washington that we could be proud of, because it was clean and honest and efficient—and, in this man's opinion, he had kept that promise.

"I know you're reading and hearing a lot of stuff to the contrary," he told us, "coming from Brother Stevenson and Brother Kefauver and the rest of the politicians on the other side. That's politics for you. Everybody expects them to jump on Ike every way they can, and I guess they'll keep on doing it right up to Nov. 6. But the American people are smarter than some politicians give them credit for being, and before they vote they're going to sit down and ask themselves this question:

"Remembering 1952, when our boys were dying in Korea and the newspapers were full of talk about mink coats and Communists and corruption in Washington—now, be honest about it: If you could, would you go back to 1952 and start over with Adlai Stevenson instead of Dwight D. Eisenhower?"

This man said he wouldn't, and come to think of it, I wouldn't either. As a matter of fact, I think Ike has made us one of the best presidents we ever had. If we had to go to war, I'd certainly rather have him at the head of our government than any other living American. But even more importantly—I'm convinced he is the best man to keep up OUT of war.

That's why I still like Ike better than ever!
Yours truly,
Tex

A new kind of FORD with the mark of tomorrow

came the magic that made possible so wonderfully different a Ford. In the toughest on-the-road tests ever given to a car, this "Inner Ford" demonstrated that a '57 Ford rides up sweet and low... that it takes the bumps without a bobble, the curves without the pitch... and, that in power, it "takes nothing from nobody!" Nothing on wheels hurries, handles or holds up like a Ford!

The Fairlane 500, finest Ford series, features five of the 19 longer, lower, better Fords for '57.

You're in for a thrill when you see this new knock-out named Ford! But save your superlatives till you drive it! That's where the fun really starts. It's just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new fall bonnet... stretch-out space for a "Daddy Longlegs."

There's been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry. You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up! So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new-car buyer can easily afford. Come in! See what wonder-cars you can buy now at low Ford prices.

In the first meeting of the Junior High 4-H boys, Friday, Sept. 21st in Room 2 of the Junior High Building, Don Boren, sixth grade student, was elected president.

To assist Don in administrative duties of the club will be elected officers Jimmy Moser, vice-pres., Sam Brakbell, sec., and Leonard Muller, reporter. DeWayne Moyer will represent the club as council member.

Meetings of the 4-H club will

be held the first Friday of every month, under the supervision of Assistant County Agent, Truett E. Henning.

Jr. Bandsmen Share Trophies

Junior High Students, who are members of the Burkburnett High School Band, were wearing broad grins and puffing out proud chests, following the awarding of the Sweepstakes Trophy, a first place in marching trophy and a second place in concert playing trophy, to the Burk Band at the Texas-Okla. Fair in the annual band contest on Tuesday, Sept. 25th.

Those students, who felt a special pride because of their participation in the contest and the instruments which they play are Wendell Aainsworth, trombone, Sharon Boyle, baritone, Shirley Boyle, french horn, Rhomelda Magee, bell lyre, Loretta Brocker, flute, Mike Matherly, cornet, Patsy Preston, clarinet, Janelle Sanders, clarinet, Shirley Thaxton, drums and Martha VanLoh cymbals. These students are members of the eighth grade.

Bullpups To Play Bowie

For their first game on the road the Bullpups will travel to Bowie tonight to take on their second conference opponent at 6:30 p. m.

In the first conference game, the Bullpups went down last week to the Nocona Jr. High Indians by a 27-0 count. The visitors at Bullpup stadium had too much speed for the local lads. Coach Koller is still concentrating on fundamentals with the inexperienced Bullpups, but im-

provement should be seen in the club as the season progresses.

Following the Bowie tilt tonight, the Bullpups remaining schedule will include conference games with Jacksboro, here, Oct. 11th; Decatur there, Oct. 18th; Electra here, Nov. 1; and Olney there, Nov. 8th. One non conference game will be played with Nocona here on Nov. 15th.

Suddenly you know how modern a range should be— flame-fast gas ranges alone offer no hangover heat!

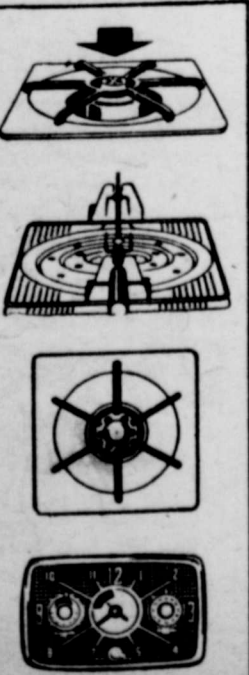

ONLY WITH EXCITING NEW FEATURES LIKE THESE CAN YOU REALLY COOK MODERN!

Cook-Saver Automatic Top Burner Control. New flame-fast gas Cook-Saver holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

Built-In Rotisserie. Broil indoors with flame-kissed "barbecue" flavor. Automatically turns out your favorite foods easily and deliciously.

Simmer Flame. On each burner, key points of flame make waterless, "vitamin-saver" cookery a snap. Unlimited keep-warm and simmer settings.

Automatic Clock-Controlled Oven. Cooks whole meals while homemaker is away...turns oven on and off automatically. Even circulation of heat...use any rack position.

Smart Southwest Moderns now have a totally new standard for modern cooking. Excitingly beautiful flame-fast gas ranges have so many features—for example, truly clean, comfortably cool cooking because of no hangover heat! See for yourself. Turn the flame off under boiling water. Boiling instantly stops. There's no hangover heat on a gas range to cause boilovers or excess steam to make your kitchen hot and dirty. Cleaner kitchens mean less work. But with an electric range, boiling continues after cooking unit is turned off. Imagine the extra watching for you! No wonder smart women say truly modern cooking is cooking with flame-fast gas.

DON'T BE FOOLED... cooking with gas is cheaper. For what it costs you to cook electrically for one year, you can cook for more than four years with flame-fast gas. **SAFEST COOKING EVER!** A.G.A. seal on each gas range assures reliability. Fire insurance statistics prove gas is safer!

SIZZLING TRADE-INS NOW on your old-fashioned gas or electric range. Cook modern—change today to a new ultra-modern gas range.

Mrs. Archie Faulk Hostess Sept 24th Burk Study Club

The Burkburnett Study Club met Monday night, Sept. 24th in the home of Mrs. Archie Faulk with fourteen members and four guests present. The four guests were Mrs. Billie Mathis, Mrs. Bonnie Ellis, Mrs. Betty Jackson and Mrs. Mary Louise Lacy.

Following a short business meeting, the program was turned over to Mrs. Jack Mathis who introduced Mrs. W. J. Lacy and Mrs. Joe Bob Tyler. Mrs. Lacy and Mrs. Tyler presented a very entertaining program centered around songs of the 1920's.

Members present were Mesdames P. A. Carpenter, R. M. Davis, Harry Dodson, Archie Faulk, Howard Henderson, F. A. Jamieson, Jack Mathis, George McClarty, J. L. Mitchell, Ollie Ratliff, Jack Robertson, Joe Bob Tyler, Harold VanLoh and W. T. Zimmerman.

Mrs. Zimmerman won the door prize.

Mrs. J. F. Anthony and Dick returned to their home in Vernon Monday after several days visit here with her parents, Mr. and Mrs. Ray Mills. Mrs. Anthony and her family are moving to Tulsa, Okla., Thursday to make their home.

Miss Sue Cunningham Arnold Oliver Wed

Miss Marilyn Sue Cunningham, daughter of Mr. and Mrs. Charles L. Cunningham of Jacksboro, exchanged vows with Arnold Wray Oliver, son of Mr. and Mrs. Earl Oliver of Burkburnett, in a recent ceremony in Graham.

The ceremony was performed in the Graham Assembly of God church, with Rev. V. W. Marcontel of Hereford, as the officiant. Background music for the ceremony was performed by Mrs. Mary Gore, cousin of the bride, vocalist with Miss Marilyn Felty as accompanist. Mrs. A. D. Shaver of Jacksboro furnished the wedding music.

The bride, given in marriage by her father, wore a gown of imported white lace over satin, designed with a fitted bodice featuring a scalloped neckline encrusted with seed pearls and rhinestones. The skirt was ballerina-length made of nylon tulle ruffles, with a front panel of lace.

Her elbow-length veil of illusion was attached to a lace crown embroidered in sequins and pearls. She carried a bouquet of pink rosebuds and stephanotis atop a white Bible.

Mrs. Ernest Cunningham of Bryson, sister-in-law of the bride was the matron of honor and bridesmaids were Misses Emily Bergman of Odebelt, Iowa and Marilyn Sue Chapman. Their pink cotton satin dresses were of identical design, featuring ballerina-length skirts and moulded bodices. The attendants complemented their ensembles with matching accessories and bouquets of pink and fuchsia carnations.

Jack Bernethy of Vernon attended the groom as best man, and groomsmen were Duane Adams of Ft. Worth and Dan Owen of Holliday. Ushers were Ernest Cunningham, brother of the bride and Jay Felty of Burk. Wayne Gensler and Jerry Cunningham, brother of the bride were candlelighters.

The reception was held in the American Legion Hall, with Mrs. Bobby Joe Lowry of Jean, Tex., registering the guests. Mrs. Louise Higgins served the cake, and presiding at the punch bowl was Mrs. Ruth McMullen.

Members of the house party were Mesdames Sid Wade, B. V. Carroll, Frank Wright, Stella Potts, Ethel Rogers, Doris Hoffman, Misses Bernice Laycock, Zelma Fae Long and Elizabeth Higgins.

For a wedding trip, the former Miss Cunningham wore a champagne silk suit with black accessories and a pink rosebud corsage. Upon their return, Mr. and Mrs. Oliver will make their home in Austin, where the groom is a senior at the University of Texas.

Mrs. Oliver is a 1955 graduate of Jacksboro High School and is a former resident of Wichita Falls, where she was employed by the Southwestern Bell Telephone Co.

BWC Members Enjoy Luncheon Tues. Oct 2

Melania Armstead Seven Years Old

Mr. and Mrs. J. B. Armstead honored their daughter, Melania, on her seventh birthday Tuesday, Sept. 25th at their home on 406 E. 2nd. Games were played and then the honoree opened her many nice gifts.

Refreshments were served by Mrs. Betty Armstead and Mrs. Wanda Stephens to the following Sam England, Frankie King, Charlie Lawson, Tommie Morrow, Jerry Bingham, Susie Tolson, Jan Vincent, Linda Lawson, Nancy England, Nita Bingham, Kay Bruner, Karen and Barbara Walker and to adults: Mr. and Mrs. Dink Lawson, Pauline Walker, Mildred Bruner, Jimmie Stephens and Mr. J. B. Armstead.

Mrs. Archie Faulk Hostess Recently Fashion Rose Club

The first meeting of the Fashion Rose Garden Club was a breakfast held in the home of president, Mrs. Archie Faulk. Hostesses for this meeting were Mesdames Elvin Bangs, J. T. Logan, Bob Sprague and Mrs. Faulk.

Mrs. James Foyce was welcomed as a new member.

Two new officers were elected: vice president, Mrs. Everett Westbrook and secretary, Mrs. J. L. Reagan.

The program was led by Mrs. Bob Brister.

Those attending the meeting were Mesdames Lewis Brocker, Brister, Foyce, H. T. Kennedy, Oscar McBride, Ragan, Westbrook, K. E. Willett and the hostesses.

News From The County Agent

The useful life of sprinkler irrigation equipment can be extended through proper maintenance. B. T. Haws, county agent, says as soon as the irrigation season is over, it is time to do some of the maintenance jobs.

He says the engines should be checked by a qualified mechanic and if the pumping units are left in the field over winter, they should be covered by a waterproof tarpaulin or suitable structure. Special care should be taken to see that no moisture enters the exhaust pipes of internal combustion engines.

Impellers and seal rings on centrifugal pumps should be checked. Sprinkler heads should be removed and checked for excessive wear and repairs made if needed. Gaskets should be inspected and all sand or packed soil removed.

He advises storing pipe on racks well above the ground and in the colder areas of the state, perfers indoor storage. If pipe is left in the field during freezing weather, it should be completely drained after use. Buried lines must have complete draining facilities in colder areas unless they are buried below the frost line.

If fertilizer is applied through sprinkler systems, he says make sure all equipment is thoroughly flushed and is clean before shutting down. Should corrosion be detected in any part of the system, he advises getting in touch immediately with the supplier. If corrosion is detected early, several remedial steps can be taken to stop the damage.

The investment in a properly equipped sprinkler is a heavy one and deserves to be protected not only for extending its useful life but also to get the most efficiency from it's use, says Haws.

DEVELOPING THE BRAZOS

The Brazos River's great flood of 1913 brought public reaction that ultimately caused creation by the state of the Brazos River Conservation and Reclamation district, which today is the Brazos River Authority. In large part, the Authority has sought to pay its own way. It has been careful that its projects would conserve water, help curb floods and produce income. Such are the benefits derived from the three major dams already located in the Brazos basin, Possum Kingdom, built by the Authority and Whitney and Belton, built by the Federal government at the suggestion of the Authority. Besides these, there are many smaller dams on tributaries of the Brazos.

Mr. and Mrs. Clarence Mervins and daughter Teresa are making their home at 137 Ave F. now. They have just returned home from several months in Germany

FFA News

On Saturday, Sept. 29th, the Burkburnett FFA chapter entered four teams in the judging contest at the Texas-Oklahoma Fair. The four teams were Livestock Judging, Dairy Judging, Land Judging and Grass Judging.

The members on the Livestock Judging team were Alex Mills, Charles Musgraves, Robert Busby and Jerry Boren; Dairy Judging team, Zack Bryant, Frank Morton, Weldon Wyatt and Johnny Bryant. The Land Judging members were Ronald Cantrell, Teddie McDowell, Charles Darter, while the Grass Judging team consisted of John Wolf, David Waddell, Gary Stubblefield and J. D. Hart.

Although none of the teams placed in the top three, they had more points than the others to win Sweepstakes Banner. They had two fourth place teams with a seventh and eighth place team. The boys had three boosters. They were David Hart, Jerry Reagan and Larry Elliott.

All of the boys had a wonderful time at the fair. At dinner time the boys were served a free meal. Guess who was at the first of the line. That's right, Mr. Farris of course.

There were twenty-two teams in livestock, twenty-three in Dairy, fourteen in Land and nineteen in Grass.

The boosters went along as overseers, you might say. But in one incident, when one of our boys broke his pencil, the booster had another ready.

Welden Wyatt, a first year boy, won third high individually in the contest. This is really nice. There was entertainment all the time in the Fair Auditorium. The boys feel that they did very well and are looking forward to the future contests.

Wilbarger-Wichita Soil Conservation District News

Rescue grass and alfalfa are proving to be the best combination for green grass during the winter, according to Elvey Sargent, Work Unit Conservationist for the Soil Conservation Service of Iowa Park.

A. L. Inman, farming six miles west of Wichita Falls has recently seeded 20 additional acres of his cropland to fescue and alfalfa mixture. Inman seeded his first field to these cool season grasses last fall and they grew well enough to justify the increased acreage.

The Soil Conservation Service planting guides lists fescue and alfalfa as being adapted to all slowly and well drained soils having 35 or more inches of moisture available. Seeding rate should be 15 pounds of fescue and 5 pounds of alfalfa per acre. Soils should be tested to determine fertilizer requirements, however, if time does not permit this procedure, farmers have used 15 to 30 pounds of nitrogen and 40 to 80 pounds of phosphate per acre. Planting time may be extended to Nov. 1st.

Fertilizer should be placed in bands 2 to 4 inches below the seed. Cultipacker type drills usually give good stands.

This crop may be used for grazing 3 to 5 years and then rotated with regular field crops. Jack Martin, owner of the Martin Hereford Ranch of Iowa Park, has one field of fescue and alfalfa that he has now plowed up and will return to field crops. Rufus King of Wichita Falls has one of the older stands of this grass as has Dan Roberts of Wichita Falls.

Mrs. Paul Stokes of Wichita Falls and Mrs. T. Guy Willis visited the R. Brannon family in Marietta, Okla. last week. They were met there by Mr. and Mrs. Frank Cauble of El Paso. The party of twelve enjoyed watching the water skiing at Lake Murray Sunday and then had dinner at Texoma Lodge. This was the first meeting of the four sisters in eight years.

SAVING BRAZOS' WATER

The Brazos River Authority foresees a constant supply of water for the people of the Brazos River basin in the future. According to a booklet published by the Authority, the proposed six-dam program will hold flood waters in storage for use during drought. It is estimated that 90 percent of the present water supply of all our rivers is being lost for lack of storage reservoirs.

Mr. and Mrs. Jimmy and son Dean of Irving visited their parents, Mr. Mrs. Roy Hale and Mr. and Mrs. John Rankin, here last week.

Mrs. Sid Hitt of Hobbs visited relatives here over weekend. Mr. Hitt is now Henrietta at the present and was a visitor here Saturday.
