After Sept. 2 all reserved tickets not already taken will be put on sale on a first come first served basis. The first home game will be with Lake Worth Friday night, Sept. 5.

Electra Pastor To Hold Revival At Calvary Baptist

Rev. M. M. Griggs, pastor of Calvary Baptist Church of Electra, will begin a revival meeting with Calvary Baptist church of Burk Burnett Monday night, Sept. 1. The revival will continue through the week and close out following Sunday night, Sept. 7. Rev. Griggs was with this church in 1941 in one of the most successful revivals Calvary has ever had. He is an outstanding bible student and a much demand all over the country as an evangelist and teacher. A big bible chart will be in use each night to set out God's prophetic plan through the ages and how these will culminate in the future. This will not be a dry as dust because Bro. Griggs preaches with spiritual power and persuasion. Remember the starting date, Monday night, Sept. 1st. You can see more about this in a later issue of this paper. Ray C. Morrow, pastor

Former Burk Man New Commissioner In Odessa, Texas

A 69 vote margin Saturday put Norman Maney into office as commissioner of precinct four, Odessa, Texas. Maney, a local insurance salesman, polled 489 votes to beat out his opponent, E. B. (Butch) Caudle, who drew 420 votes in the run-off election. The 30 year old former Marine led a field of five candidates in the first primary, leading Caudle in that race by 65 votes. Maney has lived in Odessa for the past eight years. He is a salesman for American Hospital and Life Insurance Co. Maney, his wife and three children live at 1330 Boatright, Odessa. He is the son of Mr. and Mrs. H. D. Maney of Burk Burnett.

'Janlee' Trade Name Robertson Dairy

Gene Robertson, Burk Burnett, has been given the exclusive use of the name "Janlee" as a herd name in registering his purebred Holstein-Friesian cattle. This prefix name is granted and will be recorded by The Holstein-Friesian Association of America. Over 1050 prefixes were reserved for breeders in 1957.

New Books for First Baptist Library

The following ladies made a business trip to Dallas Monday to purchase some new books for the First Baptist Church Library: Mesdames A. H. Lohofener, Jimmy Johnson, Tom Holman and Misses Linda Holman and Beverly Inlow.

Card Of Thanks

WITH DEEPEST GRATITUDE we extend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends. Your kindnesses have meant much to us. Mrs. T. A. McDonald and family. 51-1tp

Mr. and Mrs. Don Brookman and daughters Debbie and Kathy have recently moved to Burk. Mr. Brookman has been employed in Houston for an Import and Export establishment. Don is now employed in Wichita Falls as bookkeeper for the Texas Grain and Elevator Co. Mrs. Brookman is employed with the Kruger Jewelry, also of Wichita Falls. They reside at 510 Magnolia St.

Mr. John T. Greer, of Preston St., was admitted to Wichita General Hospital Monday following a heart attack. He is reported resting comfortably at the present time.

I. C. EVANS Superintendent of All Burk Schools

Mr. I. C. Evans spent his early life down in the Free State of Montague County. He arrived there shortly after the Indians had taken off across Red River. He was rounded up and sent to the Nocona Public Schools and became interested in a rough and tumble game of football. He stayed in school to play this rough game and finally was graduated. He looked around to try and find out how to earn some money. Picking cotton was not a very pleasant way and quickly changed his mind about working. He took off to Rice to continue playing football. After two years he moved over to the University of Texas and finished his Bachelor of Arts Degree. He later graduated from North Texas State College with a M. A. Degree in Education Administration.

He became interested in working with boys and started coaching in High School. He spent some eleven years in Rural schools working with basketball, 4-H Clubs and Interscholastic League Activities. He and Mrs. Evans moved to Burk Burnett in 1942, and continued in that position for 16 years as Grade School Principal. Mr. Evans has been very active in church and Boy Scout work as a guide to good living for any boy and most older boys with long chin whiskers. He has served as President of the local Rotary Club and has accumulated 15 years of perfect attendance.

Mr. Evans was elected to the Superintendentcy of Burk Burnett Public Schools July 1, 1958. He has been very busy the last two months trying to have everything in readiness for an increased enrollment in our schools.

GOWAN RITES SLATED THURS.

Funeral services for Robert E. Gowan, 63, Burk Burnett resident who died in a Wichita Falls hospital Tuesday, are scheduled for 2 p. m. Thursday from the First Methodist Church in Bellevue, Texas.

Rev. Aaron F. Barling, pastor will officiate. He had lived in Burk Burnett for the past 10 years. He moved to Burk Burnett from Bellevue. Gowan was employed as an engineer at Sheppard Air Force Base. The World War I veteran was a member of the Methodist Church, and a member of the Burk Burnett Masonic Lodge.

Survivors include his stepmother, Mrs. Fannie Gowan of Bellevue; three brothers, L. B. Gowan and C. E. Gowan, both of Fort Worth and Edd Gowan of 3004 Speedway, Wichita Falls; two sisters, Mrs. E. R. White of San Bernardino, Calif., and Mrs. Kelvin Kirsch of Alhambra, Calif., a niece and 3 nephews.

Burial will be in Bellevue cemetery under direction of Owens and Brumley Funeral Home. Pallbearers include Jack Alexander, J. W. Shaffer, Jim Johnson, J. E. Larson, Tom O'Brien and V. J. Kennedy. Honorary pallbearers will be members of the Burk Burnett American Legion Post.

Keith Miller at Concordia College

The office of Admissions at Concordia College, Austin, Texas, has announced that Keith Miller has been accepted as a student for the coming school year. Mr. Miller is the son of Mr. and Mrs. M. F. Miller of 301 Holly.

Mr. Miller will enroll as a freshman ministerial student at the Austin college. Call JO 9-2191 For All Printing

Roy L. Silkwood Principal of High School

Mr. Roy L. Silkwood is a transplanted Okie. He spent his early boyhood days roaming the big pasture on the north bank of Red River. He attended High School at Hastings, Oklahoma, and had to work hard in trying to receive better school marks than his twin brother, Ray. He finished High School at Hastings with flying colors, and took off to Central State College at Edmond, Okla. He achieved an outstanding record in College and received his Bachelor of Arts Degree from Central State. He hit the trail into teaching at Terrell, Oklahoma. He was very ambitious and started to work on his Master's Degree from the University of Oklahoma. He received his Masters Degree in '55 after he had moved south of the raging Red River.

Mr. Silkwood has been at Burk Burnett as High School Principal for four years and has done a very satisfactory job. He is extremely popular with the boys and girls. He has been very active in organizing our local Student Council and in promoting student government. He also lends a very melodious voice to the choir of the First Methodist Church.

He is a World War II and Korean Veteran. We are happy to have him in our school system and look for a great work from him in the future.

Final Baseball Game Tonight

Junior League baseball in Burk Burnett will end the season here Thursday night with a game between the champions, Owen's Gassers, vs. the All-Stars. The All-Star team will be made up of players selected by managers of the other league teams.

The game will begin at 7:30 p. m. at Lions Club Park, near rodeo stadium. Everybody is invited. It should be a humdinger.

Notice To New Students

All students with the exception of first grade, entering Burk Burnett Schools for the first time are urged to enroll during the week of August 18th through 22nd. High School students will enroll in the High School Building with Mr. Silkwood; Jr. High Students in the Jr. High building with Mr. Simonson; Primary and Grade School Students will enroll in the Hardin Grade School building with Mr. Pearson.

Each Principal will be in his respective building beginning Monday, August 18th. First grade students will need to register during this time if they have moved into this district after February 1, 1958.

Let's Give Credit Where Credit Due

Last week's article about Alexander's Junior League baseball team was quite mixed up. Some lines were misplaced, which made the meaning anything but clear. In the first place Carl Payne did not pitch. He was catching behind the plate for the winners. DeWayne Varner pitched his first no-hit, no-run game. The score was correct. Alexander 5, Methodist 0.

Town to Close Mon., Sept. 1st

Monday, September 1 is a holiday in Burk Burnett. All businesses will be closed for the Labor Day holiday. Many persons are planning trips for the long week end.

Little League Football Notice

Little League football players will buy their uniforms Saturday. The boys are divided into two groups. 10 years old, 75 lbs. and under. 11 to 13 years old, not over 100 lbs. The latter group of boys must be in the 7th grade or under. A lot more boys can be taken care of, according to Don Moore, head coach. Moore also needs the help of several more men to coach the various teams.

FATHER-SON BASEBALL GAME FRIDAY, 6 P. M.

All fathers and their sons who are interested in playing in the father-son baseball game Friday, are requested to meet at the local ball park at 6:00 p. m. There will be a barbecue supper at the City Park at 7:30 p. m. immediately following the ball game.

Last Rites Will Be Thurs. (Today) For Cyclone Willis

Funeral services will be conducted Thursday afternoon (today) at 2:30 p. m. in the Owens and Brumley Chapel for Mr. A. L. (Cyclone) Willis, 89, who died at his home Tuesday afternoon following a heart attack. Rev. Marion Baker, pastor of the Thrift Baptist Church, will officiate. Interment will be in Burk Cemetery.

Mr. Willis was born Nov. 9th, 1868 at Valley Springs, Ark. He homesteaded a place south of Randlett in 1907. He has resided in Burk Burnett about fifteen years. His wife preceded him in death several years ago. Mr. Willis was the last of 14 children in his family. Survivors include 15 nieces and nephews. Pallbearers will be C. H. Tollett, R. M. Mayes, Bill Bumpas, L. O. Hoffman, Ralph England, Sr., O. B. Wofford.

First Football Game Sept. 5th

The first football game of the season will be played against Lake Worth here Friday night, Sept. 5. Lake Worth is a large school, just barely under Class AAA.

Twelve lettermen returned to the Lake Worth team, six of them regular starters. Not much else is known of the team at this time.

The Bulldogs will field a scrappy little team. Some of the positions vacated by last year's seniors will be hard to fill. Competition is the only yardstick by which this year's team can be measured.

NOTICE

Members of the Christmas Street Decoration Committee are requested to meet Friday night, August 29th, 7:30 p. m. in the City Managers office. Mrs. John Brookman is chairman of the committee. Other members are Mesdames P. A. Carpenter, Ollie Ratliff, Harry Dodson, A. R. Hill, and Messrs H. A. Mills, J. F. Deckard, Russell Duvall and A. W. Newman.

Mr. and Mrs. H. W. Fowler and Dan and Mr. and Mrs. Delbert Childress attended funeral services Tuesday in Azle, Texas, for Mr. Fowler's father, Mr. F. M. Fowler. Mr. Fowler died Sunday following a long illness.

Schools to Open Tues., Sept. 2nd

Doors to all schools in Burk Burnett will swing open for the 1958-59 term Tuesday morning, September 2. Hours to be observed for each day are listed in another column on this page. Superintendent I. C. Evans announces all teaching positions are filled, an unusual circumstance for most schools on opening day.

McDonald Rites Were Monday

Thomas A. McDonald, 67 year old Burk Burnett carpenter, died Saturday morning in a Wichita Falls hospital. McDonald was admitted earlier this month following a heart attack.

A resident of Burk Burnett since 1929, he was actively employed prior to hospitalization. He was born May 29, 1891, in McKinney, Texas. Survivors include his wife, Mrs. Mary McDonald, Burk Burnett; two sons, W. L. of Dallas, and Dr. D. D. McDonald, Longview; two daughters, Mrs. Carrie Boustani, Los Angeles, Calif., and Mrs. M. W. Oualine, Olney; two brothers, Earl of Amarillo, and Tony McDonald, Decatur; three sisters, Mrs. Lucy Hunter, Lawton, Okla.; Mrs. Spencer Hogan, Burlington, and Mrs. D. L. Averitt, Decatur and nine grandchildren.

Funeral services were held at 3:00 p. m. Monday at Owens-Brumley Funeral Home Chapel with the minister of the Church of Christ, Herbert Smith officiating. Burial was in Burk Burnett Cemetery. Pallbearers were Joe Bryant, Dave McNeill, A. W. Willford, John Rogers, Joe Dodson and J. W. Shaffer.

TENNIS NEWS

Buddy Preston, J. M. Dodd, and Doris Sites won titles in the City Tennis tournament which is still in progress. Monday Dodd and Preston nipped James and Kenneth Estes 2-6, 6-3, 6-4 to capture the men's doubles title.

Doris Sites defeated Janice Martin to win the girls' singles championship. Wednesday afternoon, top seeded netter Ken Estes seeded Preston for the men's singles crown. Estes advanced to the finals with a 6-1, 6-1 win over Donald Redman. Preston barely escaped an upset when he tripped Jon Evans 4-6, 6-1.

Mixed doubles began here Thursday afternoon in the tournament, which is sponsored by Preston Dairy. Entrants include: Roy Silkwood and Ethlene Johnson, James Estes and Jo Ellen Nichols, Donald Redman and Delores Culpepper, Buddy Preston and Cherry Baker and Kenneth Estes and Doris Sites.

LIONS CLUB

Town Hall Each Tuesday 7:00 P. M.

Russell Duvall was welcomed as a Baby Lion. Revis Wooten, in charge of the program, presented Lion A. W. Newman who demonstrated the use of a new Stephenson resuscitator which the Fire Dept. plans to buy from contributions. The machine works on the same principle as an iron lung. Air is forced into the lungs and withdrawn, even when the patient is unconscious and not breathing. In using an inhalator, the patient must be breathing, or artificial respiration must be given for it to be effective. After seeing the demonstration, the club pledged \$50.00 toward its purchase. Other clubs and individuals will be asked to contribute to a fund to purchase the new equipment.

Next week Joe Wolfe will be responsible for the program. Mrs. Etta Lawson left Tuesday to spend a few days with relatives in Childress. Mrs. Lawson makes here home here with her sister, Mr. and Mrs. Dick Chambers.

Grass Roots Opinion

WEST UNION, W. VA., RECORD: "The nation's 'help', a total of eight million workers at the Federal, State and local level are costing us in the neighborhood of 30 billion a year, says the Tax Foundation, Inc. If we add our uniformed defenders, the ticket is approximately \$40 billion!"

"The most rapid increase has been in the state and local payroll which has multiplied four times in the past 18 years and now totals \$19 billion a year. No wonder 'hired help' at home is out of the question any more."

ABILENE, KANS., DAILY REFLECTOR-CHRONICLE: "Tito and the Kremlin are quarreling again. As Irvin S. Cobb said on hearing that his despotic city editor was ill, we hope it is nothing trivial."

HARLEM, MONTANA, NEWS: "Does your son drive, or is he about to start? Perhaps there are questions in your mind about young men at the wheel. The insurance industry and state traffic officials have studied this problem for years and following are some answers which might be of interest."

"Young men under 25 as a group rate as the country's worst drivers—Make your son understand that a mature attitude in driving is the most important part of safety. And teach him that responsibility on the highway separates the men from the boys."

ST. JOHNS, ARIZ., INDEPENDENT-NEWS: "The fact is that no matter how many trucks we put on our highways, how many new roads we build, our country could not function a week without the long thin lines of steel crisscrossing America and the hundreds of thousands of cars carrying people and freight to every corner of the continent. More than 70 percent of all the railroad mileage in the world is in the United States and Canada. Railroads are more responsible for our way of life and standard of living than any other one part of our economy."

George Can't Do It

At his first press conference in five weeks, President Eisenhower predicted, in answer to a question about his plans to curb inflation, that unless management and labor held profits and wages in check, the American consumer is going to rebel, in a big way and there will be real trouble and we will get something that we don't want. Government, whose job is "to keep down expenses," is equally concerned, he said.

Most Americans, we think, were under the impression that there had been something of a rebellion in recent months—even by those who were seeking higher wages at the same time, and that we have had in the recession, something that we don't want. However, perhaps shoppers have not yet rebelled in a big way; maybe we haven't yet seen any real trouble; and most of us realize that a full blown depression is something we want even less than what we have had.

But we fail to see where Government is making a reasonable effort to check a headlong decline in the worth of our folding. Government has continued its long discredited policy of massive largesse to friend and foe, has reiterated its demand for extended reciprocal trade, that has been more disastrous than reciprocal.

Government has rejected all efforts at tax reforms that would stimulate business by restoring warning incentive to workers, managers and investors. Government has made no sincere effort to curb its own extravagance, eliminate duplication and useless activities, to remove itself from highly uneconomic competition of taxpaying business.

On the contrary, Government has steadily added new functions, agencies, commissions and personnel. It has sought to strengthen the grip of unions on the economy and to further harass management. The budget deficit for the current year is estimated at \$12 billion. The House has approved increasing the "permanent" debt ceiling to \$285 billion and authorized a further temporary boost to \$288 billion until June 30, 1960. The Senate will no doubt follow suit.

While the President named management and labor as co-equally responsible with the Government for the existing situation and the threat to our economic future, it is actually the people, all the people—whether classified as labor or management or capital or professional or housewives or students—who have failed in their job of making democracy work. Political interest has flared up quadrennially, only to be quenched by campaign promises. There has been no follow through on those promises. Honest legislators and high minded administrators found themselves without support after the votes were counted.

Today, leaders in all walks of life and notably in business—are determined to rouse the people, not rebel (as the President fears they may) but to rise in their sacred duty and accept their part in the management of their country. It is the 11 hour But it still may not be too late.

GETTING THE GLADHAND IN THE BIG CITY BANK, AS THE MONEY GOES IN!

POOR BIRDWELL... IT'S A DIFFERENT STORY WHEN HE NEEDS A FEW BUCKS!

Cover to Cover Readers

From the Zelmont, Ohio, Chronicle:

"A strong voice of approval for advertising in weekly newspapers spoke out recently at a Milwaukee Press Ass'n meeting."

According to a front page article in The Publisher's Auxiliary, Alan R. McGinnis, chairman of the board of a Milwaukee advertising agency, stated: "It is my opinion, although not officially documented, that subscribers of weekly newspapers will come closer to being cover-to-cover readers than any other print medium available."

"I don't subscribe to the thought that the way to get maximum return on the client dollar is necessarily that of buying as much circulation as possible."

"Along with the obvious advantage of reasonable column rates, is the fact that a full page ad in a weekly will hit the reader's eye like a rocket burst and he will remember that advertiser's name and product because it is not buried in forty or fifty pages of newspapers."

In The Light Of Fact

Communist propaganda argues that capitalism ruthlessly exploits workers.

It's interesting to evaluate that in the light of irrefutable facts.

Last year, according to the American Economic Foundation, about \$328.4 billion was paid out to the American people, not counting social security and pensions.

Here's how all that money was divided. The lion's, 75.1 percent, went to employees of enterprises and organizations. The next biggest share, 12.3 percent, was earned by people who worked for themselves—farmers, professional men and women etc. Then 5.7 percent was paid in interest; 3.7 percent went to stockholders whose savings are invested in corporations, and the remainder, 3.2 percent, went to property owners in the form of rent.

Adding the figures up, we find that 87.4 percent of all the money distributed amounted to payments for working, as against 12.6 percent which amounted to payments for the use of savings. And these two categories are not separate entities. To a very great extent, they consist of the same people. About 10 million of us are stock owners. Some 21 million have savings accounts and 100 million have life insurance policies, and many millions have properties which they rent. These all share in payments made for the use of savings. If this is capitalist exploitation the whole world needs massive doses of it.

The parking problem has spawned a multimillion dollar business, says Newsweek. Last year alone, investors spent \$4,750,000 on parking garages of various kinds.

Elliott Family Holds Reunion Recently At Cedarbrook Inn, Cal.

Mr. and Mrs. T. C. Shaw and family, Mr. and Mrs. Harry Elliott and family, Mr. and Mrs. Otto Elliott and family, and Mr. Herbert Lawson of Burkburnett, Mr. and Mrs. C. J. Elliott of Devol, and Darlene Rallins of Randlett, have returned home from the annual reunion of the Elliott family, held at Cedarbrook Inn in the high Sierras, near Fresno, California.

The majority of "kinfolk" journeyed to Cedarbrook from California cities while others came from Texas, Oklahoma, and New Mexico.

Three of the Elliott brothers are residents of Madera, Calif. and attended the reunion with their families. A brother and sister came from Burkburnett, a sister from Artesia, N. M. and another brother from the original home in Devol, was also present.

The bulk of the relatives at the family gathering were cousins from such California towns as Tracy, Santa Maria, Santa Clara, Sunnyvale, Fresno, Chowchilla, Santa Rita Park, Laytonville, Santa Rose and Los Angeles. There were 62 in all.

Cedarbrook Inn, where the reunion took place, is a historic landmark on the old road into Yosemite National Park and was once an overnight stopping place for stage coaches entering the park.

This is the first of a series weekly articles I will publish under this heading. My objective is to help you become better acquainted

with your insurance and extension changes that have been taking place in this field. Each article will be informative and as simple as possible. If the points I bring out are clear feel free to call even though I may not be your insurance advisor. The most important thing to ways keep in mind. . . . Insurance does not cost. It pays . . . And, it will ways pay you to call agency.

MOLLIE R. ELLIOTT

The Daisy Club met Aug. 19th with Mrs. Wes Beard. Meeting was called to order by the president. The hostess then introduced Mr. Douglas Morris, Vocational Agriculture instructor of Big Pasture High School, who made an interesting and instructive talk on a 1958 survey of Oklahoma Farm operators.

A lesson on time saving meals was led by Mrs. Kirkpatrick. She also gave a demonstration on an electric skillet meal.

It was decided that Red Cross classes will be conducted on Tuesday, Sept. 9th, Thursday, Sept. 11, Tues., Sept. 16 and Thurs., Sept. 18, from 7:30 to 10 p. m. at the high school auditorium. These classes are free and are open to all, men, women, boys and girls. The Daisy Club secretary, Mrs. B. B. Menz, has the text books which are 75c each. It was voted that the club donate two dollars to the fair bazaar instead of an article of like value. An assortment of canned goods was judged by members and selections made for our booth at the fair. One new member was added to the club roster, Mrs. Douglas Morris. White elephant prize was drawn by Mrs. C. B. Ressel.

Cake and punch were served to the members and guests: Mesdames Betty Vache, B. B. Menz, C. H. Thompson, Paul Hooper, Nemie Wilkenson, C. B. Ressel, R. Underwood, J. C. Goode, T. A. Kinnard, W. R. Baldwin, N. R. Kirkpatrick, Blanche Solomon, Jimmie Kinnard, F. E. Eastman, Fletcher Baber, W. T. Texas-Oklahoma Fair Selects Hereford Judge

The officials of the Texas-
Oklahoma Fair have reached a
unanimous decision on who is
qualified to be the Hereford
Judge at the 30th anniversary
Fair in Iowa Park. Mr. W. T.
Berry, head of the A-M Animal
Husbandry program, has been
selected. Born in Chillicothe, Mr.
Berry was selected not because
of his previous experience, but
for his outstanding personality
as well. Besides having numer-
ous degrees, he was in Military
Service from 1942-1946 serving
in Australia, New Guinea, the
Philippines and Japan. Present-
ly he is serving as Lt. Col. in
the Air Force Reserve.

Mr. Berry will judge the Blue
Ribbon Herefords Wednesday,
Sept. 24th at 9:00 a. m. and
Thursday at 9:30 he'll judge the
Junior Livestock Beef Division.

Your New Social Security

Erton F. Tate, district man-
ager of the Wichita Falls office
of the Social Security Admin-
istration, noted today that men
over 65 years of age and women
over 62 years of age who earn
less than \$2080.01 during the
year may be losing social se-
curity payments.

Tate stated that most every-
one knows that he can receive
a check every month of the year
if he does not earn over \$1200.
Many, however, do not realize
they are entitled to a check for
at least one month even if they
work every month and do not
earn more than \$2080 during
the course of a year. Moreover,
they can receive a check for any
month in which they do not
work for wages of more than
\$80, or do not render substan-
tial services in self-employment.
Benefits also are payable after
an eligible individual reaches
age 72 regardless of the amount
of his earnings.

Tate added that if you are
over retirement age and earn
less than \$2080.01 per year as
an employee or from self-emp-
loyment, be sure to contact
your district office of the social
Security Administration.

Prison Rodeo Will Feature TV, Film Stars

There's always something new
at the Texas Prison Rodeo and
the out of this world presenta-
tion for the 27th Annual event
will be the personal appearance
of four of the nation's best
known western television stars.

H. H. Coffield of Rockdale,
chairman of the Texas Board of
Corrections, announced that
Richard Boone, star of "Have
Gun Will Travel," Dale Robert-
son of "Tales of Wells Fargo";
Ward Bond of "Wagon Train";
and Robert Culp, star of "Track-
down" will make personal ben-
efit appearances on successive
Sundays in the prison's million
dollar stadium in Huntsville.

Primarily, these TV personal-
ities were engaged to boost tick-
et sales for this unusual enter-
tainment feature, which in turn
will swell the prisoners' welfare
fund to aid 10,500 inmates of
the Texas Dept. of Corrections.

It is our opinion, declared
Chairman Coffield, that the ad-
dition of these top flight stars
to the Prison Rodeo will serve
a dual purpose.

First of all, thousands of ro-
deo fans will be given an oppor-
tunity to meet these stars in
person. Secondly, inmates at-
tending the rodeo will get an
added thrill of another enter-
tainment facility, all of which
amounts to the development of
a well rounded prison rehabilita-
tion program.

The need for additional wel-
fare funds was pointed out by
Coffield which he said was due
to the unusual growth of the
Texas penal system.

Coffield also reminds citizens
of Texas that since the Legis-
lature does not appropriate
funds for inmate welfare work,
net proceeds from the Annual
Prison Rodeo is the only way
inmates can receive a host of
services not provided by the
State.

Prison rodeo officials urge
those who plan to attend any
one of the four shows each Sun-
day in October to order reserv-
ed seats now. Tickets are \$2.40
and \$4.40 each and may be ob-
tained by writing Prison Rodeo
Ticket Office, Huntsville, Texas,
enclosing check or money order.

Do Not Shoot More Than Ten Doves Per Day

Don't be confused, it may cost
you a fine for killing too many
doves, according to the director
of law enforcement of the Game
and Fish Commission. The North
Zone season opens Sept. 1st.

This years hunting regulations
approved by the U. S. Fish and
Wildlife Service, permits a pos-
session limit of 20 birds after
the first day. This does not
mean, the director warns that
a hunter can go out and kill 20
birds in one day and get by with
it.

The daily limit is still 10 birds.
However, after the first day a
hunter may have two days' pos-
session, provided he does not
have them on his person or in
a manner to indicate they were
all killed on the same day.

The dove is a migratory bird
and as such comes under final
federal control, the chief says.
This year the possession limit
has been modified as well as
the season lengthened. A good
dove crop indicated early this
year is responsible.

The chief also warned that
new licenses must be obtained
before hunting Sept. 1st. These
licenses are required for all
hunters between the ages of 17
and 65 who hunt out of their
own county. The new licenses
will be available next week
from game wardens, sporting
goods stores and county clerks.

New fishing licenses also will
be required at the same time.

Director Pleads For Auto Safety

Col. Homer Garrison, Jr., di-
rector of the Texas Dept. of
Public Safety, made a personal
appeal to Texas motorists today
urging them to join an all out
attempt to make Labor Day a
historical event free of traffic
deaths.

In his statement, Garrison
said that he was talking person-
ally to each driver when he asked
them to join the DPS, Gov.
Price Daniel, and business and
civic organizations throughout
the state in a drive to make La-
bor Day a yet unobtained death-
less holiday. He said such a traf-
fic record for a holiday in Texas
would be recorded in the history
books.

I would like for every driver
to realize that his chance of be-
coming a motorcade this holi-
day is greater than he would
imagine. On an average through-
out the 72-hour Labor Day peri-
od, we estimate that one fatal-
ity will occur in Texas every two
and half hours; a traffic accident
will occur every two and a half
minutes. This will be the rate of
our accident and fatalities if re-
cords of past holidays hold true.

Traffic accidents are general-
ly regarded as happening to the
other motorist; a person never
considers that he may become
the victim. But that time does
come the instant before the im-
pact of the tragedy.

His advice was to drive at
speeds which you know are safe
and to avoid situations that
place you in conflict with pe-
destrians and other vehicles.

 DISTRICT 81, PLACE 2

T. Lewis Jones, prominent Dallas civic leader and a long time Bell Telephone executive is the founder of a new, non-profit, self-supporting association for the benefit of older people. The organization will be known as Senior Universal with headquarters in Dallas, Texas, and will have local clubs throughout the nation.

Dallas civic leader T. Lewis Jones, a long time executive of the Southwestern Bell Telephone Co., officially announced Saturday the organization of Senior Universal, a non profit, self supporting association for the benefit of older citizens throughout the nation. Headquarters for the new organization, which will provide activities for persons already retired or planning to retire, will be maintained in Dallas at the Interurban building.

Mr. Jones, who will serve as president of Senior Universal, has contributed extensive time and service to the field of aging. He is a member of the Texas Social Welfare Association, has been active in Community Chest work for many years and is presently chairman of the Division on Aging of the Council of Social Agencies of Dallas. He also serves as a member of the advisory board of directors for both the E. D. Farmer Foundation for the Aging and for Hospitality House, Dallas' day center for older people. He is a charter member of the Texas Gerontological Society.

With more than 14 million people in the United States now over 65, and with this number increasing daily, Jones said Saturday, no longer can we ignore the fact that this nation desperately needs an organization designed to revitalize the lives of the millions who are still useful to business, industry and to themselves as well. He said that with people living longer, the time has come when society must remember, and not forget, the vast throngs of older persons who are finding nothing but time on their hands.

Small Eggs Are Most Economical Egg Buy

Small size eggs at this time of the year are usually the most economical egg buy. Hens hatched last spring are now coming into production, says B. T. Haws, county agent, and the first eggs they lay are small.

The seasonal increase in the number of small eggs can mean a price advantage to the family food shopper, points out the county agent. Allowing for the difference in weight, the smaller eggs offer as much food value as the large ones. Small eggs weigh about a fourth less than large eggs and Haws says the price spread between sizes is the guide to a good buy. If the price spread between large and small eggs is as much as 15c the small size is the economical buy.

Small eggs have other advantages, according to Haws. They suit small serving needs, as for young children, invalids or adults who prefer a small egg. Too, the small eggs have special appetite appeal when used in salads or cold plates.

The food value of the small egg adjusted for weight, is equal to that in other eggs. Because of the large number of pullets now coming into production, the agent says the supply of small eggs will be larger this fall than last year. The price spread adds Haws, is already wide enough to make the small eggs a top food buy.

News From The County Agent

Twenty-six Wichita County 4-H boys and girls purchased chicks this week to feed for the Dallas Fair. The boys and girls that will feed for Dallas are: Olen Baley, William Morton, Garland Weeks, Larry Bartosh, Larry Cullley, Charles Findley, Dickie Findley, Garland Lehman, Pat Pruitt, Sonny Bentley, Karen Bentley, Richard Cooper, Mike Ray, Chas. May, Danny Caroland, J. M. O'Steen, Linton Lowrance, Edward Pennartz, Patricia Pennartz, Janice Pennartz, Bob Pennartz, Lawrence Pennartz, and Linda Baley.

31 Wichita County boys and girls are feeding broilers for the Texas-Oklahoma Fair at Iowa Park on Sept. 22-29.

Most of Texas has had a good pasture year, but winter pastures will be needed to supply green grazing when the summer grasses are dormant, reminds B. T. Haws, County agent. A soil test is a good starting point for planning the winter pasture program.

If you made a list of the killers around your home, you would be amazed: Insecticides and other poisonous chemicals stored within a child's reach can bring tragedy. Statistics prove this point. Two out of every 100 persons die each year from accidental poisoning. Of this number, every fourth person is between the age of 1 and 5 years.

Start with the medicine chest. Keep it locked or make certain it is high enough to keep children out. Label all bottles and material stored there.

Keep cosmetics, soaps, bleaches, polishes and cleaning agents out of reach of small children.

During the summer eight Wichita County 4-H boys have been making their farms and homes safer places in which to live. Under the leadership of Garland Weeks, Safety chairman of the Wichita County 4-H Clubs, these boys made a survey of their homes and farms to see what safety hazards they could find. They found 25 very severe hazards in addition to many minor ones such as broken glass, rusty nails and loose wire, that are common on most farms whose owners are not safety conscious. On one farm they found the rain gutters on the barn loose and hanging, creating a hazard for people or livestock. At another place large dangerous nails were sticking from the side of a farm building. They found electric wires low enough that people might run into them. A sunshade to a chicken house was falling down creating a safety hazard, as well as making the farmstead look unkempt.

The boys found enough hazards to remove that it kept them busy during their spare time almost all summer. Garland thought that they could do a better job by working together, so the removal of these hazards has become a cooperative affair. They all go to one boy's home and do all the repair work needed there and then go on to the next place.

News From The HD Agent

Mrs. Joe Sloma, Kitchen demonstrator for the Hardin HD club has just completed her work for the year. After carefully making plans Mrs. Sloma completely remodeled her kitchen. She not only made it easy to look at, but also made it easy to use.

Mrs. Sloma began her work with a new color scheme. Since she had a new blue floor covering, this served as the key. She decided on the use of the three primary colors. The main color selected was yellow, blue was used in lesser amount and just a touch of red was added. New curtains with these three colors in the print tie the room together, giving it an entirely new look. It now lifts the spirit, and adds light, beauty and cheer. It makes you whistle while you work.

While changing the color scheme, the walls and woodwork had to be completely changed. Since the woodwork has been a dark color, making it natural was no easy job. Where possible Mrs. Sloma turned the boards. She removed paint from the others. Today no one would guess they had ever been anything but natural.

When Mrs. Sloma reached the cabinets, arrangement and storage became important. As well as adding one new cabinet, Mrs. Sloma arranged what she had, to save time, stooping, stretching and steps. To do this, she added hanging shelves, removable shelves, step shelves, cutlery racks, spice racks, drawer divider, tray slides, towel racks and made bins into drawers.

The Hardin club is planning a special meeting for the members to visit this outstanding result demonstration. If you are planning work in your kitchen, a visit to the Sloma home could be most helpful.

One hundred home demonstration club women attended the annual day camp last week. Mrs. Jack Marshall, camp chairman, presided.

Activities for the day included games, songs, crafts, skits and a demonstration. Garland Weeks and Jerry Lamb, 4-H boys gave a safety demonstration.

Committee members planning the day were Mrs. Jack Marshall, Mrs. W. P. Wyatt and Mrs. James Litteken.

Planning A Control Program For Mice Is Recommended

Rats and mice are the only animal in the world that are both harmful and useless to mankind. Most anyone would agree that these pests should be controlled as they destroy food, damage buildings, ruin home furnishings, and carry both human and domestic animal diseases.

White control is often a problem, there are some fundamental things to remember when planning a control program. These are:

1. Use traps in the house and chemically treated bait in the barn.
2. Clean up old junk piles, trash heaps, stacks of old boards and anything else that might offer protection and shelter.
3. If rats and mice enter a building through a hole, close it and keep it closed.
4. Watch for new rats and mice and go to work on them immediately.
5. Get plenty of bait and never let the bait feeders stand empty.

Remember, these rodents do not thrive in clean, neat premises. Ask your local county agent for the available information on controlling these pests.

Meadowlane Club Met Aug. 5th With Mrs. Joe Davey

The August meeting of the Meadowlane Garden Club was held Tuesday, Aug. 5th in the home of Mrs. Joe Davey. New year books were distributed and the meeting opened with the Club Collect. The roll call was answered with naming a plant you intend to plant in the next year.

Vice president, Allyne Landrum, presided over the business. Plans were made for a breakfast which will be Sept. 9th. White elephant sale was postponed until Oct. 7th.

For the program, Betty Mills introduced Mrs. Jimmy Johnson and Mrs. Ray Mills. Mrs. Johnson spoke on Federation of Clubs.

Door prize was won by Marlene Cheney.

Refreshments were served to those present: Pat Adams, Bobbie Beaver, Mary Bills, Jean Brock, Marlene Cheney, Peg Crowley, Bernice Ellis, Sue Green, Jerry Landrum, Allyne Landrum, Rudell Maag, Betty Mills, Orlena Wampler, the guests, Mrs. Mills and Mrs. Johnson, and the hostess, Betty Davey.

Mrs. Ruby Russell has returned home from a visit with her daughter, Mrs. Bill Bowman and family in Kileen, Texas.

Intelligent Handling Is Vital Part Of Good Dairy Producers

Every dairyman knows that efficient rations and production-ficient cows are vital parts to the production profit puzzle in dairying. The piece which completes this puzzle picture is: easy, regular, intelligent handling of the cows.

Without this last part the finest cows will soon become poor and unprofitable producers, says B. T. Haws, county agent. He goes on to say that irregular feeding and milking habits, strangers in the barn at milking time, altered surroundings and unusual noises have a marked effect on not only the total production but the composition of the milk as well. Each cow must be treated in such a way as to gain her trust and confidence. Beating, kicking, or yelling at cows should not be tolerated under any circumstances. Saddle horses and dogs have no place around a dairy.

Only a man who has a true love for dairying and dairy animals, and desires regular, conservative patient living can expect to make the dairy business really pay.

Weekend visitors in the home of Mr. and Mrs. Will Teal were Mr. and Mrs. Raymond Teal and family of Ft. Worth.

Rev. L. Boriack, Pastor

At a recent meeting of the Wichita County Home Improvement committee, plans were made for Wichita County home makers to receive help with their landscape problems. Mrs. J. L. Graham, chairman, announced that plans have been completed for a training meeting to be given by Miss Sadie Hatfield. Miss Hatfield is Homestead Improvement Specialist for the Texas Agricultural Extension Service with headquarters at Texas A-M College. Miss Hatfield will give training on Shrubs and flowers for this section of the state. Landscape planning, planting shrubs, mulch, compost, insect and disease control, etc.
HD clubs, 4-H clubs, The Home Improvement committee, Girl Scouts and garden clubs will be represented at the training meeting. These leaders will return to their respective organizations with the information.
The meeting will be held at the home of Mrs. Jud Irby. Mrs. Irby is also a committee member. Other committee members are Mesdames Marcie West, Gale Lowrance and Miss Linda Baley.

Most families are busy trying to keep the home landscape well groomed these days. Thelma Wirges, County HD agent, says you are better off if you have a simple, neat design in your landscape. You can save work in keeping the good appearance of the home grounds if it is easy to keep.

Miss Wirges first suggestion is to organize the landscape into areas for certain purposes. Plan space you will need for outdoor work or service areas. Consider space needed as a recreation area for resting and entertaining or enjoying the family. When you decide on these two, you can put the rest into a public area or leave it in pasture or field. Make the public area large enough to form a pleasant setting for the house but not too large to mow and care for easily. Save work on shrubs and trees used in the landscape by being sure they are adapted to the soil and area, and will require little pruning and care. Place the small and medium size plants three to eight feet from walks, walls and drives and the larger ones further away. Use low growing plants under windows. Organize them over the lawn, using only enough to make the landscape comfortable, convenient and attractive. Remember, each shrub you plant means future work.

Save work on lawn care by selecting a grass adapted to soil and climate. You can plant a low growing grass that requires little mowing and remove scattered plants and other obstructions to mowing. Let the grass grow to the trunks of trees to save edging work and to make the lawn seem larger.

Remember that a complicated design is difficult to keep neat and orderly and good appearance in the home grounds depends upon good grooming.
Constant care and attention are necessary for the maintenance of a beautiful lawn. One of the basic factors involved, says Thelma Wirges, county HD agent is mowing.
Improper mowing is responsible for the deterioration of many lawns. Mowing too close encourages the thinning of the turf and shallow rooting, resulting in lower resistance to drought diseases and invasion by weeds. Setting the mower too high re-

sults in many of the same problems. Excessive soil drying and baking and heat damage to the lawn during the summer also results from too close mowing.

The leaves of the lawn grass not only produce the green color but also manufactures the food required for the entire plant. When too much of the leaves are clipped, the entire plant suffers, points out the agent. No more than half an inch of the leaf tip should be removed at any one mowing.

Creeping types of grasses can withstand closer mowing than bunch types. Bermuda should be mowed at a height of one to one and a half inches; St. Augustine, Buffalo and zoysia, one and a half, while bluegrass and ryegrass should be mowed no closer than one and a half to 2 inches.

Many lawn enthusiasts like a dense mat of turf, but such a build up of stems and leaves eventually leads to trouble. The mat acts as insulation; new roots from stems must penetrate it to get the soil and it increases the disease hazards.

Proper mowing requires a sharp, well adjusted mower. The mower should be sharp enough to cut the tips of the leaves without bruising or crushing them. The height of the bed-knife should be determined by placing the mower on a flat surface and adjusting the set screw or bolt so that each end of the bed-knife is exactly the desired height. Uniform mowing requires that the mower be adjusted at regular intervals. For further information on home lawns, get a copy of the bulletin on Home Lawns from the HD agent, 305 Federal building, Wichita Falls.

Sprays and dusts for the control of pests are a must for today's farm and home. However, like other modern tools, these must be used with care to insure safety of the operator.

Here are some simple suggestions from Thelma Wirges, county HD agent for safe use of insecticides:

1. Always read the label before using sprays or dusts and follow warning on the label.
2. Always store sprays and dusts in original containers. All sprays or dusts should be stored outside the home and out of reach of children.
3. Never smoke while spraying or dusting. Avoid inhaling sprays or dusts. Wear protective clothing or masks where indicated by labels.
4. Wash hands and face and change clothing after spraying or dusting. Avoid spilling dusts or sprays on skin or clothing. If they are spilled, remove contaminated clothing and wash thoroughly.

If symptoms of illness occur during or shortly after spraying or dusting, call a doctor or get the patient to a hospital immediately.

Credit as an asset is desirable but cash as an accessory is more so.

From the Office of Lyndon Johnson

Full knowledge about Texas water resources would be the goal of a Study Commission proposed in a bill I introduced in the Senate this week.

The commission would be authorized to prepare plans for the development of the water and land resources of the seven Texas river basins not now covered by interstate or international water compacts. The seven are the Neches, the Trinity, the Brazos, the Colorado, the Guadalupe-San Antonio, the San Jacinto and the Nueces.

The bill is carefully drawn to protect the sovereignty of Texas over our water resources. That is a matter of fundamental importance.

No more important problem confronts our State than proper use of our water, for municipal and industrial purposes, for farm irrigation and for navigation. We need to build big dams and little dams. We need to make more of our rivers navigable in order to provide cheap transportation for expanding industry.

We have plenty of water, even though water use in Texas has increased two and one half times since 1940. Our trouble is not lack of water but lack of control, conservation and use of water. That is why 75 percent of the people of Texas were forced to restrict, to some extent, their use of water at one time or another in the long drought that came to an end in the early part of 1957.

The study commission will be composed of 14 members appointed by the President. Six members will be appointed from Federal agencies. Seven will be residents of the areas to be studied, one from each river basin. The chairman of the commission will also be a resident of one of the river basins. Recommendations for the Texas appointments would be made by the Governor.

The commission will go out of existence within three months.

from the time its final report submitted. The bill provides the President shall transmit the report to Congress, together with his views and recommendations within 90 days after he receives it.

All phases of the Texas water problem will be studied by commission. From its work would expect a comprehensive and coordinated plan for the control and prevention of domestic and municipal water supply improvement and safeguarding of navigation; land reclamation and irrigation; soil and forest conservation; hydroelectric power and industrial development and other matters connected with water resource development.

Texans have gone far on their own initiative to develop State's water resources. We have established river authorities that are doing as fine a job as any in the country. These river authorities, as well as the Governor of Texas, approve the proposal a study commission.

I hope this vehicle for work toward a solution of the Texas water problem will be provided.

YOUR NEW Social Security

Your Social Security account is the key to your family's own financial security.

Make sure that this record is accurate by checking your account at least once every two years. You can do this by completing a wage statement request card, available at your local social security office. In making your request, give your security number, date of birth, mailing address and signature.

Chances are that the record of your account will agree with your own record of your wages or self-employment earnings. But in the event you find it does not, your local social security office will help you to correct any error in your account. There is no charge for this service.

Governor Proclaims Back to School Safety Week Soon

WHEREAS, Texas is now engaged in a statewide highway safety crusade for the purpose of reducing death and destruction on our streets and highways the goal of this crusade being to reduce by at least 10% the traffic totals of 2,539 people killed and 122,000 injured in traffic accidents in the last year; and

WHEREAS, all school superintendents and principals of Texas have been urged to conduct a special highway safety program during the week of September 1 so that Texas children may be reminded of the need for safety during the 1958-59 school term, and in order that school children may take this message of traffic safety into their homes and place it before their families;

NOW THEREFORE, I, as Governor of Texas, do hereby designate the week beginning September 1, 1958, as BACK-TO-SCHOOL HIGHWAY SAFETY WEEK in Texas, and call upon all school superintendents, principals, teachers and students to conduct a vigorous safety program through assemblies and class room discussions this week and the remainder of the school year.

Mrs. Kenneth Reagan Honored Tuesday At 1st Methodist Church

The parlor of the First Methodist church was the scene of a lovely reception Tuesday evening honoring Mrs. Kenneth Reagan, the former Miss Carol Ann King of Tulsa, Okla.

Approximately 35 guests were registered by Miss Treva Mills. The refreshment table, covered with white organdy over pink, was centered with an arrangement of pink gladioli. Miss Standly June Neil of Wichita Falls and Miss Mitzi Mills presided.

Receiving the guests were Mrs. O. E. Melton, the honoree and the groom's mother, Mrs. I. R. Reagan.

Out of town guests included Mrs. Royce Reagan and Mrs. Yeury Reagan of Ryan, Okla. Hostesses were Mesdames S. M. Butts, O. E. Melton, B. B. Six, V. N. Mills and several co-hostesses.

M. Y. F. News

On Sunday, Aug. 10th, the MYF program was presented by Rodney Foyce and was entitled, No, Thank You, Leslie, Shirley and Sharon Boyle took part on the program with Rodney. Mrs. Leon Turner gave the benediction.

Wednesday night, Aug. 13th, the MYFers enjoyed an ice cream party and a scavenger hunt. (Now all you people in the neighborhood of the Methodist church know why a group of teenagers were going from door to door asking for rubber bands, show tickets, soap wrappers and etc.) The MYFers say thank you for putting up with them.

Sunday, Aug. 17th Leslie Boyle brought the program entitled, "Recreation." The group closed with the MYF benediction.

Recreation and refreshments were enjoyed after the church services.

The MYF will have a two week vacation which makes their next meeting Sept. 7th.

The MYF invites all Methodist youth and visitors to be present for the next meeting Sept. 7th at 6:00 p. m. at the First Methodist church.

Homeowning Can Be Hazardous Too!

The racing car driver knows the hazards of his profession because his life depends on it.

But too often the homeowner may not be fully aware of the hazards he faces—an overloaded circuit, a careless match, or a spark from a neighbor's burning trash, could leave his home in ruins.

A tornado or explosion could wipe out his home and property.

Put your mind at ease today. Call an expert who knows ALL the hazards of homeowning. Call your local Capital Stock agent for a thorough analysis of your property insurance needs.

Burkburnett Lodge No. 67

The last lodge meeting was conducted in regular form with Bessie McKnight, Noble Grand; Cora Lee Harmon, Vice-Grand; Faye Lynch, secretary; Elizabeth Gragg, treasurer and Bertha Lynch, chaplain, pro-tem, in the chairs.

The lodge conducted a beautiful memorial service in memory of Sister Emily Houser, for whom the charter was dropped.

The Rebekah Lodge from Waurika, Okla., were visitors of our Lodge on this night and presented a drill which was done in a most impressive manner; all members being dressed in white. And they were a very well organized team; insinuating the work of a good team captain.

Miss LaVenia Wages, from Vernon, Texas gave a most interesting description of her trip to the United Nations and to Canada. This trip was sponsored by the Odd Fellows and Rebekahs of Texas. She presented slides of the most interesting places all along the way from Denton, Texas to the place from which their bus departed to New York City, the United Nations Building and to Canada. Some of these slides were made of the homes of former Presidents; showing the inside as well as the outside of some of these—how well preserved and well kept they were—as if still in use; pictures of the UN Buildings; of New York City's Empire State Building and Lake Ontario and Hamilton, Ontario. And, too, this young lady gave a most vivid description of all places this entire group visited while on this tour.

Under the good of the order a few members gave a short talk in appreciation of the visiting Lodge and the young lady who gave her report to the UN.

Plans were made to attend the Lower Panhandle Association to be held in Electra, Thursday, 21 August. Delegates and alternates were appointed at this time.

Lodge closed in form and refreshments were served to approximately 15 people.

Public Sale, 1849

O. S. Wilson brings us a yellowed copy of a sale held from the Farm News many years ago.

At the same time, I sell my six negro slaves, two men 35 and 50 years old, two boys, two wenches 40 and 30 years old. Will sell all together same party as will not arate them.

Terms of sale, cash hand, or note to draw 4 cent interest with Bob Connell as security.

My home is two miles of Versailles, Ky., on Coons ferry pike. Sale begin at 8 a. m. Plant eat and drink. J. L. M.

W. L. Dowd, Dierks, Ark., sends the Farm News a copy of a printed notice of a public sale of personal property that took place in 1849. Old timers will call to mind the days of their childhood when negroes were chattels and whiskey and brandy were articles of common use in almost every household. Here is the notice:

Having sold my farm and am leaving for Oregon Territory by ox team, will offer on March 1, 1849, all of my personal property, to-wit: All ox teams except two teams, Buck and Ben and Tom and Jerry; two milch cows, one gray mare and colt, one pair of oxen and yolk, two ox carts, one iron plow with mole board, 800 feet poplar weather boards, 1,500 ten foot fence rails, one 60 gal. soap kettle, 85 sugar troughs made of white ash timber, 10 gal. maple syrup, two spinning wheels, 30 lbs. mutton tallow, one large loom made by Jerry Wilson, 200 hoop poles, 100 split hoops, 100 empty barrels, one 32 gal. barrel of Johnson-Miller whiskey 7 years old, 20 gals. apple brandy, one 40 gal. copper still, oak tan leather, one dozen reel hooks, two handle hooks, 3 sythes and cradles, one dozen wooden pitchforks, one-half interest in tan yard, one powder horn, rifle made by Ben Miller, 50 gals.

job they do. Maybe the Burk Insurance Agency should get someone to set these ads to music and sell them to the Metropolitan

OPERA

CLIFF SAYS:

If you must hold her in your arms,
You're more than welcome to it,
IN SELF DEFENSE—
USE COMMON SENSE—
And stop the car to do it.
