Drunk, surveying the crowd  
after he drove into a big truck:  
"I'd like to know who called this  
meeting."

### Questions and Answers On The Sewer System

There have been numerous questions asked about the proposed city sewer system and accordingly various and sundry answers. Listed here are some of the questions and answers to them as accurately as can be determined by the city commission and consulting engineer at this time.

#### Whom will be served by the system?

The sewer lines will be located so as to be available to each and every existing dwelling within the city limits at time system is installed.

#### How much will it cost me to connect to the sewer?

If connection is made as soon as sewer service is available there will be no tapping or connection charge. What it will actually cost will be the cost of material and labor for a plumber to run the service line from the house to the sewer main. Within a reasonable length of time after sewer service is available, if connection is not made, then a tapping charge will be made.

#### Will voting a sewer bond raise my property taxes?

No. These will be a combination Sewer and Water Revenue bond, to be paid out of the revenue from the sewer and water system. No tax money at all will be obligated to pay them.

#### Why a Combination Sewer and Water Revenue Bond Issue?

Because it will be quite some time before all dwellings will be able to connect to the sewer system and during that time the water revenue will have to help pay them. Also it will make a more salable bond and therefore can be sold at a lower interest rate.

#### How much of the city is on sewer at the present time?

Approximately 25% to 30%, and no adequate disposal plant for that.

#### How soon will sewer service be available?

If the election is favorable, construction should start on the disposal plant, and Sewer line by November of 1959. It is estimated to take 12 to 18 months to complete from start of construction.

#### Will the City receive any Federal aid on this project?

Yes. Application has been approved for \$150,675.00 Federal grant to be applied on construction of disposal plant, lift station and out fall lines.

#### Why the \$150,000.00 for water improvements?

Our elevated and ground storage for water are both far below standards set by the Fire Insurance Commission and we are being penalized on our fire insurance key rate. Also, with the rapid growth of our city there are several areas where pressure is now in the heavy demand periods of the day. Another elevated tank and some larger mains in several locations to eliminate bottlenecks, and a large ground storage tank will alleviate these conditions.

The new school which is being built out near the rodeo stadium makes it still more imperative that the sewer and water system improvements be made as soon as possible.

### What Will We Do With The Youth Center?

For six years the Burkburnett Youth Center has begun activities for the youth of Burkburnett and the surrounding communities on Sept. First. Unless drastic action is taken, it will not be open this Fall.

The Center building is in bad condition and must have some repairs. It is in debt to the tune of almost \$300.00. Do the citizens of this town want the Center as a place for supervised recreation of our youth? If so, we must make plans now as to how to raise funds for building repairs and for the debt.

Leaders of the Boy Scouts and Blue Bird groups have asked for the building for their activities. A decision must be made. Every person in this area contributed to the raising fund of this building. The building is paid for, but insurance, utilities, and other expenses must be met and the dues of 25c per month for each boy and girl is inadequate. It must be financed by contributions or by raising dues, if the Center is to stay in operation.

The Center is not just the problem of the families that have boys and girls who use the facilities. It is the problem of every person in this community. It is a matter of civic pride. Classes of the school system use the building. Blue Bird groups, Boy Scouts, individuals for parties for their children and friends. The clubs of Burkburnett would be overjoyed at the thought it might be converted to a clubhouse.

An open meeting will be held at the Center, Friday, August 29th at 7:30 p. m. to plan for the problems facing the Center. Every interested adult is cordially invited. New Board members should be selected. The present Board of Directors is composed of: Mr. Alvin Hill, Mr. Lewis Todd, Mr. W. C. Boyd, Mr. I. C. Evans, and Mesdames Avon Fields, Harry Elliott, Jack Northcott, Jack Mathis and Fred Hunt.

PLEASE BE AT THE MEETING

### Russell Duvall Wants Old Toys For the Needy

Russell Duvall, the jolly Santa who makes hundreds of children happy each year, needs some help. He wants all the old toys he can find which can be repaired and fixed up for Christmas. He plans to fix up all he can between now and Dec. 24th.

Any one having any old toys may drop them off at 612½ East 2nd Street, or call JO 9-3718 and Russell will pick them up.

### WHAT A SHAME

It has been brought to our attention that someone has been stealing and destroying property at the local cemetery again. Some of the articles missing from the graves are flowers, caskets and foot markers. We do not know whether these deeds were done with malicious intent or as mischievous pranks, but we do appeal to you to put an end to destroying this property. These items were put in the cemetery to mark and beautify the graves and to pay tribute to our loved ones that have passed on.

Mrs. John Cox and children of Garland visited her parents, Mr. and Mrs. G. D. Broyles and Jobie, several days last week.

Rogers Michna, Jeanne Dodson and Mrs. H. C. Dodson are visiting in Houston and Corpus Christi this week.

Deloris Fleming-Raymond E. Clement  
Repeat Wedding Vows Sunday, Aug 23

Miss Deloris Faye Fleming, daughter of Mr. and Mrs. G. W. Fleming of Friona, Texas, formerly of Burkburnett, became the bride of Raymond Earl Clement, at 4:00 p. m. Sunday in the First Methodist church in Burkburnett. The groom is the son of Mr. and Mrs. L. B. Clement of Bowie, Texas.

Vows were read before an arch covered with greenery and flanked with baskets of white gladioli and white tapers in candelabra. Rev. T. Herbert Minga, District Superintendent of Methodist churches of Denton, Tex., was the officiant.

Mrs. G. W. Yarbro, organist, played the traditional wedding selections and accompanied Gary Bean as he sang Because and the Lord's Prayer.

Given in marriage by her father, the bride wore an original gown of Chantilly lace over taffeta, styled with scalloped sabbina neckline and long sleeves tapering to petal points over the hands. The front bodice came to a point just below the waistline. Her Watteau chapel train was attached just above the waistline in back with light blue velvet ribbon. Her short illusion veil was held by a tiara of rhinestones. She carried white mums and carnations with lilies of the valley atop a white Bible.

The bride carried out the traditional something old, new, borrowed and blue by wearing the wedding ring belonging to her late paternal great grandmother, Mrs. Joseph Loving; a new wedding dress; carrying a white Bible borrowed from Mrs. Peggy Terry Lybrand of Torrance, Cal., and wearing a blue garter.

Mrs. Howard Fleming, sister-in-law of the bride, of Lubbock, Tex., was matron of honor. Her dress was a sleeveless sheath of peacock blue silk peau de soie. Her headdress was a white velveteen bandeau holding a short circular veil of illusion. She carried a nosegay of white mums with blue trim.

In gowns of identical design were the bridesmaids, Miss Kay Beasley of Trent, Tex., Miss Betty Britt of Chillicothe and Miss Karen Prechel of Burkburnett.

Gayla Brelsford of Kimball, Neb., and Martha Sue Pratt, cousin of the bride of Bastrop, La., were candlelighters. Pamela Hensley of Burkburnett was flower girl and Ronnie Fleming, cousin of the bride of Andrews, Tex., was ring bearer. Eugene Haecker of Seguin, Tex., was best man. Groomsman were Dennis Todd, Hamilton, Tex., Joe Mack Pryor, Ft. Worth, and Kenneth Holland, Forestburg, Tex., uncle of the groom. Ushers were Howard Fleming,

brother of the bride, of Lubbock, Weldon Holland, uncle of the groom of Muenster, Tex., Nat Fleming, uncle of the bride of Wichita Falls, and James Clement, cousin of the groom of Hollis, Okla.

The bride, who was graduated from Burkburnett High School in 1956, was formerly employed by a law firm in Wichita Falls and is now a junior elementary education major at North Texas State College in Denton.

The groom is a 1956 graduate of Bowie High School where he was a letterman in football four years and track three years. He is now a senior physical education major at North Texas State College and is a member of Geezies fraternity and the varsity team.

A reception was held in the church parlor following the ceremony. The refreshment table was lighted with four tall tapers surrounding a large nosegay.

Those assisting with the reception duties were Miss Vyvyan Morris, Janelle Hinkle, Carol Ratliff, and Mrs. Marilyn Penn Byrd of Burkburnett; Miss Barbara Collins of Chillicothe and Miss Leann Barton, Dallas.

The couple will reside in Denton where both will resume studies at NTSC.

**Rehearsal Party**  
Mr. and Mrs. Fleming were hostess to a rehearsal party at their home in Burkburnett on Saturday night, Aug. 22nd.

### Ideal Cleaners To Re-open Mon.

Joe Hensley will re-open his Ideal Cleaners for business Monday in his new building.

The building, 25 x 70 ft., is made of Heydite blocks, concrete floor, red brick in front and red brick trim inside. The ceiling is acoustical fiberglass, with fluorescent lighting. Washed air is brought into the building on the East side and exhausted at the rear by a big suction fan. The boiler room is located outside, adjoining the structure at the rear.

New equipment, featuring odorless dry cleaning has been installed.

V. N. Mills Construction Co. had the contract for the job. They started tearing the old building down Aug. 12, and had the new structure completed Aug. 29th.

### To The Citizens Of Burkburnett

Your City Commission has called a bond election to be held on Saturday, Aug. 29, 1959. The purpose of the election is to allow you to vote on the proposition as to whether \$550,000 of Waterworks and Sewer System Revenue Bonds shall be authorized to be issued to construct a complete sanitary sewer system, including a new sewage treatment plant, a new elevated 250,000 gallon water storage tank, a 500,000 gallon ground reservoir, and extensions and additions to the present water distribution system.

Your attention is directed to the fact that the bonds will be submitted for your approval in two separate and distinct propositions (\$400,000 for sewer system improvements, and \$150,000 for water system improvements.) However, the bonds will be issued as one combined series — Waterworks and Sewer System Revenue Bonds — and principal and interest payments will be made solely from net income derived from the combined operation of the water and sewer systems. The taxing power of the City will not be pledged to the payment of these bonds.

E. L. Andrews, Consulting Engineer for the City, has prepared and submitted to your City Commission a proposed plan for the construction of a new sewer system adequate to serve a population of approximately 15,000. This plan will provide a modern and up-to-date sewage collection and disposal system large enough to serve the present city area, as well as provide a reasonable surplus of capacity to take care of anticipated future growth. The estimated cost of the complete system is a maximum of \$795,000 which will be financed as follows: New Bond Issue \$400,000 U. S. Government Grant (Note) \$151,000 Balance of proceeds from sale of Electric Light System \$244,000 Total \$795,000

(Note) An application has been filed with the State Department of Health for a Federal Grant pursuant to the provisions of Public Law 86-158. This application has been approved and will be granted, PROVIDED the election on August 29 carries favorably for the issuance of the Sewer System Bonds.

It is entirely possible that the sewer system can be constructed for less than the present estimated cost, and, should this be the case, the amount of Sewer Bonds proposed to be issued will be decreased proportionately.

Proposed improvements and extensions to the Waterworks System, estimated to cost \$150,000, are urgently needed if the City is to continue to provide adequate and desirable service. As you know, the City of Burkburnett has experienced a very rapid growth within the past few years and the demands of the additional population, plus the anticipated growth of the City, requires that additional supply lines be installed as soon as possible; and that a new elevated storage tank and ground reservoir be constructed to provide adequate and uniform water pressure throughout the City. The elevated storage tank will be located in the South part of town and the ground reservoir will be constructed at the City's

(Continued on last page)

### Notice to Those In Arrears On City Taxes

All City delinquent taxes which are not paid by January 1, 1960, will be filed on for collection.

### Miss Burkburnett Pageant Sept 1st At Palace Theatre

There is much excitement among the 31 contestants who will compete for the title of Miss Burkburnett next Tuesday night at the First Annual Miss Burkburnett Pageant. This event, to be staged in the Palace Theatre, is being sponsored by the Modern Study Club. Mr. Jim Hilliard of KSYD Radio will introduce the contestants who will be attired in formal and swim suits. Tom McCarty Music Co. is furnishing background music from the Hammond Organ. A panel of five well qualified judges will select the winning contestant and she will be presented with roses and crowned by Carla Gray, Miss Wichita Falls of 1959.

Tickets to this event are nearing sell out with only a few tickets remaining. Anyone wishing to purchase these tickets is urged to contact Mrs. Darrell Nichols, Ticket Chairman.

### Catherine's Flowers Open For Business Tuesday, Sept. 1st

Mr. and Mrs. M. C. Porter of Wichita Falls are this week announcing the purchase of Mrs. Gilberts Flowers, formerly located at 317 E. 5th street. The flower shop will now be called Catherine's Flowers and will be located at 205 Ave. D. They will open for business Tuesday, Sept. 1st and cordially invite all of Mrs. Gilbert's old customers and new customers to visit the shop in its new location.

Mrs. Juanita Smith will continue working for the new firm as designer.

Mr. and Mrs. H. A. Goodwin attended the funeral of Mr. Goodwin's aunt, Mrs. G. L. Lindsey, Thursday in Hollis, Okla.

## It's Only Money—But It's Ours

When eighty billion of anything are moving around in all directions, it probably is inevitable that some will end up lost, strayed or possibly stolen.

Federal agencies had more than eighty billion dollars to move around last year. It was quite a job to see that just the right number got to just the right places for just the right purposes. Even when some of those billions of dollars were translated into millions of necessities such as ships and shoes and shooting irons, it was still a king-size chore to keep up with all of them.

No wonder then that the Comptroller General's office, checking the Philadelphia navy yard, found a \$26,000 boat and \$200,000 worth of other equipment which the navy had lost track of and written off. Or that the same navy yard had 1,022 more sandalwood chairs than it had people to sit in them. Or that a 40 year supply of WAC clothing turned up at another military base. Or that for every government typist the government now owns two and one half typewriters. Or that the navy buys sunglasses for \$5 while the Air Force sells the same glasses as surplus for \$1.25. Or that some of our foreign aid dollars aren't buying what we think they are buying.

Yes, it's probably inevitable. Yet the sneaking suspicion arises that not quite so many tax dollars would go astray if not quite so many of them were going around.

## Railroad Wage Agreement Expires

Next October 31, will be a significant date. At that time the railroad wage agreement, along with a three year moratorium on working rules expire. And in the matter of these rules, as everyone who has followed the news during the last few months knows, the railroads will seek some significant changes.

The central problem at stake goes by the popular name of featherbedding. It has to do with pay for work not performed. It has been the subject of innumerable editorials in the national press—with the great majority opposing featherbedding practices and old work rules that make them obligatory.

The position of the railroads was recently made plain by J. Handy Wright of the Association of American Railroads, in a speech before a railway group. "Featherbedding," says Mr. Wright, "takes its toll in inflated costs, in a damaged railroad competitive position, in the loss of jobs as traffic declines, in a lowered employee morale, in weakened service to shippers and the general public and in other ways affecting the general adequacy of plant and equipment and operation. It thus seriously affects the nation's defense and security, for in the event of war, railroads would certainly be relied on as in World War II to handle the great bulk of domestic transportation requirements."

Featherbedding—which Mr. Wright characterizes as "make-work waste"—costs the railroads and the nation some \$500 million a year. We have become so conditioned to talking about incredible sums of money that this may not seem so tremendous a cost as it actually is. By way of example, it is just about equal to the property damage done by the San Francisco fire and earthquake—one of history's major catastrophes. It is several times the damage done by another famous disaster, the Chicago fire. And Mr. Wright emphasizes that the \$500 million figure is not just "gerrymandered out of thin air," as one labor leader has charged, but is based on detailed studies of actual operating practices in terminals, yards, the right of way, and so on. He adds that these studies will be thrown open to examination by any qualified public group appointed to deal with the problem.

Precisely, what are featherbedding practices? Here are a few examples. Old rules require railroads to staff what management considers useless jobs, such as fireman on pushbutton diesels and surplus brakemen in the states with excess crew laws. A 40-year old requirement is known as the dual pay basis, which allows most train crews a full day's pay for covering 100 miles even though, in the intervening years, train speeds have nearly doubled. And the rules have erected a "veritable Chinese Wall" between operating divisions and between road crews and yard crews, with each forbidden to work in the other's domain except at high penalty to the railroads.

Mr. Wright makes this important point: "The real problem with these rules is not so much the rules themselves but only that they have remained largely unchanged all these years despite vast changes in technology and operations. The incentive pay idea for train crews, for example is not at issue. That the standard for a days work in 1959 remains the same as in 1919 is at issue, however."

A railroad management invitation to the heads of the railway Brotherhoods to join in a request to President Eisenhower to appoint an impartial special Presidential Commission to study the work rules was turned down by the unions.

### SPOILING THEM?

Three moves are worse than a fire, according to an old saying, but one move can lead to trouble for people getting social security checks, unless they notify the social security office of their new address.

Seeing that each of the 13 million people on social security in the country get their checks on time is a very important part of our job, Erton F. Tate, manager of the Wichita Falls, Texas District Office states, and it can be made easier if we get a prompt notice of a change of address.

If you move after you start getting social security benefits, you should notify the Social Security Administration either in person or by mail, Tate said. Beneficiaries were given post-cards for this purpose when they filed their claims, and additional cards are available at the local office at 421 Post Office Building, Wichita Falls.

"If we get the notice early in a month," Tate stated, "the next month's check can be sent to the new address with little or no delay."

### IT ALL ADDS UP

In insurance, as in everything else, you get what you pay for.

So why not be sure when you insure? Get the expert, round-the-clock services of a local agent to whom you're a neighbor, not a number. And insist that he write your policies only in reliable Capital Stock Companies—the "Standard of Protection" for more than a century.

That's the kind of service you'll get from us all of the time—anytime. Our worry is your peace of mind. We're as near as your telephone.

# U.S. OIL

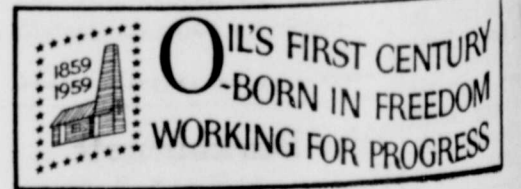

### Indispensable in our way of life... vital to our national defense

In the 100 years since the drilling of the first oil well in the United States, the usefulness of petroleum has been often demonstrated in many ways . . . It is an economical and efficient source of energy and a raw resource convertible through petrochemistry into innumerable useful materials. . . . It is indispensable in our way of life, and vital to the national defense.

It is comforting to know that today's reserves are ample for today's needs. And if incentives to undergo the heavy risks involved are continued, there is no doubt that more oil will be discovered and produced to replace the oil we use . . .

The United States has found, produced, refined, and used more oil than any other nation. This has made petroleum products a feature of the abundant American life. Americans use more petroleum products than any other people on the globe.

The past is prologue to the future. During its second century, oil can serve you and your grandchildren, and the nation, as well or better than ever before.

The Humble Company, incorporated in 1917, has participated in the development of new and better ways to find and produce oil, and in the research that has improved petroleum products and discovered countless new uses for oil and natural gas. Humble is a major producer of U. S. oil, with production extending all across the southern tier of states from

Florida to California. Marketing operations are carried on in Texas, New Mexico and Arizona. Humble's Baytown refinery, near Houston, is one of the great refineries of the world. (Humble Pipe Line Company, a major transporter of crude oil and finished products, operates more than 9000 miles of pipe lines in Texas.)

will announce for a third term, if teachers raises are turned down. On this the governor says, "I'm not closing any doors."

Privately, many legislators are glum at the prospect of being boxed in by another round of tax and spend pressures, particularly right before their campaigns begin. They expect to get a lot of static anyway, from the tax measures they have already voted.

But few will oppose teachers openly. As one said, "If you're against teacher raises, they will say you are against good schools and little kids and motherhood, it's suicide."

**Watch For New Laws—**

Scores of new laws passed during the regular Legislative session ending in May go into effect this month.

From here on, anyone convicted of four moving traffic violations within 12 months will be classed a "habitual violator," subject to drivers license suspension for any period up to a year. Same rule applies to anyone convicted of 7 or more violations committed within a 24-hour period.

New, tightened laws are in effect on the waterways, too. Now against the law are: operating a boat or skiing while under the influence of liquor, skiing at night and "reckless or negligent" boating and skiing.

Now required by law are: a life preserver for every passenger on a boat and a lighting system, according to size, for every boat. Boat registration fees will not be required until next April.

Another new law makes taking a ride in someone else's car without permission a felony. Previously, it was hard to get more than a misdemeanor conviction for car stealing.

Ranchers and farmers will be required to fence land along state and U. S. Highways to prevent cattle from roaming on the road. Law does not apply to farm to market roads.

Retail merchants no longer may advertise goods at "wholesale" prices. Only firms that sell only to retailers may claim wholesale selling.

Other new laws won't be noticed until later. For example, the new stick with the party

Linda Roark, daughter of Mr. and Mrs. Ted Roark, will participate in the Miss Burkburnett Pageant. She is a senior at Burk High School, where she was president of the Student Council and Junior class Favorite. She will be sponsored by Corner Drug Store.

**TO BE IN PAGEANT**  
Shirley Thaxton, daughter of Mr. and Mrs. H. S. Thaxton, will be in the Miss Burkburnett Pageant. She is 16 years of age and a Junior Student at Burkburnett High School where she is major in the school band. Home Furniture Company is sponsoring Shirley.

law requires that a poll tax holder have his receipt stamped "Republican" or "Democrat" the first time he participates in a primary on convention. From then on, in effect, he's stuck with the party stamped on his tax receipt, until he gets a new poll tax.

A new program to inspect for cattle disease at live stock auctions was authorized, but is expected to be very small scale for the first two years, at least. It was given only a fraction of the money supporters said was necessary.

**Would Be Speakers Busy—**

One of next year's campaigns is already going strong with two of the candidates claiming victory.

Rep. Wade Spilman of McAllen declares he has more than

a majority of the present House members pledged to elect him as next speaker. Rep. James Turman of Gober claimed enough pledges to practically assure my election.

Victory statements are a common technique for speaker candidates since House members are prone to join a winner's bandwagon to get good committee assignments. Actually, the speaker can't be officially elected until Jan. 1961, when the large turnover of House members in the primaries could upset the apple cart by removing many of the speaker candidates' pledged supporters from office.

Other candidates are Reps. L. DeWitt Hale of Corpus Christi and Frank McGregor of Waco. Reps. Jerry Sadler of Percilla and W. T. Oliver of Port Neches

are regarded as possible candidates.

**Water Bonds Sold—**

First \$10,000,000 in bonds to raise money for local water projects has been sold by the State Water Development Board.

Lower Nueces River Water Supply District of Corpus Christi may be the first beneficiary of the new program. Water Board has tentatively approved a \$3,000,000 loan to the district to complete the \$21,000,000 Wesley E. Seale Dam and Reservoir.

State will pay slightly more than 3.5 percent interest on the bonds and charge the borrower slightly more than 4 percent.

**Hope For Highway Funds—**

Texas highway builders are holding their breath over a threatened halt of the huge federal road building program.

Continuation of the interstate road building, now going full steam in Texas, hinges on Congress finding a way to get more money for the highway trust fund. Federal government pays 90 percent of the cost of these projects.

State Highway Engineer D. C. Greer said the Highway Dept. is proceeding on confidence that something will be done by Congress to avert such an economic blow.

Most Texas officials, including Gov. Daniel, are opposed to getting money through a hike in the federal gasoline tax, as recommended by the President.

Marjorie Hofack and Cassie Smith attended a West Texas Chamber of Commerce short course in Lubbock Friday and Saturday.

## Farm Bureau

Texas Sheepmen were reminded this week that they cannot endorse compulsory check-offs for wool or any other commodity and be consistent and effective in the opposition to compulsory programs for other groups.

J. H. West, president of the Texas Farm Bureau, referred to the September referendum in which sheep producers will decide whether or not they want the Secretary of Agriculture to continue the compulsory check-off from their wool incentive payments for promotion of wool and lamb through 1961.

Pointing out that Farm Bureau policy is opposed to the check-off because it is not voluntary, West said: "We intend to do all that we can to make sure that sheepmen know the facts about this referendum and then vote. It is to be remembered that this vote in no way affects the wool incentive program. It merely gives sheep producers an opportunity to express their wishes on the check off part of the law."

If two thirds of the sheep producers favor continuance of the check-off, then an amount not to exceed one cent per pound of shorn wool and five cents per 100 pounds of live lamb sold will continue to go for advertising handled by the American Sheep Producers Council, Inc. West pointed out that although this organization has received more than \$12 million to promote wool and lamb, that no apparent benefits to sheepmen have resulted.

The Farm Bureau president made it clear that no farm organization is more in favor of or has done more to encourage promotion and sales of farm and ranch products than has Farm Bureau, but members have always insisted that such check-offs be voluntary.

## Annual Tour Set Wichita Mountains Wildlife Refuge

The annual tour of the Wichita Mountains Wildlife Refuge by Wilbarger-Wichita Soil Conservation District is scheduled for Sept. 3rd. Tour will start at nine a. m. at Refuge Headquarters, William A. Bond, chairman of the board has announced.

A group from Wilbarger Area will leave from South side of the Court house at 7:30 a. m. Bond said. A Wichita County group will leave from Soil Conservation office at Iowa Park at 7:00 a. m.

Those going on the tour should carry a sack lunch and drive their work cars. Julian Howard, wildlife manager, will be in charge at the Refuge. Soil Conservation Service technicians will assist in grass and range studies. Howard reports grass in excellent condition.

Women are encouraged to attend, Bond added and those outside the Wilbarger-Wichita Soil Conservation District will be welcome. Tour will end at 3:00 p. m.

### Smith-Thweatt Engagement Announced

Mr. and Mrs. J. E. Thweatt of Ras Tanura, Saudi Arabia, announce the engagement and approaching marriage of their daughter, Mary Elizabeth, to Mr. Robert Donald Smith of Burkburnett. Smith is the son of Mrs. H. O. Smith and the late Mr. Smith.

Dr. Earl Hoggard will be the officiant at the wedding which is scheduled Sept. 4th at the Floral Heights Methodist church, Wichita Falls.

The bride-elect is a graduate of the American Community School of Beirut, Lebanon. She attended Baylor University, Waco, Tex., one year and North Texas State College, Denton, 3 years where she received her BS degree. At the present time she is assistant county Home Demonstration Agent of Wichita County.

Smith is a 1950 graduate of Burkburnett High School and graduated from Midwestern University in 1957 with a BA degree. He is employed at the Tillman Motor Mart in Wichita Falls at the present time.

A miscellaneous shower and tea at the home of Mrs. Ray Mills in Burkburnett Friday night from 7:30 to 9:30 p. m. will honor the bride-elect.

Kent Reger left Wednesday for New Orleans, La., where he is employed by the Commodity Credit Corp. He spent a two weeks vacation here with his parents, Mr. and Mrs. S. S. Reger.

### Burk Riding Club Won First Place At Bowie Aug. 20

The Burkburnett Riding Club brought home a first place trophy from the Bowie Rodeo parade Thursday, Aug. 20th. By request, the Burkburnett Riders officiated as pivots at the eight o'clock rodeo performance, presenting one variation of the "white horse drill," before setting pivots for the flag bearers leading the grand entry.

Top honor in such an event is possible only with the full cooperation of its riders. Meticulous grooming of the individual horse and rider plus strict adherence to parade rules has made the Burkburnett Riding Club one of the most outstanding organizations in this area.

The marked success of the club over a period of years is due to the cooperation and enthusiasm of its individual members abetted by a select group of officers.

Everyone enjoyed themselves so thoroughly at Bowie that there was a noticeable lack of comment about the heat.

Riders at Bowie were Doc Goins, Don and Joan McGill, Billy Jo Bradley, R. C. Gilbow, Ruff Redman, Peyton and Geneva Cozby, Wendell Goins, Delmar Luke, Claud Elliott, Johnny Jo Denny, Berenda Goins, Charles Bowles, Joe McCluskey, Wendolyn Goins, J. C. Hinkle, Marguerite Luke, Billy Luke, Frances Ooten, Terry Goins, Dexter Kinnett and Goldena Griffin.

### Miss Deloris Fleming Honored Recently

Miss Deloris Fleming, bride-elect of Raymond Clement of Bowie, was complimented recently with a pre-nuptial shower in the home of Mrs. M. R. Hewell, 414 Magnolia.

The serving table was covered with a pink organdy cover and featured a center arrangement of pink and white roses in a crystal container.

Acting as co-hostesses with Mrs. Hewell were Mesdames Ollie Ratliff, Hertis Baber, J. C. Hinkle and C. B. Bowles.

Registering the guests was Miss Vyvyan Morris.

Miss Fleming is the daughter of Mr. and Mrs. G. W. Fleming of Friona, formerly of Burkburnett, and Mr. Clement is the son of Mr. and Mrs. L. B. Clement of Bowie.

### Faculty Named Jr. High School

Mr. Morris Simonson—Principal

### NOTICE BIDS WANTED

Notice to bidders, sealed proposals addressed to Mr. Arnold J. Muller, President, Board of Education, Burkburnett Independent School District, Burkburnett, Texas, for the construction of one Vocational Agriculture shop building consisting of at least 32 feet wide and 81 feet long on a re-inforced concrete floor and re-inforced concrete foundation. The building to be of masonry front and one side wall bay. One double slide door 12 feet by 9 feet; one steel door 3-0 by 6 feet, 8 inches height. At least 7 small light windows, 6 light panels and 3 ventilators, for the Burkburnett Independent School District, Burkburnett, Texas. Bids will be received in the School Tax Office in Burkburnett, Texas, until 2:00 p. m. o'clock September 10, 1959, and then publicly opened and read aloud. Any bid received after closing time will be returned. A cashier's check, certified check, or acceptable bidder's bond payable to the owner in the amount not less than 5% of the largest possible total for the bid submitted including the consideration of additive alternates must accompany each bid as a guarantee that, if awarded the contract and execute such bonds as may be required. All bids may be held 30 days unless returned sooner by the owner.  
ARNOLD J. MULLER,  
President,  
Board of Education

### DEVOL ALUMNI BANQUET HELD SAT. AUGUST 15th

The Devol Alumni met in the Big Pasture School for their annual banquet Aug. 15th at 7:30 p. m. with Amiel Miller as master of ceremonies and Hugh Frye as assistant.

A delicious dinner was served by Underwoods of Lawton. There were 82 present. The class of 1931 had the most members present. Oldest class represented was the class of 1921. Barbara Manley furnished dinner music for the occasion. Special music was presented by Vera Laura Miller, Alan French and Phyllis Parker, accompanied by Judy Hodges.

State Rep. Floyd Jackson, graduate of 1923, gave a wonderful talk on old friends followed by Judge Luther Eubanks. Other interesting talks were made by former students.

New officers were elected for 1960 as follows: Charla Miller, president; Angie Randall, vice president; Mamie Manley, secretary.

It was voted to have the banquet next year at the Big Pasture School with Underwoods serving.

JUNIOR LEAGUE CHAMPIONS

Pictured above are members of Herrings Hardware team who were the Burk Burnett Junior League Champions of 1959. Front row, left to right: Kenny Dodson, Johnny Karstetter, Wallace Ray Robison, Jackie Harris, Glen Prough, Martin Mayes, Charles Herring; back row, Charles Skidmore, Johnny Inman, Jimmy Cason, Eddie Cerday, Joe Montgomery, Larry Finney and coaches, Joe Dodson and Wallace Robison.

The 1959 Burk Burnett Little League Baseball conference ended last week with Herrings Hardware team as the Junior League Champions with a two game win over the First Baptist Church by a score of 9 to 8 when Joe Montgomery of Herrings Hardware hit a home run in the last of the sixth with a man on first. The manager of Herrings Hardware team was Joe Dodson and coach was Wallace Robison. The runner-up team was managed by John Musick, who is also secretary of the Little League Boys Baseball Association.

Governor Daniel Pleads for Safety Over the Holidays

Governor Price Daniel Saturday called for "an all out effort to save lives on the Texas streets and highways during the Labor Day Weekend" in the light of a 6 percent increase in traffic deaths for the first half of the year.

"I am asking all of Texas—the law enforcement agencies, the civic organizations, the traffic safety councils, but most important of all, the drivers—to help in this most important of all Texas efforts, the saving of human life," the Governor said. "After looking over the statistical reports from the Department of Public Safety, there is only one conclusion: The slaughter on our streets and highways should be stopped."

The Governor referred to the DPS report for the first 6 months which showed 1,097 Texas traffic deaths for 1959 as compared with 1,032 for the same period a year ago. Total number of crashes increased from 134,000 to 161,000, injuries increased from 58,000 to 66,000, economic loss jumped from \$154,000,000 to \$179,000,000 during the same period.

"Percentage wise," Governor Daniel continued, "traffic deaths were up 6 percent, fatal crashes were up 9 percent, number of persons hurt increased 20 percent, number of crashes jumped 23 percent, the number of cars wrecked increased 21 percent, estimated economic loss jumped by 21 percent, and the estimated miles traveled rose 5 percent. As I see it, these figures show that the chances for being injured in Texas traffic are considerably greater than last year, so all drivers obviously need to be aware of this."

CAP ENCAMPMENT ENDS SAT. AT SHEPPARD AFB

Twelve Air Force transport planes were waiting at Sheppard AFB Saturday to return 428 cadets of the Civil Air Patrol to their homes. The parade in the morning climaxed two weeks of military training and familiarization courses in radio, air craft, engines, radar, rockets, and rocket fuels. Outstanding boys and girls from Texas and groups from Arkansas, Montana and New York participated with cadet officers governing and disciplining their own people.

For two weeks the cadets were air force and daily inspections caused many cadets to be careful about the bed making. Discipline did not get too far out of line as senior CAP members were present as advisors. Col. Ben Lowell, CAP Texas Wing commander from Wichita Falls, was the senior commander & the cadets were led by a cadet major, Joe Barnhart of Harlingen, who was the outstanding cadet in the nation this year.

A military ball was held Thursday night when the four outstanding cadets were named. Their reward was a ride in a T-33 training jet. As the cadets were enplaning Saturday afternoon, many were asked if they would go again. Their answer was "Yes Sir, see you next year."

Whether laughter is helpful depends on the size of the driver whose fender you just smashed.

News From The County Agent

Farmers may soon be using electronics, thinks B. T. Haws, county agent. Don't look for electronics to take over the plowing and milking jobs just yet, says the county agent, but it may perform an even more vexing chore the complicated brainwork necessary in modern agriculture.

Electronics computers, thru a technique linear programming, can give a more precise and accurate answer to many farm management problems than the most experienced farmer, says Haws.

Two eggs in the daily diet will supply the following percentage of needed food elements: vitamin A, 22; thiamine or B1, 7; riboflavin or B2, 16; vitamin B, 24; protein 17; iron 22; phosphorus 13; calcium 5 and for good measure the old hen adds some vitamin B12. Eggs are considered a complete food, points out B. T. Haws, county agent, and suggests that homemakers become more familiar with this tasty and nutritious food.

Holding summer rainfall on the land where it falls can mean additional income through better crop and pasture yields. Terraces, farming on the contour and the use of mulches are methods which will help hold rain where it falls. Cover on the land will also aid in holding the moisture.

January and February, tree planting time in most parts of Texas, are nearly here. And there are lots of things that we should keep in mind if we get our orchards started in tip-top shape. B. T. Haws, county agent has several suggestions on how to handle trees upon arrival and how to prepare soil for planting.

If the trees cannot be planted at once, they should be "heeled in" by digging a trench wide and deep enough to receive the roots. In covering the roots with soil, care should be taken to work the soil into the spaces where the roots are massed together, otherwise there is a danger of drying out.

Avoid "heeling in" in poor drainage areas. The soil where the trees are to be planted must be thoroughly prepared. Deep plowing should be done in the fall or early winter at which time a cover crop such as vetch, clover, rye or roots may be sown. Broken or torn roots should be removed before the tree is set in the hole. Plant the tree at the same depth that it was in he nursery and pack the soil firmly around the roots.

For more information on starting an orchard, contact your county extension agent and ask for information on orchard management.

Cotton root rot is one of the most common plant diseases in Texas and is found in all areas except the Panhandle and High Plains. Although its name implies that the disease is one of cotton only, the disease is a ser-

Jeannette Wise, daughter of Mr. and Mrs. P. O. Wise, will compete for the title of Miss Burk Burnett. She is a senior at Burk High School where she is a member of the Dramatics club. She is to be sponsored by Retail Merchants Association.

ious foe of ornamentals as well, especially in areas with heavy alkaline soils.

Ornamental plants affected by the fungus disease will die suddenly, often after having made excellent growth. Large trees may die more slowly. In affected plants, the whole root system decays & but little effort is needed to pull small plants out of the soil. The bark of the roots is decayed and brownish and woolly strands of fungus can frequently be seen on the root surface.

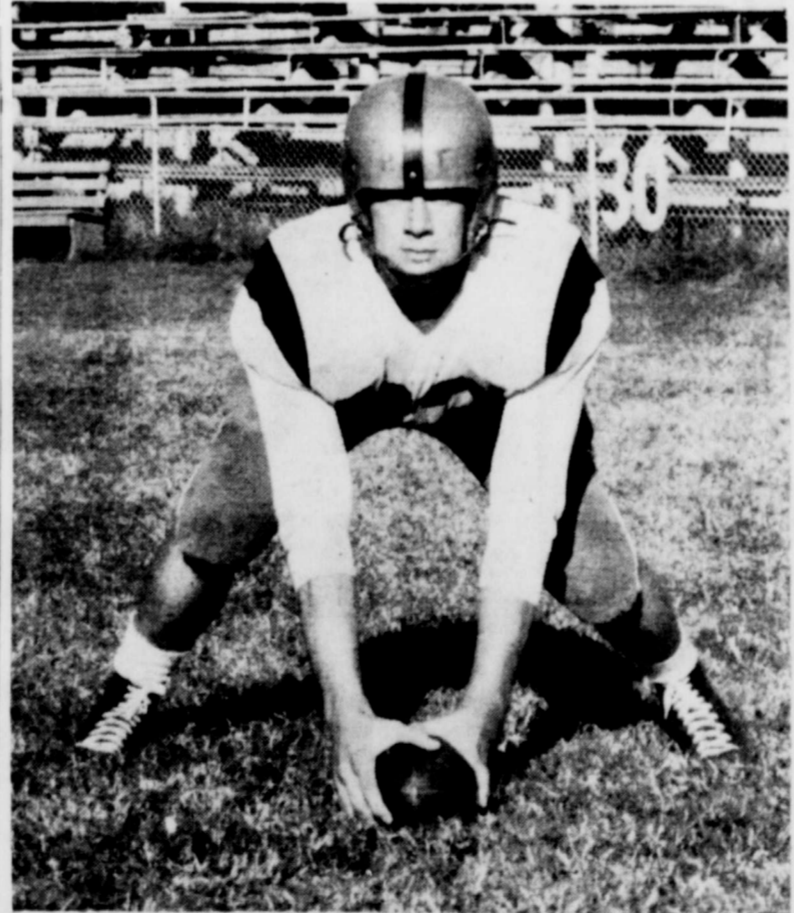

Under moist conditions, spore mats sometimes appear on the soil surface with or without diseased plants. These snow-white and cottony mats range in size from 2 to 12 inches in diameter. They later have a tan and powdery appearance.

Pullorum and typhoid are two of the biggest disease problems that producers of hatching eggs have to face. B. T. Haws, county agent recommends that every hatcheryman, who wishes to stay in business for very long, have his flock tested for these diseases. There are cases on record where only a few individual reactors have been the cause for bankruptcy.

The cost of having each bird tested is actually an insurance that hatcherymen can't afford to be without. There are two ways to test for these diseases. One is the plate test for chickens and the other is the tube test for both chickens and turkeys. Poultry tests by the tube test method are analyzed more accurately and thoroughly than they are by the plate test in the field.

Dr. and Mrs. Russell Brookshier and children, Lari and Rusty of Hanford, Calif. are visiting his parents, Mr. and Mrs. Ralph Brookshier, and other relatives here this week.

Soda Beldon is reported doing nicely following major surgery at the Wichita General Hospital this week.

Bill Turnbow On Starting Lineup For Texas Tech

Center Bill Turnbow of Burk Burnett will be among the candidates reporting to Coach DeWitt Weaver for Texas Tech's initial football practice of the season Tuesday, Sept. 1st. Twelve lettermen from last season and two from previous years will be among the 51 slated to report.

Texas Tech's Red Raiders have shifted to a new, multiple offense with which to meet the school's toughest schedule so far. This will be the Red Raider's final "interim" season before engaging in official Southwest Conference title competition in football.

Following the Raider's opener with Texas A&M in Dallas, Sept. 19th, Tech will play Oregon State here, Tulsa, here, Texas Christian here, Baylor there, Southern Methodist there, Tulane there, Arizona there, Houston here, and Arkansas in Little Rock.

Charlotte Wallace, daughter of Mr. and Mrs. Opal Wallace, will compete for the title of Miss Burk Burnett. She is a student at Burk Burnett High School, and she has had special training in modeling and ball room dancing, and served as Camp Fire Girl Counciler. She will be sponsored by Western Auto.

Kathy Roark, daughter of Mr. and Mrs. Ted Roark, will enter the Miss Burk Burnett Pageant. She is a 1959 graduate of Burk Burnett High School where she was president of the National Honor Society and president of the FHA. She was Oil Progress Queen Candidate while in High School. Kathy will be sponsored by Burk Drug Store.

1959-60 School Calendar

Table with 3 columns: Date, Event, and Duration. Lists school events from August 31 to May 27, including faculty meetings, holidays, and report cards.

Second Annual Tennis Tournament In Burk Burnett August 28-29-30

The City Tennis tournament will be held on Aug. 28, 29, and 30th. All persons who are interested in playing in the tournament should notify Mr. Roy Silkwood at the High School.

The tournament will consist of men's singles and doubles, and girls singles, and mixed doubles. The tournament is again sponsored by the Preston Dairy, and trophies will be awarded to the first and second place winners in each event.

Mrs. B. H. Preston and Mr. and Mrs. G. T. Roberts attended funeral services in Carlsbad, N. M. Aug. 18th for their brother, W. J. Brown. Mr. Brown is a former resident of Burk Burnett.

Mrs. Charlsa Miller To Teach Piano Here Beginning Sept. 2nd

Mrs. W. H. (Charlsa) Miller, piano and organ teacher from Grandfield, Okla., will come to Burk Burnett to teach piano beginning Wednesday, Sept. 2nd. She will give lessons in the D. L. Sykes home, 126 Harriet Dr., Burk Burnett.

Mrs. Miller is a graduate of Central State College, with additional work at Oklahoma University and Midwestern University. She has served as a public school teacher for eleven years and a private instructor for eighteen years.

Walk safely today so you can walk tomorrow.

Soil Conservation Postage Stamp Now On Sale Here

This is a black and white reproduction of the 4-cent soil conservation stamp now on sale at the post office here. The stamp, printed in three colors, went on sale at the post office yesterday (Aug. 26th) in Rapid City S. D., at the annual meeting of the Soil Conservation Society of America.

The stamp portrays a modern conservation farm, according to Wm. A. Bond, Chairman of Wilbarger-Wichita Soil Conservation

District. Grasses in the rolling pasture, foreground, prevent soil erosion and conserve moisture. Grazing is regulated to favor growth of the best forage grasses.

A farm pond, lower right, provides water for domestic and livestock use, for fire protection, for wildlife and for recreation such as fishing, swimming and boating.

Contour stripcropping and rotation systems, left and right center, include grasses and cultivated crops in alternating bands. The grassed strips catch and hold soil that may move out of cultivated strips during rainstorms, and they increase moisture in soil.

Trees and shrubs control erosion, provide a home for wildlife and protect the farmstead from the hot winds of summer and the cold winds of winter.

Conservation farming, as depicted in the stamp, gives assurance of a plentiful supply of food and other products of the land for the seven-eighths of our people who live in town, symbolized in upper right.

Soil Conservation News

Nominees whose names will appear on the ballot for the 1960 Agricultural Stabilization and Conservation Community Committee election to be held Sept. 8, 1959 for the Burk Burnett Community are as follows:

Jim Anderson, Bee Bryant, Glen Kemp, Arnold Kiesling, W. H. McLean, Virgil Mills, Brack Preston, Jr., Harold Preston, Edgar Siber, Clinton Swinford.

The five nominees receiving the highest number of votes will make up the 1960 Community committee for the Burk Burnett Community. The nominee receiving the highest number of votes will serve as chairman. The person receiving the next highest number of votes will serve as vice chairman.

The chairman and vice chairman will serve as delegates and alternate delegate to the county convention which will be held Sept. 29th. The purpose of the county convention is to elect the 1960 ASC County Committee for Wichita County.

The election will be held by mail. Ballots have been mailed to all eligible voters in the Burk Burnett Community. The ballots should be marked and returned to the ASC office or if mailed should be post marked not later than Sept. 8th.

## Something to Touch in the Dark

Children take teddy bears to bed with them because they want something to hold on to in the dark.  
Most of us are like children. We want something to hold on to in the dark.  
Many of us find it in the Bible.  
When asked why the Bible meant so much to her, Helen Keller replied, "It is because, in my darkness, the Bible makes me see the great light."  
The Bible has the answer to your needs.  
Hear it every day in your church every week. Read it yourself every day.

**Church of God**

### NOTICE

#### BIDS WANTED

Notice to bidders, Sealed proposals addressed to Mr. Arnold J. Muller, President, Board of Education, Burkburnett Independent School District, Burkburnett, Texas, for the construction of One story High School consisting of eleven regular classrooms, two offices, pupils' toilets, boiler room and corridor. Unit 2: A one story elementary school consisting of three regular classrooms, office, teachers' room with bookroom, pupils' toilets, mechanical room, covered porch access. Site improvements, utilities, including septic tank systems and appurtenances for each unit, for Burkburnett Independent School District, Burkburnett, Texas, hereinafter called "Owner" in accordance with plans, specifications and contract documents, which were prepared by and may be obtained from James R. Killebrew, Architect, will be received at the School Tax Office in Burkburnett, Texas until 3:00 p. m. o'clock September 10, 1959, and then publicly opened and read aloud. Any bid received after closing time will be returned. A cashier's check, certified check, or acceptable bidder's bond payable to the owner in the amount not less than 5% of the largest possible total for the bid submitted including the consideration of additive alternates must accompany each bid as a guarantee that, if awarded the contract and execute such bonds as may be required. Attention is called to the fact that ratios of pay for labor and mechanics engaged in the construction of the project will be not less than the prevailing local wage rates for similar work as determined in accordance with Public Law Number 403 of the Seventy-fourth Congress, approved, August 30, 1935, as amended and further in full compliance with any state wage law that may be applicable. The Owner reserves the right to reject any or all bids and to waive any or all formalities. Plans and specifications may be examined without charge in the office of James R. Killebrew, Architect, located at 1710 Dayton Street, Wichita Falls, Texas. Plans may be secured from James R. Killebrew, 1710 Dayton Street, Wichita Falls, Texas, upon a deposit of \$25.00 as a guarantee as to the safe return of the plans and specifications within a five day period after the receipt of bids. All bids may be held 30 days unless returned sooner by the owner. Arnold J. Muller, President Board of Education

### Band Contest Set For T-O Fair

Co-Directors, James C. Wickersham, Band director, Burkburnett High School and Joe Gattis of the Max Kruetz House of Music have announced that the plans for the 1959 Texas-Oklahoma Fair Band contest have been completed.

Dr. Milburn Carey, Phillips University, Enid, Okla. will judge the Band Contest. Bonnie Baxter, Wichita Falls will be the twirling judge.

According to Fair officials the band contest has grown to be one of the largest in the southwest, last year over 2800 students participated.

Monday, Sept. 28th Junior High Bands will contest at 3:00 P. M. in the Fair Grounds and will be judged for marching in the parade at 6:00 p. m. Class A Bands Sept. 29th, 3:00 p. m. Class B, Sept. 30th, 3:00 p. m. Class C, Oct. 1st, 3:00 p. m. at the Fair Grounds.

### DEVOL NEWS

MRS. C. O. WOODLEY

Ernest Wood, Sr., 58, died Saturday evening at six o'clock enroute to a doctor in Burkburnett after he became ill while at work combining maize north of Devol. Death was said to have been caused by a heart attack. Survivors include his wife Avis, and 8 children, Ernest, Jr., Devol, Al and Edwin of Burkburnett, Mrs. E. W. Green of Midland, Tex., Mrs. Gene Stiene of Albany, Ga., Mrs. Ray Tinsley of Honolulu, Hawaii and Jack and Judy of Devol. Two children preceded him in death, Billie Louise and Franklyn.

Mr. Wood was born in Woodbury, Tenn., July 9, 1901 and moved to this community when very young with his parents, the late Mr. and Mrs. W. A. Wood. He was married to Miss Avis Matthews of Oklahoma City while attending business college there and they made their home in the Devol community where he was engaged in farming. He also owned and operated a grocery store and filling station here for many years and drove the school bus for several years.

Services were held Tuesday at 2:00 p. m. in the First Baptist church with Dean Burk officiating. Pallbearers were C. D. Crow, T. A. Landers, K. L. Smith, Amiel Miller, A. J. Adams and Ridley Odum.

Other survivors include two sisters, Mrs. T. P. Randall of Burkburnett and Mrs. Carl Powell of Ft. Worth. Twenty grandchildren and two great grandchildren and many other relatives and friends.

Mr. and Mrs. E. N. Miracle attended a meeting of the Primitive Baptist church Association in Antlers from Thursday until Saturday.

Mrs. Dollie Hardin, Mrs. Pearl Cates, Mrs. Pearl Coker were Sunday guests of Mr. and Mrs. K. L. Smith.

Miss Bessie Woodall was a visitor in Lawton Monday and Tuesday.

Mrs. Willie Cozy moved to Randlett Monday where she will be employed in the school cafeteria.

The Sunday School teachers and other church leaders of the Devol Baptist church will be meeting Wednesday thru Friday, Aug. 26-28 and again on Monday and Tuesday, Aug. 31-Sept. 1st for a five day preparation week training course. The course is to orientate the new Sunday School workers for the coming year. The meeting will be held nightly at eight o'clock and the nursery will be open.

Attendance on Sunday, Aug. 23rd was 45 in Sunday School & 17 in Training Union. Prayer meeting services are held each Wednesday night at 7:30 p. m. at the church.

The pastor, Dean Burk, returned Monday from Cleburne, Tex., where he conducted a revival at the East Henderson St. Baptist church.

Mrs. Pearl Cates was honoree at a surprise birthday party Thursday afternoon in the home of Mrs. W. T. Stevens. Several games were played and after Mrs. Cates had been presented her gifts, refreshments of punch and cookies were served to Mesdames Cates, J. W. Hale, F. J. Uthe, K. L. Smith, Guy Hutson, Pearl Coker, Noma Wood, Dollie Hardin, W. C. Charboneau, T. C. Dillow, Zola Maloney, F. Sylvester, E. Watson, R. A. Odum, C. O. Woodley, Willie Cozy, Otis Smith, O. D. Nalls and Peggy.

### J. Louis Cozy New Journalism Prof. Phillips University

J. Louis Cozy, Burkburnett, will be a new professor of journalism and English on the campus of Phillips University this fall. Dr. Eugene S. Briggs, president, announced today.

Although a native Texan and having been in a similar teaching position the past seven years at Midwestern University, Wichita Falls, Professor Cozy is no newcomer to Oklahoma. In 1949 he received his bachelor of arts degree from the University of Oklahoma.

After brief graduate study at South Dakota A and M State college, he returned to the University of Oklahoma once again where he was granted his master's degree in 1951. Other education had included work at Cameron State College, Lawton, in undergraduate days.

Printer's ink invaded his blood at the early age of 11, when he became printer's devil in a print shop. Since then, he has done every type of work around the industry. Prior to joining the Midwestern University faculty, Prof. Cozy had worked for both the Wichita Falls Texas newspapers, the Record News and the Times.

Besides teaching journalism, news writing and freshman communications classes, the new teacher will be sponsor of the two student publications: The Haymaker, weekly newspaper; and the Phillipian, school annual.

Cozy saw active military service during World War II.

Mr. and Mrs. H. A. Goodwin have just returned home from a visit with Mr. and Mrs. Fred Fewin in Spearman, Tex. The Fewins are former residents of Burkburnett and asked to be remembered by their friends. They were planning to leave soon for a visit with their son, Mr. and Mrs. Hugh Fewin and new son, Mark in Chicago, Ill.

### TO THE CITIZENS

Continued from page 1  
The existing sewerage system is constructed, the existing sewage septic tank and is to serve the City. Further any additional flow facility could very well be a health problem in a modern sewage disposal system. Large serve the entire City needed?

The City of Burkburnett ideally located in the Sheppard Air Force the Metropolitan area of Wichita Falls. The adequate municipal sewage and new industry to reside in our community. Citizens we must act to preserve the good have and to provide security for every citizen expects to reside and living in Burkburnett.

There is no middle City moves forward.

**VOTE FORWARD TO CITY COMMISSION**  
Mr. and Mrs. visited relatives in ma City and Tulsa Sunday until Tuesday.
