## Assets 1st Savings & Loan Ass'n. Pass Half Million Mark 1st Month

### \$500,721.36 Assets In One Month

Claude R. Meadows, Jr., manager of the First Savings and Loan Association, announces the organization reached \$500,721.36 assets the first month of its operation. Formal opening was held August 25th.

The rapid growth of the new Burkburnett business concern reflects the progress and rapid growth of the city as a whole. Building permits issued in the city for August totaled \$320,900.00, bringing the total permits for 1960 well past the one million mark. The First Savings & Loan Association opened up new avenues for available home loans, which will play a significant role in the present and future growth of Burkburnett.

## LIONS CLUB

Town Hall Each Tuesday, 7:30 P. M.

D. C. Dodson, in charge of the program, introduced Fred Kidwell of Wichita Falls, who with a group of five other Wichitans, went on a bass fishing expedition to Cuba last year. Mr. Kidwell showed several hundred feet of movie film taken on the trip and gave a description of the action as it happened on the screen. While the group was encamped in a swamp on the lake, Fidel Castro and a party of about twenty joined them, uninvited and from Kidwell's point of view, unwelcomed. No incidents took place, although there was a distinct tension between the fishermen and the rebels.

Lion Weldon Nix reported the House of Horrors, a display pertaining to fire prevention shown at the Texas-Okl. Fair last week, will be on display on the grounds of the local grade school next Wednesday.

Next week Haskell Draper will bring the program. Mr. and Mrs. D. C. McNeil plan to leave Monday for Victorville, Calif., where they will spend the winter months.

## Mail Volume Hits New High

A new all-time high in the nation's mail volume was reached during fiscal year 1960 ended June 30, which continued the steady upward trend of the past seven years at a rate which even exceeds the population growth, according to advance information from the annual report of the Post Office Department which has been made available to the postmaster in Burkburnett.

Although subject to last minute revision, the year's total has been estimated as 63.6 billion pieces of mail which includes about one billion pieces of parcel post. It was stated that this would mean an increase of nearly 25 per cent over the corresponding figures for 1953 when the annual volume was 50.9 billion pieces.

During this same period, it was pointed out the revenue of the Department also has shown an impressive gain with an increase from \$2,091,714,000 in fiscal year 1953 to \$3,276,800,000 for fiscal year 1960. Receipts of the Burkburnett office climbed from \$28,918.24 in 1953 to \$44,245.35 last yr. An increase of \$15,327.11.

There is not much we can do about how much mail we have to handle from day to day or how many people are making use of the Postal Service the postmaster stated, but the whole department keeps busy in devising ways and means for doing the job not only more efficiently but more economically.

We can't deny that we still make mistakes and that the human element still plays a vitally important part in daily operations, but the statistics in the Department's annual report offers positive proof that we are making progress on a nationwide basis. As an example, while the mail volume showed an increase of 16 billion pieces handled annually, the employment increase during this same period amounted to only 11 per cent.

## Burk Expands Scout Program

The Chamber of Commerce sponsored a "Together Dinner" here Monday in the Town Hall to organize additional Boy Scout Units. Attending the dinner were local service clubs and organizations.

Heading the steering committee is Bill Browning. Working with him are Harold Wolfe, Geo. McClarty, and Harry Dodson. Melvin Smith, scout executive for the Northwest area council explained the need for scouting in this 13 county area. He brought forth the idea that adult leadership and local sponsoring institutions are the keys to success.

Ray Matherly, assistant district commissioner, explained the needs of local scouts. He outlined the number of boys now in the programs, compared with the number who wanted to be in. Bill McElroy, district scout executive, pointed out the details of organizing cub packs, boy scout troops and explorer posts. The meeting was then turned over to individual sponsors.

Institutions offering to sponsor a scouting unit were First Methodist Church, cub pack, director, Marvin McDonald; Lutheran Church, cub pack, Virgil Mills director; Rotary Club, explorer post, Harold Wolfe director; Fire Department, explorer post, Clark Gresham director; First National Bank, explorer post, Jerry Thomas, director; Boom Town Bowl, explorer post, Dink Hudson director; Lions Club, explorer post, Arnold Oliver director; and Hardin School PTA, cub pack.

## NOTICE

On October 12, 1960, wives of all employees of Mobil Oil Co. are invited to attend a meeting at the Wichita Falls Country Club from 9:45 A. M. till 2:00 P. M. There will be bridge and canasta for those interested. Luncheon will be \$2.25. For reservations call Mrs. D. G. Elliott 569-3843. Reservations can be made until Oct. 10; cancellations cannot be accepted after Oct. 11. If enough interest is shown this will become a monthly meeting.

## FIRE PREVENTION - THE JOB

Every 37 seconds a fire breaks out in some city in the United States, endangering lives and damaging or destroying property.

Every 46 minutes some one dies as the result of fire in this country.

These are the two impelling challenges commanding us to give a thought to fire safety during Fire Prevention Week—OCTOBER 9-15.

It was the Great Chicago Fire in 1871 that eventually brought recognition of the need for a concentrated drive for fire prevention on a national scale.

### First Fire Prevention Day

The first Fire Prevention Day was observed October 9, 1911, the 40th anniversary of the Great Chicago Fire.

In 1920, President Woodrow Wilson issued the first Presidential Proclamation of Fire Prevention Day.

And, in 1922, President Warren G. Harding proclaimed the first Fire Prevention Week.

Each year since then, the President of the United States has proclaimed the week containing October 9 as Fire Prevention Week.

Last year losses from fire were a shade below those of the preceding year.

In 1959 the number of fire deaths totaled 11,300 compared with 11,500 in 1958.

And fire losses at \$1,047,073,000 were nine-tenths of one per cent under 1958, the first decline since 1950.

### The Job Must Continue

There can be no relenting in the fight against fire. There can be no resting on the laurels.

It is the job of all of us to continue our efforts to make America fire safe.

Have you checked your attic or basement recently for accumulation of the type of combustible trash in which fires so easily start?

Have you checked your electrical circuits and extension cords to make sure they are in tip top shape?

Does your fuse box contain fuses of the proper amperage?

Remember one-fourth of all fires are caused by matches and smoking. Another 20.4 per cent are the result of mis-use of electrical equipment. And three-fourths of all fires are needless—they are caused by human carelessness and forgetfulness.

You can do your part tonight by using care.

## Gary Bean Chosen For Ft. Ord Honors Over 14,000 Trainees

Pvt. Gary B. Bean, son of Mr. and Mrs. M. E. Bean of Burkburnett, will represent Ft. Ord when the Army clashes with California in a football game soon.

Private Bean was selected to participate in a special program in connection with the game as a guest of the Sixth U. S. Army commanding general, Lieut. General Robt. M. Cannon. More than 14,000 Fort Ord trainees participated in the competition for the honor.

## County 4-H Girls Show Champions At Texas-Okl. Fair

Two Wichita County 4-H girls showed grand champion heifers at the Texas-Okl. Fair last week.

Karen Ann Bentley, 12 year old daughter of Mr. and Mrs. Howard Bentley of Burkburnett, showed the grand champion shorthorn heifer. She will show this heifer at the State Fair this month.

Connie Swinford, 11 year old daughter of Mr. and Mrs. Ralph Swinford of the Friberg Community, showed the grand champion Hereford.

Ken Johnson and Sonny Bentley, also Wichita County 4-H members, won first place with their exhibit on Wildlife.

## Beatnik Party 26th Honored New Prospective Pledges

A beatnik party was held in the home of Pat Adams on Sept. 26th honoring prospective new pledges for the Theta Epsilon Sorority.

Everyone wore the usual beatnik attire. Entertainment consisted of writing crazy poems, making crazy things out of clay and doing crazy finger painting. Refreshments of dip, brownies, coffee and cokes were enjoyed by Bennie Kerr, Kathleen Brammer, Ruby Van Loh, Helen Cornelius, Wanda Enloe, Lee Glisson, Velma Goins, Evelyn Farris, Bobbie Slusher, Marilyn Howard, Jean West, Annette Unger and the hostess, Pat Adams.

The fellow who has done most to arouse the working class is the man who invented the alarm clock.

## C of C Directors Had Long Session

Monday noon following the C. of C. business luncheon, the directors met for a long session taking care of matters that needed immediate attention.

A record attendance was reported for the Community Clinic held last week with the aid of Ralph Duncan of the West Texas Chamber of Commerce. Many valuable suggestions were received during the clinic sessions.

Manager Jim Harwell reported the entertainment program put on by the Burkburnett Fair last Tuesday was well received and many compliments were extended the Burk group.

The annual banquet committee reported the most favorable date for the annual affair would be the second week in January.

Go-Cart races advanced ticket sales will be refunded at the Chamber of Commerce office. Commissions on sales will also be paid at the C-C office.

## NOTICE

The Burkburnett Primary P-T A will hold a regular meeting Tuesday, Oct. 11th at 2:30 p. m. in the Hardin School auditorium. Program for the day will be School Administrative Policy.

## Mathis Chevrolet to Show 1961 Chevrolets Friday, October 7th

Top seller of 1960 automobiles Chevrolet promises to solidify its position in 1961 by significantly broadening its range of passenger cars.

Scheduled for display at dealers showrooms Friday, October 7, are 20 freshly styled conventional models; nine Corvairs including new passenger and commercial models, and the spirited two-place Corvete.

Complete new body styling, which provides easier loading for both passenger and baggage and establishes new heights in motoring comfort and convenience is featured in the regular line of passenger cars.

The entire body, from floor to roof and grille to rear bumper, is all new. Prime design emphasis has been placed on functionalism with thrift.

High on the list of advantages of the all-new body are: Easier entrance to passenger compartments.

Large, more accessible luggage space, with the trunk loading level lowered as much as 10.5 inches.

Improved chair height and over-the-hood visibility which will increase the ease of parking and add to driving safety.

Other safety items include improved brakes, overlap electric windshield wipers, and a new placement for the fuel tank which protects it from road hazards such as hard bumps and flying stones.

Although the conventional cars are shorter, narrower and slightly lower, the interior roominess remains about the same or better than comparable 1960 models. Riding comfort is improved.

From a styling standpoint, the new models feature gentle curves and smooth lines and a generally cleaner and airier appearance from all angles.

The Corvair models to be unveiled Friday also blossoms out into a complete line of passenger and commercial vehicles. They include:

Passenger cars, Club coupes, four-door sedans and a new Lakewood Station Wagon in the "500" and "700" series, plus the deluxe Monza Sport Coupe and the new Greenbrier Sports Wagon.

Commercial — Corvan, Ramp-side and Loadside trucks.

Basic mechanical features of the Corvair, the air cooled engine, combination of transmission and axle at the rear, and frame body integration, are continued. So is the basic body styling, although exterior ornamentation provides a fresh appearance and the interiors are completely new.

## C. A. Morgan Buys Morrison Bowling Interest

C. A. "Buster" Morgan, well known community leader, has purchased the Carl Morrison interest in Boom Town Bowl. The transaction was effective Saturday, October first.

The bowling lanes have been operating in elaborate quarters here for several months, with great interest being shown in the various leagues.

Mr. Morgan states the present leagues will continue to operate uninterrupted and new leagues will be formed later on.

## Go-Cart Races Are Postponed

An enormous amount of interest had been built up concerning the Go-Cart races at Morgan Stadium, but when the big rains came, a damper was closed on the whole deal.

As late as Saturday morning, the ground crew tried to get the track ready but it was too boggy, even for a maintainer.

C. of C. officials decided to call off the races until some time next year. So the battle of the bulges will not take place as hoped.

Significant engineering improvements have been made, however, which will greatly improve luggage space, engine performance and fuel economy.

Other innovations include a 14 gallon fuel tank; a manual choke and more precise fuel metering to the carburetor; a new pattern of air circulation in the engine compartment to quicken warmup; an increase in engine displacement to 145 cubic inches; an optional 98-horsepower engine and a four-speed transmission.

The spotlight in the Corvair field is expected to center importantly on the new Lakewood Station Wagon and the Greenbrier Sports Wagon.

Equipped with six doors and rated for a 1,600 pound payload, the brand new 95 inch wheelbase Greenbrier can readily be converted from a nine passenger bus to a wide assortment of duties. It can carry six passengers and a 700 pound cargo or, with an optional third seat, nine passengers and 250 pounds of cargo.

The Lakewood Station Wagon is a four-door, conventional type six passenger model. But, with the second seat folded down, it offers 68 cubic feet of cargo capacity. One exclusive feature is the 10 cubic feet of lockable storage space under the hood.

Revised styling of the Corvete reflects the influence of Chevrolet's recently displayed XP-700 experimental vehicle, especially in its streamlined rear quarters. A new underbody which slips down the transmission hump, better engine cooling and use of an aluminum transmission case are some of the other features.

As in 1960, the lineup in the conventional size passenger cars will be offered in the Impala, Bel Air and Biscayne series. But, they have been expanded to include an Impala two-door Sedan not previously available.

The station wagon series also has been expanded so that there is a choice of either six or nine passenger accommodations in each of them — the Nomad, Parkwood and Brookwood.

Reversal of the trend to longer, wider bodies also is noted in the fact that the new passenger cars are 1.5 inches shorter and 2.4 inches narrower. Overall length is 209.3 inches and overall width is 78.4 inches.

Distinctive design effects are achieved by matching exclusive roof contours of body types. Particularly noteworthy is the elimination of small, triangular windows at the rear of four-door sedans and station wagons. Also the rear corner pillars of sport sedans have been widened to create a slightly hooded effect.

## ROTARY CLUB

## PRO BONUM PUBLICO

The Democratic and Republican parties have been drawing up campaign platforms every four years for a hundred years or better. Everyone of those platforms has been "in the best interest of the people"—but just what that phrase means has changed a good deal over the years.

When many of today's political thinkers refer to "the people", what they have in mind is the whole of society. They think of people as a group—a concept indistinguishable from the Marxist idea of "the Masses."

In contrast, the American political tradition has always conceived of "the people" as individuals, each endowed with supreme and equal worth by God. This revolutionary idea that each person has certain rights derived from an Authority higher than any government was proclaimed in the Declaration of Independence and written into the Constitution. On it Americans founded a nation in which government was to be the servant of the people rather than their master.

A close look at the platforms coming from the political conventions this month will show how the party leaders interpret the word "people". If they make large promises of more federal duties, powers and programs, watch out. Collectivization of power in a big central government is in the Marxist manner. Political leaders who want to protect the American heritage of personal rights and freedoms will advocate keeping as much government as possible at the local levels where each individual can keep an eye on it and make his voice heard.

## Word From The Grass Roots

Reports indicate that the shelving of the proposed new Federal wage-hour bill, which occurred during the post convention Congressional session, was due in large part to grass roots opposition. The legislators were asked by numbers of their constituents to think again.

We will know what comes of that thinking next session, when this and other wage hour bills will come up for consideration again. Meanwhile, certain facets of the wage hour law situation are worth pondering.

The bill in question would do more than raise the legal minimum wage. It would extend coverage to millions of workers in local service enterprises, principally retailing, who have always been exempt. And this, it would seem, has aroused more thoughtful opposition than the wage factor, important as that is. The dangers that lie in applying an arbitrary minimum wage, which would be the same in the smallest village as in the greatest city, should certainly be evident to all. Living costs, needs, customs & conditions vary tremendously from one part of the country to another. Local problems, wherever they exist, should be corrected by local legislation.

It is true that one proposed bill would apply only to the larger retailers—those doing a certain volume of business. But a retailer no matter what his size, or whether he be an independent or part of a chain, must still compete locally. Many local considerations determine whether he will succeed or not.

Finally, it is probable that legislators were influenced by the fact that passage of a blanket-type bill would force the service businesses concerned to pare marginal employment to the limit. The law can establish an arbitrary wage, at any level—but that will do no one any good if the jobs disappear.

## Our Deteriorating Textbooks

Russell Kirk writes in National Review: "Anyone who has bothered to save school and college textbooks over the past forty or fifty years—or who will go to the trouble of turning over such textbooks as have accumulated in the attics of an old house—can see for himself that there has been a dismaying deterioration of quality with the passing of the decades. The paper, binding, illustrations, and type-face all have improved; but in style and substance, the text itself, in nearly all disciplines, has been reduced to boring and deceptive generalizations."

Really first rate textbooks for high schools now are difficult to obtain: the educationist pressure groups have persuaded every big publisher in the field to adapt his textbooks to 'progressive' and 'permissive' standards—there has crept into textbooks a sermonizing indoctrination in 'socially approved attitudes,'—zeal for promoting equality of economic condition, fondness for the centralized welfare state, federal aid to schools, and all that. Until very recent years, sweet sympathy for the aims of the Soviet peoples was on this list of approved attitudes."

## Burkburnett Riding Club

Snow, nor rain, nor wind of night can stay the pilot from his flight. Neither can it keep the Burkburnett Riding club from attending and competing in a parade and coming back home with a trophy. In this case another first place for which the paraders are very proud.

Monday, Sept. 26th the club attended the opening day parade of the Texas-Okla. Fair at Iowa Park. The rain that continued thru the evening and into the night failed to dampen the competitive spirit of the club. They remained mounted through drizzle and downpour for an hour and a half while the parade was delayed.

High School bands, floats and other clubs, all stood their ground and it was a very drizzly parade that finally wound its way through the remainder of the course.

Most of the club went onto the fair grounds and enjoyed the exhibits despite the continued drizzle.

Attending the parade were: Capt. and Mrs. Drake and Daughter, Messrs. and Mesdames Payton Cozby, Walter Paul Cozby and children, Noel McGill & daughters, Claud Elliott, Joe Boy Griffin, Ruff Redman and Joe McCluskey.

# FRIDAY! THE GREATEST SIXTY-ONE DERFUL CHEVROLET

Here's the car that reads you loud and clear—the new-size, you-size '61 Chevrolet. We started out by trimming the outside size a bit (to give you extra inches of clearance for parking and maneuvering) but inside we left you a full measure of Chevy comfort. Door openings are as much as 6 inches wider to give feet, knees, and elbows the undisputed right of way. And the new easy-chair seats are as much as 14% higher—just right for seeing, just right for sitting.

Once you've settled inside you'll have high and wide praises for Chevrolet's spacious new dimensions (in the Sport Coupes, for example, head room has been upped as much as 2 inches, and there's more leg room, too—front and rear). Chevy's new trunk is something else that will please you hugely—what with its deep-well shape and bumper-level loading it holds things you've never been able to get in a trunk before.

Yet, generously endowed as this car is with spaciousness and clean-etched elegance, it holds steadfastly to all the thrifty, dependable virtues Chevrolet buyers have come to take for granted. Your dealer's the man to see for all the details.

There's never been a trunk like it before! The floor's recessed more than half a foot and the loading height is as much as 10½ inches lower.

### Burk Study Club Progress Report

Santa Rosa District of the Texas Federation of Women's Clubs workshop was held in Vernon Monday, Sept. 26th. District officers conducting the workshop included members, Mrs. Philip A. Carpenter, president, and Mrs. George McClarty, secretary treasurer.

Mrs. Bill Reasoner welcomed the Burk Burnett Teenettes, a sub junior club into the federation. The Teenettes, originally called the Blue Angles, were organized, sponsored and federated by the Burk Study Club.

Other club members attending the Vernon meeting were Mesdames F. C. Roye, Howard Henderson, Harold Preston, Glen Bear, and James Bohner.

On Sept. 20th Mrs. Glen Bear and Mrs. F. C. Roye attended a Red Cross meeting in Wichita Falls. The club is furnishing balloons for an Oct. Hospital Patient Party.

Mr. and Mrs. Jerry Brookman and children Jerilyn and Sandy, of Zion, Illinois, arrived here Sunday for a visit with their parents, Mr. and Mrs. J. Brookman and Mr. and Mrs. Bill Penn. Following their visit here, the Brookmans will go to San Diego, Calif., where Jerry will be stationed with the U. S. Navy.

### Regular Meeting Of Clem Hardy Circle Was Monday, Oct 3

The Clem Hardy Circle of the First Baptist Church met Monday, Oct. 3rd for a regular meeting. Meeting was called to order by the chairman, Mrs. R. H. Brister. She also read the prayer calendar. Mrs. Van Deran led in prayer. Devotional was given by Mrs. Mae Welborn. Greatness of God. Minutes were read by Mrs. Joyce Conway and they were approved as read.

New officers were elected as follows: chairman, Mrs. R. H. Brister; co-chairman, Mrs. Archery Seey; and treasurer, Mrs. Joyce Conway; community mission chairman, Mrs. George Abdouch; mission study chairman, Mrs. Helen Grizzle; enlistment

chairman, Mrs. Mildred Dodd; program chairman, Mrs. Mae Welborn. We agreed to keep our meeting at 1:30 p. m. on Monday afternoons. Our community mission for the month of Oct. is for Sue Hill. Anyone who wishes can give something in the way of food for a needy family in Oklahoma.

Seven members and one new member, Mrs. George Abdouch, present. Refreshments were served by Mrs. Conway.  
Reporter, Mrs. Oma Van Cleave

### CHEERFUL BLUEBIRDS

The Cheerful Bluebirds met at the Hut Wednesday, Sept. 28 for their first meeting of the year. Leaders for the year will be Mrs. Kenneth Landers, leader, Mrs. J. V. Looney, assistant leader, and assisting them will be Miss Jo Ann Hervey. The meeting hour was spent introducing ourselves and getting acquainted with the new leaders, and electing officers for the month. The officers are: Meredith Kelley, president; Debbie Holtzen, vice-president; Sonja Preston, Treasurer; Kathy Alexander, Bluebird Wish; Brenda Bankhead, reporter, La Dena Sneed, song leader; Cynthia Parish, program chairman; Cheryl Phillips, flag leader; Trudy Faulkner, supplies leader; Patricia Bankhead, Candle lighter; Denise Story, monitor; Kathy Unger, secretary.

Kathy Alexander and Brenda Bankhead served the refreshments. The meeting was then adjourned.  
Brenda Bankhead, reported.

### BOUNCY BLUEBIRDS

The Bouncy Bluebirds met Sept. 28th at the home of Mrs. Gerald Savage. The girls played games and were assisted by Mrs. Clarence Enders and Mrs. Savage while working on a handicraft project. The following girls were present: Betty Lou Martin, Vicki Enders, Kenie Simmons, Pamela Peters, Jerri Lynn Savage, Debbie Vincent and Sandra Allen.

### Burk Study Club Members Attend Community Clinic

Santa Rosa District president of the Texas Federation of Women's Clubs, Mrs. Philip A. Carpenter, and Mrs. Howard Henderson, president of the Burk Burnett Federated Study Clubs Council, attended the meeting of the community clinic sponsored by the Burk Burnett Chamber of Commerce on Sept. 29th. Mrs. Carpenter and Mrs. Henderson are members of the Burk Burnett Study Club. Members, Mesdames F. C. Roye, Jack Mathis, Harold Preston and James Bohner, also attended.

The community clinic was held for the purpose of coordinating the various organizations and interested persons for furthering the growth and betterment of Burk.

Comments by our club members were to widen streets leading to our new Jr. High School and also to widen streets between residential sections and the town proper. It was also stressed that we need more stop signs throughout the city.

## NEW '61 CHEVY CORVAIR

More space . . .  
more spunk  
and wagons, too!

Here's the new Chevy Corvaire for '61 with a complete line of complete thrift cars.

To start with, every Corvaire has a budget-pleasing price tag. And Corvaire goes on from there to save you even more. With extra miles per gallon . . . quicker-than-ever cold-start warmup so you start saving sooner . . . a new extra-cost optional heater that warms everyone evenly. Riding along with this extra economy: more room inside for you, more room up front for your luggage (sedans and coupes have almost 12% more usable trunk space).

And our new wagons? You'll love them—think they're the greatest thing for families since houses. The Lakewood Station Wagon does a man-sized job with cargo, up to 68 cubic feet of it. The Greenbrier Sports Wagon you're going to have to see—it gives you up to 175.5 cubic feet of space for you and your things.

Corvaire's whole thrifty lineup gets its pep from a spunkier 145-cu.-in. air-cooled rear engine. Same rear-engine traction, same smooth 4-wheel independent-suspension ride. See the polished and refined 1961 Corvaire first chance you get at your Chevrolet dealer's.

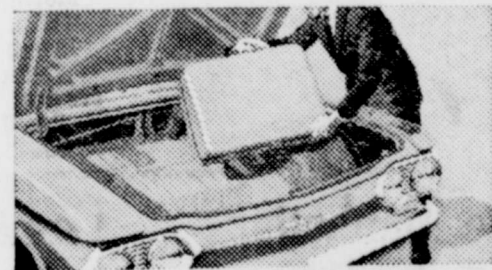

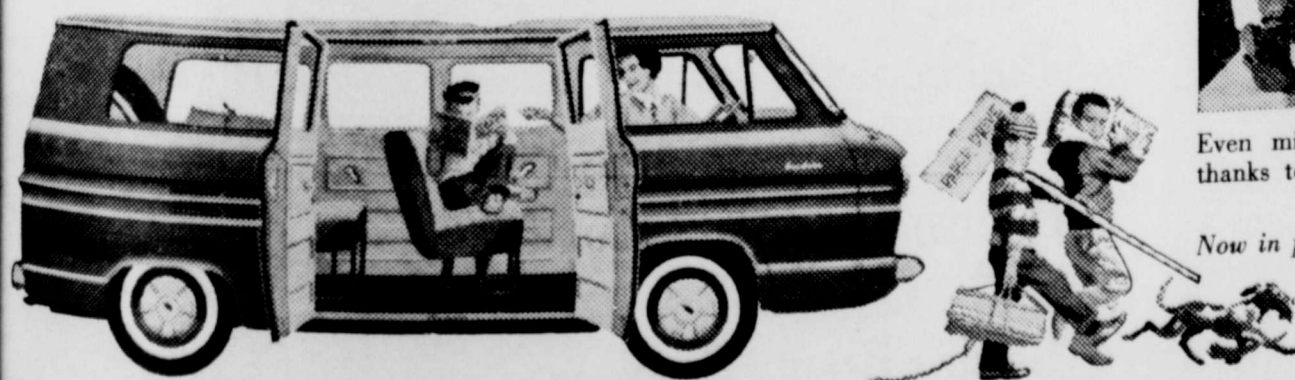

The newest car in America: the CORVAIRE 700 LAKEWOOD 4-DOOR STATION WAGON.

CORVAIRE 700 CLUB COUPE. Like all coupes and sedans, it has a longer range fuel tank.

CORVAIRE 700 4-DOOR SEDAN. Provisions for heating ducts are built right into its Body by Fisher.

Spare tire is in the rear in coupes and sedans—leaving more luggage space up front.

Even middle-seat passengers sit pretty, thanks to Corvaire's practically flat floor.

Now in production—the GREENBRIER SPORTS WAGON with up to twice as much room as ordinary wagons (third seat optional at extra cost).

See the new Chevrolet cars, Chevy Corvaire and the new Corvette at your local authorized Chevrolet dealer's.

**H. L. Rice Write-in Candidate  
For County Treasurer**

I have resided in Wichita County 28 yrs.

We have often heard the expression you can not fit a square peg in a round hole. It is as true regarding office seekers as anything else.

I would not attempt to seek the governor's office. I am not qualified.

I would not think of making a race for the congress or senate. I am not qualified.

I would not attempt to become a ranger or a sheriff or even a deputy. It would be attempting to put a square peg in a round hole as it were.

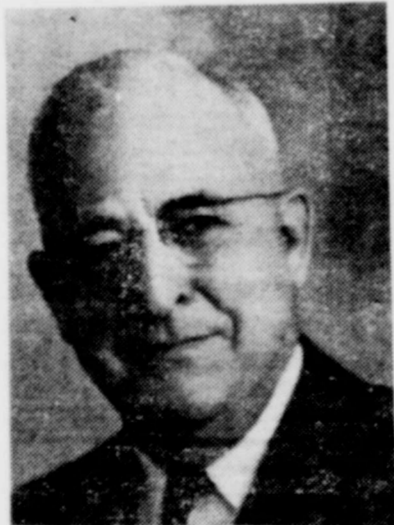

Being a Baptist or belonging to a fraternal organization doesn't qualify me as a candidate. If I were a Methodist or Presbyterian or Christian or member of the Church of Christ or any other church (God bless them all) I would make just as good a candidate. I have many friends of all faiths and I love them all alike.

Qualifications alone are what I am making the race on. I feel that my early training while a young man in business college together with the many years of experience in the employment of large firms and corporations doing general office work and auditing, including eight years working in all departments of the County Tax Office qualifies me for the office I seek.

Yes, I love my church and fraternal organizations dearly, but please don't vote for me because I am a Baptist or a Fundamentalist. Sectarianism has no place in this race. I want your vote strictly because you think I am best qualified.

There is no room for sympathy in this race. I am not a chronic office seeker and I have never been elected to office.

*I Shall Thank You for Your Vote and Influence*

pretty good mileage

This little lady has put a lot of mileage on those soles, and they've served her well as a foundation. She also needs another kind of foundation which is a great deal more important and much harder to build properly; that is her spiritual foundation. It doesn't take much guidance to toddle about, but when one begins to run and leap through life, she needs secure inner direction.

There is only one unshakably safe basis for life and that is the right relationship to God. Be sure your children, even as toddlers, learn to start right and stay right with God.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and pro-gram of His forgiveness and restoring love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church should be to everyone!

The Modern Study club met in the home of Mrs. Jerry McClure on Sept. 26th. Mrs. Darrell Nichols, president called the meeting to order and Mrs. Cliff Hagstrom, devotional chairman opened the meeting with a prayer.

Mrs. Bill Reasoner, club Federation Counselor gave a report on the District Workshop and Roundup held in Vernon on Sept. 26th. She reported that six of the members journeyed to Vernon for a most educational and enjoyable day.

Mrs. J. B. Riley, Jr., then brought the program on "What We Should Know about Communism." Mrs. Riley pointed out that we must all be alert at all times to meet the ever growing danger of increasing communists in our land and illustrated some of the tragedies which had befallen the countries who had been lulled into following the communistic beliefs.

Mrs. McClure served delicious refreshment plates to the sixteen attending members. Mrs. Jean Dolan won the door prize.

Mrs. Sue Boyd then presented the club yearbooks to the members. The course of study for the year is Stepping Into Our Future.

### CUB PACK 156 PLANS A PICNIC

The next pack meeting is planned for Sunday afternoon, Oct. 9 at the Perkins Reservation. The Pack will meet at campsite No. 8 about 2:30 in the afternoon for a short business meeting during which the Cubs will receive the awards they have earned

the past month, after that there will be a picnic. Games and weiner roasting are planned for the picnic. Other food will be brought by the mothers. Last Saturday afternoon most of the Cubs in Pack 156 met at the Hardin Grade School and spent an hour picking up broken glass and other trash on the school grounds.

Anyone interested in Cub Scouting, or who has a boy interested in Cub Scouting, is invited to call Ralph Daub, Tom Hubbard or Tom Evans.

Veterans Leave Out Information In Correspondence

Far too many of the 200 million pieces of mail that flow through the Veterans Administration each year cannot be properly identified, Mr. Edward P. Onstot, manager of the VA regional office in Dallas, Texas disclosed today.

Too many veterans and their dependents merely sign their names to correspondence, and names are not enough.

Almost all of the 30 million names in VA's master index file are duplicated. As might be expected, there are more than 300,000 Smiths and almost 200,000 Johnsons, but most other names are duplicated scores of times.

The veteran's claim number or "C-number" and his insurance number are his alone, Mr. Onstot pointed out. Inclusions of these numbers in correspondence will insure prompt and efficient service, and save the time and cost of additional correspondence.

# RAMBLER ANNOUNCES STRONGEST GUARANTEE IN AUTO HISTORY

## LIFETIME GUARANTEE ON NEW CERAMIC-ARMORED MUFFLER AND TAIL-PIPE STANDARD ON ALL '61 MODEL

Born of space-age developments, Rambler announces on all 1961 models new Ceramic-Armored muffler and tail-pipe guaranteed against defects for the lifetime of the car while in the hands of the original owner. This covers total replacement cost including parts and labor. Every '61 Rambler muffler and tail-pipe is completely covered with a special ceramic coating—similar to that used in rockets and missiles—to give lasting protection against rust and corrosion caused by water, salt and acids. Another Rambler first!

## 12-MONTH, 12,000-MILE WARRANTY EXTENDED TO ALL NEW RAMBLER OWNERS

Now Rambler extends to all new Rambler owners its comprehensive full-year or 12,000-mile warranty, whichever occurs first. In fact, this liberal warranty announced to dealers more than a year ago, also covers total replacement cost including parts and labor. It applies to all 1961 Rambler models and to 1960 Ramblers still within the warranty period. The normal industry warranty covers only 90 days or 4,000 miles.
