CITY HALL

News and Notes

By Clovis D. Mann
City Manager

We regret very much that illness in his family has necessitated the resignation of Fire Chief Weldon Nix. He has done a good job as Chief. Our entire fire department is to be commended for their work and their devotion to this service. Their service is voluntary. They train continuously, and answer all calls at all hours.

Several complaints of sewer line trouble have been received. In every case we find that the work was performed by individuals that are not licensed plumbers. Our residents are being contacted by many individuals, mostly people from out of town, in an effort to hire out to do their sewer. These individuals are not licensed plumbers, and are not bonded.

The law specifies that only licensed and bonded plumbers, licensed and bonded for the city of Burkburnett, may perform this work. The city is making every effort to stop this illegal practice, but we need the cooperation of the citizens. Do not hire anyone to do this work unless he is licensed and bonded for Burkburnett.

This provision is for your protection, and will prove to be less expensive. The city will issue permits only to bonded plumbers, and all work must be inspected by the City Inspector to insure that the work is performed right.

The only exception to this is when an individual intends to do the work himself for his own home. Even in this case, the work must be done under a permit and must be inspected. Even in this exception, we strongly recommend that you hire a licensed plumber to do the work, unless you are a plumber or are fully qualified to do the job. You will find it less expensive and less troublesome in the long run.

City Street Department busy patching and doing some grading. Ground still to wet to do much grading, except in spots.

Weldon Nix Resigns As Fire Chief

Fire Chief, Weldon Nix, submitted his resignation as Fire Chief to Mr. Harry Elliott, president of the Burkburnett Volunteer Fire Department and City Manager, Clovis Mann, to be effective at the next meeting of the firemen, at which time a new fire chief is to be selected.

Serious and extended illness in the family was given as reason for the resignation. The illness is of such nature as to require his constant care. He will also request placement on the firemen's inactive list with a leave of absence.

Chief Nix was elected Chief of the Volunteer Fire Department in Oct. 1959, and has served continuously as Chief since. In submitting his resignation Chief Nix stated: I regret very much to take this step as this phase of public service has always been very near and dear to me.

Note of Appreciation

We wish to express our sincere thanks to the American Legion and to everyone that helped to make Christmas happy for seven needy families. Also thank Santa and his dear wife and everyone that helped with the Christmas party for the colored children in Burk on Saturday afternoon. Bags of fruit and candy were distributed to about 100 children. We hope you will all have a happy and prosperous new year.

Miss Charlotte Simons Takes Vows With Jan Pearey In Evening Rites

Sacred Heart Church in Wichita Falls was the setting for the Wednesday evening ceremony uniting Miss Charlotte Mary Simons of Burkburnett and Jan Warren Pearey of Andrews, Tex. Msgr. Anthony E. Daly, pastor of the church was officiant for the 6:30 p. m. nuptials.

The former Miss Simons is the daughter of Mr. and Mrs. Edward J. Simons of Burkburnett. Pearey is the son of Mr. and Mrs. Hollis O. Pearey, Denver, Colo.

Vows were repeated before the main altar which featured arrangements of red poinsettias, fern and large cathedral tapers in brass candlesticks. The side altars contained similar arrangements of poinsettias and fern. The white satin prie dieu centered the nuptial setting. White satin entwined wedding bands marked the family pews.

Providing traditional wedding selections was Mrs. Carl Edwards, organist, who also accompanied Mrs. Mary O'Neil Wallace, soloist.

Given in marriage by her father, the bride was attired in a designer's original floor length gown of imported peau de soie. The gown featured a chapel train and a scooped neckline enhanced by re-embroidered lace and seed pearls. The bodice of the gown was trimmed with cut-out lace motifs which were applied with crystal sequins and seed pearls. The long rolled petal point sleeves were trimmed with lace motifs similar to those of the bodice.

A veil of imported silk illusion extended from a pointed crown of crystal and seed pearls. The bride completed her ensemble with a cascade arrangement of orchids and lilies of the valley with a satin shower.

Attending her sister as maid of honor was Miss Patricia Simons of Burkburnett. She wore a street length dress of emerald green peau de fran fashioned with a bateau neckline, low rounded back and a full skirt. The long tapered sleeves featured small ball buttons. Complimenting her ensemble were matching accessories and a matching emerald green crown headdress with a circle veil of matching illusion. Miss Simons carried a single white Queen Victoria rose.

Bridesmaids, attired in dresses fashioned identically to that of the maid of honor, were Misses Linda Sheffield of Dallas and Delores Pokorny of Wichita Falls. Serving as flower girl was Delores Coole, daughter of Mr. and Mrs. John Coole of Burk.

Serving as acolytes were Kenneth and Charles Simons, Wichita Falls, cousins of the bride.

Attending the groom as best man was Derrel Pearey of Denver City. Groomsmen were Don Pearey of Sundown, Tex., and Alden Smith, Burk. Ushers were Larry Pearey and Tim Pearey, both of Andrews.

Parents of the bride were hosts for the reception in the Parish Hall. The bride's table was covered with a net cloth over crystal satin and featured a fan shaped arrangement of white gladioli and greenery. Silver candelabra which held white cathedral tapers flanked the bride's cake and the antique crystal punch service. The registration table was adorned with a crystal epergne which contained a single Queen Victoria rose and a Victorian cloth of embroidered linen.

Reception assistants were Miss Mary Jane Michna, Wichita and Mrs. Carroll Magee, Wichita. Following a wedding trip to the west, Mr. and Mrs. Pearey will establish residence in Andrews.

Mr. and Mrs. Simons were hosts for the rehearsal dinner at Underwood's. The table was covered with a white cloth and featured arrangements of Christmas greenery, pine cones and candles.

The bride was graduated from Burkburnett High School and from East Texas State College in Commerce where she received a BS degree in home economics. While in college, Mrs. Pearey was vice president of the Toanoove Social Club, a member of Terpschoreans, president of the Newman Club and was duchess to the Cotton Ball at Texas A&M two years. While in college, she was named one of the twenty best dressed college women in the United States. Pearey, a 1956 graduate of Sundown High School, attended Texas Technological College, and is a graduate of TESC with a BS degree in health and physical education. While attending ETSC he was a member of the track team and the "T" Associa-

Brookman Sells Interest in Star To Partner

John W. Brookman sold his half interest in the Burkburnett Star to his partner, Harry C. Dodson, effective January 1, 1961.

The partners had been operating the business since April 1, 1944. They leased the plant 1944-1945, and purchased it from Fred C. Brookman January 1, 1946.

Mr. and Mrs. Brookman plan to continue making Burkburnett their home. At present Mr. Brookman's future plans are indefinite, but he has agreed to continue helping the Star force two or three days each week.

The policy of the paper will be to continue to work for the best interests of Burkburnett and this North Texas - Southern Oklahoma area. Burkburnett is enjoying a rapid growth at present. The newspaper will endeavor to grow with the area, and thus be able to contribute its share to the growth.

Several plans are being considered to make the Star more interesting to its readers. We welcome sincere criticisms and suggestions concerning the paper.

Legion Members Thank Citizens

Members of American Legion Post 264 offer their thanks to all citizens who contributed toward their welfare fund. During the Christmas period, the Legion distributed more than twenty baskets of groceries to needy families.

They want to especially thank Preston Dairy and Henry's Bakery for their generous contributions to the baskets.

Johnny Johnson of White-wright, Texas, won the washer and dryer given by the Legion.

Jimmy Johnson is chairman of the welfare committee.

Odd Fellows and Rebekahs Held Christmas Party

The Odd Fellows and Rebekahs held their annual Christmas party jointly as had been the custom for quite some time. After the gifts were exchanged delicious sandwiches, cookies and coffee were served all members and visitors. Also, games were enjoyed by all. Those present expressed themselves as having a good time. Some music was furnished by out of town visitors.

Mr. and Mrs. Bennie McDonald, Jr., and sons, Ben L. and Don Allen of Smyrna, Ga., were holiday visitors in the Ben McDonald and C. A. Moreman homes.

Pearey is currently employed with the Andrews Public Schools.

Among out of town guests were Mr. and Mrs. Hollis Pearey, the groom's parents; Mr. and Mrs. T. O. Pearey, Frankel City, Tex.; Mr. and Mrs. Rogers Pearey, Roswell, N. M.; Donald R. Pearey, Ft. Benning, Ga.; Neil Pearey, Taft, Calif.; Messrs. and Mesdames, Leon Sheffield, Bill Sharp, George Roland and family, Ralph Swinford, Jr., all of Dallas; Mr. and Mrs. Jack Cornwall, Monahans.

The former Miss Simons was honored with a number of pre-nuptial courtesies. The Burkburnett Town Hall was the scene of a bridal shower given by a group of hostesses, and Mrs. W. B. Vandergrift, Wichita Falls recently honored the bride with a shower.

The home of Mrs. Edward E. Clack and her daughter, Pat, was scene of a tea for the bride, her classmates & close friends.

Our Swan Hymn

With this issue of the Burk Star the new publisher and owner Harry Dodson takes over the reins and the former partner John and Jo Brookman relinquish their line gauge, pen and scissors to the new editor-owner, Mr. Dodson.

Mr. Dodson and I have been partners in the Burk Star for the past sixteen years, worked together for several years prior to buying the Star from Fred Brookman in 1944.

It was in 1925 that I first came to Burkburnett as a printer for the Star, being employed by Mr. Ben McDonald and later by Bill Billingslea.

We have made many friends in Burk as well as business associates. It is also true that we have made some enemies. But the fact remains that you cannot run a newspaper and ride the rail, you must either be for or against a proposition and we have always fought for what we thought was for the best interest of Burkburnett.

We want to again thank our many friends and customers for their many courtesies and patronage. Burk has indeed been good to us and we are truly thankful.

It is our sincere wish that you continue to patronize the Star and the new management. Mr. Dodson is well qualified as a newspaper-publisher-editor as well as a skilled workman, and knows the newspaper problems from front office to mechanical department.

JOHN AND JO BROOKMAN.

All had a most enjoyable time.

ROTARY CLUB

Town Hall Each Tuesday
12:00 Noon
Bryan Farris, President
Bill Donnell, Secy.

The Rotary Club had an outstanding program Tuesday noon. Alvin Hill, program chairman, introduced Bill Glisson, Instructor in the Department of Intelligence Training at Sheppard Air Force Base.

Mr. Glisson explained the plans and workings of communism, and did an excellent job in the time allotted him.

According to the speaker, the plan of communism was in effect as early as 1850. The program or world-wide plan has not changed much up to the present time. Carl Marx called it "Dialectic Materialism". Communism grows on The Class Struggle—the have-nots pitted against the have's. That condition has existed since Primitive man. So, according to the way the communists view the matter, the world has gone through, or must go through, six periods before true communism will be realized. The stages are:

1. Primitive man.
2. Slave period.
3. Feudal period.
4. Capitalistic period.
5. Dictator or proletariat period—socialistic.
6. Communistic or classless period—everybody on an equal basis.

Many people do not realize or understand the communistic way of thinking. Their plan has no deadline. If it takes 100 years to complete—then it just takes 100 years.

A noted official had this suggestion to combat communism—"America, get the lead out". We are supposed to be the greatest sellers in the world. So, we must sell, the American way of life to people all over the world. We CAN, we MUST, if we are to maintain our present enviable position.

Next week Joe Janeke will bring the program. Several guests and out-of-town Rotarians attended the meeting.

4-H COOKING MEETING

There was a 4-H cooking meeting held at Mrs. Gerald Savages home. Mrs. Savage made some refrigerator cookies and also showed us how to use aluminum foil to wrap a box which would be nice to send Christmas presents in. Diane Bentley gave a demonstration on how to make a one layer cake.

Those attending the meeting were Lynn Halsey, Diane and Louise Bentley and Toni and Kathy Savage.

Parker's Opening City Troubled With "Bootleg" Plumbers . . .

Tuesday, January 3, Parker's New Food Store had its formal opening. The store is located in Parker's Plaza located on South Avenue D, between Park and Tidal Streets.

Thousands have visited the store since its opening.

The store features a complete line of groceries and meats, arranged and displayed for easy shopping. The aisles in the store are wide and the parking area outside will accommodate more than two hundred cars.

Parker's has had a store in Burkburnett since before the twenties.

Henry Hall is local manager, with Albert Cochran assistant manager.

"Daddy" Sullivan Ninety-Two Jan. 10

J. R. "Daddy" Sullivan visited the Star office Thursday morning just as the final pages were going on the press.

The remarkable gentleman came by to invite all his friends to visit him next Tuesday, January 10, and help him celebrate his 92nd birthday. He will be at home all day at 409 Magnolia. Friends will be welcome all day.

Happy Birthday "Daddy".

CORRECTION

The Star made an error in Opal's Dress Shop ad last week. We listed children's dresses at 1-3 price. It should have been 1/2 price.

The January Clearance Sale is still in progress at the store.

Modern Study Club Met January 3rd

The Modern Study Club met January 2nd in the lovely home of Mrs. Wylie Browning, with Mrs. Bill Browning as hostess.

The president called the meeting to order. The club Creed was read after which the pledge to the flag was given. The secretary called the roll with each member answering with, "What is a good parent." Minutes were read and approved.

Reports were given on the Christmas baskets of food and gifts for a needy family and gifts to the State Hospital. The secretary read new additions to the By-laws and Constitution.

A most interesting program was given on "Foundations of a better home life," by Tommy Bavousett.

The door prize was won by Patty Pearson. The next meeting will be January 16th in Mrs. Bill O'Brien's home.

Those attending were: Mrs. Jerry McClure, Lee Bavousett, Martin Wright, Johnnie Crane, Dude Smith, Darrell Nichols, James Pearson, Bill O'Brien, Jerry Thomas, Bill Browning and a visiting corresponding member, Mrs. Jerry O'Mary.

Holiday guests in the home of Mr. and Mrs. S. S. Reger were their son, Kent Reger, of Metairie, La., and Miss Philomena Blackman of New Orleans, La., and Brisbane, Australia.

Cora Lee Harmon attended the Golden Wedding Anniversary of Mr. and Mrs. G. L. Parton in Wichita Falls, recently.

Mr. and Mrs. T. P. Head and son David of Crane, Tex spent the New Years holidays here with their parents, Mr. and Mrs. V. C. Skipwith.

The city is being plagued with "would be" plumbers. Individuals, mostly from out of town are contacting citizens to lay their sewer lines.

City officials have cautioned everyone to beware of those seeking such jobs. Citizens can help the city officials by making sure that only licensed and bonded plumbers are hired. They must be licensed and bonded with the city of Burkburnett.

The law allows only one exception. A person may lay his own line, at his own home, provided a permit is obtained and the job is inspected by the City Inspector.

City Manager, Clovis D. Mann states that he believes the bonded plumbers of Burkburnett has sufficient help to take care of the installations, however, if there are those who are not getting proper service, he would appreciate being informed.

People, Jobs and Growth

The U. S. population is growing rapidly, and many jobs will be needed to support the new families that are being formed everyday. That is one of the factors behind the drive to improve the nation's economic growth rate. Economic growth means the building of new businesses and the expansion of old ones. This is the process that creates jobs.

President-elect Kennedy has promised that his administration will act as necessary to produce a faster rate of growth. In this regard, we would recommend that he give attention to legislation which has been gaining support over the last three years. It now is being reintroduced into Congress with bipartisan backing from Representatives A. S. Herlong (D-Fla.) and Howard W. Baker (R-Tenn.).

This legislation embodies a tax reform program that would reduce both personal and corporate income tax rates gradually over a five year period—without lowering the present total of tax revenues.

The relationship between tax rates and economic growth is close and direct. Forming new businesses and expanding old ones takes risk capital that is available only from savings. Tax rates that seize up to 91% of an individual's income and take 52% of corporate profits stifle savings.

We agree with economic experts and businessmen who say that tax rate reform as proposed by Rep. Herlong and Baker provides the best avenue toward speeding economic growth and providing more jobs.

Independence Day For Corporations

July 4th, we all know is Independence Day.

Also, in a very different sense, it is an independence day for American business corporations. For that is the day when these corporations and the people who own them start keeping some profit for themselves.

The arithmetic is simple. The federal corporation tax, on concerns of any size, is 52%. So, for more than half the year, government takes all the profit.

When an individual begins working for himself depends upon his income bracket, deductions and other matters. Each person can figure it out easily enough. 20% is the beginning tax on taxable income—91% is the maximum. State and local taxes come on top of that.

Government absorbs about one-third of the national income. The average man works only two-thirds of the year for himself. The tax collectors demand four months of his services.

GRASS ROOTS OPINION

LIBERAL, KANS., TIMES: "It now appears that polio can be virtually eradicated in this country. That is providing people take advantage of the vaccine and see that all members of their family are given Salk shots."

FREDONIA, N. Y. CENSOR: "Drivers in West Germany can be arrested for using rude gestures toward other drivers, it is reported. That might be the way to thin out traffic here."

DULMUTH, MINN., PUBLICITY: "Luxuries, power, indulgence had made the once tough Roman people soft. To stay popular, their emperors gave them more and more of the ease they craved—free bread, free circuses, easier living. So the Romans softened up themselves for the ambitious, hard working barbarians. And in 410 A. D. the greatest nation the world had ever seen was invaded and destroyed. The Roman emperors promised the people handouts—but they turned out to be anything but free!"

BOONVILLE, IND., ENQUIRER: "A disappointing vote was recorded in the United Nations the other day. The vote was taken on a charge by the Cuban government coupled with a demand for a UN debate, that the United States was planning aggression against Cuba. The United Nations could become a major problem for the United States if and when the communists intimidate and buffalo enough of the new member nations to have their own private propaganda show. This latest vote should be a warning to the major democracies of what might happen if we go too fast in the effort to force freedom and democracy on people who are not ready for these responsibilities."

CARLSBAD, N. M. CURRENT-ARGUS: "There's nothing like good, old fashioned competition. The poultry industry has come up with a new plan to widen its market. In a test in Ithaca, N. Y. Frankfurters made of chicken—they called them "bird dogs"—captured 15% of normal hot dog sales."

News From The County Agent

Mr. Bud Thurber of the Bridwell-Thurber ranch will judge the steers at the annual Wichita County Jr. Livestock Show which will be held at the 4-H barn on Saturday, Jan. 7th. The judging of the steers will get underway at 1:00. Mr. Glen Tole former county agent and fieldman for the Angus Association will judge the beef heifers. All animals are to be in place at the barn by 10:00 a. m. Saturday, Jan. 7th. Ribbons and prize money will be awarded. Mr. Willie Morton of the Friberg-Cooper community will present a special trophy to the Grand Champion Steer. Anyone interested in beef cattle is urged to attend.

Now is a good time to set out fruit trees and shrubs if you are planning on setting some out. Here is a list of fruit varieties recommended for Wichita County.

Pears — Orient, Kiefer, LeConte, Garber
Apples — Holland, King David, Red Delicious and Yellow Delicious.

Figs — Texas Everbearing (Harrison, Ramsey).
Grapes — Fredonia, Delaware and Seibel 9110.

Peaches — Cardinal, Coronet, Dixigem, Ranger, Redskins Key, stone and Redglobe.

Plums — Bruce, Methley and Sapa.
Blackberries — Early Wonder (Dew black, Dallas, Brazos and Austin).

A fruit pruning and tree setting demonstration will be held on the Willie Morton farm, Friberg-Cooper community on Monday, Jan. 16th, beginning at 1:30 p. m. This program is being sponsored by the Wichita Falls Times and Record News & the Friberg community. Anyone in-

terested in learning how to prune peach trees and set out fruit trees are urged to attend.

Mr. V. A. Randolph, supt., of the Montague Experiment Station will be in charge of the demonstration. It should be of interest to lots of folks to also see how the fruit trees have grown that was set out last year. Mr. Randolph also will discuss spray programs for peaches and plums.

Consumers should have a plentiful supply of good turkey meat in 1961. And, if producers carry out present intentions, prices of turkey meat are expected to be relatively low compared with other foods says B. T. Haws, county agent.

The number of farm and urban families, homemakers and youth receiving assistance from the Cooperative Extension Ser-

vice of the USDA and Land Grant colleges and universities last year set a new record. More than 13 million people took advantage of the agency's "out of school" educational program to help solve farm, home and community problems, an increase of 7% over the previous year.

Almost 2.4 billion half pints of milk were consumed by children under the Special Milk program during the last fiscal year, reported the U. S. Dept. of Agriculture.

WINTER'S MAJESTY

All delight in the beauty of snow... how it clears the air, cleans and gives the earth a pure white blanket. David in his worship of God said...

"Purge me with hyssop, and I shall be clean; wash me, and I shall be WHITER THAN SNOW."

Attend church, worship God and know the joy of a free spirit, whiter than snow.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persist and the freedom which we hold so dear will inevitably perish. Therefore, men from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

HARDIN P-TA

A special meeting of the Hardin PTA was combined with the regular meeting of the Burk Burnett Primary PTA and was held on Dec. 13th. Mrs. Pauline Johnson, president of the Hardin PTA presided for this special meeting.

Mrs. W. T. Zimmerman, program chairman, introduced Mrs. J. S. Nichols, who gave a devotional pertaining to Christmas. A very enjoyable program followed when the 7th Grade Choir under the direction of Mrs. Anne Paul Ragat sang several Christmas selections.

Preceding the program, a short business session was conducted. Mrs. Douglas Soren and Mrs. Peyton Conby were appointed to deliver gift certificates for food to needy families on Christmas eve.

Mrs. Johnson announced that a suggestion box would be placed at the back of the room at each PTA meeting and anyone wanting to comment or make a suggestion may write such on a slip of paper and place it in the suggestion box. Also a set of rules will be made at the next meeting pertaining to the "Attendance awards."

Mrs. Johnson and Mrs. Zimmerman gave an interesting report on the state convention which was held in Austin. They outlined the speeches and activities of the three day event. The attendance awards to the rooms which had the most parents attending went to Mrs. Martin's room for the Primary building and to Mrs. McCullough's room for the Hardin group.

Burk Garden Club Met Recently In Morrison Home

Recently the Burk Garden Club met in the home of Mrs. Carl Morrison. She had as her guest speaker Mrs. K. Bruce Davidson from Wichita Falls. Mrs. Davidson gave a very interesting talk and demonstration on color harmony.

Refreshments were served from a beautifully decorated table to the club members and following guests: Mesdames Jimmy Johnson, Gene Loomis, C. D. Copeland, Sadie Beth and Laura Louise Tevis and Mrs. K. Bruce Davidson.

Meadowlane Club Christmas Party

Tues., Dec. 13th

The Meadowlane Garden met the 13th of Dec. for a Christmas party in the home of Cliff Wampler. The rooms were attractively decorated, tables of attraction being a fully decorated table and gift packages beneath it.

Dainty sandwiches, coffee, salad, baked beans, coffee pecan pie were served to members and one guest. Gifts were exchanged.

Those enjoying the evening activities were Mesdames E. Ellis, Morris Cheney, Joe DeEdwin Green, Arlin Key, Knox Wallace Landrum, W. Landrum, John Lauer, Jim D. Don Wills, James Metz, G. Turner and guest, Ruth De and the hostess, Mrs. Wampler.

The next meeting will be 10th in the home of Mrs. Turner.

Local Births

Birth certificates were filed to the following Burkin parents last week: Mesdames Wendan: Dallas Paul Eugene Ogbey, Dallas Eugene; Frank Leland Vigue, David Alan; George Leon Willingham, George Leon, Jr.; Thomas C. Willard, by Thomas Randall.

Part of the Crowd on Main Street Watching Santa Claus Dec. 24

Above is shown a part of the crowd enjoying Old Santa's visit in Burk Burnett Saturday, Dec. 24, Christmas Eve. The fifty foot building on the left was also packed with children and their parents.

To the Folks of Burk Burnett and Wichita Falls

We wish to thank all our friends of both Burk Burnett and Wichita Falls for their part in the Burk Burnett Children's party, for giving of their time and money which made the party a success. For without your help it could not have been the success it was. So we say THANKS to all the businessmen and individuals who gave.

By your help there was 800 fruit and candy bags given, 600 toys and 40 homes were visited where there were 146 happy children after Santa left. Groceries were also given to many of these homes.

In addition, two parties were held down town, one for the white children and one at 5:00 P. M. for the colored children. About 750 children attended the two parties. Much fun and enjoyment were enjoyed by all. So you see that there really is a Santa Claus, so be happy that you and I were him.

A special thanks to our Wichita Falls friends, Sears Stores, White's, Wichita Cigar and Tobacco Co., and our county officials, who contribute each year, and to Kidwell Motor Co. for the use of their Jeep each year.

Our thanks also to the Men's Bible class of the Methodist Church of Burk Burnett, and also the Beverly Drive Methodist Church of Wichita Falls who gave fruit and candy. Also Mrs. Baird's Bakery of Fort Worth, Texas, whose bread is sold in local stores, for furnishing the bags for the fruit and candy.

Thanks to the Cub Scouts for collecting toys and to the other local clubs who gave so generously.

Without the help of the following local citizens, who helped dress dolls, Mrs. Halsey and daughters Lynn and Gay; Bill Beaver and H. E. Goins who helped paint and repair toys, and Harold Draper for furnishing his truck and time to deliver toys to the homes, (and Haskell Draper, who helped to maintain order at the parties) and the Burk Burnett Police who kept the parking space open for Santa and his sleigh.

We wish to all of you a happy, healthy and prosperous New Year.

Your friends,
 Mr. and Mrs. Russell Duvall

Santa Claus, His Reindeer and Sleigh Took Kiddies for a Ride

This Thursday is our regular meeting, Jan. 5th. This is going to be a meeting that all members should be interested in. Let's all come do your part and let's get together this Thursday night at 8:00 p. m. I am not asking you to come, I am begging you to come. As you know by now that we have some new laws that come in affect the

first day of January, 1961.

If you have any good ideas that you think will help our club let us know by coming to the meeting. All suggestions will be appreciated. We have a new 3rd vice Commander to elect. And also if you wish for a new Commander for your Post 264 I will be more than willing to help support him.

Let your voice be heard at this meeting. Hoping to see you all this Thursday night, Jan. 5. On Friday night, Jan. 6th is game night, Fun for all. Public is invited.

SIGN OF MODERN LIVING

When you build or buy a new home, or remodel, be sure to check with your builder or electrical contractor to see that your home qualifies for the Live Better Electrically Medallion. This Medallion identifies a home as electrically modern—and a home that will stay modern for years to come.

LIVE BETTER . . . ELECTRICALLY

Beginning of an odd numbered year brings a changing of the guard at the statehouse. Actual number of turnovers this year will be few, with Gov. Price Daniel, Lt. Gov. Ben Ramsey and Atty. Gen. Will Wilson continuing in their present offices. No. 1 change will be in the Supreme Court. Chief Justice John E. Hickman, 78, is retiring after a 50 year legal career including 34 years as appellate

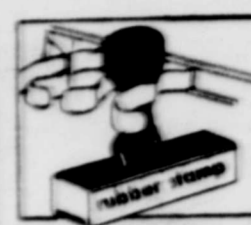

court service. Judge Hickman will be succeeded by Robert W. Calvert, now associate Justice of the Supreme Court. Succeeding Calvert will be Zollie Steakley, who has served as Secretary of State since 1957. He will be sworn in on Jan. 3rd in the Supreme Court Room of the State Courts building in Austin. A reception and informal Open House will be held in the State Bar building. The public is invited for both occasions. Court of Criminal Appeals will get a new judge, also. W. T. McDonald of Bryan will succeed Judge Lloyd Davidson, defeated at the polls last summer. McDonald will be sworn in Jan. 2nd in Bryan, in the district courtroom where he has presided as judge for the past five years. His brother, Reed McDonald, a notary public, will administer the oath. Already sworn in and ready to go when his term as land com-

missioner begins on Jan. 1st is Jerry Sadler. Mrs. Dorothy Hallman, chief clerk of the House of Representatives in which Sadler served three terms, gave the oath. Sadler was sworn in nearly two weeks ahead of time in order to be ready. He defeated the incumbent, Bill Allcorn. **Home Work—** While they're still home, members of the next Legislature can take their minds off Christmas bills by studying Gov. Daniel's proposed budget for state government. It calls for spending \$276,000,000 from the general revenue fund for the 1962-63 biennium. This is \$54,000,000 more than was appropriated for the present two year period, but is 49 percent less than the agencies requested. It does not include any funds for public school teacher raises, a recommendation which the governor said he will present after the legislature convenes. Gov. Daniel will propose a \$600 a year increase per teacher, adding approximately \$94,000,000 to the state's two year costs. This \$94,000,000 plus the \$54,000,000 increase above, plus the \$76,000,000 general revenue fund deficit, adds up to a \$224,000,000 problem which the new legislature will face. **Maverick To Run—** Latest to announce for the U. S. Senate seat to be vacated by Sen. Lyndon Johnson is Maury Maverick of San Antonio former member of the Texas House of Representatives. The former legislator from San Antonio is a member of the State Democratic Executive Committee and son of the late Congressman and Mrs. Maury Maverick of the Alamo City. His great grandfather was Samuel Maverick, also of San Antonio, one of the signers of the Texas Declaration of Independence. Other announced candidates for the Senate seat are: Rep. Jim Wright of Ft. Worth; former Senator William Blakley, Dallas; State Sen. Henry Gonzales, San Antonio and John G. Tower, Wichita Falls. **Colorado Dam Approved—** State Board of Water Engineers approved plans to build a \$21,890,000 reservoir on the Colorado River between La Grande and Columbus. Farmers, ranchers and businessmen from the affected area had vigorously protested the flooding of what they described as a prosperous agricultural area. They estimated it would destroy an annual agricultural income of about \$1,500,000. Proposed reservoir would be 22 miles long, with 160,000 acre feet of initial water storage space and 75,000 acre feet of reserve. Lower Colorado River Authority estimates it will save for use some 100,000 acre feet of water that now flows into the Gulf. U. S. Bureau of Reclamation is planning the project which is to be operated by LCRA after construction. **Youth Program Goals—** Texas Youth Council will urge the next Legislature to enact a six point program to cut down on the number of Texas youngsters who turn out bad. Goals are 1. Adequate funds to operate the state training schools and orphan homes; 2. A juvenile parole system to pro-

vide supervision for youngsters released from training schools; 3. A state home for dependent and neglected Negro children; 4. Local youth councils to work with delinquents and to help prevent development of delinquency; 5. Testing and guidance programs to spot problem children before they become delinquents; 6. More job opportunities for youngsters to keep them out of trouble. **No Horse Trading—** Highway Department agents seeking to buy land for rights of way cannot "dicker" with land owners over prices. Commissioner DeWitt C. Greer restated this policy in reviewing an instance in which a landowner eventually got in court nearly four times what the Department originally offered for the land. Though dickering might have saved money in this case, Highway officials feel that giving more than a thousand different agents authority to "barter" with state money would create many more inequities. Commission policy is to have an appraisal made and offer the amount indicated by the appraisal. Landowners who do not feel this price is fair can seek a better one in court. **Short Snorts—** Women seeking to attend A and M College have struck out again. U. S. Supreme Court refused to review court decisions upholding A&M's all male status. Texas Employment Commission reports a creeping up of joblessness in Texas. Latest weekly figures show 80,458 claiming unemployment benefits, an increase of 8,241 over the previous week and 23,829 more than a year ago.

Card Of Thanks
We want to take this method of expressing our appreciation to our many friends and neighbors during our recent sorrow. Your kind expressions of sympathy and for the food are gratefully acknowledged and deeply appreciated. May God bless each and everyone.

It's The Law In Texas

New Years Resolutions: Keep Records
Back in pioneer times our forefathers found they could keep track of the family history pretty well with a few notations on the flyleaf of the family Bible. But life's not quite that simple any more. Great grandpa wasn't covered by social security or workmen's compensation. He didn't have a bank account or safe deposit box, a car and a dozen home appliances being bought on time payment, or a half dozen insurance policies. We have taxes great grandpa never heard of and wouldn't have believed if he had. And had you asked him for a certificate to prove his birth, he'd have thought you had taken leave of your senses. The point of this is that the average American today has a good many important papers to keep track of. There are birth certificates, receipts, copies of tax returns, sales contracts and a host of other papers. With a little tidy record-keeping, you can make life easier for yourself and your family when you are gone. So why not make a New Year's Resolution to follow these suggestions:
1. Get a heavily bound notebook folder or file folder as a central collecting point for all the records of your affairs.
2. Put your especially important papers in your safe deposit box, but make a list of those papers and a brief summary of their contents to put in your home file.
3. Get copies of birth certificates for all members of the family and add them to the file. Add your marriage license or at least a statement as to when and where you were married and by whom.
4. Insert your will or a copy of it. If your will is kept elsewhere, include a note telling where it may be found.
5. During the year put into the file your income tax withholding statements and receipts for expenditures which may be deductible. Then keep a copy of each year's tax return in the file.
6. Make a list of all the stocks and bonds you own and where they are.
7. List all the places you have lived and worked and the names of persons there you know. Include the schools you have attended and the dates you left or were graduated.
8. If you may have benefits coming under a profit sharing plan where you work, make a note of that too.
9. If you're in doubt about whether an item should be included, put it in. This takes time initially, but it will save you both time and worry in the long run.
Mr. and Mrs. S. J. Moreman, Jr., and son of Denton were visitors in the home of his grandparents, Mr. and Mrs. C. A. Moreman, during the holidays. S. J. is a senior student at North Texas Teachers College in Denton.

Population Shift In Texas Noted

As the year 1960 comes to its end, population trends in Texas confirmed by the Federal decennial census have now been given some study and evaluation.

What the findings in general add up to are that the thinly populated, open country areas of the State are becoming even more thinly populated while more people are flocking to counties which already are thickly populated.

Over all, in round numbers, the total Texas population increased from 7,700,000 in 1950 to 9,500,000 in 1960, a rate of growth amounting to 23% against the national increase of 17%. Only two states outstripped the 1,800,000 gain in Texas: California, which had an increase of about 5,000,000 and Florida, which grew by slightly more than 2,000,000.

But despite the over all gain in Texas, 144 out of the States 254 counties showed losses in population. This was an approximate follow up of trends established in the decade from 1940 to 1950, with the losses in total population confined largely to counties which have no sizeable towns or cities and which offer little in the way of industry.

However, there were some exceptions of the movement away from rural counties. Some of these counties, mainly in West Texas and in the Panhandle, showed steady gains in population. In general, these were counties which have developed farming by irrigation, are devoted largely to cotton and grain cultivation, and have resources of oil and gas.

Three of the older, comparatively thickly settled counties showed the heaviest losses in population. These were Lamar County in Northeast Texas, which lost 9,000 during the decade, Hill and Fannin counties in the old Blackland Belt, which lost 8,000 and 7,500 respectively. Then there were Rusk, Red River, Navarro, Cherokee, Falls and Limestone counties, all of which had losses of at least 5,000.

The trend of the past two decades projects an outlook something along these lines: Rural counties that are in fairly close range of future job opportunities probably will hold their populations at a fairly stable level. Suburban and open country, strictly rural counties far removed from industrial areas may become even more rural before growth overflows in their direction.

WORKING WITH WOOD

Wood Floor Maintenance In Homes

Wooden floors in a home are a mark of distinction and a sign of value. But a wooden floor must be properly maintained in order to retain its beauty. This is neither difficult nor costly. It does require regular inspection and care.

Hardwood floors are generally finished to resemble the natural color of the wood. This is accomplished through the use of transparent finishes. These may be varnish, shellac, lacquer or wood sealers. When properly applied, quality finishes of these types will provide many years of service. The durability of these finishes can be improved by keeping them waxed. However, wax should be applied in very thin layers.

A wood floor requires refinishing as soon as any portion of the finish wears thin. Worn spots are more pronounced in areas of heavy usage, such as around the door ways. All wax should be thoroughly removed before refinishing floors. Wax can be removed by scrubbing with a cloth moistened in turpentine or other paint thinners. After the floor dries, re-application of the same type of finish originally used can be made.

Only finishes of the same type are compatible. If one wishes to change from a varnish to a shellac or other type finish, the original finish must

The Bite of the Scoobedoo Bug

Not so long ago America gave Europe the hoola hoop. Now Europe is returning the favor to the U. S. with a fad that requires no movement — only nimble fingers!

The new pastime, called Scoobedoo, employs long strands of brightly colored plastic. By braiding these pliable strands together, youngsters (and grownups, too) can create bracelets, good luck charms, dolls and handbags, to say nothing of bikini bathing suits such as the one adorning the lovely young lady in the photograph.

Despite its "practicality", the big attraction of Scoobedoo lies in its creative outlet for nervous energy. Many aficionados just twist the strands into weird shapes best described as "thingamabobs".

Scoobedoo started with Brigitte Bardot. She must have inspired it, at any rate, because the fad was created by her former fiancée, Sacha Distel. When their front page romance broke up, Sacha took to brooding at sidewalk cafes. He doodled constantly with pieces of

plastic wire, weaving little form-fits. The idea caught on big time among French teenagers, soon spread to the rest of Europe. Siriol Hugh-Jones, writing a ultra-conservative London Time recently remarked: "The drowsy gimmick in Scoobedoo is a stern person of unbending purpose in life can actually something out of it, maybe a long run; log baskets or fabric or plastic paste-houses." He thoughtfully, "The only thing that can be said against Scoobedoo is that in nimble hands it could be dang'ously on the creative." What makes a craze take? How does it spread? And who can say for sure? But take a look at the name... and remember... for one day soon you Scoobedoo your own way — or fame!
