## 5 Burkburnett Girls In Oil Bowl Game

Five Burkburnett girls are included in a group of top baton twirlers to appear Friday night at the 1960 Oil Bowl Football game in Wichita Falls at the Midwestern University stadium. They are Misses Barbara

Roberts; and Gail Wright, daughter of Mr. and Mrs. Martin Wright.

The girls will perform with the Whirlettes, popular young majorette organization making its sixth appearance at the annual grid classic.

Presenting a series of marching and twirling routines, the Whirlettes are a favorite attraction of pre-game activities which include another show group, the teen-age Lone Startettes.

## Burk All-Stars Win Tournament

The Burk All-Stars won the championship trophy in the AAA Division in the Red River Tournament Saturday night, held in Wichita Falls.

The All-Stars, behind the brilliant pitching of Curtis Moore, downed the Wichita Falls Colts 10-7. The Stars staged a last minute rally to win the thrilling contest.

The Stars won 4 straight games, beating the Thunderbirds of W. F. 19-2, the Roughnecks 7-3, the W. F. Mustangs 8-3 and the W. F. Colts 10-7 in the finals.

Curtis Moore won 3 games and saved the other in relief.

Don Overton, Gary Owen, Barney Fudge and Oscar Tillard were the leading hitters for the All-Stars.

The All-Stars were made up of the star players in the Pony League.

Ollie Ratliff and Howard Freeman managed the Stars.

Five colored players participated from the Knights team: John Henry Hawkins, Hillard, James Ayers, Jas. Manuel and John Emanuel. Curtis Moore, Jimmy Monson and Henry Bauch of the Texas Electric team.

Barney Fudge, Don Overton, Gary Owen, Pete Mason, Vincent Lam and Jackie Cornelius of the Howard Clement Const. team.

The All-Stars have one more tournament at Sheppard Field this week, and then the lads turn to the gridiron.

## Do We Want More Unemployment?

The Department of Labor reports that unemployment rose by 1,000,000, reaching a total of 4,400,000, in the May-June period. This was a larger increase than was expected. Unemployment among both teenagers and adult workers rose more than seasonally.

About 1,600,000 of the unemployed in June—35% of the total—were teenagers. This figure was about a quarter of a million higher than in June, 1959.

At the same time, 3,700,000 teenage boys were employed in June. And it is significant that about one-third of them were in sales or service jobs.

So much for statistics. Now, suppose that the proposal to extend the federal wage-hour law to retail businesses—which have been exempt—were approved. Retailing is a service business which has room for many marginal workers—teenagers, part-time employees, and others with little or no skill or experience. Retailing offers them the opportunity to learn skills that will qualify them for better paid, more responsible jobs. But if an arbitrary national law imposed wage and other restrictions which were out of balance with their productive worth, this kind of employment would be pared to the bone.

The proposed wage-hour law extension would further swell the unemployment totals. And it would hit hardest at those whom it is supposed to aid.

## Nothing Is More Important

It is time now—before our youngsters return to their desks—to inspect every school for fire safety to make sure that such a tragedy as the holocaust at Our Lady of Angels School in Chicago can not happen here!

The National Board of Fire Underwriters reminds us of the importance of searching out possible fire hazards in our schools at this time; provide a detailed inspection blank covering 37 items to be checked; urges that a member of the fire department accompany the inspectors, and that the report be filed with the school authorities. It might be added that this inspection form is presently in use in more than 1,000 cities, towns and villages across the nation, and that it has undoubtedly saved many young lives to say nothing of valuable public property.

Summer vacation, the Board points out, provides the opportunity for school renovation and repairs and workmen frequently leave behind them odds and ends of lumber, sawdust and shavings, empty paint pails, oily rags and other combustibles which should be promptly thrown out. Fire extinguishers should be checked to make sure they are properly charged and in their proper places and the alarm system tested.

And certainly, one of the first orders of business when the new classes convene is to organize and conduct a fire drill.

We can only feel safe about our children when we know their schools have the best possible fire protection, and can be evacuated quickly and without confusion.

## Roads And Tomatoes

There's nothing like gardening time to set a man's mind to pondering the vagaries of political endeavor. Take the tomato plant, for instance. As any gardner knows, tomatoes never reach full size if the sucker shoots aren't snapped off the stem, in the early stages of growth.

One wonders why more isn't done to eliminate some of the suckers that drain off those big taxes we contribute to run the Government. Take highway as an example. Here we pay out billions of dollars a year in State and Federal gasoline and automobile taxes to build bigger and better highways. Yet Government figures show that some \$1.6 billion a year of the Federal tax money alone is not spent on roads. Ironically, when this huge sum is diverted from highways more funds are raised by boosting taxes. This was done last October when the Federal gasoline tax was increased a cent a gallon on a temporary basis, bringing the average State-Federal tax to 10c a gallon. Now there is talk of a move to continue the temporary increase beyond its June 30 1961 expiration date, and even increase the tax still further.

A course that would be more realistic and easier, especially on the riddled pocketbooks of the nation's motorists, would be to snap off the sucker that's causing the trouble. Put all revenue collected from motorists into highways and thus guarantee the vigor of our roads program.

Adding plant food to nourish tomatoes on a sick stem is wasteful and costly. The same holds true for heaping tax fertilizer on a roads program whose revenue strength is being diverted to other uses.

## GRASS ROOTS OPINION

RITZVILLE, WN., JOURNAL-TIMES: "One of the most unnecessary government spending programs you can imagine is multi-billion dollar spending for federal 'public power.' Investor-owned utilities could do the job just as well, and perhaps a little more efficiently. There is actually little difference in cost. The big difference is that public power pays little taxes, and at the same time it eats into our American system of individual free enterprise."

OSWEGO, KANS., INDEPENDENT: "According to press reports the staged revolts with the Communists, the Labor Unions and the Socialists in Japan, calculated to withdraw the invitation to president Eisenhower to visit that country, cost the Communists a considerable cash outlay. Report is that they paid the participants \$1.65 a day. And in Japan that is said to be in the upper class wage group."

NAZARETH, PA., ITEM: "The playing of the 'Star Spangled Banner' means nothing to many of the children of today. Recently at a public gathering the band played the 'Star Spangled Banner' as their last number and the children that ignored the music was appalling."

### Baptist Plan New Camp Buyer Sought For Old One

Growth of the Baptist movement in North Texas has catapulted District 11, Texas Baptist Association, into the resort business. The group has put up for sale the 20 acre Jo Ann James Memorial Encampment near Vernon and plans to invest the money in new 275 acre facilities near Burkburnett.

Rev. Sid Martin of Wichita Falls is over-all coordinator of the project, which ultimately will involve about three quarters of a million dollars. The present encampment is for sale at an asking price of \$80,000.

"Our camp at Vernon would make an ideal private resort," Rev. Homer Thompson of Iowa Park, treasurer of the District 11 group said. "And we feel the new 275 acre site will provide room for future growth," he continued.

Included in the old encampment is 20 acres of land with city water from Vernon, a swimming pool and bath house, a tabernacle, first aid station, guest house, kitchen and dining hall, caretakers home and 28 cabins owned by 28 of the churches within the district.

All streets are paved, ample shade has been provided and the encampment area is "beautifully clothed" in grass, according to Rev. Thompson.

The new encampment area as of now consists of two signs installed by the Texas Highway Department, the 275 acres of land, and nothing more. Plans call for construction to begin Jan. 1, 1961, with enough facilities scheduled for completion for a "skeletonized camp operation by June 1, 1961, when the encampment season begins.

Future plans call for construction of dormitory facilities and more space for athletics than the old camp provides. In addition ample space for church-owned cabins will be provided.

Rev. Homer Tompson said. Property included in the new District 11 encampment is four miles wide and runs from Farm Road 1177 to Red River. The River's flood plain will be used exclusively for recreation, with dormitories and cabins to be built on high ground fronting on the highway.

Right now, however, the next step is to find a buyer for the present camp. Several groups have looked at the Vernon property, but as of this week, no serious buyer is "on the hook." Two engineering firms have looked over the new property with an eye to designing an overall layout of facilities, Rev. Thompson said. They will report to the encampment committee within the next two weeks and one will be chosen to design the new facilities, he stated.

Mr. and Mrs. Will Teal have returned home from Lubbock, where they visited his brother, Roy Teal, who recently underwent surgery at the Methodist hospital. He is reported doing nicely at this time. The Teals also visited in the Fred Brookman home while there. They were gone three weeks.

Major Carl R. Senkbeil returned home July 28th from a 13 months tour of duty in Okinawa. The Major will retire from the USAF on Sept. 30th following 30 years active service. Following his retirement he will assume his duties at Carl's Drive-In in Burkburnett. Mrs. Senkbeil and her mother, Mrs. Lillie Cashwheeler, have had charge of the drive-in for the past years.

Mrs. Carl Hicks of Wichita Falls was admitted to Wichita General hospital Monday and underwent surgery Tuesday morning. Mrs. Hicks is the daughter of Mrs. W. D. Williams of Burkburnett.

### This Year's Texas-Oklahoma Fair Set for Sept. 26th Thru Oct. 1st

For thirty-two years the small town of Iowa Park has been host to Texas-Okla. Fair, the largest fair in this area. For one week each fall, Iowa Park is filled to the brim with people and excitement. This year's Fair occurring on Sept. 26th through October 1st is co-dedicated to honorable Texas Representative, Frank Ikard and Oklahoma's honorable Representative, Carl Albert, who will both speak on Pioneer Day, an annual highlight of the Fair.

Pioneer Day will be on Tuesday, Sept. 27th with registration beginning at 9:00 a. m. and the program commencing at 10:00 a. m. There will be the customary Chuck Wagon Feed at 12:00 noon, following the crowning of the Pioneer Queen.

The Texas-Okla. Fair is noted for its fine Women's department and outstanding Junior Livestock Division. Another outstanding feature, the annual band contest, will begin at 3:00 p. m. Monday afternoon beginning with the Junior High division followed each afternoon thru Thursday with the A. B. and C. high school bands. The extra large Midway, providing fun for

all, and the many exhibits on display prove to be educational as well as interesting.

At 6:00 p. m. on Monday, Sept. 26th, a parade through town will officially open the Texas-Okla. Fair which will mark the 33rd year it has brought color, excitement and patronage to the little town of Iowa Park.

### Miss Byrle Stone- Mr. Philip Shera Wed In Florida

Miss Byrle Stone, second grade teacher at Harlin Elementary, was married to Mr. Philip Shera of Longview, Tex., in Belle Glade, Fla., where the groom's mother resides. The couple enjoyed vacationing in Miami, West Palm Beach and the Everglades National Park.

Miss Stone received her masters degree at East Texas State College in July and will continue to teach in Burkburnett.

Mr. Shera will travel on a special assignment as technical representative for Philco Electronics Corp.

### Judy Kauer Enjoying Camp Arrowhead

Judy Kauer, daughter of Mrs. Marjorie A. Kauer, is spending the last part of the summer at Camp Arrowhead near Hunt, Texas.

A five year camper, Judy is a member of the Kickapoo tribe. She participated in Sub-deb water front day, winning a first place blue ribbon in the side stroke and second place in the back stroke. She will also take part in the operetta, "Hans Christian Anderson," one of the final events of the camp term.

She was recently elected to represent her cabin to the Camper's Council, a camper co-ordinating group. She will return home after the five week session ends Aug. 15th.

### FAMOUS SAN ANTONIO FORT

Teddy Roosevelt trained his famous Rough Riders in Texas in the same fort that housed such outstanding generals as Grant, Lee, Sheridan and Hood.

It's the 3,000 acre Fort Sam Houston, the greatest Army post in the United States. It is located within the confines of San Antonio.

Old "Fort Sam" dates back to the pre-Civil War days and still is active today. Much of the old atmosphere remains. It's a sight to see, whether you're interested in the activities of today or of yesterday.

Mr. and Mrs. F. E. Cruce and Mr. and Mrs. C. R. Chambers of Burkburnett and the Chambers' grandson, Alan Fite of Richardson, spent the weekend at Possum Kingdom Lake.

# TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

## THE BUILDERS

This father and his son have established one of the firmest foundations upon which the progress of all human endeavor is made. They are working as a team toward one goal. In this case, the simple job of putting together a model airplane; tomorrow, it might be the construction of a soap box racer or drawing the plans for a rocket to the moon. The goal is not really important; it is the harmony of working together that matters. Throughout the years of their "partnership" the father, by his patience and understanding, has been building in his son those fine character traits so necessary to his future life as a man and a useful citizen of the community. The father has taught the boy honesty and fair play; Through the home he has learned kindness and respect for others. And through the family he has found a deep and abiding love for God by regular attendance at church. Our children need the guidance that their parents can set by their example. Do not send your children to church. Take them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**Leon J. Dasher, Public Relations Officer**

The American Legion Post 264 is sponsoring an Old Fashioned Square Dance for the members and their guests on the 3rd of Sept. There will be no admission charge. The reason for having this dance is to get all of the members and their friends to gather at one time. We are dedicating this dance to all our older members in hopes that it will remind them of the happy past.

We intend to have a happy time so no drinking will be allowed. Anyone that is drinking or has had a drink will not be allowed to come in. So fellow members, please help us make this a respectable dance that will be long remembered. The snack bar will be open. Coffee, soft drinks and all kinds of sandwiches will be served. Commander Snyder is hoping for a big turn out at this great event.

We are still counting on all of you members to help get the

Tonight is our regular meeting night. At this meeting, Commander Snyder will give the reports of the convention. So let's all be there.

## HARDIN HD CLUB

Seven of the Hardin club members attended Encampment Day at Punkin Center Tuesday, Aug. 9th. Those attending were Mesdames E. W. Roderick, C. L. Jenkins, J. E. Cools, W. E. Jenkins, J. E. Cools, W. E. Goin, A. A. Jacobs, J. H. Enderli, E. J. Simons and daughter Patricia was a visitor.

The above members presented a skit titled, Fresh Fish for Sale Today. Patricia Simons was narrator of the skit.

Games were played and a lovely covered dish dinner was served to all members of each HD club in the Wichita County.

Accomplishments were displayed on the progress made by the members throughout the year.

## GONZALES HONORS FLAG

A plaque commemorating the making of the first battle flag of Texas hangs on the walls of the museum at Gonzales, in South Texas, the town where the flag was made. It was the first flag on which now famous "Lone Star" was used.

This flag carried the words "Come and Take it" in answer to the Mexican Army's demand for return of the Gonzales cannon. The cannon had been given to the Texans by the Mexicans for defense against the Indians.

## HOW FAST CAN YOU GO IN A COFFIN?

Next time you are tempted to step on it, ask yourself this question! Last year, 40,000 died on our highways. In 3 out of 10 fatal accidents, drivers were speeding. Obey speed limits. Drive safely.

## Ordinance No. 245

**AN ORDINANCE DEFINING THE VARIOUS KINDS OF GARBAGE, REGULATING THE KINDS AND SIZE OF RECEPTACLES IN WHICH TO PLACE SAME, THE MANNER OF ITS PREPARATION AND WHERE IT MUST BE PLACED TO BE COLLECTED BY THE CITY GARbage DEPARTMENT; PROVIDING REGULATIONS FOR COLLECTION OF SAME; PROVIDING THE SERVICE CHARGES, AND A METHOD OF BILLING AND COLLECTION OF THE FEES; PROHIBITING THE MEDDLING, SCATTERING CONTENTS, PILFERING OR JUNKING, WITH GARBAGE CANS, TRASH OR RUBBISH RECEPTACLES; PROHIBITING THE COLLECTION OF GARBAGE, TRASH OR RUBBISH BY OTHERS THAN CITY FORCES OR AGENTS WITHIN THE CITY LIMITS; AND PRESCRIBING PENALTIES; REPEALING ALL ORDINANCES IN CONFLICT HERewith; AND DECLARING AN EMERGENCY.**

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF BURKBURNETT, TEXAS:

SECTION 1. This ordinance shall be known as the "garbage ordinance" of the City of Burkburnett, Texas. The word "premises" as used in this ordinance shall be taken to mean business houses, boarding houses, offices, theatres, hotels, restaurants, cafes, eating houses, tourist courts, apartments, sanitariums, hospitals, rooming houses, schools, private residences, vacant lots and all other places within the city limits of the city, where garbage, trash or rubbish accumulates in ordinary quantities.

The various kinds of garbage shall be defined as follows:

A. By the term "Kitchen Garbage" as used in this ordinance is meant, dry kitchen refuse, all meat, vegetable and fruit refuse, small dead animals and dead fowls, from any premises within the city limits.

B. By the term "dry kitchen refuse" is meant the solids after the liquids or slop has been drained off.

C. By the term "trash" as used in this ordinance is meant paper of all kinds, rags, old clothing, paper containers, old rubber, pieces of wood, boxes, barrels, crates, feathers, weeds, grass, tree limbs from any premises within the city limits.

D. By the term "rubbish" as used in this ordinance, is meant tin cans, bottles, glass, scraps of iron, tin, wire, or any other metals from any premises within the city limits.

SECTION 2. It shall be the duty of every person, firm, or corporation owning, managing, operat-

ing, leasing or renting any premises, or any place where

(a) kitchen garbage or (b) dry kitchen refuse accumulates to provide a portable garbage can or cans constructed of galvanized iron, tin or other suitable materials with handles and a tight fitting cover of a capacity not less than twenty gallons or more than thirty-two gallons and the daily accumulation of kitchen garbage and dry kitchen refuse shall be placed in this or these garbage cans. It shall be the duty of every person, firm or corporation owning, managing, operating, leasing or renting any premises to place all trash or rubbish from said premises in boxes, portable cans, or other portable metal containers provided that the gross weight shall not exceed sixty (60) pounds. Any person desiring to place tree trimmings or hedge cuttings for collection shall cause the same to be securely tied for collection in bundles not heavier than seventy-five (75) pounds nor more than four (4) feet in length. These shall be placed with the other garbage and trash for pick up at the regular time for collection.

SECTION 3. Business houses, restaurants, cafes, eating establishments and other commercial establishments shall provide suitable containers for their particular needs. These shall be subject to the approval of the City Manager, and may not be used unless acceptable to him.

SECTION 4. After the enactment of this ordinance it shall be unlawful for fifty-five (55) gallon oil drums to be used as garbage containers.

SECTION 5. Rock, waste, scrap building materials, or other trash resulting from construction or remodeling; resulting from a general clean-up of vacant or improved property or resulting from sizeable amounts of trees, brush or debris cleared from property will not be removed by the City as a regular service, but may be done for the owner on payment of an extra fee. Exceptions to this are:

1. Trees, shrubs and cuttings will be carried by the City as defined elsewhere in this ordinance. 2. All types of trash, refuse, and rubbish will be carried by the City during any clean-up campaign which is proclaimed and authorized by the Mayor or City Commissioners. The owner, at his option, may have such debris removed at his expense by private haulers. In the event the owner desires the City to haul debris, a charge therefore, will be made at the rate approved by the City Manager of the City of Burkburnett, Texas.

SECTION 6. The authorized agents of the City of Burkburnett will not make collection of kitchen garbage, trash or rubbish or tree limbs where same is not prepared for collection and placed as designated by the terms of this ordinance and failure to comply with this provision will be an offense and each day's failure to comply will constitute a separate offense.

SECTION 7. The lids, garbage cans and other receptacles shall be kept in a sanitary condition and closed tightly at all times so that flies and other insects may not have access to the refuse contained therein and shall only be removed while emptying additional garbage or refuse therein, or while the Garbage Collector or person authorized in removing such garbage or unloading the same for disposal. The contents of all receptacles shall be so protected that the wind cannot blow out

and scatter same over the streets, alleys, and premises of the city.

SECTION 8. It shall be unlawful for any person other than those designated by the city to collect or dispose of any garbage or to haul or transport or convey said garbage within the City of Burkburnett, Texas, except as specifically designated within this ordinance.

SECTION 9. The meddling with garbage cans, trash or rubbish receptacles or in any way pilfering, scattering contents or junkings in any alley or street within the city limits is prohibited.

SECTION 10. Garbage and refuse situated at residences shall be picked up twice per week.

All business concerns situated within the corporate limits of the city, shall receive a daily pickup.

SECTION 11. Rates for gathering and removal of garbage and refuse from all premises within the City of Burkburnett, Texas, shall be calculated on the following basis:

(a) Single family unit with alley entrance, \$1.50 per month.

(b) One family unit without alley entrance, where it is necessary to carry out refuse or garbage for more than 20 feet from property line, \$2.50 per month.

(c) Two family units on separate meters, per unit, \$1.50 per month.

(d) Apartment houses in one building with three or more units, per unit, \$1.50 per month.

(e) Housing Developments to be charged per family unit, \$1.50 per month.

(f) Commercial and business establishments, regardless of location shall be charged at a rate to be established by the City Manager and by the Supervisor of Garbage Collection on the basis of cost of daily service according to actual time required but no concern shall be less than \$1.50 per month.

SECTION 12. The charges fixed or to be fixed under the terms and provisions of this ordinance and any contract that may be entered into by the City for the removal and disposal of garbage, waste or refuse, shall be charged against such person or person, owner, occupant or lessee, and the amount fixed shall be collected through the Water Department monthly, as the water charges are collected.

SECTION 13. If garbage pickup charge is not paid, water services will be discontinued to that customer until such time as garbage charge is paid.

SECTION 14. If water service is discontinued because of non-payment of water and or garbage charge, then an extra charge of One Dollar (\$1.00) shall be made and collected before water service is reinstalled.

SECTION 15. All charges for service as outlined in this ordinance are the same for all establishments of like kind without regard for whether there is or is not a separate water meter for the house or residence, commercial or business establishment.

SECTION 16. Any person, firm or corporation who violates any of the provisions of this ordinance or who fails to provide the necessary garbage cans herein required, or shall allow the premises to become unsanitary, shall be deemed guilty of a misdemeanor and upon conviction shall be fined a sum of not less than five (\$5.00) dollars and not more than Two Hundred (\$200.00) dollars for each offense and each days continuance of a failure to comply therewith

shall constitute a separate and distinct offense for each of said days.

SECTION 17. The term "garbage collector" or "garbage collectors" as used herein shall mean an employee or employees of the City of Burkburnett, Texas, or other person or firm under contract with the City, to remove garbage and other trash.

SECTION 18. All ordinances and parts of ordinances in conflict with this ordinance are hereby expressly repealed.

SECTION 19. Should any section, paragraph, sentence, clause, or phrase of this ordinance be declared unconstitutional or invalid for any reason, the remainder of said ordinance shall not be affected thereby.

SECTION 20. The fact that there are no adequate regulations governing the collection and disposal of garbage and industrial waste in the corporate limits of the City of Burkburnett creates an urgency and emergency for the immediate preservation of the public peace.

health, safety and fare and require ordinance shall take and after its publication on the September, A. D. 1960, accordingly so PASSED AND THIS THE 25th DAY OF 1960.

## TIME TO LOOK AHEAD...

### "BACK TO SCHOOL"

TO "OFF TO COLLEGE"

As she skips back to school this fall, her college fund seems far, far in the distance. But the years will pass between now and then, and before you know it she'll be ready to go up and go.

The important question—to face NOW—is: "When she is ready for college, will you be ready with adequate funds to pay the cost?" By looking ahead and saving ahead, you can make the answer a great big "YES". Let us show you how a modest amount deposited regularly in your savings account here will do it.

## Tuition At State Colleges

A. HILL, President Emeritus  
West Texas State College  
Canyon Texas

has worked higher education 50 years I feel register a vigorous protest against the rise in tuition in the state; and for the reasons:

have been studying budgets (lately) rarely goes as low as \$800, all necessary costs considered. What per cent of Texas families can afford such costs for one, two or three children? The proposed increase would make bad matters worse.

In face of the above indisputable facts the cherished American tradition that any boy who wants a college education badly enough can get it is positively slipping and the proposed tribute on the poor would certainly push it further down the toboggan slide. We must remember that brains and character are not monopolized by the well-to-do, and the political philosophy upon which the foundation of this country is laid cannot be measured with money.

2. This proposed tax—or any tax that excludes a large number of a country's youth from the opportunity to develop the best that is in them—will sooner or later drive an iron wedge between the well-to-do and the educated on the one hand and the not so well to do

and the uneducated on the other. Already the sputnik and its corollary agencies have moved American public education away from its Democratic moorings toward the old European system. In opposing Russia we are taking on some of the aspects of her educational system, in which the free choice of the individual is suppressed. The proposed high tuition measure, if made law, will move Texas another step toward Moscow, because it will vastly limit opportunity for many and make shambles of our doctrine of 'Equal Rights to all and special privileges to none.'

3. It is often said that since a college education is worth a fabulous sum to the individual who acquires it he should pay a considerable percentage of the cost. Let us not forget that "Cultivated mind is the guardian genius of Democracy and that society is the greatest beneficiary of education. This is one of the cornerstones of all public education.

But let it be granted that the individual should pay much of his own freight, let us see how it works out a typical institution: In investigating that matter a little more than a year ago this writer found the following significant facts about West Texas State, which is probably typical.

Students have paid in the 50 years of the institution's life and are now paying the following sums as tuition and fees to the state:

A. To employ additional teachers, increase salaries, buy equipment, keep the plant in repair, landscape the grounds, and pay much of the cost of the admini-

stration the approximate sum of, \$3,000,000.

B. To build and equip, through a plan of amortization, 8 dormitories, a cafeteria, and a student union, a minimum of \$3,000,000

C. For stadium, swimming pool, tennis courts and other athletics facilities a minimum sum of, \$10,000.

Grand total of students' investment in West Texas a minimum of \$6,100,000.

Of 16 major buildings that now adorn the campus of West Texas State 9 1-2 have been or are now being financed by students.

Students have paid all personal expense, have financed in large part the campus newspaper and the year book, and through the years have contributed heavily to athletics and all other student enterprises.

Prior to the passage of the Constitutional Amendment of 1947, by which the colleges were given a building tax, the state had invested here, Canyon, in buildings, improvements and equipment the sum of \$1,285,033.23.

In the same period the national government contributed for and granted loans to be amortized from student fees about, \$600,000.

In addition to these figures the national government has spent an undetermined but sizeable amount in gifts of surplus property and in priceless collections of historical and scientific mater-

ials, most of which would otherwise have been lost to Texas.

In this same period private benefactions have amounted to an estimated \$850,000.

In conclusion let it be said that this paper is wholly my own. No one suggested it or contributed to its contents.

Sincerely Yours,  
J. A. HILL

P. S. What assurance can the proponents of this \$300 tuition proposal give us that the money thus derived will actually go to the colleges and will not be used to wipe out past, present, or future general fund deficits, or adversely effect appropriations for higher Education?

## Teenettes Meet Monday, Aug. 1st

A meeting of the Teenettes, a sub junior study club was held on Aug. 1st in the home of Mrs. P. A. Carpenter. During the business meeting, the club members voted to become a federated club.

The following officers were elected: president, Mitzi Mills; vice pres., Ann Jennings; Secy., Francie Mills; Treas., Janet Mathis; press Reporter, Dixie Van Reenan.

Two new members, Pat Mills and Kathy Potter were voted into the club. We are happy to have these new members.

# TAKE THIS HOUSEPOWER CHECK NOW!

Do your lights dim when major appliances start operating?  YES  NO

Does your television picture shrink when other appliances are in use?  YES  NO

Do you have to replace fuses frequently?  YES  NO

Do you have to unplug one appliance so you can plug in another?  YES  NO

IF YOU CHECKED "YES" one or more times, it's an indication of low HOUSEPOWER. You may need larger wire, additional circuits and more outlets to get the most efficient and convenient service from your electric appliances.

Home wiring designed for the appliances used by the average family only a few years ago may be inadequate for the many additional electrical conveniences you enjoy today. As a result, lights may dim, appliances may operate sluggishly and fuses may blow frequently due to overloads. These symptoms are usually more noticeable during hot weather when electricity does so many more jobs for you.

Your electrical contractor will gladly check the wiring in your home and suggest the additional wiring you may need. Call him about it soon. Live better electrically with FULL HOUSEPOWER.

"These trails would shake the cab off an ordinary truck...but not our Chevy"

Few trucks are subjected to the body-wracking beatings that are part of a day's work for this Chevrolet Series 60 pulpwood hauler. It's owned by J. E. Fox, North Carolina logging contractor. As Bobby Fox, a partner in the business says, "Loaded with pulpwood, we drive over stumps and potholes you'd think would tear the truck to pieces. These trails would shake the cab off an ordinary truck, but not our Chevy. We can average an extra load a day . . . make \$45 to \$50 a day more with this Chevy than we can with the others."

In every weight class these Chevies are doing more work at less expense than trucks have ever done before. Drive one at your Chevrolet dealer's. It's an experience that could pay you big dividends.

"That 6-cylinder engine really performs," says Bobby Fox. "It's got the lugging power we need in the woods and walks right along with a full load on the highway."
