## Steel Strike Can't Continue

From here on the effects of the 74-day old steel strike will snowball.

The past week brought the closing of the first automobile components plant as result of lack of steel. From now on, unless the mills reopen soon, plants large and small will be closing throughout the country. Unemployment will rise sharply. Business in all lines will be adversely affected.

In appealing to both sides to "get down to hard, intensive bargaining" a few days ago, President Eisenhower pointed out that the parties should consider not only their own interests but those of the general public. The answer given Friday by the union was the indefinite recessing of the negotiations.

It seems perfectly apparent that if the contending parties had given proper consideration to both their own long-range interests and those of the public, there never would have been a strike.

Foreign steel is cutting into the American market sharply. July imports set a record of 430,000 tons, compared with the previous July's 173,000 tons. For eight straight months imports have exceeded exports. American steel is simply being priced out of the domestic market as well as the world market.

If labor and management can't see the danger they face and agree soon, the President will be forced to invoke the Taft-Hartley laws injunction provision which would reopen the mills for at least 80 days.

That would give the American economy temporary relief, but if the strike then were resumed its results would be more disastrous than the present one's because industry would not have the huge backlog of steel it had early in July.

Another pressing reason for a settlement is this: The 1960 federal budget now is in precarious balance, but if the strike drags on there will be another deficit and more inflation.

For every reason, labor and management should effect a settlement soon. And it should be a non-inflationary settlement. The steel industry and its workers cannot hope to keep pushing wages and prices up and up in the face of growing foreign competition.

## 50 Percent Sales Tax

What would you think of a 50 percent sales tax on an absolutely essential commodity, which most American families must use every day?

Maybe you'll say that such a tax would be impossible—that no lawmaker would vote for it and public opinion would not stand for it. If so, you are dead wrong.

The federal tax on gasoline has just notched up another cent per gallon. And this means, reports the American Petroleum Institute, that the combined federal-state levy has been pushed beyond 50 percent of the actual retail price of the gasoline itself in 20 states. And the motorists of other states aren't noticeably better off—on a nationwide average, the gasoline taxes, all of which are paid by the consumer, have hit the 47 percent level. The average state tax is six cents and the federal is now four.

Here's another comparison: Gasoline is almost five times as stiffly taxed as such luxuries as diamonds and mink coats.

In just one decade—1949-58—there were 58 separate gasoline tax increases in 41 states, plus two federal increases. This added up to a 37 percent jump in the gas taxes while all retail prices rose only 21 percent and the price of gasoline itself a mere six percent. How long is the gasoline using public, which means practically everybody, going to hold still in the face of this kind of tax treatment.

## The Color of The Tie

The State of Oregon has long used yellow dividing lines on its highways. The evidence indicates that most motorists feel that they provide much better visibility than white lines, particularly in bad weather, and so are an important safety factor.

But now Oregon's Highway Dept. announces that white lines will replace the yellow. Reason: The Federal government dictates that states must adopt white lines—or lose their share of the funds allocated to the multi-billion dollar interstate highway system.

The significance of this goes far beyond any merits and demerits of white lines vs yellow lines. The Portland Oregonian makes the big point with admirable clarity: "When one accepts a 'gift' from Washington, one gives up the free choice that states, as well as individuals, hold dear. When Uncle Sam puts up money for a new suit, he not only decides what kind of suit it shall be but also picks the color of the tie."

This truism should surprise no one—the principle is as old as government. Centuries ago, someone remarked that "he who pays the piper calls the tune." Now a swollen central government pays more and more pipers, and calls more and more of our tunes.

### Band Club Sets Calendar Deadline

October 20 is the deadline for all listings on the annual Band Birthday Calendar. This announcement has been made by Mrs. Herman Miller, Band Parents club president.

For the past four years, the Band Parents Club has sponsored this calendar with listings of the birthdays of individuals, social and business club meeting dates, and wedding anniversaries.

The calendar makes a handy memorandum for one to use in remembering the important dates in the lives of friends and neighbors. It is also attractive in that it features a picture of the High School Band.

All proceeds from the sale of the calendars, fifty cents each, and the listings, twenty five

cents each, go toward the purchase of instruments and other equipment needed for the rapidly growing band program in the Burkburnett school system.

If you have not been contacted and wish to purchase the calendar or make a listing before the deadline, you may contact Mrs. Herman Miller, Mrs. V. H. VanLoh, or Mrs. Weldon Nix.

The Grace Lutheran Missionary Society met in Parish Hall for their regular monthly meeting with Mrs. Rinefeldt as hostess. The president called the meeting to order. The hymn, Lord of Glory Who Bist Brought Us, was sung by the group and was followed by prayer. The president appointed the nominating committee as follows: Mesdames C. Koenig, Bud Lasley and Leo Zwiacker. The fall Zone Rally will be held in Vernon on Nov. 12th. Fifteen members from the society are planning to attend. A letter was read by the pastor from Mr. Wilson who was a member of the church and a very hard worker while with us. The program chairman, Mrs. Clarence Schroeder who had the topic for the day entitled Labor and Industry in the Church, which was enjoyed by all. We were very glad to have Nellie back with us again. Mrs. Roark will be hostess for the next meeting.

A very nice plate was served by the hostess to the following visitors, little Kathy Donivan, Danny Ladd and Mike Schroeder, Pastor Kollmeyer, and members Miss Clara Schultz and Mesdames Enderli, Evert, C. Koenig, Kollmeyer, Krusemark, H. A. Mills, C. Schroeder, Ladd Buddy Bowles, Paul Schroeder.

Come for the quietest ride you've ever tried... a Quadri-Balanced Ride in a '60 Rocket! What is Quadri-Balanced Ride? It's the smoothest, steadiest and quietest ride in Oldsmobile history... and you owe it to yourself to try it out on the road! This dramatic advance is the result of new "ride-engineering" introduced on the '60 Olds. Vibration-Framed body mountings of live-action rubber that are up to 50% thicker have been electronically located at the points of least vibration on Oldsmobile's Guard-Beam Frame to insulate the body from road noise and harshness. Try a '60 Rocket on the road today!

# TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

*There's  
Something Missing...*

There's something missing out of this puzzle as anyone can plainly see. Sometimes life feels like this puzzle looks — something is just plain missing from it — something is lacking in it. Does your life feel like that? If so, the chances are that what you need will not be supplied by changing your brand of cigarettes or trying a new brand of tranquilizer. What is missing is more likely a right relationship with God. This is the condition without which no life is complete. As one minister put it, man has a God-shaped blank in his heart. However it is expressed, a right relationship with God is the factor with which man's true happiness is linked.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God

Fourteen Wichita County 4-H boys and girls will exhibit broilers in the Junior Broiler Show to be held in Dallas, at the Dallas Fair on Saturday, Oct. 16-20. Contestants will enter 10 broilers comprising 5 cockerals and 5 pullets. Judging of the Junior Market Broiler Show will begin at 9:00 a. m. Saturday, Oct. 17. Blue ribbon broilers will be sold at auction sale on Tuesday, Oct. 20th. There will be \$700 in prize money awarded.

The boys and girls entering the show are: Charles and Dickie Findley, Garland Lehman, Linton Lowrance, Arthur Pennartz, Susan Haws, Ray Pennartz, Nancy Haws, John Pennartz, Lawrence Pennartz, Pat Pruitt, Harry Sargent, Jerry Wolf and Mike Yondorf.

Of all farm animals, the dairy cow in milk production requires the greatest amount of water in proportion to her size. The amount of water she will drink depends on her size, her daily milk yield, the air temperature and humidity and the amount of water in the feed she eats. From 100 to 120 pounds of water (12 1/2 to 15 gallons) per head is an average daily consumption for a dairy herd, including both cows in milk and dry cows.

Average realized net income per farm in Texas amounted to \$3,430 in 1958, compared with \$1,774 in 1957. Texas farm operators ranked 17th among the states in realized net income per farm.

Using the high energy feed formulas now in practical use, it is possible to produce a broiler weighing more than 3 pounds in eight weeks on less than six pounds of feed. This is possible if no disease outbreaks occur, if the chick is available that is capable of obtaining such standards and if proper management procedures are followed.

Texas farmers realized a net income of \$1,001.5 million from farming in 1958, \$474.6 million more than in 1957. Estimates prepared by the Agricultural Marketing Service show that Texas ranks first among the states in realized net farm income.

Realized net is the income farm operators have to spend after paying their production expenses. Farm operators in Texas built up inventories of crops and livestock in 1958 by \$46.4 million. When realized net income is adjusted to allow for the change in inventories, the total net farm income of Texas operators was \$1,047.9 million. It was 719.1 million in 1957.

To get enough calcium and riboflavin in the daily diet, you need lots of milk, according to Thelma Wirges, County HD agent. Three to four cups per day are recommended for children; one quart or more for teenagers; two or more cups for adults; and one quart or more for expectant and nursing mothers.

## WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

One of the busiest locations in Washington is 815 16th St. N. W. for here is headquartered an organization named COPE. It is indeed an organization the nation must learn to cope with.

In fact, the activity of this organization set up three years ago is the principal reason why Congressional leaders are constantly exploring independent businessmen, and all who believe in the free enterprise system to take a more active interest in government.

COPE stands for Committee on Political Education set up by the AFL-CIO. It also stands for the complete domination of the nation's governmental life.

According to the best estimates, in this country, out of a working force of some 58 million, there are only 17 million union members. Deduct those members who are only members by compulsion and the figure might get down as low as the reputed 3 million party members who run 220 million Russians.

In COPE's large and well staffed headquarters, there is constant activity financed by "voluntary" contributions by the nation's 17 million union members.

Detailed maps of voting precincts all over the country are maintained in COPE headquarters in Washington. In fact, these maps are so comprehensive individual houses are marked out.

As a further refinement, the economic interests and status of the National Federation of Independent Business

the family occupying each house are roughly defined. Thus, a dark line is drawn across all houses where a Cadillac is owned, a light line where certain other types of cars are owned.

But if a family is buying a washing machine on time, and COPE gets this sort of information, that home in due course is bound to be called on by a member of COPE's nationwide task force, usually organized on a local basis by leaders trained in Washington.

There has probably never been a better organized, a more minutely set-up operation in all history for the purpose of a minority taking over government without armed revolution.

And as the investigations by Sen. McClellan and Sen. Kennedy bring out more about certain gangster type operations going on in some labor circles, the more active COPE becomes.

Tough minded, shrewd, heavily financed, and with a definite goal in mind, COPE in three short years has become one of the most powerful operations in the nation.

Thus, labor moves on unchecked, despite public disgust with the Becks, the Hoffas and the rest of that crew.

Only strong and effective organization on broad front will prevent that minority that is organized labor from becoming the master. Free enterprise will not long remain free unless it learns to cope with COPE.

and care of large electrical equipment. Mrs. L. L. McHugh gave recommendations for foods and nutrition work. Work will be done on planning, producing conserving, preparing and serving. Mrs. E. L. Moore reported for the clothing committee. As well as regular work with clubs, the committee planned for a special clothing workshop. The workshop will be limited to homemakers never before reached by the Home demonstration clothing program. Clubs will include special work on clothing selection, care and storage.

Mrs. V. C. Lamb reported on general plans for HD club work while Mary Harwell gave recommendations for the 4-H club program. Mr. L. L. McHugh represented the Farm and Home Development management and Safety Committee as he presented plans for safety work. A major project of this committee will be reflector tape for all farm machinery.

## News From The HD Agent

Food can do more than just keep you alive. The right food daily can give you better health, greater vitality and improve your appearance, according to members of the City View HD club. It can even help you stay young longer. An individual who is well fed from babyhood on is more likely to enjoy a long prime of life. At any age, however, proper diet means better living.

Food has three main jobs: to provide fuel for the body's heat and energy, supply materials for growth and upkeep of the body, and provide regulators that enable the body to use other materials and run smoothly. Not anyone or any few foods will accomplish all these jobs it's the daily selection and balance that counts.

Make sure of a proper daily balance of food. Use the Texas Food Standard as a daily guide to good eating. It provides adequate fuel food, body regulators, and building and repair materials. The City View club had an excellent exhibit at the Texas-Oklahoma Fair that shows how to obtain a proper balance in family meals.

To get enough calcium and riboflavin in the daily diet, you need lots of milk, according to Thelma Wirges, County HD agent. Three to four cups per day are recommended for children; one quart or more for teenagers; two or more cups for adults; and one quart or more for expectant and nursing mothers.

One good way to include more milk in the diet is to serve it with cereal. The nutrients of these two foods supplement each other to give nutrition at low cost.

A serving of cereal and milk provides these important nutrients common to both top quality protein, fat, carbohydrates, the B complex vitamins and the essential minerals calcium, phosphorus and iron.

Cereal is easy to prepare and serve. It has an appeal all its own and can be varied by different toppings of fruits or sweetenings. It's an easy way to add more milk to the daily diet. The Barwise HD club had an excellent exhibit at the Fair, to show ways of getting milk in the diet. If you have a family member who refuses to drink enough milk, contact Mrs. Ray Strawn or one of her club members.

The Wichita County program building committee met this past week to help make plans for the 1960 County Extension program. The program is composed of agricultural & home economics work, done under the supervision of the local HD and county agricultural agents.

Mr. L. L. McHugh, vice chairman conducted the business meeting. Officers were elected & sub-committees reports were given.

Newly elected officers are: L. L. McHugh, chairman, Roy Jennings, vice chairman and Mrs. Gale Lowrance, secretary. Sub committee reports were given as follows: Mrs. J. L. Graham gave the home improvement recommendations which include workshops on refinishing furniture and covering lampshades, as well as a special interest meeting on selection, use

## Bulldogs Shut Out Electra Tigers 22 to 0

Burkburnett turned three Electra fumbles into touchdowns and rode the passing of quarterback Bobby Lewis to defeat the Tigers, 22-0, here Friday night in a 2A-9 district game.

Lewis tossed two touchdown passes and two strikes for points after touchdown.

Burkburnett scored its first touchdown with 15 seconds to go in the half when Lewis passed to end Jerry Musgraves, the play covering the last nine yards of a 30 yd. drive which started when Electra suffered its first fumble. Lewis passed to Larry Armstrong, halfback, for the extra points.

The Bulldogs registered their second tally with three minutes left in the third quarter after Electra fumbled again on its own 13 yard line. On the next

play from scrimmage, halfback Kenneth Durham went to the five, then hit right tackle for the score. Durham's run for the extra point was good.

Burkburnett scored its final TD of the night with about 10 minutes left in the contest, following the third of Electra's costly fumbles.

Lewis threw 15 yards to Durham for the score after a 40 yard march which was slowed by four straight 15 yard penalties against the Bulldogs. Lewis pass to Musgraves for the extra points was good.

With about three minutes left in the game, Burkburnett put in its reserves and Electra began to move the ball almost at will and penetrated to the Bulldog five yard line, its deepest penetration of the night, when the clock ran out.

The win leveled Burkburnett's district record at 1-1, while Electra was suffering its fifth straight defeat without scoring a touchdown.

## WIT HOUR SUBSCRIBERS

Gentlemen:  
Enclosed is our remittance for renewal of our subscription to your paper, and also our mailing address after Nov. 1, 1959.

My husband, Ruel (Buddy) Spillers was born and raised there in Burkburnett. From what I hear, he was quite a character. I'm afraid though that I'm just a naturalized Texan, having been born here in Alabama. However, I've come to love Burk very much. Everyone was so friendly and nice to me.

On Monday morning we especially welcome the arrival of the Burk Star. It hasn't failed to be on time for the last year. My family really enjoys it too. We love to see what social events occurred, who's the fellow in the limelight this week, who's had houses for rent and who's had a baby recently. I didn't mention editorials. That's read first anyway. The Burk Star is certainly a refreshing change from the sensationalism we get all the time in the larger papers.

We're moving to Germany soon, and now, more than ever, we want the Burk Star.

I thank you so much for keeping us tuned in on Burkburnett progress all year.

Sincerely,  
Mrs. Ruel W. Spillers

Gentlemen:  
I enclose check in the amount of \$2.50 to cover renewal of our subscription to the Burk Star.

We very much enjoy reading you paper and look forward to its arrival each week. So please keep them coming!

Sincerely Yours,  
Mrs. E. J. Reed

## Grade School News

6-3—Room 12

The boys and girls in room 6-3 are studying about the French Explorers in history. In science we are studying about light and how colors are made from light.

Here is the answer to the mystery for last week: Eleanor Ann Roosevelt.

Here is this weeks mystery:  
Clue 1—These two men were famous from April 12, 1861 to April 9, 1865.

Clue 2—At the time these two men were famous there was lots of fighting going on.

Clue 3—This fighting was between the states.

Clue 4—One of these men was born 1822 and died 1885 and the other man was born 1807 and died 1870.

Clue 5—One was president from 1864 to 1870 of the USA.

ANSWER:  
Robert E. Lee and Ulysses Grant

Roy Butler made the mystery for this week.  
We have made posters about the Early Spanish Settler. They are— 4 Spanish Explorers; The animals the Spanish brought to the new World; Food crops of the early settlers; Trees the settlers brought to the new World; Early explorers and settlements of the Spanish; Weapons used by the Spanish; Tools used by the Spanish.

Roy Magers received word Thursday morning of the death of a sister, Mrs. Ethel Swain of Premont, Tex. Mrs. Swain suffered a heart attack.

## The Burkburnett Bullpups Did It Again

For the third consecutive time this season the Burkburnett Bullpups won another victory. They outscored the Junior Duncan Deamons 14-6 Thursday, Oct. 1st.

With good defense and offense

work the Deamons and the Bullpups fought it out for a 0-0 first half.

In the third quarter, on an end sweep, a touchdown was made for Burk with Lindley carrying the ball. Then the Deamons came back with a touchdown.

In the fourth quarter Johnny Koller intercepted a pass which set Burk up for another touch-

down with Melvin Lindley carrying the ball. On a line on the right, Bob Bauch made the touchdown another two points game 14-6.

### Garden Meeting Oct. 1st

Garden club held monthly meeting in Vera Oelschlagers home acting as hostess.

### Judye Nichols John Haxon Plan June Wedding

Mr. and Mrs. Kenneth L. Nichols of 715 Maple Ave., Burkburnett, announce the engagement and approaching marriage of their daughter, Judye Ann, to Mr. John H. Haxon, son of Mr. and Mrs. Howard T. Haxton of Hyrum, Utah.

The wedding has been scheduled for June 21, 1960 in the First Methodist church at Fort Collins, Colo.

Miss Nichols is attending Burkburnett High school at the present time and will graduate in May, 1960.

Haxon is a junior at Utah State University in Logan, Utah, where he is majoring in Animal Husbandry.

### Mrs. D. M. Lowery Hostess Oct. 7th Home Builders Class

The Home Builders class of the First Methodist church met for their regular monthly meeting in the home of Mrs. D. M. Lowery, Wednesday Oct. 7th. The meeting opened with the group singing, What A Friend. The devotional was read by Mrs. Hugh Jones from John 14: 25-31. Mrs. Homer Gilbert gave a beautiful poem, Get Up and Go, Got up and Went.

A motion was made and seconded by Mrs. Patterson and Mrs. Lawler to buy 12 new song books for their class. Collection of dues and pennies amounted to \$17.58.

Refreshments were served to the following Mesdames: Moreman, Grace, Bruce, Gage, Revier, Neal, Patton, Gilbert, Patterson, Jones, Henson, Lawler and Lowery.

Next meeting will be with Mrs. Lawler.

### Regular Meeting Of WSCS Was Held Monday, Oct. 5th

The WSCS met in the Wesley room of the Methodist Church Monday, Oct. 5th at 10:30 a. m. The meeting opened with prayer by the president, Mrs. Page Brown. Song, Count Your Many Blessings.

A short business session was held after which Mrs. Mary Veach continued our study of the United Nations. The Status of Women in Asia and Africa was given by Mrs. Furl Galloup.

The meeting closed with the WSCS benediction. Everyone then went to the Fellowship hall for a delicious luncheon attended by about 20 women.

Our next meeting will be at the church on Oct. 19th at 2:30 p. m.

### CHEERFUL BLUEBIRDS

Mrs. Dessie Grubbs' second grade class met Tuesday, Oct. 6th to organize their Bluebird group.

Our group will be known as the Cheerful Bluebirds with Mrs. Lemuel Phillips as leader, Mrs. R. C. Bankhead as sponsor and Mrs. Gavin Vaughn, assistant leader.

The following officers were elected: Cathy Alexander, president; Denise Story, vice president; Patricia Bankhead, secretary; Cheryl Phillips, song leader; Cullene Vaughn, candle lighter; Sonja Gayle Preston, Brenda Bankhead, monitors; Ladeana Sneed, Debbie Holtzen, Tidy Committee; Meredith Kelly reporter.

Mrs. B. H. Alexander, Jr., served refreshments to the ten girls present.

"Mom, is he washable?"

No car or truck is too big for us to wash and lubricate. We go "all out" and "all in" besides. Inside and out your car is clean when we do the job.

Not a Filling Station—but a Service Station

Maurice E. Peloubet, a partner in a leading New York accounting firm, points out that about \$95 billions of a total plant investment of some \$300 billions in the U. S. is now considered obsolete. Industry wants to replace the old equipment with new and more efficient machines. But, says Mr. Peloubet, antiquated and unrealistic depreciation methods imposed by tax laws make it impossible.

## Helps keep utensils mirror-bright!

## CLEAN ELECTRIC COOKING

Utensils keep their bright new look . . . walls, curtains and woodwork stay decorator-bright . . . all with minimum washing and care . . . when you cook electrically. Electric heat is as clean as electric light, and is transferred to utensils by direct contact for maximum cleanliness and efficiency. The radiant-

heat electric oven requires no draft of air into and out of it, so heat remains inside and there is no excess of cooking vapors to smudge kitchen walls. Visit your electric range dealer soon. Find out for yourself how clean electric cooking can be. And discover its other advantages of coolness, speed, accuracy.

Clean electric cooking is a feature of all Live Better Electrically Medallion Homes.

**Merchants Open Until 8 P. M.**  
Beginning Oct. 16th  
The Merchants Committee of the Chamber of Commerce announces that Burkburnett merchants will remain open until 8:00 P. M. on Fridays from now until Christmas. The late closing hours will be inaugurated beginning Friday, October 16th.  
Next week a page ad will appear in the Star giving details of a shopping program worked out by the merchants committee. Big things are in store for Burkburnett shoppers.

**Regular Meeting of Bluebonnet Club In Gragg Home**  
The Bluebonnet Garden Club met in the home of Mrs. Elizabeth Gragg with Mrs. Maude Bohner as co-hostess for a regular meeting at 2:30 p. m. The meeting was called to order by president, Mrs. Lou Ethel Boyd. Roll call and regular business followed.  
Mrs. Icie Howard had charge of the program and presented Mrs. Bertha Johnson who gave a demonstration on flower arrangements, using three different designs, also Mrs. Gail Butts who gave an interesting discussion on Good and Bad Flower Containers used in flower arranging. An interesting talk was given on Ethics by Mrs. Hattie Burns, parliamentarian.  
Schedules for the Christmas Home Show Dec. 17th and sponsored by the Burkburnett Council of Garden Clubs were presented to members. The home to be decorated for the Bluebonnet Garden Club is to be the dining room in the home of Mrs. Jessie Preston. A work shop is being planned, also for the Young Sprouts Junior Garden Club which is sponsored by this club.  
Delicious refreshments were served to Mesdames Icie Howard, Gail Butts, Earlyne Chambers, Lou Ethel Boyd, Hattie Burns, Ona Banning, Lena Warren, Lillie Neal, Elizabeth Brady, Bertha Johnson, Zela Mills, Maude Mathis, Jessie Preston, Mary Cecil, Grace Markum and the hostess.

Gov. Price Daniel and Atty. Gen. Will Wilson head the team presenting Texas claim that it owns the submerged lands for three leagues — or nearly 10 miles — into the Gulf. Federal attorneys argue that the state owns the land only three miles out. Former Supreme Court Justice James P. Hart and J. Chrys Dougherty, a former assistant attorney general, also went to Washington to join in the presentation.  
Other Gulf Coast states which are in the same boat, with Texas on the tidelands issue are also participating in the now historic struggle.  
**SAUNDERS ASKS RE-TRIAL**— Former Insurance Commissioner J. Byron Saunders is asking for a new trial of the perjury charges against him. Saunders was convicted in an Austin court and sentenced to two years in prison. He was accused of having lied to a legislative committee as to why the now bankrupt ICT Insurance Co. paid him \$7,000 while he was insurance commissioner. Saunders contended the money was payment for his interest in oil royalties on a piece of property he sold the company.  
It is the first time in the history of the state that a person has been charged with perjury as a result of statements to a legislative committee. Saunders' attorneys have vowed to take it

Rural and small town residents have an advantage over their city cousins when the new auto insurance rating plan goes into effect Jan. 1st.  
Under the new system worked out by the State Board of Insurance, a driver's auto insurance premium will be raised or lowered according to his driving record. Each accident or ticket for a moving traffic violation puts a 'black mark' on the drivers record and moves his insurance premium up a notch.  
In the congested streets of the larger cities, one wrong move, even if unintentional, often brings a ticket or a crumpled fender or both. In most small towns, the local lawman is not usually too exercised if one of his friends and neighbors makes a U-turn on the main street.  
Purpose of the plan is to put the biggest part of the burden for insurance payments on people who bring on the most damage and expense. People who have a history of numerous traffic violations, according to Department of Public Safety statistics, are the ones who have the most accidents.  
It is also hoped, of course, that the plan will encourage careful driving with its cash incentive. Drivers with no record of an accident or violation for the past three years will get a 20% reduction in their insurance rates. Drivers with one point against them will pay current rates. Those with from one to five points against them will pay increased rates on a sliding scale, and those with six or more points will pay through the nose, double rates.  
Some activities will be very expensive, point wise. Drunken driving, hit and run driving and negligent homicide will cost 4 points. An accident with damage over \$25 brings 2 points; running a red light, only one point.  
In most cases the effect of a violation on insurance premiums will hurt the pocketbook worse than the usual fines.

all the way to the U. S. Supreme Court if necessary.  
**PANEL ON AGING**— Sen. Crawford Martin of Hillsboro has been named to head the Governor's Conference on Aging. This group will study problems of elderly people and take the state's report to the 1961 White House Conference on Aging. Also named by Gov. Daniel to the panel are State Welfare Commissioner John Winters; State Health Commissioner J. E. Peavy; State Employment Commissioner Perry Brown; Dr. C. J. Ruhlmann, state director of mental health and hospitals; and Jess Irwin, the governor's budget director. Also, Mrs. William B. Ruggles, Herbert Shore and Eldred Thomas, all of Dallas.  
**GIBBS RE-CALLED**— Jo Je P. Gibbs has for the third time, been tapped to join the High command of the State Board of Insurance. Gibbs was appointed by Gov. Daniel to succeed Board member David B. Irons who will leave Nov. 1st to join a Dallas law firm. Irons said his resignation was not triggered by the Department's recent difficulties with the Legislature which cut salaries of top officials. Gibbs served as an insurance commissioner from 1941 to 1952 as an appointee of Govs. W. Lee O'Daniel and Beauford Jester. He served again from 1957 through Feb. 1958, after Gov. Daniel made appointments to an entirely new, re-organized board.  
**MORE APPOINTMENTS**— Other new appointees announced by Gov. Daniel are: To the State Finance Commission: Lacy Boggett of Ft. Worth, W. B. Russell, DeKalb and Walter Taylor, Tuscola. To the board of Texas Southern University: Dr. W. R. Banks of Prairie View. To the Seed and Plant Board: Owen Gilbreath and Arthur Young of Lubbock, Emmett Harper of Martindale, Heino
