Clovis D. Mann Believes Burk's Future Is Bright

Clovis D. Mann, new City Manager, has been on the job since August 1, getting acquainted with the various department heads and with the duties in his new position. Mr. Mann is a member of the Church of Christ and a former member of the Civitan Club and the Optimist Club. His hobby, when time permits, is fishing. In an interview with Mr. Mann this week he said: "I feel very fortunate in being chosen as Burkburnett's City Manager. In my opinion, Burkburnett has one of the brightest futures of any city its size any where. We are growing fast, and rapid growth brings many problems to a city. But, I have found a progressive spirit here among the businessmen and with that spirit and their cooperation, Burkburnett can solve her problems as they arise."

"Hard Sell" Needed

Secretary of Commerce Mueller recently spoke on the U. S. Merchant Marine and world trade. He pinpointed the basic problem in these words: "The growing competitiveness of world trade has made a profound impact on our shipping industry."

"Our national merchant marine now carries less than 20% of our foreign trade tonnage, a lesser rate than any time since before World War I. Furthermore, wide cost differentials exist between our maritime industry and those of other countries in the construction and operation of ships."

For many years, he went on, the government has attempted to offset this competitive disadvantage with a variety of subsidies, —subsidies which are unavoidable if we are to have a first-class merchant marine, capable of meeting the needs of defense and commerce. However, he believes, more is needed—namely, what amounts to a "hard sell" to convince American shippers that it is simply good business to patronize U. S. flag lines. Both maritime labor and maritime management need to cooperate more closely and more effectively to sell this great national resource, and to meet changing demands for service.

The secretary thinks that a not unreasonable goal is that at least half of our export and import traffic move in American flag bottoms. These vessels provide stable and regular service. As a general rule, they are required to buy and use American-made products. They are heavy customers of American enterprise. They pay the high wages on which we pride ourselves. Certainly, far fuller use should be made of them.

Take Your Choice

Examination and comparison of the Democratic and Republican platforms reveals a disturbing similarity, yet there are differences:

Where the Democratic party stresses economic aid, the GOP emphasis is on military aid and the need to Contain Communism. Both urge stronger defense.

The Democrats urge repeal of the Connally amendment, the Republicans ignore this vital text that stands between us and yielding our destiny to the World Court.

The Democrats would give alms from the Treasury to businesses and workers injured by low-wage imports under GATT. The Republicans promise tariff protection instead.

The Democrats promise price support at 90% of parity and new subsidies to the Farmers. The Republicans brand these subsidies as "cruel deceptions." Both parties would expand the soil bank.

The Democrats would care for the aged (all the aged) under Social Security. The Republicans promise a contributory system for those who need it. Both would aid medical students and build schools. The Democrats would give Federal aid for teachers' salaries, but the Republicans, disclaiming Federal control, would not.

The Democrats promise a \$1.25 an hour minimum wage, repeal of a Federal law permitting states to ban union shops, would soften the Taft-Hartley and Landrum-Griffin laws. The Republicans would boost the minimum wage, but don't say how much. Both parties would revise unemployment insurance, obviously upward.

The much discussed civil rights planks—stronger than ever before—are substantially the same, differing only in details.

It should be noted against this background that both Vice President Nixon and Ambassador Lodge in their acceptance speeches stressed the overriding importance of our leadership of the free world. "A life-or-death struggle with Communism," said Lodge, "is the issue of this election." The Presidential nominee echoed these sentiments. He also said he would not "try to buy the peoples' votes with their own money."

On balance, the Republican platform, for all its liberality, is less profligate than the Democrats and reflects little or no subservience to Labor. Even more significant, perhaps, is the assurance that the Nixon-Lodge team proposes to put first things first—that freedom and national security will come ahead of pork.

GRASS ROOTS OPINION

"Our suggestion to battle this indifference is for parents to set an example and teach their children by sitting at STRICT ATTENTION when the 'Star Spangled Banner' is played on TV or radio. "Remember children learn these disciplines mostly in the home and respect of our National Anthem must be learned early in life."

The Burkburnett Study club met Aug. 2nd in the home of Mrs. Harold Preston. Meeting was called to order by president Mrs. James Bohner. Mrs. George McClarty called the roll and read the minutes of the last meeting. The president presented a citation sent to the Burkburnett Study club for dedicated service on behalf of a better community as a participant in the 1958-60 Community Achievement contest.

Mrs. D. H. Smith, chairman of the Public Affairs Department reported Mrs. W. R. Golding, civil defense director of Womens activities for the Wichita Falls area, has had on display a scale model of a bomb shelter recommended by Civil Defense authorities. This model was on display in Wichita Falls and Burkburnett. Mrs. Golding has recently completed an actual bomb shelter in her yard at 3015 York in Wichita Falls. Mrs. Smith read a list of rules to remember and items needed in a bomb shelter in case such emergency should take place.

The Burkburnett Study club voted to sponsor the Blue Angels Nursing club as a federated Jr. club. Mrs. Phillip A. Carpenter is sponsor and chairman in charge of the Blue Angels and Mrs. Howard Henderson, Mrs. Harold Preston and Mrs. Harold VanLoh will assist her. The members voted to provide the money to federate each membership. This is the second club to be federated by the Burkburnett Study club. The first was the Jr. University Study club federated in October of 1946 while Mrs. D. F. Douglas, now of McKinney, Tex., was Burkburnett Study club president. Mrs. W. H. Parr, Jr. was elected the first executive of the Jr. University Study club.

In a recent meeting of the fifteen Blue Angel members, they voted to select a new name for their newly federated club and they chose to call it Burkburnett Teenettes. Meetings will be held on the first and third Mondays of each month and red and white are the club colors. The rose was selected as the Teenettes flower and the theme chosen will be Building a Better Heritage.

The Burkburnett Study club meeting was adjourned and Mrs. Preston served refreshments to the following members: Mesdames J. M. Adams, James Bohner, Glen Bear, Philip Carpenter, Geo. McClarty, Howard Henderson, F. A. Jamieson, Jack Mathis, Ollie Ratliff, F. C. Roye, D. H. Smith and Jack Smith.

BY HOWARD FLEMINGS**

Mr. and Mrs. Howard Fleming of Burkburnett visited beautiful Bellingrath Gardens and the Bellingrath Home at Mobile, Ala., Aug. 7th.

Bellingrath Gardens is internationally famous for one of the world's largest camellia collections, for mass blooming azaleas and for year round beauty. It is owned by a non profit foundation set up for the benefit of 3 colleges and two churches.

Middle age is when the thing you like to get wrapped up at Christmas time is the whole celebration.

The cost of a college education has doubled in the last 15 yrs. By 1970, experts estimate a college degree may cost as much as \$20,000.

Those who complain about the way the ball bounces are often the ones who dropped it.

Bowling News

Last Friday night was the last week of bowling for the Friday night mixed league. McClurkan Butane had a near cinch on 1st place. They won first place with no trouble in the final week of bowling. The second and third places were not so easily decided. Going into the final week of play, the next three teams under McClurkan Butane were separated from each other by one-half point. The final results showed however, that each of the three teams won only three games each, therefore they finished in the following order: 1st McClurkan Butane; 2nd Four K's and 3rd Western Dude restaurant. Everyone agreed that the photo finish was very exciting.

Going into its last week of

league, the Boomtown Mixed league is very close. The Corner Drug Store team is in 1st place, but the next two places could go to nearly anyone in the league. Only three points separate place two to five. Top contenders are Vogue Cleaners and Landrum Construction.

The winter leagues at Boomtown Bowl will be starting around Sept. 1st. Plan now which league you will want to enter.

Excitement reigns high at Boomtown Bowl as the summer leagues come to a climatic finish. Both the Friday night mixed league and the Boomtown Mixed league were exciting races down to the final night of league play. The summer commercial league will be very close. In this league James Pearson, who is the secretary of the league, has the high individual game, a 249. Corkey Stevenson has a 638 high individual series.

In the Boomtown Mixed League Bill Wilson has a 243 high game and Sid Landrum has a 619 series to be high in that

category. The leading was the Boomtown Mixed League Al Lauer. Al has a 564 average in this league. He has carried by Jim Marshall for 21 games. Sid Landrum is right behind Jim with an average of 179.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

IT WON'T HURT

No — that first haircut won't hurt, but there will be much in this little fellow's life that will, and whether or not a child is able to use pain and hurt as a tool for maturing depends upon his early understanding of himself as a child of God. No person is really a person without other people — let your little child become a real person by being a part of the community which shares the understanding of themselves as children of God. Go with him to Church this Sunday and every Sunday

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redemption of His love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church in everyone!*

SECTION 20. The fact that there are no adequate regulations governing the collection and disposal of garbage and industrial waste in the corporate limits of the City of Burkburnett creates an urgency and emergency for the immediate preservation of the public peace, health, safety and general welfare and requires that this ordinance shall take effect from and after its passage and publication on the 1st day of September, A. D. 1960, and it is accordingly so ordained.
PASSED AND APPROVED THIS THE 25th DAY OF JULY, 1960.

Outboard races on Aug. 14th

The first National Association of Boaters held Sunday, Aug. 14th, at Hahler Bay, Point off the west side of Lake Wichita. The field of class "D" hydroplanes has necessitated a change in the starting procedure. The races will pit national champions and noted drivers from Colorado, Oklahoma, Arkansas, and Texas in

tough, high speed jockeying over a measured course. National champion Bill Lavery of Cushing, Okla., who holds the 86-mile per hour speed record for class "D" Hydros, and Wichita Falls' own Ray Jeffreys, who won his elimination heat in the national, and then had his motor conk out in the finals, will lend real top talent to the spectacular water show, while scores of other top veterans like photographer, George Smiley and drivers from Lubbock, Amarillo, Ft. Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 89 proposing an amendment to Article IX of the Constitution of the State of Texas by adding thereto new Sections to be known as Sections 6, 7, and 8, to provide that the Legislature may authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having certain stated powers and duties and subject to certain stated limitations; providing that any enabling Acts shall not be invalid because of their anticipatory character; providing for an election; prescribing the form of ballot and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be, and the same is hereby, amended by adding the following Sections which shall read as follows:

"Section 6. The Legislature may by law authorize the creation of Hospital Districts co-extensive with Lamar County, Hidalgo County, and County Commissioners Precinct No. 4 of Comanche County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Lamar County Hospital District may be authorized to levy shall be seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation of taxable property within the District, subject to district taxation.

"Section 7. The Legislature may by law authorize the creation of a Hospital District co-extensive with Hidalgo County, having the powers and duties and with the limitations presently provided in Article IX, Section 5(a), of the Constitution of Texas, as it applies to Hidalgo County, except that the maximum rate of tax that the said Hidalgo County Hospital District may be authorized to levy shall be ten cents (10¢) per One Hundred Dollar (\$100) valuation of taxable property within the District subject to district taxation.

"Section 8. The Legislature may by law authorize the creation of a Hospital District to be co-extensive with the limits of County Commissioners Precinct No. 4 of Comanche County, Texas.

"If such District is created, it may be authorized to levy a tax not to exceed seventy-five cents (75¢) on the One Hundred Dollar (\$100) valuation of taxable property within the District; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property taxpayers voters who have duly rendered their property for taxation. The maximum rate of tax may be changed at subsequent elections so long as obligations are not limited, and not to exceed the maximum limit of seventy-five cents (75¢) per One Hundred Dollar (\$100) valuation, and no election shall be required by subsequent changes in the boundaries of the Commissioners Precinct No. 4 of Comanche County.

"If such tax is authorized, no political subdivision or municipality within or having the same boundaries as the District may levy a tax for medical or hospital care for any individuals nor shall they maintain or erect hospital facilities, but the District shall by resolution assume all such responsibilities and shall assume all of the liabilities and obligations (including bonds and warrants) of such subdivisions or municipalities or both. The maximum tax rate submitted shall be sufficient to discharge such obligations, liabilities, and responsibilities, and to maintain and operate the hospital system, and the Legislature may authorize the District to issue tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements and initially equipping the same and such bonds shall be payable from said seventy-five cent (75¢) tax. The Legislature shall provide for transfer of title to properties to the District.

"(b) The Legislature may by law permit the County of Comanche to render financial aid to that District by paying a part of the expenses of operating and maintaining the system and paying a part of the debts of the District (whether assumed or created by the District) and may authorize the levy of a tax not to exceed ten cents (10¢) per One Hundred Dollar (\$100) valuation (in addition to other taxes permitted by this Constitution) upon all property within the County but without the County Commissioners Precinct No. 4 of Comanche County at the time such levy is made for such purpose. If such tax is authorized, the District shall by resolution assume the responsibilities, obligations, and liabilities of the County of Comanche and to the extent hereinabove provided for political subdivisions having boundaries co-extensive with the District, and the County shall not thereafter levy taxes (other than herein provided) for hospital purposes nor for providing hospital care for needy individuals of the County.

"(c) Should the Legislature enact enabling laws in anticipation of the adoption of this amendment, such Acts shall not be invalid because of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the general election to be held the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County."

"AGAINST the Constitutional Amendment authorizing the Legislature to create a Hospital District co-extensive with Lamar and Hidalgo Counties, and co-extensive with County Commissioners Precinct No. 4 of Comanche County."

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State.
