Mr. and Mrs. A. G. Bingham, Former Burkburnett Residents Celebrate Fiftieth Wedding Anniversary in Cleburne, Texas

Mr. and Mrs. A. G. Bingham of Cleburne, Route 3, observed their 50th wedding anniversary at their home Sunday July 3rd. Mr. and Mrs. Bingham were married in 1908 at Hico. They lived in Devol, Burkburnett and Dallas before moving to Cleburne in 1950.

They both attended the Music department of the Baptist Theological Seminary in Ft. Worth and served as choir director and pianist at the First Baptist Church here for 12 years. In Cleburne they are members of the First Baptist church and Mr. Bingham is a member of the

Geo. McClarty to Attend Convention At San Antonio

"Pharmacist of the Year" nominee of the Wichita County Pharmaceutical Association, Mr. George H. McClarty of Burkburnett, accompanied by his wife will be present at Texas Pharmaceutical Association's 79th Annual Convention slated for July 27-30th at the Municipal Auditorium, San Antonio. The big 4-day program is estimated by association officials to attract an attendance of 1400 or more pharmacists from every section of Texas.

"Charting our Future With Visibility Unlimited" is the theme of the 1958 meeting arranged by the association for its 4000 members. Tapping impressive drug industry and governmental sources from throughout the nation, TPA has commitments from 25 guest speakers to perform on the elaborate business program. Panel discussions, forums, workshops, and visual presentations take the spotlight when the latest practices and developments in professional pharmacy, public relations, drug store economics, and sundry merchandising will be revealed to the pharmacists operating Texas' most progressive drug stores.

LIONS CLUB

Town Hall Each Tuesday 7:00 P. M.

Jack Connell was the guest of Harry Dodson. Lonnie Taylor, in charge of the program, presented Bryan Farris, Jr., local Vocational Agriculture teacher, who brought a very inspiring, thought provoking address. Theme of the talk was "Our Future". Mr. Farris ended his talk with these words: "Honesty, generosity and politeness lead to success."

Next week Senator "Cotton" Geo. Moffett will be guest speaker at the club. President Ted Roark made a report on his recent trip to Chicago to attend Lions International convention. Directors and officers will meet with the president at Town Hall Monday, July 28 at 7:30 P. M.

Card Of Thanks

The kindness and sympathy of neighbors and friends in our recent sorrow will always remain with us as a precious memory. Our sincere thanks and gratitude for all those comforting acts.

The Bob Hinkle Family. Billy Joe Baker, son of Rev. and Mrs. Marion D. Baker of Burkburnett, has enrolled for the second semester of summer school at the University of Corpus Christi.

Rev. Wayne Black New Pastor at First Christian Church

Rev. Wayne Black has now assumed duties as pastor of the First Christian Church of Burkburnett. He was pastor of the Thomastown Christian Church, Thomastown, Miss. where he served three years.

Mr. Black is the former Roselyn Blalock of Thomastown, Miss. They are now residing at the church parsonage at 214 Ave D. The pastor joins the church in extending to you a cordial welcome.

Cashion Alumni Reunion Set

Alumni of the old Cashion School located on the Burkburnett Highway, six miles north of Wichita Falls, will hold their second annual reunion, Sunday, Aug. 3, in Prescott Park. Cashion School operated for 40 years before consolidating with Burkburnett in 1937.

Each family is asked to bring his own lunch to the reunion. Officers of the alumni are Glen Crowe of Woodson, president; Jack Watts of Wichita Falls, vice president; Mrs. Gladys Bailey of Wichita Falls, secretary; Mrs. Evelyn Parker of Wichita Falls, treasurer, and Mrs. Hildreth Phillips of Wichita Falls, reporter.

Mr. and Mrs. William (Bill) Law, and sons Carl and Dickie returned Tuesday after a two day visit to the Austin area. They were called there early Sunday morning at the death of Mr. Law's mother in Lytton Springs. Funeral services were held in Lytton Springs on Monday afternoon. The Laws live at 416 East First. He is employed with Magnolia.

Mr. H. O. Cunningham and daughter, Patricia, left Wednesday morning for their home in Fresno, Calif., following several days visit here in the home of Mr. and Mrs. L. O. Ludington.

Gassers to Play W. F. Blackhaws Saturday Night

Leaders of the Burkburnett Junior League baseball, the Gassers, will play the Blackhaws of Wichita Falls Saturday night beginning at 8:00 P. M. The game will be played here at Lions Club Park, near the rodeo stadium.

The Gassers, sponsored by Duke Owen Bell Station and coached by Ollie Ratliff, have an excellent record for the season. They have beaten some of the best teams in north Texas and southern Oklahoma.

The game Saturday night should be a close one and a good one. There is no admission. Come on out to the diamond and enjoy baseball played by our own boys in a manner which will surprise and satisfy you.

ROTARY CLUB

Dave Mulheren, Reporter Town Hall Each Tuesday 12:00 Noon

The local Rotary club met Tuesday noon for a regular luncheon and business meeting.

Mr. Vance Harbor of the Commercial Dept. of Texas Electric Co. gave a very interesting and informative talk. He made it apparent that we should be more open minded in our thinking and things would look different depending on how you look at them.

Four visitors from Wichita Falls were present: Roy Brakebill, Hal Dyer, R. C. Stanford and Hal Naylor. Rotary is our key to the door of friendship.

Political Rally Set Thursday For Deno Tufares

Friends and supporters of Deno Tufares, candidate for State Representative Place 1, have planned an old fashioned Political Rally for Thursday night, July 24th, 7:30 p. m. at Bridwell Park in Wichita Falls. All candidates for the State Legislature have been invited to speak in their behalf.

Entertainment for the evening will include musical numbers by the Texas Melodiers and magic tricks by Haleo the Magician. Everybody is extended a cordial invitation to attend. Free lemonade will be served.

Visitors in the home of Mr. and Mrs. J. H. Ferguson last week were their nephew, Mr. Americus Stonecipher and family, and Mrs. Dallas Stonecipher of Fillmore, Calif.

Last Rites Tuesday For Emily Houser

Funeral services were held Tuesday at 2 p. m. in the First Baptist Church here for Mrs. Emily Houser, 54, who died in an automobile collision east of Cache, Okla., Sunday.

The Rev. Leroy Meyer, pastor of the church, officiated. Burial was in Burkburnett Cemetery, Owen-Brumley Funeral Home in charge.

Mrs. Houser and her husband Arthur, an employe of Mathis Chevrolet Co. of Burkburnett, were in a vehicle which collided with a car driven by Andrew L. Amrine of Hobart, Okla., on U. S. Highway 62. Houser was taken to a Lawton, Okla. hospital and underwent surgery Sunday night. Amrine was reported in serious condition at Memorial hospital.

Mrs. Houser was born May 3, 1903 at Bluffton, Ind. She was a member of the Eastern Star. Survivors include her husband, one daughter, Mrs. Katherine Johnson of Dalhart; an aunt, Mrs. John Quick of Iowa Park; and four grandchildren.

Pallbearers were Jack Mathis, W. W. Browning, Harold Preston, Brack Preston, Roy Magers, and Jim Johnson.

Junior League Hard Ball News

Gassers Top Their Dads

The Owen's Gassers humiliated their dads Thurs. night to the tune of 17-6. The Gassers rattled the old boards throughout the game. The kids had to ease up to let the old men score their tallies. Midway of the contest the old bones began to squeak and were helpless from then on.

Gassers Beat Shotrods

The Owen's Gassers defeated the Shotrods of Wichita Falls 5-3. Leonard Young struck out 12 Rodders, and pitched masterful ball all the way, allowing only 2 hits. Johnny Koller and Maxie Mathis furnished the batting punch for the Gassers. The Shotrods were a well balanced and well coached team and possess a good record.

Gassers 22—Corner Drug 0

Johnny Koller pitched the Owen's Gassers to a 22-0 victory over the Corner Drug Store in a league game. Don Overton's homer and two doubles helped the Gassers cause. Addie Cerday's timely hitting and fancy fielding also helped the Gassers. Koller pitched a nifty 2 hitter to keep the Gassers in the league lead.

Owen's Gassers Top First Christian 7-0

The Owen's Gassers Junior Leaguers beat the Pony Leaguers 7 to 0. The scrappy gasoline boys spotted the Pony Leaguers age and wt. but a masterful 1 hitter by Leonard Young stopped the First Christian team. Young struck out 14 batters while Larry Armstrong fanned 12 Gassers. Gary Owen and Maxie Mathis were the Gas boys' leading hitters.

Alexander's Team Wins 2

Jack Alexander's Mobil Station team picked up two games this week.

Monday they beat the Baptist team 7 to 3.

Tuesday they came back to take another from the Methodist sponsored team 12 to 4.

Mrs. Bill Milam, who recently fell and broke her hip, has been returned to her home at Randlett from the Wichita General Hospital and is reported doing nicely. Her daughter, Mrs. Bill Boydston, of Farmington, New Mexico, arrived this week to care for her.

Vernon Stewart Issues Formal Announcement

TO THE CITIZENS OF BURKBURNETT:

Once again the time approaches when the people of Wichita County must decide which candidates are best qualified to fill the various elective offices.

I am a candidate for reelection as your State Representative, Place 1. I know of no better way to ask for your support than to place my record before you in order that you may determine for yourself whether or not I have the kind of record that you expect of the person whom you send to represent you in our legislative halls in Austin.

Here is my record: Co-sponsored the bill making Midwestern University a State School. We passed this bill out of the House of Representatives, but it failed to pass in the Senate. I will continue to fight to pass this bill into law. It will mean lower tuition for our children as well as expanded educational facilities.

Sponsored and guided through the Legislature a bill establishing the Wichita County Probation Department. As a result, there has been a 25 per cent reduction in juvenile delinquency cases for the first 6 months of 1958 as compared with the same periods in 1956 and 1957. Child Support Collection before the department was established averaged \$16,000 per month; now it is \$27,000 per month. This department is hailed as a major means for fighting the rise in juvenile delinquency in Wichita County.

Supported all teacher's salary raises.

Supported increased pensions for our senior citizens.

Supported all major insurance reforms.

Sponsored a bill which requires those persons requesting a retail beer permit to give notice by publication in the newspaper. Until this bill was passed, it was possible for you to wake up some morning and find a tavern opened up next door or across the street without your knowing in advance so that you could have a chance to protest against it.

I sincerely hope that this record meets with the approval of my many friends in Burkburnett. I am sorry space will not permit the listing of other important bills and my votes on them; however, I hope that you will feel free to ask me about them during my visits in Burkburnett.

VERNON J. STEWART

John Brookman, Cliff Wampler and Vernon Duke have been selected to serve on the Wichita Grand Jury.

Mrs. Gloria Connell, Hostess Faith Class Tacky Party July 8

The Faith class of Thrift Baptist church met Tuesday, July 8th in the home of Mrs. Gloria Connell for a tacky party. A style show was the highlight of the party with members voting on the tackiest costume. Prizes went to Mrs. Wannamah Bruce and Mary Ann Hobbs.

Several funny games were played and Gloria served Cokes and cookies to Doris Hodges, Wanda Allmon, Jacky Kinnard, Wilma Bangs, Vera Chambers, Mary Jackson, Wannamah Bruce, Mary Ann Hobbs and Mae Roe.

Last month the social was held in the home of Wanda Kilgore. Wanda had planned several games which the members played and enjoyed very much. Homemade ice cream and German Chocolate cake were served to eleven members.

CORRECTION

In last weeks paper it was erroneously stated that Mrs. Arkie Lawson was a patient in the Wichita General Hospital. It should have read, Mrs. Dink Lawson is a patient in the Wichita General hospital where she underwent surgery recently. She is reported much improved at this time and is expected to be returned to her home here this week.

Mr. and Mrs. Ralph Brookshier have returned home from a very enjoyable five weeks vacation in California. At Hanford, Calif., they visited their son, Dr. and Mrs. R. W. Brookshier and family.

Wm. A. Blakley For U. S. Senate

William A. Blakley, Democratic candidate for U. S. Senator believes that farmers want and should have the right to make a living without government control, but until the time comes when a proper solution to the farm situation can be found the farmer must have compensation.

Blakley said: I would like for the farmer to be relieved of restrictions put upon him by the government. He is the greatest example of what is meant by free enterprise. Until the time comes when the proper answer can be found, the farmer must have compensations.

"My position with relation to the farm situation has been, is and always will be this: People on the land are the basic integral part of the development of our society. Our rights and freedoms are linked with the lands and the people who live on the land.

"Our government is morally obligated to the farmer, the producer of food and fiber for our people as well as the rest of the world, to protect his purchasing power and thereby give him a chance to earn a decent living without government control.

"This can best be accomplished through price supports until such time as the government can set up a system whereby farmers can be offered adequate financing to set up production and marketing corporations of their own, controlled solely by them, thereby producing and marketing their products in a manner conducive to good business principles. Such corporations can be set up on the same plans which other successful agencies of government have been set up. This could be done by agencies similar to the intermediate credit bank, the bank for co-ops, and the federal land bank, where he can be financed at reasonable rates.

The cattle industry, one in which I am engaged, is one of the last of the great free industries. I want some day to see the farmer in the position where he can be free of government restrictions and controls as the cattle business now is. In the cattle business you can buy whatever type of cow you want, pasture it on whatever land you own or control, and sell it whenever and wherever you like. And we might add that the cattle business is in good shape. I want to help hurry the day when the farmer can derive income from his own production of whatever crop he wants to plant on whatever acreage he wants to plant it on. He wants and should have the right to make his living without government controls."

The 33 year old White, who is

John C. White For Commission'r of Agriculture

A definite advancement towards putting the Texas Department of Agriculture on a self supporting basis without new tax money was cited this week by Agriculture Commissioner John C. White. This top state farm agency now has a budget of nearly \$1 million a year, said White. "Yet only about \$300,000 of this money comes from the state general revenue fund. Since the department was re-organized three years ago, each new service program is made to pay its own way as far as possible."

BILL BLAKLEY

Texans like a public official who is independent in his thinking and doesn't have to account for his actions to anyone except the voters themselves.

William A. Blakley is such a man. Of his race for U. S. Senate, the *Port Arthur News* says: "He entered this race by his own decision. He is beholden to nobody. He doesn't have to promise special interest groups anything and he wants to represent all of Texas, not any political splinter or fragment or faction above the rest."

A vote for Bill Blakley on July 26 is a vote for returning to Washington a man who will truly represent Texas.

CASEY LOGAN MOTORS 310-312 Ave. C Burk Burnett,

seeking re-election as Commissioner of Agriculture, said his announced goal in office has always been to "provide more service to Texans at less cost."

He claimed proof of this achievement was realized this year when Texas advanced to first place in the South in modern farm laws and services. The State Auditing Division last year commended White's audit of funds and programs as "the best in the history of the Texas Department of Agriculture."

Before election to his major state office at the age of 26, White's entire career was closely connected with Texas agriculture. He was born and raised on North Texas tenant farms, attended country schools in Clay and Wichita Counties. He worked his way through Texas Technological College, graduating with a degree in Agriculture in 1946. White taught veterans' vocational agriculture classes and then joined the staff of Midwestern University, Wichita Falls, being appointed as head of the Department of Agriculture.

"The challenge today is for even greater progress in our most vital industry—agriculture," White declared. "Every Texan has a stake in the economic affairs of our farmers and ranchers."

White was married in 1944 to Miss Mary Jean Prince of Hunt County. They have three sons: Richard 12, Edward 7, and Jake Rayburn 6.

Misses Iletha Herring, Linda Kee and Loretta Brocker plan to attend band school at Midwestern University July 20th to Aug. 1st.

News From The Congress
 By Congressman Frank Ikard

Now that Alaska has been granted Statehood, great pressures are building up to also admit Hawaii. All indications are that there will be a big push in the Congress to pass the Hawaiian Statehood Bill before we adjourn. It seems to me that the approval of Hawaiian Statehood under these circumstances would be a great mistake. Two weeks ago the House voted not to consider an agriculture bill that had been reported by the House committee. At that time it looked as though there was no chance of having any really comprehensive agricultural legislation this session of Congress. However, now the Senate is considering a general agriculture bill that was reported by their committee. If it is approved in the Senate, then the chances would seem to be good for the House to consider broad revisions of the present agricultural program. A few years ago, in what has now come to be known as the "Steve Nelson Case," the Supreme Court held that whenever the Congress had enacted a law in a given field, that similar State laws were of no effect. This decision was not in accord with the stated policy of the Congress. This week the House will be debating a bill that would have the effect of repealing this Supreme Court decision. Affirmative action on this measure is necessary if the States are to retain any semblance of authority. Back to Alaska, even though we will shortly have a Forty-Ninth State the forty Million Flags that are now being used will not be useless. They may continue to be used even though a new one with Forty Nine stars is approved. In fact, under law, it is appropriate to fly a Flag with only Thirteen Stars which was once the recognized Flag of the United States. The old flags also will be good souvenirs as well as continuing to be appropriate and useful as they are. The Texas Tidelands issue is still not settled. The Federal Government has filed a 425 page brief contesting the Texas title in the Supreme Court. An adverse decision could possibly mean loss of lands that have returned Seventy-Five Million Dollars in revenue to our State School Fund since 1953.

Focus of interest in Texas this week is not the State Capitol. It's all over Texas, in a school building or a fire station or a church house, wherever a man stands in a little pasteboard booth with a piece of paper and a blunt pencil. In the booth is a man who looks like an average, unimportant sort of guy. Chances are he is not very rich, not very interested in politics, as a rule. But John Q. Poll Tax Payer is the most important man in Texas this week. With a few strokes of his pencil Saturday, he'll decide who'll be who in Texas for the next two years or more. When John Q. glances down the ballot, he may see a number of names he's never heard of. He'll pause, scratch his head, wonder which name "sounds best," finally shrug, make a mark and go on. Such a possibility gives office seekers the cold shakes. For fear their names may yet be unknown to some, they'll try to be everywhere at once this week. In addition, a lot of people will be pleading with John Q. to come back to the polling place Saturday evening for his Democratic precinct convention. Gov. Price Daniel, supported by moderate conservative party officials, is asking him to come and vote for "majority rule." Opposing the governor are the liberal Democrats of Texas who want John to join their drive to assure that "only real Democrats shall participate in Democratic party affairs." Nobody can positively predict what John will do. Past records show that some years he feels liberal; some years conservative. And some years, both ways at the same time. Oil Quota Up Again— Texas oil allowable for August will be 328,185 barrels a day more than for July—a hopeful sign for an industry that's been "in the dumps" for more than a year. Railroad Commission set next month's allowable at 2,978,058 barrels daily. Number of producing days will be increased from 9 to 11. Last month production rose from its all time low of 8 days. Reason for the increase was not so much the disturbance in the oil producing Middle East, said one commissioner, as the fact that Texas had finally reduced its excess oil stocks to correct levels. Insurance Board Upheld— State Insurance Board finally scored a technical knock-out in

its prolonged bout with an Austin district judge. Texas Supreme Court ruled that Judge Charles O. Betts did not have authority to name V. F. Taylor receiver for insurance cases in his court. High court says the receiver must be the state liquidator appointed by the Insurance Board. Board had appointed C. H. Langdeau as state liquidator. Judge Betts said he did not regard Langdeau as acceptable. He named Taylor receiver for cases in his court. Supreme Court also ruled void Betts' action in raising salaries of liquidation attorneys working on cases in his court. Division of authority between the courts and Insurance Dept. over insurance company liquidation has been a source of dissension for years. 50-50 PLAN— State Highway Dept. will reimburse cities and counties half the court costs of securing land for state and U. S. Highway building. Up until last year costs of obtaining right of way were borne solely by local governments. Last Legislature passed a law authorizing the state to share the cost 50-50 with cities and counties. At first this was construed to mean the state would pay half the cost of purchasing the land. Now it has been expanded to include half of court costs and appraisers' fees. More Prison Cotton— An increase of 10.88 percent has been ordered in the Texas Prison System's cotton acreage allotment. Officials of the Texas system had been actively dissatisfied, contending the prison farms had been dealt a bigger than average cut. Less production means less money for operating the prisons, they pointed out, and hence greater cost to Texas taxpayers. On their behalf, the Texas Attorney General's Dept. appealed to the Agricultural Stabilization Committee and finally to federal court. Adjustment obtained will mean 384 more acres of prison cotton can be harvested. It'll save \$100,000 in tax money, prison officials estimate. City Tax Proposals— City officials are laying plans to ask the next Legislature to extend and adjust city taxing powers. Legislative committee of the League of Texas Municipalities has drawn up a two-pronged proposal to: 1. Allow cities to broaden their tax base and lighten the burden on property owners. 2. Substitute another tax to be collected at time of auto registration for the present "unworkable" property tax on cars. School Fund Fight— A rough and tumble time can be expected next year when lawmakers consider just how permanent the permanent school fund should be. Rep. Louis Dugas of Orange has announced he will introduce

a bill which would allow the state to use part of the revenue from school lands for current expenses instead of putting it all into the permanent fund. Dugas was author of a bill last session to divert 1 percent of the permanent fund each year to the available fund. State School Board and numerous other school officials have come out strongly against all moves to tap the schools' multi-million dollar endowment. They compare it to "eating the seed corn." Report On "Raily Days"— Texas Employment Commission's report for the first half of this year showed that 185,000 Texans received jobless benefits. Payments totaled \$38,164,378 for this period. Average claimant was eligible for 19.8 weeks of assistance, but drew for only 12.7 weeks. This proves that unemployment compensation serves as a rainy day tideover between jobs," commented TEC Chairman Maurice Acers, and not as a prolonged dole. Unemployment picture was still "rainy" in TEC's latest weekly report. Total of 74,734 persons, more than twice as many as a year ago, were receiving benefits. Mr. and Mrs. J. B. Riley, Jr. or Abilene have moved to Burk Burnett this week and established residence on North Ave. B. Mrs. Riley has just recently completed her senior year at Hardin Simons University and presented her senior piano recital Sunday, July 20th.

Tax Cut Sought On Expenditures To Better Home

Home owners will get an income tax "break" on home repairs, maintenance, and improvements if Congress enacts proposed legislation into law. Three bills, two before the House of Representatives, and one in the Senate, call for deductions of up to \$2,500 on expenditures exceeding 3 percent of adjusted gross income on home repairs, maintenance, alterations, and additions. This means that any expenditure made by the home owner to keep a house in good condition would actually cost less, since the new deduction would lower his income tax payment. For example, if a home owner decides to reroof his house and pays cash for the job, he would get part of the money back in his tax deduction that year. If he borrows the money, he gets an even greater cut in his tax since interest is deductible. One of the best types of loans for this purpose is an FHA home improvement loan. A new roof of asphalt shingles is authorized under one of these loans because it is a home improvement that betters living conditions. Some other benefits of the proposed legislation are: 1. A sturdier national economy resulting from the increased use of manpower in the production, distribution, and application of building materials. 2. Helping make it easier for the home owner to have a better place to live. 3. A healthier community, financially, as a result of increased business and labor activity. 4. Keeping up tax values of homes, and avoiding deteriorated neighborhoods.

Circle 2 WSCS Met With Mrs. Cauthorn

Circle 2 of the Womens Society of Christian Service met for their first circle meeting July 14th in the B. N. Cauthorn home. Mrs. Tom Harms, circle leader, opened the meeting and welcomed Mrs. G. D. Scruggs, president of our society and Mrs. Hunt of Missouri, a sister of Mrs. R. L. Gragg. Opening song, I Am Thine O Lord. Prayer by Mrs. Gragg.

Mrs. G. D. Scruggs brought the devotional from Psalm 67 and Romans 11: 12-15, and also brought a very interesting program on The World Federation of Methodist Women. She quoted, "To deepen among members of the womens societies the conviction that the kingdom of God will be realized as we believe, know and proclaim the message; to know Christ and to make Him known; to stimulate resolutions to pray and to give of our time"

WE GIVE *S.M.* GREEN STAMPS

Planning a family trip, if so, Thelma Wirges, County HD agent suggests you put aside the road maps and travel folders long enough to place valuable household papers in order.

Loss of a valuable paper from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one

of the best places for wills, stocks and bonds, insurance policies, family records of birth, marriage, citizenship, military service, deeds, promissory notes and other documents.

If you have valuable papers in a family file, at home, just let the file make a trip with you. HD club demonstrators have organized family files as part of their work. Some of these demonstrators are: Mesdames, J. G. Cheney, Ralph Swinford, Bee Bryant, Ralph Huggins, Ross Allen, Olen Baley, Sidney Smith, L. L. McHugh, J. W. Nicholson, J. H. Meyer, O. A. Melton, L. A. Markum, G. R. Belue and T. C. Adams.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up to date. One copy can be placed in the bank box and

the other kept at home. You will be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Include the number of each policy and the names and address of the agents. If you carry travelers checks, don't forget to make one or more lists of check numbers to be carried separately from the checks.

The Wichita County Foods and Nutrition Committee of which Mrs. L. L. McHugh is chairman, met this past week. They took a look at the food situation in Wichita County and made plans for educational work to help improve eating habits of the people.

There is plenty of milk in Texas and nobody ever outgrows the need for this important food. They studied facts revealed in the Home Demonstration study just completed in Texas. This study shows that too many are not getting enough milk daily.

According to the study, only 25% of the children under 20 drank the full four glasses recommended per day. Fifty percent had two to three glasses, 15% only one glass and 6 percent drank no milk at all.

Men drank more milk than the women interviewed. Fifty-six percent had the two glasses or more recommended for adults while only 40 percent of the women report drinking that much. Of even greater concern is the fact that 28 percent of the women and 23% of the men reported drinking no milk at all.

Children need milk to build bones and teeth. Older people too need milk for bones. Research has shown that one of the greatest problems after middle age is maintenance of good strong bones. Minerals in milk especially calcium help solve this problem. Also rich in high quality protein and vitamins, each calorie in milk is packed with nutrition. It is considered a basic need in diets for losing weight or for gaining weight.

There is plenty of milk in Texas. The foods and nutrition committee would like for you to take stock of your family's milk consumption habits. Use milk to help balance the budget as well as the diet. No other food gives more food value per dollar.

Make your meals better tasting and more nutritious by adding nonfat dry milk solids to the food, suggests Thelma Wirges, county HD agent.

For menu uses, you won't need to reconstitute the milk. Simply sift milk powder, 3 tablespoons for each cup of milk called for in the recipe, with the dry ingredients. Then use water instead of milk as the liquid.

When making yeast rolls, sift the milk powder with the flour, and use boiling water instead of scalded milk to dissolve the sugar, salt and shortening. Cool to luke warm before adding the dissolved yeast.

Use nonfat milk solids for making your own mixes. Use them for biscuits, waffles, pancakes gingerbread, cake and brownies. They can also be used in making cocoa.

Next time you have mashed potatoes, use a tablespoon of milk powder for every medium sized potato. Add it with the butter when you mash the potatoes. Then instead of using fluid use some of the hot potato water in which you cooked the potatoes.

To increase nutritional value

American forces were sent to Lebanon for one reason and one reason only, to preserve the independence of a strife torn nation. The action was taken on the appeal of the Lebanese government. It followed a tragic series of events in the Middle East, an area of the world that is crucial in the struggle to maintain freedom.

The armed forces of the United States have been committed. At the present time, no one can foresee the future clearly. But, whatever the future may hold in store for us, the American people will be united. We will make it clear to the aggressors that this country is determined to maintain freedom in the world.

Free men are capable of attaining the highest form of unity and of meeting any test, no matter how severe.

The cold war continues. The basic communist objective in this cold war is the isolation of the United States. The communists have made frightening progress during the thirteen years since the end of World War II. If they now succeed in their aim of isolating the United States, we will have lost the cold war.

And if we should lose the cold war, we will have lost just about everything that is important to us, except life itself, without a shot having been fired.

World trade is a potent weapon in the cold war between the free nations and the communist areas. In addition, the two way flow of trade between the United States and other countries vitally affects the economic well being of our people.

The Reciprocal Trade Agreements Program up for consideration in the Senate this week, was initiated in 1934 and has been extended at regular intervals since then. It is an important and necessary program, one of tremendous importance to the Nation and of particular importance to Texas.

Many jobs in Texas depend directly and indirectly, on the buying and selling of goods between the United States and other nations. These jobs are in industry, agriculture, in the important Texas ports, and in business organizations that sell products and services to Texans employed in foreign trade occupations.

The one purpose of the Reciprocal Trade Agreements Program is to increase the flow of commerce between the United States and other nations. It is based on the simple fact that if we are to be able to sell to other nations we must be prepared to buy from other nations.

The trade program works. The United States is now selling some twenty billion dollars' worth of goods annually to the rest of the world. And Texas, as a State where export-import trade is of great economic importance, has a very large stake in continuance of the Reciprocal Trade Agreements Program.

of gravies, white sauce and cream soups, use a quarter of a cup of milk solids with each cup of liquid. Add additional protein to custards, puddings, and cocoa by adding two tablespoons of milk solids to each cup of milk. For meat loaves and sausage mix half a cup of milk solids with every pound of meat. Adding milk solids when cooking is an easy way to help family members get more of the nutrients they need daily.

Persons who desire information or assistance in Social Security matters are invited to meet with the representative.

Mr. and Mrs. Delmar England and children have returned from a vacation spent in Indiana, Michigan, Canada and Ohio. While in Indiana they attended the England family reunion which is held each year in Bluffton, in Columbus, Ohio, they visited with Mr. and Mrs. Claude Gaines and Mr. Mrs. H. J. Meyer and family. Mrs. Gaines is the former Rosemary Meyer.

BOATING SAFETY TIPS

Small boat accidents are responsible for some 1,400 water fatalities each year, or more than one fifth of all annual drownings in this country.

These grim statistics were disclosed today by Ed Mongeon, Red Cross Director of Safety Services for 16 midwestern states, in a statement giving suggestions for preventing boating accidents.

Mongeon pointed out that there are now 7,100,000 small recreational boats on American inland and coastal waterways, with an estimated 35,000 devotees of the sport.

He said, Outboard motor boats are greatly in the majority of small crafts. The great popularity of the sport and resulting accident hazards turn many a weekend pleasure cruise into a tragedy.

Mongeon listed the following safety rules which can prevent most boating accidents.

1. Stay ashore in bad or threatening weather. Learn to recognize signs of storms so that when out in a boat, you can return in time when bad weather threatens.

2. Don't "over power" your boat. Many boats carry the Outboard boating club of America plate telling the maximum horse power the boat's outboard motor should have. If your boat does not have such a plate, consult a reliable marine dealer for the information before buying your outboard motor.

3. Don't overload your boat. One adult passenger to a seat is considered a good rule of thumb.

4. Avoid sudden or excessive bursts of speed.

5. When in trouble, think—Don't panic.

For the sake of boating safety Mongeon also listed the following points:

1. Know how to swim.

2. Before leaving shore, tell someone where you are going, and then stick to this cruise plan.

3. Provide a life preserver for every passenger. Insist that non-swimmers wear a life preserver when in your boat.

4. Equip your motor boat also with oars, an anchor and line, a fire extinguisher, a first aid kit, a whistle for signaling, and, if you go out at night, flares for signaling too.

Most boats will float when

News From The HD Agent

Now that children are home, the furnishings may be receiving more wear and more soiling. Grease and oily spots are more serious on synthetic fibers than on wool and cotton because grease, if not removed promptly will combine with the resin to form a dark spot which very likely will be remanent, according to Thelma Wirges, county HD agent. These dark spots often appear in front of TV sets where youngsters have munched and spilled potato chips, peanuts or buttered popcorn. These may be trod into the carpet then swept away in a vacuum cleaner but the oil lingers.

The agent suggests two simple formulas which will remove most stains caused by food spills. These will not set a stain, a calamity often results from haphazard attempts at spot removal.

The two tested remedies are:

1. A teaspoon of neutral soapless detergent mixed with 1-2 pint of lukewarm water.

2. A teaspoon of white vinegar mixed with three teaspoons of lukewarm water.

Apply directly to the stain with an eyedropper and sponge from the outer area inward with white unstarched cloth. Blot the area well. In the case of Formula 2, allow the mixture to remain on the stain about 15 minutes before blotting.

Where a dry cleaning fluid is recommended, caution should be exercised against using too much on latex-backed rugs since it has a tendency to deteriorate the rubber. (Carbon tetrachloride is very dangerous.)

swamped or capsized," Mongeon pointed out. Boat owners should look to their coats as a safety device, and if it is floating after an accident, by all means stay with it."

The American Red Cross has special small craft safety courses which are offered to all at no charge in the interest of public safety. These courses cover recommended methods of small craft handling and rules of the waterways. Boat owners are advised to contact their local Red Cross chapters for further information about the ARC Small Craft Program.

Auto Insurance Rates Advance Effective Aug. 1

The State Board of Insurance issues the following statement: "Automobile insurance rates for Texas will be raised effective August 1, 1958. These increases result directly from an increasing number of automobile collisions, higher costs of repair, larger medical costs and higher jury awards in actions for damages.

HELP ELECT **BILL BLAKLEY** LAWYER • RANCHER • BUSINESSMAN

The only candidate with first-hand experience and knowledge of the problems faced by Texas farmers and ranchers... a sincere friend to the farmer and the working man.

BILL BLAKLEY HAS A PRACTICAL PROGRAM... NOT EMPTY POLITICAL PROMISES. HE SAYS:

RURAL ELECTRIFICATION: "The Rural Electric Cooperatives have performed one of the greatest of all services to the rural people of Texas. This work must continue, and Congress must see that the REA Co-ops get all the electric power they need at low enough rates to supply the needs of the Farm and Ranch people of Texas."

FARM PRICE SUPPORTS: "I grew up on a farm and made a living as a cow hand before the day of 'windshield farmers.' Many times before and throughout this campaign I have said that farmers should have the right to make a living without government controls. But, until a way can be found to do it, the farmer must receive subsidies that will give him a return on his labor and investment that equals the rest of our American economy. This is now accomplished best with PRICE SUPPORTS, and they must continue until the government can set up a system that will enable farmers to finance production and marketing facilities of their own, controlled solely by them, making it possible for them to produce and market their products under the same business principles as other producers."

WATER and SOIL: "For over 40 years the soil and its problems have been a part of me, and I have been a part of the farm and ranch life of Texas. Soil and Water conservation in Texas are as vital to our economy and our way of life as the air we breathe. We have done much, but we must do tenfold more. And when we do it, let's do it in such a way that a man can build a tank or lake on his farm or ranch without a government permit, and be able to use the water without some bureaucrat telling him he has no right to it."

FINANCING and INTEREST RATES: "Few farmers and ranchers in Texas can borrow enough money at low enough interest rates and satisfactory terms to enable them to develop their farms and ranches so they can operate efficiently and profitably. Money at low interest rates is as vital to the farmers and ranchers as it is to any businessman or manufacturer. As your Senator, I will support the creation by Congress of a lending agency which would be in addition to the Federal Land Bank, the Intermediate Credit Bank, and other lending institutions. This agency would insure that any responsible farmer or rancher would be able to borrow the money he needs at reasonable rates."

Highway Patrol News

Highway Patrolmen investigated a total of 336 accidents during the first six months of 1958 in Wichita Falls substation area comprised of Archer, Clay, Montague and Wichita counties. Sgt. F. E. Webster announced today.

Of the above total, 9 were fatal accidents, 100 personal injury accidents and 226 property damage.

Sgt. Webster reported a total property damage of \$188,697 with 138 persons injured and 10 killed. This is the same number of accidents and decrease of 3 deaths for the same period last year.

Webster said the Patrolmen in his area contacted 7,877 drivers during this period for the following violations: DWI 49, Speeding 3,882, Improper Passing 291, Wrong Side of Road 190, Defective Equipment 1,664, Disregard Stop or Warning Sign 879, and all other violations 922.

During the vacation months, thousands of motorists are on the highways, and too many of them are intent on cramming as much activity as they can into one brief vacation," Sgt. Webster said. The result is often tragedy.

He cautioned vacationers to be on their guard against speeders, drinking drivers and drivers who disregard traffic laws. Traffic accidents take no vacation so to stay safe, step up your vigilance on the roads and slow down and live.

Sgt. Webster also urged all motorists to check the expiration date on their driver's license to see that it has not expired. Patrolmen in this area are going to increase their activity in regard to drivers' license checks.

If we could see ourselves as others see us we wouldn't believe our eyes.
