Work Progressing On Water Line From Pumping Station To Tower

In spite of all the rain and soggy ground, good progress has been made on the water department improvements.

Brodie and Enix Construction Co. of Amarillo has the contract. At present the big sixteen inch line is being laid from the water tower down East Fourth Street. This particular part of the project has been slow, tedious work, on account of the many gas and water lines criss-crossing under the pavement.

Some 26,000 feet of twelve inch line has been laid from the new wells East of Perkins Reservation to the settling tanks and pump station East of town. An additional 160,000 gallon gathering tank is under construction at the pump station. The sixteen inch line runs from the station to the water towers in town.

This project was originally scheduled for completion by June 1st. Almost constant rains prevented work in the boggy fields through which most of the lines run.

No shortage of water has been experienced, and no shortage is expected before completion of the project.

Horse Sale Here Wed., June 12th

The horse sale at the Burkburnett Sales Barn has been moved up to Wednesday night, June 12th, in order not to conflict with the Celebration Rodeo which begins Thursday night, June 13th.

These horse sales are becoming very popular. Buyers from two or three hundred miles are coming here looking for horses. Fifty to one hundred horses parade through the ring at each sale.

First Monday Trades Day Monday, June 3rd, will usher in another big Trades Day Sale at the Burkburnett Sales Barn.

These sales are noted for the variety of items offered. Household goods, farm machinery—just about everything shows up for auction the first Monday of each month.

Bill White and son Wilford C. White conduct all sales at the local auction sale ring.

Dancing Recital Scheduled Friday May 31 8:00 P. M.

Local students of the Billie Barger dancing school will be presented in recital Friday night May 31st at 8:00 p. m. in the high school auditorium.

Students participating will be Brenda Ainsworth, Linda Ainsworth, Twila Jean Bridges, Shelia Davey, Janet Di Marzia, Gay Gilbert, Belinda Green, Sharon Jarvis, Terry Keen, Tommy Keen, Becky Kennedy, Janis Parker, Lola Jean Pendley, Karen Reasoner, Kathleen Reasoner, Carla Sutherland, Pam Wood.

The public is cordially invited to attend.

Daily Vacation Bible School

Registration for Bible School at the Church of the Nazarene will be Saturday morning at 10 o'clock. Boys and girls from 3-14 are welcomed to register. June 3-10th is the week of study handwork, crafts, stories and fun at Bible School. From 8:30 to 11:00 a. m. each day, we will work, sing, study, pray and play together. See you at Vacation Bible school.

LIONS CLUB

Town Hall Each Tuesday
7:00 P. M.

Dr. Adams was the guest of Roy Magers.

Harry Mayes was the guest of Jack Alexander.

Weldon Nix, in charge of the program, introduced Jack Robertson, who gave a talk concerning the Kids Summer Baseball Program. Lion Robertson will be in charge of the program again this summer. Boys 6 to 10 years of age play in the mornings. Those above 10 play in the afternoons. Last year more than 120 boys enjoyed the summer recreation. The little boys will be selling baseball buttons on Monday June 3rd to help support the activities. The program will get under way Monday morning, June 17.

Next a colored sound film, "Painting the Town", was shown. Prior to their 100 anniversary celebration, the citizens of Tahoma, Wis. under the leadership of the Lions Club, painted main street business houses from one end of town to the other. Working with professional color decorators, pastel shades were used to achieve a most pleasing effect.

Next week Pat Patterson will bring the program.

Miss Faye Lynch left Tuesday for Bakersfield and Long Beach, Calif. to visit friends.

Jeanne Dodson Wins National Honors In Piano Auditions at Wichita Falls

Nettie Baber Tittle, chairman of the Wichita Falls chapter of National Guild of Piano Teachers, announces that 216 piano students in the Wichita Falls area passed successfully the requirements for the tests which are being given this spring to 50,000 piano students in 550 centers in the United States.

Mrs. Ray L. Spear of Baytown, Texas, was judge for the Wichita County auditions.

Jeanne Dodson of Burkburnett, a pupil of Mrs. Tittle, received Superior Rating and International Honors, (15 pieces memorized), and membership for one year in National Fraternity of Student Musicians. National winners in Spring Auditions, who make high ratings, may enter the Biennial Piano Recording Festival in the fall. Cash awards are received by highest winners in the Recording Festival. Jeanne won a cash award and a first rating gold medal in the Recording Festival held this spring.

Rhythm, accuracy, tone-quality, phrasing and pedaling are among the thirty-two points considered in rating piano playing. Each student plays from memory and all above elementary stage are required to pass a test on scales and cadences.

National Piano Guild Tournaments, started twenty-eight years ago in Texas by Irl Allison, are now held in 550 centers from coast to coast where 50,000 players are heard by 200 adjudicators. All ages of piano students take part, from elementary to professional artists. Local, district and state and national certificates; high school, collegiate and artists diplomas; the Paderewski Medal, and scholarships are some of the goals achieved by the entrants. Those who make creditable ratings in the spring may enter the Guild's Biennial Piano Recording Festival with aggregate cash awards of \$16,000. There is a Composition Test with prizes each spring to encourage creative work.

Famous names of the piano world are members. And, thousands take part in New York, Los Angeles, Philadelphia, Dallas, Detroit, Houston, San Antonio and St. Louis, and yet adjudicators report that some of the finest work is done in remote places where people get up at four A. M. and drive 100 miles to take part.

Vacation Church School At Methodist Church to Begin Sunday, June 2nd

Increased interest and enthusiasm for the Vacation Church school in the Methodist church that begins on Sunday, June 2, through the 9th is mounting daily. With our new educational building and lovely fellowship hall for recreation and activities we are anticipating a greater and better vacation church school with forty or fifty workers participating. The constructive theme "Meet your Neighbor" will show us how to treat him. This is not just our problem, it is an age old one and God has some very definite things to say to those who are trying to discover his will. All this will be found in our daily bible look ups. This suggested psychological approach is a theme that is steadily woven through a great wealth of suggested activities, games, gift making, dramatizations, dioramas, sand tables, painting, and a host of other things. Worship, study, play and refreshments daily from 8:30 to 1:00 a. m.

The Rev. Leon Turner, pastor and Mrs. A. A. McKinnis, superintendent of the childrens division, will direct the school. Mes-

dames W. B. Halsey, Carl Morrison, John Karstetter, Clarence Endres, Misses Julia Ann Henry Pat Kay Inlow, Margaret Faulk, and Glenda Turner will have charge of the 3 year old; Mesdames Ellis Gragg, V. W. Alvey, W. A. Smith, W. M. Haws, S. L. Johnson and Miss Jenne Smith, the kindergarten group; Misses Nell and Lou Ann Grady, Mesdames N. E. Boyles, Hugh Veach Mary White, Eldon Bangs and John Page, primary; Mesdames John Pirtle, Joe Nichols, O. E. Melton, I. R. Reagan, S. L. Gallop, Misses Louise Boyd and Paula Garland, Juniors; Mesdames Jim Pirtle, Joe Nichols, Misses Carolyn Alvey, Mary Riley, Sharon and Shirley Boyle will be in charge of refreshments.

Local Men Buy Angus Cattle

Francis M. Smith and John N. Crane, both purchased six purebred Aberdeen-Angus cows from William Ryan of Iowa. Tex. Newton T. Crane bought two Angus cows and a bull from Mr. Ryan.

First Load Wheat In Wichita Co. Came to Burk

Wichita County's first load of 1957 wheat arrived at the Harlan Mills Elevator in Burkburnett about 4:30 p. m. Tuesday.

Jim Anderson, who lives about three miles southwest of Burk, brought in the load, which tested 58 with a moisture content of 16. He estimated the yield at 20 bushels per acre.

Mr. Anderson received a \$25. bonus from the Burkburnett Chamber of Commerce for the first load of Texas wheat and also a \$25. bonus from the Mills elevator for the first wheat of the season.

Mills has just completed a \$195,000 elevator in Burkburnett, which will see its first harvest this year.

J. C. Parks local agent of the Missouri, Kansas and Texas Railroad says the Katy is expecting a bumper crop in the Burkburnett area and is preparing to handle the golden grain.

Katy has been spotting grain cars on sidings in anticipation of a large crop, Parks said, and there are presently some 50 cars in the local yards.

About 900 cars have been strategically placed on the line from Wichita Falls north to Woodward, Okla. he said.

Burkburnett has long been a wheat shipping center for the Katy, and the company has recently completed a modern steel bridge over the Red River, replacing the wooden structure which has washed out several times in past years, Parks added.

Herman Green Rites Sunday

Funeral services were held at 4:30 p. m. Sunday in the First Baptist church at Burkburnett for Herman D. Green, 28 year old sheet metal worker who was found dead in his truck in downtown Burkburnett Saturday morning. Chaplain Weldon Wright of El Paso, officiated.

Burial was in Burkburnett Cemetery under direction of Owen and Brumley Funeral Home.

Green had lived in Burkburnett for 15 years. He was born in Bellevue, Tex., on Nov. 14, 1928.

Survivors include his wife; 2 children, Belinda, 4, and Allen, 6; his parents, Mr. and Mrs. E. B. Green all of Burkburnett and a sister, Mrs. Camille Stockton of Fort Worth.

Pallbearers were O. T. Adams, Morris Cope, Raymond Long, J. T. Reasoner, Jimmy Harrison and Kenneth Ellis.

Baseball Button Sale Starts June 3

Once again Burkburnett boys summer baseball will swing into action. The button sale will start at 10 o'clock on the morning of June 3rd and will run until 10 o'clock June 10th.

For the boys selling the most buttons the first prize is a baseball glove, second prize, baseball shoes; 3rd prize baseball bat, 4th, baseball.

The actual program will begin June 17th.

MISS MARILYN FELTY TO BE PRESENTED IN A RECITAL SUNDAY, JUNE 2nd 3 P. M.

Miss Marilyn Felty, daughter of Mr. and Mrs. F. T. Felty, will be presented in piano recital, Sunday afternoon at three p. m. June 2nd, in the auditorium of First Methodist church, Burkburnett. She is a freshman student at Midwestern University and a Music Education major.

Miss Felty's program will open with Bach's Three Part Inventions in B Flat Major and A Minor, followed by Beethoven Sonata in E Major.

Her second group will include Liszt's Liebestraume in E Major, and two Bartok numbers. Miss Felty will conclude her program with Fantasia in C Minor by Mozart.

Reception in church parlor following the recital.

The public is invited. Mr. and Mrs. D. F. Lamb of Lubbock were visitors in the home of Mr. and Mrs. W. R. Stimpson over the weekend.

GRASS ROOTS OPINION

MOOREFIELD, W. VA., EXAMINER: "No matter what kind of an income taxpayer you are, about one in thirty of you will get audited this year. And that means you'll have to prove a lot of things—especially those unusual deductions and stuff like that. They may even audit your bank account. But you probably won't have to go to Atlanta even if you are a teeny bit crooked. The odds are about two in 10,000 after you get caught. Just pay up, pay the penalty and fine and go and sin no more."

OSWEGO, KANSAS, INDEPENDENT: "Dry weather, heat, floods, blizzards may hinder growth and development in field crops, orchards and livestock but none of those elements seem to have the slightest effect or retardation on the continuing growth and expansion of the public payrolls, at both the national and state levels, as well as in lower categories. How to head it off seems to be the problem of the ages. The case of the sad ending of the cow that continued to suck herself is recalled."

BAYBORO, N. C., HERALD: "The Red Cross is truly a saving grace, give it your interest and your financial support. It may well come back to you when disaster strikes again."

HUNTINGBURG, IND., INDEPENDENT: "There is probably no newspaper in Indiana which does not have a policy of protecting wayward children whose initial offenses are trivial and deserve to be ignored. J. Edgar Hoover subscribes to that policy when he writes, 'Certainly, reasonable leniency for children committing first offenses and minor violations is a proper consideration. However, the present major problem is no longer one of bad children but of young criminals.'"

BEAVER FALLS, PA., NEWS-TRIBUNE: "The premier of Hungary was recently given a hero's welcome in Moscow. Most puppeteers are equally careful in how they handle their puppets."

FAIR WARNING

The American Legion believes that Americans should emulate the Highest Authority and finds its Golden Text on the foreign aid questions in the words of Benjamin Franklin: "God helps them that help themselves."

In its foreign policy statement, released by the National Executive Committee in Indianapolis this month, The Legion declares "Our foreign policy should be predicated on the fact that we wish to help (through military aid) the free nations of the world who have and are demonstrating their willingness to help maintain their dignity, independence and integrity." (The emphasis is ours)

"No stop-gap program can continue forever," continues the Legion resolution, "especially when the basis is give-away. Even the US, with all its wealth and resources, can not survive such a load. We can not continue to spend what we do not have. To continue to do so will have the effect of placing an economic millstone around the necks of our people for generations to come."

"Freedom is something we can not create for other nations; nor can we buy friendship. People must create their own freedom and be at liberty to decide for themselves their own friendships and enmities."

Most Americans, we think, will regard the Legion position as both fair and generous. It offers more than this nation ever asked of its foreign friends in the darkest hours of the Revolution. And it offers this continuing Aid after we have already given and or loaned more than 100 billions of our substances abroad, and at a time when our national debt, per capita, is higher than that of any of the nations we have been helping.

It is time, as the Legion strongly infers, to face up to the fact that a prostrate America can help no one.

THE WAY THE WIND BLOWS

The "Listening Post" section of Newsweek magazine finds that the Senate investigation of labor racketeering has given great impetus to proposed laws, both federal and state, designed to prevent abuses in the future. It also finds that there is markedly increasing sentiment for the right-to-work law, which outlaws compulsion and puts union membership on a strictly voluntary basis. As an example, it cites Idaho, where earlier this year such a law passed the House but met narrow defeat in the Senate, and says: "A number of legislators feel it would pass 'hands down' if brought to a vote today."

Actually, the right-to-work law is the really basic reform that is needed. No longer could union officials force a man to join and pay dues—or starve. They would have to "sell" their services, on the basis of merit. This would inevitably make for better unions with more responsible and efficient executive and administrative staffs, and it would do more than any other single thing to get rid of the crook, the exploiter and the labor dictator.

loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger.

Chevy's pretty easygoing out on the highway too. Not poky. Far from it. You find, for example, there isn't a hill around that can make it breathe hard

—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.

News From The Congress

By Congressman Frank Ikard

The first appropriation bill in the 1958 budget to reach the President was finally passed by both the House and the Senate, and it is important to note the kind of cuts that we made. The Senate's action on the State and Justice Department's appropriation bill is even more significant for in the Senate the funds were reduced further than the House had reduced them. The President had requested \$655,649,802 to operate these two Departments for the next year, and action of the two Houses of Congress cut it to \$563,085,293 which amounts to a reduction of slightly more than 15%. The bill is now in the Conference Committee in an effort to iron out the differences between the House and the Senate Bills. The important thing is that a pattern of reduction in budget has been set, and in all probability will be fairly closely followed in the appropriation bills yet to be acted upon.

The troubles of the Treasury Department grew as Secretary Humphrey attempted earlier this month to re-finance some 4.2 billion Dollars in U. S. Government bonds which became due this month. It had been assumed that the recent increase in interest yields would be sufficient to lure reluctant investors to quickly buy up the new issue. Such was not the case, however, and distressed Treasury officials face what now seems to be an extremely difficult task of re-financing Government issues as they come due. As we all know, interest rates for the last several years have been creeping upward. This increase has resulted in an additional expense for servicing the National debt of about \$931,000,000 annually. This extra cost in interest on the public debt is about enough to pay for this year's big highway building program, or to put it another way, it could finance the Defense Department's entire research and development program or build 620 new jet fighter planes or buy three fully equipped aircraft carrier of the largest class. The Chancellor of Germany, Konrad Adenauer, is visiting in this country. He is truly a remarkable man. Under his lead-

ership, West Germany has risen from the terrible destruction of World War II to become the most prosperous country in Western Europe and by far the strongest economically. He has been strong in his opposition to the Communists. It is also refreshing to know that on his visit here he does not seek American Dollars but only asks us to help him bring German unity and to back him up in his strong anti Red stand.

Visitors from home this week were Mrs. Leoti Deaton; Mr. and Mrs. Hal Dyer, Mr. and Mrs. W. R. Shirk and Mr. and Mrs. L. C. Rogers, all of Wichita Falls.

The New Mausoleum

It has been announced that arrangements have been completed for the building of a community mausoleum in the cemetery here in Burk Burnett. Mausoleums are structures built for the people after death, constructed in such a way as to enable burial to be away from dirt and protected by stone, when the method of bur- nability, families of national heroes such as Grant, Garfield, McKinley and many of our own country. This monument has been constructed of the stone of Egypt, which are used for the burial of the dead.

The cost of this monument has been of such a nature that it was far be-

Chapter 2—Monster Loose

The chief and professor entered the dark room and the projectors started. There were the men being pressed back into their cushioned chairs by the pressure of the blast off. One of the men was now answering the call the professor had put in. Suddenly the ship began to shake. The lights of the ship went off. The rest of the film was blank.

While the chief and the professor were viewing the film the "Thing" had taken on a super-natural power and a strange shape. Suddenly it shattered its glass prison and crawled out the open window.

The cool night air was pleasant to walk in. Suddenly from the shadows it came. A shrill scream filled the night air.

The professor switched on the light in his study.

"It's gone," cried the professor. "Yes, and the yard just got a call that a flying monster at- tacked a woman and killed her," replied the chief.

"But, no I don't believe it," the professor was dumfounded. "It was just a small rock."

"Well, we've got to locate it and put it away before it brings around 'the end of the world,'" the chief replied.

A little girl was there near the monster. She thought it to be a large rock and decided it would be an excellent place to play dolls. She started towards it but suddenly changed her mind when she saw it moving towards her and she started to run very fast. She was lucky to escape with her life.

Now the monster began to grow so fast it did not seem real it was now three times larger than a man. It suddenly split apart and became ten monsters!

The monster started towards town to invade the business section of the metropolis.

Chief McCullum had his men ready for an emergency.

Professor Juinshon expressed his theory, "I think some life out in space was angered because we were invading its privacy."

At that moment the monster appeared in a new form. It had grown back together and was a huge octopus like creature. It came down the street with arms flanging.

The most powerful guns were turned on it but it kept coming on. The chief and professor ran for their lives.

The city by night was a wreck. Chapter 3—Brilliant Idea

The monster had disappeared as though it had never been there.

That night a knock came at the professors door. A wanted criminal came in.

"Look," he said, "This monster is ruining everyone's business I think I know a way to get rid of it. Before the man could speak the ground began to trem- ble and the light went off. When the professor had switched them on and the chief had looked around they both exclaimed at the same time "He gone!" "Look here's a note, said the chief and it's in a special criminal code. The only man who knows it a- round here is sentenced to death in two hours, if the prison is still standing."

The professor's car made less than ten miles per hour as it chugged along the bumpy road. As they turned a bend in the road the rison wall loomed a- above them. It was now less than half an hour until the criminal walked the death road.

The two men raced to the guard. The guard halted them, "Just where do you think you're going?"

the floor was a copy of the code. The monster had escaped fast because he would split up and be able to move faster.

The chief and professor had decided the not. It simply said "electric shock."

"That's it!" cried the professor. "All we have to do is lure the 'thing' to the power plant, cut off the electricity from the town and let the monster have it full force."

The professor and the chief pondered over how to lure the monster to the power plant.

Bluebonnet Club Held Luncheon In Home Mrs. Waldrop

Bluebonnet Garden club met in the home of Mrs. Bessie Waldrop for the spring luncheon at 12:30 p. m. with Mes- dames Ida Mae Magers, Grace Markum and Earlyne Chambers as co-hostesses. The dining table was beautifully decorated with a center piece arrangement of pink gladioli and bluebonnets around a cut out ship.

After a delicious buffet lunch- eon the meeting was called to order by the president, Peggy Mathis. The minutes of the last meeting were read and accept- ed as written. Mrs. Burns re- ported on the pilgrimage which was not held due to the rain and damage to flowers in the mem- bers gardens. Mrs. Grace Markum reported on the project com- mittee and gave a full report of money made on sale of litter- bug bags and bonnets and pins during the jubilee celebration. The club has already paid their share of expenses replacing shrubbery at the city entrance. The treasurer, Mrs. Elizabeth Brady, gave her report. Jessie Preston, membership chairman gave her report and Zella Mills, scrapbook chairman, presented one of the loveliest scrapbooks of the club, for the members to view.

Louise made a motion that we have a spring flower show April 24, 1958 at the home of Mrs. Maude Bohner. An invitation from the council of garden clubs to attend a mum show at the town hall this fall was accepted. Earlyne Chambers, incoming president, gave a good report on the state meeting which was held in San Antonio, April 8-10 which she attended as club dele- gate. In her report in our cur- rent year book, she won honor- able mention with a grade of 92 points out of 500 books. It was also voted to have Mrs. Davidson to conduct one work shop next year. Mrs. Ratliff thanked the members who helped to make the placement show a success. The club history was read by Lola Jones for the past year 1956-57. Mrs. Maude Bohner was voted to be chairman of decorating a buggy for the Boomtown parade, sponsored by Mathis Chevrolet Co.

Mrs. Peggy Mathis, retiring president, conducted the instal- lation of officers with a very impressive ceremony using the table decoration of a cutout ship as setting sail as her theme. In her lovely way she used the officers as he crew on the ship and assigned the individual duties of each new officer as our club sets sail in the new year. Offi- cers installed were: president, Mrs. Earlyne Chambers; vice president, Mrs. Ida Mae Magers; recording sec., Mrs. Mary Cecil; assistant sec., Mrs. Velma Bohner; treasurer, Mrs. Zella Mills; reporter, Mrs. Grace Markum; parliamentarian, Mrs. Lou Ethel Boyd; historian, Mrs. Peggy Mathis; scrapbook, Mrs. Maude Bohner.

Earlyne Chambers thanked Peggy for a wonderful club year in the past year and stated how hard the new officers would have to work to attain that goal. She also thanked the club for the trip to San Antonio. In be- half of the club Louise Ratliff presented Peggy Mathis with a lovely candy dish for a success- ful year.

Twenty-two members attend- ed this lovely meeting.

RICHARD SIBER RECEIVES BAND 4 YEAR SCHOLARSHIP

Richard Siber has been notified that he has been awarded a four year band scholarship at Midwestern University.

Richard has been very active in band work in the Burkbur- nett Band for the past four years. He has been lead trombone player in the band for the past two years. He also plays baritone and piano. ALL DRESSED UP — AND SOME PLACE TO GO JUNE 13-15

These ladies are all dressed up in fashions popular when mother was a dashing young belle. Burk Burnett citizens co-operated in a big way with the Wichita County Diamond Jubilee Celebration held in May. Their wearing apparel is also appropriate for Burk Burnett's coming Fiftieth Anniversary Celebration, to be observed here on June 13th-14th-15th. They will feel right at home when old timers gather here for a home coming celebration Saturday, June 15th. That is Pioneer Day. Invitations have been mailed out to all former residents whose addresses are known.

Left to right in the picture: Mrs. Faye McClarty, Mrs. Lucille Adams, Mrs. Jo Brookman, Mrs. Madolyn Hill, Mrs. Lois Bean, Mrs. Pat Robinson, Mrs. Gwen Van Loh, Mrs. Marjorie Hofacket. They will have some place to go June 13-14-15th.

THE END OF THE WORLD

CHARLES OLSEN
Important Discovery

All people and events in fiction) McCullum of Scotland a few other honored were about to witness sight of man into outer

ame of blast off came closer the captain the three specially enter the compart- ship. These men chosen out of hundred

clock's second hand to reach the deadline ear voice suddenly ver the speaker: "All clear the field." There and the voice came ring time, minus, 10, 5. 4. 3. 2. 1. 0."

McCullum had made a Professor Juinshon. The professor was things to the chief.

The professor switched on the communications. When he had asked about their journey (the men on the ship), the answer came "progressing fine sir."

Suddenly the receiver went dead. The blip on the radar screen that had been the ship faded out.

"Why! What's happened?" asked chief McCullum.

"Somethings gone wrong," ex- claimed the professor.

The chief and the professor sat watching the radar screen in- tently. They watched it for thirty minutes. The ship came into view again but something was wrong.

"It's falling too fast!" exclaimed the professor.

The chief jumped with excite- ment. "Jumpin' jehosafat: look at 'er fall!"

The ground trembled as the metal met with earth.

The captain and the professor raced to the area where the ship had crashed. When they reached it a green glow covered the ship. The professor advised ev- eryone to stay away from the ship until the glow had dis- appeared. If any of the men were alive they would have to wait.

Twenty-four hours later the captain and the professor with great caution entered the ship- wrecked missile.

"Impossible!" the professor cried in a startled tone. Every member of the crew had dis- appeared. They couldn't have jumped into space. The safety lock on the hatches were still operating after the crash!

The chief cut-in, "Look what I found on the top deck of the ship."

The chief had made an impor- tant discovery, a rock, a type of rock not found on the earth.

The chief and the professor rushed the rock to the professor's lab. By that time a strange looking growth had covered the rock. The professor placed in in a glass cage.

Soil Conservation News

National Soil Stewardship Week

Secretary of Agriculture Ezra Taft Benson has made the fol- lowing statement in behalf of Soil Stewardship Week and Rural Life Sunday, both of which occur this month:

The Department of Agricul- ture is happy to join with the National Association of Soil Con- servation Districts and national church organizations in the ob- servance of National Soil Stew- ardship Week which they are sponsoring May 26 to June 2.

During this week, or Rural Life Sunday, May 26th, local churches of various faiths and soil conservation districts thro- out the nation will join in special recognition of man's re- sponsibility as a steward of our God given heritage, the produc- tive soil.

Such observance is especially heartening to us in the Department of Agriculture who are charged with helping farmers use soil wisely and at the same time conserve it for continued production for the generations to come. Our future food supply depends on the intelligence with which we use our productive resources, such as soil and wa- ter. Not only food but many raw materials for industry come from the soil. While solving to- day's problems, we must not neglect tomorrow's needs.

I strongly urge farm, church, civic, conservation and other organizations to participate in this event as an important means of becoming better acquainted with the vital importance of wise use of our land to both our material and spiritual welfare. I am urging employees of the Department to participate in soil stewardship observance as citizens in their community or to help organize groups, when requested, in planning or con- ducting such events.

Memorial Day Weekend Offers Traffic Hazards

Capt. K. B. Hallmark in charge of the Wichita Falls District of the Texas Highway Patrol says, "Beginning with Memorial Day and continuing through Labor Day there will be a National Safety effort based on the slogan 'Slow Down and Live.'" This special effort is slated for this particular time due to the fact that many people will be on our highways during this period of time who do not normally drive much outside of cities and towns. Many people will be trying to cover too many miles in too short a time. The resultant driver fatigue, due to long hours of driving, and the speed to which the driver is unaccustomed will kill many of our citizens. This slaughter can be avoided by planning on the part of our vacationers. Plan your trip to allow for frequent stops and don't try to make too many miles in one day. See that your car is in shape before you leave and then make a point of obeying all traffic laws and traffic signs on your trip. Remember 85% of all accidents in Texas last year in-

involved at least one driver who was in violation of traffic regulations. Driving too fast was the highest causative factor in fatal accidents last year. Slow Down and Live.

The Governor of Texas has called on your Texas Highway Patrol to cut down on deaths on our rural highways. He has asked us to step up our enforcement of traffic laws giving special attention to violations causing the accidents. This means of course that more people are going to be arrested for violation of traffic laws. We sincerely hope that none of our drivers will need to be arrested but past experience shows that many of our drivers will get out of bounds and be subject to arrest.

Beginning May 29th and continuing through Labor Day the Patrolmen in the Wichita Falls District and throughout the State, are under orders to pay particular attention to the Hurry violations, speeding, passing in No Pass Zones, Passing without sufficient clearance and similar violations. Try not to get a ticket, but by all means don't get a headstone.

The highway Patrol will be us-

ing radar extensively over the summer vacation period and throughout the entire year. This radar will be used as a traffic control device and for the law abiding driver there is no fear of arrest. For the traffic violator all we can say is be alert. We will be in many places detecting and arresting the "Hurry Bug" in an effort to reduce the rising death toll on our streets and highways. When 2,611 people die needlessly on our streets and highways enforcements of the traffic laws cease to be a sporting proposition and your Highway Patrol fully intends to enforce the traffic laws by all available means. Radar will be concealed in many places and if you are unlucky enough to be apprehended by it, remember you have no one to blame but yourself. "Speed is no accident, only the ingredients of one." Be alert today, Alive Tomorrow.

Mrs. Donald Young Shower Honoree On Friday, May 23rd

Mrs. Donald Young, the former Julia Morrison, was honoree at a beautiful Spring Bridal shower Friday night, May 24th in the First Baptist church Parlor in Burkburnett.

Mrs. Marshall Young, mother of the groom and Mrs. Lois Rone mother of the bride were seated by the attractive bride and all were presented corsages.

Miss Dee Ann Welborn presided at the Guest Register.

A clever three part skit was given by Mrs. Gavin Vaughn.

Two vocal numbers by Misses Billie Sanders and Barbara Gorcham, accompanied by Mrs. Leroy Meyer were presented.

Little Master Gavin Vaughn played the part of Cupid with bow and arrow sighted Mrs. Young as his target and delivered to her an array of beautiful and useful gifts.

Refreshments were served to approximately 60 guests.

Those from out of town attending were: Mrs. Louise Brewer, Mrs. Christine Eckhardt and Mrs. A. E. Johnson, all of Wichita Falls.

Jr. University Club Officers Installed

Members of the Junior University Study club held their last meeting of the year at Underwood's in Wichita Falls. After the delicious food was enjoyed by all, an original and humorous installation of officers, written by Mrs. Maurine Yarbro and read by Mrs. Bette Stanaland was given. Officers for the new year include: president, Mrs. Bette Stanaland; vice president, Mrs. Janice Vincent; recording secretary, Mrs. Jo Koller; corresponding secretary, Rhee Marten; treasurer, Margorie Hofacket; historian, Jo Gilbert; reporter, Margaret Alexander; parliamentarian, Maurine Yarbro.

Mrs. Frances Clement expressed her appreciation for the cooperation given her during the past year as our president and then presented each member a gift.

Appointment of the various committees for the coming year was announced and then plans were made to have a float in the Boomtown parade.

After the business meeting secret pals exchanged gifts and then were revealed. Club gifts were given to Mrs. Maurine Yarbro for the best program of the year and to Mrs. Margaret Alexander and Mrs. Rhea McLean for perfect attendance.

Those attending the dinner and installation were Mesdames B. H. Alexander, Jr., Ralph Brookshier, Jr., L. J. Byars, Howard Clement, Vernon Duke, Paul Fisher, C. W. Gilbert, Dan Hofacket, W. C. Koller, Floyd Marten, Ellis McCullough, Pete Landrum, Bill McLean, John Page, Gene Robertson, Max Stanaland, Finis Taylor, Bill Vincent, H. T. Kennedy and George Yarbro.

Mr. and Mrs. C. A. Moreman are spending a few days in Palestine this week and will attend graduation exercises of S. J. Moreman, Jr., Mr. and Mrs. J. Moreman and S. J. plan to accompany the Moremans home for a visit here.

James Hicks to Get ROTC Commission At Texas University

Army, Navy, Air Force and Marine Corps commissions will be awarded to more than 130 University of Texas ROTC students June 1st at joint commissioning ceremonies.

The commissions and letters of appointment will be given by visiting representatives of the Armed Forces: Brigadier General S. R. Hanmer, Washington, D. C., assistant chief of the Army Engineer Corps; Captain Leonard S. Mewhinney, Dallas, inspector of Naval recruiting and officer procurement, Seventh Naval District, and Brigadier General Emmett B. Cassidy, Wright-Patterson Air Force Base Ohio, director of transportation and services, Air Material Command. Brig. Gen. Cassidy will present an Air Force commission to his son, William E. Cassidy. A Burkburnett boy will receive his commission with this group.

Burkburnett — James Nathan Hicks, Army.

Traffic All Snarled Up!

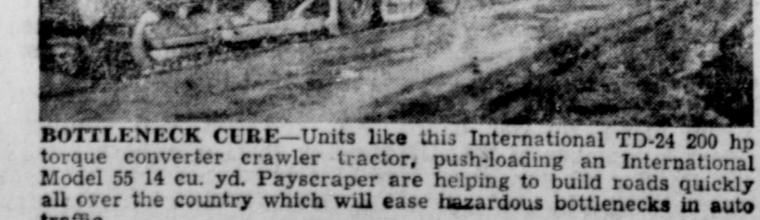

WATER TRAFFIC—How these Venetian boatmen steer their craft without plowing into one another is a navigation miracle. This mass of gondolas and assorted vessels glide along the Grand Canal in Venice, Italy, as part of the traditional festivities marking "The Wedding of Venice With The Sea," climaxing the tourist season.

TRAFFIC BOTTLENECK—This picture presents an unusual traffic "bottleneck"—two hamsters scuffling over the same bottle of milk. When this pair of two-year-olds were abandoned by their mother, an enterprising Irvington, N. J., man came up with this ingenious idea of feeding.

AIR TRAFFIC—This sight of a mass of TV antennae protruding above a ramshackle weather-beaten house in Moscow verifies Russians have TV reception problems, too. Although Muscovite factory workers seemingly earn only enough for the bare essentials of life, here's proof they enjoy modern luxury items such as TV sets.

BOTTLENECK CURE—Units like this International TD-24 200 hp torque converter crawler tractor, push-loading an International Model 55 14 cu. yd. Pyscraper are helping to build roads quickly all over the country which will ease hazardous bottlenecks in auto traffic.

Current Literature Club Holds Final Meeting for the Club Year of 1956-57

The home of Mrs. J. S. Vandenberg was the setting for the final meeting of the Current Literature club for the year 1956-57. Mrs. Ralph White, president had charge of the business meeting, in which Mrs. O. L. Clark resigned as historian and Mrs. John Brookman was appointed to fill the vacancy. A letter was read from the County Red Cross organization thanking the club for their work in sponsoring and securing workers for the local Red Cross drive in which \$1293 was raised. The resignation of Mrs. C. E. McKnight was accepted with regrets. It was voted to hold an antique show during the Gold-ten Jubilee celebration if a building can be secured. Mrs. C. M. Archer, F. G. Jeffers and D. H. Smith were appointed to make the necessary arrangements. Mrs. W. W. Chambers had charge of the program and introduced Mrs. W. B. Short, who gave the club Counselor's report. Mrs. Fred Hunt read the club history, prepared by Mrs. W. C. Vann in which a resume of the years work was given. Topics covered during the year were Citizenship, Poetry, Americanism, Bible Day, Traffic Safety, American Home, Mental Health, Texas Library, Literature and a Guest Day, at which time the Federated Clubs of the City were guests at a Spring Style Show. One of the members sponsored a poetry contest in the local high School and the winning poems will be entered in state competition. One of the projects for the year was assisting in the redecoration of the Town Hall and one of the club members, Mrs. John Brookman was acclaimed outstanding woman of the year at the local Chamber of Commerce banquet for her leadership in the Town Hall redecoration. Another project of the club year was contributing \$27.50 to the fire truck fund. Civic projects adopted for the year 1957 1958 include sponsoring purchase of a loud speaker system for the Town Hall and the Youth Center. In a very able way, Mrs. A. H. Lohofener installed the officers for the new year using the ship theme. After a summer in port, the Good Ship Current Literature, will launch forth on its 35th cruise, manned by the following crew:

Public Affairs; Miss Ella Billingslea, Religions of the World; Mrs. W. C. Vann, Americanism; Mrs. W. B. Short, Friendship; Mrs. Majorie Kauer, Texas Heritage. The hostess served lovely refreshments to sixteen members. The club season was closed for the year by reading in unison The Club Collect.

Social Security Office News

Although over 300 disabled people in the Wichita Falls area have already applied to have their social security records frozen, many more may lose valuable social security protection if they do not apply before July, 1957.

This warning came from Erton Tate, district manager of social security in Wichita Falls. He explained that an application filed before July 1957 by a disabled worker could be effective as of the time his disability actually started if certain work requirements were met at that time. After June 30, 1957, a disabled person cannot freeze his social security record for a period beginning earlier than 1 year before the date he applies for the freeze. This means that many workers who have been disabled for a long time will not be able to get their record frozen if they do not apply before June 30, 1957.

Any person in the area who is severely disabled and who worked regularly for 5 years in work covered by social security before becoming disabled should immediately contact the social security district office located at 421 Post Office Bldg. in Wichita Falls or see their representative who visits Burkburnett regularly.

Mr. and Mrs. Billy H. Cauthorn and sons Kent and Dean of Liberty have returned to their home after spending a weeks vacation with his parents Mr. and Mrs. Bill Cauthorn.

Last year over a 1/4 inch drills were wanted a 1/4 inch what they really was 1/4 inch holes!

Likewise, many of people in and Burkburnett buy policies each year. What you really ever, is not an policy, but Protection you SURE you are it?

"Protection" comes to those who care for the right coverage, proper amounts, buying "a policy" mean you'll get protection.

That's why it put your insurance in the hands of a professional insurance agency can help, based on experience, in making your policies will PROTECTION.

So get the "protection" you think you need. Visit our office in things over.

We will see that not just "insurance" "Protected"!
