BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, SEPTEMBER 26, 1957

NUMBER 3

Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall Everybody Invited Each Pays for His Meal

## Resident Grid Quiz

Pinkston, 319 East 7th Burkburnett, figured the State-Southern California game correctly last week. He won the Times-Record weekly football quiz.

## Burkburnett Lions Club Celebrated Thirty-Fifth Anniversary Tuesday

FRANK KELLEY

The Lions Club of Burkburnett observed its 35th anniversary and ladies night at Town Hall Tuesday night with a banquet.

Mesdames Casey Logan, Luther Bundy, Mamie Bryant, prepared and served the delicious meal.

The tables were decorated in purple and gold, the club colors, trailing vines, fall flowers and a huge three-tiered birthday cake, which was baked by Lion Winford Henry and decorated in purple and gold icing by Mrs. Henry.

Miss Jeanne Dodson, club sweetheart, furnished the dinner music.

Rev. Leroy Meyer gave the invocation.

Weldon W. Nix, president acted as master of ceremonies.

C. M. Archer, chairman of the permanent program committee, introduced Mrs. Sydney Askins, accompanied by Mrs. Vernon Duke, who gave three vocal numbers.

Two charter members were recognized and awarded. They were J. S. Mills and J. F. Kelley. Mills has a perfect attendance record for the 35 years.

H. R. Garrett of Eastland, Texas, district governor, gave a short talk on Lionism.

Dr. D. L. Ligon, dean of men at Midwestern University, and president of the Wichita Falls noon Lions Club was among special guests. The Wichita Falls Lions Club sponsored the organizing of the Burkburnett Club 35 years ago.

Other out of town guests were Lester Brooks, who was district governor in 1956 and is at present one of the directors of Lions International; Mayor K. C. Spell and wife of Wichita Falls. Also the wives of the Lions and the first Lions Club sweetheart, Mrs. Joe Majors.

J. H. Rigby gave the invocation.

Ninety-two Lions and guests attended.

## 'Pepper' Going Home

"Pepper" is going home to Burkburnett, Tex. but this time he won't have to hitchhike.

The small black and white terrier turned up in Chattanooga, Tenn., after being picked up in Memphis by Los Angeles truck driver Frank Drake.

The dog had been missing for 10 days since he jumped from a car at Wichita Falls, Tex., about 15 miles from Burkburnett and more than 700 miles from Chattanooga.

Supt. J. W. Henry of the Hamilton County Humane Education Society said today C. R. Garrett of Burkburnett had written asking that "Pepper" be shipped home C. O. D.

Garrett had sold "Pepper" some two weeks before the dog's disappearance to John Gaston, also of Burkburnett. But Garrett said in his letter he wanted "Pepper" back himself, since Gaston already has acquired another dog.

Henry said he would ship "Pepper" home in a day or two.

## Barwise Wins 20-6 Over Burk Jr. High

Butch Hunn, a fierce-running tailback, spearheaded an on-again, off-again Barwise Junior High attack at Midwestern University Thursday afternoon to fuel the Bobcats to a 20-6 victory over the Burkburnett B team. Hunn scored all three Bobcat touchdowns and both of the points after. He was easily the game's leading ground gainer.

Mr. and Mrs. H. C. Thompson visited their daughter, Mr. and Mrs. Bob Riddle and Stevie and Jimmie, last week in Kilgore, Texas.

## Mayor H. D. Smith Makes First Call On Burkburnett's New Dial Phones

Sunday morning, September 22 at 12:01 A. M. was a big moment in the progress of Burkburnett. The honor of making the first call on the new dial telephones went to Mayor H. D. Smith. The happy mayor is shown talking with a sister in Tulsa, Oklahoma. Eighty Burkburnett citizens stayed up to the wee morning hours to see the switch over from the old switchboard system to the very latest thing in dial telephones. When inter-city dialing comes into use, Burkburnett will be ready. It is one of the very few North Texas towns presently equipped with this latest telephone equipment.

## Street Markers Being Mutilated

Several street markers have been mutilated, knocked down or otherwise destroyed of their intended purpose and usefulness.

Citizens are reminded that these signs were purchased at a sacrifice by the Lions Club and erected by the City. At present the Lions have on order some \$300 worth of additional signs. When this order arrives the Lions will have almost \$1,600 invested in street markers.

When the Lions started buying street markers, very few streets had any kind of marker. As the town grew, it became more and more difficult for strangers, and local people, to find any street address. The beautiful signs, if not molested will last a lifetime. They are serving a very useful purpose. PLEASE, let them be.

The signs belong to the City. Anyone defacing them or destroying them are subject to arrest and fine.

## Cotton County Pioneer Dies

Word was received here Wednesday of the death of Clint Dickson, 60, of Devol, Okla. Dickson died Sept. 24 in a San Antonio hospital after a long illness.

Dickson was born April 19, 1897, in Amity, Ark. He was a son of the late Mr. and Mrs. J. E. Dickson, pioneer citizens of Cotton County, Okla.

He had been in the grocery business in Devol for the past 30 years.

Funeral services will be held at 2 P. M. Friday in the First Baptist Church in Devol. Interment will be in Devol Cemetery under direction of Owens and Brumley Funeral Home of Burkburnett.

Survivors include two daughters, Mrs. Helen Rhea Carmichael of San Antonio and Flora Ann Dickson of Guthrie, Okla.; two grandchildren, a sister, Mrs. W. S. Lowe of Los Angeles, California, and two brothers, G. B. Dickson of Chicago, Ill., and Charlie Dickson of Levelland, Texas.

Pallbearers will be Bryan Harrison, Robert Hopkins, Jack McCasland, Frank McClendon, A. J. Mays and Joe Patrick.

Mr. and Mrs. Johnny Parker and son returned to their home in El Paso Tuesday after several days visit with Mr. George Parker and Mr. and Mrs. Frank Parker and children.

## Childress Here Friday Night For Football Game

Childress' Bobcats come storming into town Friday night for a non-conference contest.

Childress ranks high in the district—probably third or fourth. Standings change from week to week through the season as teams win or lose.

Although the Bulldogs are not ranked with the top three teams, they have lost only one game, to Seymour 46 to 20. Local fans agree unanimously that the Bulldogs are much better than some of the teams ranked above them.

The game begins at 8:00 P. M. Friday night at Bulldog Stadium.

## Jr. Hi and B Boys Play Here Thurs.

Thursday evening on the local gridiron, Burkburnett Junior High and B Squad boys will meet teams from Olney.

The Junior High game is set for 6:30. The B Squad game will start at 8 P. M.

Burkburnett has 2 dandy up and coming little teams. Some spectators claim they get more kick out of watching these teams than the High School boys. There is no conflict with the Friday night High School game. Go out and see the little ones strut their stuff.

Walter Koller is coach of the Junior High boys.

## September 30 Deadline For Gas Tax Refund

Farmers and ranchmen are reminded by C. H. Bates, extension farm management specialist, that Sept. 30th is the deadline for submitting applications for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Farm operators who have not filed a claim may obtain Form 2240, the reporting form, from local county agricultural agents or Internal Revenue Service offices.

Bates points out that claims will be checked for accuracy and claimants, therefore, should be certain that figures are correct. Sufficient records should also be kept to verify the claim, he adds. Claims should be submitted to the same district Internal Revenue office to which income tax returns are sent.

The legislation which makes possible the refund was passed by Congress in the spring of 1956.

## NOTICE

The Forum Study Club will sponsor a RUMMAGE SALE Saturday, Sept. 28 on the east side of Boyd Bros. Dept. Store beginning at 8:30 P. M. 11-12C

Mr. Norman Duke of Chickasha, Oklahoma, and Mr. and Mrs. Jack Duke of Burkburnett left Monday for a few days visit in Idaho and Montana. They plan to visit Mr. and Mrs. Leon Duke and daughter while in Montana.

## NOTICE

Members of the Unity Garden Club are sponsoring a **Bake Sale and Rummage Sale** SATURDAY, OCTOBER 12

The bake sale will be held in front of the Famous and the rummage sale will be on the East side of Boyd Bros. Dept. Store.

All proceeds will go into the Cemetery Project Fund which is a very worthwhile civic project of the club.

## Last Phone Calls On Old Switchboard

Shortly before midnight last Saturday night, the last telephone calls to be handled by the old switchboard and operators were handled. Above Mrs. Joyce Fletcher is shown completing one of the last such calls. Everything went dial at 12:01 Sunday morning. Miss Lillie Roark, chief operator, is shown beside Mrs. Fletcher.

## Drivers License May Be Lost By Suspension

F. E. Cruce, City Corporate Court Judge, warns that it is much easier to lose one's drivers license than most people suspect. A record of all finable traffic offenses is reported every month by every traffic court in Texas to the Department of Public Safety in Austin. Any sentencing judge can

recommend that a license be suspended.

Any traffic violation by a driver counts against his record. To list a few, speeding, illegal turn, running a stop sign or traffic light, passing on hill or curve, etc.

Five convictions on any of the above, or any of the other violations is supposed to automatically cause one's license to be cancelled.

Edison invented the flash light in 1914.

## GRASS ROOTS OPINION

PORT HURON, MICH., TIMES HERALD: "Every year, tons and tons of government documents which have no value as news, public information or in any other way come into newspaper offices all over the Nation—and most of it is thrown into the wastebasket after it has been scanned by the addressee."

MILLER, S. D., PRESS: "Peddlers—don't have a thing to sell that you can't buy from a reliable merchant, who stands behind every product he sells, and if you aren't satisfied, you at least know where to direct your complaint."

LONDON, O., PRESS: "More and more is being heard about the field of 'public relations'. Put simply, public relations is just good-will on a business basis. Most everyone knows that good will is perhaps the most important asset in any business."

SANTA PAULA, CALIF., DAILY CHRONICLE: "If the trend since 1929 were to continue for another 50 years, about 99% of our economy would be socialized and only one person out of 100 would be privately employed. We now spend one-third of our working days each year working for the government. We are one-third socialized."

## PUT AWAY THAT BUGGY WHIP

The engineering formula for measuring that much abused automotive claim of "gasoline mileage" is most simply stated as follows: "How many miles will a gallon of gas shove a ton of automobiles at a given speed?"

In 1930, the average for all makes was about 28 3-4 miles at 40 mph. In 1935, it was about 33 1-2 miles at the same speed; in 1940, 36 1-2 miles; in 1950, 43 miles. By 1956 the distance was about 46 miles, or more than double the ton miles per gallon of 1930. Thus, in terms of what-it-does, gasoline is actually cheaper today than a quarter-century ago, in spite of present day gas taxes which average approximately 30 percent!

This is about as good a way as we can think of to explain progress in the oil business, and why we should pay some heed and perhaps even give a cheer for Oil Progress Week from October 13, to 19.

For another thing, the oil people are getting out what they call "a glove compartment manual" that explains no less than fifteen different ways in which you may be able to increase your own gasoline mileage—or, in other words, buy less of their gas! They'll be distributed by the millions during O. P. W., we hear, to plug the 1957 theme: "With today's gasoline, you're driving a bargain."

As we figure it, they just don't want you going back to the horse and buggy.

## BRINGING FORTH A MOUSE

As everyone who reads the newspapers knows, the demand for government economy has been unusually intense this year, both among members of the general public, who have been flooding Congress with letters, and among many leading government officials. "Yet," says the Wall Street Journal, "the result promises to be insignificant. The great economy effort is bringing forth a mouse."

Why should the outlook be so bleak now? The Journal provides a number of answers—the fact that the Administration budget was the largest in peacetime history; a feeling in some quarters that public demand for economy is abating; high-powered pressure by various groups for all manner of pet projects. But the really dominant reason is found in these words: "Congress has failed to grasp the plainest of facts—that it is impossible to cut the cost of Government significantly unless one is prepared to reduce the size of Government. The lawmakers have been content to nibble at Federal programs, when what was urgently required was a reduction or elimination of certain programs. Congress has chosen the easy way. And that, as is often the case, is the easiest way to failure."

In sum, what Congress has done, knowingly or otherwise, is to accept the premise that we must have ever-expanding super-government, and then to consider a few comparatively minor cuts here and there. That being Congress' attitude, it was inevitable that the results would be non-existent or nearly so. Until the size of government is reduced and kept reduced, will we have a materially reduced budget and tax burden.

## CRUEL HOAX

J. Edgar Hoover ranks highway killings with major crimes such as kidnaping and armed robbery, and is convinced there should be an end to listing speeders and careless and reckless drivers as "petty offenders." Is a child killed by a kidnapper deader than one lifeless under a speeding car? he asks. Is a person crippled by an automobile less pitiable than a person permanently maimed by the gun of a robber?

He also finds that much of juvenile disrespect for law can often be traced to the "miserable examples" of adult motorists who "beat the law" on the highways and boast about outwitting traffic officers.

In concluding an editorial quoting Mr. Hoover, the Portland, Ore., Journal states a plain fact: "There will be no safety on the roads until motorists obey the laws willingly or are made to under sure and certain sentences to jail, if necessary. Fines and suspended sentences are a cruel hoax."

## Jr. High News

### GUESS WHO IS A FOOTBALL PLAYER?

Football practice turned out to be dangerous for one of our 8-3 students. When entering class on Tuesday, we were surprised to see a bandaged hand, a cast and a sling. After questioning, we found our classmate had been playing neighborhood football, and when tackled, fell on a piece of glass, which cut the left hand very badly. Parents rushed their child to the hospital for numerous stitches.

Did we mention? Our injured football player is the very ladylike Miss Nancy Darter.

### IOWA PARK FOOTBALL GAME

We were very proud to see four of our boys in action last Thursday when the Burkburnett Bullpups took Iowa Park 7-0.

From 8-3 Dewayne Moyer, and Jackie Hunter were seen playing for Burk.

### 8-2 OFFICERS ELECTED

Last Thursday 8-2's home-room elected their officers. The candidate for President was Harold Lindsey; vice pres., Tom Reed; Sec., Anita Sweet; Treas., Kay Zimmerman; Cheerleaders, Martha Hawhee and Judy Nall. The one who was elected out of 8-2 home room was Anita Sweet, Secretary.

The fire monitors of our room was Jerry Berry and Ray Dean Shaw.

Margaret Faulk and Bill Welch were elected as Student Council representatives of 8-2.

The reporters are Lahoma Johnson and Billie Fern Rogers.

### 7-1 CHEERLEADER ELECTED

Our class is very happy this week because one of the Junior High cheerleaders was elected out of our room. We are happy that Lynette Bell got it. We will all help her and give her our support.

### NINE 7-1 BOYS ON TEAM

7-1 has nine boys playing on the Junior High football team. They are Barry Liles, Barney Fudge, Don Overton, Gerald Huffaker, Gary Foreman, Darrell Kinnett, Curtis Fletcher, Rodney Hollenbeck and Donald Mason.

### 6-3 OFFICERS CHOSEN

Students in Mrs. Valree Mathely's room has chosen the following officers for the year: Reporters, Janet Mathis and Sonny Bentley; Student Council Representatives, Dorothy Reynolds and Kenneth Looney.

The fire monitors are Larry Finney and Vincent Lam. Our candidates for cheerleaders are Debby Davis and Gustena Lawson.

## Grade School News

Mrs. Simmonson's fifth grade section elected class officers this week. Jerry Lanig was elected president and Linda Dunn was chosen as the vice president. We are happy about the election of these two and feel that they will be very efficient workers for the entire class. Jerry Bingham was selected as secretary for the class and we are quite certain that he will do a very fine job.

Bobby Wikert was selected as our lunch monitor and this is a very important office within our class. It is a great responsibility to get our lines in and out of the room in an orderly manner. Tommy leads us each Monday morning in the pledge to our Flag. We feel that this should never be overlooked in starting out on our weeks work.

 Mr. and Mrs. Vernon Conway and son Phil of Burk visited her parents, Mr. and Mrs. T. J. Baber, Sunday.  
 Mr. and Mrs. Horace Davis and son of Snyder visited her parents, Mr. and Mrs. Jack Williams over the weekend.

**RALPH YARBOROUGH'S Washington Report**

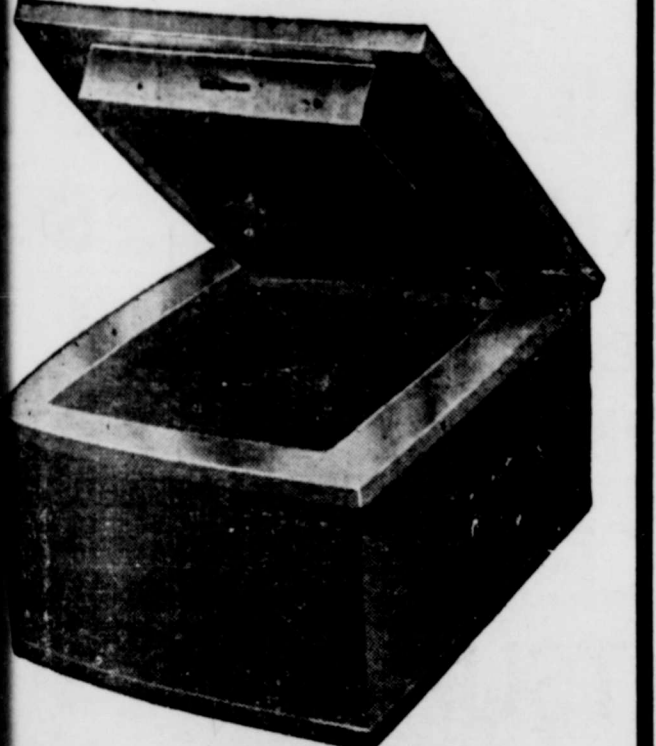

Dear Fellow Texans:  
 This is one of my happiest moments since I became a United States Senator. I am happy to inform the farmers of our great State—farmers who have been alternately cuffed and belted by a seven year drought and 70 days of flooding rains and five years of Ezra Taft Benson—that they at last have access to at least some relief from the disasters of drought and flood. The disaster of Ezra Taft Benson will be over after the next election, I hope.  
 While in Washington I was able to secure an appropriation of \$20 million to help rehabilitate the land that was blown away in the drought or washed away in the flood.  
 There has been some delay in the local county agents finding out the details about this great program. This matter is now being cleared up, and it is my happy duty to tell you farmers who have had your land damaged by soil erosion or by floods to contact your local county agents about this program.  
 This \$20 million appropriation for rebuilding the soil lasts only until June 30, 1958. So apply now for your land damage grant if your application is not received soon your proper share of this appropriation will be lost. I urge you to see your county agent now and discuss your eligibility for this grant.  
 As I pointed out in the Congress, the seven-year drought and the 70 days of flooding rains caused the United States Department of Agriculture to classify 244 of Texas' 254 counties as disaster counties. More than five million acres of land  
 We obtained an agreement from the Corps of Army Engineers and the Bureau of Reclamation that they would work together with our State Government in devising an overall water plan for Texas.  
 Sen. Johnson said these developments, combined with the exercise by the state Government of both its rights and its responsibilities, can lead to a completely adequate solution of the Texas water problem.  
 This remains our Number one problem, he added. It's a problem that must be solved if the future of our State is to be assured. Texas, first in so many things, is far behind other states in water developments. We must catch up without further delay.  
 Mr. Earl Howard has been returned to his home in Rose Lawn addition after several weeks confinement in the Bethania Hospital at Wichita Falls. Mr. Howard is reported to be slowly improving.  
 Classifieds Don't Cost They Pay

have been classed as permanently damaged, due to the wind blowing the top soil away or the floods washing it away.  
 I am grateful to the members of the Senate and House for their wonderful cooperation in voting such a substantial portion of the funds asked.  
 In the next session of Congress in January I plan to seek more such funds for disaster victims.  
 I want you to know that I will be working day and night to help the distressed farmer, the small businessman, the working man, the teachers and all the people of Texas.  
 With all of us pulling together we will win a great victory for Texas.  
**YOUNG SPROUTS CLUB MET TUESDAY, SEPTEMBER 17th**  
 Members of the Young Sprouts Junior Garden club met Tuesday afternoon, Sept 17th in the home of Mrs. Jack Mathis. Kay Zimmerman, president, presided.  
 Mrs. Mathis brought the program on conditioning flowers for arrangements, suitable containers for flowers and design.  
 The next meeting will be a workshop.  
 Refreshments were served to Kay Zimmerman, Glenda Turner, Dolores Petias, Carol Ratliff, Mary and Janet Mathis.  
 Glenda Turner, reporter

**The New High Quality, Low Cost Fire Protection Chest**

**Protect Your Valuable Papers From Fire**

Bonds, Insurance Policies, Notes, Mortgages, Contracts, Income Tax Receipts, Birth Certificate, Charge Papers, Leases, Rent Receipts, Your Will, Stock Registration Papers, Canceled Checks, and Coin Collections, and many other things of personal and sentimental value, which would be ruined (and could not be replaced) if you had a fire—and you could! There is one about every second.

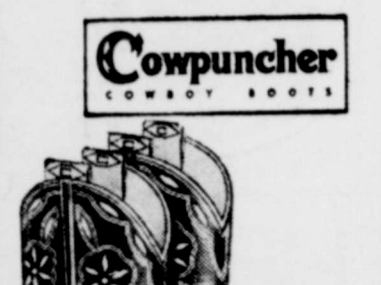

**\$19.95**

**DESCRIPTION AND SPECIFICATIONS**

**Fire Protection Chest**  
 of heavy gauge steel inside and out, all welded. Between these steel walls is 1-2 inches of Fire Proof Vermicule Insulation. It has over 300,000 tiny air cells to the square inch. It has the universally used tongue and groove type around the door with a 1-2 inch Fire Seal completely around it. No chest, regardless of price, has a better insulation.  
 Inside Dimensions 14x11½x7 1-2 in.  
 Outside Dimensions 8 1-2x11x4 1-2 in.  
 Equipped with a heavy standard type lock, with 2 Color, Gray, very attractive.  
**Anyone Can Afford This New Fire Protection Chest**  
 At The Lowest Price In History  
 Tested 1 Hour at 1700 Degrees  
**ON DISPLAY AT BURKBURNETT STAR**

A bridal shower was given in the home of Mrs. W. R. Baldwin in honor of Mr. and Mrs. Howard Hatcher Wednesday night. Co-hostesses were Mesdames Emery Martin, Lee Miller, T. J.

**COWPUNCHERS CAN TAKE IT!**

These Cowpuncher Cowboy Boots are rugged enough for day-after-day play... and still hold their western style and looks! And they're REALLY comfortable!  
 In regular cowboy heels and toes, as shown, or with the full toe and low walking heel. Come in and see how well they're made!

5½ to 8 ..... \$3.98  
 8½ to 3 ..... \$5.95

**Miss Cathy Todd Fifth Birthday Monday, Sept. 23**

Miss Cathy Todd celebrated her 5th birthday with a party in the backyard of her home at 519 Bluebonnet Monday afternoon, Sept. 23.  
 Refreshments of cake and pink lemonade with favors on each plate were served the children by the honoree's mother, Mrs. Chester Todd, and Mrs. C. J. Allmon.  
 After refreshments, lovely gifts were opened from: Cynthia and Phillip Freeman, Hugh Bruce Preston, Ricky Reasoner, Ricky and Margie Clemmer, Rhonda Roe, Sharon Drake, Denise Story, Janet DeMarzio, Randy Allmon, Rusty and David Todd.  
 Those sending gifts but unable to attend were Carol and Dale Spanagel and Mr. and Mrs. Rufus Redman, grandparents of Kathy.  
 Mothers attending were Mesdames C. J. Allmon, Larry DeMarzio, Lloyd Clemmer and the hostess, Mrs. Todd.  
 The Stars and Stripes has flown over West Point continuously since the academy was built.

5:00 p. m. TUESDAY. Articles  
received after that time will be  
held over until the following  
week. Classified advertising will  
be received until noon on  
WEDNESDAYS.

Statement required by the Act  
of August 24, 1912, as amended  
by the Acts of March 3, 1933,  
and July 2, 1946 (Title 39, Uni-  
ted States Code, Section 233)  
showing the ownership, manage-  
ment, and circulation of Bur-  
kburnett Star, published each  
Thursday at Burkburnett, Texas  
for September 26, 1957.

1. That the names and ad-  
dresses of the publisher, editor,  
managing editor, and business  
managers are:

Publishers John W. Brookman  
and Harry C. Dodson, Burkbur-  
nett, Texas.

Editor, Harry C. Dodson, Bur-  
kburnett, Texas.  
Managing Editor, Harry C.  
Dodson, Burkburnett, Texas.  
Business Manager, John W.  
Brookman, Burkburnett, Texas.

2. That the owner is: If own-  
ed by a corporation, its name  
and address must be stated and  
also immediately thereunder the  
names and addresses of stock-  
holders owning or holding one  
per cent or more of total amount  
of stock. If not owned by a cor-  
poration the names and address-  
es of the individual owners must  
be given. If owned by a firm  
company or other unincorporated  
entity, its name and address, as  
well as those of each individ-  
ual member, must be given.)

John W. Brookman, Burkbur-  
nett, Texas.  
Harry C. Dodson, Burkbur-  
nett, Texas.

3. That the known bondhold-  
ers, mortgagees, and other secu-  
rity holders owning or holding

1 per cent or more of total  
amount of bonds, mortgages, or  
other securities are: (If there  
are none, so state). NONE.

4. Paragraphs 2 and 3 include  
in cases where the stockholder  
or security holder appears up-  
on the books of the company as  
trustee or in any other judicary  
relation, the name of the person  
or corporation for whom such  
trustee is acting; also the state-  
ments in the two paragraphs  
show the affiant's full knowl-  
edge and belief as to the cir-  
cumstances and conditions un-  
der which stockholders and se-  
curity holders who do not ap-  
pear upon the books of the  
company as trustees, hold stock  
and securities in a capacity  
other than that of a bona fide  
owner.

5. That the average number  
of copies of each issue of this  
publication sold or distributed  
through the mails or otherwise,  
to paid subscribers during the  
twelve months preceding the  
date shown above was: (This  
information is required from  
daily, weekly, semi-weekly, and  
tri-weekly newspapers only.)  
1,750.

H. C. Dodson, Editor.

**THE NEW  
Dial Telephones  
ARE ON THE JOB!**

Burkburnett's new dial telephones are on the  
job!

Sunday at 1:01 a.m. this city's telephone  
system was changed from manual to dial oper-  
ation. Although the change was made smoothly,  
in a matter of minutes, many months of work  
by scores of telephone people were required to  
make your dial system possible

A new building was constructed to house  
the new equipment. Hundreds of complex  
switches and other parts had to be precision-  
made. Thousands of feet of tiny wires had to  
be arranged. Many thousand wire ends had to  
be hand-soldered.

As a result, Burkburnett's telephone users  
can dial their calls, using the most up-to-date  
apparatus. On a second's notice, your system  
can make any one of thousands of intercon-  
nections between the city's telephones.

We are glad we're able to give Burkburnett  
the best service available to meet its telephone  
needs, today and tomorrow.

### State Agencies Joined Together School Bus Law

State agencies joined to urge the continuation of a state-wide program to accustom the public with the Texas law requiring all vehicles to be approaching a school bus when unloading children.

Texas Education Agency, Texas Highway Dept. and Texas Dept. of Public Safety are making a joint request to school superintendents, radio stations and other stations participate in an acquaint drivers with school bus law.

Superintendents and news organizations are performing an outstanding public service in this safety program last year," said J. W. Commissioner of Education. "Yet 7 lives were lost during the school year in collisions involving school buses. There is a continuing need for a program of safety education."

From these reports, TSA and NSC are able to evaluate the Home Safety Program in Texas and determine the program's weak and strong points.

In spite of the high death and injury toll of 1956, some headway in the field of home accident prevention is being made. This is reflected by the fact that home accidents were two per cent below the 1955 figures, and this didn't come about accidentally," Musick said using a slight play on words.

He also said that professional safety men are frequently asked why greater strides haven't been made in the prevention of home accidents.

In answering the question, he called attention to the fact that safety education has been handicapped by several outstanding factors and gave the following four reasons why progress has been slow:

1. Because the general public has failed to appreciate the size and importance of the problem.
2. The self-sufficient belief of the individual, that he is able to take care of situations that arise on his own property.
3. A lack of organized approaches to the home accident problem on a scale that is comparable to the successful efforts of industry.
4. The absence of regulations applying to home safety, such as industrial safety codes.

"As with all other areas of accident prevention," Musick concluded, "the initial step must be taken by the individual before any program can be successful. Until persons at the grass-roots level become safety minded, the accident toll will continue."

### Texas Safety News

"If you want to be safe, leave home" This startling remark was made today by J. O. Musick general manager of the Texas Safety Association, who added: "Accidents in the home accounted for the deaths of 28,000 Americans, in 1956, and 4,200,000 injuries. This places the home second only to motor vehicles in accidental deaths and makes home the most hazardous area known for injuries."

Musick made his statements in conjunction with the announcement that TSA, working with the National Safety Council, has just completed mailing the 1956 Home Safety Inventory reports.

The Inventory is a nation wide accounting of home safety activities conducted by various local safety organizations through out the United States. Texas, for example, had a total of 132 returns to Inventory questionnaires in the 1956 report. Ft. Worth had the largest response from safety groups of any city in the state.

From these reports, TSA and NSC are able to evaluate the Home Safety Program in Texas and determine the program's weak and strong points.

In spite of the high death and injury toll of 1956, some headway in the field of home accident prevention is being made. This is reflected by the fact that home accidents were two per cent below the 1955 figures, and this didn't come about accidentally," Musick said using a slight play on words.

He also said that professional safety men are frequently asked why greater strides haven't been made in the prevention of home accidents.

In answering the question, he called attention to the fact that safety education has been handicapped by several outstanding factors and gave the following four reasons why progress has been slow:

1. Because the general public has failed to appreciate the size and importance of the problem.
2. The self-sufficient belief of the individual, that he is able to take care of situations that arise on his own property.
3. A lack of organized approaches to the home accident problem on a scale that is comparable to the successful efforts of industry.
4. The absence of regulations applying to home safety, such as industrial safety codes.

"As with all other areas of accident prevention," Musick concluded, "the initial step must be taken by the individual before any program can be successful. Until persons at the grass-roots level become safety minded, the accident toll will continue."

### Technician Checking New Dial Phones

C. E. Turnipseed, a telephone technician from Wichita Falls, is shown checking dial equipment in the local telephone exchange. The switch over to dials last Sunday morning at 12:01 went off without a hitch. Everything worked just as planned.

### Notes from County Agent

The time is drawing closer to the deadline for enrollment in the Rural Neighborhood Progress contest. More communities in Wichita County are encouraged to participate in this program. There's several thousand dollars in prize money awarded each year to rural communities.

Now that a number of crops have been harvested, and a lot of people will be buying next years seed, it is important to obtain the best seed possible. There are several reasons why farmers should buy certified seed.

The seed tag tells the purity of the seed. Certified seed are more free of foreign material than non certified seed. Certified seed are inspected and cleaned to get all particles like weed seeds, dirt and other material out of them.

From the certified seed tag you can tell the germination percent of the seed. This is very important because some planting seed may have been heated when stored, therefore, they will not come up well.

The cost is very small in difference between certified seed and non certified seed.

If you are buying seed now or in the future, it would be a wise investment to buy certified seed.

Farmers and ranchmen are reminded by B. T. Haws, county agent, that Sept. 30th is the last day for submitting claims for a refund of the Federal tax on gasoline used for farming purposes since July 1, 1956.

Proper harvesting and handling of seed cotton can add from \$2.50 to \$19 a bale to the income from this year's cotton crop.

Fertilization, according to B. T. Haws, is the main practice to emphasize in the fall care of lawns. The fertilizer application should be made at least a month before the first expected frost and a complete fertilizer with a 2-1-1 or 1-1-1 ratio should be used.

High production, long period of lay, low death loss and good feed efficiency are the "bread and butter" of the present day egg producer. The modern hen is bred to lay a high rate, but skillful management must be practiced if maximum profits are to be gained.

The tempo of the harvest season is picking up and that means farmers and their families will be exposed to more accident hazards. Farm accident rates will climb warns the Texas Farm and Ranch Safety Council unless safety rules are observed especially those dealing with traffic.

### Stiff Dungarees Become Softies With A Fabric Softener Rinse

A fabric softener is modern magic for the wearers of dungarees, Levis, khakis and the like. No more waiting till they're almost worn out before they're comfortable. A mere bottle capful (1 oz.) of NuSoft in the last clear rinse water and even the seams and pockets of the heaviest work and play clothes become pliable as gingham.

All the family wash benefits from this wash-day miracle that penetrates the very fibers of the material to keep all garments feeling soft and looking new: Johnny's boardy socks become soft as his own toes; Sally's ruffled-up sweaters turn soft as new; the collars on Pop's shirts are no longer scratchy and baby's diapers—even indoor dried—are so soft and smooth, so easy to pin that even Grandpa can do it without a prick!

As for Mother—well who wouldn't cheer at flat work so wrinkle-free most of it needs only a pat and a fold... and all ironing, even the frilliest, that goes like a breeze? NuSoft is thrifty too, because it's concentrated. In a modern, can't-slip bottle with a measuring cap top, a pint is enough for 16 average wash-loads... a few pennies a load to keep all your washables soft as new.

### ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health. HENRY A. HOLLE, M. D. Commissioner.

A wise man once said, "Who would not give a trifle to prevent what he would give a thousand and worlds to cure."

These words take on a great deal of meaning when viewed in the light of the many advances in medicine and public health made in the last 50 years in the United States and throughout the world.

Medical research has brought about many outstanding drugs and spectacular operations which save individual lives and relieve suffering, but more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts, the proverbial "stitch in time."

Economically speaking, preventive medicine has saved the people of the United States countless dollars. One example is retrolental fibroplasia, an eye condition marked by the formation of fibrous tissue behind the crystalline lens. It is seen in many prematurely born babies and causes partial or total blindness.

For many years the disease was thought to be a result of premature births. However, a study supported by both federal and private financing established the cause of the trouble as due to the faulty administration of oxygen, (used extensively in incubators for premature infants.)

This study cost approximately \$50,000. Today there are about 5,000 blind children in the U. S. who are victims of retrolental fibroplasia. Each child will cost an estimated \$100,000 each for education, training and support from birth to death, or a grand total of \$500 million.

Thus, the cost of care for 5,000 children will be, for our generation, 100,000 times the cost of the prevention for the future.

Advances in public health coupled with the discovery of

wonder drugs raised the life expectancy for persons now born to over 70 years of age. In the 17 year period between 1937 and 1954, it increased 9.6 years.

This means that in 1955 alone, through this decline in the death rate, over \$770 million additional federal income taxes was received by the government, to say nothing of the earning power and productivity resulting from an increased span of life.

There is no doubt about it, public health and research pays off!

**HORSING AROUND FATAL**

A horse lost in an encounter with an automobile. It happened like this: Mr. and Mrs. W. H. Kohler were driving on Palo Alto Road about 5:30 when they saw a horse galloping toward them. Mrs. Kohler, who was driving, slowed down, but the horse hit the car and straddled the hood. The impact drove the horse's head through the windshield. The horse died and Kohler's dentures were damaged, but neither he nor his wife was injured.

**ONE FOR THE BOOKS**

A man in a foul temper was hauled into jail in his "birthday suit." Deputy Sheriff J. C. Bickerstaff said he found the man wandering around without his clothes, on Highway 73.

He seemed to be more mad than drunk, Bickerstaff said, but he never could discover the reason for his anger, nor where his clothes were. As a result he was charged with drunkenness and given a cell to hide in.

"It's one for the books," Bickerstaff said, "And it went into mine!"

The flag of the 11 Confederate States of America, originally was known as the "Stars and Bars."

### Devol News Mrs. C. G. WOODLEY

Mr. and Mrs. J. C. Cates spent the weekend in San Antonio, and visited Clint Dickson who was reported on the critical list in a veterans hospital there.

Mr. and Mrs. A. L. Stevens of Tulsa visited his parents, Mr. and Mrs. J. B. Stevens and relatives in Burk over the weekend.

Among those attending the annual Baptist meeting in Frederick Tuesday were Mr. and Mrs. W. C. Charboneau, Mrs. Gertrude Farmer, Mrs. Grace McClurkin, Mrs. F. J. Uthe, Mrs. O. D. Nalls, Mr. and Mrs. J. B. Stevens and the Rev. Dean Burk, who preached the annual sermon of the meeting.

The District Rally of WMU at Lawton Friday was attended by Mesdames W. C. Charboneau, J. B. Stevens and Gertrude Farmer.

Mrs. W. A. Wood was reported on the sick list over the weekend.

Mr. and Mrs. A. S. Patterson returned home Thursday after spending three weeks at Olton and Littlefield, with their sons, Glendale and Garland Patterson and families.

Mr. and Mrs. C. O. Woodley spent the weekend with their daughter, Mrs. O. L. Bridges and family in Snyder, Texas.

Mrs. Nora Wood has returned home from Gainesville, where she visited two brothers and other relatives the past two weeks.

Visitors of Mrs. Ollie Ridings Sunday were Mrs. Johnny Larson and Mrs. Nola Burns of Burk.

Mr. and Mrs. Earl Palmer visited their son, Mr. and Mrs. Cecil Taylor in Wichita Falls Sunday.

Mrs. J. W. Hale and Mrs. Opal Sippell and Mary Linda were Lawton visitors last week.

Mr. and Mrs. Perry Bowman of Randlett visited Mr. and Mrs. F. J. Uthe Sunday.

Mr. and Mrs. Elliott Hord and daughter, Dorothy of Jefferson City, Mo., and Mr. and Mrs. W. R. Hord of Wichita Falls visited Mrs. Gertrude Farmer and Bob Sunday.

Mr. and Mrs. John Sells spent the weekend with their nephew, Jesse Smith and family of Pampa, Texas.

Mrs. F. J. Uthe and Mrs. Guy Hutson were Frederick and Walters visitors Monday. While in Frederick they visited Mrs. Hutson's daughter, Mrs. Marie Moran who has pneumonia and is a patient in a hospital there.

Mr. and Mrs. W. C. Charboneau were Monday night guests of their daughter, Mrs. Bobby Eastman and family.

Mr. and Mrs. F. J. Uthe visited Mr. and Mrs. T. E. Spannagel of Randlett Saturday night.

### Quality of Eggs Dependent Upon Handling Care

Egg quality declines rapidly unless the eggs are handled properly from the time they are laid until consumers use them. Thousands of dollars are lost annually by poultrymen and egg handlers because of this loss in quality.

But this loss can be greatly reduced if the eggs are cooled and handled properly, says B. T. Haws, county agent.

He points out that heat is one of the greatest causes of loss in egg quality. Research indicates that 50 to 55 degrees F. is a good temperature to hold eggs on the farm when they are marked at least two or three times weekly. Any temperature above 70 degrees causes a rapid deterioration of quality, the higher the temperature, the quicker the deterioration.

The county agent advises gathering the eggs at least three times daily, and cooling rapidly to remove animal heat. The egg temperature is about 105 degrees F. when laid. If the temperature in the hen house is around 100 degrees, it is obvious that little cooling will occur unless the eggs are removed.

Haws says that age, or the length of time eggs have been laid, is another factor affecting egg quality. This loss of quality is reduced greatly if the eggs are kept at 50 to 55 degrees F. The eggs will maintain quality even longer at 30 to 31 degrees, but this low temperature is not recommended for short holding because of the cost and the greater tendency toward sweating.

Humidity is another factor in maintaining favorable egg conditions, continues Haws. Eggs are more likely to hold their maximum quality at a relative humidity of 70 to 80 percent, but a low humidity will not cause undue quality loss unless eggs are to be stored for several weeks.

The new egg law makes it even more important to maintain good egg quality. A leaflet, "Most Important Enemies of Egg Quality," gives recommendations relative to the above factors as well as some important suggestions on maintaining high egg quality. It may be obtained from your county agent.

### USEFUL THEFT

Thieves may find themselves outfitted in what they stole from Mrs. Leone Hurlburt.

Mrs. Hurlburt dumped a package into her car and went off to continue shopping. The package was gone when she returned.

Appropriately enough, the package contained ten yards of black and white prison stripe material. "If they catch the thief he can wear it," Mrs. Hurlburt said.

A Farmerette: She's a girl who goes out on Saturday night and sows her wild oats then to church Sunday and prays for a crop failure.

### ANOTHER VICTIM

Police were called to a South-side intersection where an elderly man was annoying motorists by stopping them and asking for cigarettes.

The car given the call radioed headquarters.

"I've talked to this man before after receiving complaints. What can I do? He's 85 years old, and he mooched me for two cigarettes before I could get away."

### Gilbert Key Judge Texas-Okla. Fair

Hettie Gilbert of Burnett was key judge of the flower department of the Texas-Oklahoma Fair at Park this week.

Gilbert was assisted by Bank Griffin of Wichita and Mr. Wilson of Park.

Gilbert states the department is especially good this year because of the late rains and favorable flower weather.

### NOT MUCH BULL

Where around Ringgold a bull wagging nothing to him. He was one of the in a bull-car accident.

Way Patrol reported Al Clayton, Jr. of Dallas 50 damage done to his car encounter, but neither the bull suffered bodily injury. The bull did, however, tail in the mishap. That little bull.

## High School News

### FHA NEWS

The Burkburnett Chapter of the Future Homemakers of America held their first meeting for the 1957-58 school year Sept. 17th at the Youth Center. Presiding over the meeting was Kathy Roark, President of the new year. She along with Barbara Shaw, vice pres.; Jo Ann Clayton, secretary; Mary Louise Eidson, treasurer and Sandra Duke, reporter were elected this past spring. During the meeting three additional officers were elected to serve along with those already elected for the new year. They are Doris Sites, sergeant at arms; Patsy Sanders, song leader and Mur Ann Elliott, pianist.

The main topic of the meeting was the discussion of the Dallas State Fair. All FHA, FFA and 4-H members will be State Fair guests on Saturday, Oct. 5th. Only fifty of the chapter's approximately sixty members will get to go.

### MAJORETTES TO PERFORM

The Burkburnett High School band will journey to Iowa Park Tuesday, Sept. 24th to compete in the marching, playing and twirling contest with other district bands. The band will play two numbers while Pat Clack and Glenna Landes twirl their solos. The two girls were chosen in the tryouts last Thursday.

### MARGIE INMAN FFA QUEEN

Margie Inman, daughter of Mr. and Mrs. Virgil Inman of Burkburnett, has been elected sweetheart of the Burkburnett Chapter of Future Farmers of America at a meeting of the chapter at the second meeting this school term. Margie has been in band for three years, has played basketball for one year, and is now on the Bulldog Growl and Derrick Staff. She was class beauty in 1956-57, class reporter 1956-57, class treasurer 1957-58, and Hall of Fame, Typing, 1956-57.

## New Ford Tractor, Typhoon Will Be Shown At State Fair

Typhoon, Ford Motor Company's new experimental tractor powered by a free piston turbine engine, will be shown for the first time in the Southwest at the Texas State Fair in Dallas, October 5-20. The Stewart Company announced today.

The revolutionary tractor will be the principal attraction at the exhibit sponsored by the Texas distributor for Ford tractors and farm implements. It will be demonstrated at The Stewart Company's display area in front of the Electric Building by two Ford technicians.

Colonel Harry E. Stewart, chairman of the board of The Stewart Company, described Typhoon as "an advanced vehicle which has taken the free piston turbine engine from the laboratory and introduced new concepts of power to the farm."

Typhoon, with a 99-inch wheel base, is somewhat larger than conventional tractors and its free piston engine & unique instrument panel gives it a distinctive appearance. It bears a strong family resemblance to other Ford tractors, however, and its colors are familiar gray and red.

The engine, which was developed after years of research at Ford's Scientific Laboratory in Dearborn, Mich., is especially suited to installation in a tractor. It is capable of running on a wide variety of hydrocarbon fuels including many agricultural products. The engine has a potential of 100 horsepower, but engineers have restricted it to the useful level of 50 drawbar horsepower during the extensive tests now being conducted.

### FBLA CLUB

The Burkburnett chapter of the F. B. L. A. club elected their officers Thursday, Sept. 12th. The officers are as follows: Pres. Margie Inman; vice pres., Pat Powell; Sec., Barbara Smith; treas., Carolyn Mayes; Reporter, Doris Sites; Historian, Sharon Stevens.

Our President, Margie Inman, appointed our committees. We have been working on our Year Book committees, Sharon Stevens, Carolyn Mayes; Program committee, Margie Inman, Barbara Smith, Social committee, Doris Sites, Pat Powell; Service committee, Pat Shipman, Sally Wulbrecht; Finance Committee, Ann Long, Norma Reel, and Carolyn Mayes.

The FBLA members have selected "Looking Forward to the Future" as their theme for the year. We will all work together in achieving our goal.

### DRAMATICS CLUB

The members of the Dramatics club elected to act as president, Donna Aubrel; vice president, Linda Roark; secretary and treasurer, Janelle Renten and reporter, Renny Reed. A motion was also made to elect Donald Moore as parliamentarian.

Madame President appointed Keith Miller as chairman of the program committee. Jeanette Wise and Elaine Kinnett were selected also. Donald Moore, Renny Reed and Janelle Renten were appointed as play readers. These two groups were necessary because they plan the next day's activities and choose the best plays to be shown.

The class discussed several things pertaining to the plays, but since there was no business, the meeting adjourned.

## Revolutionary New Tractor At Fair

This revolutionary new tractor utilizing a unique free piston turbine engine will be featured in the Stewart Company exhibit of farm machinery at the 1957 State Fair of Texas in Dallas, Oct. 5-20. The tractor is an experimental model and will require further development before it becomes a practical farm machine.

tential of 100 horsepower, but engineers have restricted it to the useful level of 50 drawbar horsepower during the extensive tests now being conducted.

The propulsion power is derived from gases generated by the engine which drive a turbine. This eliminates much of the expenses and complexity of the mechanical power train used in current combustion engines. Crankshaft, camshaft, connecting rods, and spark plugs, along with most parts of a reciprocating engine are not required. Unlike conventional gas turbine or jet engines, costly and critical high-temperature resistant metals are unnecessary.

Although years away from actual production, it has performed exceedingly well and is providing engineers with invaluable data. The engine has several advantages over other types including fuel economy. Friction is substantially lessened by the reduction of moving parts and vibration is virtually eliminated by the inherent balance of engine. Engineers regard the free piston turbine engine as a safe power source. They point out that it can use less volatile fuels and that it has no high tension electrical system.

Heart of the engine is the gas generator, of gasifier. It is cylindrical in shape and about the size of a farm milk can. The engine cylinder contains two horizontally opposed pistons, free to move toward each other to compress air for the firing charge. Fuel is injected at the center into the air that is superheated by compression between the pistons. The heated air ignites the fuel, and its expansion during burning drives the pistons apart. The operation is like that of diesel engine, without spark ignition.

The gases exhausted from the engine cylinder are collected in a surge tank from which they flow into a six-inch diameter turbine wheel. Like water rotating a water wheel, the action of the gases causes the turbine wheel to spin. The high speed turbine transmits its power thru a gear-reduction system to the tractors power train.

### MEN'S BIBLE CLASS FIRST BAPTIST CHURCH

Invites You to Worship With Them Each Sunday Morning at 9:45 W. R. CARSWELL, Teacher W. C. Davis, President

## Burk Woman Has Aviation Interests

In an air world where men excel, Mrs. Glen Schroeder of Burkburnett is indeed an unusual personality.

Mrs. Schroeder, known to her fellow workers and friends as Dottie, is an instructor in reciprocating engines in the Sheppard Air Force Base department of engine and technical training.

Holder of a Civil Aeronautics Association Aircraft and Engine License and a certified pilot and over-all enthusiast, she recently received a master degree in education from Midwestern University with a thesis on "Effects of Aviation on Periodical Literature, 1946-55."

### Doctor's Degree Plans

She hopes this fall or next spring to begin work on her doctor's degree in aviation education at University of Miami, Miami, Fla. She will attend the school on a scholarship given by the Civil Air Patrol.

Her other educational achievements include the completion of eight USAF extension courses. She also is enrolled in an on-base class on electronics for instructors.

Always interested in aviation, Mrs. Schroeder began her interest in the military aspects of flying as a WAF in 1944-45. Upon completion of military service she entered Texas A and I College, Kingsville, Tex., and received her BS degree in physical science in 1949.

After a year of teaching in Laurel, Miss., Mrs. Schroeder returned to school for a year at Mississippi Southern, Hattisburg, Miss.

### Came to SAFB

In 1951 the old desire to be around airplanes again struck the affable Mrs. Schroeder and she took a job in the structures branch at Sheppard. By the end of 1952 the challenge of greater things caused her to change to the medium bomber course where she worked from funda-

mentals through engine mechanics.

An employe at Sheppard since that time, she is qualified to work on all reciprocating engines from the 65 Continental up to the R-4360, the largest reciprocating engine used by the Air Force.

Not content to only work on airplanes, Dottie has logged 375 hours of flying time. She has flown in jets and B-25's.

### Husband

The instructor's love for flying and airplanes is also instilled in her husband, Glen Schroeder. Glen is also an instructor here and is a veteran of eight years in the Air Force. He is a qualified flight engineer, certified pilot and an aircraft and engine mechanics teacher.

To pass the time away, Glen and Dottie like to fly. They own two planes and do quite a bit of flying from their home, Burkburnett. Their latest venture is crop dusting.

As a hobby they enjoy taking

and processing aerial photographs. To aid in civil defense, she is a major in the CAP and one of the organizers of the Ground Observer Corps in burkburnett.

Farmers and ranchmen minded by B. T. Haws, agent, that Sept. 30th is the line for submitting applications for a refund of the Federal gasoline used for farm purposes since July 1, 1957.

Farm operators who have filed a claim may obtain 2240, the reporting form, local county agricultural or Internal Revenue offices.

Haws points out that will be checked for accuracy claimants, therefore, should certain that figures are sufficient records should be kept to verify the claim. Claims should be submitted to the same district Internal Revenue office to which income returns are sent.

## HOW TO USE YOUR Dial Telephone

YOU'LL FIND IT'S EASY TO DIAL — HERE'S HOW

1. Place the receiver to your ear and listen to the steady hum of the dial tone.
2. Suppose you want to call number JORDAN 9-2891. Place your finger in the dial opening where you see the letter "J." Pull the dial around until your finger strikes the finger stop.
3. Remove your finger and let the dial spin back freely.
4. Do the same for the letter "O," then for each of the figures, in order — "9-2-8-9-1."

Don't confuse the letter "I" and the numeral "one" or the letter "O" and the numeral "zero."

When you have finished dialing, you should hear a burr-rr, the ringing sound. If the line is busy, you will hear a fast buzz-buzz.

If you hear the busy signal, or if you hear neither sound, hang up. Wait for a few moments, then try the call again.

We believe you will like the speed, convenience, and dependability of dial service.

C. A. Deuschle, Manager

HELP YOURSELF TO BETTER LIGHT

...with the right bulb in the right place!

It's easy to have the proper light for every seeing task in your home. In many cases, it's simply a matter of using the right bulb in the right place.

The correct bulb size is important to assure plenty of good light for safe, easy seeing. The use of undersized bulbs may lead to eye fatigue,

as well as dim and cheerless places in your home.

Next time you shop for bulbs, remember there is a right-size bulb for every lighting purpose. The list below shows recommended sizes for most lamps and fixtures. It's your guide to better light... with the right bulb in the right place.

Table and end table lamps	150 watt
Floor lamps	300 watt
Kitchen ceiling fixture	150 watt
Multiple socket ceiling fixtures (per socket)	60 or 75 watt
Pin-to-wall lamps	100 or 150 watt
Vanity lamps	100 watt

For three-way lamps, use the following bulb sizes: Floor lamps, 100-200-300 watt three-light; table and end table lamps, 50-100-150 watt or 30-200-230 watt three-light; vanity lamps, 30-70-100 watt three-light; wall lamps, 50-100-150 watt three-light.

## STATE CAPITOL News

BY VERN STANFORD  
Press Association

for Texas' 1958 poll taxes, \$1.75, can be from Oct. 1 until Jan. 31. The small white tax is not only a watch, but in the semi-annual election to decide who will be for the next two years. In the ring will be for the offices now held by Sen. Ralph Yarborough, Lt. Gov. Ben H. L. Hunt, and so on down the line.

After three months on an all time low producing pattern of 13 days, the Railroad Commission cut the October production to 12 days. Daily allowable will be 2,964,062 barrels.

Major oil buyers at the Commission hearing indicated that any more production would result in an oversupply.

For a state heavily dependent on oil tax revenue and already faced with fiscal problems, the oil cut means tough times for the state budgeters.

**MORE TAXES, SAYS BOARD—**  
Even before the oil slash, the Legislative Budget Board had some hard facts to share with Texas taxpayers.

By 1958, says the Board the average Texan will pay 6.4 cents of each dollar he earns, in state taxes. This is compared to 5.3 cents per dollar in '57.

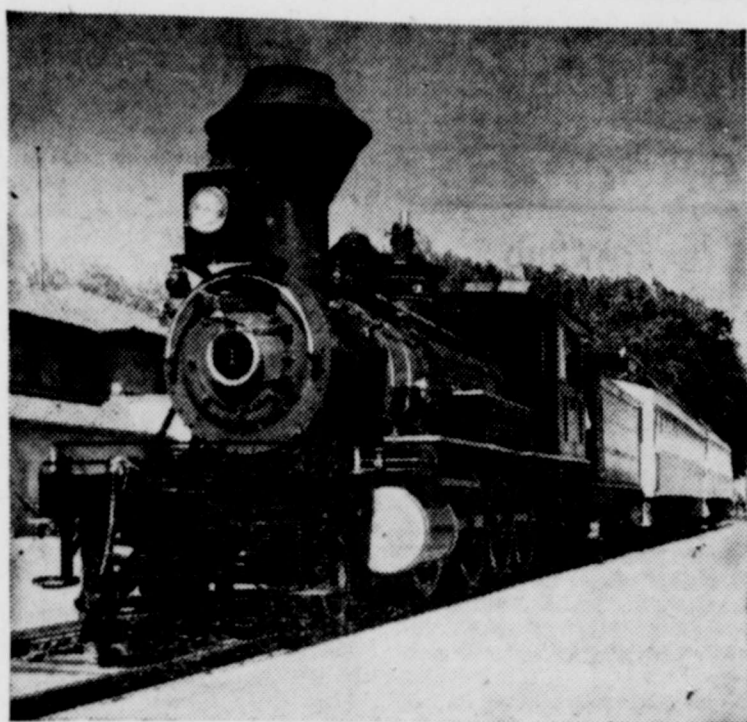

It's the inevitable result of a billion-dollar a year budget, say the fiscal experts. They attribute the soaring expenses to inflation and citizen demand for more government services.

As to paying for it, the Board says "All taxes ultimately come from the individual. There's no one else to pay them."

On the brighter side, State Comptroller Robert S. Calvert reported the state started the new fiscal year this fall in the black. Calvert's report showed Texas took in approximately \$100,000,000 more than it spent up to Aug. 31st.

**"BUG" On The Loose—**  
In schools, colleges, offices, even jails, over Texas, thousands of people are abed.

Nearly three thousand cases,

Cyrus K. Holliday Recalls Pioneer Days of Railroading

## Famous Antique Train To Be Shown In Dallas At State Fair of Texas

An antique train reminiscent of the pioneering days of railroading will be exhibited by the Santa Fe Railway at the 1957 State Fair of Texas, Oct. 5-20.

The famous old Cyrus K. Holliday locomotive, a replica of the original engine which hauled the first freight and passengers over the Santa Fe line in Kansas in 1869, will be brought to Dallas along with its two ancient wooden coaches.

The diminutive locomotive has the famous "diamond stack" with a brass eagle figurehead gracing the engine head, a big oil-burning headlight, brass fittings and other paraphernalia of the early days of railroading.

Although the locomotive is but a replica of the original, the present Cyrus K. Holliday ranks as a museum piece in its own right. Built in 1880, the old engine was subsequently downgraded to a switch locomotive and finally withdrawn after 60 years of active service.

Restored to its original appearance, the train has been used many times in movies of the old West. The engine still operates under its own power.

With the Cyrus K. Holliday, the State Fair will have on exhibition trains spanning nearly 90 years of rail progress. The Texas & Pacific Railway Company will exhibit its old retired steam locomotive No. 909 and one of its crack modern Texas Eagle streamliners. In addition, the Fair's Monorail line, only such system operating in the U. S., offers a sample of yet another type of rail transportation said to hold great promise for the future.

One set of fund-seekers will be working at the behest of the official Texas organization, the State Democratic Executive committee. In accordance with a formula set up by national officials, they will keep two-thirds of what they collect for Texas work, send one-third to national headquarters.

Workers for the liberal-minded Democrats of Texas, at odds with official party leaders, say they will turn no money over to the state office. All DOT collections are to go to national.

**PUSH FOR WATER—**  
Activity toward a statewide water development program moves forward.

Members of the governor's citizens water planning committee are receiving information kits. Material is to be used in a campaign for adoption of the \$200,000,000 water bond amendment.

Gov. Daniel also announced the three representatives who will be in charge of getting water planning legislation thru the House during the special session. They are Reps. W. N. (Bill) Woolsey of Corpus Christi, Rep. Leroy Saul of Kress and Rep. Bill Shaw of Forney.

At the third annual water for Texas conference at College Station, Gibb Gilchrist, conference founder, called creation of one central water agency as the state's greatest need.

**MORE APPOINTMENTS —**  
Gov. Daniel's appointment list grows. Recent additions to state government:

A. H. (Kerry) Knippa of San Antonio to the building and loan section of the State Finance Commission.

E. L. Jackson of Cisco and John E. McKelvey of Electra to the State Veterans Affairs Commission.

Joe C. Carrington of Austin to the Commission on Alcoholism.

John E. Lowe of Vidor, B. B. Rabb of Point and Carroll Swearingen of Quitman to the Sabine River Authority.

Ralph Wilson of Austin and Dr. Paul C. Witt of Abilene to the Board of Examiners in Basic Sciences.

Mrs. Marie Hudson of Austin to the Firemen's Pension Commission.

## Generations of Service!

Since time immemorial, the sign on the way to the inn has signaled hospitality. For our part, we have always extended a warm welcome to those with financial problems or objectives. For generations, it has been our aim to serve them faithfully and well.

The **1st** NATIONAL BANK  
BURKBURNETT, TEXAS  
MEMBER FEDERAL DEPOSIT INSURANCE CORPORATION

with flu-like symptoms, have been reported to the State Health Dept. Finding out whether it's Asian flu requires special tests. Health Dept. offices are swamped with specimens and requests for tests.

Whatever the disease, it meant that football games and other school activities had to be called off in a number of areas.

So far, only a dribble of Asian flu vaccine has come to Texas.

Dr. Henry Holle, Health Commissioner urges these precautions for the general public.

1. Stay away from crowds.
2. Drink plenty of liquids, water and fruit juices.
3. Go to bed at the first sign of symptoms. (Symptoms are fever, chills, headache, sore throat and aching back and limbs.)

## COAST-TO-COAST ECONOMY RUN PROVES IT—CHEVY COSTS LESS TO DRIVE!

Test run from Los Angeles to New York by the three leading low-priced cars showed Chevrolet costs less to operate, with up to 17% greater fuel economy!

When fuel and operating costs for cars are officially checked from Los Angeles to New York, that's an economy comparison! And what happened?

In certified NATA\* findings, Chevy delivered up to 17% greater fuel economy, and lower total cost for the trip—proof that Chevrolet costs least to operate of the three leading low-priced cars that were tested! But that's not surprising. You expect Chevrolet engines to wring extra miles out of a gallon of gas—just as you expect finer craftsmanship in the way a Chevy is built. Better see your Chevrolet dealer soon!

**Gay Ladies Club Held First Meeting Of Season Sept. 17**

The Gay Ladies Garden Club opened their fall season with a meeting in the home of Mrs. Ray Hyde on Sept. 17.

Mrs. Joe Jancke conducted the business meeting at which time the yearbooks were given to each member and reviewed by Mrs. Hyde. Mrs. Chester Todd read the laws of our club for the new members. Mrs. Jancke expressed her thanks to the yearbook committee, Mesdames Ray Hyde and I. R. Reagan, for our very nice books.

The club discussed their project for the year and the finance committee was asked to work on ways for our club to raise money. It will be discussed at our next meeting.

Mrs. R. M. Sims gave a very interesting program on preparing and planting your Fall Bulbs for Spring Blooms.

Lovely refreshments were served to ten members and two guests, Mrs. Ervin Drake and Mrs. Branch. The club was glad to welcome Mrs. Clarence Koenig back as an active member this year and also Mrs. Ervin Drake as a new member.

The next meeting will be held in the home of Mrs. Chester Todd on October 21. Our program for October will be on Color Harmony, with a study of the color wheel.

### University Club Met Sept. 17 With Mrs. A. R. Bunstine

A program carrying out the years theme, Opportunity, was presented by Mesdames J. H. Rigby and S. S. Reger when the University Study club met on Sept. 16th in the home of Mrs. A. R. Bunstine.

President, Mrs. O. E. Melton, presided over the business session which followed the club collect which was repeated in union.

Mrs. Lewis Brocker presented the program. She introduced Mrs. J. H. Rigby who gave a history of the Hall of Fame, erected in memory of great Americans and located on the grounds of New York University. She further gave a short biography of each of eight women who, having made the best of their opportunities, proved a woman's place is where she makes it. These included Frances E. Willard, Susan B. Anthony, Mary Lyon, Charlotte S. Cushman, Marie Mitchell, Alice Freeman Palmer, Harriet Beecher Stone and Emma Hart Willard.

Bronze bust statues of these women have been placed in the Hall of Fame along with those of seventy-eight men.

Mrs. S. S. Reger gave a talk on the opportunities offered by adult rehabilitation for disabled persons. An account of how the Federal and State governments are co-operating to rehabilitate many thousands in Texas was interesting and inspiring. If these are to lead reasonably contented lives, if they are to be useful to their families, they must have some or all of the services provided through vocation rehabilitation. Mrs. Reger explained how a disabled person, assisted through rehabilitation, becomes a tax producer rather than a tax consumer. So aside from the humanitarian standpoint, it would seem poor economy to fail to provide the necessary services.

Mrs. Rigby, federation counselor, closed the program by summarizing the benefits derived from the recent visit of Mrs. A. J. House, state federation president to the clubs of Burburnett.

Following adjournment, light refreshments were served to the seventeen members present. Mrs. Lewis Brocker won the door prize.

### Surprise Party Sept. 11 Honored Mrs. O. A. Meyer

On Wednesday, Sept. 11th a belated surprise birthday party was held honoring Mrs. O. A. Meyer at her home.

A gift of money was given her by the following: Mesdames L. A. Ifland, Ollie Wells, W. K. Clayton, Minnie Wallace, James Haley, Biddie Smith, Myrtle Shields, J. H. Cecil, Ramon Scruggs, and Mr. Joe Wayne Scruggs.

Cake and tea was served to the eight guests.

First oil well in the U.S. was built in Titusville, Pa., in 1859.

### Red Bud Junior Garden Club Met Tuesday Night

The fall season for the Red Bud Garden club was opened Tuesday night with a dinner in the home of their advisor, Mrs. Walter Riley. The dining table was covered with a white cloth and centered with an arrangement of white and red flowers. The container was formed of small, silvered logs laid to form a trappers fire, with the flowers to represent the red of the flame and white smoke. Blue candles further carried out the club colors of silver and blue.

The girls received their membership cards in the Horizon club.

Cindy Bryant and Tommie Jean Middleton were welcomed into the group.

Mrs. Dora Davis, well known business woman and Clerk of Wichita County talked to the girls. She gave a brief outline of the many difficulties our great grandmothers encountered in attempting to enter the business world or to follow a profession. About the only avenues open to them, she stated was nursing or teaching. After bringing them up to date, she stated the present day young girls live in a time where they can pick and choose their careers and still have time to carry out Camp Fire and Garden club programs. Mrs. Davis' talk was delightfully humorous as she related incidents occurring in her office.

The next meeting of the Red Bud Junior Garden club will be Sept. 28th, when the group will

### Ballet Classes At Legion Hall Each Saturday

Registration Saturday, Sept. 28th, from 10 a. m. to 1 p. m. at the American Legion Hall in Burburnett with Mrs. Walter Riley will mark the opening of a branch of the Midwestern University dance department for the teaching of ballet, according to Frank Pal, chairman of that department in MU.

Classes in ballet thereafter will be conducted each Saturday from 10 a. m. to 1 p. m. in the same hall with Mrs. Sidney Ward as instructor. The class will receive attention frequently also from Mr. and Mrs. Pal (Irina Kladvivova.)

Mr. and Mrs. Pal are natives of East Europe and grew up in the National Czech Opera Ballet at Prague until the outbreak of World War II. They came to the United States in 1950 and to Wichita Falls in Sept of that year. They have been affiliated with MU since August, 1952.

Mrs. Ward began her study of ballet at age 5 and continued study with Frorie Asher in Okla.

### Note of Appreciation

The project committee Unity Garden Club wishes to express their sincere appreciation to everyone who at the local cemetery yesterday or Tuesday.

A special thanks is extended to Mr. Ralph White and Mrs. R. L. Martin for donating for the construction of a Mr. Orville Reynolds as Charlie Martin, welder, ladies who served home cookies, coffee and lemonade to each one who had any way to beautify our territory.

Mrs. Troy Miller  
Mrs. Sandy Vand  
Mrs. A. L. Giblow
