Note Burning Ceremony Held Sunday Feb. 28th At First Methodist Church

An intensive financial campaign which originated with the Rev. T. M. Jenson in 1950 for vast church plant improvements to Burkburnett's First Methodist church and which was brought to fruition this year under the leadership of the present pastor, Rev. Leon Turner, culminated in an impressive note burning ceremony on Sunday, Feb. 28, 1960.

The building program was inaugurated in Nov. 1956, a month after the present pastor was assigned to Burkburnett and was completed in March, 1957. An adequate educational building consisting of fifteen church school rooms, church parlor, kitchen, pastor's study, secretary's office and six rest rooms was added to the church plant. Vast improvements were made to the entire church plant. The sanctuary was completely redecorated and new furnishings in the way of an organ, piano, light fixtures and choir seats were added. The area behind the choir was enhanced by a beautiful curtain and large cross.

In Dec. 1958, the Methodist congregation took another step forward when they purchased the City Hotel property across the street for a much needed parking lot. With no extra effort the lot has been paid for by members of the church making it possible for the note burning ceremony signifying that the church is debt free.

First Methodist church members will continue their program of advance as they plan to air condition the entire church plant, find a new parsonage location, and build a new parsonage. Freedom from indebtedness does not mean freedom from responsibility.

There has been no phenomenal growth in the membership of the church, but from month to month new members are added to the fellowship of the church, making it spiritually stronger. Those participating in the note burning ceremony in addition to the pastor were four members from the Board of Trustees: Dr. Carl Morrison, Bill Vincent, Cliff Wampler and Joe Nichols. Rev. Ed Barcus, District Superintendent of the Wichita Falls District of the Methodist church brought the morning message.

CORRECTION

In the article entitled "Game Night" held Feb 26th at Town Hall, which appeared in last week's Burkburnett Star, the name of the Burkburnett Florist was accidentally left off the list of merchants donating prizes for the affair. The beautiful floor plant given by the Burkburnett Florist was won by Mrs. Walter Riley.

Burk Council of Garden Clubs Recognized at C-C Luncheon

C. A. Morgan, president, was in charge of the monthly business luncheon of the Chamber of Commerce, at Town Hall Monday noon.

Mrs. Ralph White, chairman of the Civic Beautification Committee, reported a club or organization would be recognized each month for work done toward city beautification. The organization recognized this month is the Burkburnett Council of Garden Clubs, for their efforts toward beautifying the East entrance to Burkburnett.

The Council is made up of the following garden clubs, Blue Bonnet, Burkburnett, Gay Ladies, Mimosa, Unity. The Council is now working on beautifying the City Park at the swimming pool site. A drawing was shown of proposed landscaping and other improvements.

Mrs. D. C. Dodson, treasurer, will accept contributions to further this work. Morgan thanked all civic clubs for their assistance with the Newcomers Coffee gathering, held the third week in each month at the Town Hall.

Joseph A. Janeke reported there would be a caravan of Legionnaires through Burkburnett Tuesday, March 29. They will be on a tour of Highway 281, which reaches from Canada to the Gulf of Mexico. This highway has been designated as the Legion Memorial Highway. A group of Burkburnett citizens will welcome the caravan.

Paul Browning suggested that merchants and their employees could use alley parking, where possible, and leave more room in front of the stores for customers. This plan has been suggested many times before, and for short intervals, worked to good advantage. Shopping centers provide plenty of free parking for their prospective customers. Downtown merchants can do no less and expect people to flock into their stores.

Floyd Marten reported a good portion of the concrete work completed on the swimming pool. He also made an urgent plea for funds to complete the project.

That Camel Again

Some years ago a proposed bill which would have fastened compulsory government health insurance on the people of this country was in the headlines. The bill got nowhere for the plain reason that a majority of the American people didn't want it and were opposed to socialized medicine, government-blessed medicine, and political medicine.

That particular bill is dead. But a relative is very much alive. It is found in the proposal to provide the 16 million people who are eligible for social security benefits with government paid medical, hospital and nursing home care.

On the surface, this has a humanitarian appeal. But the inescapable fact is that it would establish socialized medicine for a large segment of the population, and that, if history tells us anything, it would be limited only temporarily to that segment. The next inevitable step, once the precedent were established, would be to lower the age limit and broaden the field of coverage. It would be the old story of the camel which got its nose in the tent and moved on until it occupied the whole tent.

The cost would be enormous—\$2 billion a year to begin with, according to the estimates, and much more as time wore on. The expense would send the social security tax—already scheduled to reach 9 percent of the nation's payroll, to outer space heights.

Worst of all, medical authorities are convinced the bill would result in poorer, not better, health care for the American people. Medical care is not susceptible to production line techniques—the kind of techniques that government would certainly impose once it took over and started using the public's money to pay the bills.

Who Do You Work For?

Who do you work for—and why do you work? The obvious answer, of course, is that you work for your employer or for yourself, and that the reason you work is to provide the wherewithal of living.

However, that answer is an oversimplification nowadays. If you are an average citizen, more than a quarter of your 8-hour working day is done on behalf of government. In essence, government is your employer during that period, and takes all of your earnings.

Here are the figures, as issued by the Tax Foundation. Taxes take 2 hours and 16 minutes of your working time each day. By way of contrast, food and tobacco together demand only 1 hour and 28 minutes, household and household operations 1 hour and 24 minutes, and so on down the list.

If you think that taxation and government spending aren't of top importance to you and your family, think again!

George Had A Different Problem

When George Washington was President he had a problem that he wouldn't have today. He headed a group of states and citizens who were so independent they were downright unruly. Under his leadership they had thrown off an oppressive government, and most of them were perfectly happy to tend to their own affairs with no help or interference from the new government.

Washington and several of his successors had to work long and hard to persuade those early Americans to give up a few local rights and powers in order to strengthen the infant nation.

Many of today's descendants of those rugged independents are willing enough to turn over local rights and powers to the federal government—if it will take over their local problems. They accept high taxes as a matter of course. But in exchange they seem to expect that federal bureaucrats will somehow magically see that everyone has a good job, good pay, good home, good roads, good education, good health and carefree old age.

Washington's problem was to get the people to support the government. We doubt if it ever crossed his mind that a day might come when the people would expect the government to support them.

NOTICE!

I, T. L. Shuflin, met with the City Council, to see if they can't get a better police Dept. for us.

I think we are getting all we are paying for, but we need officers that will not mistreat our children or curse them.

We need officers that will not lie about curfew—we have no curfew, we don't need any. We need officers.

I ask all citizens that have been mistreated, or cursed by the officers,

Please attend the Council meeting Monday, March 14th

Also, if any one that has a good word for the officers, please attend and be heard from.

This is a major problem over our nation. I feel a better relation between our children and our police will save thousands of dollars for the taxpayers.

We have had about \$3,000 damage to the taxpayers since the 1st of Jan.

WHY CAN'T WE PAY and get better officers, or see that the present officers respect our teenagers and our citizens.

Mothers, please ask your daughters if the police have mistreated them. If so, please be heard from.

If you can't attend the Council meeting, talk to any Councilman. They are busy, but they will gladly hear from you. Please attend if possible.

This record has been made possible through the loyal support of our customers some of whom have purchased automobiles and service from us ever since the business was established in 1919. This loyalty will be forever cherished in our memories.

In return for the support that the people of Burk Burnett have given us we have endeavored to give back to this community as much time and financial support as was possible. We are quitting the automobile business with the feeling that we have had a substantial part in helping make this community the thriving place that it now is and we shall continue to support its future in every way possible.

The service department has been closed but the parts and sales department will remain open for a while and we shall appreciate payment of all accounts and notes at the earliest possible convenience.

Mrs. B. N. Cauthorn Hostess March 3rd University Club

University Study club met March 3rd for their Texas Day program in the home of Mrs. B. N. Cauthorn. Mrs. A. W. Newman, vice president called the meeting to order. Club prayer was given in unison.

Mrs. Newman read the officers and committees for 1960-61: president, Mrs. A. W. Newman; 1st vice president, Mrs. Bill Croasley; 2nd vice-president Mrs. E. R. Burns; secretary, Mrs. J. O. E. Melton; treasurer, Mrs. Luke Warren; corresponding sec., Mrs. O. E. Melton; parliamentarian, Mrs. A. R. Bunstine; reporter, Mrs. Lewis Brocker; historian, Mrs. Bill Cauthorn; federated counselor, Mrs. Joy Sessums; yearbook com., Mesdames S. S. Reger, O. E. Melton, Blake Browning; project committee, Mesdames Bill Croasley, E. R. Burns, J. M. Pogue; finance, Mesdames Marshall Young, J. H. Rigby, J. B. Morris; telephone Mesdames J. D. Majors, R. P. Reagan, H. G. Williams; gifts and flowers, Mesdames L. W. Mathis, I. N. Witherspoon, and Luke Warren.

Mrs. J. D. Majors announced the program. Mrs. H. G. Williams spoke on the Life of Cynthia Ann Parker. At the fall of Fort Parker on the morning of May 19, 1836, Mrs. Parker was forced to lift her little girl Cynthia Ann up behind a heartless savage as has been told before. He rode away to the hunting grounds of the wild Comanche. Twenty-four years and seven months rolled by until her recapture Dec. 18, 1860. In other words, Cynthia Ann was 34 years old when seen again. A Mr. Nichols states in his article, Quannah Parker was born on the present site of Wichita Falls. His birth place was in the vicinity of the hill at Eighth and Burnett. Tradition has it that that locality was a favorite camping place of Indians in the early days.

Mrs. Joy Sessums told of Texas Parks and Monuments. Queen of the Missions, San Jose Mission, one of the five ancient Spanish Colonial missions that surround San Antonio, was completed in 1731 and has been authentically restored as a national historic site. She also read letters from Big Bend and San-

ta Helena State Parks from boys who were in camp and told the history of the Davis mountains. The northwest part of Texas is a high plateau called the Staked Plains or Llano Estacado. One of the boys wrote, If I lived in Texas, I would visit the state park nearest my home and then encourage my family to visit all parks such as Love's Lookout, Pines at Bastrop, the bird sanctuary at Goose Island and all historical parks.

Mrs. O. E. Melton brought a paper on Driver Education in Texas. She quoted 'In this age of Jets, satellites, space travel, the age when man has learned to harness the atom, isn't it strange that man has not found the way to cope with our number one problem, Traffic Accidents? This public disaster threatens the life of one person

every thirteen brings injury to one person every and this is the 000 new tombstones annually in the highways of the youth of today. Mrs. J. M. Pogue, parliamentarian, very interesting by each lady. A nice reference served by the N. Cauthorn, members, Mesdames I. N. Witherspoon, man, A. R. Browning, Mrs. Croasley, O. E. Melton, H. G. Williams, J. H. Rigby, and Joe Major.

God

so loved the men of this world that He gave to them to express that love His only Son. So unflinching and complete was that love that He suffered the pain of their rejection and even allowed them to take him as a common prisoner, try him as a criminal and execute him on a cross. Even this series of acts did not stop His love for He made the very cross a symbol of the eternal presence of His Love. To this day and to eternity, whoever will open his eyes to the magnificence of God's love laid open and made forever present in the event of the cross will receive as a permanent gift — the land of beginning again. A new life will be his.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provisions and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church in everyone!*

Federated Clubs Entertained Recently With Style Show

Members of three Federated clubs entertained other clubs Tuesday night in the Grade School Auditorium with a style show and fashion sewing contest.

Members of the Forum Study club and Modern Study club are participating in the General Federation of Women's clubs-Vogue Fashion Sewing Contest held each year by the Vogue Pattern service. The winner from each club will model her costume in Ft. Worth, March 2 at the First District, Texas Federation of Women's club convention with the winner from the District convention to have a chance to compete in the State for a three weeks trip to Paris for two, which is the grand prize for the GFWC winner.

Mrs. Helen Holtzen and Mrs. Iva Jo Goins modeled from the Forum Study club with Mrs. Goins winning the honor of representing her club at the District contest in Ft. Worth.

Mrs. Rhea Martin of the Junior University Study club will represent her club at the District contest.

The Modern Study club had three contestants entered. Mrs. Barbara Browning, Mrs. Frances Smith and Mrs. Hellen Reasoner. Mrs. Smith will represent the Modern Study club at the District contest.

Mrs. Billy Earl Askins conducted the contest and served as commentator for the style show presentation of the entrants. She pointed out that the "perfectly put-together" look of the well dressed woman is the result of two things—knowledge and planning and that when we "do it ourselves" we can have a larger, more varied, more personalized wardrobe.

The beautifully designed costume modeled by each contestant was made entirely by the contestant and the latest in Paris fashions were shown in the style show.

The Modern Study club served as hostess and the Forum Study club and Jr. University Study club served refreshments to the approximately fifty attending guests.
