Texas Safety Association Urges Caution In Use Of Firearms

The Texas Safety Association today urged students to use caution in handling firearms and reported a "shocking" 50 per cent increase in teenage firearm fatalities.

Texas Safety Association General Manager J. O. Musick, said: "The increase in firearm fatalities among teenagers is alarming, particularly since the total firearm fatalities in 1961 decreased 14 per cent over the previous year."

According to the Texas State Department of Health's Vital Statistics Division, 24 youths between the ages of 15 and 19 were killed accidentally from firearms in 1960.

What Has Happened To Us?

President Kennedy in his evening press conference of November 20th reminded the nation of his agreement with Khrushchev that when Russia had removed its offensive weapons from Cuba and "appropriate UN observation and supervision" had been established to provide verification, "We would remove our naval quarantine and give assurance against an invasion of Cuba."

Yet, in the absence of such verification—which has yet to be established—and in the face of Cuban underground reports that quantities of missiles had been hidden in caves near the launching areas and with the Russian jet bombers, Russian troops and Russian technicians still on the island, the President announced at this time that he had lifted the "quarantine."

Shocking as it seems then to accept the airy promises of the leader of a regime that lives by treachery and that has declared it will bury us, the more recent detailed revelations of the scope of our hastily organized invasion forces are even more deeply disturbing.

It can only be assumed, when the world is told what division in what locations had been alerted and what forces and weapons moved into an advance position, that the Commander in chief considers the crisis to be at an end.

Perhaps this is so. But if it is, the Monroe Doctrine is forever dead. If the crisis is over it is because we have purchased a brief respite by tacit acceptance of a Soviet colony—a vast staging area of tomorrow, if not today—but air minutes away from American cities and farms and homes.

If the crisis has passed, then so has the initiative—to our enemy. And we can continue our dance of death until it better suits him to attack.

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

Starting on January 1, it will cost one cent more to mail a letter or a postcard.

This increase was ballyhooed as necessary to wipe out post office operating deficit.

Thus, presumably, the postal service will now be a going concern. But this is not quite true because in raising postal rates Congress also raised the pay of some 1,600,000 government employees. Only 800,000 of them are connected with the post office.

Therefore, this rate increase enacted to wipe out a deficit will fall short by an estimated \$400 million of meeting the new costs incurred.

This keeps the record perfect for it cannot be said that the taxpayer was ever relieved of any burden. In addition, the number of \$20,000 per year employees in government will reach a new all time high.

But of course, the number of civilian federal employees has also reached an all time high. Congressman Earl Wilson of Indiana states he was quite shocked with waste of taxpayer money when he came to Washington 20 years ago, now he's completely astonished.

For the Congressman says, "Walk into any federal office National Federation of Independent Business

as I have been doing. You will see people sitting behind rows of desks. Some are men, some are women. A few of the more experienced, needed personnel are working. The rest are just plain loafing—parasites living off the sweat of the taxpayer's brow. They read magazines, work crossword puzzles, write letters to friends, talk among themselves, or sit and stare.

"When the telephone rings," Rep. Wilson continues, "it is a major triumph for the one who gets to answer it. Someone is calling! There is a rush for the phone and the called might be surprised at how the call is stretched out and how detailed the questions are, even if results from the call aren't forthcoming."

He further states that in the past two years an average of 300 new employees per day have been added to the federal payroll.

Yet in raising postal rates and government pay together, it was announced that one objective is to make federal pay comparable to that paid in private industry. Thus there is presented an interesting paradox. For on the basis of Congressman Wilson's reported observations, for thousands of federal employees, parity for them with private industry would be 26 weeks on unemployment compensation. And it would seem logical that if the objective is to make government employees equal to private business employees, the thing should be done whole hog. It is doubtful, however, this is what the bureaucrats had in mind.

GRASS ROOTS OPINION

NEW PALTZ, N. Y., INDEPENDENT AND TIMES: "A blouse factory, moved to Carolina where it reopened and hired non-union help. A complaint was filed with the government and recently a decision was handed down by a federal court giving the company a choice of two alternatives. They could remove their plant back to Philadelphia and rehire their former employees or they could rehire their former employees in Philadelphia and move them down to their new plant in Carolina. How our representatives in Congress could ever have sat around and allowed legislation to pass which would permit this kind of nonsense, we'll never know."

NORWALK, CONN., THE NORWALK HOUR: "A Civil War Cannon that stands in the Rhode Island capitol in Providence has finally been disarmed, 99 years after it was loaded. Two and a half pounds of black powder were found in it. Naval ordnance experts said it was a miracle some cigar smoking legislator hadn't set it off and collapsed the capitol rotunda as a result. Or even a hard jarring could have done the job, they said. Let's give thanks that the cannon has at last been rendered harmless. And let's grasp the incident as a sign that perhaps the Civil War is finally ending."

Police Department to Use Cap-Chur Gun

Patrolman D. L. Bryan of the Burkburnett Police Department shows a recently purchased weapon known as a Cap-Chur Gun, which will aid in the control of dogs in Burkburnett.

During the past two months the Police Department has received an increasing number of complaints concerning stray dogs. In view of the complaints, Chief Gage has announced that an intensified drive will be conducted to eliminate the problem.

Dog owners are again reminded that there is a City Ordinance which, in part, requires that all dogs kept in the city shall be vaccinated against rabies, registered at the City Hall each year, and not be allowed to run at large.

The new Cap-Chur Gun has revolutionized the control of dogs. Stray or suspected rabid dogs can be captured humanely by use of the unique syringe propelled by a gas powered projector. When a dog is shot with the gun, the syringe injects a drug which immobilizes the dog within one or two minutes. The effect of the drug will last about thirty minutes, allowing ample time for the dog to be picked up and placed in the City Pound.

The City Council has instructed Chief Gage to dispose of all dogs found which do not have a city tag. Dogs picked up with a city tag will be placed in the pound and if they are not claimed within five days they will be disposed of.

Hard as it seems for most of us to believe, fall is here and homes across the country have assumed the quiet that comes with children at school. It makes me think of my mother and of the wholesale efforts at furniture rearrangement that came with each October. Without fail, Autumn was accompanied by a change in the living room's floor plan.

Housewives similarly bent on moving the couch here and lamps there this month might be interested to hear of a trend in the appliance industry and of the thoughts of one ingenious Florida businessman.

According to appliance industry spokesmen no less than 150 million pounds of plastic will be used in the manufacture of refrigerators, dryers, air conditioners, and other such units this year.

According to the Florida businessman, S. Ronald Barnette, I.D.I., of Dimensional Plastics Corporation in Hialeah, the housewife "hasn't seen anything yet."

Barnette is predicting a future that will see housewives arranging all-plastic rooms. In fact, Barnette's firm recently displayed an all-plastic room at a Florida-area design exhibit.

"The display," Barnette explains, "featured walls of sandwich plastic paneling that simulated marble to perfection, and a ceiling of the same basic product simulating bottle bottoms. The furniture was plastic-covered and in prominent display was a pastel plastic table top, the base of which was on a simulated slate floor."

Actually, beautifully designed table tops started Barnette's firm on its way. The tops, of a patented, seamless construction, known as Glamourama, envelop different designs and a core plug, and are of a variety of plastic finishes.

"We have been able," Barnette explains, "to put actual dimensional designs to use in offering a true to life warmth in appearance and a pattern which is most appealing."

One such table top, an International Design Award winner, was exhibited at Seattle's Century 21 Exhibit.

"Table tops," Barnette promises, "are just a beginning. In no time at all," he says, "all-plastic rooms will be a reality." The news should be well received by housewives, lightweight plastic pieces will be much easier to rearrange.

Fairview High School Alumni To Gather

Alumni and teachers of the former Fairview High School, five miles northwest of Burkburnett, will gather at the School Cafeteria, December 29 at Hardin Grade School in Burkburnett beginning at 6:30. Catering service will be available. Tickets will be \$1.50 for Adults and \$1.00 for Children. These tickets must be purchased by December 24th.

We are hoping every one interested will get your tickets and make this gathering with old friends. We hope to have a number of old faculty members present. If you know of any "ex" whom we might not have contacted, would you pass this information on to them.

Dow Estes, formerly connected with the school will be master of ceremonies. Fairview Alumni President, James Sullivan; Secretary, Mrs. Dorothy Faulk; Mail reservations to Mrs. Dorothy Faulk, 122 Rose Ave., Burkburnett, Texas.

Liberal Leave Policy Offered Young Men Who Enlist Now

The U. S. Army is again offering its liberal leave policy to young men who enlist during the coming Christmas holiday season.

According to M/Sgt. Drue McBride men enlisting in the Regular Army from December 10, 1962 to January 1, 1963 may request up to 15 days leave before reporting for basic training.

This liberal leave policy will allow young men to enjoy the Christmas holiday season with their families and still draw full pay and allowances from the U. S. Army.

Those desiring further information on the Army's Christmas leave offer and the many other benefits available to young men should contact Sgt. McBride at 1007 Lamar, Wichita Falls, or phone 766-1663.

News From Cong. Purcell

Congressman Graham Purcell announced in Washington that emergency loans are being made available to nine counties in North Texas, seven of them in the 13th Congressional District, for farmers who suffered severe crop damage during the 1962 crop year.

The Farmers Home Administration Administrator, Howard Bertsch, said the counties designated as available for emergency loans include Baylor, Foard, Hardeman, Haskell, Knox, Throckmorton, Wilbarger, Dickens and Kaufman.

The action was taken, said Purcell, because of substantial damages and losses to crops, pastures, and livestock as the result of adverse weather conditions during the 1962 crop year, including freezes, drought, hail, and wind storms, and excessive rainfall and floods.

Farmers desiring further information about the loans or other types of assistance available to them should contact the local office of the Farmers Home Administration in his home county.

F. F. A. NEWS

Attending Wichita District F. F. A. Sweetheart and Awards Banquet was our Sweetheart, Miss Barbara Wolfe, who represented our Chapter very well in the Sweetheart Contest. Her attendant was Miss Toni Woods with her parents, Mr. and Mrs. Joe Wolfe.

Voting delegates were Ken Johnson and Bob Busby. Other members were Terrel Goins, Perky Ellis and Tex Wallace along with our advisor, Mr. B. A. Farris, Jr. and our high school principal, Mr. Roy Silkwood.

The banquet was held in the Wilbarger Memorial Auditorium, Vernon, Texas. Presenting the awards were Jerry Clark, state president and Jerry Reed, state vice president.

Ladies Mobil Club Christmas Party Held December 4

The Annual Christmas Party for members of the Ladies Mobil Club was given December 4 in Mrs. Viola Cormier's home with Mrs. LaDill Forrester as co-hostess.

As a project for the month the members brought groceries and filled a large box to be given to a needy family.

Secret pal gifts were exchanged from a beautifully decorated Christmas tree. Delicious refreshments were served to three visitors, Mrs. Reba Wright of Electra; Mrs. Loena Rinard, Mrs. Marjorie Butler and the following club members: Mesdames Betty Renfro, Jackie Kinnard, Dorothy Willford, Jackie Dark, Wanda Allmon, Clara Turner, Pauline Bellomy, Marie Hearne, Jody Davidson, Jean Price, Jacque Harper, Mary Helen Shipman and the hostess, LaDell Forrester and Viola Cormier.

News From The County Agent

The Christmas party sponsored by the Wichita County Junior Horse Club will be held at the Valley Farm Community House on Saturday, December 15 beginning at 7:30 p. m. There will be entertainment for all age groups. All horse club members and their parents are invited to attend. Refreshments will be served.

The Annual Wichita County Junior Livestock Show will be held at the 4-H Barn in Wichita Falls on Saturday, December 15. All animals are to be in place in the barn by 10:00. The judging of the show will start at 1:00. The steers will be judged by Roy McClung, county agent from Seymour. The beef heifers will be judged by Glen Toie of Wichita Falls. Ribbons and prize money will be awarded. The general public is invited to attend.

There will be two Fruit Pruning Demonstrations on January 22 and 23. On Tuesday, January 22 beginning at 1:30 p. m., a demonstration will be held at

the Willie Morton Orchard in the Friberg-Cooper Community. On Wednesday, January 23, at 1:30 p. m., a demonstration will be held on the Albert Arnold farm in the Punkin Center Community. Mr. U. A. Randolph, Superintendent of the Montague Experiment Station, will be in charge of the demonstration. If you want to learn how to properly prune a fruit tree, mark these dates on your calendar and plan to attend.

The District Junior Beef Show will be held at the 4-H Barn on February 6, 7 and 8.

Special Christmas Program Sunday Afternoon, Dec. 16th

Sunday afternoon, December 16 at 2:30, a special Christmas program will be presented by the Burkburnett Ministerial Alliance at the First Baptist Church. The beautiful and inspiring Christmas Cantata, LOVE TRANSCENDING by John W. Peterson, will be presented by the combined church choirs of the First Methodist Church, First Baptist Church, Central Baptist Church, Cashion Baptist Church, JanLee Baptist Church, and Church of the Nazarene.

Oliver and Mrs. J. L. Ragan, altos; and Mrs. Jack Smith, soprano. Rev. Robert White, pastor of Cashion Baptist Church will be the narrator. The choir will be under the direction of Mr. Roy Harris, minister of music and education at First Baptist Church, and will be accompanied by Mrs. Vernon Duke at the organ and Mrs. Bill Vincent at the piano. Musically, John W. Peterson has done an inspiring piece of writing and textually, the real meaning of Christmas has been dramatically yet simply unfolded. As we once again come to consider the manger and view

the babe lying there, may we fully realize that we are looking at God Himself . . . clothed in mortal flesh! And may our hearts, as never before, be gripped with the incomparable wonder of the incarnation and of the LOVE TRANSCENDING back of it all.

This will be one of the finest musical programs ever to be

DOOR OPENERS

Keys and churches are door openers. In both cases, each require you to put forth some effort. The key you must insert in the lock and turn. Our Lord made the way to heaven even easier, for all that you have to do is present yourself and believe.

"For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works lest any man should boast: For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Contemporary Study
Met December 3

The Contemporary Study Club met in the home of Mrs. J. H. Hefack, December 3rd, with the president, Mrs. Joe Parsons, presiding.

The project committee reported on the Thanksgiving basket. They were discussed to give a gift to a needy family for Christmas.

The club members are still preparing sandwiches for the High School, being sold at the concessions stand during lunch hour.

Members brought two new members to the State Hospital. Each for the articles that were also other articles that were given. These gifts will be delivered to the State Hospital as possible. If anyone anything they would like contribute, please take it to the Star office or the office of Commerce office that we may pick it up to deliver them.

Refreshments prepared by the co-hostess, Mrs. Joe Parsons, were served to thirteen members.

The door prize was won by Mrs. Irvin L. Smith and Mrs. Fred A. Eastman.

DECA SPOTLIGHT

The DECA Spotlight features another student of the Distributive Education Class. It shines on Joyce Byars, a senior in Burkburnett High School. Joyce has taken over the responsibilities of being the reporter for DECA.

She is employed at Wacker's Variety Store. Mr. Marvin Taliferio, her employer, has helped her a great deal with variety store retailing. When asked how she liked her work at Wacker's, her reply was, "I like it very much."

Next week's spotlight personality will be Gerald Butcher.

Texas operators spent \$751 million drilling in 1961; \$205 million lost to dry holes.

"Black Maria" is the name given to police patrol wagon.

Selected As D. A. R. Good Citizen

Kathryn Siber, a senior has been selected as the D. A. R. Good Citizen of Burkburnett High School. Kathryn, daughter of Mr. W. W. Siber, and the late Mr. Walter Siber, was born in Burkburnett and has attended school here since the first grade. She was recently elected "Most Likely to Succeed" by Burkburnett High School.

The Daughters of the American Revolution stress the qualities of Good Citizenship among senior high school girls and each year recognizes and honors the most outstanding girl in each high school who possesses to an outstanding degree the qualities of dependability, service, leadership, and patriotism.

A certificate of award will be given by the National Society D. A. R. to Kathryn and she is entitled to a Good Citizen Pin from the chapter sponsoring her.

A competitive method in the form of questionnaire, selecting on the merit basis, will be used to choose a state winner. The state winner will receive the state award, will be the guest of the Texas Society D. A. R. at the state conference, March 13, 1963, at the Scharbrauer Hotel. She will also receive the state pin. The state award is a \$100.00 U. S. Saving Bond, Series E or a \$75.00 scholarship in lieu of the bond.

The state winner competes with other states for the national award by writing an essay on the subject "Prove All Things" which is part of the theme used by the National Society, "Prove All Things, Hold Fast That Which Is Good." The national award is a sterling silver Paul Revere type bowl, engraved D. A. R. Good Citizen 1962.

Jehovah's Witnesses To Hold Mid-Winter Assembly in Lubbock

Jehovah's Witnesses' mid-winter assembly for Texas Circuit No. 9 will be held in Lubbock, January 11-13.

Each of the 16 congregations, from Wichita Falls to Hobbs, and from Lamesa to Plainview, will make a report of their ministerial activity for the past six months. An analysis will be made of the circuit's weaknesses and ways considered to bring the weaknesses up to circuit and national levels.

The presiding minister, Harold P. Bruce, of the Wichita Falls, Texas Congregation, said, "According to the 1962 annual service report ending last August, the 4,564 congregations of Jehovah's Witnesses in the United States had an eight per cent increase in the number of Witnesses preaching and teaching the good news of the kingdom."

In the 189 lands where the ministry work is done by Jehovah's Witnesses, Bruce said, there was a 4.1 per cent increase over last year in the number of those preaching "publicly and from house to house." He said this included 12 Communist dominated countries and troubled areas where reports were incomplete.

The semi-annual circuit assembly carries the theme, "Copy the Master's Zeal."

Marines participated in the first Battle of Bull Run, July 16, 1861.

Petroleum accounts for nearly three-fourths tonnage handled in Texas ports.

Cleopatra's Needle is a monument in London.

Teenagers Are Immature

NO. In fact some are more mature than adults. How do we know? Well, we have talked with them. Many have savings accounts at our Association. When we ask them their purpose in saving money, we receive replies such as this: "My parents can not afford to pay for all of my college education. By saving money now, I will make it easier on them when it comes time for college." Another remark, "I am saving money now because I know that someone in the future I will see something I really want and need, and I want to be able to buy it." And still another, "I worked hard for this money. I do not want to spend it foolishly."

Statements like these are not immature. They show intelligent thinking on the part of these individuals. We have a large number of teenagers who save regularly with us. We think it is very commendable. Don't you?

Sharon Ann Boyle To Perform In A Joint Concert

Sharon Ann Boyle of Burkburnett performed in a joint concert Tuesday, December 11 by the North Texas State University Chapel Choir and Brass Choir.

Performing at 8:15 p. m. in the NTSU Music Recital Hall, the Chapel Choir will open the program with a series of Christmas numbers.

The Brass Choir will play four selections, and the finale will be Schubert's "Mass in G," performed by the Chapel Choir and a string ensemble.

A member of the Brass Choir, Miss Boyle is asophomore music education major and is the daughter of Mr. and Mrs. Nelson E. Boyle, 700 Meadow Dr., Burkburnett.

EASY PICKINGS

Long about this time of the year picking and cleaning game birds gets pretty tiresome. Feathers are thicker, tougher to pull out and . . . let's face it . . . our zeal just isn't as strong as it was a month or two ago. Why not make ducks or pheasants easy to pick by dipping them in scalding water first. Feathers practically fall out. Add parafin to the water after primary feathers are out and small feathers will peel away.

4-H SEWING GROUP MET DECEMBER 10TH

The 4-H Sewing Group met in the home of Mrs. J. H. Bentley on December 10, 1962. Patti Perry gave a demonstration on the care of hands and Joan Dolman gave a demonstration on the care of the hair. The

group discussed the 4-H record books, stockings, and the aprons they are to make. Refreshments of cookies and cold drinks were served to the four members present.

Those present included Patti Perry, Patti Thaxton, Sherry Hobbs and Joan Dolman. The meeting was then adjourned.

HARDIN P-TA

The Hardin P-TA will have its December meeting Tuesday, December 18 at 7:30 p. m. in the Hardin Grade School Auditorium. Coffee will be served from 7:00 p. m. until 7:30 p.

m. The program will be of interest to all members and friends. The theme is "Good Citizenship FAITH Through Moral and Spiritual Growth." A "Christmas Tableau" will be presented with the Rev. Merwyn Turner reading the Christmas Story. This will be followed by "Christmas Cheer"—

carols sung by the group led by Anna Paul Reagan. A nursery will be provided for all the children. This will be of special interest to them since films (cartoons) and handcrafts will be made available for those in the nursery.

The P-TA year books will be presented at this December

meeting. Everyone is urged to and enjoy the Christmas gram at this holiday season.

AMERICAN WAY

AS VIEWED BY
McGee

How many more victories can we afford over the nation, Americans asking what happens to the "firm stand" on Cuba which has been promised a month ago. This latest reversal of policy is just one link in a chain of ineffectual events regarding this Communist beachhead on our coast. When, perhaps through judgment, our government helped a known Communist, Castro to unseat a dictator. Since then—the UN, and our allies have helped Castro maintain a socialist government in Cuba. Such governments are impossible to maintain without outside help. Subversive Base: Food shortages in the Communists have this base to send subversive expeditions into other countries, such as Venezuela and the Dominican Republic. Though we have the means to unseat Castro on our every public demand for it, has been answered by government with futile and unsuccessful pleas to the Organization of American States. In 1961, the American government agreed to provide aid for a Cuban-exile invasion attempt. But faint hearts prevailed and the air cover was withdrawn at a strategic moment, sabotaging the invasion.

CHANGING SCENE 1912-1962

blockade, will either force Castro to flee or inspire his enslaved subjects to overthrow him. We should see to it that nothing—**Absolutely nothing**—reach Cuba from the outside world. And we should promise the Cuban people that, should they rebel, we will guarantee that no outside troops will come in to put down the rebellion. Once Castro is through, we should oversee free elections within 30 days—and then get out. That kind of victory we can afford. It could be the beginning of a REAL turning point in the cold war. And it would be the AMERICAN WAY.

ORDINANCE NO. 264
 An Ordinance prohibiting trespassing on real estate within the city limits of Burkburnett, Texas; prescribing a penalty, and declaring an emergency.

Be it ordained by the Board of Commissioners of the city of Burkburnett, Texas:
 Section 1. No person shall enter or attempt to enter upon the land of another without consent of the owner proprietor, lessee, or person in charge thereof.

Section 2. That any person violating any provision of this ordinance shall, upon conviction in a court of competent jurisdiction, be fined in any sum not exceeding One Hundred — (\$100.00) — Dollars.

Section 3. The fact that trespassing within the corporate limits of the City of Burkburnett, jeopardizes the peace and health of the citizens of said City, creates an emergency, and this ordinance is hereby declared an emergency measure

on the grounds of urgent public need for the preservation of peace, health and safety of property; and the rule requiring the reading of ordinances on three several days is hereby suspended, and this ordinance shall take effect from and after its passage and approval, and after same has been published.

PASSED AND APPROVED this 4th day of December, A. D. 1962.

That "firm stand" deteriorated into pleas for funds to purchase the freedom of the captured liberators.

Public Support
 With such a record of failure behind it, it's no wonder the government received hearty cheers when it finally announced it had drawn the line last month. Americans, more relieved than afraid, felt that Castro's days were finally numbered.

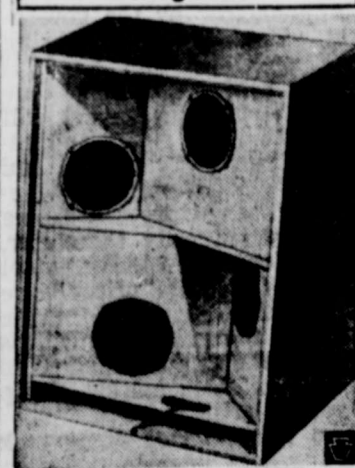

But now, instead of removing Castro, we find that the administration has GUARANTEED HIS SAFETY. This in exchange for the removal of "offensive" weapons. And for proof of that removal, we are accepting the promise of a man the President admitted was a notorious liar only 30 days ago.

How many more "victories" like than this we can afford. The only way to be sure that Cuba is not an "offensive" threat is to return it to the free world. We have the ability and the resources to do it—without war.

ITS RELIABILITY COMES FROM ITS QUALITY

A nutshell description of Chevrolet trucks could be "Trucks That Work". It's not exactly earthshaking but it says a mouthful. It's what Chevrolet trucks are best known for—their reliability. Ready to work, day after day, whenever you are.

You can't build trucks that perform like this if you don't put quality into engine, chassis and

body. Chevrolet does: double-wall construction, insulated cab, select-wood body floor, chain-supported tailgate, ladder-type frame, the careful attention to upholstery and finish. It's this kind of quality that makes any Chevrolet truck—from pickup to heavyweight tandem—worth more on the average at trade-in!

Roger W. Babson Weekly Report

BABSON REVIEWS 1962

Before attempting to assess prospects for 1963, it would be well for readers to look back on 1962 to "get the lay of the land," so to speak. The trends of the past year could provide valuable clues as to what may happen in 1963—which will be discussed in full in my 1963 Forecast for release on December 27, 1962.

A Year of Crises

1962 had more than its share of dramatic events. Noteworthy among these were the forceful role played by the government in various aspects of business. Early in the year, Labor-Management bargaining in the steel industry was given definite "guidance" by the government. This helped to bring about an early and peaceful contract settlement. Only time will tell what the impact will be on the basic rights and responsibilities of Labor and Management in formulating mutually satisfactory working agreements. Shortly thereafter, attempts of certain leading steel companies to raise prices were dealt a severe setback at the hands of the government. This jolted confidence and helped to trigger the stock market slump — another crisis.

The international scene took the limelight later in the year. The Cuban furor was followed shortly by the invasion of India by Red China. President Kennedy's forthright stand on Cuba restored American prestige in the eyes of the world. However, the Sino-Indian border clash underscored the magnitude of world unrest.

A Spadefull of Records

Notwithstanding the above-mentioned crises, the American economy put together an excellent year. New records were set in many sectors. Total dollar value of goods and services produced (the Gross National Product) set a new record of \$555 billion, according to my estimate. This trend is persistently up from the \$519 billion average in 1961. The Federal Reserve Index of Industrial Production, which measures

physical volume of output, is estimated to have averaged 119 (also a new record), versus 110 in 1961.

Other record-shattering performances included peaks in new construction expenditures, business capital outlays, retail trade, and personal income. Employment was also of record size; but, due to the increase in workers, the rate of employment relative to the growth in the labor force was disappointing. This situation points up a fundamental weak spot in our economy. If not remedied by sane business and government policies, it could haunt us in the future.

A Good Year For Consumers

The total spent each year by federal, state and local governments is an awesome figure. Nevertheless, this is only about one-third of the total spent by consumers. Hence, our economy is still keyed to how consumers fare. In 1962, consumers had, indeed, much to be pleased about. Their earnings rose to unprecedented highs, and employment was ample in most areas. They spent rather freely, but still added significantly to their savings. These factors were primarily responsible for maintaining a high level of public confidence.

Prices and Profits

Price structures were generally under pressure throughout 1962. The Bureau of Labor's Wholesale Price Index was fairly steady, but with a slight downward tilt. Prices for industrial and primary commodities, however, slipped more, due to abundant supplies and cautious demand. Price shadings, both announced and "under the counter," were commonplace. Retail prices were also subject to "discounts."

Starting the year with a slight sag, business profits turned upward moderately the remainder of 1962. Though price structures were on the soft side, businessmen shored up their profits through cost-cutting measures and by maintaining brisk production rates.

Stock Market

Many investors are still suffering from the slash in stock market values last spring. While the slump was breathtaking sharp, subsequent rallies gradually restored a measure of confidence. Nonetheless, many investors undoubtedly learned a good lesson from the shakeout, and a considerable amount of unhealthy speculative thinking has been quashed. It appears that the stock market too is groping along trying to gauge the treacherous currents of the past year.

MIX BEFORE YOU CAMP

With new dried foods, mix in your kitchen and save yourself time and trouble. Potatoes, cocoa, biscuits, even coffee can be mixed the way you like it with powdered milk at home and repacked for field use. If camp just add water.

Cervical Ulcer Cauterization

Q. What causes a cervical ulcer? What is it? A. The cervix or neck of womb is stretched and torn during delivery. There may be some tearing. A stitch may be required but usually heal without help. Damaged tissue doesn't heal. Ulcer can form and, if it sets in, the condition becomes chronic. Childbirth isn't the cause of cervical ulcer (erosion). Single women may experience it, just as anyone can get a sore area in the throat or ulcer in the nose. Usually, zinc applied to the ulcer is very successful, in which case doctor cauterizes ("burns") it. Cauterization usually results in regrowth of new, healthy tissue.

Carbonated Drink

Q. My husband often drinks large bottles of "pop" in a day. Could he get diabetes from drinking so much sugar? A. Consumption of sugar in than-needed amounts will not itself cause diabetes. However, one has a tendency toward diabetes if it might cause the symptoms of the disease to become readily apparent.
