Everyone is urged to attend and participate in this school fun night.

CITY HALL News and Notes

By Clovis D. Mann City Manager

The Civil Defense drill last Friday evening was a success. This was the first national Civil Defense drill in which Burk Burnett participated.

When the alert sounded at 3 p. m., most downtown stores closed for 30 minutes, and their personnel went to the Town Hall to listen to Conelrad. The schools assembled for the same purpose. The various civil defense department heads with their units, along with the CAP and other military units of the High School, reported for duty. The Mayor was on a standby basis, ready to call on the governor, or other outside agencies for help, if such help should be needed.

Reserve Police were quickly assigned to water stations, electrical stations and other points to prevent sabotage. Utility company personnel was alerted against sabotage and line breaks. Public works department and the Water Utility Department assembled at their respective places, with equipment, for standby readiness. School cafeteria remained open to assist with feeding.

Word came in later that we were fixing to be attacked. The "attack imminent" siren sounded. Shortly after, word was received that the new water tower had been blown up. The various units rushed to the scene.

This may sound like a useless game to some, and even downright foolish to some. Such is not the case. An active, alert Civil Defense is a necessity. It could be one of the most important things that this city ever did. Not only for man made disasters, but also for natural disasters, such as tornados.

Within the next two or three weeks a date will be set for a city-wide civil defense meeting, at which time the organization will be explained, and opened for volunteer workers. A good program is being planned. We hope that everyone will attend when this meeting is called—Civil Defense needs you, and you need Civil Defense.

The Kid Baseball Button Sale kick-off was a flop—(That's Our Opinion.) Nothing was wrong with the program itself. It was well planned, and the program was good. The Municipal Band was excellent. Several of the band members had to participate in a contest in Wichita Falls an hour before this program, which meant that they had to do some rushing to get back for the kick-off program. With the Senior Play scheduled at 8 p. m., many of them had to do without their evening meal. (The band also missed out on the free Cokes.) Nevertheless, the whole program was good, and it was well advertised in advance.

We feel that it was a flop because there were only a very few parents present to lend their support. Over 200 kids were present. It seems that at least 5% of the parents could have been there. The men who are coordinating this program put in a lot of hard work. We believe that everyone will agree that the Kid Baseball program is a good thing for the community. These men working with the program should be commended, but more than that, they need the support of the parents—at least their interest. From this viewpoint the Button Sale Kick-off was a flop. We cannot understand why.

ROTARY CLUB

Town Hall Each Tuesday 12:00 Noon
Bryan Farris, President
Bill Donnell, Secy.

Twenty-five were present at the noon luncheon Tuesday. George Byerly was in charge of the program. He presented Mrs. Bill Russell who spoke on Character Reading In Your Hand Writing. It was an excellent program and had some of the members looking over their own handwriting.

Former Burk Man Writes From Calif.

BURKBURNETT STAR, Burk Burnett, Texas. Dear Harry:

After six months away from the city it appears that community progress is going along in the usual way. With the diversified surroundings it is reasonable to assume that Burk Burnett will continue to grow. I hope to come back sometime and then you and the judge can bring me up to date on the happenings since my leaving.

The real estate business is beginning to permeate my system and now I find myself working at it daily with increased enthusiasm. There is much of it out here to be sold and I hope to sell my part of it in the years to come.

The enclosed check is for another years subscription to the Star. Is this the correct amount. Regards to all,

Chamber of Commerce Gives Supper For the Burk Eighth Grade Students

Mrs. S. L. Johnson, president of the Hardin Parent-Teacher Association, received State Life membership at the thirty-third annual conference of the Thirteenth District Banquet held in Olney April 20th.

The Burk Burnett Chamber of Commerce Sponsored a Hot Dog Supper Thurs. for the 8th Grade Students of the Burk School System. Cokes were furnished by the Coca Cola Bottling Plant in Wichita and the Hot Dogs were furnished by the Burk Burnett First National Bank. Members of the Chamber of Commerce served the repast. Jerry Thomas was in charge, aided by Jerry McClure and Chamber President Bill Browning.

Roy Silkwood, High School Principal was in charge of the afternoon program aided by Morris Simonson, Jr. High Principal and Chamber Education Chairman. The purpose of the program was to give the next year high school students a chance to inspect the High School facilities and meet their future class mates from other schools. Eighth Grade students were present from Burk Burnett-Sheppard School and the New School in Burk Burnett.

Students were assigned a buddy for the afternoon pairing up a student from Burk and a student from Burk-Sheppard. This, Silkwood explained would give the students a friend in each group ready to renew friendship when school starts again next fall.

The program started at 2 p. m. in the High School with the students having an orientation of the School, talks by the Supt., Student Council Representatives, Honor Society Representatives, and the High School Facilities, and then the picnic lunch was served at 4:30 at Hardin Park.

Agri. Chairman Spoke at C-C Luncheon Monday

Jim Harwell, local manager, introduced Jack Gressett, from the agriculture committee of the Wichita Falls Chamber of Commerce.

Gressett spoke on crop prospects in the county for this year and next year. He stated the 1960 wheat acreage was 52,000, yielding 1,560,000 bushels. This year the yield is expected to be 25 per cent less than 1960. The loss is attributed to insects, weather conditions, etc.

The future of agriculture in this area is bright, according to the speaker. Farmers are producing more on fewer acres each year, by better management and the use of fertilizer.

Mrs. J. C. Adams reported on a recent state convention of garden clubs held in Odessa. Burk won 2nd place in one division, competing with 27 other clubs.

A short directors meeting was held following the regular program. Harwell announced next month's meeting would be devoted to oil. The following month the program will feature SAFB.

Kid Baseball Button Sale Began Friday

Over 200 enthusiastic youngsters converged upon the corner of Ave C and 4th streets, with their team captains, Friday, April 28th to be issued buttons to sell in support of their baseball program. Only a smattering of adults were present to lend their moral support to the program.

Ave C from 4th to the alley between 3rd and 4th had been roped off for the occasion. The Municipal Boomtowners Band was also on hand for their first public performance and to lend support to the program. Free Cokes were given by Coca Cola Bottling Co.

Sale of buttons will continue through May 6th. Three prizes will be given in each league to the boy selling the highest number of buttons. Several merchants are donating prizes for the boys. First prize will be a giant ash Cedar Chest worth \$79.95, to be given by Burk Furniture Mart.

Joe Dodson, Gene Lynskey and J. E. Larson are coordinating the Kid baseball program for this year.

Card Of Thanks

My mother and daddy join me in thanking you for the lovely cards and flowers I received and for your prayers during my illness. Your thoughtfulness will long be remembered. May God bless each of you.

T. M. Cornelius On Million Dollar Ins. Round Table

T. M. Cornelius, American Mutual Life representative is listed in the 1961 roster of the Million Dollar Round Table of the National association of life underwriters.

Every member of the 1961 Round Table must have sold at least a million dollars of life insurance in 1960 or must have attained life membership by having sold a million yearling for three years in succession. Fewer than one percent of the world's life insurance agents are Round Table members.

T. M. was superintendent of schools at Addington, Comanche and Snyder before starting into the insurance business in 1956. Since being in the insurance business he has sold over a million dollars of life insurance three different years. T. M. is a member of the Burk Burnett Rotary and has been elected to the board of directors for 1961. T. M. and Helen have two sons, Mickey and Jackie. T. M. is a Steward in the Methodist Church where the family attend church. T. M. completed his Masters Degree at the University of Oklahoma and has several summers of work above Masters.

All of the above accomplishments can be attributed to the many friends of the Cornelius family who live at 703 South Berry, Burk Burnett, Texas.

Burk Men Hurt In Nitro Blast

ABILENE, Tex.—Two Burk Burnett men who were injured in a nitroglycerin explosion on an oil lease near Ovalo remained in serious condition at Hendrick Memorial Hospital here Tuesday night.

They are V. L. Shelton, 33, and James Dale Kinnett, 36, injured Monday night when a charge of nitroglycerin accidentally discharged underground at an oil rig three miles south of Ovalo.

Shelton suffered multiple face and body cuts, deep cut on the right arm, compound fracture of the right arm and burns about the face and upper body. Kinnett received multiple cuts on the lower part of his body, burns on the chest and abdomen and severe cheek lacerations.

GRASS ROOTS OPINION

SHELDON, IOWA, MAIL: "The free enterprise system, upon which the economic foundation of this country was built has provided the American people with the highest standard of living ever known to any society and continued functioning of this system is dependent upon active participation by the citizens throughout the land."

GILLESPIE, ILL., NEWS: "Public welfare is big business in the United States. The largest amount of aid is given to dependent children. Three million of them received a billion dollars in assistance last year. Deserting fathers and illegitimacy are the root of this problem. Public welfare is big business and so is its administration, and the cost falls on those who pay the taxes."

APPLE VALLEY, CALIF., NEWS: "The Communists are hard at work indoctrinating everyone who will listen with their diabolical theories under the guise of being interested in the welfare of the common man. They infiltrate every walk of life and their prime targets are our young people who, unless we instruct them properly in the wisdom of private enterprise will win the war without ever dropping a bomb. The penalty of course, will be enslavement."

CLARKSDALE, MISS., PRESS REGISTER: "The average taxpayer may feel no surprise at all when informed that, as a news service put it so neatly, 'a record number of taxpayers paid record federal income taxes this year on record 1959 earnings.' The individual taxpayer, recalling his own painful disbursements to Uncle Sam, may be inclined to say 'It figures.' The only consolation is that the money goes for a good cause—to keep the governmental machinery of this great nation oiled, but it takes a lot of oil. The taxpayer can be forgiven for wishing that some of the leaks could be plugged."

GALLATIN, MO., DEMOCRAT: "It is a dangerous thing for the people of any country to become blithely unaware of the indirect taxes that eat into their economic substance."

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

In a recently released report by the Senate Small Business Committee headed by Senator John Sparkman, there is concern over diminishing share of military and defense contracts secured by small business.

The report states that from 1954 to 1960 the total small business share of military business declined from 25.3% to 16.1%, or a drop of about one-third.

There appears little reason for this, especially under present day conditions.

Presumably, in bygone eras, when weapons and equipment were different, there were only a few huge companies equipped, for example, to manufacture 16 inch naval guns.

But under today's defense conditions, weapons are largely built up from thousands of small components, none requiring an industrial giant to produce.

In fact, investigations have shown that often a soundly operated, small firm capable of producing even better items than specified and at a lower cost, has been bypassed in favor of some giant firm.

The committee points out that in the last session of Congress a bill was introduced which would have aided the Small Business Administration in diverting more sub-contracts to small business. This bill did not get on the floor of Congress, probably due to all the time consumed on a rehash of the civil right arguments.

© National Federation of Independent Business

The Senate Small Business Committee is quite positive in a position that more supervision of defense procurement must be exercised by small business representatives.

It is perhaps a natural aspect of human nature that the armed forces would favor big combines. For example, one of the nation's big rubber companies has built many foot lockers for the armed forces although they are not at all allied to the rubber industry, and there are scores of capable luggage and trunk makers.

On the other hand, the big rubber company, because it does so many millions in defense work, can afford to keep people in Washington to socialize with, and entertain, defense brass. And human nature being what it is, it is only to be expected that a purchasing officer will seek to extend favors to those who so pleasantly entertain him and his wife.

Several years ago the Small Business Administration, after a determined campaign by nation's independent businessmen through National Federation of Independent Business, set up program whereby SBA assigns representatives to major government buying offices.

This resulted in one year in a 78% increase in the value of defense contracts awarded small business. However, for the first half of 1960, the share to small business decreased 9%, indicative of a reversal of the previous upward trend that had been won. Thus, the Senate Small Business Committee is again alerting independent business to renew and increase its activity in this area.

Schroeder treasurer told us how the funds were. The Christian Growth Chairman, Mrs. Walter Siber gave a reading on Happiness. She based it on Proverbs 20: 7, quoted from Solomon, As a man is in his Heart, so is he.

Since Mrs. Altus Kramer was ill in the hospital, Pastor Boriack gave the topic. He told the ladies how the mission field in Africa was started and how it has prospered.

Mrs. Oscar Klinkerman gave the Mission Report. There were 47 calls made to the ill, 3 missions, 24 socials calls and 5 donations. Mrs. Lawrence Klinkerman gave the visiting committee report. They visited 18 ill and disabled persons and made 2 social calls. There were no reports from the Shower and

Alter committees. The Mite Box collection was taken.

The Bulletin Board report was tabled until the next meeting. It was decided to donate chairs, Bibles, literature and perhaps give a party at the State Hospital. It was also decided to have an end of school picnic and the date was set for May 21st. Mr. and Mrs. Ed Heiserman are a committee to estimate and evaluate materials for step runners in the church.

The Altar and visiting committees were changed. They are Altar: Mesdames C. M. Thompson and Wayne Smith. Visiting committee are Mesdames Oscar Klinkerman and Wilbert Prechel. This was seconded and accepted.

19 Members answered roll call. They were Mesdames Don Holtzen, O. E. & L. H. Klinkerman, Louis Boriack, J. C. Muller, Emil Schroeder, Richard Schroeder, Raymond Schroeder, Will and Della Rammings, C. M. Thompson, Walter Siber, Laura and Albert Brockreide, Arnold Kiesling, Jack Hodgkins and Misses Lena and Frieda Goetze. Dues were collected.

9 ladies volunteered to go to the LWML workshop in Wichita Falls. It was suggested the menu should be changed for Family. It will be voted on at next meeting.

Pastor closed with the Lord's Prayer and the Common Table Prayer. Mrs. Walter Siber served refreshments and made the lovely centerpiece of purple iris and pink wild roses in pink shell. Mrs. Albert Brockreide brought red scalloped tulips.

Mrs. G. D. Broyles of Burkburnett and Mrs. Maxine Kirkham and girls of Wichita Falls visited the John Cox family in Garland over the weekend.

Mrs. Riley's Pupils Candidates for Nat'l. Fraternity

Twelve local piano pupils from the class of Mrs. J. B. Riley, Jr., have registered as candidates for membership in the National Guild of Piano Teachers of which their teacher is a member. This group of young piano hobbyists will play in the National Piano Playing Auditions, Wichita Falls section.

Begun at Hardin-Simmons University, Abilene, Texas, in 1929, national headquarters are still maintained in Texas, where Rules and Regulations are available on request free of charge by addressing Piano Guild, Box 1113, Austin, Texas.

The names of the local entrants, pupils of Mrs. Riley of Burkburnett are: Jonnie Pierce, Terrie Gayle Young, Tommy Young, Sandra Allen, Jay Ragan, Donna Copeland, Carolyn Copeland, Carol Potter, Kathy Potter, Brooks Simmons, Vick Mahan, Jerry Lanig.

The audition for Mrs. Riley's students will be held at the YMCA in Wichita Falls, Wednesday afternoon, May 3rd.

HARDIN HD CLUB

Hardin club members met in the home of Mrs. C. L. Jinkins Wednesday, April 26th. Thirteen members and one guest, Mrs. John Ferris, were present.

The roll call was answered with How I save water and soil. The president, Mrs. Julia Roderick opened the business meeting. Mrs. A. A. Evert gave a reading on How to Be Successful in Life. Songs were sung by the members present.

Hardin club made plans to entertain their families with a covered dish luncheon May 11 at the Youth Center. The door prize was won by Mrs. E. J. Simons.

Lovely refreshments were served by the hostess, Mrs. C. L. Jinkins.

The next meeting will be in the home of Mrs. M. R. Hewell, 414 Magnolia. Miss Thelma Wirges, county HD agent, will present the program.

National Bank To Hold Open House. Friday, May 5th

The First National Bank of Burk Burnett will have an open house on Friday, May 5th from 2:00 to 6:00 p. m. The program will be a personal invitation to all citizens of Burk Burnett and the surrounding area. The new remodeling of the bank building was completed by the remodeling of the adjoining building. The new building is a two-story structure with a new addition of 10,000 square feet. The new addition is walled with Roman brick and cast stone to harmonize with the existing building. The new addition is a two-story structure with a new addition of 10,000 square feet. The new addition is a two-story structure with a new addition of 10,000 square feet.

The last remodeling of the bank was done in 1959 with an open house being held on June 27, 1959. At that time the second story of the building was removed and the outside was finished in Roman brick and cast stone. The front was replaced with all Solex tinted glass and the inside was completely remodeled with paneled wood walls, lowered ceilings and new light fixtures. At that time Mr. Hill, president, gave his reasons for the expansion as "having full faith in the future growth and development of our area, we have expanded our facilities to keep abreast of the times."

In the present expansion, Mr. Hill said "Our faith in the growth and development of this area has not been misplaced. Once again we are glad to find it necessary to enlarge in order to provide the services needed for a growing community. We have faith in the continued growth and development of this area."

The bank provides all modern banking services, including checking accounts, night depository, safe deposit boxes, collections of drafts, notes, checks, etc., commercial loans, personal loans, installment loans, automobile loans, real estate loans, travelers checks, cashier's checks and bank drafts, and U. S. Savings Bonds. A drive-in window for customers convenience is also provided. A time and temperature clock was recently installed in front of the bank building.

The bank employs 18 persons. On June 27, 1959, the total resources amounted to \$4,949,774.01. The present resources amount to \$5,920,476.41.

Mr. Hill, the bank's president has lived in Burk Burnett since 1921. He and his wife Madalyn reside at Maple and Sunset. They have two children, both married. Hill is very active in civic affairs and in Chamber of Commerce work. He has also served on the City board of Commissioners and is presently chairman of the City Planning Commission.

The bank's officers are A. R. Hill, President; James E. Frye, vice President; Jerry Thomas, Cashier; and Jerry McClure, Assistant Cashier. Directors are A. R. Hill, George H. McClarty, O. W. Prechel, Harold Van Loh, Glen H. Bear, C. B. Bowles and James E. Frye.

MR. A. R. HILL, President of the First National Bank, Burk Burnett, as he looks over the Burk Burnett Star's write-up of the last open house, held June 27, 1959.

Clean Hooks After Use
Clean and dry your fish hooks after use. Scraps of bait that may stick and harden on the hook make it difficult to bed the hook in a fish. A bait-clogged barb often will result in the hook failing to catch.

Restoring Bucktails
Bucktails that are discolored and matted can be restored to almost like new condition by holding them in a jet of steam or over a pot of vigorously boiling water.

The First National Bank Building as it looked in 1959 prior to remodeling

Old furniture with the new look will be seen in Wichita County homes before long. Leaders are putting the final covering on furniture they have been upholstering April 17-21.

These leaders were trained by Thelma Wirges, county HD agent. After they have time for a second wind they will teach other interested homemakers.

To upholster correctly, the leaders tore the chair down to the frame, repaired the frame, refinished exposed wood, replaced webbing and broken springs, tied springs, padded and covered with a final covering. To obtain the new look the furniture seats took on a flat appearance rather than the once popular rounded appearance.

The trained leaders are Mesdames Jack Marshall, Ray Strawn, E. W. Mowery, Kenneth Teaff, Gale Lowrance, E. J. Hawkins, C. C. Dean, Floyd Rodgers, Claude Taylor, J. A. Fouts, G. W. Davis, Pete Wyatt, Ambrose Yeager and Tom Witherspoon.

Do you need more storage space in your home? If so, Thelma Wirges, suggests "storage furniture" as a possible solution.

Bookcases are the simplest storage furniture. Available in many sizes they can be decorated as well as useful. They provide storage for books, magazines, records, children's toys, and hobby and recreational materials.

Chests of drawers are versatile storage pieces. If simple in design, they can be adjusted to the furnishing scheme of any room in the house, including hallways. Look for simple lines and good construction. Drawers should slide well. Shallow drawers with adjustable dividers are especially useful.

Cabinets are the other main types of storage furniture. They are made with doors and adjustable and or vertical dividers. Doors on cabinets present the same problems as doors between rooms. Swinging doors work easily and allow for storage racks on the inside of the door. However, they get in the way when open. Sliding doors have drawbacks, too. They open only part of the cabinet at a time and make it impossible to use the inside of the door for storage racks or hooks. Doors that roll may stick.

Radios, phonographs and television cabinets are now taking their places as units of storage furniture rather than isolated accessories. Whatever the storage piece, it should fit smoothly into the space assigned, match or blend with the rest of the furnishings and meet your standards for use, economy beauty and individuality.

News From The HD Agent

"The Old Woman in the Shoe" will be featured as semi-tailoring leaders model garments in a semi-tailoring revue. The revue will be part of the Wichita County celebration of the 16th National Home Demonstration Week. Mrs. Jim Roberts is chairman of the revue.

The revue and county luncheon will highlight the activities for the week, Thursday, May 4th at the Iowa Park Methodist Church. Mrs. Raymond Krull, Mrs. J. L. Graham and Mrs. E. W. Polhman are serving as the committee for the Wichita county celebration. The committee has planned for new club members to be honored at the luncheon. The Ray Home Demonstration club, where Mrs. E. P. Leonard is president, will include this in the program they will present.

More than ever, improved family living depends upon expert management of resources by all family members. The margin between income and cost of necessities—food, clothing and shelter—is small.

Programs in home demonstration clubs are designed to help families meet their needs. Up to date, reliable information in foods and nutrition, clothing, housing, home furnishings, household equipment, home management, health and safety, child care and development, is made available to families and homemakers through this phase of the Agricultural Extension Service.

This is National Home Demonstration Week. You are invited to attend a club meeting in your community or visit your county Home Demonstrations Agent's office to find out more about the program in Wichita County.

Today's Home Builders Tomorrow's World is the theme for this week's National Home Demonstration observance.

Wichita County Home Demonstration club women will be among the five million home makers throughout the nation who will observe National Home Demonstration Week, April 30th to May 5th, according to Thelma Wirges, county HD agent. Today's Home builds tomorrow's world is again serving as the national theme of the week.

Purposes of National Home Demonstration Week are to acquaint more families, especially young families, with this educational program in homemaking, to encourage families in improving the communities in which they live and to recognize volunteer local leaders of home demonstration groups.

It's The Law In Texas

While driving around a lake, John and Mary saw a "For Sale" sign on a piece of lake property which they thought they could afford to buy.

They made inquiry of the owner and agreed on a price. They inquired about title and the owner assured them that he would give them an "abstract". They took the abstract, which was a fat book of papers, and the deed, filed the deed at the courthouse and thought no more about it, assuming, as many people do, that an "abstract" is an assurance of good title.

Some years later they went to sell to a buyer who was better informed. He insisted that either the abstract be examined and an opinion given by an attorney that the title was good or that the sellers must provide title insurance. When they sought an opinion as to whether the abstract showed good title, they were dismayed to find that the title was not in good order, and that there would have to be a quiet title lawsuit to dispose of some flaws in the title before the buyer would accept it. Neither would a title insurance company write a policy of insurance for them without legal action to clear up the title.

John and Mary were astounded to learn that they were wrong in assuming that an "abstract" was an assurance of good title. An abstract is merely a record of every document which has ever been filed on record at the courthouse affecting the title to a particular piece of property. It may show good title or bad title, or no title at all. It is only a bundle of papers, as John and Mary discovered, which summarizes the state of the title. Its possession does not in any way assure good title.

Thus while one may be able to get possession and peacefully occupy a property with an unsalable title, difficulties will arise when the property is to be sold or mortgaged. To do so is only to postpone and perhaps increase the trouble & expense of clearing the title. It makes good sense to correct any title defects when you buy a property.

Jr. Forum Club Met April 28 In Willingham Home

Mrs. R. A. Willingham was hostess to the Junior Forum Study Club Tuesday, April 28. President, Mrs. Bill Wood, conducted the business meeting. Plans were made for the installation dinner and it was decided to have a stand at the baseball park during the summer.

Mrs. Danny Kinnett brought a very interesting program on Dreams. Lovely refreshments were served to Mesdames Bill Wood, Jim Vaden, David Booher, Ronnie Horter, Danny Kinnett, Wayne Smith, James Roderick, Raymond Schroeder, Monty Knox, Donald McCullough and a guest, A. C. Darter.

The next meeting will be held in the home of Mrs. Bill Wood May 9th.

The door prize was won by Mrs. A. C. Darter.

Edna Smith phoned for advice on cleaning the oven. Poor Edna was in tears because she forgot to set the automatic timer on her built-in oven and a fruit pie bubbled over and made a terrible mess. I advised Edna not to despair, that a little effort would have the oven looking spanking new again. Here's my advice for oven-cleaning: Sponge off lining with warm soapy water just as soon as the oven cools. If spots prove difficult to get off, leave 1/4 cup of ammonia in the oven overnight. Then wipe off spots the next morning with a damp cloth.

A Service Of The Thor Research Center For Better Farm Living
Several readers have sent in questions about farm shop specifications and equipment.
QUESTION: What do you consider a good size for a farm shop building?
ANSWER: When constructing a special building for your shop, we suggest you make it at least 30x30 feet and design it in such a way that it can be lengthened at a later date if needs require. Include space for tools, benches, building materials, heating unit, and for safe working on farm equipment. Make the door at least 16 feet wide and 10 feet high so tractors and other equipment can be driven inside.

QUESTION: I'm planning to get a portable electric generator for my farm and am wondering what size to buy. What do you suggest?
ANSWER: A good size generator for the average farm has a capacity of 5 kilowatts, supplies 115 volts of direct current. Things to look for: Carrying handle for easy moving, full shock-mounting with direct connected coupling, heavy-duty rewind starter, two three-pronged receptacles, also accommodating standard two-prong plugs. Buy your portable electric generator with an eye toward using it for on-the-spot powering of portable electric tools around the farm, as well as for emergency power.

QUESTION: I'm rewiring my workshop. What spacing would you recommend for the light outlets? My shop is 26x32.
ANSWER: Figure a ceiling light every 200 square feet, to eliminate shadows over wide areas where you may be working on equipment parked in the shop. Over the work benches there should be lighting outlets every 8 to 10 feet to provide brighter illumination in these close-work areas. You should have 115-volt service to accommodate any electric power tools you may want to use.

(More detailed information on "How to Plan Your Farm Shop" is available without charge by writing to the Thor Research Center, Marengo, Ill.)

Legion Notes

Billy Goenigs, Commander
F. L. Perry, Service Officer

All officers elected to hold Post in the American Legion on May 4, 1961 and to be sworn in at this meeting must bring their discharge papers with them. This includes everyone who is to hold office, as you cannot be sworn in without your discharge.

Also there will be a get-together and Pot Luck Supper for all members and their guests. It will be sponsored by the American Legion Ladies Auxiliary this Saturday, May 6th at 7:30 p. m. Lets make this a good, good turnout and let the Auxiliary know we are with them 100 percent as they are doing a fine job for the American Legion. This supper will be in honor of all new officers of Post 264.

Anyone who would like to join the Auxiliary get in contact with Mrs. Floyd Flemming, Mrs. Wayne Butler or Mrs. Robert Dorland at Dorland's Cafe.

On Saturday, May 13th there will be a dance at the Legion Hall starting at 8 p. m. The public is invited, but you must be 21 years old to attend. There will be a good orchestra to furnish the music. Let's everybody come and have a good time.

The first sentence of the Texas Declaration of Independence contained 293 words.

FLYING BLUEBIRDS

We had our May 2nd meeting today at the home of Audrey (Wiggy) Denton. We played some games and sang a few songs, after which we enjoyed refreshments furnished by Sandra and Mrs. Austin. Each of us had a paper doll book to cut-out. Thanks Mrs. Austin. The rest of our time was spent in outdoor play. Judy Klinkerman was the only member absent.

Card Of Thanks

I am deeply grateful to many friends that were so wonderful to me in the hospital. I came home. Since I am extended to all and relatives for the kind visits, phone cards, beautiful post cards, beautiful letters. Your kindness meant so much to me during my stay in the hospital. Your thoughtfulness meant so much to me during my absence.

Card Of Thanks

I wish to take this opportunity to express my heartfelt thanks to friends and neighbors for the many cards, visits I received and other kindnesses shown to me during my stay in the hospital. Your thoughtfulness meant so much to me during my absence.

Chief Gage Lists Tips to Keep Burglars Out

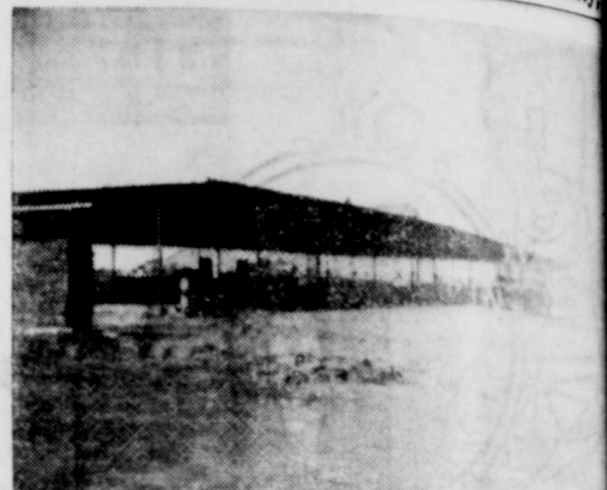

Chief Kenneth Gage said today that April 30 thru May 6th will be observed as Burglary Prevention Week in Burkburnett, as proclaimed by Mayor George McClarty. These dates are in conjunction with the official state wide program set up by Gov. Price Daniel and The Texas Police Association.

This is not "just another week," the Chief said, but has been set aside for a concentrated effort to remind homeowners of the simple precautions they should take this summer when they leave their homes for an evening or go off on a vacation trip.

From January to September of last year, there were approximately 15 burglaries in our city. Unfortunately many of these were the result of carelessness and probably could have been prevented. At this time of the year, people frequently go out evenings, weekends or on vacation trips and fail to take simple precautions to protect their homes and property. It won't happen to me, or "I have nothing to take, why would anyone break into my home" is all too often the comment of many. Unfortunately, the burglar doesn't thin kin those terms and when he's prowling around, if your home looks like an easy mark, in he will go.

Something can and must be done to curb this menace. Statistics show homes account for four of every ten burglaries. People can help by taking a

few simple steps to discourage burglars. Chief Gage pointed out several precautionary steps to take that involve virtually no expenditure and could mean coming home to everything as you left it.

Leave two or three lights on in the house during evening hours. Timers that automatically turn lamps on and off every day, are available and are essentially useful when a family is away on vacation. Lights going on and off every evening create a lived-in appearance in the home and tend to confuse and discourage a would be burglar.

Put good locks on all outside doors. It is not uncommon to find substantial jimmy-proof locks on the front and back doors, but with the cheapest possible lock holding an outside porch door. French doors, too, are usually secured with only the flimsiest sort of device. It is a good idea to look over all doors in your house and see just how secure they are.

Windows are usually a weak point in most homes, too. Screens and storm windows should be hooked on the inside to prevent them from being lifted off their frame. Safety latches which permit windows to open only part way, sufficient for ventilation, are also a good idea. Since some burglars are expert climbers, be sure to use them on second floor windows.

Stop all deliveries when leaving for a vacation. It is better to call the dairy than leave a note for the milkman, burglars can read too. Have your news-

paper forwarded to your vacation spot and you'll keep up on all the local news. Talk to your local police about holding your neighbors or handbills that be left on your porch are gone.

People must take some responsibility for their burglary themselves. By taking these simple steps, the possibility of a crime is reduced. Apprehending criminal job of your police department. But Chief Gage went war against burglary effectively be carried the home owners' full tion. Please do your part.

Mrs. L. E. Dudley Education Speaker At Dist. Convention

Mrs. L. E. Dudley of Abilene educational chairman of General Federation spoke on Importance of Education at the Santa Rosa Convention in Wichita Falls. She stated that in the eighteen hundreds women knew there could be a better world for them. Our grandmothers' learned there should be better education for women, and she said, haven't we come a long way because women wanted to learn.

Mrs. Dudley stated Texas ranks thirty-second in education in our schools. The schools have improved in the last four years, but she said we still have a long way to go. We should recognize the importance of teachers and try to do something about the cold war. Reach and over reach America in Education is Russia's motto. They want to defeat us in the classrooms. Two to five percent of our children are gifted and she said, let's keep them gifted.

It is the space age and we should gear our education accordingly. We need the very best education system we can afford. Mrs. Dudley urged us to instill in children the love of freedom and our American heritage and to reach for the stars in education.

Wm. A. Blakley To Open Runoff In Waco May 5th

Senator William A. Blakley will open his runoff campaign at an all-Texas rally in Waco Friday evening, May 5th, he announced Saturday through his Austin state headquarters.

"I am delighted to accept the invitation extended by my friends and supporters in McLennan County and the 11th Congressional District," Blakley said. "I then plan to visit all parts of the state in an intensive campaign leading up to election day, May 27th."

Plans for the May 5th rally are actively under way under Blakley's McLennan County campaign manager, Frank Tirney; Mrs. William Temple, district campaign chairman; Carlton Smith and other key Democratic leaders. Smith is a former Jim Wright backer who is supporting Blakley in the runoff against Republican John Tower.

Blakley also has the all out support of Representative W. R. Poage, Waco, who has urged Democrats to unite in a strong movement to keep Blakley in the Senate.

Delegations from all parts of the State will converge on Waco to give the senator a rousing sendoff in the runoff for the U. S. Senate post he now holds as interim senator. Since May 5th is also Cinco de Mayo, a principal Latin American holiday, the rally will take on a festive air with flags, costumes and marching bands.

Blakley rolled up an impressive lead in the 11th Congressional District in the April 4th election, carrying McLennan County 2-1 over Tower, Bell, Bosque, Coryell, Falls and Milam counties also gave him a big margin over Tower.

I Watch the World Go By
CARL HELM

I met this young lady in her middle teens: so eager then for life and for achievement in all the seven arts.

Inspiring music to be composed, masterworks to be painted and sculpted, great books to be written — she had such ambitious dreams and some talent, too. The world and fame beckoned.

I met her again the other day, five years later. She had married the boy she loved; they had a beautiful year-old daughter and a second baby was on the way. Remembering how she had unfolded her dreams to me, she seemed to think that I was disappointed to see her "tied down to cribs."

I wasn't, of course. Just a bit surprised at first, perhaps. But, then, understanding, as I reflected on the ways of young love, and of our Creator. He Who endows us all with our talents — some of us to perfect inspiring works of art — gives to a mother the superlative achievement of bringing into life His masterpiece, a baby... the supreme creation.

I wished I could tell the young mother this. But I believe she knows it!

Q I understand there actually are three steps in the sanding process, graduating from coarse abrasives to fine. Could you tell me the proper grit designations for smoothing rough plastic with a portable electric sander?

A Three different grades of abrasives are enough to get a good finish on most material, though some perfectionists use up to six different abrasives, going from

Three different grades of abrasive are enough to get a good finish on most material.

course to very fine. The best progression for finishing plastics begins with 36 or 40 grit, goes to 60 or 80 grit and winds up with 100

Here is a chart by SpeedWay power tool specialists which provides an accurate guide for sanding a wide range of material:

Material	Coarse	Medium	Fine
Hardwoods	30-40	60-80	100-120
Softwoods	40-50	60-80	100
Aluminum	40	60-80	100
Brass	36-40	60-80	80-100
Composition	40-50	60	80
Copper	40-60	80-100	100-120
Cork	24	50	80
Iron	24-30	60-80	100
Paint removal	24-40	60-80	80
Steel	24-30	60-80	100

Abrasives are designated in two ways, by symbol or grit size. The most common sizes (first number is the symbol): 3-24 grains per square inch; 2 1/2-30, 2-36, 1 1/2-40, 1/2-60, 1/0-80, 2/0-100, 3/0-120, 4/0-150, 5/0-180, 6/0-220, 7/0-240, 8/0-280, 9/0-320, 10/0-400, 11/0-500, 12/0-600.

Silicon carbide abrasives cover this entire range; aluminum oxide covers all but the very-fine grits, and garnet goes only to 8/0.

Carbigrut, a lifetime abrasive material made of carbide bonded to metal, is available in three popular grades: 80 (medium coarse), 120 (medium), and 150 (medium fine).

We've all heard the expression "fight fire with fire." Safety Sue says it makes a lot of sense. Oily rags and trash can be dangerous if allowed to accumulate in the

house. They should be quickly discarded or destroyed. If you're fortunate enough to have one of the new smokeless, odorless incinerators, you can burn up trash and garbage safely, effortlessly. The incinerator reduces a bushel of trash to a tablespoon of ash. In just a few minutes, the incinerator burner will eliminate many of your fire hazard problems. This is what Safety Sue means when she says "fight fire with fire."

News From The County Agent

B. T. Haws, county agent says actually a dead mesquite tree is worth more than a live one. A live mesquite, 10 inches in diameter, will use a ton of water to produce a pound of beans. That same ton of water would produce four pounds of good grass. The point of the whole thing, he says, is that you can kill the tree for 5c, let it live and it will cost you \$9.00 a year.

Haws recommends that trees over 4 inches in diameter be frilled or cut off and treatment applied to the cut surface. Spray solution in the cut surface until it bubbles. For mesquite control mix one gallon of 2, 4, 5-T to 24 gallons of oil. All you need in the way of equipment is an ax, a knapsack sprayer and chemical solution.

Wichita County TB Ass'n Met April 14

The annual meeting of the Wichita County Tuberculosis Association was held Friday April 14th at 1:00 p. m. in the Assembly Room of the Wichita General Hospital. The program was centered around Tuberculin Skin Testing. Various methods of testing were explained and demonstrated.

A Sterneedle gun recently purchased by the Wichita County Tuberculosis from Christmas Seal Funds was displayed and demonstrated. It is a new case finding device based on the Heat principle of multiple puncture. Six needles contained within the cartridge are mechanically and painlessly driven into the skin lmm through a previously applied film of a stabilized solution. The multi-needle cartridge technic is considered four times faster than other intradermal methods; allows accurate interpretation without measurement, is simple to use and requires no dressing. It is reported very acceptable to children because of the freedom from pain and frightening needle.

Mrs. Tom Burnett was re-elected to a three year term on the Board of Directors. Dr. Jerry Adams was elected to the Board of Directors. Clark Gresham is beginning his second year as a member of the Board of Directors.

Corn and or grain sorghum producers should carefully weigh the advantages and disadvantages of the new feed grain program and apply them to their own situation before making a decision on whether or not to participate. According to Texas Agricultural Extension Service economists, there is only one best way to make the determinations—take a pencil and paper and do some figuring.

Texas 4-H club members will be presented at the 31st National 4-H Conference to be held in Washington, D. C. April 22-28th, by Kay Botard, Jim Wells county; Jan Barton, Motley county; Garland Weeks, Wichita county and Orlan Ihms, Williamson county. They won the recognition in statewide competition.

A mile of good fence costs about \$500. and a major item in this investment is the posts. For this reason, advises B. T. Haws, county agent, posts need to be selected with care.

Commercial pressure treated pine posts provide a sound investment. They will give superior service at the lowest cost per year of effective life of the fence.

The District III 4-H Elimination contest will be held at Midwestern University on Saturday May 6th. Some 400 4-H boys and girls from 22 North Texas counties will attend. The program will get underway at 9:30 in the morning.

No person is safer than his or her safety habits. If you want to live and do well, practice safe living every day, reminds the Texas Farm and Ranch Safety Council. The step-up in outdoor activities will see the accident rate on the increase unless we're all careful, says Haws.

It is said that the publisher of the Jefferson (Tex) Jimplecute named his newspaper in 1865 by scattering a handful of type on the floor and picking up letter at random.

A Service Of The Thor Research Center For Better Farm Living

A reader writes to ask us whether the new metal sanding sheets now on the home workshop market have to be used differently than sandpaper. "I had difficulty getting a smooth finish on a homemade bookcase with one of those metal sheets in my power sander. The metal sheet seemed too coarse. Is it supposed to be used differently than sandpaper?"

This reader has reference, we believe, to the new permanent abrasive sheets—carbide abrasive material bonded to metal. You must select the proper grit in permanent abrasive sheets just as you do with sandpaper. These metal sanding sheets are made in various degrees of coarseness, so for finish sanding you should select a metal sheet with fine grit.

Three-eighth inch drill can handle auger bit for heavier, more difficult jobs.

The reader who sent in the sanding query no doubt was using too coarse an abrasive. As far as difference in method of using sandpaper or metal sanding sheets, there is none.

QUESTION: I had planned to buy a 3/4-inch portable electric drill as the first power tool for my home shop but a friend told me I'd be smarter to buy a 1/2-inch drill. Is he right?

ANSWER: It depends entirely upon the extent of the projects you plan to undertake. For small work, a 1/2-inch drill is adequate. A 3/4-inch portable electric drill will do everything the 1/2-inch will do—plus heavier, more difficult jobs beyond the capabilities of the smaller drill. The average 3/4-inch drill weighs about 4 1/2 pounds, only 1/2 pound more than the 1/2-inch, so a beginner should have no trouble with either. There's getting to be less and less difference cost-wise, too. Assuming you don't plan to limit your workshop projects in scope and don't object to a slight additional investment, you'll probably be happier with a 3/4-inch drill.

half of the Council of Garden Clubs of Burk Burnett. This was the second place award in the State of Class B. 27 entries from over the state were in competition for these awards. After the installation of new officers, a lovely poolside party was held at the Lincoln Hotel. The next day, an old friend of the Boom Days, Mrs. Gerald Poole, had a coffee in her honor. The following day, Mr. and Mrs. J. S. Adams drove home with Mrs. Adams and spent the night here. They left on Saturday to keep an appointment in Temple at Scott and White hospital.

Precinct No. 2 maintainer preparing roadbed prior to blacktopping South of town

Commissioner Doing An Excellent Job

Another well known native son, who has done much for the city, for the county; and whose influence amounts to a great deal in the state in as far as this area is concerned, is Mr. Clark Gresham, County Commissioner from Precinct 2. Many things are handled through the county commissioners court. People who do not know, may think their sole job is to take care of the county roads. Although road building and maintenance is an important part of their function, there are a multiplicity of other functions. For example, they have recently spent many hours in designing and letting contracts for the proposed new court house and jail house. Even Co. Welfare is a large item

in their duties and responsibilities.

Clark Gresham and his boys are now in the process of redoing Kramer and Cropper Road, which will connect FM 369 to the new expressway. This road is being widened by 10 feet with a new base and black top. To do this work required several new drainage structures besides lengthening two large concrete structures and four 40' culverts.

Citizens of Burkburnett are very appreciative of the assistance this work gives the public Works Department of the City of Burkburnett. Another project about completed is the widening of the paving on 1st street. Property owners adjacent to the street are putting in the curbs and gutters, thereby permitting the existing paving to be widened from Ave B to Ave D. Five miles of additional blacktopping is scheduled for this precinct this year.

Considering all these duties, and the handling of citizens enquiries, it would seem that Gresham's time would be too filled to accomplish much civic and church work. Gresham has, however, always found time to do more community civic work than the average man.

He serves as one of the elders of the Church of Christ, which within itself is very time demanding. He is a long standing member of the Rotary club (except on one day a year when the Lion's club drafts him to cook for their sausage and pancake sales, the Lions refuse to consider Clark a Rotarian on this one day), and has served as its president. He is past pre-

Friendly Homemakers CLUB HISTORY

The first part of March, 1959 a group of newcomers to Burkburnett met at the home of Mrs. Gerald Savage to form a Home Demonstration club. Thelma Wirges, HD agent, met with them. The club was named The Friendly Homemakers and the first called meeting was March 19, 1959 with Shirley Lieske elected president and Midge Hill vice president. Ten members answered roll call to become the charter members. The club constitution was read and approved. Members attended their first home demonstration luncheon at Iowa Park Methodist church in April and in September had their first exhibit at the Texas-Oklahoma Fair. The exhibit won a red ribbon and was equipment makes a better Dress. Members also attended the Achievement Day tour and the Council Christmas Party. The club sponsored a 4-H group The Busy Beavers with Mrs. Gerald Savage as their leader. One of the girls in the group won a blue ribbon and placed second in the Jr. division of the 4-H dress review for a skirt she made. This group also gave a food display for Home Demonstration week. In Dec they were hostesses for a Christmas party entertaining the Homemakers club.

1960—the clubs second year began with Mattie Cheney as president. Thirteen members answered the first roll call of the year and the club now has both old and new residents of Burkburnett. They had two guest speakers during the year. Mrs. Graham of Electra gave a review on the meaning of THDA and Mrs. Lamb of the Eastland club gave a most interesting talk on her trip to the state THDA meeting in Brownsville. The club was represented at all workshops for the club and these included workshops in re-finishing furniture, lamp shades, basic dress making, etc. Eleven members completed the sewing class and displayed their garments at the Burk Youth Center during the Achievement Day Tour. The club sponsored the Busy Beavers 4-H club and the girls gave the club a demonstration on Egg Salad. Members of the 4-H won blue ribbons at the Fair on their sewing. Mrs. Emmy Midkiff was honored as the clubs outstanding homemaker at the annual home demonstration luncheon. Club members visited the Electra Nursing Home and took cookies, fruit and fruit juices and garments to the residents. Members also attended a defense meeting at th Town Hall and made the annual Achievement day tour. The club entertained the Cooper HD club at a baked ham dinner at the Youth Center. The club was again entertained at a party by the Eastland club. Members worked at Texas-Oklahoma Fair and had a booth on Freezing of Foods. The Christmas party was held at the home of Sadie Jones. Mrs. Gragg, narrated two Christmas stories. Mrs. Mattie Cheney was presented a gold THDA pin in appreciation for her years work.

1961—Nancy Landers started the clubs third year as president. She resigned because of her health and Evelyn Gray was elected as the new president. The club started the year with 19 members and are very proud of the growth of the club. Mattie Cheney was elected as club nominee to the state THDA meeting. Members gave articles to the patients at the State Hospital.

Mrs. Kiesling, 4-H chairman, had charge of the 4-H demonstration and the Bentley sisters gave a demonstration on Pea Salad. The club has held a rummage and bake sale to gain funds for the club work. Five members and a guest attended the naturalization ceremonies for new citizens on March 20, 1961. In May at the home demonstration luncheon in Iowa Park, Carol Reese will be honored as the newest member. The Friendly Homemakers club is looking forward to a busy and eventful year.

The display in observance of Home Demonstration Week, starting May 1st, will be in the window of the Famous Department store. The Friendly Homemakers Demonstration club welcomes new homemakers into their club. The club is made up of young married women who are learning to cook, sew, gardening, canning and many other things necessary to be a good homemaker.

Mrs. Joe Davey Hostess April 18 Meadow Lane Club

The Meadow Lane Garden Club met Tuesday, April 18th in the home of Mrs. Joe Davey. Preceding the clubs business, we were introduced to three Burkburnett High School students who were chosen for the regional interscholastic league contest held April 22nd. Sharon Nix and Thomas McDonald—Declamation, and John Woods poetry. The club thoroughly enjoyed these young people.

The president, Mrs. Davey, then called us to order and the club collect was read. One new member was welcomed into the club, Mrs. Kathleen Moore. A financial report was made and other committee reports read. We voted to donate \$50.00 to the Burk Swim Club. The president called our attention to several arrangements on display which were made by the Young Sprouts Garden Club. These small members are doing excellent work and are sponsored by the Bluebonnet Garden Club.

The next meeting which will be May 9th, will conclude this years club work. The meeting was then adjourned and refreshments served to the following members and guests: Mesdames Morris Cheney, Jim Maag, Don Mills, Gene Turner, James Metz, Edwin Green, Cliff Wampler, Arlis Key, Clifton Moore, guests, Miss Sharon Nix, Thomas McDonald, John Woods and the hostess, Mrs. Joe Davey.

FLYING BLUEBIRDS

March 21st. Today was our first outing as a bluebird group. We enjoyed playing on the slide, swings, monkey bars and merry-go-round at the city park. Charcoalcoed weiners and marshmallows were furnished by Susan, Becky and Mr. Harwell. Mrs. Klinkerman and Mrs. Denton also accompanied us. Our March 28th meeting was cancelled because of Timmy Denton's accident. Timmy is a brother of Audrey (Wiggy) Denton.

April 4th we journeyed to the country. What a wonderful time. Another weiner roast was enjoyed as well as a short hike over the hills. The highlight of the meeting was fishing for crawdads. Each girl took a crawfish home. Thanks, Mrs. Klinkerman and Judy, for a meeting in the country. Mrs. Denton, one of our leaders, went with us.

Thanks to Mrs. Knox and Linda for our refreshments and craft today. We made place mats out of construction paper, also a get well card was made for Susan Harwell who was sick today. Following a short business meeting and a song, the meeting adjourned for April 11th.

April 20th. Mr. and Mrs. Don Swan and Pam accompanied us to Sand Beach for a skating party. We had a good time in spite of our falls. Refreshments were furnished by Paula and Mrs. Swan. —Susan Harwell, reporter.

Mr. and Mrs. Bob Fite and children of Richardson and Mr. Thurman Chambers of Greenwood, Iowa, were weekend guests in the home of Mr. and Mrs. C. R. Chambers.

Hardin HD Club

In keeping with the National Home Demonstration Week, Hardin club is glad to honor Mrs. Jess Hageman as our new club member. She attends club regularly, is a good worker, never says no when called upon, is always ready to do what ever she can and is always ready to help other people when a need arises.

She is a wonderful seamstress, is a good cook, is very active in church work and is a Sunday School teacher. She has five grandchildren who are proud to call her grandmother. We, as Hardin club members, are glad to honor Mrs. Jess Hageman and to have her as a member of our club.

O DA KO CAMPFIRE GIRLS

April 14th the O Da Ko Campfire girls went to visit the School of Listening Eyes. Mrs. Rhone and Mrs. King showed us through and showed us the ways the deaf boys and girls learn. We came home and elected officers and worked on our Mother's Day gifts.

The new president is Carla Sutherland, vice pres., Frances Perry, Secy., Theresa Thomason, Treas., Marsha Henley, Candle lighter, Sharon Holman, Campfire leader, Carlene Holland, song leader, Sherry Hobbs, scrap book, Mary Anderson, reporter, Gail Magee.

April 21st all members of the O Da Ko Group were present for a regular meeting. The refreshments were served by Mary Anderson. We are working on our Mothers Day gifts. A weiner roast is planned for next Friday.

It is no Secret...

One of the great joys that children have is in telling a secret. This is one way that secrets have of becoming known.

However IT IS NO SECRET what God can do for you. This was never intended to be a secret, for God wants all to know the good news.

Isaiah said: "The Lord hath anointed me to preach good tidings ... to proclaim the acceptable year of the Lord."

Attend church regularly and hear God's word preached.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

It is easy to see that summer season is approaching the increase in activity in our city parks. Children's use of the playground equipment, as the playground in Hardin Park, is fast becoming a familiar sight. Plans are underway for park improvements through the efforts of various civic organizations, coordinated by the City's Parks and Recreation Department.

Mrs. Jo Kennedy Hosts April Meeting of Theta Epsilon

Theta Epsilon Sorority met in the home of Mrs. Jo Kennedy on April 25th. Mrs. Velma Goins, vice-president, presided over the meeting in the absence of Mrs. Betty Carter, president. Mrs. Lavena Harlyn and Mrs. B. Godfrey of Wichita Falls presented a film on Nephrosis. Aid to the kidney disease (Nephrosis) has been undertaken as a philanthropic project by many of our ESA chapters.

The six month pledge test was given to our four new members and all passed with high honors. Those tested were Mrs. Marilyn Mrs. Jean Dickey, Mrs. Slusher and Mrs. Jo Kennedy.

Church of Jesus Christ United Pentecostal

MR. & MRS. PETE BOSWELL ENTERTAIN WITH COOK. OUT SUPPER FRIDAY

A most pleasant occasion was enjoyed by a group of friendly neighbors Friday night when Mr. and Mrs. Pete Boswell entertained with a Cook Out Supper at their home on Preston St.

Those present were Mr. and Mrs. Manse Butts, Mr. and Mrs. Joe Ray McCluskey and sons, Gordon and Jay and Mr. and Mrs. Danny Kinnett and daughters, Catherine and Diane, Mrs. Gladys Boswell and the host and hostess, Mr. and Mrs. Pete Boswell and sons, Butch, Ray Lee and James Carl.

The event was in honor of 3 birthdays: Gordon McCluskey, Catherine Kinnett and Pete Boswell.

My Favorite Prayer

Honorable Robert S. McNamara
Secretary of Defense, Washington, D. C.

Almighty and eternal God, increase our faith in Thee and help us to accept with genuine devotion our leadership responsibilities. As we strengthen our defense against the enemies of freedom and justice, deliver us from error and prejudice and endow us with wisdom, goodness and truth that we may employ our power for peaceful purposes and establish good will among all nations.

It's worth selling. A

DON'T DO IT YOURSELF

There's a saying among lawyers that the man who serves as his own lawyer has a fool for a client.

Likewise, the man who serves as his own insurance counselor may end up with a confused mind and a haphazard program which is far short of meeting his needs.

The only basis on which to build a sound program is by taking advantage of years of study, constant evaluation of new policies, personal experience, and the ability to meet all needs.

Take your problems to your local Capital Stock agent. He knows his job and he represents only SOUND, RELIABLE Capital Stock Insurance companies.
