# A. W. Newman Resigned Mon. As City Mgr.

resigned Monday night. The effective date of his resignation will be July 31st.

Mr. Newman came to Burk in January, 1954, as Supt. of the electrical Department. He was selected as City Manager in July, 1955, because of his knowledge of all city departments and his ability to get along

well with employees. Many problems have confronted the City in the past five years, because of the unusual growth and expansion of all City services due to the great increase in population. Newman has worked hard with the City Commission trying to solve these complex problems, and he has been successful in meeting the demands of his of-

Comment from the Capital -

CRACKER BARREL COMMENTS ON THE CURRENT COMMUNIST CRISIS by Vant Neff

change of policy? A great army of second guessers maintain that the U-2 incident was "inappropriately" timed before the summit meeting. Lest we forget, we were "meeting" and negotiating with the Japanese envoys when they leveled military installations and much of our Navy at Pearl Harbor.

If the other fellow is out to "bury you", the time to relax is never.

It is a pretty sorry turn of events when the world wonders whether Mr. Khrushchev feels buoyant or blue . . . Can you imagine thinking that history depends on Mr. K.'s degree of well being!

Has anybody thought about making a proposal to Khrushchev? We to call off all our reconnaissance planes and he to call off his army of spies. And perhaps have the "workers" in the embassies behave as honorably as the representatives from free nations.

From where I sit, it appears that marchers in free countries who demonstrate at the drop of a suggestion would do well to try to march in Moscow.

Funny that in the "people's paradise" there are no labor demonstrations. The "conditioned" folks just work and do without the things, including the rights and freedoms that demonstrators take for granted.

If Mr. K. feels mad about our taking pictures from the air, hou should we feel about his stealing atomic bomb secrets from us and the British? . . . and the Russian Colonel who was captured posing as a photographer? . . . to mention only two examples.

If a neighboring country looks cross-eyed at Mr. K.'s politics, he has threatened them with the atomic bomb. Wonder what the world would say if Mr. Eisenhower threatened some of our blusering neighbors with our missiles.

Have you noticed how "pink" people would have us sever our relations with dictators like Franco who grant us military air base rights, and yet the same "liberals" are constantly working towards the seating of Red China at the UN?

According to Russian codes, it is perfectly all right to spy from embassies and consular offices throughout the

world, but flying way up over a country must be different . . . Guess ground rules are different from air space.

Look who is squawking. An atheist who has lied habitually, and has been caught at it, blatantly says, at the Summit Meeting, "Before God I swear my heart is pure and my hands are clean . . .

Russia has trained trouble makers, rabble rousers and spies snooping throughout the world. On top of that, it is bad enough to have the Russians trying to bluff us, but it is far worse to have them treat our President with contempt and abuse.

The surprise about Berlin is not that Khrushchev wants to break this signed agreement, but rather that he kept it this long. Consider how few agreements the Russians keep and not one day beyond the day they are expedient,

One thought has emerged from the Summit Meeting which failed to meet. You can only negotiate with Mr. Khrushchev one way ... on what you give up — never on any concessions from him.

Sometimes it seems that summit conferences make two kinds of people - the hopeful innocents who expect something, and the initiates, who know better. From Yalta to Paris - when you get right down to results - nothing much good has come from any

## A NATION WITHOUT CARS

Image, if you can, a deathly still nation over the Fourth of July, its streets deserted of motor vehicles, every car behind locked garage doors.

Think of it-no traffic on the streets. No trucks, buses, cars or whatnot clogging the streets and highways during the three day heliday. No din of honking horns and blaring car radios and screeching tires.

No trips to Grandma's house. No weekend outings. No one taking a vacation.

Of course, this is strictly fantasy. We're a motorized nation, a nation on wheels, a nation of people whose life is geared to the motor vehicle.

If we were ordered to keep our car in the garage for three days, we'd set up a fuss and holler that would be heard 'round the world. And rightly so.

The National Safety Council, founded in 1913 to prevent

all kinds of accidents, has always encouraged Americans to have fun over the holidays, to take trips, to get outdoors and enjoy life. But it points out, realistically, it seems to us, that you can't have fun and enjoy life very well from a wheelchair, or a grave. So please be sure to use extra care to meet the extra danger.

Everyone agrees the auto and all it has brought to this nation are marvelous. But the auto was never intended to be an instrument of death, over the Fourth of July holiday or any time of the year. So use it propertly.

## **GRASS ROOTS OPINION**

EUGENE, ORE., REGISTER-GUARD: "Under present law a person must forfeit his social security money if he makes more than \$1,200 a year. This is unrealistic.

"It would be different if social security were some kind of largess from the government. But it isn't. It's something the oldster has coming to him. He contributed to the fund, and so did his employer, while he was working. It's his money. He shouldn't have to agree to live a life of poverty in order to get it."

SOUTH PASADENA, CALIF., REVIEW: "A proof that private enterprise can do it better is pointed up by the operation of the Canadian railroads. During the past 15 years the Canadian Pacific Railroad, a privately owned railroad system, earned a profit of 448 million dollars. At the same time the publicly owned and managed Canadian National Railroad system showed a loss of 653 million dollars.

"The Canadian Pacific (privately owned railroad) paid 368 million dollars in dividends to its stockholders and 340 million dollars in income taxes to the Canadian government. The Canadian National paid no taxes, but the taxpayers had to make up the deficit on its operation.'

WALTERSBORO, S. C. PRESS and STANDARD: "Until the American people realize that neither the federal government, nor anyone else, owes them a living and special privileges for performing a duty, this country is going to go further and further into socialism.

#### Monthly Meeting Of. Lutheran Society Held Tues. June 7th

The regular business and social meeting of the Women's Missionary Society of Grace Lutheran church was held in the Parish Hall, Tuesday, June 7th.

Those answering roll call were Mesdames Clarence Koenig, H. A. Mills, Troy Mills, D. Roark, John Enderli, Chester Lasley, Clarence Schroeder, Paul Kaiser, G. B. Howell, A. A. Evert and Miss Clara Shulz.

The meeting opened with the group singing the hymn Blest Be The Tie That Binds. The prayer was brought by Mrs. G. B. Howell. After committee reports were given and business taken care of, the group had a nice general discussion. Then the program took over. Mrs. Lasley, the program chairman, introduced Mrs. Clarence Schroeder who presented the topic for the afternoon. This topic was taken from an issue of The Lutheran Witness, What does a Layman Expect of His Pastor? Good Sermon? Leadership Organizational ability? Mission mindness? Patience? Humility? A good sense of the value of time? Yes, but far more important than all these, and yet encompassing them all. a genuine love for people.

The meeting closed with the group repeating in unison, The Lord's Prayer. Miss Francie Mills, a guest and Mrs. John Enderli assisted Mrs. Evert, the hostess, in serving delightfully cooling refreshments to those present.

Mrs. G. B. Howell will be hostess for the July meeting.

The time to get primed for the future is when you're still in your prime.

You can't put your best foot forward with holes in your solesthin soles are dangerous, too. Check your shoes today for thin soles-run-over heels.

# **Underground Garbage Containers**

The picture above shows installation of two sanitary, underground garbage containers. Their color is grass green, which blends them in with their surroundings so they are handly noticeable. Burkburnett is considering installation of these units all over town, with twice a week garbage collection in the residential section.

Stubblefield, Vice Grand Accompanying Patricia was second or third place, the sponthis, the sponsor can have his name or the name of his busiand children were Sunday guests ness put on the back of the shirts name of the business printed on cards which are put up over the lane on which the team is to bowl that night. Any person or business which has sponsored a team has never regretted Mrs. D. D. Cornstubble and the move. Sponsoring a bowling team is one of the best forms of active advertisment.

Billie Magee, owner of the Mobile Service Station at the corner of 3rd and Ave D. said that he enjoyed very much the team he sponsored. Claude Reed whose plumbing service sponsors a team in the Boomtown Six League, comes into Boomtown Bowl several times a week to see how his team is doing. If any business is interested in a cheap, effective advertising method, sponsoring a bowling team should be looked into. More information may be obtained by calling Boomtown Bowl.

The bowling News "Bowler of the week' this week is a man who enjoys all parts of the sport of bowling. Luther Magee is the secretary of the Friday night mixed league. The secretary's job in bowling leagues is a big important job. For a person to toil over thousands of figures each week with very little pay takes real sporting spirit. Besides his secretary duties in this league, Luther is now carrying a 179 average in the league. Last Friday night, he Mr. and Mrs. J. R. Roberts of led his team to victory by rolling Archer City, Tex., announce the a 595 series which included two

Mr. Magee puts a lot of imporhave a good time and to make friends. Even after a person is the defeat was administered in land Park Methodist church in Mr. Magee which make a league run smoothly and it is bowlers The two will be married Aug. like Mr. Magee who try to get 6th at the Methodist church in the most out of the sport, the high scores and the enjoyment Mr. Baker is the grandson of having been a good winner the late Mr. and Mrs. F. has drained out of life.

turn to Him in trust.

The old proverb "still water runs deep" meant that people who

talked very little, like Calvin Coolidge, were supposed to be thinking

profound thoughts about important things. There is probably more truth

here if the proverb is reversed "deep water runs still," for most great

people are not noisy about their greatness. Nowhere is this principle truer

than when applied to God. He does not force Himself upon us; He will not

dazzle our eyes and force us to respect; He has left man free even to reject

his Creator. The Bible says that this is exactly what man, every person,

has done. We have all repeated the tragedy of Adam and the meaning

send His rain on the just and unjust. But far more than this He sends

an only son that through Him we may become reconciled to God, for here

we can see the magnificent depth of God's steadfast love. His love con-

tinues to flow deep and still like this stream, ever there for whoever will

Our rejection, however, does not end God's love. He continues to

JUNIOR BOWLERS FREE INSTRUCTION AND BOWLING

All boys and girls between the

All girls between the ages of 12 and 18 are eligible to bowl in the Boomtown Mowl Girls sum-1960. Teams for this league will have three girls teams with two substitutes allowed. Special prices for this league will be three games of bowling plus rental shoes for one dollar. Come in and sign up early so that you will not miss out on this league.

BOYS SUMMER LEAGUE COMMENCES JUNE 22, 1960 All boys between the ages of

12 and 18 are eligible to bowl in the Boomtown Bowl Boys summer Junior league mencing at 1:30 p. m. Friday, June 22. Teams for this league will have three or four boys per team with two substitutes allowed per team. Special prices for this league will be: Three games of bowling plus rental shoes for \$1.00. Come in and

ign up early. Corkey Stevenson has been selected the Bowling News Bowler of the week. Mr. Stevenson has been in Colorado for the last two months. During this time he has only bowled a few times Corkey showed what rest could do. Last Wednesday night the 8th, when he shot a 638 series. This series set a new Boomtown First. In rolling this high series, Corkey bowled games of 213, 213, and 212. He lacked only one pin in the 212 game of bowling a triplicate. Mr. Stevenson set an average of 187 in his first night of league bowling since returning to Burkburnett. He is also very active in the little league baseball program. Therefore the beam of the Bowling news light turns to Mr. Stev-

#### Jehovah's Witnesses To Convene 23-26th In Fort Worth

Preparations are well under way for the coming four day Peace Pursuing District Assembly" of Jehovah's Witnesses to be held at the Will Rogers Me-morial Coliseum in Fort Worth on June 23 to 26, presiding minister, Harold P. Bruce, of the local congregation announced

The assembly will be Jehovah's Witnesses largest in Texas since their gathering at Houston, Tex. in 1957. Twelve thousand delegates are expected, Bruce said, adding, 14,000 hours must be spent before June 22, to complete arrangements which will inclule reserving 5,000 rooms for delegates. Local delegates will write for reservations.

The Witnesses are widely the world from Rome's beautiful of Burkburnett. glass and marble Palace of Conventions to a several acre clearing in the Northern Rhodesian bush country, from the small plained Bruce

# BURKBURNETT City of Growth and Progress

In cooperation with City officials, Texas Electric Service Company recently completed installation of 86 mercury vapor street lights at strategic traffic areas in the city, making Burkburnett a well-lighted city. The electric distribution system in Burkburnett also has been modernized, and an additional high voltage transmission line and a new substation have been built since the company purchased the City's electric system. These new facilities make available larger amounts of electric service for present needs and for the future.

Water and sewer facilities construction is underway by the City to make metropolitan-type services available to residents of the city and to provide for continued growth.

The new and expanded facilities of the City and of Texas Electric Service Company . . . new homes and homes under construction . . . new businesses and new commercial buildings . . . are evidence of the rapid growth and progress of Burkburnett.

Mercury vapor lights have been installed at busy traffic areas by Texas Electric Service Company in cooperation with the City.
