What Scouting Means to Me

This is a copy of the talk given by Scout Norman Wooten, Troop 153, sponsored by the Lions Club of Burk. The talk was given at the Together Scout Dinner held on October 3 for the purpose of getting new institutions to sponsor Scouting units this fall in Burk Burnett.

I am here this afternoon to tell you a little of what Scouting has done for me and for millions of other boys my age in this country, as well as other countries.

First of all it has given me training in leadership, as a den chief, assistant patrol leader, patrol leader and senior patrol leader. This is very helpful to me.

Second it has taught me new skills. In the merit badge program I have a number of categories to choose from such as camcraft, nature, aquatics, arts and building. These are just a few of them. Also in gaining new ranks I learn new skills such as the proper way of hiking and how to use an axe.

Third it has given me camping experiences that I wouldn't have had if I had not been in Scouts. I had the honor of attending the Fiftieth National Jamboree where 55,000 Scouts were encamped at Colorado Springs, Colorado. I have also attended three years of summer camp and numerous camps.

Fourth it has helped me to meet new people. At the National Jamboree I met Scouts from other countries as well as from all of our fifty states. I also met boys from our own council at summer camp.

Fifth it has given me a goal to work toward. Eagle Scout, the highest rank in Scouting, is my goal. This is a very helpful goal because in earning it, you have to earn a certain number of required merit badges. In doing this I learn new skills.

Sixth it has helped me in my school work. You may say this is silly, but it is true. We get an inside view of science. It gives us a practical knowledge.

Seventh it has given me responsibilities. Taking up dues as patrol leader, of reminding boys of Scout meeting as senior patrol leader, and as being a good Scout. Every Scout tries to live up to the first part of the Scout Oath: "On my honor I will do my best." It is his responsibility.

Eighth it has trained me in citizenship. A whole chapter in the Boy Scout handbook has been devoted to citizenship. Also in voting for patrol officers we get on a small scale how our country votes for its leaders.

Ninth it has taught me first aid. This is very valuable for no one is ever too old to learn it.

Tenth a Scout is reverent. This is the twelfth point of the Scout Law. He is reverent toward God. He is faithful in his religious duties, and respects the convictions of others in matters of custom and religion. I want to thank you for asking me to talk tonight. It has been a great honor to have been chosen out of the other Scouts in Burk Burnett.

Boy Scout Drive Kick-off Monday

Clovis Mann, Drive Chairman for the Burk Burnett Boy Scout Drive, announced that about 60 workers will meet Monday morning at 7:00 for a breakfast to kick off the drive this year. The advance gifts committee met Tuesday to get their part of the drive started. The Scouters here expect the biggest drive in the history of Scouting in Burk Burnett. When you are contacted remember that approximately 250 boys receive the Cub, Scout and Explorer programs.

Support of the Scout Drive is needed to keep scouting active in our town. Remember that "Boys are the only raw material God gave us with which to make men."

ROTARY CLUB

Town Hall Each Tuesday
12:00 Noon
Bryan Farris, President
Bill Donnell, Secy.

Clovis Mann, Burk Burnett City Manager, spoke to the Rotary Club Tuesday at the noon luncheon. Mr. Mann stated that the city municipalities is a business and the citizens are the stock holders. He also advised how all departments are handled, how to get the most cooperation from employees and better serve the city. Mr. Mann's remarks were very timely due to the rapid growth of our city. Mr. Mann also praised the present city council and chief of police in their understanding of the present needs of Burk Burnett and to work with him in the betterment of our city.

Guests included Aletha Herring, guest of John Herring; Chief of Police Kenneth Cagle, guest of George McClarty; T. M. Cornelius and Dr. Jerome Adams, guests of Harold Van Loh. Cliff Wampler led the club in song and Al Lohofener gave the invocation.

Thirty-one were in attendance. Morris Bookbinder will bring the program next Tuesday.

President Farris reminded us of the school bond election slated Saturday, Oct. 29th at the Town Hall.

To Attend Rally Oct. 22 At Hardin Simmons, Abilene

Ten boys and their sponsors from the First Baptist Church, Burk Burnett, Texas will attend the Regional Texas Baptist Royal Ambassador Rally October 22 at Hardin-Simmons University, Abilene.

After hearing a message by the Rev. B. P. Emanuel, Southern Baptist missionary to Japan, and touring the Hardin-Simmons Campus, he group will attend a football game between Hardin-Simmons and West Texas State College.

The Abilene meeting is the first of four rallies which are expected to attract around 6,000 persons throughout the state, said Robert Chapman, state RA director.

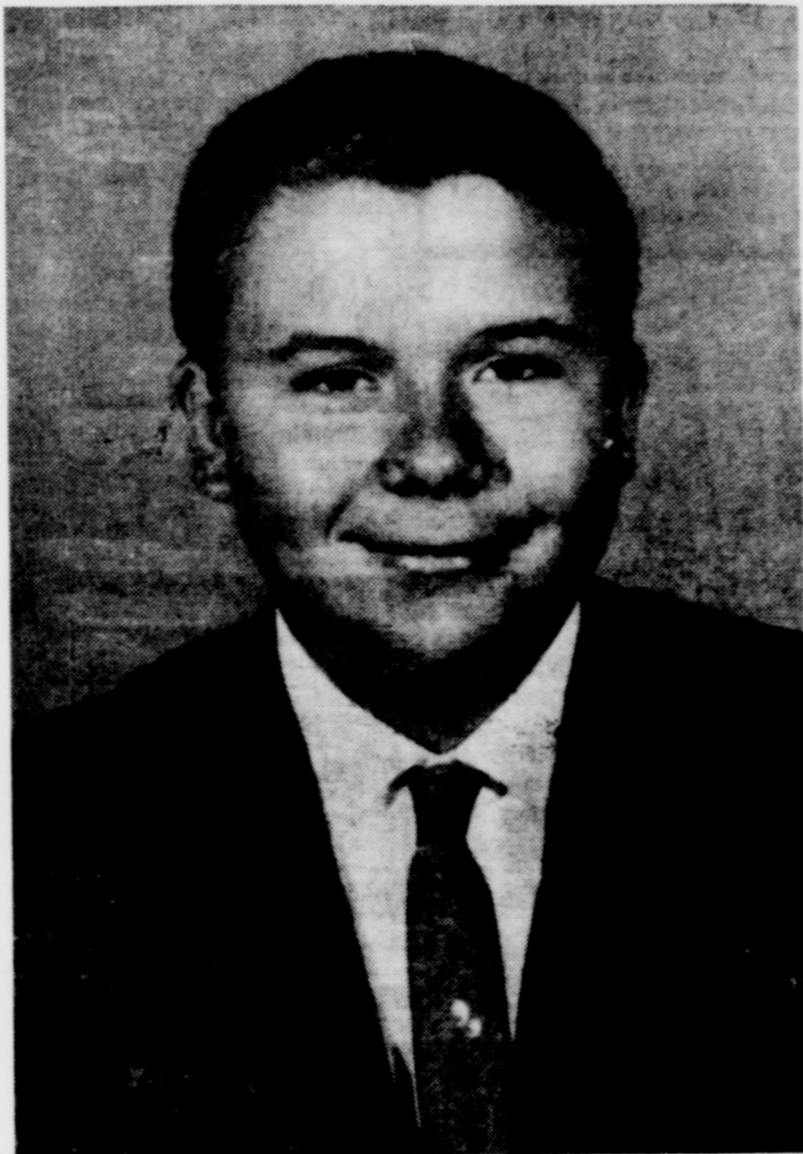

"The whole idea is to get Royal Ambassador boys on a college campus so that they will have some idea of what college life is like," Chapman said.

The Royal Ambassador program enlists more than 34,000 Royal Ambassador boys in Texas. They participate in programs of study, fellowship and recreation designed to help mold Christian character.

WOMEN NEEDED FOR VOLUNTEER WORK AT HOSPITALS IN COUNTY

A short course will be held at SAFB beginning Tuesday, Nov. 1st for women who are interested in volunteer work at the State Hospital, SAFB Hospital, the General Hospital and the Retarded Childrens Center. The course will include instructions for Gray Ladies, Staff Aids and Nurses Aids and there will be no charge.

If you have at least one afternoon a week to work with this volunteer group, please call Mrs. Ping Lundberg or Mrs. A. H. Lohofener for further information.

Sonny Bentley Named State 4-H Tractor Winner

Word has been received from the state 4-H office at Texas A&M College that Sonny Bentley has been named state winner in the tractor maintenance record judging.

Sonny, the son of Mr. and Mrs. Howard Bentley, is a five year member of the Burk Burnett Community 4-H Club. At present he is serving as president of the local club.

As state winner of the tractor contest, Sonny will represent Texas at the National 4-H Congress in Chicago November 25th. While in Chicago, he will compete for national honors which consist of \$400.00 scholarships given by various United States Oil Companies.

Outstanding in 4-H work, Sonny's projects besides tractor maintenance include beef, swine, field crops, leadership and citizenship. Exhibiting in local, county and state shows, he has won 72 ribbons, 6 awards and various medals.

Competing with over 4000 other contestants throughout the state of Texas, Sonny's records in tractor maintenance were considered outstanding because of his knowledge of the tractor and other farm equipment.

Sonny's coach is Mr. B. T. Haws, Wichita County Farm Agent.

Sonny also showed the champion shorthorn steer at the State Fair in Dallas recently and was interviewed on KRLD, the A. B. Jolley show, and WFAA, the Murray Cox show.

9,710 Square Ft. Classroom Space Needed Now

The present High School Building has classroom space of 11,782 square feet. To meet the basic minimum for the 579 pupils in High School now requires a minimum of 21,492 square feet. This leaves a shortage of 9,710 square feet of classroom space existing now. The space needed for classrooms in 1964 will be 34,416 square feet and will be a shortage of 22,634 square feet.

The above figures are based upon classroom space and the shortage exists for Library facilities, cafeteria, office space, physical education and band in about the same ratio. The above figures do not take in consideration the space needed for physics, chemistry and higher science laboratory work. There is needed space for business machines in commercial department. Speech laboratory for English, Reading, Foreign Language and corrective speech training.

There has been some concern about a 6" oil line running through the new Elementary School site. The line runs from about the northwest corner and runs diagonally across the west end. This line would not be within 150 feet of the building. The line has not been used for several years and there are no plans that it will ever be used in the future.

All Types Of Blood Needed

An appeal for all types of blood donors was made Tuesday by Red Cross blood bank officials.

Usage of a large amount of blood for accident victims and critically ill patients has reduced the blood supply to a dangerous low, blood bank officials said.

The blood bank at Fifth and Baylor is open from 9 a. m. to 5 p. m. daily except Saturday when the hours are 9 a. m. to 12 noon. Donors are requested not to eat for four hours prior to giving blood.

Polio Down, Hepatitis Up

Good news in the polio field, but a growing problem in infectious hepatitis is reported by the State Health Department.

For the first half of the year polio cases were down to 27, compared to 101 for the same period last year. But 1,191 cases of infectious hepatitis were reported, compared to a five year average of 566.

Auto Insurance Rates Discussed

Proposals for changing Texas' auto insurance rates have brought forth new discussions on the subject by the State Insurance Board, insurance companies and those who opposed the law in the first place.

Most of the several hundred insurance men present at the Texas Insurance Board hearings said they favor the merit rating plan. However, many stated that they felt that some changes definitely were needed.

One group, the Texas Association of Mutual Insurance Agents, headed by James K. Ruble of San Antonio, reported that while they originally opposed the plan they now favor it.

What Is An American

He yells for the government to balance the budget and then takes the last dime he has to make the down payment on a car.

He whips the enemy and then gives em the shirt off his back. He yells for speed laws that will stop fast driving and then won't buy a car if it can't go 100 mph.

He knows the line-up of every baseball team in the American and National Leagues—and does not know half the words in The Star Spangled Banner.

He'll spend a half a day looking for vitamin pills to make him live longer, then drives 90 miles an hour on slick pavement to make up for the lost time.

He ties up his dog but lets his sixteen year old son run wild. An American will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

When an American is in his office he talks about baseball, football or fishing, but when he is out at the game or on the lake he talks business.

He is the only fellow in the world who will pay 50c to park his car to eat a 25c sandwich. We're the country that has more food to eat than any country in the world and more diets to keep us from eating it.

We're the most ambitious people on earth, and we run from morning until night trying to keep our earning power up with our yearning power. But we're still pretty nice folks — calling a person "a real American" is the best compliment you can pay him.

Most of the world is itching for what we have, but they'll never have it until they start scratching for it the way we did.

JIM ROBINSON Is In The Race For COUNTY TREASURER

Deacon in the Baptist Church, member of the Club, Odd Fellows, Chamber of Commerce, North West Field & Stream, of Women Voting-Righting Veteran Sororist.

Robinsons books were audited for 16 years by Lambert Co. and they will tell you the worse has, was in 1956, on \$4,000,000 he was 15 per cent. Don't you think that is pretty good for a man who has collected over 97 1/2 per cent of taxes each year for the last 9 years. On my part which is an open book, I think that I am well qualified to be County Treasurer. I certainly appreciate my good friends are giving me the encouragement more than I can tell you if you go to vote on Nov. 8th, you will write the name of JIM ROBINSON for County Treasurer. Thank you.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

Halloween is a very old holiday, dating back hundreds of years. It began in the Church and to the Church it really belongs, for it is properly All Saints' Evening; hallow meaning holy or sainted in old English. This ancient Holy Day was appointed as a special time to remember relatives, friends and Church leaders who had died. The ghostly ghostly part came in when the day was separated from its Church context and became only a day for Jack-O'-Lanterns, Hobgoblins and Ghost stories. The truth of this day remains even though we have forgotten what the day means. What a comfort it is to be able on this day and every day to think of one's departed loved ones as being safe in the presence of a loving God. The teaching of the Bible, taught lovingly by the Church, is that nothing either present or to come, either visible or invisible, even death itself, can separate us from God our Father.

**EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE**

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure.

Through the church God has committed the provision and redemption of His forgiveness and relation no one is securely related to God. Everyone should be in the church and the church in everyone!

Applications For Cotton Bowl Tickets Start Oct. 21

Ticket applications for the 1961 Cotton Bowl Football Classic on January 2nd will be accepted by mail only during the period starting, Friday, Oct. 21st and lasting thru Wednesday, Nov. 2.

The Cotton Bowl Classic is the official Southwest Conference post-season bowl game, and the conference champion automatically becomes the host team. This will be the 25th annual Cotton Bowl game, the Silver Anniversary of the famous gridiron classic.

There will be no limit on the number of tickets that can be ordered. As usual, after all applications have been received, a drawing will be conducted to determine the allocations of the 25,000 available tickets. Tickets will be mailed and unfilled applications and checks will be returned to the senders shortly after Dec. 1st.

The price of tickets for the 1961 Cotton Bowl Classic is \$5.50 each, and a 25c mailing fee should be added to each ticket order. Checks or money orders must accompany all applications.

Night Hunters Pay Big Fines For Two Deer

Two deer hunters in Comal County last week learned it doesn't pay to headlight deer. They were caught by the game warden with two buck deer already skinned out, a headlight and two scope equipped rifles.

They lost the meat, the guns and the equipment, and paid fines of \$230 each.

A warning was issued this week by J. B. Phillips, assistant director of law enforcement of the Game and Fish Commission, against headlight shooting, hunting from automobiles and roadside shooting.

"Game wardens are working day and night right now watching out for these game violators," Captain Phillips said. "Sometimes they are given valuable tips by law-abiding persons. Most of the time, however, they happen on these violators while patrolling back roads."

A WINNING COMBINATION—Former Governor Allan Shivers is all smiles as the Ryba twins of Houston, Joan and Jane, pinned "Nixon-Lodge" buttons on his lapels during his recent campaign trip to the Gulf Coast. They are former Rice yell leaders and were active supporters of Shivers when he campaigned for governor in 1954.

Quail Season Modified For Several Areas

The quail season in a number of Texas counties under regulatory control has been modified by the Game and Fish Commission, according to W. J. Cutbirth, Jr., assistant executive secretary. Biologists reported an "abnormal" quail year throughout the state, with a spotted population. Generally, however, the season was liberalized in those counties not under general laws. In the Possum Kingdom area the new season will be from Nov. 24 through Jan. 20. The

daily bag limit will remain at 15 and 45 in possession. Quail numbers in this area are much higher this year, according to the biologists. However, the food supply is short and a carry-over loss can be expected after bad weather sets in.

In the Trinity-Brazos regulatory area the quail season was set at Dec. 1 through Jan. 31. The bag limit here will be 12 per day and 36 in possession.

In the Trans-Pecos area the season will open Nov. 1 and close Dec. 31. Crockett County has been added to the Trans-Pecos area this season.

In the Panhandle area the season will be Dec. 1 through Jan.

16, with the bag limit of 12 and 36 in possession.

No changes were made in either the Northeast Texas or the Southeast Texas areas, where the season will be from Dec. 1 through Jan. 16, with the bag limit of 12 and 36. In South Central Texas the season will open Dec. 1, and close Jan. 16, except in Dimmit and Zavala counties where the season will be Nov. 1—Dec. 31, inclusive. All other counties of Texas are under the general laws, to run from Dec. 1 to Jan. 16, except in a few counties where special laws apply.

ENSIGN ROBERT L. MILLAR IN PREFLIGHT TRAINING AT PENSACOLA, FLORIDA

Navy Ensign Robert L. Millar, son of Mr. and Mrs. Paul H. Millar of Burkburnett, and husband of the former Miss Mary J. James of Grandfield, Okla., is undergoing pre-flight training at the Naval Air Station, Pensacola, Florida.

During the 10 weeks of training students are instructed in aviation science, navigation, principles of flight, and other technical courses to prepare them for their future roles as naval aviators.

Upon completion of pre-flight students undergo primary flight training at Saufley Field, also at Pensacola.

Texas Democrats For Nixon—Lodge

Voting in the Democratic Primary does not obligate anyone "legally or morally" to vote for the Democratic presidential nominee in the general election, Governor Price Daniel said today.

The pledge on the primary ballot applies only to the nominees selected in that primary for state, district, and local offices. Daniel stated in an interview with a Dallas Morning News correspondent.

Daniel was asked for his views on the matter after a statement quoting him was issued by the State Democratic Executive committee as follows:

"More than 1,500,000 Texans affiliated themselves with the Democratic Party this poll tax year, under provisions of state law. It is the responsibility of all affiliated Democrats to carry their great strength into the general election in support of the party nominees."

Daniel told the News he did not mean to imply that participation in the Democratic Primary obligated a voter to vote for that party's presidential and vice presidential nominees in the general election.

If the cost of a college education continues to snowball for many more years, a person can make a profit by remaining ignorant.

New Electronic Larynx Introduced By Southwestern Bell Telephone Co.

Now there is a new voice for the thousands of voiceless people in the United States — an electronic larynx that is being introduced in this area by Southwestern Bell Telephone Co.

The electronic device was invented by scientists at Bell Telephone Laboratories to provide a substitute for the sound of the vocal cords for a person whose human larynx has been removed or paralyzed.

This new electronic larynx looks like a modern electric shaver. The user holds it against the outside of his throat while operating it. The electronic larynx transmits sound waves into the throat cavity replacing those normally produced by air passing over the vocal cords. Speech is produced by forming words with teeth, tongue and lips, just as in normal talking.

The electronic larynx is small and compact, weighing only seven ounces. C. A. Deuschle, manager for Southwestern Bell here said. This small, unobtrusive size also is an advantage to the user.

Southwestern Bell will make the electronic larynx available to laryngotomized persons at a price of \$45. Mr. Deuschle said this price is the cost of manufacturing the device by Western Electric Company, manufacturing unit of the Bell System.

We are not trying to make a profit with the electronic larynx, Mr. Deuschle said. The Bell system has pioneered in this field of making artificial larynges available at non-profit costs since 1926, as we are doing with the electronic larynx.

Some 20,000 persons in this country are without the power of speech as a result of paralysis or surgical removal of the human larynx and must depend on either speech or an artificial larynx to talk.

Many of these people can learn esophageal speech, Mr. Deuschle said. The electronic larynx is not intended as a substitute for esophageal speech.

For this reason, we strongly urge all laryngotomized persons to consult their own doctors before deciding to purchase the electronic larynx, he added.

The electronic larynx is produced in two models — one has a high pitch to stimulate the female voice and the other has a lower pitch for men.

The electronic larynx is designed to fit the hand and has a thumb control which enables the user to vary the pitch of his voice over a half-octave range in order to produce more natural inflections of speech and to emphasize words and phrases. The speech volume is equivalent to a normal talker speaking at a conversational level.

Most people can learn to talk with the electronic larynx after a relatively short period of practice, generally about an hour or so, Mr. Deuschle said. Further practice enables the user to learn the operation of the pitch control to produce a more natural sounding speech.

This device uses Bell transistors and is powered by self-contained mercury batteries. Battery life ranges up to several months, depending on the amount of use.

The electronic larynx is essentially trouble-free, the manager said. Each new unit carries a one year guarantee against manufacturing defects. After the guarantee period has expired, Western Electric will repair the unit at a small, non-profit cost.

Batteries for the electronic larynx may be purchased at any radio supply store. Mr. Deuschle said telephone company representatives will be trained to demonstrate the electronic larynx to interested persons.

We urge people who are interested in the electronic larynx to first consult their doctors about using it, he added. Then they should call their local telephone business office for more information on arranging a demonstration by our representative.

He said the electronic larynx will be made available to customers on a first come, first served basis and that there might be a short delay in deliveries on early orders since the device will be in short supply until about mid Oct.

The new electronic larynx will supersede earlier model artificial larynges provided by the Bell System but parts for the older models will continue to be available.

Bell labs scientists worked with a number of medical authorities, including the National Hospital for Speech Disorders, to develop the electronic larynx.

Attendance on Oct. 23rd was 64 in Sunday School and 36 in Training Union.

An Open Letter To the Newspapers, Radio and TV Stations of Texas

Proposed Constitutional Amendment No. 4 is a "Trojan Horse" which is being shoved into our midst by giant out-of-state "loan sharks." This charge is not made lightly, but based on my experience as a Member of the Texas House of Representatives for four years, and as Criminal District Attorney of Hidalgo County for four years.

I have had the opportunity to acquaint myself thoroughly with the legal aspects of the loan problem in Texas. I have worked continuously for and am now in favor of a fair and equitable solution to this problem through licensing and regulation of lenders, and sponsored an Amendment to do so in the Texas Legislative Study Commission of the Legislative Council.

For this reason my conscience and my sense of obligation to the people who elected me to public office will not permit me to stand idly by without raising a voice of protest against a measure about which the voters of Texas have been told only part of the truth.

Amendment No. 4 is being publicized as a proposition which will rid the State of "loan sharks." This is completely false and misleading. What this proposed amendment really does is remove the protection of the borrower which the Constitution now imposes on all lenders, not just the "loan sharks." It neither licenses lenders, nor does it regulate them. And, it takes away the only safeguard of the intelligent borrower now has against the unscrupulous lobby which seeks to legalize the high interest rates which we are now fighting against.

This amendment has been tagged the "loan shark amendment." This is truly is, because once the voters have removed the only protection they now have under the Constitution, they will have placed themselves at the mercy of the same "loan shark" lobby which for thirty years has successfully blocked all attempts at a solution to this problem under existing laws.

I would have you ask the average citizen and voter in Texas as if he is now bothered by loan sharks. He would necessarily answer "No," because this problem is very remote from the intelligent borrower.

As the Texas Legislative Council reported to the last session of the Legislature, the problem is at its worst in the lower income brackets, and in many areas is confined almost exclusively to our colored people.

WEIGHT AND TIME SAVERS—Meet an expert in the art of packing, Sandra Lee Jennings, 1960 Maid of Cotton, currently on a tour of 30 major U. S. and Canadian cities. If you're traveling by air, Sandra suggests you transfer cosmetics from heavy jars and bottles into lightweight plastic ones. This will save precious weight, which also means extra space for other travel items. Upper left, inset—Sandra, who has 22 suitcases of cotton clothes, also recommends making a check list of items that go in each case. Pin the list inside the case and always pack the same items in the same case. This will save time and keep you from forgetting anything going or coming back.

Automatic Oven Control Available On Gas Ranges

A gas oven control which keeps foods warm without continued cooking is one of the many automatic features available on most new gas ranges.

The new control makes the oven an "oven-with-a-brain." This name was picked because the oven control closely parallels the popular surface burner control, "burner-with-a-brain," in accurate, automatic temperature control.

Gas ranges with the new oven control are available now. Special prices and liberal trade-in allowances on used ranges are being offered through November during a special campaign called "Range Round-up." The campaign is being conducted by gas range dealers and Lone Star Gas company.

For the first time in cooking history, accurate temperature control down to 140 degrees is possible, an exclusive gas feature. Tests show this is the ideal temperature for keeping food warm without continued cooking. Your dinner can be delayed for several hours, then served without losing its original flavor and appearance.

With the new oven control a roast cooked medium-rare will still be medium rare several hours later. It can even be carved, arranged on a delicate china platter, returned to the 140 de-

gree oven and still be pink and tender when served.

The oven is a boon to users of frozen foods. A 7 pound turkey, for example, can be completely thawed in 2 1-2 hours, rather than the usual 28 hours in a refrigerator or 14 hours at room temperature.

The "oven-with-a-brain" also will reach the higher temperature settings of 500 degrees plus which are necessary for quality baking results. Now you can set it and forget it" sure that everything is under control.

Church Of Nazarene To Participate In Fall Campaign

The Burk Burnett Church of the Nazarene, located on Third at Holly announces its participation in a denomination-wide study of the book, "The Church Winning Souls," in preparation for the fall evangelistic endeavor "Try Christs Way." This book was written by Dr. V. H. Lewis, one of the six general Superintendents of the Church, to launch the quadrennium of evangelism. It is challenging, informative and inspirational. Mrs. Erma Schmelz is the instructor and classes are held on Wednesday evenings at 7:30 p. m.

On Tuesday of each week from 6:00 a. m. to 1:00 p. m. and on Saturdays from 6:00 p. m. to midnight members of the local church have pledged themselves to one half hour intervals of prayer. Every Friday morning at 10:00 o'clock prayer services are held in the church.

The young married peoples class, under the leadership of Mrs. Lottie Sanders, has challenged the Adult Bible class to a 5 point contest for the month of October. The 5 points considered are, present, 1 pt. On time 1 pt. Attending morning worship 1 pt. Brought one, 1 pt. Offering 1 pt. The winners of the contest will be the guests of the losers at a steak dinner. Mr. W. B. Sanders is the teacher of the Adult Bible class.

Mr. and Mrs. H. C. Gilbert spent the weekend in Norman, Okla., visiting Mrs. Gilbert's nieces, Mrs. Alice Fleming and Mr. and Mrs. August Floyd.

SHAH NAH CAMPFIRE

Thursday, Oct. 13th, our group met at the hut. After Karen Metz served refreshments, Barbara Koenig, president, called the meeting to order. Linda Fisher read the minutes and called the roll. Dues were collected by Lynn Kelley. After the business meeting, Charlotte Wallace gave us a course in First Aid. Carolyn Clement talked to us about Camp Letoli and taught us a song.

Thursday, Oct. 20th, we again met at the hut. Karthryn Reed served refreshments to the following: Linda Fisher, Sherri Garland, Lynn Kelley, Barbara Metz, Diana Swan, Jan Vincent.
