Editorial From Boys Ranch Roundup

Ed's Note: Some editorials need to be printed over and over again. The following appeared in Cal Farley's Boys Ranch Roundup, mailed to Mr. and Mrs. Geo. McClarty: "Several times over the past few years, our editorials have contained various quotes of Judge Philip B. Gilliam, nationally known juvenile judge from Denver, Colo., who has handled thousands of juvenile cases. We would like to quote him again:

"Always we hear the plaintive cry of the teenager: What can we do? . . . Where can we go? The answer is GO HOME.

"Hang the storm windows, paint the woodwork. Rake the leaves, mow the lawn, shovel the walk. Wash the car, learn to cook, scrub some floors. Repair the sink, build a boat, get a job.

"Help the minister, priest or rabbi, the Red Cross, the Salvation Army. Visit the sick, assist the poor, study your lessons. And then when you are through—and not too tired—read a book.

"Your parents do not owe you entertainment. Your city or village does not owe you recreational facilities. The world does not owe you a living . . . You owe the world something. You owe it your time and energy and your talents so that no one will be at war or in poverty or sick or lonely again.

"In plain, simple words, GROW UP: quit being a cry-baby. Get out of your dream world and develop a backbone, not a wishbone, and start acting like a man or a lady.

"You're supposed to be mature enough to accept some of the responsibility your parents have carried for years. They have nursed, protected, helped, appealed, begged, excused, tolerated and denied themselves needed comforts so that you could have every benefit. This they have done gladly, for you are their dearest treasure. But now, you have no right to expect them to bow to every whim and fancy just because selfish ego instead of common sense dominates your personality, thinking and requests.

"In Heaven's name, GROW UP and GO HOME!"

Culberson Heads Texas Cancer Crusade

Judge Olin Culberson of Austin, Texas Railroad Commissioner, will head the 1960 Texas Cancer Crusade. He is shown here, center, accepting the emblem of the Crusade, the American Cancer Society's Sword of Hope, from the hands of the Society's Texas Division president, Dr. John A. Wall of Houston. Also shown with the new Crusade chairman is Mrs. L. E. Dudley of Abilene, Texas Division vice-president. Under the direction of Judge Culberson, the Society hopes to raise \$1,320,000 in the 1960 Crusade to continue its three-pronged attack on Cancer through research, education and service to cancer patients.

Demerit Rating Plan For Auto Coverage Released by Board

AUSTIN — In culmination of more than a year of painstaking work, the official State Board of Insurance order promulgating the Texas Safe Driving Insurance Plan, to become effective Jan 1, 1960. Board estimated it would mean a reduction of \$20 million in 1960 premiums for the safe drivers.

The heart of the system is the points given to drivers for each moving traffic violation or accident resulting in property damage over \$25, death or injury.

Drivers with a clean slate will get a 20 per cent reduction from manual rates. Those with one point will pay the standard premium for their insurance, while motorists with two points must add 20 per cent; three points, add 40 per cent; four points add 60 per cent and five points add 80 per cent. Those drivers with six or more points, as determined from their driving record with the Department of Public Safety, will pay double the annual rate.

Penn J. Jackson, Board chairman, said he knew of no other state with a similar plan to reward drivers. From a sample of 40,000 drivers' records from the files of the Department of Public Safety, it appears that more than half of the Texas motorists can take advantage of this reward. Zero ratings were given drivers of 57.1 per cent of the autos sampled, while only 2.2 per cent had six points or more.

Along with the order the Board compiled three exhibits. The first shows the safe driving record premiums in all Texas territories, another shows the effect of the plan in the various territories, and the third contains 41 questions and answers relative to the plan.

Oral Roberts Writes Mrs. Laura Hale

Mrs. Laura Hale
My Dear Partner:

This is Thanksgiving Season, and my thoughts are with you. I thank God for you. Your partnership with me in my ministry of healing and salvation is something that I cherish very much, for I know that without faithful partners my ministry could never have reached the millions of people who have been blest by it.

You are precious in God's sight for you share with me the great task of taking the gospel to every person on earth in our generation. During the past six years we have won 555,024 souls to Christ. So you see, our efforts are worth while.

Please remember: It is a joy to pray for you. I hope that I can be a greater blessing to you in the future than I have ever been. I treasure your friendship and partnership, and I pray daily that God will abundantly bless you and yours—not only through Thanksgiving Season, but in the months and years to come. I believe that you may expect greater blessings to come to you from this day forward.

Your grateful partner in the Blessing-Pact,
ORAL ROBERTS

To Think Is To Share

Thanksgiving, ever since the first one in America, has been a day for giving thought as well as thanks to the blessings of freedom—spiritual freedom and economic freedom, too. And appreciation of good fortune carries with it the normal, human urge to share with the destitute.

This in a nutshell, is the philosophy of "Operation Clothes Closets" to be conducted among more than 16,000 Catholic churches in the US by Catholic Relief Services, NCWC, for the eleventh consecutive year. This mammoth, nation-wide activity which produces millions of pounds of desperately needed wearable used clothing, shoes, blankets and bedding annually for the displaced and homeless, the sick and needy, the undernourished and despairing of 51 countries, is known as the "Bishops' Clothing Collection." How this may have come about is related by James C. G. Conniff writing for the NCWC news Service:

"The word 'Chapel' means clothes closet, from the Latin capella. The first chapel in Christendom was a clothes closet. It was the place in France where they kept a certain famous military cape (cappa).

"That cape, on a wintry road near Amien, was shared with a shivering beggar by a mounted teenage Roman soldier. The soldier clip-clopped on into History as a Christian convert who lived for charity. He became a bishop of the Catholic Church, and in time, St. Martin of Tours. "And the beggar?"

"Well you know the story. What they kept in that first chapel was actually the half-cape which Martin, with Roman prudence, reserved for his warmth. It in no way diminished his reward. For the half slashed off with his sword for the freezing beggar he saw again, but only once, in a vision that same night. It embraced the shoulders of Jesus Christ.

"Your cloak can too," says Mr. Conniff.

It is the writer's idea that anyone may consecrate his own clothes closet into a chapel by ransacking it for unneeded wearables or worn but usable bedding and leaving these things at the nearest Catholic Church during Thanksgiving week, November 22 to 29th. You may be sure these comforts will go to those who need them most in the whole world. And it might be recalled that the young soldier was still a pagan when he slit his cloak.

More Revenue From Lower Taxes

Secretary of Commerce Mueller has come out in favor of tax reform which will remove road blocks to business growth and "establish the right business climate."

The matter arose when a newspaperman asked: "If a tax cut were to come, where do you think it should come?" The Secretary answered: "I would rather use the words, 'tax reform,' because I think we have a lot of situations in our tax structure that inhibit business growth, and I believe that, as Secretary of Commerce, my responsibility is to make every effort to see that we establish the right business climate, so that investors and entrepreneurs, if you wish to call them such, are encouraged.

He then cited the fact that in 1954 "we had a substantial tax cut and, as a result of that tax cut, business was stimulated to the extent that within a very short period, we were actually taking in more revenue at the lower rates than we were previously.

This emphasis an economic truth that is too little understood. A heavy percentage tax, whether on business or the individual, does not necessarily result in maximum revenue to government. A more moderate tax, which stimulates investment, expansion and the creation of new productive wealth, will in the long run bring in greater revenue, and at the same time lead to more and better jobs and higher living standards for all.

One out of every eight adults in this country is now a shareholder in American corporations.

Heros Of The 50th State

Americans have long been proud of the designation of their country as the "melting pot." Yet it took the global holocaust of World War II to make it completely that, to recognize and to honor the devotion of American born citizens of Japanese origin.

This is the theme of "Some Americans from Hawaii," from James A. Michener's newest book, "Hawaii" appearing in the December Reader's Digest. It is the story of one of a shipment of 1850 Japanese peasants brought to Hawaii in 1902 to work the sugar plantations of Kamejiro Sakagawa's toil and suffering, his pride and courage, his triumphs and bitter reverses, and the proud American family he reared. But it is also the story of Col. Mark Whipple, a West Pointer who made soldiers instead of internees out of patriotic young Hawaiian born Japanese-Americans, who lead his all Japanese "Purple Heart Battalion" to immortality at Montecassino and died with them in the bloody rescue of the Texan "Lost Battalion" trapped by the Germans in a Vosges mountain pocket.

Comment from the Capital

YOU SAID IT, AMERICA!

by Vant Neff

You said you wanted the labor union racketeers cleaned out. You said you wanted a law that would curb the goons...break up the blackmail picket lines...stop the abuse known as "hot cargo" or secondary boycott. You said you wanted to stop the extortionists in labor who were squeezing men and women out of money and jobs...who were forcing small bus-

YOU SAID IT, AMERICA!

nessmen out of business. You said you wanted real labor union reform. And you got a law which represents real progress. Not all that's needed but an important step forward. Not all the union lobbyists in Washington...could keep you, the American people, from getting your way. For from the moment the President signed the Landrum-Griffin bill into law, American labor and management entered what should be a new, brighter era. And this happened only because so many of you sent letters, telegrams and messages to your representatives in Congress. The huge majority demanded: Give us real reform of labor union abuses; give us the Landrum-Griffin bill.

But there is a warning in this great assertion of the will of the people. For we acted just in the nick of time. If, in the closing hours of debate, your mail hadn't poured onto the desks of Senators and Congressmen, there would be no Landrum-Griffin Law today. Only days before the Senate passed the bill, a union lobbyist threatened to "retaliate" against every Representative who voted for Landrum-Griffin. He threatened in vain. The crisis is past.

But is the job finished? How do we stand now? You can be sure that the passing of this one law will not make the ty-

rants in organized labor disappear overnight like magic. At this very moment, they are hard at work with their platoons of lawyers. As they always do, they're looking for ways to "beat the rap"...to "get around" your commandment that union leadership shall be reformed. Over the years, men like Jimmy Hoffa have built veritable empires of influence. They won't give up that power easily.

Developments in the next few months should show us how the land lies. Now we must start watching the back pages of our newspapers. We should notice small items telling us what Jimmy Hoffa and his kind are up to. Because if experience is any guide, those back page items will gradually work themselves into front-page headlines. Once again, American labor may be at the mercy of a few powerful men...unless you watch out!

Let's not wait until the last minute this time. Let's be ready and informed now. We kicked the goons out the front door of the nation's capital. Let's be sure they don't sneak back in through the back door!

Write your Congressman and Senator. If they voted for Landrum-Griffin, congratulate them. After all, it took courage to stand up and be counted against some of the most powerful groups in America. And if your Congressman or Senator voted against Landrum-Griffin, let him know that you're watching the adventures of the labor bosses carefully. Remind him that only a few weeks ago the American people "voted" against union racketeering. Remind him that they'll do it again.

You said it, America! You said you wanted good, clean and democratically organized labor. You got a law on the books that can help you get just that. And let's support the men who put it there.

ward in Honolulu," writes Mr. Michener, "Shigeo Sakagawa marched behind the flag bearers, his slanted eyes appraising this community in which they had not previously been welcome. But when he heard the thundering applause and saw from the corner of his eye his bent mother and his stocky, honest little father, Americans at last, waving little American flags, he felt that the struggle had been a good one. 'This is my town,' he thought as he marched. This is my country."

This is a story that needed to be written—and needs to be read by all Americans.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

Built to Last

Steel framework is a symbol of massive strength. On these beams thousands of tons will rest and be supported with ease. Even the brick exterior will actually rest on the steel frame. No wind or storm that comes will threaten this structure — it is built to last.

Some lives are like this building—they have a core which supports the whole and which the storms of life will not threaten. The really good news is that you can have this solid center to your life too. It is a center based on total trust in God. Your nearby church can tell you why and how to trust in God. Go there and let your life be built to last.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

PALACE THEATRE
 MOVIES ARE YOUR BEST ENTERTAINMENT

News From The HD Agent

Miss Thelma Wirges, county HD agent, has just returned from New Orleans, La., where she attended the National meeting of the County Home Demonstrations Agents Association.

In Paris after the theatre everyone goes to Les Halles, an old and famous produce market in the center of the city to eat the equally famous French onion soup.

Croquignoles are delectably puffy doughnuts cut into triangles or rectangles instead of the usual circles. Although there is no hole in the center, some rectangular Croquignoles are given three small cuts, somewhat similar to the cuts in French bread.

The recipe for Croquignoles given here was developed from an old Creole recipe by Corn Products Company who entertained the HD agents during their annual meeting held in New Orleans.

The word Croquignoles is a Creole word which evolved from the Canadian French word Croqueignole means a crisp fried cake.

Here is the recipe for the Croquignoles, from the French market:

1-2 cup warm water, 2 table-spoons corn oil, 1-3 cup sugar, 1-2 teaspoon salt, 1-2 cup evaporated milk, 1 package active dry yeast or 1 cake compressed yeast, 1-4 cup warm, not hot, water, 4 cups sifted flour, 2 eggs beaten, corn oil, for frying.

In a large mixing bowl combine corn oil, sugar, salt and evaporated milk. Sprinkle dry yeast into 1-4 cup warm water, (or cool water to luke warm and crumble in compressed yeast), stir until dissolved, add to corn oil-milk mixture, stir in flour and eggs alternately, beating hard and briskly. If necessary add more flour to make a soft dough.

Turn dough out on a lightly floured board and knead dough light for about 5 minutes or until smooth and elastic. Place dough into an oiled bowl, brush lightly with corn oil, cover with a cloth and let rise in a warm place about 1-2 hour. The dough will not be doubled. Punch down turn out on lightly floured board. Divide dough in half. Keep unused portion of dough covered. Roll half the dough at a time into rectangle about 1-2 inch thick. Cut into small triangles or into rectangles about 1 1/2x1 inch. Stretch with fingers until

TB Christmas Seal Sale Underway

A BOY AND A GOVERNOR — Governor Price Daniel proclaimed Christmas Seal Days in Texas as he visited with a small recovered tuberculosis patient, Leonard Alcala of Austin. Said Governor Daniel in his proclamation, "For hundreds of years man has battled against disease. For more than fifty years, his battle against tuberculosis has been hard and rewarding. Today, tuberculosis as a killer is being curtailed in this country by modern drugs and improved patient care and rehabilitation facilities. But tuberculosis as a communicable, widely prevalent, expensive and long-lasting illness is still to be reckoned with. New cases reported in Texas the first nine months of this year were 3,375, and health authorities estimate there are more cases not reported than reported.

The Christmas Seal Sale is the one annual appeal of the Texas Tuberculosis Association and affiliated local associations for funds to make possible year-around efforts to curb this needless waste of human life and resources. Therefore, I . . . do hereby designate the period from November 16 to December 24, 1959, as Christmas Seal Days in Texas, and urge all citizens to make a sound investment in their own and their fellow citizens' health by buying and using Christmas Seals during the holiday season." Leonard Alcala, whose parents are Mr. and Mrs. Paul Alcala, spent part of his babyhood in a tuberculosis hospital, in company with his parents. All are now recovered.

dough doubles in size and thin. Pieces should be slightly thinner in center. Fill a sturdy, flat bottomed saucepan or fry kettle one third full of corn oil. Use 1 quart corn oil in a 3 quart pan. Heat to 375 F. Add doughnuts slowly when correct temperature is reached. Fry only one layer at a time. Turn to cook and brown all sides evenly, about 2 to 4 minutes. Drain on absorbent paper. Dust with confectioners sugar. Serve hot. Makes 4 dozen.

SPORTS BITS

By NORMAN WILSON

It's tournament time again and the Burk Burnett Invitational is the first order of the day come Monday the 30th. Coaches Koller and Smith have been working with their boys and girls and we are hoping for a fine season. Possibly some of the fans are wondering about the early date for the tournament this year. There are several reasons for this.

First, it will not conflict with other tournaments and district play. Many times in years past a team has had to go home to play a previous commitment or a district game. The regular season starts the first week in January and it will give the boys a chance to find their weak spots before the season starts. Secondly, the necessity of playing a tournament during the Christmas holidays is alleviated. It is an experimental thing and if it does not work out to the satisfaction of all concerned, something else will be done.

Coach Carol Smith's A team girls have already played two games and as we go to press, are on their way to Lockett to play a game. They lost to the Lockett girls in their first outing, 61-28. Lockett's girls are unbeaten so far this season. Shirley Overton was high for the Burk girls with 12 points and Janice Martin was next with 7. In another game with Valley View, the girls lost a heartbreaker, 43-42. Shirley Overton was again high point winner with 21. Shirley Hodges was next with 15. High for Valley View was Ginger Birlwith with 18. The girls have elected captains for the season and they are Janice Martin, Senior and Janelle Sanders, Junior.

Coach Walter Koller has had little time to work with the Bulldogs so far. He is not sure who will play what, but the following are the tentative positions and players he will work with this year: Forwards are Eddie Eastman, Rickie Taylor, Don Overton, Terry Dowell and Possibly Larry Armstrong. Going out as guard for the Bulldogs is Bobby Fudge, Butch Lambert and Jackie Hunter. At Center are Don Kennedy, Loy Walker, and Don Mason. Coach Koller would not commit himself as far as who will play what, and some of these positions may change from time to time. These boys are the ones most likely to see action this year.

Remember the tournament starts at the Junior High gym on Monday, Nov. 30th. The first game is the girls game and they tip off at 7:00 p. m. Teams that have accepted an invitation to play are Byers, Petrolia, Valley View, Holliday, Olney, Prairie Valley, Chillicothe and Iowa Park. It should be a good one. Let's be there and yell for the home team. They need your support.

Wichita City-County Welfare Board Explains Need For Reorganization

Wichita City-county welfare Board Wednesday replied to county commissioners refusal to approve the groups reorganization plan.

In a letter, signed by Dr. William L. Rector, board chairman, the group said:

"The county commissioners refusal to approve changes in the welfare plan was accompanied by statements which indicated that we have made repeated requests for additional workers and that no broad study of the welfare problems has been made. Neither of these statements has basis in fact.

"No additional caseworkers have been added to the staff of the welfare office since it was first organized. A secretary-file clerk was hired in 1956, to enable the office to keep adequate records.

"The two caseworkers certify individuals who are medically indigent and must accept as fact the statements given by the applicant, because they have no time to do routine field investigation. With this unproven information these workers certify assistance that costs the taxpayers about \$300,000 per year. We think they do as fine a job as can be done with no help.

"The Wichita City-County Welfare Board is appointed by the county commission and the city council. The board has had plans for reorganization of the welfare office under study for four years. During this time it has studied the plans in operation in Lubbock, Corpus Christi, Ft. Worth, Tyler, Amarillo, El Paso San Antonio, Corsicana, Galveston and Breckenridge. We have asked and received assistance from the Community Chest of San Antonio, the State Dept. of Public Welfare, The Texas State Dept. of Health, the Family Service Bureau of Houston, the University of Texas Medical Branch, the Hogg Foundation

News From The County Agent

Texas' share of the 1960 upland cotton acreage allotment of 16 million acres will be 6,791,512 acres. It was announced by Secretary of Agriculture Ezra Taft Benson that alternate, Choice B, farm allotments for the 1960 upland cotton crop will be 40 per cent larger than the regular choice A allotments for the same farms.

An acreage allotment of 22,243 acres will be in effect for the extra long staple cotton grown in Texas in 1960. The national marketing quota will be 68,590 bales with a 64,776 acre allotment.

The October 1st inventory of cattle and calves on feed indicates there are 4.8 million head on feed in the 21 feeding states. This is 20 percent higher than at this time last year and the largest for any October on record.

The four most important western feeding states including Texas, Arizona, Colorado and California led other regions of the country with a 34 percent increase in number of head on feed over last year.

This expansion of cattle feeding in the West is a continuation of a trend which has been going on for several years. The four major western feeding states have 52 percent more cattle on feed on Oct. 1, 1959 than they did this same date in 1955.

With winter turning the corner, now is the time to check your home and other buildings to see if any part of the structure needs replacement or repair is the advice of B. T. Haws, county agent. Inspect the roof to see if the summer sun has curled or caused shingles to split. Check metal flashings in roof valley, around chimneys and other critical points. If they are in poor conditions, replace.

Texas State Fair Sets New Record

A new national attendance record for annual expositions of the United States was established by the 1959 State Fair of Texas, which ended its run Sunday night, Oct. 25th with a total attendance of 2,801,305.

The new mark eclipsed the fair's previous record of 2,757,734 established only last year. James H. Stewart, executive vice president and general manager of the fair, declared that the fair was the biggest, best and most successful exposition in every way in the entire 74 year history of the State Fair of Texas.

The 1959 fair set another record also, a new world's record for attendance on any one day at any annual fair anywhere. This record was set on Saturday, Oct. 17th, when 331,998 visitors clicked through the turnstiles. This broke the old single day attendance record, also held by the fair, of 325,741 on the middle Saturday of the fair in 1956.

Another historic set of attendance figures was clocked on the middle weekend, when the fair for the first time had three days with more than 300,000 on hand for each day. The three big days were Elementary School Day, Rural Youth Day and the gigantic middle Sunday.

Even as the record breaking 1959 attendance was being added up, fair officials already were making plans for the 1960 fair, which will be the Diamond Anniversary Exposition of the State Fair of Texas, coming in its 75th year.

Dates of the 1960 Diamond Anniversary exposition will be Oct. 8th through 23rd, with the Texas-Oklahoma football game again scheduled for the opening Saturday afternoon.

YOUR NEW Social Security

As of February 1959, old age, survivors and disability insurance monthly benefits were being paid in Wichita County at the rate of \$4,401,348 a year, according to Erton F. Tate, manager of the Wichita Falls social security district office.

This is an increase of about 32% over last year, Tate said.

Tate stressed that while the benefits are intended primarily for the beneficiary's economic security, the payment of social security benefits at the rate of almost 4 1-2 million a year in Wichita County helps business in the community generally because most of the money is spent immediately on food, clothing, and other necessities. In February social security benefits were being paid nationally at a rate of nearly 10 million dollars annually.

Payments to a retired worker with no dependents receiving benefits averaged \$67.50 a month nationally in February, and to a retired couple \$119.40 a month. Tate said. The average for a widow with two young children was \$165. The maximum payment is \$254.

There were several reasons for the increase in beneficiaries over last year, Tate said. The long term growth of the aged population and of the proportion of the aged population eligible for benefits are important factors in the continuing increase in the number for beneficiaries. Other reasons for the increase of beneficiaries are found in the provisions of the 1958 Amendments to the Social Security Act which now make it possible for the wife, dependent husband, and children of a disabled worker beneficiary to receive monthly payments. These amendments also provide for benefits to aged dependent parents of a deceased worker even though other survivors are entitled to payments.

Moreover, Tate pointed out, it is now easier for a disabled worker to qualify for benefit payments. He no longer needs social security credit for 1-2 years of work in the last three years before he became disabled. If he worked under social security for at least five years out of the ten before he became disabled, he may be eligible for disability benefits.

Increases in average benefit payments reflect the seven percent raise in benefit amounts which became effective with the checks for January, 1959, Tate said. Average disability benefit payments also reflect the elimination of the so-called "offset" provision in the old law.

Disability benefits under social security are now payable in full even though benefits are also payable under State workmen's compensation or under some other Federal Government program.

The table below shows the number and amount of each type of benefit being paid in Wichita County as of February 29, 1959, the date of the latest available tabulation:

Group	No.	Payments
Retired	3,255	222,137
Total Disabled	162	13,166
Wife- husband	1,075	39,550
Widow or		
Widower	679	35,948
Mother- children	174	10,411
children	966	44,345
Dependent		
PaPrents	22	1,222

For the North Texas District of eleven counties, social security payments at the end of Feb., 1959 were being paid to 14,019 beneficiaries at the rate of \$764,265 per month. This was an increase of over 2,000 beneficiaries in the number being paid monthly benefits during 1958.

Mr. and Mrs. George Counter, Jr., left Wednesday for Shreveport, La., where they will attend the wedding of their son, Charles Wayne, to Miss Marcia Crawford on Thanksgiving Day.

Science Faculty Members From 42 Texas Colleges to Attend Fusion Symposium, Guests Electric Utilities

Science faculty members and graduate science students from 42 Texas colleges and universities will hear progress reports on efforts to harness the hydrogen bomb for peaceful purposes at a symposium on nuclear fusion in Austin, Nov. 21-22nd. They will be guests of electric companies in Texas including Texas Electric Service Company.

The science teachers will be among a group of 200 attending the symposium, which also will include industrial scientists and others. The meeting is being co-sponsored by the Texas Atomic Energy Research Foundation and the University of Texas. The research foundation is a non-profit organization whose members are eleven investor-owned electric utility companies operating in Texas.

The symposium is part of the foundation's program to advance knowledge of nuclear energy through research, experimentation and education. The foundation is co-sponsoring a research program in controlled fusion being carried out by General Atomic Division of General Dynamics Corporation in LaJolla, Calif., through which it is hoped to devise methods and procedures looking toward the event-

ual economical generation of electric power from controlled atomic fusion energy for the benefit of the people of Texas.

The symposium will feature papers by some of the world's leading scientists working in the field of fusion research. They will report on recent developments in the efforts of scientists to reproduce in the laboratory the fusion process responsible for energy generation in the sun and the stars. Chairman of the symposium will be Dr. Edward C. Creutz, an authority in the field of controlled thermonuclear (fusion) reactions and General Atomic vice president, for reasearch.

The eleven utility companies who are sponsors of the Texas Atomic Energy Research Foundation are: Central Power and Light Company, Community Public Service Company, Southwestern Public Service Company, El Paso Electric Co., Texas Power and Light Co., Gulf States Utilities Co., Dallas Power and Light Co., Texas Electric Service Co., Southwestern Electric Power Co., Houston Lighting and Power Co. and West Texas Utilities Co.

Reasons For Joining The American Legion

1. Honorable Service — The button of The American Legion testifies to your honorable service during World War I, World War II or the Korean conflict.

2. Rehabilitation—Each member helps toward providing adequate care and protection for the disabled of World Wars I and II and the Korean conflict and their dependents.

3. Child Welfare—Every member helps to carry out the child welfare program through which the organization stands in place of the father to thousands of needy orphans.

4. Americanism — By being a member, the veteran gives full support to the principles of Americanism through which un-American influences are counteracted. He supports patriotic education and helps make all communities better places in which to live.

5. Junior Education—Through membership the veteran supports the teaching of sportsmanship and high ideals to the youth activities such as Junior baseball, Boys State and Boys Nation, Oratorical Contests, Boy Scouts, and the School Medal Award.

6. National Security — Every member will help the organization in attaining its goal for an adequate national defense to insure the nation against attack.

7. Legislation—While practically every piece of legislation beneficial to veterans of World Wars I and II and the Korean conflict has had the full support of the American Legion, a greater membership will insure the success of future legislative programs.

8. Non-Partisanship — By joining veterans become members of the most democratic organization in the world. There is no distinction of rank, race or creed.

9. Comradeship—Veterans enrolling in the Legion join a real outfit of he-men who served together in time of war. Friendships made in war service endure. Friendships made in The American Legion likewise endure.

10. Voice Heard—The voice of the single veterans is not heard, but the voice of millions of veterans in The American Legion is heard and heeded.

Ralph Swinford, Jr., a 1955 graduate of Burkburnett High School, recently was elected to two important posts at East Texas State College. Operation Successful Sherry Gilbert Is Coming Home

Sherry Lynn Gilbert is recovering from a critical but successful heart operation performed in Houston by Dr. Denton A. Cooley on Nov. 6th. She will be home Friday or Saturday.

Her parents, Mr. and Mrs. Lawrence Gilbert, 110 W. College are returning with her after staying at her bedside before and after the operation.

Miss Gilbert's delicate operation will cost in the neighborhood of \$3,000 to \$4,000. The 13 year old had been afflicted since birth and her normal growth has been retarded. The operation was necessary to suture a hole in her heart and restore youth's vim and vigor in Sherry Lynn. Although frail, Sherry Lynn was active in church activities. It will be some time before she can resume these activities and it will also be some time before her friends in school, and neighborhood may visit. Her doctor will not permit any visitors during her recovery from the operation.

When Sherry Lynn left for the hospital, Burkburnett neighbors of the Gilberts started a fund to help pay for the costly operation. Mrs. Maxine Kinnett reports that the response was good. She was assisted by Mrs. Esta Faye Hoffman and Mrs. E. E. Welborn in receiving the donations.

Anatomy is something every body has, but it looks better on a girl.

Patricia Simons 4-H Gold Star Winner

A Burkburnett girl and an Iowa Park boy will be presented the highest achievement award in county Four-H work, the Gold Star Award at the District Three annual award banquet in Vernon.

The two Four-H members, Patricia Simons and Garland Lehman, were selected for the county award on the merits of their work in club activities.

Patricia, the daughter of Mr. and Mrs. E. J. Simons, is a 15 year old sophomore in Burkburnett High school. In the six years she has participated in club work Pat won first place in the county dress revue in 1955-56-57-58 and in 1959 she won first place in the senior division of the revue.

Other activities include many offices in her Four-H club and a first place in the garden division of the Bridwell Soil Builders Awards program. She has received awards on county level for canning, clothing, leadership & achievement.

Assistant HD agent Elizabeth Smith described the new Gold Star winner as a fine example of what a Four-H girl can do.

Garland Lehman, a 15 year old boy from Iowa Park, Community Four-H club has been in Four-H work for four years. He has received numerous medals and awards which include tractor maintenance, electric projects, broilers and recently was named one of the two state winners in grain marketing for 1959.

This year he also received an award for being the outstanding Four-H boy in Iowa Park School District. The son of Mr. and Mrs. Rex Lehman, Route 2, Iowa Park, he has been active in helping other Four-H members with their club work, especially their record books & electric demonstrations. Offices he has held include council-delegate and program chairman, president, vice president, recreation chairman and council delegate for his community club.

Assistant County agent Harry Cox, described the youth as very active and interested in his Four H work. Young Lehman will receive his award with Patricia at the awards banquet along with Gold Star winners from other counties in District Three.

Veterans Pension Effective July 1 1960

Approximately 277,000 new cases will become eligible for pensions on the effective date of the Veterans Pension Act of 1960, next July 1, Edward P. Onstot manager of the Veterans Administration Region office in Dallas, Tex., estimated today.

Of these 74 percent will be widows and children of veterans made eligible by the widows equalization clause and 26 percent will be living veterans, widows and children made eligible by increase in income limitation, Onstot added.

If you are one of these veterans, a widow, or the guardian of a child not now eligible for pension, but you believe you may become eligible after June 30, 1960, what should you do?

Onstot suggested that you do nothing until after the first of the year. If you wait until the early part of 1960, both you and the VA will benefit, Onstot said. VA will avoid premature correspondence and interviews and you will be better able to estimate your income for the calendar year 1960.

Do not worry about a delay at this time, the VA manager added. File application with the Veterans Administration within the first few months of 1960. This will allow ample time for processing by the July 1st effective date.

Junior. High Football Banquet Held Friday

The annual Junior High Football banquet was held Friday night, Nov. 20th at 7:30 p. m. at the Youth Center. Approximately 75 attended.

Janet Mathis was crowned queen before a beautifully decorated table carrying out the football motif. Captain Henry Bauch crowned the queen, assisted by Johnny Koller.

Rev. & Mrs. F. T. Keesee were in charge of the entertainment. The banquet was made possible by the Quarterback club.

All mothers of the football boys and the cheerleaders wish to thank the Quarterback club for this wonderful gesture.

FRIENDLY BLUEBIRDS

A train ride from Wichita Falls to Electra was enjoyed by all the members of the Friendly Bluebirds Thursday, Nov. 12th. Before boarding the train, we ate at Underwoods. Two mothers Mrs. B. B. Six and Mrs. Jack N. Reed went with us.

Thursday, Nov. 19th we met for our regular meeting at the home of our leader, Mrs. Glenn Ladd.

We made invitations for the mother and daughter tea. Refreshments were served by Diana Swan.
