Visitors in the home of Mr. and Mrs. Chas. Morris this week are his son, Sergeant William Ray Morris and family. Ray is in the U. S. Army and is enroute from Fort Huachuca, Arizona to his new post at Fort Devens, Massachusetts, where he is to be an instructor for the U. S. Army Security Agency School.

Construction of the new bridge across Red River started. The bridge will connect the Expressway to the Southwestern leg of the Oklahoma Turnpike.

The bridge contractors have changed the river channel to permit the use of "sand points" to pump water out of the sand. Three large pumps are used to dry the "quicksand." The foundation will be set eight feet down in the shale.

The Cummings Construction Company of Enid, Oklahoma is doing the bridge work. The Washita Sand and Gravel Company of Burkburnett is furnishing the cement. Two hundred forty-five days (approximately 1 1/2 years) has been allowed to complete the bridge.

Annual "Plant a Tree Program" Now Underway at Sheppard AFB

The Second Annual "Plant A Tree at Sheppard Air Force Base" program is now underway under the sponsorship of the Wichita Falls Times, the United Services Organization and the Nurseryman's Association. The first program was conducted at the base in 1961. At that time 225 donors contributed more than 700 trees to beautify the base which includes some 5,600 acres.

Trees this year are to be pecan or shade trees and will be larger. The prices are \$3.00 for tall shade trees and \$4.00 for six feet tall pecan trees. Last year pecan, peach, pear, plum and apple were the major contributions.

Anyone wishing to donate trees in memory of or honor of individuals or organizations may do so by sending checks to cover the number of the kind of trees that they wish to donate. Checks are to be made payable to "Plant a Tree at SAFB" and mailed to Tires Publishing Company in Wichita Falls.

Bill Hutchison, Base Agronomist, will conduct the planting of the trees and will mark the trees with the metal tags engraved with the name of the donor and honoree. Trees will be planted around new barracks areas and other areas on base where they are urgently needed. There will be a master plan drawn up at the base indicating where every donor's tree is planted.

Burriss Hughes is coordinating the program at the Times Publishing Company; Ray Turcott, director of the Travis Street USO, is coordinating it at the USO and Curtis Smith, president of the Wichita Falls Nurseryman's Association, for the Nurserymen.

If you have enough friends, what you don't read, hear or overhear at first hand is promptly relayed to you.

Senator Moffett Reports on the Special Session

Sen. George Moffett, of Clifton, has made the following comment concerning the session of the legislature just closed.

"The recent 30 day special session of the Legislature worked harder and spent less money than any session in many years."

"The construction of both our main highway system and the farm-to-market road system was placed on a sounder basis."

"The proper disposition of bank accounts whose owners are unknown was settled fairly."

"The question of small loan interest rates was not settled, principally because many members including myself, were opposed to the legalization of an interest rate of 36% per year, which is what the bill which failed would have done. Thirty-six per cent interest even on a small loan is unreasonable."

"This question can properly wait until the next session of the legislature, when a better solution than authorizing 36% interest rate per year can be found."

Schools Add New Buildings

Plans have been drawn and bids for construction will follow for two new addition buildings in the Burkburnett school system. Both will be at the high school site at the south edge of the city near the Rodeo grounds.

A Library known as Unit B, will have over 6,000 square feet of floor space, which will include reading, work, conference rooms and a student lounge space connecting directly with an outside reading area.

The building will be of structural steel framework fitted with precast concrete, brick masonry and glass window wall. Interior wall finish will be in ceramic tile and wood paneling with floors of terrazzo. Ceilings will be acoustical tile. Heating system will be low velocity forced air circulation.

The Cafeteria, known as Unit "C" will have nearly 19,000 square feet of floor space which will include a large dining room with a stage, dressing rooms, a kitchen, pantry, furnace room, band hall with practice rooms, office, uniform and instrument storage, rest lounges and other accessories.

As with the library unit, the building will be of like construction of reinforced steel and masonry work. Interior walls of the kitchen and dining room will be of glazed structural tile with terrazo floor in the dining area and quarry tile in the kitchen. The band hall and associated areas will have walls of painted plaster and ceramic tile. All ceilings, except the kitchen will be of acoustical tile.

Final completion of the project is planned for about September 1st, in time for opening of the new school year.

At the present time there are ten new class rooms in process of construction.

The present enrollment in the entire Burkburnett school system is nearly 3,000 students according to I. C. Evans, superintendent of schools.

Burk Spelling Champ Is Named

Young Miss Sally Mitchell, eighth grade honor student of Burkburnett Junior High, won her way through the finals of Burks elimination spelling contest and will represent her school in the county contest March 24.

Runner up in the bee was Miss Frances Perry, also of the eighth grade. Miss Perry was spelled down on the word "seized." Sallie then had to spell one more word to win, which was "sensible."

Twenty-eight contestants, 14 from the seventh grade and 14 from the eighth grade were in the final eliminations.

Miss Mitchell, 13, is the daughter of Mr. and Mrs. J. L. Mitchell of this city. In addition to being an honor student she is an accomplished pianist with seven years of music study to her credit and a member of the band. At the present time she is pianist for the Men's Bible Class of the Methodist Church.

Spelling bees are not entirely new to Miss Mitchell, for she was in the Inter-scholastic spelling and writing contest while in the sixth grade, winning second place.

Her alternate, Miss Perry is the daughter of Mr. and Mrs. F. L. Perry, of Burkburnett. She was an honor student in the seventh grade and is also a pianist and band student.

Final elimination contest was directed by Mrs. Sidney Askins, spelling director for several years, working with the eighth grade. J. L. Ragan is spelling instructor for the seventh grade.

TONASKET, WASH., TRIBUNE: "It is not yet too late to save the Republic if citizens heed the clear signs of disaster ahead and reverse their stampede into socialism and the welfare state. WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

The American defense posture is too much at a grocery check out stand, instead of on the target range. That would seem to sum up the remarks of Senator Paul Douglas in criticizing the vast extent of the armed services commissaries operating in the United States.

In a survey of the situation, he has found that by 1959 there were 269 food stores being operated by the armed services, many of them in metropolitan areas where there is no shortage of highly competitive private stores.

The Senator from Illinois has come up with some quite startling figures. He has found that in the fiscal year starting in mid 1958, these stores did a sales volume of \$366,659,000.

This sales volume was presumably produced from a total of 914,247 holders of permits to buy in the commissaries, of which 744,517 live off the military posts or bases, presumably surrounded by privately operated grocery stores.

And while it has long been the contention of the military that few military personnel are involved in slicing bologna and stacking prunes, Sen. Douglas finds out of the 8,851 employees in these stores, 4,978 are military. The pay for this military personnel totals \$17,263,580, or only slightly less than the payments made to the civilian employees.

Sen. Douglas points out that this military employment is

almost equal to a full division. Perhaps there are thousands of mothers who instead of singing "I Didn't Raise My Boy to be a Soldier" are singing "I Didn't Raise my Boy to be a Grocery Clerk."

But in addition to the waste of potential combat power, the Senator's figures seem to indicate that there is a substantial subsidy involved, going mostly to the higher ranks, as majority of enlisted men eat in the company mess halls.

Groceries are sold with a 3% markup. Presumably, this covers the overhead costs. Yet, the pay for the military personnel so engaged is more than 4.9%, and with the pay to the civilian personnel, labor costs alone are almost 10%.

In addition, there is almost 5,000,000 square feet of store and warehouse space used on military installations.

Thus, if a fair rental value were paid for the space, this plus the labor cost, would bring operating costs up higher than those of private store operators. However, private store operators have no way of getting a government subsidy to handle most of their overhead.

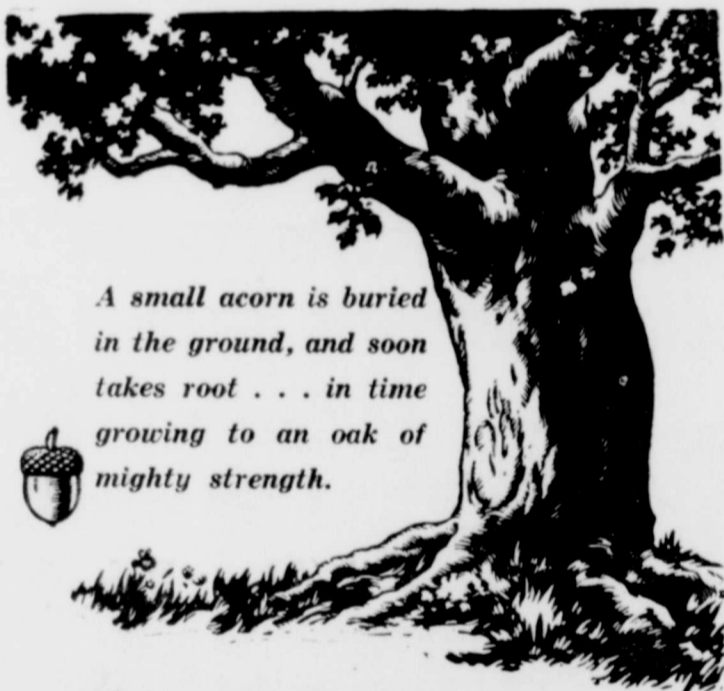

But as big as these apparently tax subsidized store operations are now, they are going to get even bigger.

That is the information released by Maj. Gen. Ray Laux, army and air force post exchange chieftain, who says as more men come into the services, the bigger the retail operations. It's going to be hard to tell if a section leader is a top combat man, or head clerk in the produce section.

when distressed by tardy payment by the government and to pay advances also for that government to operate?"

HUMBOLDT, IOWA, REPUBLICAN: "Business can only operate at a profit (and without a profit there is no business and no jobs) if its costs are closely watched. Because of this we believe that the raise of the minimum wage law will add to unemployment . . ."

SOUP INGREDIENTS

I love Dutch apple pie, but I also like to keep my weight at a reasonable plateau, so this evening I skipped a meat course and contented myself with a can of Campbell's minestrone soup, followed by half a Stouffer's pie, washed down with a glass of V-8 and a tumbler of skim milk. That's a meal, especially if you drench the hot pie with rich, sweet cream.

After dining read the soup label. Ingredients: beef stock, carrots, potatoes, tomatoes, onions, celery, peas, green beans, enriched spaghetti, vegetable oil, water, pea beans, salt, cheese zucchini, sugar, bacon, cabbage, turnip greens, mustard greens, starch, monosodium glutamate, yeast extract, spice, garlic, and hydrolyzed milk protein.

The frozen pie carton said: We use only fresh apples and we add fresh cream, blended with sugar and cinnamon. Baking at 400 degrees took an hour and fifteen minutes.

To prepare those two dishes from raw materials would take a whole day, even a week if you had to shop for all the ingredients; so you can see why I am so grateful to the blenders and bakers who do my homework.

SINKING FEELING
A Navy recruit lost his rifle on the firing range. When told he would have to pay for it, he protested. "Suppose I was driving a jeep and somebody stole it. Would I have to pay for that, too?"

He was informed that he would have to pay. "Now," said the recruit, "I know why the captain always goes down with his ship."

IF IT'S FOR SALE ADVERTISE

Somehow, I look sweet and sophisticated in this Kate Greenaway. It's beautifully simple with a snappy white collar and a daisied bow. Nylon petticoat shows just a peep of its cotton eyelet edging. Mint or pink cotton.

YOUR FAMILY NEEDS A BALANCED DIET

Does your family get a balanced diet? Here's some simple guides to help you decide whether your family is being served the kinds and amounts of food needed for good nutrition. The guides were prepared by Mrs. Gwendol-

yne Clayatt, Extension consumer marketing specialist, for the Texas Agriculture Extension Service.
You should be spending approximately 36 per cent of your food budget for meat, fish, eggs, cheese and poultry, if your meals measure up nutritionally. Another 22 per cent should go for fruits, vegetables,

and juices; and 20 per cent for milk and ice cream, 15 per cent for cereals, bread and flours, and 6 per cent for oils.
Because some members of a family often do not eat certain quantities of foods, it is important to make sure you are getting the foods they need for good health.

Archery Club News

Well here we are back again and getting ready for the spring and summer Archery Season. And I hope this target Archery Season is more productive than the hunting season was for me anyway. I'm not speaking for everyone. Our boy, Eddie (Dead Eye) Cerday came home with the groceries as follows: one Elk and one Buck Deer. Congratulations Eddie. I went to the Walking Cane Ranch at Caddo, Texas to do my hunting this past season and like many archers I took a stand in a large cedar tree long before day light and as day finally dawned I noticed

something sort of light colored out of the corner of my eye and when I looked I discovered a snake. The longer I looked, the longer he got. On second thought I'm not sure he was getting longer or that the cedar tree was getting smaller. But after the shock was over I sent a sharp Razor Bread Head after him, and he left—what a relief that was.

Well, so much for the past, now to get to the present and a few things we have planned for the future. We have set up a target range behind Wolfe Ford used car lot on the Wichita Highway. We are in the process of setting up a Park Field Round using ten targets. We have scheduled a shoot for Sunday afternoon, April the First. We will give prizes and awards to the archers partici-

pating. This will be an Invitational Shoot. And we also invite all of Burkburnett out to see us and to join in with the fun. You will be seeing us out at this range quite often, these nice Sunday afternoons.

Our new officers for this year are Hubert (Chief) Wall, president; Lorita Griffin, secretary; Jim Lindsay, field captain, and Mina Lindsay, reporter. We wish to thank the Wolfe Ford Company for letting us use the land behind their car lot.

Come see us. It costs just \$1 to send a \$6.21 gift of food to a needy family overseas through the CARE Food Crusade, New York 16, New York. The figures represent the contribution price of a package, against the retail value of typical contents.

The Church Building

This is only a building, but it is a special building for it is the worship place for God's people. It is a place where one may go to study and hear God's word preached.

"... faith cometh by hearing, and hearing by the word of God."

If there are unanswered questions in your mind... go... seek... and find God in his house this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Miss Patricia Ann Loyd, daughter of Mr. and Mrs. U. E. Loyd 1415 Twenty-First became the bride of Preston Henry Johnson, Jr., son of Mr. and Mrs. Preston H. Johnson, Sr. of Burkburnett, in a ceremony at the Hillcrest Baptist Church Saturday afternoon at 2 o'clock.

Both the bride and bridegroom are handicapped and in wheel chairs. She suffered an attack of polio in 1949 and he is paralyzed from the waist down after a wound suffered in action in France in 1944 during World War II.

Mrs. Loyd was presented in marriage by her father. She wore a white lace over white satin dress fashioned with a rounded neckline, princess waistline and a ballerina skirt. Her finger tip veil was attached to a tiara of pearls and she wore a pearl necklace. She carried white gardenias clustered with split carnations.

Matron of Honor was Mrs. R. Lee Thompson of Breckenridge, sister of the bride. She wore a pink costume and her flowers were white carnations.

Jack Gore of Burkburnett was best man.

The bride attended Wichita Falls Public Schools and Draughon's Business College. The bridegroom attended Burkburnett Schools.

Mrs. S. L. Bullitt and Mrs. J. G. McJunkins were hostesses for a reception at the bride's home. The serving table was decorated with crystal candel-

abra holding pink candles on either side of the wedding cake. Reception assistants were Mrs. Arnold Oliver and Mrs. Mary Gore.

After a wedding trip to Fort Worth, the couple will be at home in Burkburnett.

TWO YEARS FOR ONE

Letter to a Boston paper: "Dear Sir: When I subscribed a year ago you stated that if I was not satisfied at the end of the year I could have my money back. Well, I would like to have it back."

"On second thought, to save you trouble, you may apply it to my next year's subscription."

BIG PASTURE FFA NEWS

The Big Pasture FFA Chapter held an FFA meeting last Thursday, February 1, and discussed ways of promoting the financial standing of the chapter. The boys all agreed that if the chapter ordered fifty tractor seat covers they would sell one apiece which will clear about \$50. The chapter also made plans for their annual slave sale which will take place on March 19 and they hope to have a 100% participation in the sale like they had last year.

Friday evening February 2, the Big Pasture FFA Band traveled to Ringling, Oklahoma to perform an assembly program. Ringling in return will send their school band for an

assembly program in the Big Pasture School.

Saturday morning, February 3, the officers of the chapter, Mr. Holt, their advisor, Mr. Beard, the high school principal, and some farmers of the community went to Ft. Worth, Texas to the Ft. Worth Fat Stock Show. They stayed for the rodeo Saturday night and came home Sunday.

The Juniors and seniors in the chapter plan to make a trip to a livestock yard and a meat packing house in Oklahoma City very soon. The trip will be made every other year so that every Agriculture boy may

go once.

The chapter voted to building a livestock yard in Temple, Oklahoma, and they hope to secure farmers who are willing to

The Vocational Agriculture Instructor at Big Pasture, Walon Holt, would like to announce to the farmers about a wedding coming soon which will be held in the week. If you are interested please contact him for information.

HERE'S HOW YOU CAN BE SURE OF ABUNDANT HOT WATER WORRY FREE!

INSTALL A MODERN FLAMELESS ELECTRIC WATER HEATER

Important advantages:

- SAFE—NO FLAME**
Perfectly safe in any location, an electric water heater has no flame to blow out, no fuel to leak, no pilot light or flue to worry about. And the outside of an electric water heater is always cool.
- HIGH EFFICIENCY**
Electric heating elements are in the water, inside the tank. The tank is completely insulated, even on the bottom, to prevent heat loss. And no heat is wasted up a flue. Water heats faster and stays hot longer.
- LONG LIFE**
With an electric water heater, the tank bottom is not subjected to the corrosive action of flames. There are no valves to stick, no moving parts to get out of order. You are assured many years of trouble-free service.
- INSTALL ANYWHERE**
Because an electric water heater requires no flue, it can be installed anywhere in the house, close to the point of greatest use. This saves long pipe runs and consequent waste of heat due to water cooling in the pipes.
- SUNSHINE CLEAN**
With an electric water heater, there are no by-products of combustion to soil walls or ceilings. No unpleasant fumes. No flue to accumulate soot. An electric water heater is the cleanest method known for heating water.
- MODERN—COMPACT**
Choose from round or table top models at your plumber's or appliance dealer's. Compact round models require only four square feet of floor space. Table top models provide additional counter space.

GENUINE

Eyes are the most important part of a smile. A smile comes naturally, must be genuine; it is an expression of inner friendliness and acceptance. A real smile can't be faked by saying

cheese, showing teeth, or spreading lips.

Women are perhaps the worst offenders in faking smiles. I attribute their dishonest smiles to meaningless embarrassment and potential dislike.
