Things One Remembers

On a trip to Vancouver Island, B. C., where the \$100 million Elk Falls plant of Crown Zellerbach Canada Limited, at Campbell River, is located, one can see an excellent example of enlightened industrial relations. There are no repelling signs when you get near the plant. Visitors are welcome and invited to tour the property. Campbell River was a town of a few hundred people 10 years ago, now it has several thousand. Modern industrial development and community cooperation have helped this about.

The mill makes lumber, pulp and paper, and is nearly automatic. No part of a log is wasted—what won't make lumber makes pulp and paper. Nothing is left to throw away after the saws, the grinders and the paper-making machines have finished their jobs. A 12,000 ton company tanker takes pulp to Antioch, Calif., where Kraft paper is turned out.

This company helps in local activities because of enlightened self interest. It knows the future of its investment as a profitable enterprise depends in a large measure upon the understanding of its problems by the people, and vice versa. It joins in all worthy local activities without being pressured.

Here is a high type of modern industrial development and progressive management that creates better jobs and living conditions. Enlightened interest is the only way to describe such a corporate policy.

Grass Roots Opinion

COATESVILLE, PA., RECORD: "Washington ever is willing to take another job, no matter how full its hands may be with the problems it already has failed to solve. An appropriation of \$10 million is asked for fighting juvenile delinquency. Meanwhile, in Washington, D. C. which depends entirely upon the Federal Government's know-how to keep crime down, the local papers are full of news of a crime wave and juvenile delinquency."

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

By the time this appears, U. S. may, or may not, have a man orbiting in outer space. As scientists say that instruments put into orbit gather much more information than a man can, it probably does not make much difference if a man orbits or not, except for some propaganda value, which is dubious.

Russians have done very well beating the tab for their not inconsiderable scientific achievements, and in C. W. Harder doing so, have created in certain quarters of nation a dangerous trend of thought.

These apologists for America being second in some of these areas shout loud and clearly that "of course in a dictator system things can be accomplished more efficiently than in a free society."

The fallacy of this thinking rests on the fact that in many fields at present, there is not a free economic order. The indictment returned against General Motors by a federal grand jury charging the firm with violations of the antitrust laws to monopolize the diesel locomotive industry could well be used as a case in point.

The diesel principle of internal combustion engines is so far most efficient way yet devised to turn petroleum into motive power. In industrialized nations of Europe great strides have been made in this field.

But Department of Justice charges that General Motors has monopolized the electric

locomotive building field to the extent that last year it sold 84.1% of all diesel locomotives sold, increasing this share from 47.1% in 1946.

Justice Dept. charges that inasmuch as General Motors is possibly the largest shipper of freight in the U. S. it has informed railroads that unless they bought their locomotives, competing lines would get their share of GM freight business.

It is also charged that Baldwin-Lima-Hamilton, a famous old locomotive builder, has dropped out of the field. Also Fairbanks-Morse & Company has dropped out.

This despite the fact that Fairbanks-Morse developed for railroad use the opposed piston diesel engine which leading engineers throughout the world acclaimed as one of the greatest developments ever made in diesel engine design.

Only one other builder remains in the field. Alco Products, which only gets the business General Motors does not have. According to the Justice Dept. it would appear profits of monopoly are vast. Alco, it is claimed, makes only an average profit of 1.9%, the GM diesel division makes 26.2% profit.

Thus, it is quite erroneous to say that a dictatorship can make scientific advances faster than a free society.

But by the same token, it is not erroneous to claim that a dictatorship can make faster advances than a system where developments and improvements are stifled by the control of a monopoly. Trying to progress through monopoly is like an ant trying to move forward through a stone wall.

TEXAS PRESS ASSOCIATION

TEXAS—After years of debate in Texas, the legislature has passed a bill to have narrow tax on one question. The bill would have a sales tax on items of one specified item.

As the Pennsylvania sales tax. It is Governor Price Daniel's raising \$303,000,000 he would list which a 2 per cent tax would be levied. Goal cover all items sell, or more except, clothing costing, feed, seed, fertilizer, farm machinery, gas and electric manufacturing.

Such would be a Senate passed last week but not attempt to be taxed.

but applies to everything except the items exempted, including the usual groceries, drugs, farm needs.

Aim of both bills is the same: to raise a lot of money with a lot of retail sales taxes. There is no serious attempt to raise the bulk of the needed money by any means other than retail sales taxes.

To some it might seem a Tweedle Dee Dum choice. But not to Governor Daniel and to many legislators. A sales tax that applies to everything except items is, in the governor's eyes, a "general sales tax," against which he is dead set.

Objectors to the Pennsylvania tax contend it would be one long pain in the neck, both for state tax collectors and retail merchants, to keep up with what is in the long, long list and what isn't. Too, they point out that new products are constantly coming on the market and would be tax free.

Atty. Gen. Will Wilson appeared at the hearing as one of the critics of the Daniel (Pennsylvania) plan.

IN THE MILL—Legislature is moving swiftly in its short session, trying to avoid re-ploughing the same ground covered on tax bills last session.

Among revenue raising measures under consideration are these:

GOVERNOR'S PACKAGE bill, by Rep. Charles Ballman of Borger. This would include the Pennsylvania-type 2 per cent sales tax, a provision for a minimum levy of 1 cent per 1,000 cubic feet on gas, a two-factor franchise tax on interstate corporations, a 50 per cent increase in drivers' license fees, a transfer of that portion of gasoline taxes allocated for schools at the end of August each year and a leveling of the tax on coin operated machines at \$10 each per year.

HINSON PACKAGE BILL, by Rep. George Hinson of Mineola, frequent sponsor of measures favored by the governor.

Hinson's bill would include a sales tax on purchases of \$5 or more, a corporate income tax, real estate transfer tax, a severance beneficiary tax on natural gas, a utilities tax and a 1 per cent transfer from the permanent school fund. Estimated yield: \$368,000,000.

GAS TAX BILL, by Rep. Bob Eckhardt of Houston. Bill is designed to insure that the state would collect a minimum tax of 1 cent on each 1,000 cubic feet of Texas gas. If the present 7 per cent gas production tax did not supply it, the purchaser would have to pay the difference. Estimated yield: \$30,000,000. It is included in the Ballman bill.

SELECTIVE EXCISE TAX,

by Rep. Ben Atwell of Dallas. It is similar to the Pennsylvania tax, also, and would yield an estimated \$355,000,000.

ESCHEAT BILL by Rep. Chas. Hughes of Sherman. This is the well-worn proposal to provide enforcement procedures so that abandoned property, bank accounts, etc., would go to the state.

BATTLE OF THE POLLS — Two citizens groups are engaged in a duel of poll taking, each trying to demonstrate more public support for its tax plan.

Citizens for a Sales Tax announced that of 11,000 persons replying to its post card poll, 83.6 per cent favored a retail sales tax.

Citizens for Fair Taxation, a group which supports Governor Daniel's tax program, immediately declared that the CST poll was heavily weighted with C. of C. members and not a true reflection of public sentiment.

Citizens for Fair Taxation is at work on a poll of its own.

SPENDING BILLS PUSHED—A general appropriations bill and a bill to raise teachers' salaries are moving through both houses with little re-hashing. Senate quickly approved a two year appropriations bill calling for spending of \$2,469,000. It is essentially the same as the Senate appropriations bill in the regular session.

Both Senate and House education committees approved bills that would give public school teachers an across the board raise of \$810 a year. House passed the teacher's bill on the floor, 141 to 1.

LOBBY REGULATIONS OFFERED — At Governor Daniel's suggestion, a bill to impose further lobby controls has been introduced.

Daniel has consistently blamed "lobby interference" for the regular session to agree on a tax plan.

Five House members are co-sponsors of a bill that would require that all contributions of \$50 or more to be used to influence legislation be reported. It would also prohibit lobbyists from being on the floor of House or Senate during sessions or calling members off the floor during debate.

Sen. A. R. Schwartz of Galveston has said he will sponsor a companion measure in the Senate.

INSURANCE INQUIRY SET — House has authorized a special five member committee to look into the reasonableness of a 15 per cent raise in auto insurance rates recently ordered by the State Board of Insurance.

Rep. Will Smith of Beaumont sponsored the resolution to set up the investigation.

Resolution expressed concern that the higher rate might cause many drivers to drop their auto insurance and thus become unable to pay for accident damage.

TEACHER TRAINING HIT — Member of the Commission on Higher Education looked over a 140 page report on teacher education courses being offered in state colleges and decided that there was too much folderol.

A number of legislators also have been critical in recent months, both of the content and the amount of time spent on teaching method courses. State Board of Education has recently reduced the number of method courses required for teacher certification.

Commission on Higher Education members expressed hope that the college administrators could and would do for themselves the necessary pruning in education course offerings.

Araname College at Goliad, Tex., closed its doors when the entire student body enlisted in the Confederate army.

TELEPHONE TALK
by C. A. Deuschle, Manager

Proxy Marriage With A New Twist

Today it's not unusual for a couple separated by many miles to be married by means of a long distance telephone call. But recently I heard about a marriage conducted in Fort Worth for a couple 5,000 miles away, in Germany, with a new angle.

When Dale Bennett and his fiancée were married in Konigstein, Germany, his father, Rev. Harold O. Bennett, conducted the ceremony from his church in Fort Worth via overseas telephone. By means of special speakers installed in the church, family and friends could hear both ends of the conversation.

The speaker system was arranged by two telephone communications experts who also set up the overseas call. This may be the first marriage of this type in the world.

Good Service—More Than New Equipment

So many new services have been introduced recently that many people ask me, "What's new in telephones?"

The truth is that today you have more choice of new telephone service than ever before. There are new styles, such as the Princess, and new types, such as the home interphone and the farm interphone. All come in a variety of colors.

But good telephone equipment needs well-trained, experienced and friendly people to bring them to you.

To keep up with the rapid changes in service, telephone men and women—no matter how experienced or skilled they are—continue to learn, and many attend company training courses each year.

The result? Good telephone service at reasonable cost.

Put More Fun In Your Trips

One day last week an old friend stopped by to tell me about his vacation plans. He told me where he was going, what highways he'd take and where he'd be staying all along the way.

I asked him how he got everything worked out so well.

"It was easy," he said. "This year I made all my plans by phone. We have good accommodations for each night, and I know how much they cost. You just can't beat a phone call for finding out what you need to know."

That's a good idea for you, too, if you're planning a trip or vacation. You can save money by calling on Sundays or after 6 p. m. on weekdays when long distance rates are lower. And by calling station-to-station, you save as much as one-third more.

Call by number. It's twice as fast.

Gets Recognition as Army Marksman

Specialist Four William M. Gray, 21, son of Mr. and Mrs. Monroe Gray, Rt. 1, Burkburnett, Texas, recently achieved recognition as a top Army marksman by qualifying for the expert marksmanship badge during range firing with the M-1 rifle in Germany. Specialist Gray, a clerk in the 35th Artillery's Service Battery in Wertheim, entered the army in March 1960, completed basic training at Fort Carson, Colo., and arrived overseas in August of last year. He is a 1958 graduate of Burkburnett High School and was employed by United Super Market before entering the army.

FIRST IN TEXAS—Texas' first Farm Interphone, an entirely new communications system, was installed on the Johnson County farm of Mr. and Mrs. Frank Wolfe. Linda Wolfe, a senior at Texas Christian University, demonstrates how she might answer her brother, Richard, who can continue polishing his saddle while talking. The Wolfe farm is equipped with six telephone and five-two-way speakers like those shown here. Users can carry on a conversation over the speakers from a distance of some 300 feet.

Joy L. Stafford Promoted To Private First Class

Joy L. Stafford, son of Mr. and Mrs. Everett Stafford, 639 East Third St., Burkburnett, Texas, recently was promoted to private first class in Germany, where he is a member of the 237th Engineer Battalion.

Stafford, a combat construction specialist in the battalion's Company A in Heilbronn, entered the Army in October 1960 and completed basic combat training at Ft. Hood, Texas.

The 23 year old soldier was employed by Pacific Lumber Company, Scotia, Calif., before entering the army.

Mr. and Mrs. R. W. Morine, Randy and Gary, have returned from a two weeks vacation in Washington, D. C., and several places in Pennsylvania and Ohio.

Sheriffs Must Report On Prisoners In Their Custody Monthly

Effective Aug. 28, 1961, Texas sheriffs will have to report monthly in writing to their district or county attorney the names of all prisoners currently being held by them and on what authority.

Gov. Daniel signed MB 243 on May 27th and since it was a "90 day" measure it becomes effective on Aug. 27th. The bill, by Rep. James Barlow of San Antonio, amends Article 43 of the Texas Code of Criminal Procedure.

As amended it provides as follows: Article 43. Report as to prisoners: On the first day of each month, the sheriff shall give notice in writing, to the district or county attorney, where there be one, as to all prisoners in his custody, naming them, and of the authority under which he detains them.

Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Institute of Life Insurance

Q. Hearing a friend of mine discussing a life insurance policy he bought to cover potential "estate shrinkage" of what he leaves to his family, I wonder if you could tell me how much insurance I might need to do the same for my family? I own my home and about \$25,000 worth of securities.

A. Estate shrinkage is a very real protection need for any family that has begun to accumulate wealth of any kind, including life insurance wealth. It has been estimated that for even as small an estate as \$10,000, the "estate shrinkage" may run as much as 70 percent—and when they are

large, the estates may lose as much as 70 percent in shrinkage upon death. This shrinkage comes from taxes, debts and administrative expenses. As these shrinkage items must be met immediately, it is essential that cash be available from some source, so that assets of the estate will not have to be put up for forced sale at a possible loss. As for the amount of estate shrinkage insurance you would need, you should consult an expert who would want to know the amount and nature of your total estate, including life insurance, and any factors that may affect the cost of transferring this estate to your heirs. Certainly, from the details you give, the need could not even be estimated.

Q. I am considering a job in a small plant in the next town where they handle radioactive isotopes. The workers there are generally called atomic workers. Would this affect my life insurance?

A. This would not affect your existing life insurance at all. Once issued, nothing of this nature would affect it. And the only case in which this would affect any new life insurance you might purchase would be your involvement in the actual handling of the radioactive isotopes. Throughout the country, in all atomic plants, even the primary atomic energy plants, all but a small number of workers are insured at standard rates today. Those who would have to pay an extra rate would be the few who handle the isotopes. In fact, almost the only occupation uninsurable today at any rate would be jet test pilot.

DEVOL NEWS

Mrs. C. O. Woodley, Reporter

Mrs. Richard Anderson was honored with a stork shower Thursday evening, July 13th in the club room of the community building. Hostesses were Mesdames W. C. Charboneau, Lucille Coles, Lillian Hutson, Clara M. Woodley, Sammie Harrison, Helen Hopkins, L. E. Jeffries, Yvonne Eastman, Melba Wyatt and Dorothy Turner. The honoree was assisted in opening her lovely gifts by her mother, Mrs. F. G. McClendon and grandmothers, Mrs. Mattie Harrison and Callie Baumhardt.

Refreshments were served to Melba Wyatt, Ruby Doty, Clara M. Woodley, Belle Charboneau, Bess Foster, Callie Baumhardt, Mattie Harrison, Sally Davis, Bea McClendon, Jane Hansen, Pearl Cates, Bryna Harrison, Rose Mary Hopkins, Emalou Doty and Gillis McClendon.

A grass pasture on the Vernon Speir farm south of Devol burned Sunday afternoon when a bolt of lightning set fire to it burning several acres before rain put the fire out. Several limbs were blown from trees on the E. N. Miracle farm during the wind and rain storm which struck this community about 3:30 p. m. Sunday. Small hail fell but no further damage has been reported.

Aubrey Mays and son A. J. took their boat, the Twyla Gayle, to Freeport, Tex., Sunday for a weeks fishing. They were accompanied by Bob McCullough, Amiel Miller, Vernon Lagrone, Hugh Frye, Guy Davis, K. L. Smith and R. A. Wright.

Mrs. Henry Sykes of Bellflower, Calif., and daughter and son in law, Mr. and Mrs. Kenneth Cox of Muleshoe, Tex., visited Mr. and Mrs. Guy Hutson Sunday. Mrs. Cox is the former Inez Sykes. The Henry Sykes were long time residents of Devol before moving to California several years ago.

Mrs. F. G. McClendon and Gillis and Mrs. Richard Anderson attended a tea in the home of Mrs. Danny Clifford in Burkburnett Saturday afternoon complimenting Mrs. Anderson who is leaving soon for Mass., where her husband is stationed. Mrs. Anderson was presented several lovely gifts at the tea.

Mr. and Mrs. Brian Harrison and children have returned home from a vacation trip in Missouri.

Mr. and Mrs. Carl Foster, who recently purchased the Wyatt

Grocery, have begun work on their new home to be built near the store. Mrs. Foster is a sister of Mrs. Melba Wyatt.

Elaine Eastman has been a guest of her grandparents, Mr. and Mrs. W. C. Charboneau, over the weekend.

Several houses are being remodeled at this time. Mr. and Mrs. Junior Turner are building two new rooms to their home. The Frank McClendons have a new car port and the C. O. Woodleys have a sun porch and utility room in the process of being built.

Pvt. Jimmie Don Nalls is reported to have arrived safely in Germany recently and Pvt. Charles Lee Bridges is enroute to Germany at this time having left New York Sunday. The boys expect to be over there about two years.

Jehovah's Witnesses To Meet Aug. 8-13

Jehovah's Witnesses of Wichita Falls and vicinity are making preparation to attend their United Worshipers District Assembly in Oklahoma City, Okla. Aug. 8-13th.

Harold P. Bruce said the meeting will be held at the Okla. State Fair grounds and is expected to draw upwards of 10,000 delegates. It will be one in a series of 13 regional assemblies being held this summer by Jehovah's Witnesses in the United States, Canada and Europe. These conventions will have a uniform theme and program, consisting of morning, afternoon and evening sessions of Bible talks and practical demonstrations.

The purpose of the Okla. City assembly, Bruce said, "is to provide advanced Bible instruction for Jehovah's Witnesses and others attending to enable them to apply Bible principles more fully to their everyday lives. These righteous principles are essential in the lives of Christians who are unitedly seeking and pursuing peace with God and with one another."

The Wichita County 4-H Clubs held their Dress Review Friday July 14th in Wichita Falls at the YWCA, sponsored by the DAR ladies. (Daughters of American Revolution.) 23 entries were recorded, 9 of which were from Burkburnett.

Sue Revier of Burkburnett was narrator for the event and music for the evening was furnished by Karen Bentley, also of Burkburnett.

Each entry received their awards plus a certificate showing that they had completed their sewing course for the clothing workshop.

Entries from Burkburnett were as follows: Louise Bentley, age 11, Blouse, 1st; Susan Leitner, age 11, Blouse, 2nd; Kathy Savage, age 11, 2 piece dress; Diane Bentley, age 13, Sun Dress and Jacket; Toni Ann Savage, age 14, 1 piece Dress; Kathy Reasoner, age 12, Skirt; Margaret Schwarz, age 13, Skirt; Wynell Garrett, age 13, Skirt; Donna Greer, age 12, Skirt, 1st; Patricia Simons, age 17, 3 piece Suit, 1st.

Prizes were given to the 1st and 2nd place winners and ribbons were presented to the others.

The 4-H Rally Day was held July 18th at the 4-H Barn in Wichita Falls. The all day affair began with some meeting as early as 7:30 a. m. and not ending until 10 p. m. There

were displays of various 4-H projects.

The evening was brought to a close with skits being presented by various clubs in the county. The Burkburnett club skit was "Cinderella and the Beatnik."

Mr. and Mrs. Bill Milam of Commerce, Tex., visited friends here Monday. They were enroute home from a vacation in Colorado. Mr. Milam is a former manager of the Lone Star Gas Co. here.

Mr. and Mrs. Bill Bundy and Gail and Linda Lou of Beaumont, Tex., are visiting her parents, Mr. and Mrs. Charles Boyd and other relatives here this week.

CARD OF THANKS

We wish to express our thanks to all our neighbors and friends and especially to the First Baptist Church and pastor, the Builders class, the Eastern Star, Masonic Lodge no 1027, Mobil Boys, Durham Group, for the beautiful flower arrangements, food and considerations shown to the family during the sickness and death of our beloved wife and mother. We wish to thank Bro. Hayes for his consideration and prayers.

May God bless each and everyone of you, as he has helped us during our sorrows.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.

Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose ... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him. Attend church Sunday and express your love for God.

More Employees Needed In All City Departments

A study of the city's financial and organizational operations has been completed and submitted to the Board of Commissioners by the Joe Ward City Planning Engineering firm. Mr. H. A. Thomason, general manager of the firm made the study at the request of the Board of Commissioners, and is a part of the comprehensive plan now being made for the city.

Taxes
The report states that the city does not have the necessary funds in the current budget to operate a city the size of Burkburnett and to give to the citizenship the type of service that they reasonably expect. The over all tax increase recently made should net an assessed valuation of \$7,000,000.00, thereby increasing the revenue approximately \$35,000,000, but in comparison with other cities in Texas comparable to Burkburnett, this is still below the average. The report states that the action taken in the tax increase was all that could be done at this time, but it suggested that the Board of Commissioners consider a revaluation survey of all properties.

More personal contacts in tax assessing is recommended. If additional personnel is needed in the field immediately after January 1, such additional personnel will be worth while. It is suggested that an evaluation program together with the personal property tax extended to include many items that are not now being assessed, would raise the valuation to a figure comparable with other cities in our population bracket.

"You and your City Manager are doing a splendid job in the operation of your city for this fiscal year on the budget that has been adopted, and your citizenship should be proud of the steps that you are taking to get your city on a sound financial basis and render the municipal service that they require," the report states.

Personnel
The study also reveals that the salaries are too low. "Another phase of your budget on which I think you are to be congratulated is having the type of personnel that you do for the salary schedule that you pay. In comparison with other cities your size, this schedule is below the average. I do not know what type of turnover you have in your personnel, but I do feel that if at all possible your salary scale be adjusted to that of comparable cities in Texas," Thomason stated.

The salaries should always be kept below 60% of the total budget, however, Burkburnett's is 44.6% of the budget.

Number of Employees
Another portion of the budget that has been analyzed is the number of employees, and again I commend you on the budget undertaking for this year with so few.

A yardstick that has been used for the past few years on the minimum number of employees needed for a minimum service is:

Eight (8) Employees Per Thousand of the Population
This extended will show that you should have approximately 60 employees. Since you are not operating the Garbage Department, but are contracting for this service, eight or ten approximately 50 employees could be subtracted, leaving needed. (Burkburnett has 26 employees.)

"It is my feeling that you are understaffed in every phase of your operation. Your Police Department comes nearer to having the compliment of men needed than any other division, but according to the national requirements of the public safety department which also have been adopted by the State of Texas, to give the type of police protection that a community needs, you should have one and one-half policemen per

thousand population." (This shows that Burkburnett should have 11 or 12 policemen. We have 6.)

Consolidation of Offices
The report also recommends that some thought be given to combining the Utilities Collection Office and Tax Office. "It is my feeling that you would increase the operation of both of these departments and would facilitate convenience to your citizenship by having only one place to pay accounts. The personnel then could be used in either department according to the demand."

The report also suggested that the City Charter be amended to bring it up to date to coincide with the state statutes. Many of the charter provisions have been superseded by statutory regulations. Several examples were given in the report. Thomason recommended that a Charter Committee be appointed to bring the charter up to date.

The French Embassy in Austin, Tex., is the only building ever constructed on American soil by a foreign government.

3 Firemen To Attend School July 23 to 28

Three Burkburnett firemen will attend the Texas Firemen's Training School at Texas A and M, which runs from July 23 to 28th. They are H. L. McDonald, Jerry Kemp, C. R. Chambers.

Key rate credit allowed by the State Board of Insurance for attendance to the school is based upon the following: Where a single fireman satisfactorily completes the courses, 3%.

Where one fireman and the Fire Marshall satisfactorily completes course, 4%.

Where two or more fireman and the Fire Marshall completes course, 5%.

McDonald will take the Instructors course, Kemp will participate in the basic fire-fighting course and Chambers will take the Fire Marshall's instructions.

This will be the 32nd annual Fire School held by Texas A and M. The extensive course of instructions will consist of 17 hours a day for 5 days.

Wilbarger-Wichita SOIL CONSERVATION DISTRICT NEWS

Range judging has been added to the Texas-Okla. Fair Jr. Judging Contests, according to Elvy G. Sargent and Ben Fulton, co-chairmen of the division.

National score cards three and four will be used for this contest, Sargent stated. Five native plants to be identified will be taken from the official grass judging list of Texas-Oklahoma Fair.

Contestants will check the degree of range use, kind of range site, range condition, list predominant decreases and invaders. After scoring these things, the contestant selects the management practices.

In identifying the plants, contestants name the plant, determine whether it is perennial or annual, cool or warm season, native or introduced, climax or invader.

The committee drawing up the contest was composed of R. J. Redford, vocational instructor of Waurika, John Sibley, vocational instructor of Iowa Park, Orville Lindsey, assistant county agent for Young County, Earl Sargent, farm director of KW-FT, Ben Fulton, Soil Conservation Service of Archer City, and Elvy Sargent, Soil Conservation Service of Iowa Park.

Mechanical practice application is receiving the most attention from farmers and ranchers applying practices, according to Elvy C. Sargent, Iowa Park Soil Conservationist.

J. C. Walsler, M. H. Hunter and Miss Erna Schultz have shaped waterways in the Electra area. M. H. Hunter has terraced where he had adequate outlets. L. D. Smith of Wichita Falls and H. E. Guthrie, Jr., of Iowa Park have leveled land. J. H. Johnson and Herbert Adams of the Friberg community have terrace lines staked, as do Luther Leissler and G. O. Baley of Friberg. Albert May of Iowa Park has terrace lines staked for construction, along with Leo Wolfe, Albert Brockertide of Electra and Howard Henderson of Burkburnett.

Ralph Swinford, supervisor of Wilbarger-Wichita Soil Conservation District and 1960 champion of the Stubble Mulch contest is having his title contested by more than 20 others, according to contest officials of the National Stubble Mulch contest scheduled for July 26, 27 and 28 at Burkburnett. Most of the entrants will be from Clay, Archer, Wilbarger and Wichita Counties; however, Bob Pool of Groom and H. J. Bichsel of Washburn will be here with plows having 36 inch sweeps and coulters to try their high plains mulching against the score card. Paul Adams, of Walters, Okla., and Floyd Kimble of Hydro, Okla., are present entrants from Oklahoma. J. C. Hinkle from Burkburnett will use a large sweep plow manufactured at Higgins, Texas.

Herbert Reenfeldt of Dodge City, Kansas, will bring his own plow to the contest to pit Kansas Mulching against the field. William E. Richards, president of the National Association of Soil Conservation Districts, will address the group at the awards in the afternoon of July 28.

Maj. Jane Sewell Leaves For Japan

Maj. Jane Sewell, member of the Burk Burnett Study club, will leave for a 2 year foreign assignment in Tokyo, Japan this week. Major Sewell has been very active in all types of activities both at Sheppard Air Force Base and in civilian civic organizations in Burk Burnett and Wichita Falls.

She will remain a member of the Burk Burnett Study club. Mrs. Glen Bear, club chairman of the International clubs, Council has made arrangements with Mrs. Douglas Johnson, editor of the International News Bulletin for Maj. Sewell to write of her experiences while visiting with the Federated Clubs in Tokyo.

Mrs. E. Lee Ozburn, president of General Federation of Women's clubs has written Major Sewell a letter of introduction to the following clubs in Tokyo, The Japanese American Woman's Round table club, the Magnolia Club, and the Woman's Club of Tokyo. Major Sewell is looking forward to

her many new experiences she will share with the clubwomen in the foreign country.

The Burk Burnett Study club plans to exchange club ideas with the Tokyo clubs. This will be of great interest to the women of Burk Burnett and the Santa Rosa District of the Texas Federation of Women's Clubs.

Major Sewell's address will be 21342 W., 6001 Air Base Wing, APO 323, San Francisco, Calif.

Burk Study Club Called Meeting Held In Van Loh Home

The Burk Burnett Study club met July 11th for a called meeting in the home of Mrs. Harold VanLoh. The president, Mrs. Van Loh presided over the business meeting and welcomed two new members, Mrs. Bill White and Mrs. Francis Felty.

Mrs. Bear reported she had sent in \$20.00 for 100% subscribers to the Texas Club Woman and \$3.00 to Care. Mrs. Bill White was appointed assistant in the Education Department.

It was voted to sponsor a drive for "Better Television Programs" and "Better Movies." The suggestion was made by the Education chairman that members and interested persons write to the broadcasting companies their dislikes and preferences of the television shows. Also send post cards and tell your friends when you see a Good movie.

Several members had already written to the National Broadcasting company recommending "The Telephone Hour and Sing Along with Mitch. One member stated she had subscribed to the National Audience Board Newsletter.

The following members were present, Mesdames Glen Bear, James Bohner, Philip Carpenter, Maxine Creel, Francis Felty, Alvin Hill, F. A. Jamieson, Jack Mathis, George McClarty, Claude Meadows, W. H. Preston, Jack Robertson, Jack Smith, Harold VanLoh, Bill White, Jim Frye.

Bluebonnet Club Entertained Tues. With Patio Coffee

Mrs. E. R. Burns entertained the Bluebonnet Garden club with a patio coffee Tuesday morning, July 11th.

Mrs. H. S. Butts, president, conducted a short business session.

Mrs. Burns very graciously donated her iris to be sold to the club members, the proceeds going to the club treasury.

Delicious coffee trays were served to two guests, Mrs. John Rigby and Mrs. Carl Williams and fifteen members.

THE ALL ELECTRIC HEAT PUMP

DOES BOTH JOBS AUTOMATICALLY... WITH ONE SETTING OF THE THERMOSTATIC CONTROLS

Year-round indoor climate control is completely automatic with the All-Electric Heat Pump. The same central system unit that cools your home in summer also heats it in winter, using only air and electricity. In hot weather, the Heat Pump extracts heat from indoor air and pumps it outside. In cold weather, the Heat Pump automatically reverses itself. It extracts heat from outdoor air (even when it's below freezing) and pumps it into your home. And during changeable weather, the Heat Pump switches automatically from cooling to heating or back again, as needed, to maintain the temperature you like best. You just set the thermostatic controls once and enjoy perfect comfort the year round. See your air conditioning contractor soon... or call Texas Electric Service Company for complete information.

NOW'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!

Your truck dollars are worth a whole lot more at your Chevrolet dealer's right now! First off, you get a head start on saving because summer's the saving season. Then, with a harder working, easier riding Chevy truck, you're set to save every mile you haul. And, finally, at trade-in time, you can expect an extra dividend because of Chevy's traditionally higher resale value. What could be better?

Summer's the season to get extra mileage from your dollars on the trucks built to give you extra miles of hauling. With Independent Front Suspension, Chevrolet trucks keep going thousands of miles longer because far less destructive jar and shake are transmitted through the truck. Chevy I.F.S. trucks work harder, too, in areas where other trucks have to be pampered. And, with Chevy's wide choice of thrifty 6 and hardy V8 power, you can tailor your truck exactly to your job. So how can you miss—especially now during the summer saving season?

Special Request

In an effort to eliminate as many errors as possible in the news published each week in the Burkburnett Star, we are requesting that in the future anyone submitting club reports, personals and etc., please sign your name and give your phone number. Many times we are in question as to the spelling of a name or maybe the date of a meeting has been omitted and we have no way of knowing who to contact for this information. Your cooperation in this matter will sincerely be appreciated.

HOW FAST CAN YOU GO IN A COFFIN?

Next time you are tempted to step on it, ask yourself this question! Last year, 40,000 died on our highways. In 3 out of 10 fatal accidents, drivers were speeding. Obey speed limits. Drive safely.

TUESDAY 5:00 P. M. DEADLINE FOR DISPLAY ADS

It requires a minimum of 8 man hours to produce one page in the paper. On complicated ads with lots of cuts and composition, the necessary time can run to 12 or more hours.

Please let us have your mats for casting Monday. The huge furnace on the stereotyper puts out lots and lots of heat. We like to eliminate as much of the excess heat as possible

Many people believe we produce the complete paper Thursday morning. We actually start working Friday afternoon or Saturday morning on the following week's Thursday paper. The first four pages are printed Monday afternoon.

IT SNOWED HERE IN 1954

The Star editor is shown above standing in his car in 1954. Snow drifted in some places was eight feet deep on the East-West roads.

Between Christmas and New Years one the editor wanted to check with a hunting bivouac lived nine miles west of town. A light snow so, just in case, chains were put on the car. Reached the Ramming Lease nine miles west of town. Mobile was stuck beside the cattle guard entrance. Two or three fellows were jacking up the carrying timbers to put under the wheels. We our car on the gravel road headed east and the car for an hour or so. All the while the coming down in blankets. No one observed drifting across the road. On the north was a All the snow that fell on the field was blown by road and filled up the depth of the cut. Then banking up around the car, covering it.

Attempts to dislodge the Oldsmobile were ful. The editor's car couldn't be budged. It sat three days. Several calls to town failed to get truck on the job. The stalled car was approximately hundred yards from a north-south road, which or less open for trucks. But, a pickup truck with ped out transmission was between us and the Finally, Wilbur Prechel, who lived one mile the stalled vehicles, heard the repeated calls on the party line. He fired up a trusty high tractor and drove over two barbed wire fences a helping hand. After several tons of snow was the tractor shook the car loose and pulled it three to four feet of snow to another north-south. That ride to town was one of the roughest we member. The coil springs on the front of the frozen solid. A bump a quarter inch high felt ning over a concrete block.
