The Editor Takes A Bow

It is not often, as you may have noticed, that a newspaper takes time out to blow its own horn.

But we think the report just released by the Newsprint Information Committee justifies a little tooting. It says:

American newspapers gave their readers more news and features, about 200,000 tons more measured in newsprint in 1959 than ever before. Among the nation's biggest newspapers in 39 cities increases in advertising and editorial averaged three pages to bring the average of these papers from 39 pages to 42, an all time record.

Over a wider area including many smaller cities, dailies increased by two pages during the year for a total of 37 pages per issue. And certainly, among the nation's weeklies, semi-weeklies and tri-weeklies, the story is one of similar expansion.

This survey proves more dramatically than ever that the news paper retains above all others its traditional position as the nation's most popular and most reliable information source, from community news, national affairs and world events to advice on what is in the market place and information on new products and services for better living.

We particularly like the comment of Cranston Williams, general manager of ANPA, who said: "publishers have consistently placed the needs of their readers ahead of all other considerations through good times and bad. Newsprint consumption reached an all time high in 1959 because newspapers served their readers so well while advertisers showed their continued confidence in the newspaper. It is our sincere hope that our own public can echo these sentiments.

The Summit Of Charity

The summit meetings in Paris again bring to the fore a question that concerns all of us: While heads of state confer at the top what can the ordinary citizen do to help assure peace?

Since May, 1946, when the first CARE packages were delivered overseas, millions of Americans have discovered they can promote international friendship personally, directly, by supporting CARE's work in bringing food and tools to needy people.

Eight centuries ago the philosopher Maimonides wrote: Assist the reduced fellowman, by teaching him a trade, or by putting him in the way of business, so that he may earn an honest livelihood. This is the highest step and the summit of charity's golden ladder.

There, in brief, is the essence of CARE's program to give people the tools to help themselves. Food packages are a first step in helping our fellows. But the greatest good lies in giving them the means to protect their health, improve their education, increase their earnings and ability to stand on their own feet.

You can give 57 different CARE tool packages: \$1 school kits; \$10 first aid kits; \$20 kits to train carpenters, masons, mechanics; \$100 brick-making machines to build schools, houses, workshops. Or your donation will help buy livestock, irrigation pipes, knitting looms, technical books, rigs to dig water wells, mobile health units. All are tools to build vigorous, skilled, self supporting people. The summit of charity is within easy reach. Mail your contribution to: CARE Self-Help Program, 660 First Ave., New York 16, New York.

Health Insurance Rise Signals 'Go Slow'

A bulletin issued by the Health Insurance Institute from its headquarters in New York City contains the information that during last year the American public received an average of \$8,000,000 a day in health insurance benefits from insurance companies. And another \$6,000,000 in daily benefits was paid out by other plans such as the Blue Cross or the Blue Shield, making a total of \$14,000,000 a day or more than \$5,100,000,000 for the year. This huge sum represented reimbursed expenses to the persons affected covering loss of income during sickness or accident, hospital expenses and surgical or medical fees.

The magnitude of the program is appreciated when it is recalled that this branch of insurance is relatively new. In 1948, for example, the total annual payments made by the insurance companies for health benefits was \$450,000,000 or less than was paid out in a two month period last year. These companies are prospering private institutions, paying heavily in taxes towards their share of government operation. These statistics should be borne in mind when we weigh the implications of the Forand bill now before Congress. The Forand bill would plunge the government, and the taxpayers, too, into a massive compulsory program of health insurance which would cost uncounted billions a year.

When You Say Fill 'er Up

When you drive your car into a service station and say "fill 'er up" various people and organizations get a slice of the money you spend. The oil producer is one, as is the refiner, the wholesaler, and the dealer.

But, believe it or not, none of these gets the biggest slice. That slice goes to the government.

The statistical story is a simple one. The average gasoline tax in this country is now 10.12 cents a gallon. That amounts to 48 per cent of the retail price of the gasoline itself. In 20 states the figure exceeds 50 percent. The most extreme luxuries don't carry that heavy a tax. And gasoline is an absolute, basic necessity.

But, if some have their way, matters will get still worse. For instance, there's a move afoot in Washington to further increase the federal gas tax. And there are strong indications of an attempt to welch on the promise that last year's allegedly "temporary" federal gas tax boost will expire in 1961.

The moral is plain. Motorists had better start protesting now and keep on protesting if they want to keep from being gouged even more and forced to reduce the use of their cars because of high gasoline taxes.

Senator Javits, of New York, has introduced a bill to assure that tax relief granted by states and municipalities to railroads operating commuter services at a loss would directly benefit the railroads and not be absorbed by increasing federal taxes. This must be done, he said: "If Congress is to meet its responsibility toward solving the current national crisis in railroad passenger service.

Local Scout Troops In Scout-O-Rama

The following Scouting units of Burkburnett participated in the Scout-O-Rama program this year.

Cub Pack 155, sponsored by the Lions club. The Cubmaster Harold T. Lemm. The booth theme was woodcraft and was awarded a red ribbon for second place.

Cub Pack 156, sponsored by Wolfe Ford Co. The Cubmaster T. J. Hubbard. The booth theme was showboat. Their efforts were rewarded with a red ribbon for second place.

Troop 155 sponsored by the Methodist church. The Scoutmaster is Grover L. Cleveland. The booth theme was cooking. The aroma from this demonstration really tantalized the taste buds. The booth received a blue ribbon for first place.

Troop 117 sponsored by the Fire Dept. The scoutmaster is Bill Donnell. The booth theme was First Aid. This unit received a red ribbon for 2nd place.

There are 22 boys registered in this troop. Rusty Ratliff got 2nd place in the mystery house drawing, which was held before the closing of the show on Saturday.

The Air Explorer Sqdn. 152 by the IOOF lodge. The advisor is Willis A. Garland. The booth theme was Litter Bug. The efforts of this unit were rewarded with a blue ribbon for 1st place. This demonstration was very unique as it consisted of a Renault auto, parked in the booth with the hood (trunk) raised. Inside was the debris found along the side of our highways that was thrown from passing autos. Covering only 1-10th of a mile or one city block, tin cans, paper and bottles completely filled the the compartment. This is one example of the imagination and resourcefulness that was used to demonstrate each of the themes used in each booth.

For those of you who attended either of the two nights of the show, I am sure that you have a better understanding of the type of activity our boys in the scouting program are exposed to. Scouting is not a seasonal program but continues for 12 months of the year.

To those parents of scouts & other citizens of Burkburnett who bought or was offered the opportunity to purchase Scout-O-Rama tickets, and did not attend the Scout-O-Rama, missed a wonderful show and a mighty fine chance to help and encourage all our scouts here in Burk. This opportunity will not present itself again until about the same time next year. So make plans now to go to the Scout-O-Rama in 1961 and see the whole scouting program in a nutshell.

Chevy hums through Chicago traffic to the tune of 21 miles to the gallon!

Working for Bumper and Auto of Illinois, Inc., ten 1960 Chevrolet pickups battle Chicago traffic day after day. Each truck averages about 2,000 miles a month in this wearing stop-and-start delivery service. Mr. Harry Haller, General Manager of S & H Truck Leasing, who leases the trucks to the bumper firm, reports: "We provide full maintenance on the trucks—gas, oil and everything else—so it pays us to know just where we stand on costs. And our records show that the '60 Chevies are giving us as much as 21 miles per gallon... with an average of better than 17 miles per gallon. Mister, these are our kind of trucks!"

Truck owners have good things to say about all Chevy engines. And when they're not talking about Chevrolet performance and economy, they're telling you how great that new Torsion-Spring Ride is. How it soaks up road shock and vibration. Protects fragile loads. Lets you run at faster, safe speeds to get more work done in a day. Drive a torsion-spring Chevy soon. We'll rest our case on that one ride.

'Arrows Over Texas' Gives History of Wichita Co. Indians

The history of the Indian tribes that once roamed Wichita County and the pioneers who settled the land is vividly brought to life in a new book "Arrows Over Texas," a recent release of the Naylor Company, San Antonio. The author, Robert S. Reading has spent twenty-six years compiling the material for this book which promises to be an important contribution to the archeological records of the state. Mr. Reading made a careful search throughout more than one hundred and seventy Texas counties for Indian campsites, cave paintings and artifacts and has collected more than forty-four thousand artifacts. Wichita County has an important place in this serious documentary engrossing study.

another day another dollar

Did you ever get up out of bed feeling like this? Life does get tedious doesn't it? And one day begins to seem very much like the last. Worse yet, there is little hope that tomorrow will be different. Life was very much like this after the glory of Athens faded when Greek civilization was waning, and the power of Rome was rotten within. Then something new happened to the world which gave meaning to its dying life—something that had never happened before, which changed all of time. The sign of this event which brought new life to the world was a cross on Golgotha.

The God whose love is seen at that cross stands ready to give you His love and transform the whole of your days by infusing them with the meaning of eternity. If you will have this gift, trust in Him and live in love with your neighbor.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

Is something wrong with your life—
an inner restless dissatisfaction? The
answer to every human problem comes
only from God our Maker. He alone
can forgive and reassure.

Through the church God has com-
mitted the provision and proclama-
tion of His forgiveness and redeem-
ing love. Without a church relation
no one is securely related to God.
Everyone should be in the Church and
the Church in everyone!

Bowling News

Boomtown Bowl has been very active this past week. Several leagues which have been bowling since the first week of February are in the final stage of the race. The team sponsored by Landrum Construction won the championship in the Boomtown mix league.

In this league, J. T. Westmoreland captured the honor of high men's game with a 242. Mary McClurkan and Janelle Hughes were deadlocked at the end of the season for the high women's game. Each rolled a 195 during the course of the season's play.

The Boomtown Baptist Mixed league bowled its first official round Monday night. Vernon Duke set the highest average with a 176. He also had the high men's game, a 203. Mrs. M. Kinnett had the high women's game with a 176.

The high men's game in sanctioned league play that has been bowled this season at Boomtown

Bowl is a 253 bowled by Mr. Maloney in the Commercial mens league. The highest series of three games to date is a 632 which was bowled by Don Weir in the Wednesday night mixed league.

The large trophy which was donated by Preston Dairy has still not found its final resting place. This trophy is to be given to the bowler who rolls the first "700" series in sanctioned ABC league bowling.

JUNIOR LEAGUE

Many youngsters are learning the proper way to bowl in the junior leagues at Boomtown Bowl. In the Baptist Boys league J. W. Osteen took the race for high game with a 222. This is a very exceptional score considering that this was his first league to compete in. Ronnie Josefy, who bowles in the Saturday morning league shot the high game and series for his league with a 487 series which include a 192 game.

Ruel Y. Lasseter

BOOMTOWN IS BOOMING

A recent survey discloses that over 250 houses will be built in Burkburnett during the rest of 1960 under present plans. This indicates a steady demand for new housing as evidenced by the influx of new residents in Burkburnett so far this year.

With this influx of new people, we have gained 152 telephones through April of this year. 400 more lines have been added to the office capacity to provide service and direct dial equipment was completed in April for direct dial with Wichita Falls customers.

DIRECT DIAL NEWS

Plans are already under way to add additional circuits to Wichita Falls in the near future to care for the increased calling rate between Burkburnett and Wichita Falls. From studies we have made, this new direct dial service with Wichita Falls was really used during the first month of operation. Later, all Burk-Wichita Falls circuits will be converted to microwave operation—another step in our efforts to give you the best possible telephone service.

PLAYING CUPID

It's such a natural thing—sometimes it's almost automatic—for your phone to come to mind when you think of someone you love who's out of town. Yes, I suppose not a day goes by that somebody in Burkburnett doesn't use the phone to remember a loved one.

So it's easy to see why an Air Force sergeant stationed in Iceland thought of telephone service when he wanted to send flowers to his wife back home for her birthday. This fellow wanted folks at the telephone company to have the flowers delivered and then charged to his telephone account.

Now, even though it wasn't possible to bill the flowers to his telephone account, the girls in Miss Clara Balzen's service order group decided to help, anyway. They wrote they were sorry that the telephone company was unable to charge a florist bill to his phone, but they added this personal note: "However, we feel such thoughtfulness deserves special attention."

Then they picked out a birthday card and a dozen roses and had them delivered to the sergeant's wife.

The upshot of it was that the lives of two people—miles apart—were brightened by the thoughtfulness of a group of telephone girls who cared enough to find a way to help.

What Else Is So Dependable?

Most folks don't realize it, but everytime you make or receive a telephone call, your phone sets a new record for dependability.

And because it does, you needn't worry about wear and tear, replacement parts, or repair bills. When repairs are needed, there is no charge to you. I doubt whether there are many other things you have that are as free of trouble as your phone.

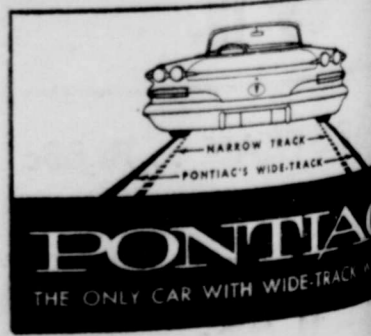

Call by number. It's twice as fast.

Young Sprouts Club Flower Exhibit Was Saturday, May 7th

The Young Sprouts Junior Garden club held their Spring exhibit of flower arrangements at the American Legion Hall, Saturday, May 7th from 2:00 to 4:00 p. m. in honor of their mothers and sponsors, the Bluebonnet Garden club. There were about 30 arrangements on display.

This group consists of 10 members of the Thunderbird Campfire girls who have shown much promise in becoming regular flower show arrangers. In spite of stormy weather and much damage to flowers, this was truly a beautiful display.

Punch and cookies were furnished by the Senior club and served by the young ladies, each of whom presented their arrangements to their mothers for Mothers Day. Senior club members sponsoring this show were Mesdames Jimmy Johnson, J. T. Brady, D. C. McClendon, L. W. Mathis, W. H. Bohner.

Participating members were Adrienne Davey, Cindy Westbrook, Margaret Jancke, Candy Logan, Jim Eastman, Marilyn Peters, Jan Robertson, Donna Greer, Judy Kauer and Susan Green.

Final Meeting Of Band Parents Club Will Be Held May 23

The Band Parents club will meet Monday, May 23rd at 8:00 p. m. in the band hall for the final meeting of the school year.

Officers for the coming year will be installed and committees will be appointed by the new president.

New officers to be installed are: Mesdames Clarence Bridges president; Ray Anderson, vice president; J. W. Dark, secretary; Weldon Nix, treasurer.

Outgoing officers are Mesdames Herman Miller, pres.; Nelson Boyle, vice pres.; Joe Wolfe, secy.; Weldon Nix, treas.

HARDIN HD CLUB

Hardin HD club met in the home of Mrs. E. J. Simons. Mrs. E. W. Roderick, president, called the meeting to order, then Mrs. A. A. Jacobs led the members with a prayer. Roll call was answered with a recipe I learned from my Mother.

The program for the meeting was Freezing Pies and miscellaneous foods given by Mrs. E. J. Simons, our food leader, which was very interesting.

A refreshment plate was served during the social period to Mesdames Caroll Roderick, Joe Slama, S. E. Askins, A. A. Jacobs, Lorraine Askins, Mary Blannar, Enderli, W. E. Goins, E. W. Roderick, John Cools, H. W. Krusemark, C. L. Jenkins, and four guests, Mesdames Doyle Scarlett, Helen Swearingen, Roy Howell, Jess Hageman.

Mrs. M. D. Glover, who presided at the reception table, reported that forty members were present. Coffee and rolls were served from 9:00 to 9:30 a. m. At 9:30 those present were divided into two groups. Mrs. W. T. Zimmerman gave instructions to the committee chairmen. Mrs. Betty Tanner, president of the PTA Bi-county Council, gave instructions to officers. Both Burkburnett PTA units and Shepard-Burkburnett at Capehart were well represented.

1960 FEDDERS AIR CONDITIONERS
these same air conditioners will cost \$17-\$30 more this summer.

Buy of the week (they won't last any longer) — 1960 Fedders Air Conditioners THAT ARE EXEMPT FROM THE NEW U.S. EXCISE TAX WHICH WENT INTO EFFECT DEC. 1, 1959. You won't find many bargains like this around because the steel strike cut pre-tax air conditioner production to practically nothing. This will mean shortages next summer that will increase prices beyond the new U.S. tax. Our own limited supply is going fast. Right now, we have a complete selection — models for every cooling requirement, every type of current... every budget. While they last, you can buy the world's finest air conditioner—a genuine Fedders—for less than you'll pay for an ordinary air conditioner next summer.

LAY-AWAY PLAN THAT SAVES
Reserve your tax-free Fedders with a \$10.00 down payment now... and save up to \$30. Delivery April 1st, when regular low payments start.
