BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JUNE 28, 1962

NUMBER 42

City of Public Safety To Double Port over July 4

Enforcement effort of the City of Public Safety will be more than doubled during the Fourth of July holiday, Harry Hutchison, commander of the Northwest Texas Sheriff's Association, announced today. He said that motorists violating the law and driving on Texas Highways will be fined \$20.00 and \$25.00 respectively. At three o'clock Sunday afternoon the General Board of the church will hold its first meeting of the new church year in the Youth Building. Composed of both of those who terms of office have not expired and of those newly elected to membership, the group's main purpose will be to elect its officers and organize for the new year. During the time of Sunday evening worship, 7:30 p. m., the Vacation Church School will hold its commencement with the director, Mrs. James Kincaid, in charge. This service will officially close the school. Monday evening will mark the first session of the rescheduled evangelistic visitation program. Formerly set as a weekly meeting on Thursday evenings, now it will be held monthly on the first Monday of each month at 7:00 p. m. As before, nursery care will be provided for the children of callers. Because the Fourth of July holiday falls on Wednesday this year, Adult Choir practice has been reset for Thursday evening at seven-thirty o'clock, this week only.

First Christian Church Schedule Beginning July 1

First Christian Church, Second and D. Burkburnett, has announced its program for the week beginning Sunday, July 1, 1962. During the 11:00 a. m. service Sunday the Rev. Hugh E. Caffey will address the worshippers concerning "Freedom, Democracy, and Christianity" as the congregation observes Freedom and Democracy Sunday. The scripture lesson of the morning will be the fifth chapter of Galatians. At three o'clock Sunday afternoon the General Board of the church will hold its first meeting of the new church year in the Youth Building. Composed of both of those who terms of office have not expired and of those newly elected to membership, the group's main purpose will be to elect its officers and organize for the new year. During the time of Sunday evening worship, 7:30 p. m., the Vacation Church School will hold its commencement with the director, Mrs. James Kincaid, in charge. This service will officially close the school. Monday evening will mark the first session of the rescheduled evangelistic visitation program. Formerly set as a weekly meeting on Thursday evenings, now it will be held monthly on the first Monday of each month at 7:00 p. m. As before, nursery care will be provided for the children of callers. Because the Fourth of July holiday falls on Wednesday this year, Adult Choir practice has been reset for Thursday evening at seven-thirty o'clock, this week only.

MU Adopts New Techniques For Students

A new program for entering students has been developed by the academic council at Midwestern University and will become effective in the fall of 1962. Dr. Travis White, president, said Friday. The plan, which was evolved after an extensive study by the council and student personnel office, is a unique program to this southwest area. Involved in the program are the following four points: All entering freshmen will be provided with a copy of "Liberal Education and the Democratic Ideal" by A. Whitney Griswold, president of Yale University. Prospective students will be required to read and be prepared to discuss the book during the pre-registration orientation program. Faculty members, assisted by upper class student leaders, will direct 20 discussion groups during the new student orientation period considering the basic issues in the book. The text will be made available to all new full time students upon being processed and receiving an admission permit from the registrar's office. "For some time we have been concerned with the need to establish clearly with our entering freshmen a high level of academic expectancy," Dr. White said. "If a university is to train its students to deal with ideas, then it can do better than to start working to that end their first day on campus," the president concluded. Dr. White further said that another intent of the new program is "to implement an understanding of higher education and new student responsibility there in.

R. H. Venn Elected Director of Humble

R. H. Venn

The election of R. H. Venn as a member of the board of directors of Humble Oil & Refining Company was announced today by C. E. Reistle, Jr., president. Mr. Venn will transfer to Houston from New Orleans, where he has been a vice president in charge of the company's Southeast Esso Region. C. G. Herrington, who has been general manager of the Southeast Esso Region, was named to succeed Mr. Venn as vice president in charge of the region, and A. A. Diffey, who has been serving in Houston as executive assistant to the Humble board, will transfer to New Orleans, where he will succeed Mr. Herrington as regional general manager. The changes are effective August 1, and will bring the Humble board membership to twelve. All three men began their oil careers in the early 1930's. Mr. Venn with Humble, Mr. Herrington with The Carter Oil Company, and Mr. Diffey with Esso Standard Oil Company. Carter and Esso were merged with Humble at the end of 1959, when most of the domestic affiliates of Standard Oil Company (New Jersey) were consolidated into the reorganized Humble Oil & Refining Company. Mr. Venn, born in Pentwater, Michigan, graduated from Wayne State University, Detroit, in 1933 with a bachelor of science degree in chemical engineering, and received a master of science degree in chemical engineering practice in 1934 from Massachusetts Institute of Technology. He joined Humble the same year as a junior chemical engineer at Baytown, Texas. Mike Matherly, a 1961 Burkburnett High School graduate and currently a Bible and music education major in Abilene Christian College, spent Monday visiting with his family and friends here. Mike is spending the summer selling Bibles and Bible Reference Books, and is presently located in Vernon. He expects to move to Frederick, Oklahoma next week, and from there continue westward through Oklahoma, and back in to Texas. He plans to return to Abilene Christian College in September where he is solo cornet in the Big Purple Band and in the orchestra, and a member of Alpha Phi Omega fraternity.

C of C Back In Own Office After Rain Damage

The Burkburnett Chamber of Commerce has moved back into its headquarters at 410 Ave. C after a month's absence due to minor flooding. The chamber moved out following heavy rains late in May. Water had accumulated on the roof of the building and seeped through to the chamber office resulting in water about an inch deep on the floor. Chamber president Jack Mathis provided temporary facilities and an office for the displaced chamber staff in his own place of business. Chamber manager Webster Sharp said the headquarters have been repainted and business was resumed there Tuesday. He said no permanent damage was done by water.

Dr. Norman Dodson Received Degree From Baylor Univ.

Dr. Robert Norman Dodson, son of Mr. and Mrs. D. C. Dodson, 800 Sycamore Road, Burkburnett, Texas, was graduated from Baylor University College of Dentistry, Dallas, Texas, on June 4th. Commencement exercises were held at the Gaston Avenue Baptist Church at 4:00 p. m. Dr. Earle Williams, nationally prominent oral surgeon of Dallas and an alumnus of the College of Dentistry, was commencement speaker. Degrees were conferred by Dr. William R. White, Chancellor of Baylor University. Dr. Dodson took pre-dental work at North Texas State University and Midwestern University in Wichita Falls. Dr. Dodson was a member of the Junior American Dental Association and a junior member of the Texas Society of Dentistry for Children and the Texas Dental Association. He was also a member of Psi Omega dental fraternity.

Burk Post Office Advanced To First Class July 1

Official information received from the Regional Post Office Directors Office in Dallas, Texas, on Thursday, June 21, states that the Burkburnett Post Office is to be advanced from Second to First Class effective on July 1, 1962, according to A. H. Lohofener, Postmaster in Burkburnett. This advance marks the culmination of a number of years of increased receipts and business of the local office. When the present postmaster was appointed in 1936, receipts of the office for that year were \$12,378.17 from which figure, with the exception of five years, there has been a continual rise to \$52,212.87 in 1961. As of June 22, 1962, receipts are already \$2,000.00 ahead of the same day of 1961. The year of greatest decline in receipts was 1946, when nearly Sheppard Field was deactivated, and the loss was some \$4,900.00. The year of 1959 showed the greatest increase with \$9,300.00 being the growth. Many changes have taken place during the office history which began with its establishment in 1907. The first post office quarters was a corner of a small drug store, operated by L. M. Staley. From that beginning it was housed in several different buildings until in December 1958, when was moved into the present new building at the corner of Ave. B and 2nd Street. One other time the Burkburnett Post Office has enjoyed the distinction of being First Class. For one year only at the height of the Oil Boom, the designation was First Class. Change in Classification will not bring any marked change in the office other than management accounting and supervision. No new employees are to be added at the present time. The office, which is composed of fourteen employees, serves one rural route of some 78 miles and one parcel post route. There are two foot carriers and two mounted city carriers to cover the route.

Melvin Bailey Is Blood Donor

Melvin Bailey of Burkburnett was awarded a citation Tuesday by the Wichita Falls Times and Record News for unselfish service by his fellowman. Bailey has given blood eight times to make certain that blood would be available to help save the lives of accident victims and seriously ill persons. He has worked for Whites Auto Store in Burkburnett since 1954 and has lived in Burkburnett since 1933 except for time out to serve three years in the Army Tank Destroyer Unit in World War II in Europe. Named a member of the Red Cross Gallon Club the eight time donor was praised by Dr. Jos. A. Davey, blood program chairman, and Jerry Thomas, general chairman, of the Burkburnett Red Cross. Bailey, his wife, Lola Mae, and their son, Floyd Wayne, attend the Cashion Baptist Church.

Riding Club Wins Second At Vernon

The outstanding appearance and excellent performance of the Burkburnett Riding Club was proved again at the opening day festivities of the Santa Rosa Rodeo, June 20. The Santa Rosa Rodeo at Vernon is the best advertised and most widely attended of any such event in this section of the nation, and second position in such a galaxy of riding clubs is proof positive that your home town club, has through the years, proved itself a worthy ambassador for Burkburnett, and has achieved much in communicating good will to the neighboring towns and cities throughout this section of the country. A barbecue supper was served by the Vernon Junior Chamber of Commerce to the visiting riding clubs, between parade and rodeo time. Attending the parade and rodeo included Mr. and Mrs. Pete Negri and grandchildren; Mr. and Mrs. Noll McGill and children; Mr. and Mrs. Peyton Cozy and Denise; Mr. and Mrs. Walter Paul Cozy and children; Mr. and Mrs. Wendell Goins and family; Mr. Elmer Burns and guest, Mr. Charles Brewster, Mr. Ruff Redman, Mr. Doc Goins, Master Kenneth Marten, Mr. Charles Bowles and guests, Mike Hooper and Doug Eastman; Mrs. Bill Oaten and Mrs. J. B. Griffin.

Local Births

Mr. and Mrs. Charles L. Brewster, girl. Mrs. J. W. Allen was hostess to fifteen members of the Willis family Saturday night honoring the Bobby Liddle family of Pittsburg, Pennsylvania. Stanley Henson and wife and son of Baytown, Texas spent the week end with his parents, Mr. and Mrs. G. C. Henson, 121 Avenue D. Visiting this week end in the home of Mr. and Mrs. J. T. Deckard were Mrs. Thelma Holley, Mr. and Mrs. J. B. Riddle and children of Wynnewood, Oklahoma and Mrs. Mildred Audis and her daughter, Sandra of Gladewater, Texas. Mr. and Mrs. E. H. Denney of Kress, Texas were Devol visitors Monday. Mr. Denney was rural mail carrier here, in the early thirties. Dr. and Mrs. Peevey from Austin visited in the home of Mr. and Mrs. J. C. Adams over the week end. They are former Burkburnett residents. Mrs. Peevey and Mrs. Adams spent all of Monday calling on old friends and viewing the growth of the city. Mr. Gerald Poole of Odessa died this week. He was an employee of the Gulf Oil Company while here. He had resided in Odessa until his retirement a few years ago. He was a close friend of the J. C. Adams, and was known to many others here.

Newcomers Welcomed to Burkburnett

The Burkburnett Chamber of Commerce and the Greeters Service wish to welcome the following newcomers to our city. Tipton, Winston Doherty, Roger Pratt, Jerry Collins, Joe Strickland, Donald Smith, James Whately, Jesse H. Green, Edward Williams, John Davis, John

Two Burkburnett Girls Attending Camp Letoli Session

Two Burkburnett girls are attending a Camp Fire Girls summer session at Camp Letoli June 22nd through July 2nd. Enjoying the Young Camp Fire activities are Susie Elliott and Sonja Preston.

Catholics Hold Meeting June 17

A Catholic meeting was held Sunday, June 17 in the home of Dr. and Mrs. J. A. Davey. The meeting was opened with a prayer led by Mrs. Weldon Nix. Dr. Davey presided over the meeting. The first question was how much a church will cost and what type church we will need. Mr. Ben Hinkle talked about a church building in Anson and its cost. He then presented the blue prints of the church along with pictures. Mr. Williams of the C. C. D. encouraged us to establish our own parish. He then gave an interesting talk on starting Catechism classes in Burkburnett. He gave both the teachers and the parents an outline of the classes with six segments of work and changing of various texts for the different age groups. The following committees were formed: Dr. J. A. Davey, general chairman. Weldon Nix, in charge of raising funds for a church building. Alden Smith, Joe Janek, Hubert Poskey, Ben Hinkle and John Cools are committee members. Mrs. Weldon Nix and Mr. W. B. Snider, in charge of the rummage sale to be held in September. Meeting was closed with a prayer, and refreshments were served. Mrs. Cleo Askins, Reporter.

Dana Matherly left Sunday for Olustee, Oklahoma, where he is working as a carpenter's apprentice with the Kenneth C. Myers Construction Company. He expects to be gone three weeks, when he will return to continue construction work here.

How to speak out for Freedom today

Free men have never been in such freedom as now. Even before the first thirteen States became United States, men were speaking for freedom loud and clear. Today millions of Americans speak out for freedom every time they buy U.S. Savings Bonds. Every Savings Bond you buy is an investment in freedom. While you're saving money for your own family's future, you're helping Uncle Sam tend to the business of keeping men free today. Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work. Keep freedom in your future with U.S. SAVINGS BONDS

U.S. Savings Bonds are sold by all banks, savings and loan associations, and many other institutions. They are also available through the Federal Reserve System. For more information, contact your nearest U.S. Savings Bonds Office.

SUN-SUITED—Cotton seersucker, the original wash and wear fabric, is the favored choice for the sandbox set. Designed for action, this Thomas sunsuit is styled with trimmable bib and self belt.

The 1963-1964 Consolidated Program, District 3

BURKBURNETT STAR BURKBURNETT, TEXAS

The Texas Highway Commission today announced the approval of an expenditure in the amount of \$2,662,000.00 for construction on U. S. Highway 287 in Wichita County as part of the 1963-1964 Consolidated Highway Program, according to District Engineer L. B. Dean of Wichita Falls.

The project authorized for construction on this program for Wichita County is described as follows:

U. S. Highway 287, construction of the thru lanes of new Expressway is authorized for a distance of 3.8 miles from 0.2 mile North of present U. S. Highway 281 Easterly to the Clay County line. The work will include concrete paving, bridges on Holliday Creek, three overpasses and one underpass.

CARGOES ARE THE CURE

The present low state of the American Merchant Marine is the fault of American business.

That's what Senator Magnuson of Washington said in a recent speech in Portland, Oregon, in which he defended the ship subsidy system as a necessary means of keeping U. S.-flag merchant vessels afloat.

The merchant marine problem—and it is a real, grave, and urgent problem—can be described statistically. Our ships carry a mere 10 per cent of this country's exports. By way of contrast, 61 per cent of British exports are carried in her ships, as are 72 per cent of Japan's exports and 50 per cent of Norway's.

"Businessmen," observed the Senator, "are generally not aware of the importance of using American ships, which they should do. The rates are about the same. There is nothing wrong with the American Merchant Marine that cargoes won't cure." And he then pled for "volunteer action by the American businessman—exporter to see if he can't fit his business to American flag ships."

Actually, the current situation approaches the disgraceful—in the light of the fact that a U.S.-flag merchant marine is absolutely vital both to our economy and our national defense. According to the Senator, there are only a dozen nations in the world which build ships on any significant scale—and we are approaching 11th place on the list. It is high time and then some, that citizens engaged in foreign trade patronize American vessels whenever possible—in the interest of the national security and of plain good business.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

There appears to be in Congress now an interesting phenomena that may indicate a trend. For many years there have been some of the senior statesmen, such as Sen. Harry Byrd, consistently protesting federal financial irresponsibility. Now they seemed to have been joined by younger members of Congress, some of them in a freshman status.

For example, Congressman Tom Wilson reports that 94.3% of his constituents are in favor of reducing federal expenditures according to a poll Congressman Richard Roubush, who has questioned federal aid to education as merely another drive to build up another multi-billion dollar bureaucracy introduced a bill to give parents with a son or daughter in college an extra \$600 income tax deduction. "Why not leave the money at home instead of sending it to Washington and let the planners decide who goes to school," he says.

Congressman John Ashbrook states "Few Americans realize the extent to which we have furthered ourselves in the direction toward fiscal insolvency. Interest on our national debt is approaching \$10 billion, or over 10% of what is spent."

He further states, "Look out upon the city of Washington from the Capitol and you will see a multitude of new federal office buildings going up to house the tens of thousands of additional government employees recently hired and

hopefully anticipated. Bureaucracy is really on the move."

Rep. Adam Powell, chairman of the House committee on Education and Labor, considering federal education bills, finally had to stop the hearings pending receipt of more information. It was found that something over 40 different bureaus were already spending over \$2 billion dollars on "education" but nobody could give information where it goes.

In 1959 the entire cost of government was \$9 billion. Now the cost of the non-defense civilian payroll is \$15 billion.

Maurice Stans, former Director of Budget says "The place of the free world is endangered by economic pressures more serious than the present military threats. The chronic imbalance in our international payments transactions raises worried doubts at home and abroad as to how long international claims on our dwindling gold reserves can be allowed to increase.

The U.S. at present has a gold reserve of \$17 billion. By law \$12 billion of this is frozen to back the currency, leaving \$5 billion to meet \$18 billion in short term claims held by foreign nations, including recipients of give aways.

There appears a growing awareness that taxation is not the answer to all problems.

Thus, the alliance of senior statesmen and the "Young Turks" coming into Congress fresh from business life may reverse the trend. After all, the strength of the nation lies in the strength of its Congress. Bureaus are merely the barnacles on the ship of state.

AMERICAN WAY

PROGRESS BY SELF-AMPUTATION
By Robert Morris

Headlines were full of de- about our dispatching ma- Southeast Asia. Radio television reporters repeat- and over our "firm- in the Laotian crisis. tends to generate con- in our State Depart-

SUITS THE SEASON—Under- statement and simplicity are beautifully executed by John of California in this handsome Crompton cotton corduroy two- piece outfit. The collarless jacket is bound in a lighter tone of the same fine-wale corduroy.

guerrilla leader, had been committing wanton aggression all throughout French Indo-China. Despite this we agreed, at Geneva, to give the Communists Northern Viet Nam, an area of 62,000 square miles, with a population of 13 million people. In other words, we consigned them to slavery.

But, in return, the Communists gave us a "solemn" pledge not to extend their aggressions beyond the conceded acreage.

At the same time President Eisenhower warned that the United States would not tolerate any further aggressions and we went on to organize the Southeast Asia Treaty Organization, popularly known as SEATO. This organization also gave solemn assurances that it would tolerate no further Communist aggressions in Southeast Asia. (However, we refused to allow the Free Chinese and the South Koreans, with the strongest non-Communist armies in Asia, to participate.) With all of these assurances emanating from Geneva our people went back to sleep.

The Communists did not stop their aggression at all. They were only conveniently kept out of the news. Communist forces moved aggressively into little Laos. The only "firmness" we have shown up until now has been toward the poor Laotians who were reluctant to be subordinated to a "coalition government" in which the Communists held the posts of Minister of Defense and Minister of Interior.

Even the declared purpose of our present firmness should be analyzed. The State Department concedes the object of our military movement is not to roll back any of the aggressions, but simply to establish an "independent coalition government" for Laos.

In other words we are being firm merely to neutralize more non-Communist sectors of the globe in return for more worth-

less Communist promises. And, of course, the so-called resulting neutral states are not neutral at all but disguised Soviet satellites that have the added feature for the Communists that they are thus eligible to receive our financial assistance while in the process toward Sovietization. This is precisely what we did in the Congo last year, except that there the Communists had virtually no strength when we overturned the pro-Western government of the young Commissioners and imposed our "independent coalition government." No, it wasn't quite the same, our "firmness" toward the pro-Western forces in the Congo did not stop at warnings and withholding of economic assistance as was the case in Laos. We actually turn-

ed the guns on them in Katan- ga.

It should be abundantly clear that our present posture of stopping Soviet aggression by "neutralizing" the non-Communist world is not going to work.

In Southeast Asia the Soviet goal, obviously, is Singapore. They are inexorably moving toward it. They are absorbing with our help, the Indonesia archipelago where Sukarno, the wartime Japanese collaborator, acts as Khrushchev's front runner. Thus, with the neutralization or conquest of Singapore the West will be cut off from the Indian Ocean which just a few years ago was ruled by the British Navy. In the coming year almost the last British bases on the Indian Ocean will be dismantled when Kenya and

Tanganyika gain their independence. The retreat of the West is there for all to see.

Yet Washington is optimistic. As James Burnham wrote recently, the attitude there seems to be, we are making progress by self-amputation.

Fresh Butter In Camp

Butter can be a problem in camp. Refrigeration isn't always possible.

To keep butter fresh without refrigeration place butter in a glass jar having a screw top. Fill the jar with a strong solution of salt brine, then tighten the lid.

Butter will keep fresh and sweet until used.

The duration of a trade-mark registration is 20 years.

Arouse 'Em With Noise

In hot weather when the big bass are too lazy to rise to your lures, try buzzing over the good spots in your motor boat for 10 to 15 minutes to "wake" 'em up and start 'em moving about. This often works.

To Keep Line Out of Prop

Fishing lines often foul in the propeller's blade or the shaft when you're trolling.

Do away with this aggravation by running the motor in reverse and trolling with the line trailing over the bow of the boat.

News From The County Agent

Blowing sand, hail damage, hard rains and cool nights in many areas of West Texas have prevented young cotton from making satisfactory progress, according to Extension Service personnel. Numerous counties have reported as high as 50% of their cotton has been replanted to date.

Thrips populations and damage has varied from light to heavy throughout the area, according to County Agents' reports. The most extensive damage has been found in older plantings of cotton.

Young cotton should be closely checked for thrips damage and insecticides applied, if needed, to insure maximum, healthy growth, warns B. T. Haws, county agent.

Dates in the life of a dairy cow are just as important as in the life of a human, says B. T. Haws, county agent.

The cows date of birth is needed throughout her life in

managing for good production. In the case of human, the birthday often becomes a measuring stick. The age of a child is important in scheduling vaccination program and the dairy animal, too, must receive its shots—for example—a brucellosis vaccination at 4 to 8 months of age, points out Haws.

The date to breed the cow for the first calf needs to be correlated to body size and weight. By recording the date a heifer is bred, the dairyman known approximately the date she will freshen, and can feed and train her to the milking barn.

The day the cow freshens is important in establishing the next date for breeding. Normally, this date is not less than 60 or more than 90 days from the day she freshens.

Every day that cow is in heat should be recorded, even though she is not bred. Intervals of 18 to 22 days between heat periods indicate that a normal cycle is established. Cycles of less than 18 to 22 days may prove that the cow is not functioning normally and probably will not conceive if bred, points out the county agent.

When a cow is safe with calf, the date that she is to calve is established, and the dairyman can determine the date to turn the cow dry. Good cows need 6 to 8 weeks of dry period to rest and rebuild the body for the next lactation. Poorer cows that dry earlier will get more rest than is required.

Keep accurate records on your dairy cows and use them as a guide in planning a sound program, suggests Haws.

There are about ten million acres of land in Texas that should be producing forage for about one million head of grazing animals. B. T. Haws, county agent, says this land can be found in the many abandoned fields that were once under cultivation.

If these old fields were put into forage production, it would mean a sizeable increase in the income of many Texas farmers and ranchmen. In general, these old fields are producing only unpalatable weeds, brush and poor quality grasses, explains the county agent.

Getting these fields back into profitable production would require a certain amount of

money and effort, but it would allow the operator to carry out a better grazing and management program on other parts of the ranch or farm, points out Haws.

Many of the abandoned cultivated fields are best adapted to the production of native grasses only. Some may be adapted to the production of Coastal Bermudagrass, however. Generally, old fields west of the 30-inch rainfall belt should be planted to adapted native grasses, while those receiving more than 30 inches of rainfall or supplemental irrigation can be planted to either native grasses or Coastal Bermuda.

In order to return a field to profitable production, the operator usually needs to control the brush, prepare a seedbed and then plant to an adapted grass.

A Horse Management and Training Short Course will be held at Texas A&M College June 29-30, 1962.

Anyone interested in attending such a course should contact the county agents office.

Boys and Girls

Dear Boys and Girls: Many years ago when there were only thirteen states, our ancestors decided that they wanted to be free and independ- ent. So, on July 4, 1776, they adopted the Declaration of In- dependence. From then on they have been known as the United States of America. There are fifty states now instead of thirteen.

Before the Declaration of In- dependence was signed, the states were ruled by Great Britain. But the American peo- ple found it hard to be ruled by another country. They wanted to be free and set up their own government. They wanted a president instead of a king. So they told the world that they no longer belonged to Great Britain, but they were a brand new country.

The people of the United States were very happy so they began to celebrate. They had fireworks, decorations, parades, sports and games, and picnics. We still celebrate in about the same way. Sometimes we call

this day the Fourth of July and sometimes we call it Independ- ence Day.

Many stories and homes will display the American Flag. Some families will get together for a big picnic. Some town will have a parade. Almost all of us will have fireworks. Boys and girls in some town won't have any fireworks. There have been so many accidents with firecrackers and the other kinds of fireworks. Towns have wanted to stop these accidents so they made laws to stop selling fireworks.

Did you know that Burkbur- nett has a law about fireworks? We are not supposed to shoot them in town. Sometimes we want to. Some boys and girls even do it. But I don't think you will, will you? Ask your mother and daddy to take you out in the country where there are no people and houses. Make sure they are watching if you light any fireworks. If you are very careful you can have lots of fun.

Have you been on your vaca- tion yet? I am leaving Saturday for North Carolina. We are planning to drive to Florida, too. I will tell you about my vacation if you will tell me about yours.

Love,
Aunt Gerry

Policyholder Questions Answered by the Institute of Life Insurance

Q My husband and I have done some talking about pulling up stakes and moving to Alaska. We wonder if our life insurance would be affected. He's an engineer and may go into some pretty remote places. I understand that every- thing costs more up there. Is this true for policies too? Whatever we do, we want to be fully insured, as we are here.

A You are wise to look into these things before you take a big step but your fears are groundless. Your life insurance will cover you anywhere in the world, en route to a new home and after your arrival. Life insurance rates will be the same in Alaska and you can buy it there.

There is only one possible prob- lem and that may involve any new insurance. If his new work is risky, he may have to pay a slightly higher premium on new insur- ance. However, the fact that he travels is not regarded as hazard- ous in itself.

Q Our son, age 18, has diabetes and fortunately it restricts him very little. I want to start him off on some life insurance. Can I get it, and if so is the rate the same or extra?

A Not too long ago, the diabetic was automatically regarded as uninsurable. But there have been great strides in the treatment of the disease.

Some companies now issue insur- ance to diabetics at very little extra cost. Some charge higher rates. Each company has its own rule.

It's not so much a question of the illness itself, as how the dia- betic takes care of himself. Often more mature diabetics are re- garded as better risks because they may show better judgment in following the necessary rigid routine.

Faith is a willingness to work in the dark

Bagworms are now occurring in rather large numbers on trees and other plants. This insect is a general feeder and can cause serious damage to certain trees, especially ever- greens, points out Thelma Wir- ges, county home demonstra- tion agent.

At this time, the worms are small and can be successfully controlled by proper spraying or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before cause serious damage, adds Miss Wirges.

She suggests a check of all plants around the home, es- pecially evergreens for the spindle-shaped sacks which may be hanging from the twigs leaves and branches.

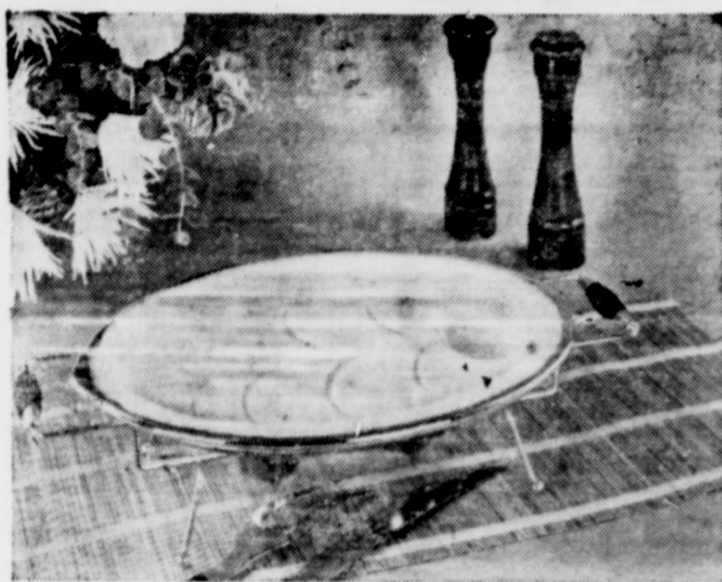

The following insecticides are recommended for bagworm control. Malathion (50% emulsifi- able concentrate 1 to 1½ ounces per 5 gallons water), Toxaphene (60% emulsifiable concentrate, 2½ ounces per 5 gallons water), or lead arsenate (2½ to 3 ounces per 5 gallons water).

In addition to these materials there are several brands of combination sprays (two or more insecticides combined to- gether) on the market which will give good control of bag- worms as well as other pests. One of the common combina- tion sprays contains malathion plus DDT. Combination sprays and other insecticides can be purchased from any store or business establishment which handles household or agricul- tural chemicals.

Sprays are preferred over dusts and the label instructions should be followed for mixing and using insecticides. Several different types of hand sprayers are available which can be used for apply- ing the sprays. The common types are the compressed air sprayers, trombone sprayers and garden hose attachment sprayers.

Insecticides are poisons and should be handled with caution. Follow safety directions listed on the label and keep children and pests out of the treated area. After spraying, wash the

There is no better platter than the well-and-tree, named for the patterned grooves that permit meat juices to collect for easy serving. This one in milk glass is made elegant with a 22 carat gold rim and the glass is a sturdy non-scratch-

able surface any carver will appreciate. The platter rests on a brass cradle equipped with candle warmers that create a gentle heat while the cradle does away with the need for pads. Platter, 15 inches, approximately \$4.98. By Anchor Hocking Glass.

grass to remove the chemical residue.

Miss Thelma Wirges, county home demonstration agent has been visiting yard improve- ment demonstrators this month. Demonstrators are located in all sections of the county and have worked on plans made early in the year.

Mrs. Elwood Haynes has started evergreen shrubs which can be seen from the road, has set out St. Augustine sod and has started flowers in the back.

Mrs. J. A. Fouts has started evergreen shrubs in the front of her yard, is working on a screen and has worked on im- provement of her lawn.

Mrs. L. H. Hull has plans for a large patio in an interesting shape around a large old tree. She has also planted evergreen shrubs in front and worked on soil improvement. She has a nice compost which would help any Wichita County yard.

Mrs. P. S. Swinford has many of the same accomplishments but has done an extra nice job with planted box. She used dwarf evergreen shrubs and good soil.

Mrs. Bob Cubine has a yard too large to cover, so she has screened part of it, so she can concentrate her efforts on a

ings at any angle from the cor- ner of the house and have low growing, rather dense doorway shrubs.

DID YOU KNOW

There's one doctor for every 2,000 persons in the world. The U. S. averages one doctor for every 790 inhabitants. Among all the flags of the U.N. only that of Cypress bears a map of the world. The U. S. Mint has 74 million sil- ver dollars on hand. Hasn't stamped one out since 1935 . . .

Phyllis Vaught Feted With Wedding Shower Friday Eve

Miss Phyllis Vaught, daughter of Mr. and Mrs. P. D. Vaught, 108 Walnut, was honored with a wedding shower Friday evening at the Mary Martha room in the First Baptist Church. Miss Vaught will exchange vows with Mr. Bob Landrum, Saturday, June 30. Hostesses for the affair were Miss Linda Holt and Mmes. Juanita Willingham, Barbara Stanyer, Maxine Thaxton, Maurine Yarbro, Marguerite Eastman, Margie Hofacket, Judy Craig, Sybil Sweet, Charlotte Looney, Bettye Stanland, Cassie Smith, Neva Zimmerman and Marene Cheney. The honoree wore a brown and beige sheath and was presented a corsage of daisies and fern with hearts of pearls entwined. Corsages were also presented to the special guests of honor, Mrs. P. D. Vaught, mother of the bride-elect, and to Mrs. S. Landrum, mother of the groom-elect. The refreshment table was covered with a white lace tablecloth over a pale green linen cloth. The centerpiece, which was accented with daisies and plumosa, was a Hallmark bride. Clusters of appointments completed the table setting. A beautiful poem written by Mrs. Maurine Yarbro was read by Miss Linda Holt before the presentation of the many lovely gifts. Attending the refreshment table were Miss Shirley Thaxton and Mrs. Barbara Stanyer. Mrs. Juanita Willingham presided at the guest book. Miss Sharon Nix provided romantic music during the shower and Miss Karan Burton sang "Mr. Wonderful." About thirty-five guests were present. Out-of-town guests were Mrs. L. B. Ford and Mrs. Ted Spradlin from Lawton, Oklahoma; Mrs. D. D. Holman and Lynette from Henrietta, Texas; and Mrs. S. Landrum from Sherman, Texas.

Meeting of Cooper Home Demonstration Club Held June 25

Mr. and Mrs. John B. Rhea were guests of the Cooper Home Demonstration Club Monday in the home of Mrs. Fred Vollmer, and, brought a most informative program on their three months tour of Europe. They were introduced by Mrs. Bee Bryant, program chairman. They sailed from New York on the U. S. S. Independence, an American Export Line, on March 7th via Bermuda, and were in the worst storm they had had in ten years. They visited the Canary Islands, Greece, Switzerland, the Netherlands, Denmark, Norway, Germany, and various other places. In Oslo, Norway, at the Viking Hotel, a flag is raised representing the country each guest is from. Coming thru Denmark on a Sunday, there was not a country home that did not have a flag flying high. The speaker said there are three things that should help us, from observation in these countries, (1) beautiful parks (2) arms at railroad crossings, and (3) be more patriotic. They were presented a gift token of appreciation. Mrs. M. L. Boling, president, presided over the business session, and each member told of the foreign country he was most interested in. Reports were given by Mrs. J. H. Gill, Mrs. George Emmert, Mrs. Ralph Swinford, and, the County Council report by Mrs. Lee Cooper. Plans were formulated for a breakfast honoring Mrs. Lee Cooper, the club's honor member of the year, on July 10th. Next meeting will be held on July 9 in the home of Mrs. J. D. Kennedy. Refreshments were served to Mrs. M. L. Boling, Mrs. Lee Cooper, Mrs. O. J. Cooper, Mrs. George Emmert, Mrs. Ralph Swinford, Mrs. W. P. Rogers, Mrs. Fred Vollmer, Mrs. J. R. Graves, Mrs. Bee Bryant, Mrs. J. H. Gill, and the following visitors, Mr. and Mrs. John B. Rhea, Mrs. R. R. Kolter, Miss Eva Mae Emmert, Miss Connie Swinford, Miss Pat Green and Miss Thelma Boling. Mrs. W. P. Rogers, Reporting

DEVOL NEWS
Mrs. C. O. Woodley, Reporter

Mr. and Mrs. Roger Fielding were honored with a wedding shower Friday evening at 7:30 o'clock in the Community Building. Hostesses were Mrs. F. G. McClendon, Mrs. R. L. Wyatt, Mrs. V. E. Lagrone and Mrs. O. D. Nalls. After the many lovely gifts had been presented, refreshments were served to a large number of guests. Several who could not be present, sent gifts. Mr. and Mrs. Otto Mills and Mr. and Mrs. O. J. Baumhardt of Waco, Texas, Mr. Ralph Baumhardt of Weatherford, Texas, visited their mother, Mrs. Callie Baumhardt and sister, Mrs. F. G. McClendon and family over the week end. Mr. and Mrs. Tom Jones of Henrietta visited Mrs. M. Estep last week. C. S. Rollins and son Herman of Dallas, Texas visited his sister, Mrs. Earl Palmer and Mr. Palmer Sunday. Mr. and Mrs. Cecil Taylor of Wichita Falls were also guests of the Palmers. Mrs. Arvis Wood and Mrs. T. C. Dillow are visiting relatives in Oklahoma City this week. Mr. and Mrs. Raymond Smart of Fort Cobb and Mr. and Mrs. Charles Ray Smart and two sons of Ada visited Mr. and Mrs. R. A. Odum over the week end. Mr. and Mrs. Henry Patterson of Deming, New Mexico, were Friday night and Saturday guests and Mr. and Mrs. A. S. Patterson of Amherst, Texas were Saturday night visitors of Mr. and Mrs. C. O. Woodley. Mr. and Mrs. Elton McClurken of Burk Burnett visited his parents, Mr. and Mrs. E. L. McClurken Sunday. Rev. Danny Eakin of Wichita Falls preached at the First Baptist Church in Devol Sunday at the morning and evening services. Funeral services were held Tuesday, June 19th at the Baptist Church in Devol for Mr. Harve Hinkle, who died June 18th in a Wichita Falls hospital. Rev. Weldon Rightmer of Lawton conducted the services.

Mr. Hinkle was a member of the Methodist Church and Masonic Lodge.

Survivors are two sons, Harve and Henry of Oklahoma City, two sisters, Mrs. Ley of Oklahoma City and Mrs. Patterson of Burk Burnett.

Rebekah Lodge
By Cora Lee Harmon

A memorial was held last Sunday for the deceased members of both branches of the Order, Odd Fellows and Rebekahs. There has been only one member deceased, Brother J. H. Cecil, since our last Memorial. This was a very impressive and beautiful service. During the ceremony three songs were sung by Mr. and Mrs. G. W. Pemberton, Mrs. Fink and Mary Jo Scruggs. The first three songs were "In the Garden," "Sweet Peace—The Gift of God's Love" and the last by the group was: "Will There Be Any Stars in My Crown." Mary Jo Scruggs sang a solo, "Precious Memories." A prayer concluded the service. We had visitors from Wichita Falls. Refreshments of cake and punch were served. A good crowd turned out for this occasion. The refreshments committee sent refreshments to Roy Millikan; Mr. and Mrs. Ot Meyer and Lizzie Woods. After the service a group carried the flowers used for the service to the cemetery to be placed on Brother Cecil's grave.

Good Eating From Idaho

Baked Idaho Russet potatoes and Sweet Spanish onions baked with drippings of the roast loin of pork make a mighty good, as well as obliging, all-in-the-oven meal. Serve it with coleslaw or potato salad, hot rolls, beverage, a light or no dessert. Here is how you'll repeat many times. These two famous Idaho-grown vegetables, such good buys in the markets now, may be served in so many ways that they may become the backbone of many a meal, sometimes a meal in themselves. Couldn't you make a meal of a big "Baked Idaho" or "Baked Idaho and Rice Stuffed Onions?" M-m-m!

Roast Loin of Pork with Dripping-Baked Potatoes and Onions
(for 6 servings)

1 pound pork loin roast
1/2 lb. or 4 large Idaho potatoes
1/2 lb. large Idaho Sweet Spanish onions
powdered sage salt and pepper

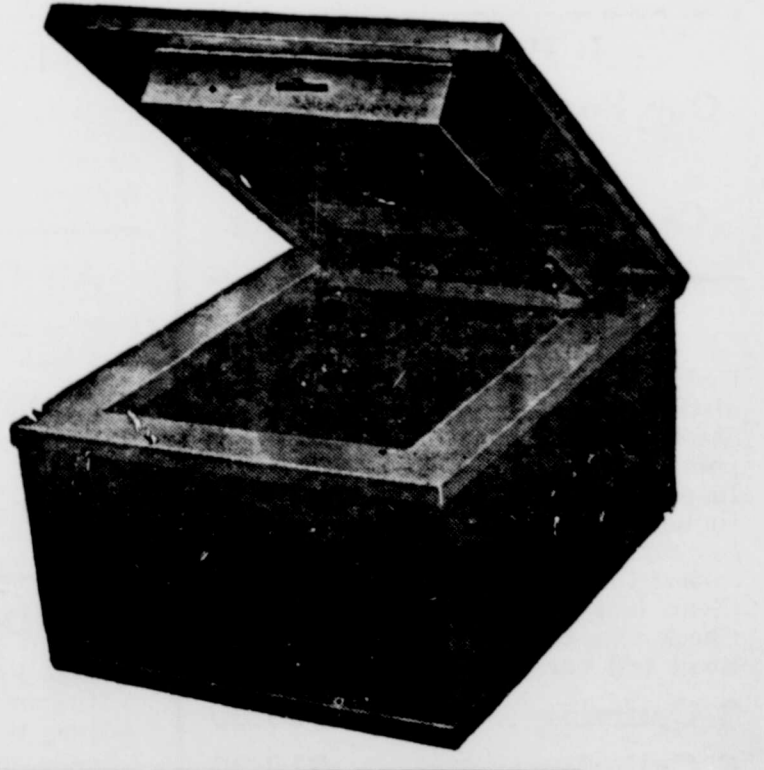

Pre-heat oven to 325 degrees F. (slightly under moderate). Allow 2 hours for total cooking time. Place pork in shallow pan with one-third of the potatoes around it. Sprinkle with salt and pepper. Place in oven while preparing vegetables. Onions should be around 15 minutes. Do not peel. Cut in quarters lengthwise. Scrub potatoes thoroughly. Do not peel. Cut in halves lengthwise. On cut side make a shallow groove. Sprinkle with salt and pepper. Sprinkle with a sharp knife. Sprinkle cut side lightly with salt. Place pork from oven. Place onion quarters and potato halves around pork. Sprinkle onion lightly with salt and pepper. Return pan to oven. After a half hour, baste vegetables with drippings from meat. Repeat twice. The whole meal is ready 2 hours after pork is placed in the oven. Vegetables should be fork-tender and a meat thermometer in pork should read 185 degrees F. Always serve fresh pork well-done. It should have no tinge of pink. Remove pork and vegetables to warm platter, placing potatoes around it. The roast pork drippings will have cooked into a delicious gravy. The remaining drippings.

Protect Those Valuables

Everyone Can Afford This New **Fire Protection Chest** at the lowest price ever!

Your Bonds, Insurance Policies, Notes, Mortgages, Contracts, Income Tax Receipts, Birth Certificate, Discharge Papers, Leases, Kent Receipts, Your Will, Livestock Registration Papers, Canceled Checks, Stamp and Coin Collections, and many other things of personal and sentimental value, which would be destroyed (and could not be replaced) if you had a fire—and you could! There is one about every 20 seconds.

The New High Quality, Low Cost **Fire Protection Chest**

Randlett News

Mrs. Mollie R. Elliott, Reporter

A bridal shower was given Mr. and Mrs. Roger Fielding in the home of Mr. and Mrs. Bill Harrison, Thursday night, June 22nd. Hostess and co-hostesses were Mrs. Bill Harrison, Mrs. Peggy Darter, Judy Clayton, Bonnie Williams, Joan Rhoads, Sharon Butler, Shirley McAdoo, Pauline Shaw and Barbara Nolan.

Refreshments of punch, cake and candy mints were served to honorees and host and co-hostesses and Mesdames Flora Hatcher, C. H. Hale, Buck Baber and son, Louis Williams, Roy Clayton, Carmon Shaw, Mollie Elliott, Albert Nolan, F. W. Kemp, Jess Butler, Ida Green, Evelyn Davis, Sylvia McAdoo, Thelma Fielding, Dessa Reed, Harold Darter, Lee Miller, T. J. Baber, Joyce Conway, Clarence Vache, R. H. Rhoads, Reid McCordless, Laura Hopkins, Mary Eschler, Earl Hall, Misses Nancy Darter, Billie Boggs, Darlene Shaw and Laura McCandless.

Many lovely gifts were sent by friends not being able to attend.

Mr. and Mrs. David Williams of Chaney, Kansas are visiting his parents, Mr. and Mrs. Louis Williams this week.

Mr. and Mrs. Glen Solmon and sons of Wichita Falls were six o'clock dinner guests of Mrs. Zaida Bryant Thursday.

Mrs. Mollie Elliott spent Saturday night with her sister, Mr. and Mrs. J. W. Hicks of Burkburnett.

Mr. and Mrs. Sam Braden and girls of Lufkin visited Miss Alta Mae Braden Sunday.

Mrs. Flora Hatcher accompanied by her daughter, Miss Murle Hatcher of Oklahoma City, Oklahoma spent the week end with her brother, Guy Smith and Luther Tuel and a cousin, Mrs. Madsen of Amarillo, Texas.

Jeanine's Beauty Salon 215 Wigham (Off West College St.) Phone 569-3789 Open Late by Appointment.

Wynn Boles of Wichita Falls is visiting her grandparents, Mr. and Mrs. A. S. Nason this week.

Mr. and Mrs. Johnny Bryant and children visited Mrs. Zaida Bryant Friday evening.

Paula Sue Bridges of Burkburnett spent Friday night with her grandmother, Mrs. Mollie Elliott.

Miss Betty Jo Braden of Wichita Falls spent the week end with her sister, Miss Alta Mae Braden.

Mr. and Mrs. Louis Due and children of Duncan, Oklahoma, enroute home from visiting relatives in Canyon stopped off Sunday to visit her parents, Mr. and Mrs. A. S. Nason Sunday.

The Dorcus Sunday School of the Baptist Church held a social at the home of Mrs. Scott Johnston Thursday afternoon. Mrs. Hattie Campbell brought an interesting Bible lesson on the "Work of Angels" after a social hour of games and visitation. Refreshments of ice cream, cake, pie and iced tea were served to the following Mesdames Hattie Campbell, Alma Capps, J. C. Goodie, R. O. L. Patterson, Eddie Wiles, A. S. Brown, W. W. Manley Sr., A. Nason, Alta Mae Braden and the hostess, Scott Johnston.

Mr. and Mrs. Willis Hendricks of Iowa Park visited her mother, Mrs. Zaida Bryant Wednesday. Mr. and Mrs. L. E. Ellis of Burkburnett visited her parents, Mr. and Mrs. R. H. Rhoads Saturday night.

Mr. and Mrs. Bill Harrison and daughter visited Mr. and Mrs. John Sills of Devol, Oklahoma, Sunday afternoon.

Mrs. A. M. Nason is visiting her mother, Mr. and Mrs. Wade Shaw and son this week of Wichita Falls.

Mr. and Mrs. T. N. Johnson and Mrs. J. W. Romba and children of California are visiting their mother, Mrs. Lillie Johnson.

Miss Helen Stringer of Wichita Kansas visited friends in Randlett Monday. Miss Stringer was a farmer in Randlett in earlier days.

Mr. and Mrs. Leon Underwood and children are visiting Mrs. Underwood's relatives in Minnesota.

Mr. A. J. Turner was reported ill at his home last week.

Elaine and Gary Ellis of Burkburnett spent Saturday with their aunt, Mrs. Bill Harrison and daughter.

Mr. Frank Baldwin and son Bobby of Engleland visited Mr. and Mrs. R. L. Baldwin last week.

Mr. and Mrs. Albert Duke and children of Borger visited Mr. and Mrs. C. L. Watson over the week end.

Mrs. Beulah Riley accompanied by Mr. and Mrs. Sammie Cockrell and children of Duncan, Oklahoma, visited Mr. and Mrs. George Wells of Illinois, and Mr. and Mrs. Louis Rockley in Alabama last week, returning home Sunday.

Mr. Fred Spoon was reported ill at his home.

Mrs. J. R. Hufbauer of Colorado Springs, Colorado, sister of Mrs. F. E. Eastman suffered a stroke Sunday morning. Mrs. R. L. Eastman and Mrs. F. A. Eastman went Monday to be with her.

Mr. and Mrs. Louis Rockley and children of Oklahoma are visiting her parents, Mr. and Mrs. A. J. Turner this week.

Top A Tuna Pie With Cheese

Are meatless meals taxing your culinary ingenuity? They need not, if you know the secret of preparing protein-rich dishes by combining cheese and fresh or canned fish. A good example is a "Cheese-Tuna Biscuit Pie" recipe, newly developed by the Borden Kitchen. It's a delightful combination of sharp process American Cheddar cheese and canned tuna which will appeal to the man of the house on two counts—it's rich taste, and its low cost.

Cheese-Tuna Biscuit Pie (Makes 4 to 6 servings)

- 1 (8-oz.) can Sweetmilk or Buttermilk Biscuits
1 cup (7-oz. can) flaked tuna fish
1/2 cup diced celery
1 tablespoon finely chopped green pepper
2 (1/2-oz.) envelopes Instant Minceed Onion chopped (or 1/2 cup fresh onion)
1 tablespoon lemon juice
1/4 teaspoon salt
1/8 teaspoon pepper
3 tablespoons mayonnaise
6 thin slices tomato

16 (12-oz. pkg.) Vera-Sharp Cheese Slices

Remove biscuits from package. Press biscuits evenly over bottom and sides of buttered 9-inch pie pan to form crust or shell. Bake according to package directions. Combine tuna fish, celery, green pepper, onion, lemon juice, seasonings and mayonnaise. Spread tuna fish mixture evenly over baked biscuit shell. Circle top evenly with 5 of the tomato slices. Cut cheese slices package in half diagonally. Remove wrapper and separate cheese triangles, edges overlapping, over entire top of pie. Tuck points of cheese slices inside biscuit shell. Place remaining tomato slice on top center of pie. Place pie under preheated broiler about 4 inches from heat for about 3 minutes, or until the cheese is hot and bubbly. Remove from broiler; cut into wedge-shaped pieces. Serve hot.

Mr. and Mrs. Albert Duke and children of Borger visited Mr. and Mrs. C. L. Watson over the week end.

Mrs. Beulah Riley accompanied by Mr. and Mrs. Sammie Cockrell and children of Duncan, Oklahoma, visited Mr. and Mrs. George Wells of Illinois, and Mr. and Mrs. Louis Rockley in Alabama last week, returning home Sunday.

Mr. Fred Spoon was reported ill at his home.

Mrs. J. R. Hufbauer of Colorado Springs, Colorado, sister of Mrs. F. E. Eastman suffered a stroke Sunday morning. Mrs. R. L. Eastman and Mrs. F. A. Eastman went Monday to be with her.

Mr. and Mrs. Louis Rockley and children of Oklahoma are visiting her parents, Mr. and Mrs. A. J. Turner this week.

Miss Margie Hollis of Casa Grande, Arizona and Mrs. Glower Suter of Hobbs, New Mexico and James Ford of Walters, Oklahoma visited friends here Friday.

Mr. and Mrs. Nay Fowler and daughter, Edd Spoon of San Antonio visited relatives here over the week end and were six o'clock dinner guests of Mr. and Mrs. J. M. Braden Sunday. All visited Mr. and Mrs. T. E. Spannagel, Mr. and Mrs. Tom Stanford, Mr. and Mrs.

David Oxley and daughter of Wichita Falls.

Mrs. A. J. Turner was reported ill in a Wichita Falls hospital.

Mr. and Mrs. Bill Lund and children of Tulsa, Oklahoma were week end guests of her parents, Mr. and Mrs. C. H. Thompson, Mr. and Mrs. Oneal Weaver and children of Wichita Falls were Sunday guests also.

Mr. and Mrs. Melvin Walker of Dallas and Mr. and Mrs. Parker White and sons of Burkburnett visited Mr. and Mrs. Joe Burton and children Saturday night and Sunday.

Mr. and Mrs. S. H. Davis celebrated his 80th Birthday Sunday with a family reunion and dinner in the Waurika, Oklahoma Park. Those attending were Mr. and Mrs. Claud Davis and son Dickie, Mr. and Mrs.

J. H. Davis and daughter Lerris, Mrs. B. D. Kirkpatrick and children, Mr. and Mrs. Lloyd Whittington and daughter Bobby, Mrs. Bette Fisher and granddaughter, Mr. and Mrs. Kenneth Davis and son Gary, Mr. and Mrs. Wayne Hall, Mr. and Mrs. Harlon Willington and Mr. and Mrs. J. W. Davis and three sons.

Mr. and Mrs. Paul Clayton are the parents of a son born in a Knox City hospital Saturday at 2:00 p. m. Paternal grandparents are Bro. and Mrs. Roy Clayton.

The Daisy Club met with Mrs. Paul Hooper. The meeting was called to order. Mrs. N. R. Kirkpatrick read the devotional from Psalms 19, verse 14.

Prayer was led by Mrs. F. E. Eastman. The afternoon was

spent in quilting for the victims. The White Elm was drawn by Mrs. C. B. Refreshments of punch, cookies were served to the following Mesdames B. B. T. A. Kinnard, Fred H. Dunn, A. L. Patten, Lena Patton, F. E. Eastman, C. H. Thompson, Henry N. R. Kirkpatrick and Wilkinson.

The next meeting will be Mrs. C. B. Ressel, July when more quilts will be made.

Mrs. W. R. Baldwin was in Dallas today where she boarded a plane to Wichita to join Miss Martha Jo to help her drive home.

If your water heater is on "borrowed time"...

Replace it now with a modern flameless

ELECTRIC WATER HEATER

and save \$50 with this...

Good for \$50 on the retail purchase and installation of a new electric 40-gallon (or larger) glass-lined quick recovery water heater in any home served by Texas Electric Service Company. Certificate available now and for a limited time only from your electric appliance dealer, plumber or electrical contractor.

Only an ELECTRIC water heater gives you all these advantages:

SAFE—NO FLAME. No flame to blow out accidentally, no fuel to leak, no pilot light or flue to worry about.

SUNSHINE CLEAN. No by-products of combustion to soil walls or ceilings. No unpleasant fumes. No flue to accumulate soot.

INSTALLS ANYWHERE. Needs no flue. Can be installed anywhere in the house, close to the point of greatest use. Saves long, heat-wasting pipe runs.

FAST—EFFICIENT. Immersed electric heating elements put all their heat into the water. No heat is wasted up a flue. You get hotter water faster and it stays hot longer.

LONG LIFE. With an electric water heater, the tank bottom is not subjected to the corrosive action of flames. There are no valves to stick, no burner to adjust.

NEW LOW RATE. Only 1/4 cents per kilowatt-hour for all electricity normally used for water heating by the average family. Call our office for details.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Texas — Texas has something to brag about. The best traffic safety record in Texas history.

The National Safety Council "grades" all states on traffic safety. Of a possible 100 points, Texas got 84 for its efforts to solve traffic deaths and injury during 1961. A big share came from the second lowest traffic death toll since 1949—"only" 2,313 killed on the highways in 1961.

California had the best score with 86. Michigan was second with 85. Texas tied with Illinois

and Ohio for third place among the "big traffic" states.

Gov. Price Daniel said that holding down the death rate despite steadily-increasing traffic made a real record—fewer deaths per 100,000 miles traveled than ever before.

New Industry—Every Texas city is looking for new industry. But they aren't alone. Every state has some sort of industry-attracting program.

In May, Texas tied with Illinois for fourth place in the number of new industries opened for business. Each had 30. New York's 49, California's 35 and Pennsylvania's 32 led Texas.

Some states allow public-supported bond issues to finance plant buildings. The Texas Industrial Commission thinks this should be done by private finance, but it asked the Texas Research League to make a study to see which approach is best.

Texas Industrial Commission is running ads this month in Business Week, Wall Street Journal, Dun's Review and American Banker magazines and newspapers, inviting industry to look at Texas for new plant sites.

Carla's Cost—Hurricane Carla, which hit Texas last September, struck a delayed blow this week.

After insurance companies paid more than \$110,000,000 in insurance claims, the State Board of Insurance ran up the statistics in setting new rates for extended coverage insurance — which includes wind-storm damage.

The result—a 27 per cent increase in dwelling rates in the "seacoast territory" and a 5.3 per cent increase in the two inland territories.

"Seacoast territory" comprises all counties on the Gulf of Mexico, plus a tier of counties adjoining them.

In these counties, where \$100 worth off extended coverage costs 35 cents this year—it will cost 44 cents after July 1.

This is just the dwelling rate. There are dozens of other variations in the complicated business of setting insurance rates.

But it's all based on statistics. When insurance companies have the biggest losses in history in 1961, it raises rates for a number of years to even things up.

Here to Stay—From the way Texas Democratic nominees for the state Senate are thinking now—the new sales tax is here to stay.

There likely will be some modifications—but no chance of repeal, and little chance of making it one per cent on everything instead of two per cent on most things.

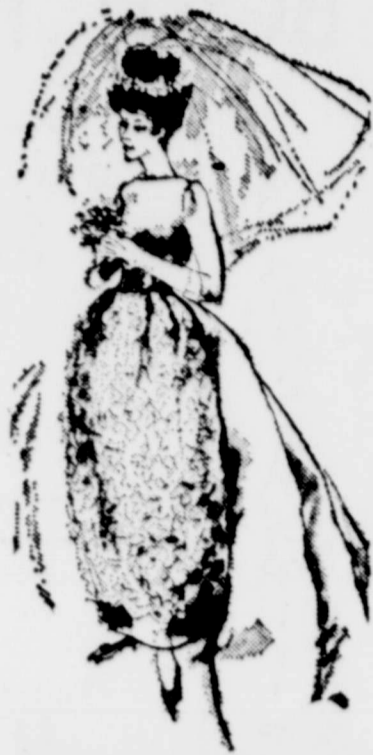

That is the result of a newspaper survey of Democratic nominees for the Senate.

A clear majority—17 of the 31 — felt that the sales tax would not be repealed. Only one among the 17 said he would vote to repeal it.

But several feel there should be some changes made. Major item suggested was to do something to ease the strain on small vendors.

Interpretations of the law are that the merchant can't collect the tax on sales of less than 25 cents, but must pay the tax to the state on those sales as a part of his gross sales.

Theory was that collecting

REGAL—A detachable train and a back-buttoned bodice over a canisole top are convertible features of this bridal gown made of cotton lace and cotton ottoman. Vogue Printed Pattern 4139 includes this style plus a short version for bridesmaids.

more than two per cent, on sales of 25 cents and more would even things out. But it hasn't worked that way, particularly among people like restaurants where they sell a lot of coffee, vending machines, newsboys and others.

There may well be some changes made in this.

Gift Declined—The State Parks Board had before it a bold offer—but with a half million dollar string attached.

Mr. and Mrs. C. A. Wheatley of San Antonio, offered the state their 4,778-acre ranch in Blanco County for a state park. But the condition was that the state spend \$500,000 to make a sure enough park out of it.

Parks Board members divided. Harry Horby, Uvalde publisher, said yes. He was joined by two members, but three opposed. So it was a 3-3 tie.

Ed Kilman, Houston editor who voted not to take it, hoped that the Legislature will see its way clear to provide the money in 1963, and that the offer by the Wheatleys will be renewed.

The Wheatley ranch lies along the Pedernales River. It abounds in wild game and scenic country for ten miles along that stream.

Parks Board, fighting a hard fight with a short stick on money, just couldn't see how it could promise to spend \$500,000.

It has a fund of \$700,000 to be used next year on parks improvement. Meanwhile however, Texas Tech is to draft a master plan for park development, showing where the start should be made in improving the long-neglected park system.

More Oil Suits—Eight more operators in the East Texas Field were enjoined from interfering with tests on their leases to see if their oil wells run straight up and down.

And the Railroad Commission extended to the Hawkins Field of Wood County its prohibition against plugging wells.

Atty. Gen. Will Wilson got word that some wells in that field may have been slanted over to someone else's property, so he asked that the no-plugging ban include the big Wood County field.

When the investigation opened, several operators immediately plugged their wells with cement, thus preventing check into the variation from the straight and narrow path.

Of 27 wells checked so far, only one has been found to be straight.

Lawsuits continue to pile up

on the dockets of East Texas courts, as neighbors sue neighbors they think have drained oil from under their leases.

Long Suit—A West Texas judge may spend the winter—and part of the spring—in the Lower Rio Grande Valley.

Chief Justice Robert W. Calvert named District Judge J. H. Starley of Pecos to preside over the big water rights lawsuit in Hidalgo County, where the tangled skein of water rights will be unraveled.

Trial is scheduled to start in September on the main lawsuit. The big question, whether land-owners have a right to use irri-

gation water from the Rio Grande without a state permit, already has been settled.

Texas Supreme Court said lands deriving from Spanish and Mexican grants do not have a riparian right to use water for irrigation.

With that big question answered, Judge Starley will go into a hundred other questions in the suit involving all users of the Rio Grande from Maverick County to the Gulf.

Visiting judge had to be sent in since District Judge Magus Smith was disqualified because he had been an attorney for some of the interested parties

before he was elected judge.

Road Men—Texans who work for better highways came to Austin for their annual convention.

They named Leslie Neal Sr. of San Antonio as president of the Texas Good Roads Association for the coming year.

They voted to increase speed limits to 70 miles an hour, and to let the State Highway Commission zone highways for speeds up to that limit.

John Connally, Democratic nominee for governor, told delegates that Texas should not divert its highway tax money to other purposes. But he warned

that the cities need to speed up their street construction programs, too.

Books—Bookmobile demonstrations are being held in Caldwell, Hays, Fayerly and Coryell Counties.

State Librarian Doris Winfrey announced the commission of the rural book program, presently financed by the state and local units of the state.

Industrial Platinum—Because of its unique properties, about 90 per cent of today's platinum is used in industrial applications.

Burk Optimists Adding Members

Burkburnett's newest civic club, whose international slogan is "Friend of the Boy," continued its membership landslide with eight new charter members accepted by the Burkburnett Optimist Club on Thursday evening, June 21, during its regular weekly meeting at Town Hall.

Thursday Cut-Off Date For Charter Members

Next Thursday evening, June 28, the Burkburnett Optimist Club will close its charter membership ledger. Civic minded men of Burkburnett who would like to join an organization which needs them and who are

interested in promoting youth activities, are urged to attend Thursday night's meeting at 7:00 p. m. in Town Hall. Officers will be appointed and a program of work discussed for the creation of youth activities within Burkburnett.

New Charter Members

Burkburnett Optimist Club's new charter members are: Hugh Caffey, Minister, First Methodist Church; Ronnie Mullins, Principal of Southside Elementary School; Monte Knox, Southwest Bell Telephone; Louise Renfro Mobil Oil; Robert Case, Metropolitan Insurance; John Larsen, American Petrofina; Page Brown, Civil Service, Sheppard AFB and Web Sharp, Manager, Burkburnett Chamber of Commerce.

Sponsored By Sunrise Optimist Club of Wichita Falls
Four officers of the Sunrise

Optimist Club of Wichita Falls have been meeting regularly with the neophyte Burkburnett Optimist Club. Present last Thursday night were: Mike Duncan, president; Glen Atkins, Lt. Governor of Zone A, District 7; Charles Johnson, vice president; Bill Brewster, new club building chairman and Frank Granot, district new club building chairman.

Just what is Optimist International? Briefly, the three basic objects of Optimist International are: (1) To internationally develop Optimism as a philosophy of life; (2) To promote an active interest in good government and civic affairs; to inspire respect for law; to promote patriotism and work for international accord among all people; and (3) To aid and encourage the development of youth throughout the world.

Advertisement For Bids

Separate sealed bids for remodeling restrooms and showers areas in the High School for the Burkburnett Independent School District will be received by the Burkburnett Independent School District at the Office of Superintendent until July 5, 1962, at 4:00 p. m.

The information for bidders, specifications and plans may be secured at the office of School Superintendent.

The owner reserves the right to waive any information, or to reject any or all bids.

CLEANING REELS

Experts have found that the best solution for cleaning fishing reels is a mixture of two parts alcohol to one part light oil or gun oil.

Mix well and clean reel thoroughly.

When the alcohol evaporates, it leaves a light, protective film of oil which keeps reel parts from rusting, or corroding.

The Church Plants and WATERS...

The church plants the seed of faith, waters and tills the soil. These are the things that a church can do, and no more... then God provides the love and life-giving essentials. The growth then depends on the type of soil... is it barren... mediocre... or fertile. Your life with God will grow according to your will and desire.

"Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful. But his delight is in the law of the Lord; and in his law doth he meditate day and night. And he shall be like a tree planted by the rivers of water."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Roger W. Babson Weekly Report

Roger W. Babson
Babson Discusses TV Advertising and Jobs

I recently had luncheon sitting next to Mitch Miller who puts on one of the very best television programs now available. It usually goes on at 10:00 p. m. EST. Thursday nights. I had an opportunity to obtain some very interesting data on the tremendous growth of TV advertising. It surely illustrates why it is working havoc with magazines.

Cost of TV Advertising
The "Sing Along With Mitch" program takes about four or five days a week to prepare and rehearse. Each of the twenty or more men who sing receives \$500 a week and the girls on the program are also well paid. Altogether, including commissions, the cost of producing these weekly shows exceeds \$130,000. There are many experts engaged in the programing, lighting, and various other technical arrangements. Their names appear on the screen at the close of each show.

I was especially interested to know that the sponsors for one minute of allotted advertising time pay the equivalent of \$20,000; this, for a total of six minutes, means a cost of \$120,000. This, of course, includes the commissions which go to the advertising agencies. TV advertising has certainly grown to be "big business."

When we come to realize that this show which we see Thursday evenings is appearing simultaneously on 150 TV stations which have about 40 million viewers, it may be the cheapest form of advertising obtainable for any product that has universal distribution and can be bought in any city or town. The entire "TV industry" is still in an experimental stage; it is impossible to forecast its future. This is especially true when it is realized that only about one percent of the TV receiving sets now carry color.

Color will become almost universal when perfected.

When discussing with "Mitch" the above story, he said that the TV programs are really revolutionary. He stated: "If you will study any of the leading magazines, you will see that they do little to arouse the real interest and emotions of the reader. For instance, none of these magazines would think of printing the old songs and familiar poems which my men sing. Yet, it is these old songs which bring back to listeners their younger days and appeal to their hearts. I have thousands of letters telling how the songs which my men sing remind the writers of their father and mothers and their boyhood and girlhood days."

Another important factor is the speed with which news of special events or happenings may get to every city and village of the country — for instance, if some great fire, or airplane accident, or cyclone takes place. This was especially evident when Carpenter was orbiting the earth. While going 17,500 miles an hour and 125 miles in the air, he was radioing messages which appeared on TV within a few minutes after he sent them. Hence, in addition to the advantages mentioned above in connection with advertising, TV can publish news almost instantaneously. At

GO-TOGETHERS — A cotton knit jacket over a candy-striped sleeveless dress provides this young lady with an Easter ensemble that'll get through summer. By Claire Brooke, it's available in tones of green or blue.

the present time, the best foreign pictures must be shipped to this country on film by airplane; but a development with which the American Telephone & Telegraph Company is experimenting will revolutionize the transmission of foreign pictures. By throwing beams to satellites, we will have instan-

eous pictures from all over the world on our own TV sets.

Employment Opportunities
While labor worries about losing jobs through automation, their leaders should not forget that TV vastly increases employment. This is also true of the rapidly growing electronic inventions. Furthermore, the TV industry will not be curtailed if Russia and the United States should come to an agreement on limiting nuclear warfare. Such would cause much unemployment around Cape Canaveral, Florida and throughout California.

There is one thing, however, which young people must real-

ize—namely, that the demand will be for trained men and women. This means that, to avoid unemployment, all ambitious young people must at least get a good high school education and take additional evening courses. Parents should count upon this now.

DID YOU KNOW

The first mechanical clock was made in Paris in the 14th century by Henrik de Vick. Still running today—at the Palais de Justice in the French capital... The world's longest national anthem is the Greek, 158 stanzas.
