The game will be between the Wichita Falls Jets and one of the local teams.

F. E. Cruce Appointed Judge Of City Court

F. E. Cruce is the new Judge of the City Corporate Court. He received his appointment Monday night from the City Commissioners in their regular meeting. He will assume his duties Monday, July 15th.

Judge Cruce has been Justice of the Peace in Precinct No. 2 for a number of years.

In taking up his new duties, Mr. Cruce says it is not his wish to have to impose a fine on any one. He says he does not like to mete out fines any more than the police like giving traffic tickets. He suggests that all drivers observe all traffic signs without fail. Everyone knows that the speed limit within the city limits is 30 miles per hour. And, that does not mean 31 or 32 or more. It means 30. He also warns that it is a violation of the law to throw any kind of rubbish from your car in the city limits (also on the highways). Traffic lights are placed at some intersections for the protection of everybody who drives a car or wishes to cross the street as a pedestrian. Observe them. Another hazardous practice is blocking alleys with cars or trucks. Alleys must be kept open for fire trucks in case of a fire. From talking with the Judge one gets the impression that he much rather everybody observe traffic laws than subject themselves to a fine.

LIONS CLUB

Town Hall Each Tuesday 7:00 P. M.

President Weldon Nix was in charge of the meeting. Ted Roark, in charge of the program, presented Miss Marilyn Felty, who played three numbers of the piano. Marilyn is an accomplished young musician and her renditions were appreciated by members.

Next week Jack Robertson will be responsible for the program.

C-C PRESIDENT GEORGE BYERLY UNDERGOES SURGERY WEDNESDAY

Mr. George Byerly, president of the local Chamber of Commerce, underwent surgery for removal of one of his lungs Wednesday at the Bethania Hospital in Wichita Falls. It will be several days before he can have visitors.

Friends Enjoyed Fish Fry Recently

Mr. and Mrs. Carvel Good, 305 West Third St., entertained a group of friends with a big fish fry in the back yard of their home recently.

Fish with all the trimmings were enjoyed by all.

Those who attended were: Messrs. and Mesdames and their families: George Hodge, J. W. Blackwell, Jr., Henry Hodges, Dureward Redman, Miss Virginia Baily of Electra and the hostesses.

These same families returned recently from a weeks vacation trip spent together in North-eastern Oklahoma where they camped and fished on the Illinois River. Everyone reported a wonderful time although they didn't catch any fish this year. The fish for the fish fry were caught by Carvel Good in Red River after they returned home.

Intermediate MYF Met Sun. July 7

On Sunday evening, July 7 the first meeting of the Intermediate MYF was held. Mrs. Turner, acting as chairman, presided over the meeting. The officers elected for the ensuing term are Jane Yarbro, president and pianist; Kay Zimmerman, vice-president; Margaret Faulk, secretary; Glenda Turner, treasurer; and Carolyn Bell, song leader. After a short business meeting, songs were sung.

The closing benediction was led by Jane Yarbro.

Julia Herlocker and Kenneth Gibson Engagement and Date of Wedding Told

Mr. and Mrs. James Harry Herlocker, 1916 Stonewall St., Greenville are today announcing the engagement and approaching marriage of their daughter, Julia Ann, to Mr. Kenneth Winifred Gibson of Greenville. The groom elect is the son of Mr. and Mrs. Wilma Leroy Gibson, 718 Third St., Burk Burnett, Texas.

The couple has chosen August 24 for their wedding date. The ceremony will take place in the Church of the Epiphany, Commerce, Texas, with Bishop Joseph Harte of Dallas officiating.

Miss Herlocker is a graduate of Greenville High School and attended Stephens College, Columbia, Missouri. Mr. Gibson will receive his M.S. degree from North Texas State College, Denton, in August. He is a coach in the Greenville Public Schools.

1st Grade Students To Be Immunized Before September

It is required of all students entering the first grade in September, 1957, that they shall be immunized against small pox, and diphtheria. Parents with children entering the first grade in September are urged and requested to get in touch with their local physician so as to have these immunizations completed by September.

All first graders must also have birth certificates.

Phyllis Jean Hunter Honored Tues. Night With Bridal Shower

Miss Phyllis Jean Hunter, bride-elect of Richard Dale Smith, was honored with a bridal shower Tuesday night at the Thrift Memorial Baptist Church.

Guests were registered in a brides book by Miss Delores Culpepper.

White and red corsages were presented to the honoree, her mother, Mrs. L. A. Hunter, and the groom-elect's mother, Mrs. Mary Smith.

Mrs. Carvel Good and Mrs. Dureward Redman served cake and punch from the refreshment table which was covered with a white crocheted table cloth over green. A beautiful arrangement of seasonal flowers completed the decorations.

Miss Jeanne Dodson played musical selections throughout the evening.

Approximately 35 friends and 14 hostesses attended.

Miss Hunter and Mr. Smith will exchange vows in a ceremony to be held at the bride's home on the evening of July 13.

Rev. Leroy Meyer of the First Baptist Church will officiate.

Mrs. D. McKinnis Honored June 26 With Wedding Shower

A lovely wedding shower was given for Mrs. Dewayne McKinnis in the Fellowship Hall of the First Methodist Church of this city on Wednesday evening, June 26th. Mrs. McKinnis, the former Colette Boyle, daughter of Mr. and Mrs. Nelson Boyle of Meadow Drive, was married to Sgt. Dewayne McKinnis, son of Mr. and Mrs. A. A. McKinnis of West 2nd St. on March 23rd in Clay County, Texas.

The shower was given by the members of the Council of Children's Workers in appreciation to Colette for her active work with the church's young people and also in appreciation to both the mothers of the bride and groom because of their tireless work throughout the years with the children of the church.

Presiding at the punch bowl was Miss Louise Boyd, friend of the bride, who served punch and cookies to approximately 40 guests. Miss Margaret Faulk sat at the guest book.

A delightful and original program was presented by Mrs. George W. Yarbro. A girls trio composed of Jane Ellen and Carole Jean Yarbro and Sue Revier, sang two numbers, and Mrs. Yarbro read a poem entitled "You are Stuck With Him."

The bride received many lovely and useful gifts, both from those present and from those unable to attend.

The groom who has been in the U. S. Marine Corps for six years is at present stationed in Japan. Until such time as she is able to join her husband, Mrs. McKinnis will reside with the groom's parents on W. Second St. in this city.

Mr. and Mrs. Martin Wright and Gail and Mr. and Mrs. Edward Bankhead and Larry spent Wednesday and Thursday of last week at Possum Kingdom.

Card of Thanks

I would like to express my sincere thanks to everyone for the many flowers, cards and visits I received during my stay in the hospital. Your kindness will be long remembered.

—W. J. Tyler. 52-1tp

Mrs. Myrtle Hennis, accompanied by her niece, Mrs. Johnny Parkinson of Wichita Falls, has just returned from a visit in Los Angeles, Calif., Salt Lake City, Utah, and Los Vegas, Nevada. Mrs. Hennis visited her daughter, Juanita Groves, who teaches school in Whittier, and her brother, E. L. Wellington in Salt Lake City. Mrs. Hennis and Mrs. Parkinson made the trip back with Miss Groves who will remain in Burk Burnett until August.

Mr. W. J. Tyler was returned to his home here Saturday after several days stay in the Wichita General Hospital. Mr. Tyler was injured in a fall from his tubing machine on June 13th.

Miss Patricia Ellen Bankhead is visiting her grandparents, Mr. and Mrs. O. J. Ensey, in Pampa, Texas.

Walter Koller Named Head Basketball Coach

The board of education of the Burk Burnett School met in regular session Monday, July 8th and elected Mr. Walter Koller head basketball coach for the High School and Junior High football coach. Coach Koller was coach at Waurika, Okla. from 1947 to 1954 winning the District five out of seven years there in boys basketball. During this time he reached the semi-finals and region.

The board employed the following teachers: Mrs. Blanche Roberts, fourth grade assignment, and accepted the following resignations: Coach Ted Averitt, Mrs. Ethel Averitt, and Miss Myrtle Capps.

The board is anxious to fill the "B" squad coaching position as soon as possible and invite applications to contact Mr. R. M. Davis, Superintendent, or Coach Jack Robertson.

Palace Cafe to Close for Repairs July 13 Thru 27th

Mr. and Mrs. Clyde (Huck) McDonnell will close their Palace Cafe Saturday night, July 13th, for two weeks. They will open up again Monday, July 29th.

While the cafe is closed it will undergo extensive repair and painting.

One of the major innovations will be the installation of refrigerated air conditioning.

Circle 1 WSCS Met Tuesday July Ninth

Circle No. 1 of the WSCS of the First Methodist Church met in the home of Mrs. F. L. Pilkenton Tuesday afternoon, July 9th.

Mrs. B. N. Cauthorn, circle leader, called the meeting to order. Opening song was Faith of Our Father. Mrs. R. H. Henry brought a nice devotional, "Strangers Within The Gates. Scriptures were taken from Leviticus 19:34 and Matt. 25:38,40. She quoted, "The Lord told the Israelites that they were not to oppress a sojourner among them for ye know the heart of a stranger. They were to treat him as one born among them and love him as they loved themselves. Christ reminded us that wherever we receive the least of his brethren, it is as though we received him." Mrs. W. C. Gage, program leader, had the following ladies on a panel discussion, Mrs. D. M. Lowery, Mrs. A. R. Bunstine, Mrs. H. C. Gilbert and Mrs. M. C. Tucker. The purpose of the lesson was to show the many places in the world where large colonies of people, different in some respect from their neighbors, in race, nationality, color, religion or economic status, form virtual "islands" in the population, isolated, shut-off by man made barriers. Many islands of isolated groups of people await His word and that there will be no wholeness in the church until they are included in the fellowship.

Mrs. D. M. Lowery, secretary, read the minutes of the previous meeting and a business session followed. Mrs. Cauthorn asked if the group would like to have a project for the circle for the year. It was unanimously voted to have a bazaar and bake sale the first week in December. Each member will make something to raise funds.

Mrs. H. C. Gilbert gave the closing prayer.

Next meeting will be with Mrs. B. N. Cauthorn August 13th at 2:30 p. m.

Frosted cakes were served to Mesdames D. M. Lowery, M. C. Tucker, J. B. Grace, W. C. Gage, R. H. Henry, B. N. Cauthorn, Leon Turner, H. C. Gilbert, A. R. Bunstine, S. S. Reger, R. L. Gragg, J. B. Gore, Miss Lena Patton.

Mrs. Harry V. Sapp and children, Delra and Robert, have returned to their home in Farmington, West Virginia, after a visit here with her parents, Mr. and Mrs. W. T. Cox. She was accompanied home by her brother, Kenneth Cox.

More City Water Next Week From New 16 In. Main

Final installation of pumps, etc., at the city pump station is expected to be completed this week. The big sixteen inch main coming to town is also expected to be ready to bring more water to town.

The last few hot dry days have made a heavy drain on the present pumping capacity. With the new and larger units in operation it is believed that everyone will have all the water they wish to use.

L. W. Teel, Jr. Injured In Bulldozer Mishap Monday

L. W. Teel, Jr., was saved from certain death Monday by quick thought and action on the part of a co-worker. Young Teel and Red Smith were clearing off a lot on Holly Street when the accident occurred. Teel mounted the bulldozer to move it backward. Just as the machine started motion Teel's foot slipped and he fell to the right track. He was in a sitting down position, facing the back of the bulldozer. He screamed and Smith vaulted to the top of the machine and cut it off.

In those few seconds Teel was pulled into the machine and had both legs caught between the track and the frame up to his knees. Had the machine traveled one more inch backward, both limbs would have been torn off.

Volunteer firemen rushed to the scene and with the aid of a cutting torch, Teel was freed. He was taken to the Burk Clinic where Dr. Jerome Adams made an examination which revealed that bones were broken in both feet. There was a bad laceration and bruise on his right limb.

Teel was removed to a hospital in Wichita Falls where more X-rays were made, but they failed to show any other bones broken.

Teel was returned to his home here Wednesday and will be in casts for 6 weeks.

Mrs. H. Henderson Hostess to Circle 3 WSCS Tuesday

Mrs. Howard Henderson was hostess to Circle 2, Woman's Society of Christian Service, of the First Methodist Church on Tuesday, July 9, at 9:30 a. m.

The circle leader, Mrs. Mary Browning, presided at the business session.

Mrs. O. E. Melton was program leader for the day. The lesson, "Strangers Within Our Gates", consisted of devotional material taken from Leviticus 19:34 and Matthew 25. A round-table discussion held by Mrs. Jones, Mrs. Bill Haws, Mrs. Mary Browning and Mrs. Seeley Gallop finished the study.

There were eleven members and four guests present.

Circle 2 will meet again on August 13 with Mrs. Paul Browning, 506 Magnolia and Mrs. Beulah Hall as co-hostess. The lesson will be given by Mrs. Gallop.

Recent visitors in the home of Mr. and Mrs. J. E. Gentry were Mrs. Rena True and Mary. Mr. and Mrs. Rossier True and children and Mrs. Annie Ruth Wilson and children, all of South San Francisco, Calif., Mr. and Mrs. Bennie Cox of Donna, Texas, Mr. and Mrs. Clark Bogart and girls of Cotton Center, Texas, and Mr. and Mrs. John A. Bennett and children of Fort Worth. Karen, Sandra and Richard Bennett returned home with their parents, after a 3 weeks visit here with their grandparents.

Mr. and Mrs. V. C. Skipwith spent several days visiting in Shawnee and Pauls Valley, Okla. last week.

SO WE'RE RICH?

We are reminded by the Council of State Chambers of Commerce that the Congress has got to really bear down with its shears on the President's foreign aid request . . . or go home with very red faces.

Thus far the Senate has cut a mere \$227 million out of the \$4 billion, 338 million White House request. Just to maintain its cutting average of the past five years, Congress will have to raise that figure to \$979 million or almost four times. And in view of the public clamor against the budget in general and this very foreign aid item in particular, the gentlemen will have to do a lot better than that if they are to receive a brass band welcome on their home-coming.

But, just in case they have forgotten what you told them earlier in the year, or assume the President's TV speeches changed your mind, perhaps you'd better tell them again. Without protest mail from the constituents, the Administration's pro-spending lobbyists who are swarming the halls of Congress are pretty likely to have their way.

Looking back, you and your fellow citizens have given away out of your tax money since July 1, 1945 a net total of \$55.8 billions in foreign aid. Written out, it looks like this: \$55,287,000,000. In addition you have loaned a net \$13,849,000,000 during that period. The total, together with the current request as presently trimmed in the Senate, amounts to \$73,297,000,000.

We continue our outlandish aid programs when we are unable to whittle down a national debt officially reported at the statutory ceiling of \$275 billion. (Some think it may actually be as high as \$288 billion). Perhaps another way to bring these huge figures into focus is to consider that all the gold in Fort Knox is worth only \$22 billion—and that Virginia's Harry Byrd got Treasury Secretary Humphrey to admit the other day that \$13 billion of this gold, or 58 per cent, isn't ours. It belongs, Mr. Humphrey said, to foreign countries or foreign citizens.

Who, after all, should help whom? Want to ask your Senators and Congressmen again?

AREN'T WE IN ENOUGH TROUBLE?

Ambitious young Senator John F. Kennedy, of Massachusetts, demanded on the Senate floor the other day that the administration pull its head out of the sand and quit helping the French fight their Algerian war. He urged that the US take part in "an international effort to derive for Algeria the basis for an orderly achievement of independence". We were denying, he said, our "anti-colonial legacy".

The French have consistently rejected the efforts of the UN to enter into the Algerian picture on the grounds that it is strictly a French internal problem. And our State Department has agreed with this view. But Senator Kennedy argues that "the changing face of African nationalism and the ever widening by-products of the growing crisis have made Algeria a matter of international, and consequently American concern".

Mr. Dulles, however, is still not convinced. He still thinks Algeria is a French problem, also that it might be a little too complex for Mr. Kennedy to straighten out. If he wanted to have a go at "colonialism", the Secretary suggested, he might start on the Communist type.

Asked at his press conference about the Kennedy speech, the President indicated that Mr. Dulles had provided a good answer which he went along with. But there was a hint too that the Senator might be making it more difficult for this government to use its good offices in "restoring peace" by working "behind the scenes" and without taking sides.

Comment from French Defense Minister Andre Morice was more pointed. "I don't know," he said, "whether Mr. Kennedy has nights without nightmares. What I know well, is that this will result in a great increase of innocent victims and the prolongation of a drama that would have been long ended if so many of our thinking friends had weighed their words or their acts. It is the blood of others that pays for their errors".

All in all, Senator Kennedy has stirred up a good deal of sound advice relative to the merits of minding one's own business.

Instrument of Monopoly

It is said that "The function of the union shop is to furnish the element of control which is essential to complete monopoly".

This is undeniable. The worker's wages and conditions are determined by the union. So is the amount and quality of work he may do. He must strike if the union tells him to. He must abide by any number of rigid rules, even though he may not agree with them.

If a worker fails to obey the union, he loses his membership—and with it his job.

Here, in very brief summary, is why sentiment is growing for right to work laws, which guarantee everyone the right to join or not to join a union, as they voluntarily choose, without dictation from either the employer or the union. If that isn't basic to our boasted free nation, nothing is.

Wesleyan Guild Had Garden Party Monday, July 9th

The Wesleyan Service Guild was entertained at the home of Mr. and Mrs. Homer Gilbert on Mon. the 9th for the July meeting with Mrs. Melton as co-hostess.

Tables had been set up in the beautiful garden with colorful cloths and pottery where the hostesses served Mrs. Gilbert's famous Chicken pie, candid yams salads, pickles, iced tea and all the trimmings. Iced watermelon was served for dessert.

Eleven members were present and Mrs. Jack Chatham was welcomed as a new member.

Guests for the dinner were Rev. Leon Turner, Glenda Turner and Mr. Gilbert.

Following the dinner, Mrs. Wiggins, the president, directed a business meeting Mrs. Earl Martin brought an interesting lesson and Mrs. Turner led in prayer.

Card Of Thanks

WE ARE SINCERELY GRATEFUL to friends and neighbors for their many kind acts of sympathy during our sad bereavement. Our appreciation cannot be adequately expressed.

Mrs. Rex Tuel Honored Recently With Shower

— One of the loveliest parties of the summer was the one held last week in the Fellowship Hall of the Methodist Church honoring Mrs. Rex Tuel. The hall was beautifully decorated for the occasion. A long table laid with a lace cloth over pink was centered with a pink stork carrying a baby doll in its beak. Beautiful individual cakes iced in pink and blue rose buds were on one end of the table and favors and the huge punch bowl were at the other end.

Mrs. Dan Hofacket and Mrs. Joe Eastman served the guests as they arrived. Bernice Bryant presided over the guest book. Pat Kay Inlow and Julia Ann Henry sang Brahms Lullaby accompanied by Mrs. Melton. Then Mrs. Melton read a poem, "What Are Mothers?"

Mrs. Jim Pirtle presented a lovely array of gifts to the honoree. The guest list included approximately 50 relatives and friends.

Mesdames E. L. Weinenger, John Karstetter, Jack Mathis, Gene Looney, Howard Bentley and Charlie Ware.

Refreshments of punch and cake were served. Miss Capps is leaving this month for one year's elementary school teaching position with the U. S. Army in Okinawa.

The small son of Rev. and Mrs. Olen Runnells is reported ill with the measles.

MYF Council Meet Was Wed. July 6th

MYF officers of the Methodist Church held a council meeting Wednesday, July 6th at 8:30 p. m. During the meeting, the officers decided to separate the senior and intermediate members in the MYF because it was felt that the Intermediate MYF's could not enjoy the lessons that members prepared for the seniors. Also each group had grown so large that it became necessary to separate them into two groups. Each MYF senior and intermediate will meet at 6 p. m. every Sunday afternoon but the intermediates will meet in a small room just off of the fellowship hall downstairs while the seniors will meet in the regular room as before. Every youth is invited to the senior and intermediate MYF meetings. The counselors are Mrs. Bell for the Intermediate MYF and Mrs. Turner for the Senior MYF.

Present at the council meeting were John Robinson, Carolyn Alvey, Kathryn Alvey, Leslie Boyle, Joe Thompson, Johnny Veach and Mrs. Turner.

Regular Meeting of MYF Was Sun. Night

Leslie Boyle, vice-president, opened the MYF meeting by asking for old and new business, and then turned the meeting over to Joe Thompson, Faith chairman. Joe asked Kathryn Alvey to play the piano and Pat Kay Inlow to lead the singing for a song. As soon as we had sung the song, Joe asked Jerry Thomas to read the scripture lesson. The meeting was then turned over to Louis Boyd to give the lesson. Everyone enjoyed Louise's lesson very much. She ended her lesson with a prayer and turned the meeting back over to Joe Thompson who suggested another song to sing. After the song, Joe said a prayer and we all said the MYF benediction together.

There were ten members and one visitor present.

Ford wins the battle of the builds

• Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The real secrets of Ford's success are the extra values that go into building a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.

1. Only Ford in its field offers a frame design that lets you ride within the frame side members for greater roominess, more smoothness and increased safety.
2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, quieter, longer-lived operation.
3. Only Ford in its field offers automatic variable-rate rear springs that automatically adjust to give a smoother ride no matter how rough the road conditions.
4. Only Ford in its field offers new swept-back ball-joint front suspension that "rolls with the punch" on rough, bumpy roads.
5. Only Ford in its field offers as many as five strengthening roof cross members for a more rigid roof... greater quiet and safety.
6. Only Ford offers such a savingful car. A Ford Six beat all other cars in the 1957 Mobilgas Economy Run in the miles-per-gallon department.
7. Only Ford in its field offers a frame with 3 tubular cross members. There are 5 cross members in all... enabling the frame to withstand stress from all directions.
8. Only Ford, among all makes, electronically balances every V-8 engine while it's operating under its own power.
9. Only Ford in its field offers so much soundproofing for a quieter ride under all road and weather conditions.
10. Only Ford in its field offers such a well sealed body for greater freedom from dust and weather wherever you travel.
11. Only Ford in its field offers rear door assist springs and two-position front door checks for easier entrance and exit.

Federated Society Met Recently With Mrs. Jim Ady

The Federated Missionary So-
ciety met in the home of Mrs.
Jim Ady with Mrs. Sam Weaver
as co-hostess.

President, Mrs. W. C. Gage,
opened the meeting with the
group singing, I Love To Tell
The Story. Mrs. Leon Turner
gave the opening prayer. Mrs.
W. B. Short brought a nice de-
votional from the 6th chapter
of John. She quoted, "All day
the people had listened to the
words of Jesus as he taught be-
side the sea; they had listened
to his gracious words so plain
and simple that they were as
the balm of Gilead to their souls.
He had given health to the sick
and life to the dying. Christ
could have spread for the people
a rich meal but food prepared
merely for the gratification of
the appetite would have convey-
ed no lesson. The Saviour
has not promised His followers
all the luxuries of the world.
Sometimes their lot may be one
of poverty but He had promised
that which is better than earth-
ly goods, the abiding comfort of
His own presence. Many feel
that it would be a great privi-
lege to visit the scenes of Christ's
life on earth, to walk where he
trod, to look upon the Lake be-
side which he loved to teach
and the valleys and hills his
eyes often rested on. But we

can not go to Nazareth, to Cap-
ernaum or to Bethany in order
to walk in steps of Jesus. We
can find his foot prints in ev-
eryplace where there are hum-
an hearts in need of help." Mrs.
W. R. Carswell led in prayer.

The secretary called the roll
and each one present answered
by giving a bible scripture. The
welfare committee gave a report
and Mrs. B. N. Cauthorn gave
the closing prayer.

Next meeting will be with
Mrs. Bess Vann with Mrs. J. W.
Keller as cohostess.

Frosted cokes were served to
the following: Mesdames Short,
Gage, Skipwith, Keller, Buchan-
an, Jones, Turner, Kent, Ady,
Weaver, Carswell, Cauthorn,
Bunshine, Scruggs, Cecil, and

DEPENDABLE

is the word for Humble Service

That's the word Texans use to describe Humble service.

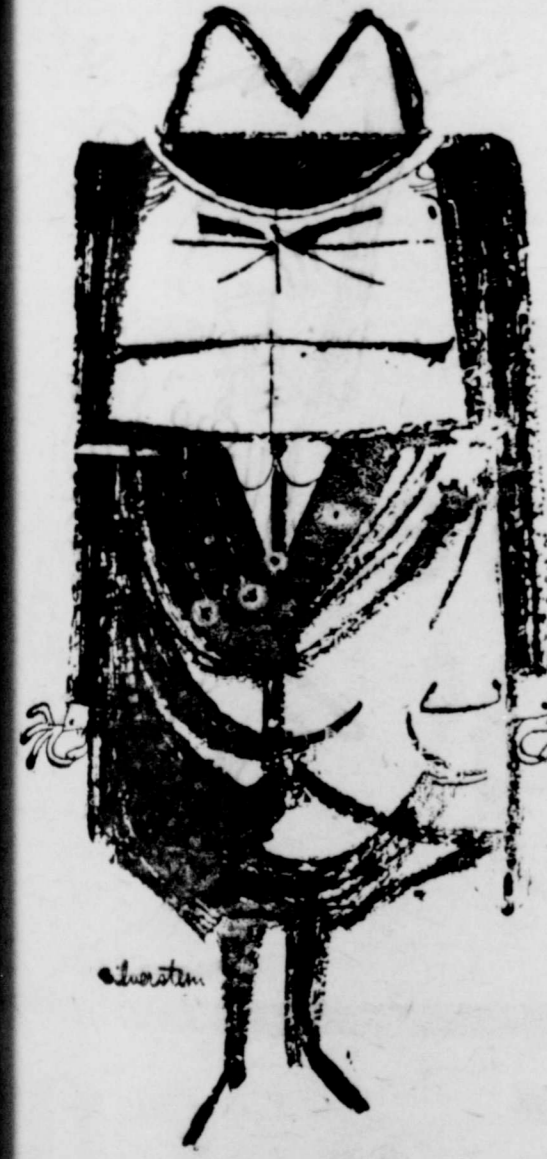

You can depend on it that your neighbor in a Humble uniform knows his business. You can depend on him to give your car the care it needs to keep it running right and looking good. You can depend on him to keep his rest rooms clean and sanitary. You can depend on finding his salesmen prompt, well trained and courteous.

Stop for dependable service under your neighbor's Humble sign.

HUMBLE OIL & REFINING COMPANY

Rest rooms under Humble signs are extra clean!

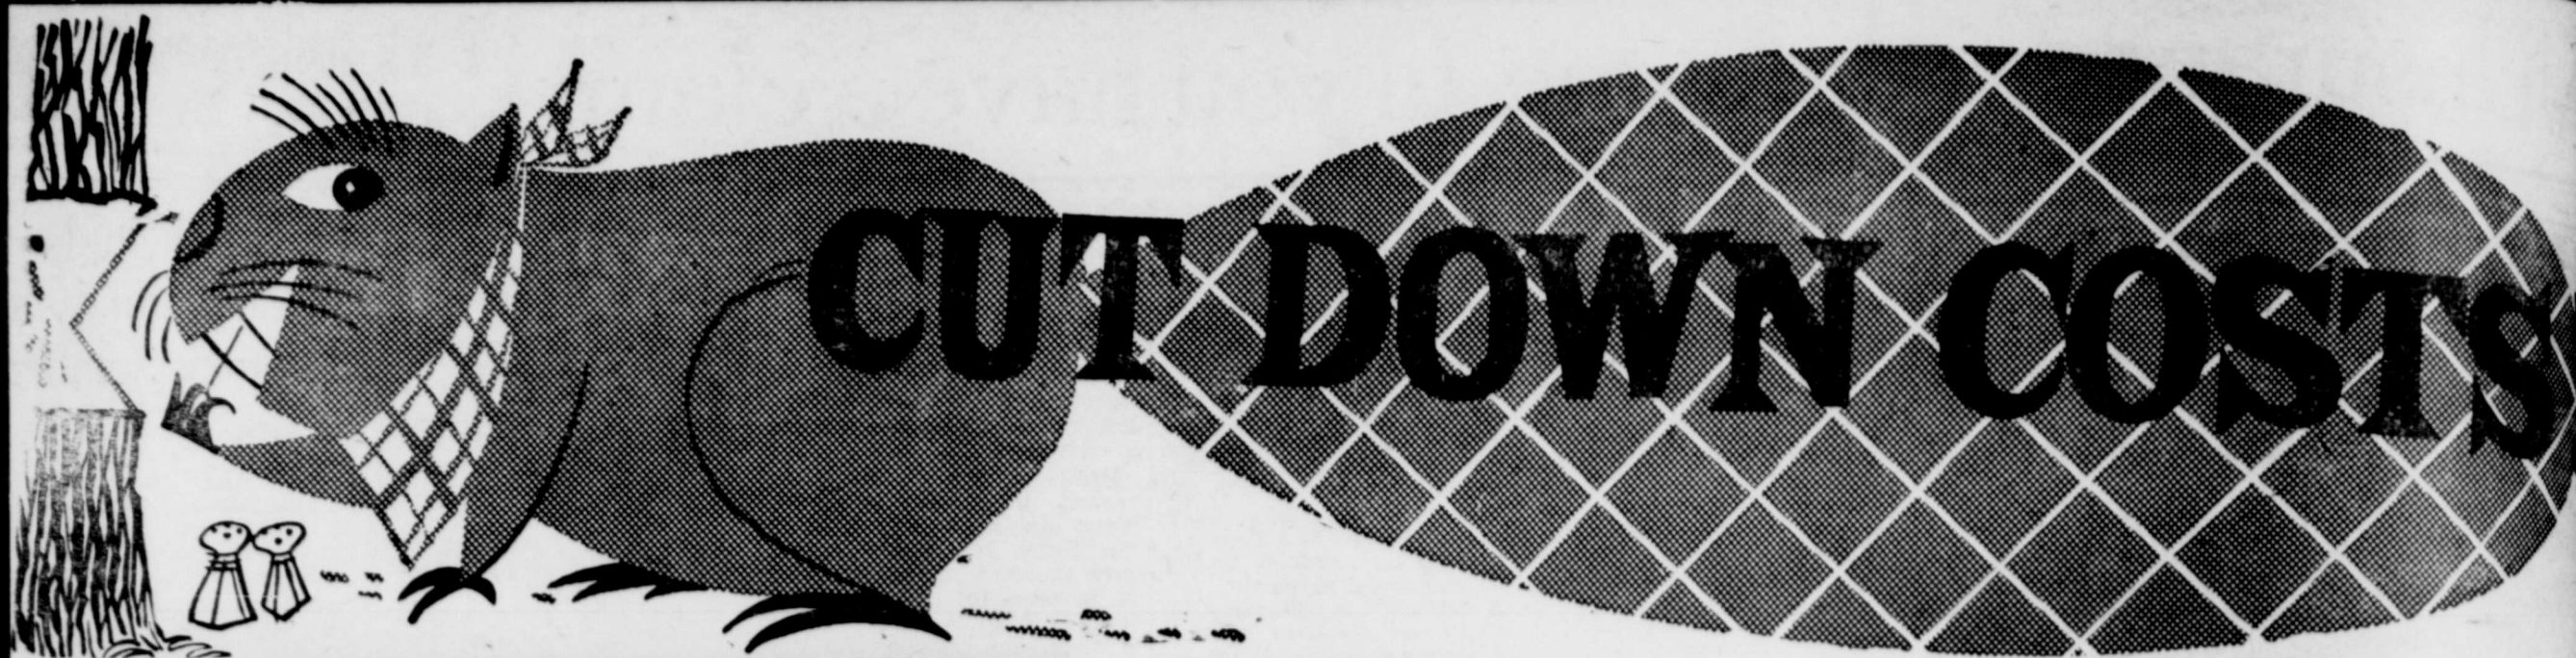

HUMBLE

An angry man is Sylvester T. Day,
Who today was sold a piece of "blue sky."
He'd stepped in a showroom—out of the rain.
Was sold a new car before he could explain
How he hated the styling—so high and square
And in new features it was really bare.
"I got a real bargain—the buy of my life—
But how do I ever convince my own wife?"

Moral: You're paying for a new car... make sure you get one!

When you buy a new car, put your money on tomorrow—not yesterday. Swept-Wing Dodge actually obsolesces other cars in its field. Should you invest in high, boxy styling when Dodge offers the low, low look of tomorrow? Should you invest in outmoded coil springs when Dodge offers new Torsion-Aire Ride? Should you invest in an old-fashioned lever-type transmission when Dodge offers the ease of Push-Button Driving? In other things, too—engines, brakes, interiors—Dodge is years ahead. So put your money on tomorrow. See your Dodge dealer. Join the swing to the Swept-Wing Dodge!

CONVINCED the small- car field is your limit?

READ THIS STARTLING FACT

**5 out of 10 Smaller Cars
wear a Pontiac Price Tag
—yet none gives you Any
of Pontiac's Advantages**

YOUR MONEY ACTUALLY BUYS UP TO 8.9% MORE SOLID CAR PER DOLLAR IN A PONTIAC!

The so-called "low-price" cars fall far short of Pontiac in actual, measurable car—and your Pontiac dealer has official specification comparisons to prove it! No smaller car comes even close to Pontiac's rock-solid construction . . . from its rugged X-member frame through every inch of its heavy-duty running gear Pontiac is muscle all the way! This extra heft means Pontiac holds the road like no smaller car you've ever driven . . . gives you a ride remarkably free of bounce, shake and noise! Put all the facts and figures to your own personal road test. Call your own shots and see how Pontiac's Precision-Touch Controls let you relax to steering, braking and parking ease out of reach of the small jobs!

WITH 4 TO 7 EXTRA INCHES OF WHEELBASE, PONTIAC OUTCLASSES THE SMALLER CARS IN RIDE AND ROADABILITY!

Pontiac's length is built in—not hung on! Smaller cars extend bumpers and fenders to look big, but Pontiac doesn't need camouflage . . . it is big! Its man-sized 122-inch wheelbase strides over the bumps instead of riding on them. This extra length, plus a carload of new suspension ideas, results in Pontiac's exclusive Level-Line Ride that no car at any price can surpass! Sample a few miles—and you'll never re-enlist in the small-car army again!

NO CAR AT ANY PRICE PERFORMS LIKE A PONTIAC . . . SMALLER CARS AREN'T EVEN IN THE RUNNING!

If it's proof you want, your Pontiac dealer is loaded with it—point-by-point engineering comparisons and on-the-record facts and figures. No smaller car is designed or built to come close to Pontiac's eye-opening response . . . its smooth, effortless mastery of every driving demand. Put the facts on America's Number One Road Car to a test and you'll leave the little league for good!

PONTIAC HAS ALWAYS COMMANDED A HIGH TRADE-IN DOLLAR!

When you put your money in a Pontiac you know your investment will be riding high for a long time to come! In fact, over the years, no car has a better reputation for being a top-demand used car. So before you sign on the dotted line for a smaller job at Pontiac's price—get the dollar-stretching good news your Pontiac dealer has waiting for you. Here in the easiest move of your life are the car and the value that will get you out of the small-car class for keeps!

SHOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!

Local Artillery Officer Commands Detroit Missile Site

Captain Joseph A. Franks, son of Mr. and Mrs. L. H. Franks of 1921 8th St., Wichita Falls, Texas has been placed in command of Detroit's first Double Guided Missile Battery, located in suburban Wyandotte, Michigan.

Captain Franks assumed command of C Battery, 85th AAA Missile Battalion, effective the first of July. The Double Site, first of its kind in the 28th AAA Group, member of the Fifth Regional Air Defense Command, was formulated by combining C Battery of the 18th AAA 90 millimeter Gun Battalion with an already-positioned NIKE Missile battery, B Battery of the 504th AAA Missile Battalion. To prepare for his new assignment, Captain Franks attended the United States Army Air Defense School at Fort Bliss, Texas, for a highly technical course of instruction concerning the NIKE Missile.

The NIKE Missile is a liquid-fueled, supersonic, rocket-type missile capable of meeting an air attack from any direction. Its speed, range, altitude, and lethality are classified, but the kill-potential has placed NIKE among America's most deadly surface-to-air weapons.

Previous to this assignment, Captain Franks commanded C Battery of the 17th Field Artillery Battalion in Korea, leaving that assignment on the twenty-fourth of November 1956 to attend the Air Defense School.

The Captain and his wife, Mrs. Manilla Franks and daughter Margaret are residing in the Grosse Ile suburb of Detroit, at 8162 Ferry Road. The Captain is also residing in the Grosse Ile suburb of Detroit, at 8162 Ferry Road.

News From The Congress

By Congressman Frank Ikard

The date of the adjournment of this session of Congress continues to be uncertain. It all hinges on what is finally done about the "civil rights" bill. This matter is now pending in the Senate, and it seems that the debate there on this measure may postpone adjournment indefinitely. Senator Richard Russell of Georgia fired the opening round in the battle yesterday when he suggested a National referendum on the civil rights question. While this would be a unique procedure, it would be an excellent way to acquaint the people with the provisions of this bill. There can be little doubt but if the people knew what it contained, that it would not be adopted.

The Committee on Agriculture has held more hearings on cotton prices. The cotton mills are becoming quite insistent that they be given some relief from the present high priced cotton at home and cheap cotton abroad. The Committee continues to direct its study in the direction of achieving a competitive position for American cotton in the world market. Last week the Committee favorably reported the humane slaughter bill and the bill which would allow farmers to use up to thirty acres of wheat for food and feed without penalty.

The President has directed that another study be made of the oil imports question. This matter has been under study for over three years now, and it seems that it is time to take some positive action to limit imports if the independent industry in this country is not to be driven out of business. Many people think that the oil imports concern only oil producers. Nothing could be further from the truth. Each day that the oil wells in Texas are shut down, the State of Texas loses millions of dollars in tax revenue. If imports continue to be uncurbed and increase at the rate that they have in the last few months, it will be necessary for our State to seek new sources of revenue. In this way the imports question affects every man, woman, and child in Texas.

The appropriations bills approved to date by the Congress represent a cut of something over four billion dollars in the request originally made by the President. Yet to be considered are several large appropriations. Chances seem to be good that the total reductions will run around five billion dollars.

Mr. Jack Teagarden, formerly of Vernon, and his wife were visitors in Washington this week. Mr. Max Thomas Peach of Wichita Falls, who has just graduated from George Washington University, also came by the office for a visit.

From the Office of Lyndon Johnson

"Come now, and let us reason together."
June 3, 1957

Dear Friend:

An old story and a sad one was repeated once more last week. It was the announcement that, for the ninth month in a row, the cost of living had gone up again.

The general price level actually has been in a steady—and distributing—rise for the last 18 months. In the past 12 months alone, the price level has climbed four per cent.

If this continues to be the average annual rise in prices, our level will double in 18 years. This means that by 1975 the value of the dollar we earn and save today would be cut in half.

People have already been hurt by the steady increase in the cost of living. The monetary policy of the present Administration lowers the value of the dollar for those who spend and raises the value of the dollar for those who lend.

High interest rates are part of the increased cost of living. If you borrow money to buy a house, a car, a major household appliance, rising interest rates must be added to the price you pay. The Government must pay higher interest rates on the national debt—and that money, too, must come from the people generally.

Texans are concerned, and they have a right to be, about the sliding value of the dollar. Widespread interest is being shown in the investigation of national economic policy now being conducted by the Senate Finance Committee. Look for this issue to loom constantly larger. It affects everybody.

Recurrent floods are an economic drain that we cannot afford in Texas. This year's floods have provided convincing proof that, despite the benefits accruing from the highly successful operations of flood control projects, the extent of our controls has been limited.

One fundamental reason is that a basin-wide plan of improve-

ment has not been completed on any Texas river.

A river basin is a natural unit. Water resource development within each basin must be unified, integrated and progressive. That is why I am asking insistently for surveys of all the Texas river basins. I am working every day to get congressional authority for the needed surveys and to spur the Corps of Engineers into effective action. I know of nothing more basically important to Texas.

Congressional News Notes: Senate unanimously approved a seven months' extension of its Special Committee to Study the Foreign Aid Program . . . Congress sent to the President a bill providing an emergency 45-day extension of the voluntary home mortgage credit program pending approval of a three-year extension in the omnibus housing bill. . . . Senate passed and sent to the White House a bill releasing from Government stockpiles for commercial sale 50,000 bales of extra long-staple cotton. . . . Senate Public Works Committee approved a measure to extend the lend-purchase program for three years and to make it easier for building contractors to attract private loans.

Home Builders Class Met July 3 With Mrs. G. D. Stacy

The Home Builders Class of the First Methodist Church met for their regular monthly meeting in the home of Mrs. G. D. Stacy Wednesday, July 3rd. The meeting was opened with a song, "What a Friend."

A lovely story was read by Mrs. Hugh Jones titled, "Who Will Win the Race." She also gave the devotional.

Collection of dues and penny offering was taken.

Lovely refreshments of ice cream and cake were served to the following: Mesdames Tucker, Jones, Henry, Gage, Lowery, Patton, Knauth, Stacy and visitors, Mrs. L. B. Mitchell and Mrs. Stacy's daughter, Loretta and her daughter.

Next meeting will be in September.

Wilbarger-Wichita Soil Conservation News

Winter Cover Crop plans should be made now if farmers are to do the best job with winter legumes. Elvy Sargent, Work Unit Conservationist for Soil Conservation Service of Iowa Park said today.

A field should be selected for Winter cover crops that is in need of legumes in Conservation rotation. Usually a legume in rotation each three to five years will meet land needs for legumes. Sargent stated. He further pointed out that fertilizer requirements can best be determined by soil analysis. Soil analysis can be had from Midwestern University Soils Laboratory under direction of Dr. Carl Gray or from Texas A. and M. College.

R. R. Swinford, district supervisor for Wilbarger-Wichita Soil Conservation District found his fertilizer applications produced 4375 air dry pounds of Austrian Winter peas per acre when 130 pounds per acre of 13-39-0 was applied. Only 1000 pounds of peas per acre was produced on unfertilized plot and 3250 pounds per acre from 65 pound application of 13-39-0.

Dr. Carl Gray of Midwestern University Soils Laboratory and Elvy Sargent of SCS made clippings on Swinford peas.

Benefits from Winter Cover crops are increased soil protection to prevent wind and water erosion, adds high quality organic residues to the soil, adds nitrogen to land, increases water intake and water capacity, and reduces evaporation according to conservationist.

Seeding rate should be about

BWC Met Tues With Mrs. Law

The BWC of the First Methodist Church met Tuesday 2nd at the home of Mrs. Lawrence for Royal program.

After a short business meeting Mrs. Thaxton presented a very interesting lesson on the peninsula of Malaya. Mrs. Evans, Mrs. Claude Miss Jewel Reed, Mrs. and Mrs. Clemens.

Those present and fellowship were Mesdames Key, Hayes, Bowman, Evans, McKnight, Clemens, Thorpe, Reed and the hostess, Lawrence.

Mr. V. E. Parrack and of Omaha, Nebraska, were in the home of Mrs. W. R. Carswell here.

35 pounds per acre for Winter peas. Peas are inoculated with proper inoculant.

J. C. Porter and W. Kamay received a large increase in growth of peas inoculated as compared to uninoculated peas, Sargent.

Summertime is Reddy Kilowatt's busiest season. There's more washing and ironing to be done. Your electric refrigerator works harder keeping foods fresh and tasty. And you depend on Reddy to keep you cool with electric fans, evaporative coolers and air conditioners.

Because of these extra summertime chores, your home wiring may not be adequate to let Reddy do his best work. If your lights dim when the refrigerator goes on . . . if your TV picture shrinks when your air conditioner

is operating . . . if your electric iron heats up slowly, it's a sign of low HOUSEPOWER. You may need larger wire, an additional circuit or more outlets to get the most efficient and convenient service from your electric appliances.

Your electrician will gladly make a check of the wiring in your home and suggest the additional wiring you may need for full HOUSEPOWER. See him about it soon. Live better . . . electrically.

Check Yourself Check Accidents

Almost every motorist has, at one time or another, been reasonably well exposed to the good rules of traffic safety. But unless we "check up" on good-driving habits, they become hazardous carelessness. This 10-question quiz from Texas Safety Association may help you brighten the best safety device ever put in your car—YOU.

1. You are stopped for a red light. When the signal changes, you should: (A) honk horn to warn pedestrians, then start at once; (B) pull slowly into the cross walk to nudge pedestrians out of the way; (C) wait until the pedestrians who have started across reach the curb safely before moving your car.

2. Since there is no sidewalk near your house, you should: (a) walk with traffic, one the right right shoulder of the road; (b) walk facing traffic, on the shoulder the road; (C) walk anywhere you please, after all you pay taxes too.

When driving around a curve, you should: (A) slow down, depress clutch and coast around it; (B) speed up at the

beginning of curve and be ready to use brakes if necessary; (C) slow your car with the engine before reaching curve, start around and then accelerate just before reaching straightaway.

4. When you come to a railroad crossing, you should: (A) stop, then proceed with caution; (B) hurry across; (C) slow down and look in both directions.

5. When you meet cars at night, you should use: (A) bright lights, so you can see other cars clearly; (B) parking lights, so others can see you clearly; (C) dim lights to avoid blinding other drivers and still be able to see the road ahead.

6. "Riding the clutch" will result in (a) better control of car, because you can shift gears quicker; (B) excessive clutch wear; (C) a savings on gasoline, thus driving costs.

7. Night driving is more hazardous, because: (A) of poor visibility; (B) there are more drunk drivers on the road; (C) you get sleepier at night.

8. When planning to turn right, you should: (A) give a signal with your stop light; (B) drive in extreme right hand lane and give hand or turn-light signal; (C) slow down and toot horn.

9. When parking, parallel to

curb, on a down-hill grade, it is safer to: (A) keep wheels parallel to curb, thus prevent tire wear; (B) turn wheel into curb and set hand brake; (C) put car in gear and hope nothing happens.

10. When you have a flat tire, while driving, you should: (A) put brakes on quickly so as to avoid ruining the tire; (B) depress clutch and coast to a stop; (C) take foot off gas and apply brakes cautiously.

Mrs. N. E. Wilson of Abilene spent last week here with her sister, Mr. and Mrs. N. H. Harris.

MORE INSIDE...

The Big M is the roomiest car in its field. To match the Monterey's hip room alone in any other car would cost you at least \$1,000 more. And behind the wheel, you can command Mercury exclusives like a power seat that "remembers" your favorite driving position, and advanced Merc-O-Matic Keyboard Control.

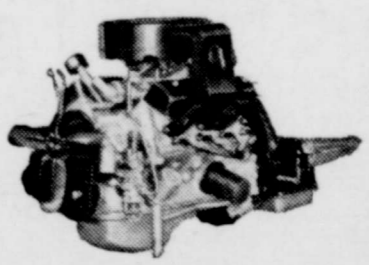

MORE OUTSIDE...

The Big M is the widest car in its field. To match Mercury's width, you'd have to buy one of America's three most expensive cars, costing at least \$2,000 more. And Mercury's Dream-Car Design is shared with no other car... from Jet-Flu Bumpers to V-angle tail-lights, it's styled to stay newer longer, protect future resale value.

MORE UNDER THE HOOD...

No other car at the Monterey's price gives you such high standard horsepower (255). To match this power in any competitive car, you'd have to pay over \$150 more. The Big M gives you the highest torque, for a regular production engine, in its field (405 lb-ft). Mercury's standard compression (9.75 to 1), close to highest in any car, would cost you over \$500 more in any other car.

...MORE WAYS YOUR BEST BUY

You have to pay over \$200 more to get any other car with real four-beam headlamps, like The Big M's Quadri-Beams. Over \$80 more to get a four-barrel carburetor as standard equipment on any competitive car. Over \$130 more to match the Mercury Monterey's brake size. No other car at any price can match The Big M's Floating Ride... achieved with the most effective combination of bump-smothering features ever put between you and the road. Yet the price is still an easy step up from the low-price three. Stop in!

A man hurriedly entered our office and said, "My name is Slawner. You probably don't know me but I've seen your picture in the paper several times so I feel like I know you."

"We're glad you dropped in," I replied. "May we help you?"

"Yes," Mr. Slawner said. "The fire insurance policy on my home is about to expire. I'd like for your firm to issue the new policy. I want full protection."

"For full protection, we recommend a policy much broader than an ordinary fire policy. It's called the Homeowner's."

"What else is included?" Mr. Slawner asked.

"Well, it includes fire insurance, of course, and all the allied extended coverages. Also, there is theft insurance, additional living expenses (which pay the added costs if you have to move into a hotel or other temporary quarters while your house is being repaired), Comprehensive Personal Liability and a medical payments feature for those injured on your property, and even protection on your personal belongings at home or away. And many other features."

Mr. Slawner grinned. "I'm beginning to realize I asked for a lot when I specified full protection. However, it sounds good. Go ahead and write it up."

May we provide you with FULL PROTECTION too?

Legislature Allots \$5.96 Per Day For T-B Patient Care

A giant appropriations bill, the largest ever passed by a Texas Legislature, was enacted into law in closing days of the session.

So far as patients in State Tuberculosis Hospitals are concerned, appropriations were fairly adequate. Hoped for continuation of the \$5 million a year from the cigarette tax to the building program of the state hospitals and special schools was not had. The Senate failed the last day of the session to take up an amended version of a House bill which would have made a \$10 million two-year allocation of cigarette taxes to the Board for Hospitals and Special Schools for further building purposes.

For the entire system building program, the Board for Texas State Hospitals and Special Schools was allotted \$5,589,065 for 1958, and \$2,264,490 for 1959.

Under the appropriations act, the five state tuberculosis hospitals were allotted for 1958, \$5.96 per patient

per day, based on an estimated patient population of 3100. The present allotment is \$5.99 per patient day, based on a population of 2807. Requested for 1958 and 1959 had been an allotment of \$6.94 per patient per day based on a patient population of 3325. (During the last six months, the population of the state tuberculosis hospitals has steadily risen.)

The Board for Hospitals and Special Schools has been seeking to gain \$7.00 per day for each patient's

care. According to a survey made in 1953-1954 of state-supported tuberculosis hospitals in 41 states, the average per patient per day cost was \$8.30.

Total amount of appropriations to the five tuberculosis hospitals amounts to \$6,740,010 for 1958 and \$6,730,910 for 1959. Broken down, allotments are: East Texas Tuberculosis Hospital \$1,574,015 per year for 1958 and 1959; McKnight, \$1,437,256 per year for both years; San Antonio, \$1,918,325 per year for both years; Legion, \$671,549 per year for both years; Harlingen, \$1,138,865 for 1958 and \$1,129,765 for 1959.

A more complete appraisal of appropriations and the effect on state tuberculosis hospitals will be had in the

next issue of Here and There. It will be prepared by Dr. Patrick I. McShane, medical director of tuberculosis hospitals for the board for Hospitals and Special Schools.

Total appropriations for

tuberculosis hospitals for 1958 and 1959: \$13,470,920. This amount comes from tax funds.
