Ground Breaking Ceremonies Sun- For Cashion Baptist Church

The Cashion Baptist Church, located in the town of Burkburnett, was first organized in 1913 and a small frame building was erected on a plot of land donated by the late Mr. Cashion. In addition to the church also received the rights which included the land on which the present church building stands. The building was destroyed by fire in 1933 and a new structure was built on the same location. Following the fire on October 1933 which did considerable damage to the church building, the members decided to build a new and modern church building, but not on the same location. This decision was made after much discussion of the factors involved. Mrs. Elmer Burns Burkburnett has donated approximately 4.200 square feet of land approximately from the present city on the Wichita Highway. The new structure will be a modern design containing 4,200 square feet of space with central heating and air conditioning. Ground breaking ceremonies for the new building have been held for Sunday, October 21, 1962, at 2:00 p. m. at the new site. Participating in the program will be Rev. Sid Brasher, the pastor of the church, and the tentative completion of the church services will be in the old church until the new building is completed.

4 REASONS FOR OPPOSING AMENDMENT 14 TRIAL de NOVO

At The General Election November 6
Vote AGAINST Trial de Novo (Amendment 14—Last on Ballot)
If Constitutional Amendment No. 14 is adopted a vote of the people and the Legislature exercise the power it is granted, then it would:
1. Transfer control of local government from the people to the courts.
2. Destroy a fundamental principle of government—the balance of power between legislative, judicial and executive branches of government.
3. Subordinate the judicial and executive branches of government to the legislative branch.
4. Force judges to become executives and administrators.
5. Swamp the courts with law suits.
6. Permit appeals to courts for the sole purpose of harassment and delay.
7. Increase the cost of government by as much as one-third.
8. Endanger the basic freedoms of all Texans.
9. Create chaos in established democratic processes.
10. Render ineffective established and essential executive functions of government.
11. Stymie local improvements and invite Federal financial aid and control.
12. Permit a lone disgruntled person to appeal and nullify important decisions relating to education, health, safety and welfare.
13. Make Texas the only state to abandon the American system of checks and balances.
14. Discourage qualified candidates from seeking public office or accepting appointment to administrative posts.

BURKBURNETT GRADUATES WED IN SACRED HEART CATHOLIC CHURCH

Burkburnett High School graduates Miss Linda Darlene Holt and Thomas Anthony Reed were married in Sacred Heart Catholic Church Friday evening by Father Patrick Scalan in a ceremony held at 7:00 o'clock.
After a wedding trip to Dallas the couple will be at home in Memphis, Tennessee, where Reed who is serving with the U. S. Navy—will attend Aviation Mechanics School.
Miss Holt, the daughter of Mr. and Mrs. James H. Holt of 2913 S. Bandera was active in student affairs in high school, having been a member of the band four years, a cheerleader four years and a member of the National Honor Society and Student Council. She was elected senior favorite and was voted Miss Manners of 1962. She was employed by Fletcher - Owen Clinical Lab.
The bridegroom is the son of Mr. and Mrs. Jack N. Reed of Burkburnett. He was art director of the high school annual, a member of the speech club and was elected senior favorite. He has just completed naval boot training in San Diego, California.
The altar of the church was decorated with arrangements of white gladioli for the couple's exchange of vows. Wedding music was presented by Mrs. Carl Edwards, organist, and Mrs. Ewell Cason, vocal soloist.
For her wedding, Mrs. Reed wore a floor-length gown of taffeta with basque bodice featuring a scalloped scooped neckline, and bouffant skirt. Her fingertip veil of silk illusion was held in place by a tiara of seed pearls and sequins. Her flowers were a bouquet of white roses centered with a Japette orchid which she carried on a white prayer book. She was given in marriage by her father.
Attending the bride as matron of honor was Mrs. Bob Landrum of Killeen, Texas. She wore a streetlength dress of ice blue satin with cap sleeves, round neckline and dome - shapped skirt. Her headpiece was a circlet of blue illusion. She carried a single long-stemmed red rose.
Bridesmaid Miss Sharon Nix of Burkburnett was dressed identically to the honor attendant and carried a single red rose.
Candlelighters were Mike Ryckoff and Rocky Germano. Dee Ann Riddles and Jeffery Burge were flower girl and ring-bearer.
Daniel Stempel, cousin of the bridegroom was best man. Other male attendants were Bob Landrum; Howard Hill Jr., the bride's cousin; Jimmy Joe Holt, the bride's brother; Charles Koerth of Electra; and Jess Lambert of Dallas.
At a reception held by the bride's parents in Sacred Heart parish hall following the wedding Mrs. Betty Culver; Mrs. Betty Goode of Oklahoma City; Miss Kathy Reed, sister of the bridegroom; Mrs. C. A. Winscott assisted with registering and serving guests. The bride's table was covered with a white embroidered cloth over blue and was centered with an arrangement of blue and white carnations.

Retail Merchants 'Christmas Days' To Start Thursday, Nov. 1st

Winston Freeman, retail merchant's council president, announced today that "Christmas Days," a promotion planned by the Retail Merchant's Council and sponsored by the Chamber of Commerce, will start next Thursday, November 1, in Burkburnett. At that time, local merchants will begin giving away "Christmas Days" tickets that customers will deposit in store containers.
Drawing Every Saturday
A drawing for \$125 merchandise certificates (five prizes of \$25 certificates) will be held every Saturday from November 3 through December 22, 1962. These certificates will be honored by "Christmas Days" merchants until the last day in January, 1963. In all, \$1,000 in merchandise certificates will be awarded to Burkburnett shoppers by the local merchants during the eight week promotion.
This is our way of expressing our gratitude to loyal customers who shop in Burkburnett and thereby strengthen this communities economic well-being," stated Mr. Freeman.
CARD OF THANKS
The family of Floyd Spicer wishes to thank everyone for the kindness and sympathy during the illness and death of our husband and father. Thanks to Drs. Adams and Carpenter and Nurses.
May God bless you all.

Tullis Motor Co. Receives Rambler Franchise

Announcement was made this week that Howard Tullis, Owner-Manager of Tullis Motor Co., has received the Rambler franchise in Burkburnett.
Rambler is America's number one Economy car and features three series—American, Classic and the luxurious Ambassador. These cars come in a number of body styles and colors and feature the largest selection of interior colors and fabrics in Rambler's history.
Tullis Motor Co. will have a large selection of Ramblers to choose from. Watch for the formal showing scheduled in the near future.
Mr. Tullis also announces that a service department with all new equipment has been set up to service all makes and models of automobiles. Special tools have been added to give the best service on Rambler automobiles in this area.
The garage is open for business now under the management of Lonnie Dolan, an experienced and well known Burkburnett mechanic. New and used parts are available for minor repairs to complete overhaul jobs. Mr. Tullis states that it is the nicest garage in Burkburnett and has the most reasonable prices.
Be sure to watch this paper for announcement of the formal showing of the new Ramblers.

Youth Center Director Resigns
"It was my purpose in accepting a position on the Board of Directors of the Youth Center to adopt conservative rules that would permit participation by the conservative youth of this area. The way the rules now stand since the meeting of October 23, 1962, my personal convictions make it impossible to continue as a board member."
I therefore render my resignation effective immediately.
Sincerely,
Clifford E. Hagstrom

BOY SCOUTS OF AMERICA Northwest Texas Council

Dear Burkburnett Star:
Boy Scouting is that part of the Scouting movement, especially designed for boys 11, 12 and 13 years of age. The purpose of the Scouting movement is to promote the ability of boys to do things for themselves and others, to train them in Scouting crafts, and to teach them Patriotism, Courage, Self-reliance and Kindred Virtues.
Our institution sponsors the Scouting movement in our neighborhood, and we would like very much to have you, and your son, become members of our Scouting family. Experience shows that your interest and help is necessary, and will have much to do with the satisfaction your son will gain from Scouting.
So that you may have a close look at Scouting, we extend this invitation to attend with your son, A SCOUT RALLY.
Date: Monday, 29th October, 1962.
Place: American Leigon Hall. Time: 7:30 p. m.
Scoutingly yours,
R. J. Puczkowski
Visitors in the home of Mrs. Carrie Morris Saturday afternoon were her niece, Mrs. D. E. Bratt, and daughter Jeanie of Archer City.

Residents To Get Second Chance To Take Type II Oral Polio Vaccine

Polio can be eliminated as one of our dread diseases just as small-pox and other preventable diseases have been eradicated. Before the discovery of small-pox vaccine few people went through life without contracting this serious disease, and many thousands died from it each year. The majority of the people have now been vaccinated against small-pox. As a result of this, if one case of small-pox lands in the United States from some foreign country, it makes front page news in every newspaper in the nation.
We now have an opportunity to STAMP OUT POLIO as completely as small-pox has been eradicated. ALL THAT IS NECESSARY IS FOR EVERY ONE REGARDLESS OF AGE TO TAKE THE ORAL POLIO VACCINE.
THE THREE TYPES OF POLIO. Those who took TYPE I POLIO VACCINE in September are URGED TO CONTINUE THEIR VACCINATION PROGRAM BY TAKING TYPE II POLIO VACCINE SUNDAY. Those who didn't take TYPE I POLIO VACCINE ARE URGED TO TAKE TYPE II NOW, and get TYPE I at their physicians office at a later date.
If you were unable to take TYPE TWO II ORAL VACCINE last Sunday, you owe it to yourself and your community to get the vaccine at the MAKE UP CLINIC SUNDAY, OCTOBER 28TH.
THE MAKE UP CLINIC FOR TYPE II POLIO VACCINE will be held from 12:00 noon to 6:00 P. M. SUNDAY, OCTOBER 28TH at the BURKBURNETT YOUNG HALL.
CARD OF THANKS
I wish to thank all my friends for the cards, flowers and visits during my stay in the hospital. Your thoughtfulness will long be remembered.

Burk 7th Graders Winners 6 to 0

The Burkburnett Junior High teams played Central Junior High of Lawton, Oklahoma in Lawton, Tuesday p. m.
The Burk 7th Graders won their game 6-0. The only score came in the first quarter after a sustained drive when Johnny Mitchell ran three yards for the touchdown.
The remainder of the game was back and forth, with Burk keeping the Lawton team backed up in their own end of the field.
Burk threatened to score twice, but failed to get over the goal line. Rusty Todd scampered 70 yards to the Lawton five yard line, but Burk fumbled the ball on the next play.
The Burk 8th Grade played a 0-0 tie. A strong defensive game with both teams about even in first down and yardage gained.

Mr. and Mrs. Ivan Duke of Atlanta, Georgia, and Mr. and Mrs. Burns Duke of Hollypond, Alabama, are visiting their brother, Mr. and Mrs. Jack Duke and other relatives here this week.

5,000 Christmas Gifts Needed For State Hospital

One of the most challenging projects the Contemporary Study Club has ever undertaken is the collection of clothing and other necessities for the patients at the State Hospital in Wichita Falls. This has been a project of the club for several years and it is a project which is never completed. The needs of the hospital continue to grow each year due to the increase in the number of patients. At the present time there are approximately 2,500 patients in the hospital. Of this number between 40 and 50 are teenagers.
With the approach of the Christmas season the hospital is making a special request for 5,000 Christmas gifts for the patients, 100 pounds of coffee, 2,000 pounds of candy, lights for 40 trees, decorations for 124 tables, cigarettes, 20 large rolls of Scotch tape, wrapping paper, ribbon and boxes for the gifts. The hospital requests that the gifts not be wrapped as the patients enjoy wrapping the gifts they wish to give.
Besides the special gifts for Christmas, many other items are always needed. These include sports equipment, games, dominoes, cards, checkers, Wahoo games, men's clothing, pants, shirts, pajamas, bath robes, house shoes, underwear, socks, belts, ties, billfolds, shaving supplies, old electric shavers, women's clothing, gowns, robes, house shoes, old formal or semi-formal dresses, nurses, cosmetics, jewelry and nail polish. An unusual request of the hospital is for plastic jugs, 1 quart to 1 gallon size. The jugs are used to store cleaning fluids, detergents and etc.
The Contemporary Club members are making an effort to collect as many items as possible for the hospital and will make several trips to the hospital before Christmas.
If Burk residents have anything they would like to donate to the hospital, please call 569-2335 or 569-3950 and someone will pick them up for you or you may leave them at the Chamber of Commerce office or the Burkburnett Star.
All contributions will be greatly appreciated.
An understanding housekeeper or secretary either likes you or doesn't, and that's that.

CONFIDENCE IN THE DOLLAR

"This nation has now been on a deficit-financing basis for 25 of the past 31 years. The statutory limit on the federal debt is now 308 billion dollars. A federal debt approaching 308 billion dollars will be the greatest national debt in history—in war or peace."

Thus writes Senator Byrd, the Senate's leading authority in fiscal matters, in Tax Review. What is the grim result of this. Senator Byrd answers that question tersely: "Our fiscal position does not inspire confidence at home or abroad; but we need confidence in the dollar as we never needed it before."

What then, most urgently needs to be done. Here is Senator Byrd's answer to that: "Those in authority must act to restore confidence in the dollar. They can act most effectively and most expeditiously by action to balance the domestic budget."

We all want tax reduction. And we want a tax system that will encourage, not handicap, this country's growth and strength. But, with this, there must be the most rigid kind of government economy in every non-essential field. There must also be elimination of the waste that has been revealed time and again in essential fields, including defense spending. Then there will be a resurgence of confidence in the dollar.

In 1961, Americans consumed roughly 150 billion gallons of petroleum products—a total equal to 830 gallons for each man, woman and child.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Millions once laughed as Fibber McGee's catchall closet door opened to spill the net-skeeter mess hidden inside.

While causing no mirth, today's Fibber McGee closet is becoming the Social Security system; the catchall for vote seeking politicians.

This is a reason 77% of the nation's businessmen, voting through the National Federation of Independent Business, disapproved additional Social Security taxes for aged hospital care.

By 1969, if no further frills are added, the combined SS rate paid by employers and employees will be 9 1/2%. Rep. Helms has introduced a resolution for a constitutional amendment to freeze the maximum permissible tax at 10%.

While this measure is probably better than no limit at all, there is a question if the limit should not even be lower.

SS tax increases poses an economic paradox apparently obvious to all but to the socialist element of lunacy along the Potomac.

Every time the employer half of SS taxes are raised, labor cost increases. This increases his costs and prices at a time when inflation at home, non-competitive pricing abroad, are pointed out as grave national problems.

Yet, a strong case can be made for SS benefits for em-

ployees. Millions of employees, either unable or unwilling to make provisions for their future, are thus kept from being eventual burdens on society. In addition, that part of their earnings paid in SS taxes is not being spent now on goods, increasing inflationary pressures. Thus, employee contributions are anti-inflationary, while employer taxation increases inflation.

It also seems obvious that a poll of employees would find majority hearty in favor of Social Security. They would say it is good for them, a point of view which is logical.

Thus, why is it not logical for employees to pay entire amount for their future security payments. After all, employers are not expected to pay half their fire insurance, auto insurance, other life insurance.

In fact, if the employees of the nation were permitted to vote in a nationwide referendum, on the subject, there could be interesting results, especially if it were made plain and clear that from that point on, the full Social Security tax would be paid by the employee. It is quite possible that the employees of the nation would vote an even higher tax on themselves to finance larger benefits.

But continual increases in SS taxes on employers is merely increasing inflation, eroding through higher prices the benefits that employees expect to receive. Actually, if politicians were honest employees would undoubtedly realize that instead of Peter being robbed to pay Paul, Paul is being hijacked, too.

Benefits already promised, and enacted into law, will require a 48 per cent increase in Social Security payroll taxes between now and 1968. The current maximum of \$150 a year will rise to \$222; the 1968 rate for the self-employed will be \$331. Costs of the proposed measure which would provide medical benefits to everyone drawing SS benefits would have to be added to these. These costs are estimated to be at least \$1.1 billion for the first year, increasing to about \$5 billion annually within ten years.

IT'S UP TO YOU

By Howard E. Kershner, L.H.D.

THE so-called liberals who clamor for more socialism are fond of saying that we must choose between freedom and security and that it is necessary to sacrifice in order to obtain security.

Let them now explain to us what security the tens of millions of people in China have obtained from socialism. Let them comment on the hunger that stalks Cuba along with Castro's strutting dictatorship. Let them explain the short rations, the long queues of people seeking food and the monotonous diets and undernourishment existing in all Communist lands.

What sort of security has the collectivism so highly touted by the so-called liberals provided? The security of common misery and terror and for unknown millions, death from starvation or from power-mad zealots who are determined to maintain their control over the people.

The sad fact is that the Communist starvers are not seeking the welfare of the people but are seeking to maintain their own power. In Russia, the greater part of the highly nutritious foods such as butter, milk, cheese, eggs and meat are produced on the small plots the collectivized farmers may cultivate for their own use and for sale in the local markets. This demonstrates beyond a doubt that the Communist governments could solve the food problem if they would. All they would have to do would be to return the land to the farmers, free them from controls and allow them to produce the needed food-stuffs. That would restore the food supply and relieve the shortages and hunger existing in the Communist lands. These facts are known. There is no doubt about it and yet these Communist bosses prefer to starve their people rather than to allow them this small measure of freedom.

Socialized farming is not for the purpose of producing food. It is for the purpose of giving the Communist bosses a monopoly on food supplies in order that they thereby may be able to control the people.

Goins and the meeting was opened by all members singing "Sweet Hour of Prayer," followed by Carol Roderick presenting the poem "On a Crisp Autumn Morning."

Roll call was answered by each member responding with a "Table Manners Hint." Lunch was served at twelve noon and afterwards the Hardin Club was joined by eleven members of the Ray Home Demonstration Club of Wichita Falls, Texas. The evening entertainment consisted of a very interesting

Bake A Cake The Easy Skillet Way

Bake a cake in an electric skillet? Try it. It's a real time-saver. For your first skillet-baked cake, here's a low-calorie but rich-tasting Pineapple-Walnut Upside-Down Cake. The low-calorie secret lies in the use of homogenized-smooth instant nonfat dry milk. The fruit and walnut topping results in a glamorous cake.

Pineapple-Walnut Upside-Down Cake

(Makes 8 to 10 servings)

Electric Skillet Topping:	Cake:
1/3 cup butter	1-1/2 cups sifted cake flour
3/4 cup light brown sugar, firmly packed	3/4 cup sugar
5 to 6 pineapple slices, drained, juice reserved	1/2 cup Starlac nonfat dry milk (dry form)
5 to 6 maraschino cherries, drained, cut in half	2 teaspoons baking powder
1 cup coarsely chopped walnut meats	1/4 teaspoon salt
	2 eggs, slightly beaten
	1/2 cup salad oil
	1/2 cup pineapple juice

(Set skillet temperature control 250°F.) Melt butter in a 10-inch electric skillet. Add brown sugar. Heat slowly until the sugar and butter begin to bubble and blend. Arrange pineapple slices on bottom of skillet. Place 2 halves of the maraschino cherries cut side up in center of each pineapple slice. Fill the remaining spaces with chopped walnuts. Sift together flour, sugar, nonfat dry milk, baking powder and salt. Add eggs, salad oil, and pineapple juice. Mix until flour mixture is thoroughly moistened. Beat one minute or 150 strokes. Pour the batter over the pineapple. Cover and bake at 250°F., 20 minutes. Remove cover and let bake additional 5 minutes. Cool a few minutes in pan. Turn out, down side up. Serve warm or cold. If desired, garnish or serve with whipped and flavored nonfat dry milk topping.

Safety Program which was presented by Rip Smith, Safety Officer, Texas Department of Public Safety. Refreshments were served and the meeting adjourned. Club members consisted of Mrs. W. E. Goins, Mrs. W. E. Howard, Mrs. J. Enderlin, Mrs. M. R. Howell, Mrs. Carol Roderick, Mrs. Julia Roderick and Mrs. Lillian Gage.

STILL "OVERGROWN"

"This country is overgrown with pine."
These words were penned to England by Captain John Smith prior to starting the nation's first sawmill at Jamestown, Virginia, in 1608.
Since then, enough Southern Pine lumber has been produced to build 100 million homes. But "the country is still overgrown with pine"—thanks to modern forest management. Forty million acres of tree farms are flourishing in the Southern Pine producing states, and current growth exceeds harvest by at least 30 per cent.
According to the Southern Pine Association, a generous roof overhangs blends well with a horizontal wood siding to emphasize the strong lateral lines of contemporary design.

EARLY USE

One of the earliest and most famous uses of Southern Pine was for masts and decking of fighting frigates during colonial times.

DESTINATION?

Postal employees do their best to interpret accurately the addresses written on our mail. However, some are so hastily written, and so poorly addressed that they may never reach their intended destination. A good many people go hastily through life, not realizing that they are headed in the wrong direction. The church points the way to salvation and desires that all should choose the way of our Lord and Saviour.
TAKE TIME FOR THE LORD
ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

IT DOESN'T COST ANY MORE TO BE SURE
HOWARD CLEMENT,
 New Location — Next to Legion

The annual Home Demonstration Club Achievement Tour will be Tuesday, October 23rd. The tour will visit the homes of Mrs. Jim Roberts, Mrs. D. D. Mendenhall, Mrs. Lester Brooks, Mrs. Floyd Rodgers and Mrs. Elwood Haynes.

The tour stops will show home improvements, remodeling, upholstery work, yard improvements and improved storage.

The general public is welcome to visit the tour. Anyone attending must provide their own transportation and a sack lunch. For more complete information, contact Thelma Wirges, county home demonstration agent, 305 Federal Building, Wichita Falls.

Thinking of doing some painting, papering, or refinishing this fall? If so, choose colors for a reason—to get the special effects that you may want and, at the same time, provide a comfortable, pleasant background for everyday living.

Begin by analyzing the room, suggests Thelma Wirges. Its use, shape and exposure will determine colors best suited.

Decide how you want the room to look. Will it be light

and gay, restful or dramatic? Do you want it to be predominantly warm or cool?

A good color plan has few colors, usually no more than two or three—in different values and intensities. The best color schemes grow from a dark color, a light color and a bright color. Black, white and gray are not considered colors, but are often used to give a needed accent of light or dark.

Choose your favorite color if you do not need to consider the color or colors of furnishings which you must keep. Or select a picture or print which has your chosen colors and plan your scheme from that.

Good proportion of the different colors is important. This means that your color scheme will be definitely dark or light and that either warm or cool colors will predominate. Proportions of 60 per cent of area for one color, 30 per cent for a second color and 10 per cent for accent, insure good proportion.

When you place the colors in a room, choose the color for the largest areas first—floor covering, walls and large upholstered pieces. In most cases, these should be your most livable colors that are greyed in intensity. Next, choose colors for small upholstery and the window treatment. This treatment may be a blend of the room colors, or match or contrast with the walls. Lastly, choose your colors for accessories and small areas—pillows, lamps, ash trays, etc. Usually, this accent color is the brightest color.

Home Economics Covers Large Segment of 4-H Work

Over Million Learn Home, Career Skills

CANNING was the first 4-H project for girls about 50 years ago came under the heading of "home economics." Cooking and sewing were soon added. Today about 1¼ million girls between 10 and 21 years old are engaged in a broad program of home economics projects.

They not only learn many skills for building happy homes, but also acquire important knowledge and experience to guide them into future careers and successful marriages.

In 1933, with the approval of the Cooperative Extension Service, a specific awards program that encompassed all 4-H home economics projects was set up. The sponsor was Montgomery Ward, which already had been an active supporter of 4-H youths for a decade.

Pretty 17-year old 4-H'er Donna Roberts is demonstrating variations of rolls to be made from a basic yeast dough. She might well be preparing for a future career as a home economist in teaching or business.

Since that time national recognition has touched 153 young women because they were selected as the most outstanding members completing home eco-

nomics projects. Their reward was a college scholarship provided by the mail order firm.

Soon another batch of home economics scholarship winners will be named by the Extension Service. In November, six girls will be chosen from among 1962 state award winners who will meet at the National 4-H Club Congress opening in Chicago Nov. 25. The trips will be paid for by Montgomery Ward and all 50 girls will be guests at a banquet in their honor.

And what lies ahead for these talented young women? The answer may be found in the results of a recent survey of former home economics scholarship recipients spanning a 25-year period. Of the 110 respondents, 78 per cent had attended college. About 86 per cent of this group pursued home economics careers in the following areas: teaching, dietetics, nursing, Extension Service, library, social work and business.

A review of additional jobs awaiting future home economics graduates suggests journalism, advertising and sales, textile and clothing design, research, interior decorating, and the vast field of human and animal nutrition including outer space travelers.

The National 4-H Home Economics program has much to offer the pre-teen member as well as the older girl.

Shown here are six of the 29 members of the Country Maidens 4-H Club with their leader, Mrs. Ben Illyes (second from right) in Jackson township, Hamilton county, Ind., discussing construction of a garment. A former 4-H'er herself, Mrs. Illyes has worked with this home economics club for the last five years. The girls are, from left, back row: Connie Anderson, 13; Beth Ann Nightenheller, 16; Front, from left: Marcia Anderson, 14; Tonja Costomiris, 13; and her sister Becky, 15; Mrs. Illyes and her sister Nightenheller, 11. The club is typical of many throughout the country.

When a robust contemporary finally shows signs of a slow-down his elderly friends are quietly pleased.

Chicken-Cheese Bake Fine Party Fare

For extra-special guests, every homemaker naturally wants extra-special meals. To meet the "what to serve" question, the Borden Kitchen has developed a delicious combination of chicken and cheese, sprinkled throughout with mushrooms and olive slices. It is appropriately called "Company Chicken-Cheese Bake." It can be made in two stages. Cook the chicken in advance, and then combine with other ingredients and bake 30-35 minutes at mealtime. Fine-melting Chateau process cheese spread makes this a superb offering.

Company Cheese-Chicken Bake (Makes about 6 servings)

- | | |
|---|---|
| 1 (3 to 4 pound) chicken | 1/2 cup coarsely chopped or sliced stuffed green olives |
| 2 cups cooked rice* | 1-1/2 cups light cream |
| 4 cups (1-pound) Chateau cheese spread shredded | 1/3 to 2/3 cup cooking sherry |
| 2 (3-ounce) cans sliced mushrooms, drained | 1/2 cup slivered or whole blanched almonds |

Cut chicken into serving pieces. Coat chicken lightly with combined salt, pepper and flour. Cook in hot fat in skillet until golden brown but not thoroughly done. Layer half the chicken, rice, shredded cheese food, mushrooms and olives in 2-quart casserole. Pour half of cream and sherry over this. Layer the remaining chicken, rice and cheese food on top. Arrange remaining mushrooms and olives over mixture. Add remaining cream and sherry. Sprinkle with almonds. Bake in moderate oven (375°F.) 30 to 35 minutes or until almonds are browned and cheese is melted.

*2/3 cup uncooked rice—(packaged pre-cooked rice may be used.)

Burkburnett Merchants Sponsor Gala Halloween Spooktacular Downtown Burkburnett Oct. 31

A spectacular "Spooktacular" will be sponsored by members of the Burkburnett Retail Merchant's Council during the Halloween season this year, Council President Winston Freeman announced.

The "Spooktacular" will be in two phases. The first will consist of a Halloween Window Decorating Contest with local grade-school homerooms painting windows of participating merchants with Halloween scenes. Homerooms entering the contest will receive a participation certificate from the Retail Merchant's Council of the Burkburnett Chamber of Commerce. Winning homerooms will receive a ribbon of merit attached to their certificate. Mrs. Marjorie Kauer, chairman of the "Spooktacular" reported that thirty-five homerooms have signed up for the contest. Windows will be ready for judging by 6 p. m., October 30.

Winners Get Silver Dollars
The second part of the festive "Spooktacular" will be a Parade of Spooks composed of all children within the local grade-schools (first through the fifth grades). The parade will start promptly at 5:00 p. m. on Wednesday, October 31, and will be routed down main street. A shiny silver dollar will be awarded to the best boy and girl spook of each grade-level. Also free "trick or treat" bags

will be given to children participating in the parade. All children desiring to participate must assemble at the First Methodist parking lot by 4:30 p. m. they will be arranged into grades by Retail Merchant Council members.

NOTICE

The Odd Fellows and chapters will have a Halloween Monday night, October 29, 7:30 p. m. in the Youth Center. Those attending are requested to dress in proper Halloween attire. Refreshments served.

ed me. They are politically alert. Studying the politics of Canadian people, you would assume they are quite socialistic. This is especially true of the political parties in the western part of Canada. On the other hand, they are fair; when taking over private property they usually pay a fair price. This is evident now as the government is moving to take possession of some of the largest developed water-power companies.

Will Canada Join the "Common Market?"

I have already discussed the Common Market of Europe in a column which was published a few weeks ago. England, of course, must join the Common Market before Canada could hope to do so. Furthermore, the original charter of the Common Market demanded that all countries belonging thereto should be joining. England expects to get this stipulation revoked.

Recently Prime Minister Macmillan brought the heads of the British Commonwealth countries to London to see if they could agree to England's joining the European Common Market. After ten days of haggling in London, the fifteen Prime Ministers of the Commonwealth Countries issued on September 19th, a communique which was rather blind as well as bland. The communique said: The final decision must be left to Britain alone; we, however, withhold final judgment until the full terms of entry are known. One fact is certain, namely, that even if England is accepted, there is no hope for Canada to also be accepted. In the mean time, Russia fears the European Common Market, and will be much more concerned if England is accepted.

My Own Forecast As To Canada, Great Britain, and the United States

Canada and Great Britain are gradually working apart politically as well as economically. Although the English Prime Minister now nominates a governor general of Canada for appointment by the Queen and continues to supervise or approve certain military and fiscal

Democratic Nominee for Lt. Gov. Preston Smith, at left, is shown here with Sen. George "Cotton" Moffett of Chillicothe recently in Quanah where the two met to discuss legislation of interest to this 23rd Senatorial District. Sen. Smith, who represents the 28th Senatorial District, is from Lubbock. The two veteran legislators served in the Senate together during the past two sessions.

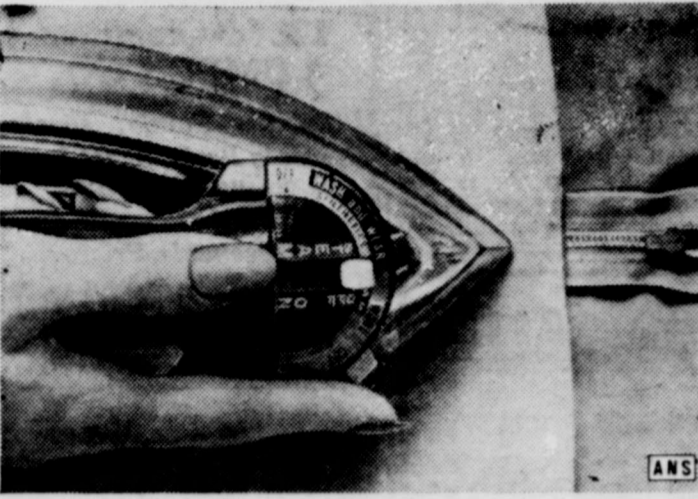

legislation, yet Canada is rapidly drifting away from the mother country. This, moreover, is true of Australia, New Zealand, and other of the fifteen Commonwealth nations. My forecast is that if Great Britain heartily joins the European Common Market, it will push Canada and the United States closer together as one nation. Although a boundary line now nearly 4,000 miles long separates Canada from the United States, yet it contains no defenses on either side and is one of the greatest examples of world peace.

A joining of the United States and Canada should be of advantage to both countries. It would give the United States a great new body of natural resources, and help Canada industrially and give much additional employment to Canadian people. The two countries would supplement each other well from

an economic as well as a political point of view. This would enable the two nations to balance up their population and climatic changes. Canadians who could afford it would drive to Florida winters while our people would drive to Canada summers and enjoy the wonderful lakes and mountains of the Canadian Northwest.

NOTE: As a trained engineer I have always felt is a great waste to allow fresh water to flow northerly from the great lakes of central western Canada into the Arctic Ocean. A friend of mine has figured what it would cost to route this water south, by Winnipeg, across the U. S. line and use it to irrigate the plains of the Dakotas, Utah, and other areas now greatly in need of water. Such a canal could be built to the advantage of both countries if Canada and the U. S. were combined into one nation.

Fashion Is a Pressing Affair

EVEN THE FINEST SEAMSTRESS cannot turn out a professional garment unless she knows the art of pressing. So, it behooves the home seamstress to know, first, how to press inside seams, darts, etc., as she sews and next, how to do the final pressing when the garment is completed. If pressing is neglected as you sew, no amount of outside pressing can give the garment a smooth, custom look.

As for pressing various types of fabrics, up-to-date irons, of course, tell us where to set the temperature, but we must know what materials we are pressing. For instance, Talon's new Zephyr zipper is made of nylon coil—the only product so far that will give a zipper so many wonderful advantages.

Nylon has made it possible for the coil to be permanently dyed to any fashion color. It is the reason that the zipper is thin as a seam, and so flexible. It can even pull itself out of a jam—bend it, pull it open, zip it down and up, and it's as good as new!

Zephyr can be used with any fabrics and in any fashion, but naturally when pressing, the zipper should be closed and the iron set at synthetic, nylon or steam setting. If a higher temperature is needed or the zipper must be open, cover placket with a press cloth, and you will enjoy the advantages that only a nylon coil zipper can give. In any event instructions are found right in zipper packages.

Demonstrating new '63 Chevrolet truck features the hard way!

When we came to a river we got wet. This river bed was paved with rocks the size of melons. What a test for new light- and heavy-duty suspension systems this was!

Conventional light-duty units have coil-spring independent front suspension—easier on truck, load and driver.

Users of new conventional medium- and heavy-duty units who have to operate in close quarters are going to like the narrower front ends (up to 7 inches).

New engines, suspensions, frames and narrower front ends show their stuff on Mexico's tough Baja Run!

With months of proving-ground tests under their belts, why did new Chevrolet trucks take on the rugged Baja (bah'hah) Peninsula?

This is the toughest line of trucks Chevrolet has ever built. Sending them over the most punishing terrain in North America (a road totally unlike the fine highways on the Mexican mainland) was double proof of this fact. Frames, engines, suspension systems were subjected to stresses far greater than trucks normally encounter. You can be sure that trucks that can handle this kind of beating can handle any kind of work.

PARTICIPATED IN POLIO PROGRAM OCTOBER 21ST Participating in the polio vaccine program Sunday, October 21st, were the following members from the Theta Epsilon Sorority: Mesdames Raymond Brammer, T. M. Cornelius, B. A. Farris, William Glisson, Q. L. Howard, Clyde Slusher, I. A. Tibbets and James Spinks. Mr. Robert W. Morine is reported to be in satisfactory condition in the Wichita General hospital after major surgery on Monday. Are political insignia new? Hardy, Banners waved in ancient Athens. Supporters of Roman candidates scrawled slogans on stone road markers - anticipating the highway billboards by 2,000 years...

Pica Complex And Unexplained Q. Why do some children dirt? Is there something that they need? A. It is natural to assume abnormal craving for food (the medical term condition is "pica") is the lack of something in the diet. Doctors who studied a number of children who concluded that iron deficiency might be the most common cause. To test this the children were given doses of iron by injection, went right on eating dirt, plaster, and what-have-you of pica. Like the cause very complicated, and not been solved.

Fried Foods Q. I have a stomach ulcer. My doctor advises avoid fried foods but he explain why. Can you? A. The heating of fats, and, causes chemical changes in the fats that increase the higher the temperature, may raise the temperature at a point where the fat is "fried," with consequent irritant substances formed. Irritant substances formed, to-digest foods should be avoided by persons with such ulcer.
