NUMBER 35

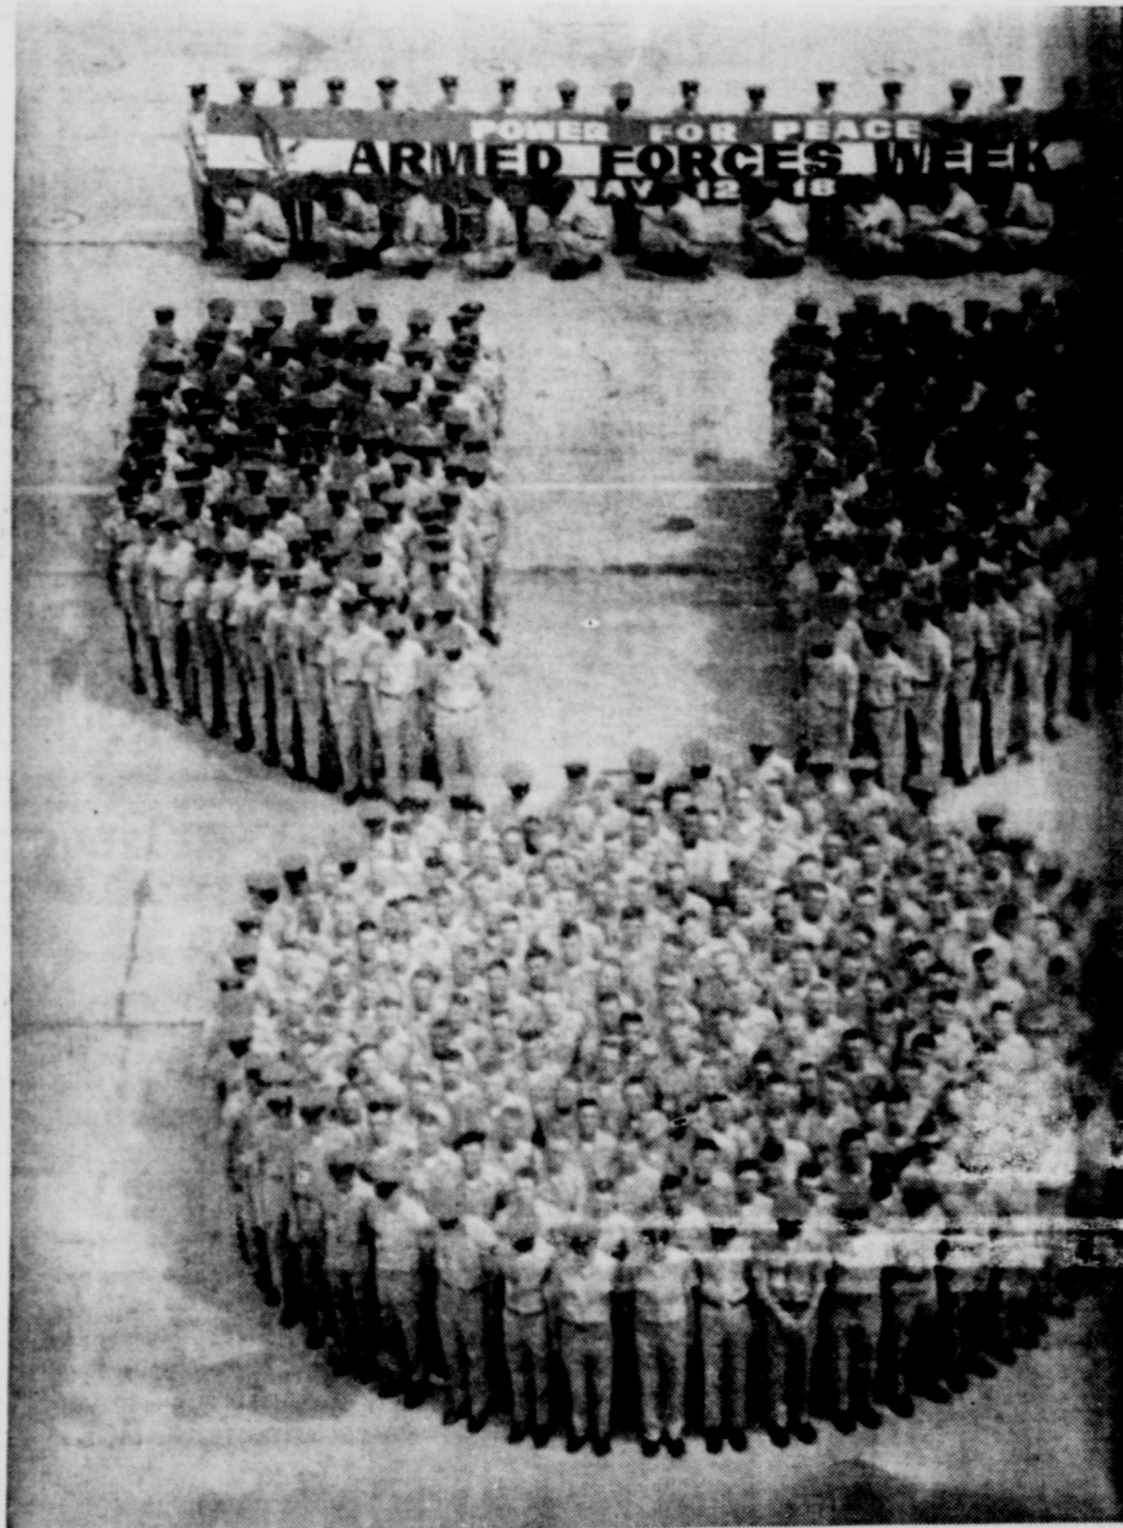

Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall. Everybody Invited Each Pays for His Meal

MAJOR GENERAL THOMAS E. MOORE
Commander—Sheppard Air Force Base, Texas

Gen. Thomas E. Moore commands Sheppard Air Force Base, Sheppard Technical Training Center, and 494th Bombardment Wing (Heavy), and other smaller tenant units. Moore came to Sheppard August 1, 1959 from Randolph Air Force Base where he had been Air Training Command chief of staff from 1957. A native of Collettsville, N. C., General Moore received his basic pilot training at Randolph Field and pursuit training at Kelly Field. His first foreign service tour began in the Caribbean Air Command where he performed pilot duties in Panama and Puerto Rico until 1942. In 1944 he was assigned to the Southwest Pacific and later served in China, Central and the Eastern Mandates. A B-29 pilot, he flew seven missions over Japan during World War II. He later served as commander at Keesler AFB, Mississippi, and commander of the Technical Training Group. He went to ATC headquarters at Sheppard Air Force Base in England. He also served as deputy commander for plans and operations at ATC Headquarters, Randolph AFB, Texas. (Official U. S. Air Force Photo)

450 Student Airmen Form Symbol "Power for Peace" In Extending Invitation to Public to Armed Forces Day

OPEN HOUSE INVITATION — 450 STUDENT AIRMEN OF SHEPPARD'S TECHNICAL SCHOOL JOIN IN EXTENDING A "POWER FOR PEACE" INVITATION TO THE GENERAL PUBLIC TO ATTEND THE ARMED FORCES DAY "OPEN HOUSE" AT SHEPPARD AIR FORCE BASE, TEXAS, MAY 12. THE OPEN HOUSE IS FROM 1:00 TO 4:00 THAT DAY. (Official U. S. Air Force Photo)

Sheppard Air Force Base to Observe Armed Forces Week May 12th-19th

D. D. Wyatt Main Speaker Armed Forces Luncheon

D. D. Wyatt, director, Office of Programs, National Aeronautics and Space Administration in Washington, D. C., will be featured speaker for the Armed Forces Week luncheon to be held Friday, May 17, in the ball room of the Noncommissioned Officers Open Mess at Sheppard Air Force Base.

Wyatt, a native of St. Joseph, Missouri, was named to this position June 1, 1961. As director, Office of Programs, he is responsible for integrating National Aeronautics and Space Administration technical program requirements and agency resources into an operable program. The Missouri native received a Bachelor of Science degree in Mechanical Engineering from Missouri School of Mines and Metallurgy. He was in test engineering with General Electric Company in 1941-42, was an instructor in Mechanical Engineering at Missouri School of Mines and Metallurgy in 1942 to 1944. He joined the National Advisory Committee for Aeronautics at the Lewis Flight Propulsion Laboratory in Cleveland, Ohio, in 1944 as a research engineer specialized in supersonic propulsion research, rising to Associate Chief, Propulsion Aerodynamics Division, transferred to NACA Headquarters, Washington, D. C. in September 1958. With absorption of the NACA into the National Aeronautics and Space Administration (NASA) on October 1, 1958, he became technical assistant to Director of Space Flight Development; in February 1, 1960 he became assistant director for program planning and coordination of Space Flight Programs, and on to his present position in June 1961.

"Power for Peace," theme for the Armed Forces observance, will be stressed during Wyatt's speech. The luncheon, traditionally a highlight of the Armed Forces Week, is sponsored by the Wichita Falls Chamber of Commerce.

The traditional "Open House" at Sheppard Air Force Base will inaugurate the Armed Forces Week observance in the Sheppard Air Force Base-Wichita Falls Community May 12-19.

This special event will be held at the 3750th Technical School Ramp, and the missile facility between 1 and 4 p. m. Sunday, May 12. Aircraft will be open for inspection and many displays are planned in hangar areas. Demonstrations stressing the year's theme, "Power for Peace" also are slated for the afternoon "open house."

The Naval and Marine Reserve units in Wichita Falls will have exhibits at the Sheppard Open House. They will feature equipment of their training facilities in the static display area. The Marines are to have 105 millimeter artillery pieces and some of their smaller armed weapons on display along with some heavy vehicle equipment. The Navy has asked to get a model of a nuclear submarine which is transported by van truck.

Flyovers are slated during the afternoon. They will include T-37s and T-38s from Reese AFB, F-102s from Perrin AFB, and F-100s from Cannon AFB, New Mexico.

A preview of the beauties for the Miss Missile Contest will be featured during the afternoon between 2:30 and 3:30 in Hangar 1080. The finals in this contest will be held Thursday evening May 16, at 7:30 p. m. in the Central Theater at Sheppard Air Force Base.

The Armed Forces Week luncheon, sponsored by the Wichita Falls Chamber of Commerce will be held in the air conditioned ball room of the Sheppard Noncommissioned Officers Open Mess on Friday, May 17, at 12:15 p. m. Speaker for the occasion will be D. D. Wyatt, director, Office of Programs, National Aeronautics and Space Administration in Washington, D. C.

Climaxing the Armed Forces Week 14th National Observance will be the annual 14 block long down town parade in Wichita Falls beginning at 9:30 a. m., May 18. Some 800 troops, the Sheppard Band, the Thor, Atlas, Titan I and Titan II missiles and two floats are to be featured elements from Sheppard Air Force Base in the parade. The floats, being prepared by 3750th Technical School and the Chaplain, will feature the "Power for Peace" theme.

Following the parade in Wichita Falls the Navy and Marine Reserve units will hold open house at 1823 Fifth Street. They will feature the training facilities for the two reserve units.

Miss Missile Contestants to Be Presented May 12

The planet of Venus will approach from outer space to add electrifying influence to the events of Armed Forces Week here at Sheppard Air Force Base, Wichita Falls, during the third week of May.

The annual Miss Missile contest is shaping up to focus attention on young beauties that are being sponsored by the Squadron units at Sheppard Air Force Base and their adopting community organization.

Under the direction of the Military Affairs Action Group of the Wichita Falls Chamber of Commerce, the Miss Missile Contest committee headed by Hy Bridges is making plans for the preview presentation of the contestants during the "Open House" at Sheppard Air Force Base on Sunday afternoon, May 12.

The contest finale and selection of the 1963 Miss Missile will be held in the Sheppard Central Theater at 7:30 p. m., Thursday, May 16.

During the Sheppard "Open House" event, each contestant will be introduced at a special programmed event in the static display area.

The May 16 Contest program will be open to the public as one of the main attractions during the week long schedule of activities for Armed Forces Week.

Area Citizens Urged to Attend Open House at SAFB May 12th To "View and to Learn More"

Armed Forces Week — the third week in May, and the 14th national observance of this occasion, will again bring to Sheppard Air Force Base a large audience in its annual open house event. Inviting all area citizens to visit the base on the opening day of Armed Forces Week.

PROGRAM

**SHEPPARD AIR FORCE BASE
OPEN HOUSE
12 MAY, 1963
1:00 TO 4:00 P. M.
SPECIAL EVENTS**

- 1:30 p. m.—DRILL TEAM PERFORMANCE
- 1:45 p. m.—ATLAS MISSILE ERECTION
- 2:45 p. m.—ATLAS MISSILE ERECTION
- 3:30 p. m.—ATLAS MISSILE ERECTION
- 1:45 p. m.—SAC SENTRY DOG DEMONSTRATION
- 3:00 p. m.—SAC SENTRY DOG DEMONSTRATION
- 2:00 p. m.—USAF BAND CONCERT—HANGAR 1080
- 2:30-3:30 p. m.—MISS MISSILE CONTEST PREVIEW AND SHEPPARD SKYLINER STAGE BAND MUSIC
- 3:45 p. m.—FIRE FIGHTING DEMONSTRATION

Sheppard joins with the President and the Commander-in-chief, John F. Kennedy "urging all Americans to view and learn more of our Armed Forces and their preparedness to meet the challenges that lie ahead."

Open House at Sheppard will feature many static displays and demonstrations representative of the training and operational missions supporting the Air Force's role in national defense carried on at the 5,000 acre military installation.

Planned to capture the interest and imagination of every defense conscious citizen will be a series of special events occurring throughout the Open House static display arena.

Training equipment of the Technical Training Center will be on display and will be demonstrated by qualified instructor personnel to show how this defense hardware is used in the modern day classrooms as they prepare Air Force technicians to operate and maintain defense weapons of the technological space age.

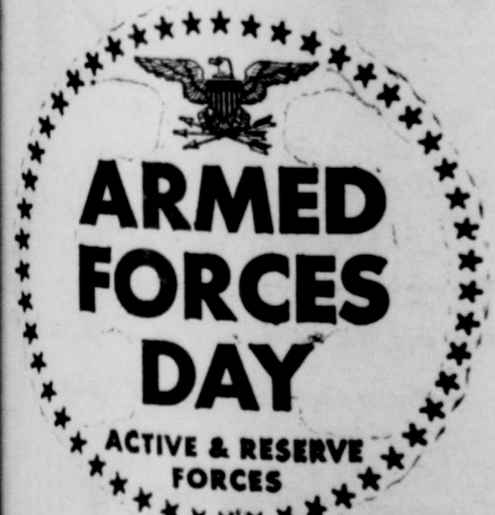

Many different kinds of aircraft will be open for public inspection — including the B-52 stratobomber and KC-135 stratotanker of the 494th Bombardment Wing (Heavy) Strategic Air Command Wing.

Among the many static displays made up of actual items of equipment used in Air Force weapon systems will be intercontinental Ballistic missiles, and actual sized sections of the Titan II silo. Visitors will see themselves on closed circuit television in a demonstration as it is used in the classrooms that will soon be training the space vehicle maintenance technicians.

THIRD WEEK IN MAY

The official fourteenth annual ARMED FORCES DAY is May 12, 1963. The Secretary of Defense has authorized appropriate observances in the United States and overseas during the period May 11-19, 1963. ARMED FORCES DAY symbolizes unification and demonstrates the close relationship of the Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard and Reserve components, and gives the people of the United States an annual report on the state of the Nation's defense.

Rotary Picnic Set for May 25 At 6:30 P. M.

The date of the big Rotary GET-TO-GETHER was changed last week by common consent of the members present. The new date is Saturday, May 25 and the steaks will be ready at 6:30 p. m. The big affair will be held at the George Counter cabin on Lake Kickapoo. Put a red mark around May 25 and be on hand with your Rotary Ann and the rest of your clan. President Buster appointed the following Rotarians to see that everything is in readiness.

Bryan Farris, Chairman. A Dillard, Bill Vincent, Floyd Martin, and Clark Gresham. Everybody had better be on hand by the time the steaks are done with these chow hounds doing the cooking.

NOTICE

In an ad for the Hi-Ho Restaurant on another page in the Burkburnett Star the opening was scheduled for Friday, May 10th, however, due to plumbing and electrical difficulties the restaurant will not open until FRIDAY, MAY 17th.

Outside These Counties \$4.00

Why Waste Taxpayers' Money

Ideological considerations aside, it is difficult to follow the reasoning of a number of high government officials—in the Interior Department as well as those in other agencies—who fight unrelentingly on behalf of new and extremely costly socialized power projects, when private enterprise, heavily taxed, and financed entirely with private earnings and savings, is ready to do the job.

The fiscal position of the federal government it totters, to say the least. We are, it seems, to have tax reduction with no reduction in spending. Indeed, the Administration is solidly backing increased spending in virtually every area in which the government operates. The result will be a deficit of gigantic size. Some think it could very well run to \$20 billion or so, for an all-time, peacetime record.

In the light of all this, which is simply fact and not argument, economic sanity would certainly demand that the government rigorously refrain from any spending which private enterprise and private resources are ready, able, and not only willing but eager to take over.

Electric power development is the prime example here. Hundreds upon hundreds of millions of dollars are involved. The question is whether these shall be added to the deficit, on a tax-free basis, or whether we will give the green light to regulated, super-taxed private enterprise, and thus retard the drive toward a socialized country.

GRASS ROOTS OPINION

ODESSA, TEX., AMERICAN: "It is not possible for one man to control the energy of another. One man may impose his energies on another in such a way that, thru force, he can prevent the other man from using his energy as he might otherwise use it. But this is proof that the man using force cannot control the energy of the other. Were it possible for him to control that energy, no force would be necessary. He would simply will that the other

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

While the nation's independent business and professional people, voting through the National Federation of Independent Business favor a reduction in taxes now, almost 85% of the businessmen also say government costs should be cut to offset to a tax slash.

Now, there seems to be a strange reaction to this request for cutting government costs along the Potomac. The cry goes up as to just where costs can be cut.

For quite some time, the nation's independent businessmen have voted protesting foreign aid.

Why is this not done? Nobody seems to know.

The entire foreign give away scheme was sold as a means of helping some war torn nations get on their feet. \$100 billion later it is well to review some facts.

For example, somehow the Swedes got up to the trough. As everyone knows, Sweden is the most prosperous country in Europe and with an average factory wage rate of \$1 per hour, maintains the highest wage scale in Europe. In addition, through two world wars, Sweden was neutral.

Thus, not only has a shell or bomb never dropped on the Swedes, but during the hostilities they have been able to do some quite profitable business in military hardware.

© National Federation of Independent Business

Thus, the Swedes need help about as much as Paul Getty needs to receive social security checks. Yet, they have been able to tap the American taxpayers for \$111 million. About 20% of this is in the form of "loans," the rest has been an outright gift.

And there are other paradoxes. On one hand, the American taxpayer has been tapped to give Israel some \$870 million, and also \$628 million has gone to the United Arab Republic, of which 40% is also an outright gift.

This is somewhat similar to the situation that would result if a City Council voted about equal amounts of money to the local cops and robbers to buy ammunition with which to shoot at each other, and then have the Mayor say we want peace around town.

In addition, there has come into being another new wrinkle. Every time a black tribe in Africa decides to set up a nation under the guise of anti colonialism, they apparently immediately qualify for U.S. foreign give away gifts. There is even some wonder if this concentration on anti-colonialism would have become so great if there were not U.S. foreign give away funds around.

At the present time, the American taxpayer has been tapped for \$4 1/2 billion to spread around some 36 African nations. These billions have been given, not loaned, to the Togos, the Ugandas, the Mali, the Ghana, and all the rest, because no matter how primitive these tribesmen are, there is always a chief smart enough to know the value of the U.S. dollar.

person perform in such and such a manner and it would be done—exactly the same as when a man will that his own arm be raised, or his fingers bent, or his own mind engaged in a particular manner."

BRIDGEHAMPTON, N. Y., NEWS: "One hundred years ago George S. Boutwell, first Commissioner in Internal Revenue, had a staff of only one clerk, and personally read all letter from taxpayers."

BRISTOL, CONN., PRESS: "Our unemployment problem can be traced to the price-wage spiral. Until the public becomes sufficiently aroused to the point where it demands a halt to those inflationary practices, no quickie tax cut will solve our domestic problems. At the moment organized greed is having far too great a role to play."

Surface Heat Controls Save Time, Trouble

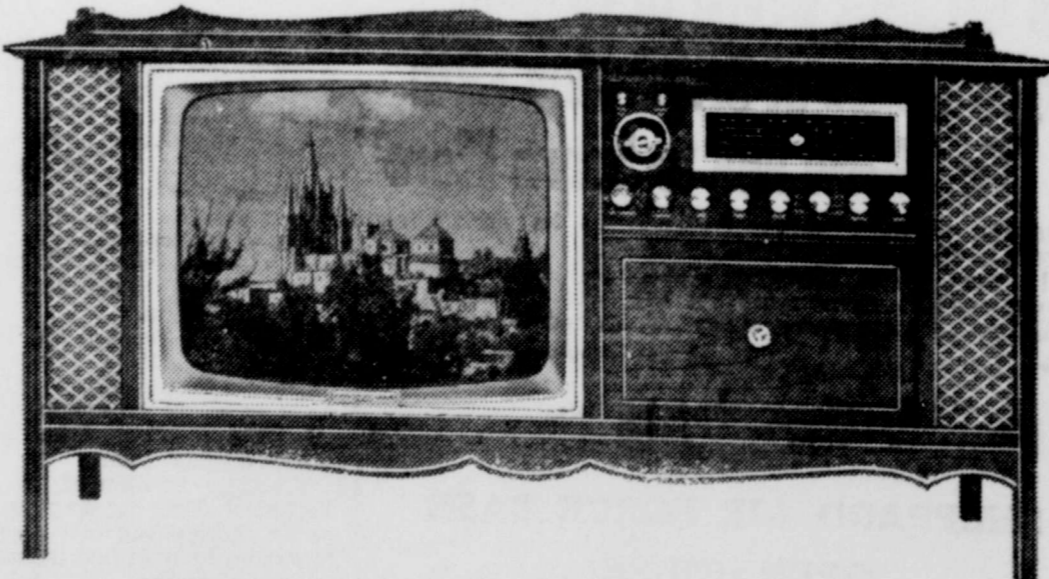

You're missing a trick if you don't use the thermostatically controlled surface element on your new electric range. It can save you time, trouble, and tears.

Since the heat-sensitive unit "knows" when the food you're cooking reaches the right heat and keeps it there, any pot or pan you use on it becomes automatic. You merely set the control at the heat needed, whether barely warm as for melting chocolate, high for searing a pot roast, or somewhere in between to cook frozen vegetables or a pudding, for instance. You no longer need a double boiler to keep food from sticking and burning.

FROM THE AGENT

Smith, home im- demonstrator for the Demonstration Club. her demonstration at meeting of the club Mrs. Smith have built

a den themselves. It joins the kitchen-living area. Plans were made and completed for wood paneling, shuttered windows, embossed floor covering, an eating area and proper lighting. The demonstration shows excellent results of good planning, because it looks like a planned area and not an after thought as remodeling so easily can.

Today's building material firms and hardware stores offer a wide variety of attractive wall finishings for tub and shower enclosures.

Most of these will give satisfactory results if properly installed — but some of the finishing materials stain more than others, points out Thelma Wirges, county home demonstration agent.

Tests made recently by the Texas Agricultural Experiment Station show that ceramic tile and porcelain-in-steel are the most resistant to staining. Of 16 different materials tested, copper tile, plaster, stainless steel, painted hardboard, painted plywood, painted gypsum board, and high density plywood had

permanent stains after nine showers a day for three months. Plastic tile, enameled steel, prefinished wall board, laminated thermo-setting sheets, flexible rubber, and vinylized wall fabric also were stained from the repeated wetting and drying action — but stains on these finishes could be removed easily.

Passing Rule

The Texas Safety Association recommends that drivers observe the following rule when passing another vehicle: Do not cut back in front of the other vehicle until its headlight can be seen in your rear-view mirror.

MEN'S BIBLE CLASS FIRST BAPTIST CHURCH

Invites You To Worship With Them Each Sunday Morning at 9:30 A. R. Hill, President W. R. Carswell, Teacher C. R. Chambers, Secretary FOR RESULTS — ADVERTISE

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

GOING UP...

A building is being erected. It is made of strong materials, steel and concrete. The foundation is firm and deep. The edifice is built to endure.

We need to build our homes to endure. They need a strong foundation. They need to be built on the rock of Christ. Psalm 127:1 reads, 'Except the Lord build the house, they labour in vain that build it.' Attend church regularly that your house may be instructed in the ways of the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The Faculty meets on the third Sunday evening. The Episcopal Church Women meet every second Thursday of every month. The Alter Guild meets on the fourth Thursday of every month.

**Sims Services
Held Wednesday**

Rosary was said at 6:00 p. m. Tuesday in the Owens-Brumley Funeral Home Chapel for Mrs. Hellen O. Sims who died late Saturday night at her home at 534 W. 3rd St. Mass was held Wednesday at 9:30 a. m. at Sacred Heart Catholic Church in Wichita Falls. Burial was in Burkburnett Cemetery. Mrs. Sims was born January

25, 1894 at Pawhuska, Oklahoma. She was the widow of the late Dr. W. P. Sims, prominent Burkburnett physician who died here in about 1941. Survivors include a son, Louis; a grandson, Louis, Jr.; a brother and several nieces and nephews. Pallbearers were Ping Lundberg, Ralph Brookshier, Sid Askins, Jimmy Johnson, Bill Crossley, and Jingle Hayes. The following prayer was found in a small purse with Mrs. Sims' rosary:

Roger W. Babson Weekly Report

ROGER W. BABSON

BABSON DISCUSSES CUBA

Although this week's column will be mailed from Babson Park, Massachusetts as usual, it is being written in Florida less than 300 miles from Cuba. Fur-

thermore, Palm Beach — where some of the Kennedy's have been staying much of the winter — is much closer to Cuba.

HOW MANY RUSSIANS LEFT IN CUBA?

No one really knows how many Russian soldiers, technicians, or officers still remain in Cuba. The estimates range from a low of about 2,000 to a high of 18,000. When these Russians leave Cuba they go in covered "wagons" and they are dressed in civilian clothes. They claim to have removed all "offensive weapons"; but they admit to selling a large number to Castro which are classed as "defensive." These would be able to "blow up" areas in Florida, but not any large American cities elsewhere.

Our intelligence is trying to get the facts by photographs. This is in part a reason why certain camera company stock sells at very much higher prices than they did in 1960. Although we own permanent rights in Guantanamo on the southeast corner of Cuba, we are very careful to allow no one to pass

RAISING OF MISSILE

(Official U. S. Air Force Photo)

THE RAISING OF THE ATLAS MISSILE AS SHOWN ABOVE IS ONE OF THE DEMONSTRATIONS PLANNED TO HIGHLIGHT THE ARMED FORCES DAY "OPEN HOUSE" AT SHEPPARD AIR FORCE BASE SUNDAY AFTERNOON, MAY 12 FROM 1:00 TO 4:00 P. M. RAISINGS OF THE MISSILE ARE SCHEDULED FOR 1:30, 2:30 AND 3:30. THE PUBLIC IS INVITED TO ATTEND THIS TRADITIONAL "OPEN HOUSE."

ARMED FORCES DAY 1963—The U. S. Coast Guard maintains active search and rescue teams like this one operating off the coast of Hawaii. Each year, the Coast Guard is credited with saving countless lives of those who face disaster along the coasts of the United States and its possessions.

the lines to enter or leave Guantanamo who has not a high character and reputation. It is rumored that Castro has dug a tunnel under Guantanamo, and threatens, in case of war, to blow it up.

WHAT RUSSIA WANTS

Khrushchev will not allow Castro to destroy Cuba, as some Republicans are urging Mr. Kennedy to do. He knows that such an event could well start a world war. Furthermore, President Kennedy knows that the American people would rather lose Cuba now than start World War III. Consequently, Russia seems to be "sitting in the driv-

er's seat" at present.

I further believe that Mr. Kennedy wants to go to the voters in 1964 under the slogan, "I kept you out of war." I also believe that if any Republican candidate for the 1964 election urges that we now "clean up Cuba," he will surely be defeated. Another thing to remember is that the Cuban people are 90% Catholic and that the Pope is working for a friendly settlement. The Pope probably has no influence in Russia; but he should have real influence in Cuba.

Friends tell me that Castro will try both to placate Russia and also to entice the Communists of Venezuela, Columbia, and especially Brazil. All these and the other countries of Central and South America I have visited. In fact, the Babson Institute once had a branch in Guatemala. I owned a fine stone building which was destroyed by an earthquake. Fortunately, I was not there that night. If I had been I would have been killed.

I repeat that we will not get into a war with Russia over Cuba. On the other hand, I know the Latin American people, as I have indicated above. The trouble with these nations is that they have no "middle class;" they are either very rich or very poor; and whether rich or poor, they are temperamental. One sad fact is that the rich do not invest their money in their own country, but send it to Switzerland to be invested in high grade stocks listed in New York or London.

All of the above means that it will be very difficult to help Cuba or any of the South or Central American countries. Russia knows this. President Kennedy also knows it; but does not know the real answer, which is one of the fundamental difficulties with the Cuban problem. Geographically Cuba is a wonderful base for Russia to have in the Western Hemisphere; but from a temperamental standpoint Russia knows that neither Castro nor any successor of Castro's can be depended upon. Hence, I believe President Kennedy is now right in keeping out of Cuba—directly or indirectly.

Dr. James Naismith invented basketball in the winter of 1891-92.

Daughter Banquet Held Janlee Baptist Church Friday

"Golden Moments" was the theme of the annual Mother-daughter banquet of the Janlee Baptist Church held Friday at the church Fellowship Hall. The banquet honoring members of the church's Auxiliary and their daughters was a Golden Anniversary celebration. The Auxiliary colors, green and gold were used in the decorations. The tables were decorated with green and white cloths and decorated with daisies in green and white. A miniature holding ceremony centered the head of the banquet room. Pictures showing the Golden Moments of the past fifty years of Girl

Auxiliary. On another wall were life-size cutouts of a girl of fifty years ago and a modern girl. The Golden Anniversary GA emblem was a predominant part of the decorations. The beautiful decorations were the result of a lot of time and work on the part of Mrs. Jack Culison and her committee. Serving as Mistress-of-Ceremonies was Mrs. Wayne Landrum. Mrs. Eldon Chapman gave the invocation and Mrs. Jim Throgmorton gave a reading, "What Is A Girl." A tribute to mothers was presented by Kathy Sykes and a tribute to the GA leaders was given by Nancy Malone. Mrs. James Metz gave a tribute to daughters. Pat Chapman led the group in singing old songs and new. The guest speaker for the evening was Mrs. Bob White. Mrs. R. H.

DIESEL ENGINE GENERATOR

(Official U. S. Air Force Photo)

Brister gave the Benediction. Mrs. Clarence Balanky was in charge of the program arrangements.

Special recognition was given to the girls who served the food. They were girls who will become GAs in October. A rising vote of thanks was given to the Women's Missionary Union and to the food committee who prepared the dinner. Mrs. Almada Brewer was chairman of this committee and Mrs. Odgen Givens is President of the WMU.

AN AIR FORCE SERGEANT OPERATES A DIESEL ENGINE GENERATOR, A TRAINER USED IN THE DEPARTMENT OF CIVIL ENGINEERING WHICH WILL BE ON DISPLAY DURING THE "OPEN HOUSE" AT SHEPPARD AIR FORCE BASE, SUNDAY, MAY 12 FROM 1:00 TO 4:00 P. M. THIS IS JUST ONE OF THE MANY USED IN THE POWER PRODUCTION DEPARTMENT OF CIVIL ENGINEERING.

TITAN II SEPARATION

(Official U. S. Air Force Photo)

HERE IS AN ARTIST'S IMPRESSION OF HOW THE SEPARATION OF THE TWO STAGES OF THE AIR FORCE TITAN II — AND IGNITION OF THE SECOND STAGE — WOULD LOOK IF IT WERE POSSIBLE TO OBSERVE FROM NEARBY. THE SPENT FIRST STAGE OF THE STORABLE LIQUID PROPELLANT ICBM IS BEGINNING ITS PLUNGE BACK TO EARTH; THE SECOND STAGE, PROPELLANT BY A 100,000-POUND THRUST ENGINE, IS ACCELERATING THE PAYLOAD FOR THE FINAL PORTION OF POWERED FLIGHT. THE TWO-STAGE TITAN MISSILE WILL BE FEATURED IN THE STATIC DISPLAY OF THE SHEPPARD AFB OPEN HOUSE MAY 12, FROM 1:00 TO 4:00 P. M. AND WILL BE SEEN IN THE PARADE IN WICHITA FALLS SATURDAY, MAY 18TH.

COL. DALENE E. BAILEY

Col. Dalene E. Bailey is deputy commander of Sheppard Technical Training Center, a job he has held almost two years. He came to Sheppard in August 1961 from the Far East where he was chief of staff for the Fifth Air Force. During World War II he served in the China-Burma-India theater, flying C-47s on 36 missions over the "hump" to evacuate refugees from Burma, and later served under General Claire Chennault's command in China. He has more than 7,000 flying hours to his credit.

(OFFICIAL U. S. AIR FORCE PHOTO)

Prime Center: Sheppard Air Force Base is prime training center for Atlas and Titan, ICBM's, and Thor and Jupiter, IRBMs.

Community Relations: Every Sheppard Squadron has been adopted by a Wichita Falls business establishment or civic service organization. This Squadron Adoption Program initiated and sponsored by community interest since 1959 has maintained "people-to-people" relationships between the base personnel and civilian populace.

L. W. Teel, Jr.
Presented Award

L. W. TEEL, JR.

L. W. Teel, Jr., son of Mr. and Mrs. L. W. Teel of Burkburnett was presented the American for Pharmaceutical Education Foundation Scholarship Award at the annual American Pharmaceutical Association Banquet held April 24, at Southwestern State College, Weatherford, Oklahoma.

L. W. was chosen for high grade point, leadership ability and other academic achievements.

His name will appear on the roll of American Scholars, also a deposit will be made with the School of Pharmacy in his name which will pay for tuition for the year 1963-64.

Mr. and Mrs. George McClarty attended the banquet as guests of L. W. and Sue.

L. W. was also recently elected president of Kappa Psi professional Pharmacy Fraternity of which he is a charter member.

Mrs. W. J. Morrow was released from a Wichita Falls hospital Tuesday of last week and visited her daughter, Mr. and Mrs. Payton Cozby of Burk Burnett until Friday eve then went to visit another daughter, Mr. and Mrs. Herbert Struck of Munday.

Poppy Day Facts
Through the American Legion Auxiliary poppy program, more than \$300,000 is paid annually to needy and disabled service men and women who make the memorial flowers. All contributions received from Poppy Day go directly to aid disabled war veterans or members of their families.

The first Oxford and Cambridge boatrace was held at Henley in 1829.

POLE CLIMBING DEMONSTRATION

(Official U. S. Air Force Photo)

STUDENTS OF THE DEPARTMENT OF COMMUNICATIONS TRAINING DEPARTMENT AT SHEPPARD AIR FORCE BASE WILL DEMONSTRATE POLE CLIMBING AS A FEATURE OF THE ARMED FORCES DAY "OPEN HOUSE" TO BE HELD AT SHEPPARD, SUNDAY AFTERNOON, MAY 12, FROM 1:00 TO 4:00 P. M. THE PUBLIC IS INVITED TO ATTEND THIS OPEN HOUSE WHICH WILL INAUGURATE THE TRADITIONAL ARMED FORCES WEEK OBSERVANCE.

NOBLE GRAND CLUB MEETS

The Past Noble Grand Club met with Cora Lee Harmon on the fourth Tuesday of April. The meeting opened with prayer. The members agreed to have a party the next meeting nite to reveal secret pals. All members are urged to be present. Members studied secret work of the lodge and after the members sang "Happy Birthday" for Bessie McKnight, whose birthday came the following Sunday. The meeting closed with a prayer led by Elizabeth Gragg. Refreshments of pie and coffee was served by the hostess.

Driver Education Courses Aid In Developing Judgment

Teen drivers need not be poor drivers, according to the Texas Safety Association. It is youth's lack of experience that leads to errors in judgment. TSA reports that driver education courses ca aid in developing judgment and a sense of responsibility necessary to safe driving. Studies indicate that teens who have had formal driver education have fewer traffic accidents and violations than others.

DECA SPOTLIGHT

The Spotlight shines on another DE student, Mickey Simmons. Mickey is the son of Mr. and Mrs. J. R. Simmons. He is a senior in high school. His training station is Farmer's Co-op. Mr. J. T. Gillis, his supervisor, has helped Mickey in his work at Farmers Co-op. Mickey has also taken Vocational Agriculture and FFA three years. This knowledge of farming has helped him too.

Some of Mickey's duties include loading, unloading feed,

fertilizer and hardware, waiting on customers and other general work.

Mickey's hobbies consist of livestock farming and any kind of farm work.

Next week's Spotlight is Waylon Simpson.

Joyce Byars, Reporter

Sheppard Air Force Base Is Home of the 3750th Technical School and 494th Bombardment Wing

Sheppard Air Force Base is home of 3750th Technical School and 494th Bombardment Wing (Heavy), units of Air Training Command and Strategic Air Command, respectively. The primary mission of the large base then is technical training and support of the tenant SAC wing.

Other tenant organizations at Sheppard are 2054th Communications Squadron of Air Force Communications Service; Detachment 12 of the 24th Weather Squadron, Military Air Transport Service, and Resident Auditor.

Following an illustrious wartime experience, Sheppard was reactivated in August, 1948 as an indoctrination base to relieve overcrowded conditions at the basic training center at Lackland. This basic training was phased out in June, 1949 to make way for the Airplane and Engine Mechanics School being transferred here from Keesler AFB, Mississippi. Basic training again appeared in the Sheppard curriculum in July, 1950 until May, 1952. Phase II Basic Military Training returned in 1956 and has been a part of the training here since that time.

The Airplane and Engine Mechanics School which came in 1949 has become the Department of Aircraft Maintenance Training, one of the two largest within 3750th Technical School, as the base's mission has progressed.

The other large training de-

partment in the school is the Department of Missile Training. While the early phases of work in this department began in 1955, the first class was enrolled in October, 1959. Sheppard became the "prime training center" for the Atlas and Titan, Intercontinental, and Thor and Jupiter, intermediate range ballistic missiles in February, 1958.

The Comptroller, Intelligence, and Transportation Training Departments were transferred here in 1954 from Lowry AFB; the Communications Training from Francis E. Warren AFB in 1959; and Utilities Training, which has since become Civil Engineering Training, was activated here in 1958.

In 1959 Sheppard assumed a world-wide training responsibility when it gained a part of the Field and Mobile Training Detachments, previously conducted by the 3499th Field Training Wing at Chanute AFB. The Wing's responsibility was divided between Chanute, Sheppard and Amarillo AFBs.

Sheppard, which was made a permanent installation in 1950, was designated Sheppard Technical Training Center in 1959.

Military and technical training courses develop the necessary human skills required to support Air Force weapons and associated equipment. The Center also prepares extension courses, Air Reserve Center specialized training courses, packaged on-the-job training ma-

OFFICIAL U. S. AIR FORCE PHOTO
COL. CLAUD L. McIVER, JR.

Col. Claud L. McIver, Jr., assumed duties as commander of 3750th Maintenance and Supply Group at Sheppard Air Force Base in September 1961. He came to Sheppard from Randolph Air Force Base where he was commander of the 3300th Support Squadron. During his more than 20 years of military service, Colonel McIver has served overseas on two occasions. He was a B-24 aircraft commander with the 15th Air Force in North Africa and Italy during World War II and was in Alaska from 1954 to 1956.

terial and advisory services.

The Strategic Wing was first activated at Sheppard as the 4245th Strategic Wing in January, 1959, and the name was changed earlier this year to the 494th Bombardment Wing (Heavy). The 900th Air Refueling Squadron joined the Wing last year and its first K-135 tanker arrived January 8, 1963, just one week short of three years since the arrival of the first B-52 bomber.

Existence of the wing stemmed from the Strategic Air Command's "Dispersal Concept" which strengthens SAC's deterrent power by complicating the enemy's attack problem.

KC-135 Arrives: "The Wichita," a jet stratotanker was the first of the KC-135s to arrive at Sheppard for the 900th Air Refueling Squadron. It came January 8, 1962.

Name: Sheppard AFB was named for the late Texas Senator Morris E. Sheppard, an advocate of military preparedness prior to World War II.

Program Offers Direct Commissions

Women college graduates seeking executive positions which offer excellent pay and opportunity for promotion, as well as interesting and important positions of responsibility, should look into the Women's Army Corps Officer Program.

The WAC Officer Program offers direct commission to young women who are about to graduate from college or have recently graduated. For those who have been out of college and have had career experience in a civilian field, a direct commission as a first lieutenant may be awarded.

After acceptance of appointment, an officer's course is given at the WAC Center, Fort McClellan, Alabama. This five month course will introduce newly appointed officers to the Army organization, customs and life.

Upon completion of training job assignments will include positions in practically each and every branch of the Army. Frequently, the military job and its civilian likeness will involve many of the same duties; namely, public relations director, management, communications supervisor, personnel administrator, education coordinator, and legal and intelligence assistant.

In addition to outstanding job assignments, a WAC officer is afforded an opportunity to enjoy world-wide travel, social and religious activities, and hobby interests. All in all, a career as a WAC officer offers valuable executive experience and professional training along with leisure hours of off-duty enjoyment.

The U. S. Army also has a unique program for college juniors. This program permits college juniors to "sample" life as a WAC officer by applying for the four-week summer orientation course given at the WAC Center. There is no commitment beyond the expense-paid program, but the chance to learn about the WAC and its officer program. During the senior year, application for a commission as second lieutenant may be submitted. If the trainee does not complete the summer course and decides not to apply for a commission, she will be discharged from the Reserves without further obligation.

Further information on the WAC Officer Program and the College Junior Program may be obtained from M. Sgt. Drue McBride, local U. S. Army recruiter. He is located at 1007 Lamar, Wichita Falls or call 766-1663.

New USAF Hospital at Sheppard: Modern 4½ million, 5-story hospital will be completed in mid-1963. The new permanent building with 176,916 sq. ft. of floor space will replace the present WWII facility which provides general medical treatment and services in 19 specialties for military and dependent personnel. Also acts as a consultant center for patients from nine other Air Force bases.

U. S. Army Offering Direct Enlistments For Pilot Training

Keeping pace with their ever-expanding air mission, the U. S. Army is now offering male high school graduates direct enlistments for aviation pilot training, according to an announcement made today by M. Sgt. Drue McBride, local Army recruiter.

This is the latest addition to the Army's "Choice Not Chance" enlistment program which offers young men and women their choice of hundreds of career opportunities — guaranteed in writing before they enlist.

Under the aviation option, high school graduates may apply for pilot training in helicopter or conventional aircraft and an appointment as a Warrant Officer, if they are:

- * A United States citizen;
- * more than 18 and less than 30 years of age;
- * able to pass comprehensive

mental and physical examinations;

- * between 5' 4" and 6' 4" in height;
- * under 200 pounds in weight;
- * willing to enlist for two years, and agree to accept an appointment as a Warrant Officer.

Sgt. McBride said that qualified candidates will receive a written guarantee, before enlisting insuring Army pilot training upon successful completion of eight weeks basic training.

"Candidates may indicate their choice of Rotary wing (helicopter) or Fixed wing (conventional) training," he said. "However, candidates will only be guaranteed pilot training. The type of pilot training individuals will receive will be based on needs of the service."

Upon completion of basic training, candidates will be promoted to the grade of sergeant, and will receive the pay and allowances of that grade while attending Preflight and Primary Flight Training. Upon gradua-

tion from these courses will be released from the year enlistment and appointed as a Warrant Officer.

Rotary Wing training weeks and Fixed Wing last 42 weeks.

Sgt. McBride's office is located at 1007 Lamar, Wichita Falls. Telephone number is 766-1663.

He said he welcomes questions on aviation training or any of the many "Choice Not Chance" options currently offered young men and women of the community.

Departments of Training at the Sheppard Air Force Base Graduated 31,455 During 1962

scoring the least increase with 56; but each department registered more graduates last year. Additional graduates listed by the other respective departments were 747, Civil Engineering; 630, Aircraft Maintenance; 385, Instructor Training; 231, Intelligence; and 226, Comptroller.

This year's graduates attended more than 250 different courses throughout the year. Tech School started the year 1962 conducting 141 courses and the number in session at the end of the year was 156. One hundred thirty-six new courses were planned and implemented while requirements were trained out in 121 courses. The average course length is 15 weeks while the minimum length is one week, and the maximum 36 weeks.

These courses were conducted by 2,588 instructors. The peak student load was 8,433 and that enrollment was registered on September 19, 1962.

The School's largest department, Missile Training, anticipated no increase in resident training in 1963; but will have an increase in traveling teams of instructors who go to the missile sites to conduct training. The Department also anticipates an increase in training for the current launch vehicles.

In addition to the resident course graduates there were some 47,150 students trained by

MISSILE MODEL DISPLAY

MODELS OF AIR FORCE MISSILES ARE COMPLIMENTARY TO THESE ENTRANTS OF THE MISS MISSILE CONTEST TO BE HELD AT SHEPPARD AIR FORCE BASE DURING ARMED FORCES WEEK. FROM LEFT TO RIGHT ARE MISSES VIVIAN WILSON, COLLEEN CALLAHAN, PAT MOORE, VIRGINIA HILL OUIDO JO HILL, AND BEVERLEY CLARK.

Tech School. These graduates were from courses conducted by the Field and Mobile Training Detachments at bases worldwide. Tech School's 49 detachments have conducted training on various weapons systems including the C-67, KC-97, C-119, C-121, C-123, C-124, C-130, C-133 B-50, B-57, B-66, C-54 and H-19. The training has been conducted in 30 states, Japan, Okinawa, England, France, Morocco and Argentina. Missile Training detachments are at Vandenberg AFB, California, and with the United States Air Forces in Europe.

Col. Philip R. Obley commands the 3750th Technical School which conducts the training at Sheppard and at bases throughout the world.

OFFICIAL U. S. AIR FORCE PHOTO
COL. JOHN F. SCHLECHTER

Col. John F. Schlechter came to Sheppard as commander of the USAF Hospital in August, 1961 from Harlingen AFB, Texas. A native of Brooklyn, N. Y., Colonel Schlechter has almost 21 years of military service to his credit. During World War II he was in the European Theater of Operations two years, serving in six campaigns. He also served overseas in the Philippines in 1953 and 1954.

STRATOTANKER REFUELS A B-52 STRATOBOMBER

(Official U. S. Air Force Photo)

THE KC-135 STRATOTANKER REFUELS A B-52 STRATOBOMBER. BOTH OF THESE AIRCRAFT WILL BE FEATURED IN THE 494TH BOMBARDMENT WING (HEAVY), STRATEGIC AIR COMMAND'S STATIC DISPLAY

DURING THE ARMED FORCES WEEK "OPEN HOUSE" AT SHEPPARD AIR FORCE BASE, SUNDAY, MAY 12, FROM 1:00 TO 4:00 P. M. THE PUBLIC IS INVITED.

Big B-52's On 15 Minute Alert Around the Clock Sheppard AFB

Poised on 15-minute alert around the clock at the end of Sheppard Air Force Base's 13,000 foot runway are B-52 Stratofortresses of the Strategic Air Command's 494th Bombardment Wing (Heavy). Also assigned to the wing are KC-135 stratotankers.

Forces Week Open House being held Sunday, May 12 from 1:00 to 4:00 p. m. may see both the Stratofortress and Stratotankers. Described as the free world's first line of defense for years to come, the eight-jet 450,000 pound B-52 bomber flies faster than 650 miles per hour and higher than 50,000 feet, driven

by the equivalent of 30 diesel locomotives.

Its normal fuel load, which exceeds the capacity of three railroad tank cars has been vastly increased through utilization of its cavernous wings for fuel storage, greatly increasing the range of the bomber.

The global capability of SAC's giant jet bombers depends entirely on air refueling support given by the command's tanker force. The KC-135s at Sheppard are a part of this force.

Until nuclear aircraft leave the drawing boards and get into the air, the tanker will continue to be the key to long-range flying.

Without aerial refueling, B-47s could fly only 3,000 miles and the B-52 Stratofortress could fly three times that far — about a third of the way around the earth.

With aerial refueling, any of these bombers can circle the earth, and could fly even farther if the crews could endure it.

Air-to-air refueling was first tried in 1923. It was not until SAC's activation in 1946 that the technique became a matter-of-fact operation. It has now become so routine that refueling is accomplished day and night around the world every few minutes.

With the KC-135, jet-to-jet refueling means SAC bombers can take on a full load of fuel without slowing down, changing

course, or descending to altitudes at which they must burn more fuel.

It flies at a speed of more than 550 miles per hour, above 42,000 feet and has a range of more than 4,000 miles.

Baptist Churches Win Youth Rally Banners, May 4th

Two local Baptist Churches brought home both banners from the Associational Youth Rally, Saturday, May 4. The rally was held at Holiday. Cashion Baptist youth received the Efficiency Banner for having the largest percentage of their young people at the rally. Janlee Baptist young people took the Attendance Banner for having more in attendance than any other Baptist Church in the Wichita-Archer Association. This made the third consecutive time they have received a banner.

The program was presented by the Baptist Student Union of Midwestern University. Miss Lena Faye Alford showed slides of the different phases of BSU life. Paul Trammel, Summer Missionary to Africa, told some of the experiences he had last summer in Africa. He had many curios that he showed and explained their use and how he had received them. He also showed slides of the African scenery and the people at work and play.

He is to be guest speaker at Janlee on Wednesday night, July 10, during Teentime.

Traffic Accident Chances Noted

The Texas Safety Association reports that a person who drives 12,000 miles a year has one chance in three of having some kind of an accident. There is one chance in four that damage will be limited to property, one in 35 that there will be at least one injury and one in 1,300 for a fatality.

DECA SPOTLIGHT

Jerry Salsman is the DECA Spotlight this week. Jerry is the son of Mrs. Marie Wheat. His training station is Parker's Food Store. Ira Schroeder is his supervisor and he has helped Jerry a lot.

Jerry has been promoted to assistant produce manager. When asked how he liked his job, his reply was, "I like it a great deal. I have learned a lot, and am looking forward to learning a lot more about my job."

His duties include seeing that

all produce, that is put in rack is in good condition also stocks the racks, and that everything is straight and in neat order.

His hobbies are fishing and hunting. His plans for the future is to attend Central College and continue grocery business.

Next week's Spotlight key Simmons. Joyce Byars, Reporter

Commanders: Sheppard had 20 commanders in the war years; and 9 reactivation.

NORMAN J. CRANFORD

Norman J. Cranford came to Sheppard Air Force Base in 1962 to assume command of the 50th Civil Engineering Squadron. He came from Wiesbaden, Germany, where he had been deputy civil engineer for the 7101st Air Base Wing. His overseas tours were in the Pacific during World War II and in Korea.

GENUINE ENGRAVED LETTERHEADS DESIGNING \$17.00 PER 1000

ARMED FORCES DAY 1963—Supporting our combat forces are a group of dedicated, highly trained women in uniform who play an important part in the Nation's Defense Team. These four women represent the Army, Marine Corps, Navy and Air Force. There are approximately 32,000 women presently on active duty with the Armed Forces.

ARMED FORCES DAY 1963—The pilot and radar observer check flight gear prior to take-off aboard a U. S. Air Force F-101 "Voodoo" supersonic jet interceptor. This aircraft is designed to fly under all weather conditions.

ARMED FORCES DAY 1963—Strategic border patrols are manned by crack troops in the Western Zone of Germany. Here an American infantryman is joined by a West German policeman and sentry dog.

ARMED FORCES DAY 1963—The U. S. Air Force's Strategic Air Command is an around-the-clock operation. This is exemplified by these alert crewmen attending Sunday religious services in flight gear ready to take off at a moment's notice.

Traffic Slowpoke Is Dangerous

The slowpoke on the expressway is just as dangerous as the speeder, according to the Texas Safety Association. Vehicles

leading a slow parade in a traffic lane are hazardous.

TSA advises if traffic streams past you and you can't seem to keep up with other cars on expressways, it is safer for everyone if you get off. Travel on another road.

News From The County Agent

Some of our pecan producers are spraying their pecans for the pecan nut case bearer too early. They are doing more damage than good. Mr. U. A. Randolph, Superintendent of the Montague Experiment Station, says that May 15 to 25 is about the right time to spray pecans for the nut case bearer.

Aphids are a problem on many of our shrubs and plants in the county. To control aphids, you may spray with either of the following insecticides: diazinon, dimethoate, lindane, malathion or sevin.

May 19 will be observed as Rural Life Sunday and it also marks the beginning of Soil Stewardship Week. Traditionally, the fifth Sunday after Easter is the day set aside for emphasizing the spiritual values of rural living.

Today many cropping and fertilization recommendations are based on soil testing information. And many farmers and ranchmen are making use of the three soil testing laboratories in Texas to obtain this information.

A new bulletin of the Texas Agriculture Extension Service explains just what soil testing is and how it can be used by the producer. "Test your Soil for Profits" says that soil testing is a scientific method to determine the fertility needs of a particular field. It explains that chemical means are used to determine soil reaction (pH), organic matter, available phosphorus, available potassium, available calcium, and soluble

salts. Soil salinity can also be determined by special testing techniques.

Soil testing can be used as a basis for fertilization and liming of soils, according to the bulletin. Also, a soil test can help the producer determine what crop is best suited to his land, how much that crop should yield, and if the soil is infested with nematodes, insects or diseases.

In taking soil samples, obtain one from each major soil type in the field, using a spade, soil auger, or soil tube. Information sheets can be obtained from the local county agricultural agent and should be filled out as completely as possible and sent along with samples, the bulletin says.

Samples should be submitted at least one month prior to the date of fertilization to allow time for testing and return of the results. Under high levels of production or high rates of fertilization soils should be tested every year, but with lower production they may be taken at two or three year intervals.

Soil testing takes the guesswork out of fertilizing and insures better profits from the use of fertilizer, concludes the bulletin. For a copy of L-265, "Test your Soil for Profits," contact your county agricultural agent.

The Base Newspaper The SHEPPARD SENATOR is published weekly and distributed in 6,000 copies.

Why does this water heater need no flue?

IT'S FLAMELESS... IT'S ELECTRIC! And because it's flameless, it needs no flue or ventilation, so it can be installed almost anywhere—under a kitchen counter, beneath a stairway or even way back in a tightly enclosed closet. In addition to this flexibility of location, a flameless electric water heater gives you these other important advantages: **SAFE**—no flame, no pilot light to worry about. **CLEAN**—no by-products of combustion to soil walls or ceiling. **SILENT**—no start-up or shutdown noises, no sound while water is being heated. **FAST**—high-speed electric heating elements are immersed in the water for maximum efficiency and quick recovery operation. You'll have all the hot water your family needs—worry-free—with a flameless quick recovery electric water heater. See the new models now on display at your dealer's.

Mistletoe Is Plant Of Many Characters

Boys are fond of mistletoe because of its power to invite a kiss from a pretty girl. Birds like mistletoe, too, for a different reason. The white-berried plant serves as winter food for mockingbirds, robins and waxwings. These small birds are responsible for the spread of the damaging parasite. After eating the berries, the birds clean their beaks on the trees, firmly planting the mistletoe seeds they do not eat. The tap roots of the seedling pierces the tenderest portions of the tree— young branches or buds—and the tree sap is drawn into the thick leaves and translucent berries of the guest plant.

SAFB Equipment Of Tech School

Aircraft and missiles belonging to 3750th Technical School at Sheppard Air Force Base will again be displayed during the Open House at Sheppard AFB on Sunday, May 12th. These shown above are representative of the ones used by the school in training.

This year's Open House at Sheppard Air Force Base is expected to draw more visitors than any previous year. Instead of crowding everything into one day, this year Open House will be held Sunday, May 12th, the beginning of Armed Forces Week, and the Wichita Falls downtown parade will be held Saturday, May 18th. It is felt this arrangement will give more people an opportunity to visit the base.

Credit Unions: A Civilian and a Military credit union operates at Sheppard.

Proper Insulation Is Wise Investment

Proper insulation is an investment in family comfort that pays dividends virtually all year long. In winter, mineral wool insulation acts as a blanket that keeps heat inside a house. During hot weather, it serves as a barrier that blocks outside heat from living areas of the house.

When mineral wool is used in air conditioned houses, families find cooling equipment costs are less and operating costs are lower, too. Since less heat enters a house that's properly insulated, the air conditioner doesn't have to work so hard to keep the house comfortably cool.

To obtain optimum results, mineral wool insulation with an installed resistance to heat loss of R-19 should be used in ceilings, R-11 in walls, and R-13 in floors above unheated spaces, according to the National Mineral Wool Insulation Association.

DAVID G. ALFORD

David G. Alford is commander of the 3750th Air Base at Sheppard Air Force Base. He came to Sheppard in 1952 from Athens, Greece. He had commanded the 3750th Group for almost three years and other overseas tours in Newfoundland, England and New Guinea. A native Texan, Alford has 24 years of service.

Wide Classroom: Sheppard Technical School training for personnel in various units throughout the 49th Field Training Detachment.

Handler and Dog Train at Lackland

Dog and Handler Work As Team To Protect SAFB Strategic Areas

Sentry dog demonstration will be one of the highlights of the "open house" to be held at Sheppard Air Force Base in observance of the 14th annual Armed Forces Week.

These dogs whose duty it is to guard restricted areas of the 494th Bombardment Wing (Heavy), Strategic Air Command, are as rigidly trained and dedicated as the Strategic Air Command airmen.

The dogs and their handlers will demonstrate how they work together apprehending intruders in the areas they guard.

Although a dog's transition from gentle house pet to man-killer takes only a few weeks, the sentry dogs are highly dedicated to their duty.

A dog's career begins when he is purchased by the Air Force from his owners. When an owner expresses a willingness to sell his animal he is mailed a questionnaire concerning his dog's background, habits and traits. If the dog meets preliminary qualifications, he is accepted on a trial basis, pending final purchase. The dog must weigh at least 60 pounds before the Air Force will buy it.

Sentry dogs assigned to the SAC wing at Sheppard are valued at approximately \$1,600, having been purchased for \$75 to \$150 each.

Following purchase, the dogs are sent to the Sentry Dog Training School at Lackland Air Force Base, Texas, where they meet the airmen who will work and train them.

Handlers are assigned sentry dog duty on a voluntary basis and report to Lackland for eight

weeks of intensive training with the dogs they have been assigned.

At Lackland the dogs undergo the transition to the powerful beast who patrols the restricted areas throughout the Strategic Air Command, guarding vital elements of this country's war-making capacity. During this training the animals must be taught to remain hostile to intruders, yet gentle with their handlers. Each dog is assigned only one handler and it is seldom that he will allow another person, even another handler, to touch him.

If a handler is separated from the service his dog is returned to Lackland for retraining with another handler. Several dogs here have been retrained as many as three or four times. In rare cases if a dog proves unmanageable he and his handler are returned to the school for additional training.

Dogs and handlers at Sheppard are assigned to the 494th Combat Defense Squadron of the 494th Bombardment Wing directly from the training school at Lackland. They then man their posts at dusk each day and stand guard until the following dawn. They train for one hour prior to assuming their posts and for one hour following duty. Each fourth day the dogs are trained for four hours. Once each month, the dogs receive a complete physical examination; their performance on the job is evaluated daily.

The sentry dogs are trained to attack and hold intruders by bringing them to the ground. They are trained to kill, if necessary. They practice their tactics on a handler clothed in an attack suit made of heavy bur-lap and cotton padding. Dogs, exerting as much as 500 pounds pressure between their jaws, have bitten through the five inch thick suit. These dogs have been known to chew the rims

off metal buckets. Several handlers have been bitten by their own dogs. According to S Sgt. Robert H. Riley, Sentry Dog Flight commander, "It's part of the business." Sergeant Riley says the dogs' tempers are similar to those of humans. When aggravated they will often snap at their handlers.

Dogs assigned to the 494th

range in weight from 77 to 99 pounds and consume about 1600-1700 pounds of food each month. They are fed by their handlers once a day, in the morning and eat chopped meat and meal.

A personnel record file is maintained for each dog and a glance at their histories indicates that the oldest, named Shane, is 9 years old, and the youngest is Duke, 2.

Each handler is responsible for the health of his dog. Pills and other medications are dispensed at the kennel, located west of the SAC Composite Building. For more serious ailments the dogs are treated by the base veterinarian.

During training the dogs wear

a chain collar. While they are at work they wear a one-inch leather collar known as the work collar. A dog may appear quite friendly while wearing his training collar, but once his work collar is in place he seems to sense his duty and become aware of all individuals who might penetrate his area.

An alert sentry dog and his handler are a formidable team poised to protect vital Strategic Air Command aircraft and equipment, an assurance against sabotage or any threat which might cripple SAC's striking force.

Visitors to the "open house" may see the handlers and dogs at work.

University Study Club Met With Mrs. Homer Gilbert

The University Study Club met in the home of Mrs. Homer Gilbert with Mrs. S. S. Reger and Mrs. J. M. Pogue, co-hosts.

President, Mrs. Joy Sessums called the meeting to order and the Club Prayer was given. A letter from the Chamber of Commerce was read. Roll call given by members giving unusual facts about Texas or Texas Brag.

The new officers for coming year were given. President, Mrs. Marshall Young; Vice President, Mrs. B. N. Cauthorn; 2nd Vice President, Mrs. Fuqua; Recording Secretary, Mrs. H. G.

Williams; Corresponding Secretary, Mrs. J. B. Morris; Treasurer, Mrs. Arthur Houser; Project, Mrs. Pogue, Joy Sessums, Andy Bazell; Finance, Mrs. Blake Browning, L. E. Harwell, Chloe Fuqua; Telephone, Mrs. A. R. Bunstine, Lewis Brocker, Shrum; Gift and Flowers, Mrs. H. Gilbert, L. W. Mathis; Hospitality, Mrs. J. D. Majors, Mrs. S. S. Reger, E. R. Burns; Year Book, Mrs. J. D. Majors, S. S. Reger, E. R. Burns; Parliamentarian, Mrs. Lewis Brocker; Press Reporter, Mrs. O. E. Melton; Historian, Mrs. Bill Crossley; Federation Counselor, Mrs. J. H. Rigby.

Mrs. Reger, chairman of Texas Heritage Committee gave a paper entitled an Air Plane Tour Over Texas, citing the places we might stop on this trip. Texas has a legend of wide

open spaces and cowboys. Tourists will find a great variety of scenery, mountains, plains and coast lines. Some points of historical interest are the Alamo and San Jacinto Monument, near which is placed the World War II Battleship Texas, which was saved from scrap by the pennies collected by Texas School children. The last land battle of the Civil War was fought in the Rio Grande Valley noted for its Ruby Red Grapefruit and other citrus fruits and vegetables.

The Six Flags of Texas are portrayed on the terrazo floor under the capitol dome. Texas carries until today much of the Spanish and Mexican influence in its colorful costumes, food, and architecture.

Tourists may have their choice of hunting, fishing or camping in this great state. 1000 Roadside Parks are maintained by the Highway Department along its 60,000 miles of fine roads. Also there are fifty state parks and four National Parks, all equipped with modern camp sites. In the friendship state you can find all kinds of entertainment. It is also the gateway to Mexico with just the Rio Grande River separating two great countries and peoples.

Mrs. Majors introduced Mrs. Lohofener our guest speaker. Mrs. Lohofener spoke of Guatemala, the land and peoples. The name means, "Land of Trees," or Land of the Eagles. It is situated in the Northern part of Central America and is about the size of Tennessee.

It has many mountains, rivers and shore line making it a beautiful and interesting country. It has many volcanoes and earthquakes and has a variety of climate varying with the alti-

OFFICIAL U. S. AIR FORCE PHOTO
COL. PHILIP R. OBLEY

Col. Philip R. Obley assumed duties as commander of 3750th Technical School at Sheppard AFB in June, 1962. A native of Kansas, Colonel Obley came to Sheppard in 1959 from Randolph AFB where he had served as officer directorate, deputy chief of staff for personnel. He began his military career in 1941.

Great forests of Mahogany are found, also in the lowlands bamboo, coco palms and rubber trees grow wild. The banana is a very important product. Also many other tropical fruits and plants grow in abundance. It ranks 2nd to Mexico in export of chicle from which chewing gum is made.

The population is made up of 3 1/2 million, half or pure blood Indians whose ancestors were there long before Columbus discovered America.

They are the only pure unmixed race in Central America. They dress in primitive fashion, the children being replicas of the parents. Their native musical instrument is the marimba. Their executive officers are elected. They have fine schools, but are not required to attend so the rate of illiteracy is high. Guatemala City, the capital is noted for its cleanliness and beauty. Many of the people live out of doors all year, even during the rainy season.

Market days are one of the highlights of the people. It is a regional center of exchange for the people to get together to celebrate and sell their handicrafts and other products. Guatemala is just a few hours flight from Houston, New Orleans or Miami. We all enjoyed our trip with Mrs. Lohofener to this little country so near, but of which we know so little.

Present were Mesdames: Melton, Bazell, Burns, Brocker, Mathis, Morris, Reger, Sessums, Houser, Majors, Bunstine, Pogue, Calthorn, Williams, Gilbert and a guest, Mrs. A. H. Lohofener.

BURKBURNETT STUDENT IN ENID MUSIC FESTIVAL

Max Crowley, sophomore student at Burkburnett High School attended the Tri-State Music Festival at Enid, Oklahoma, May 4.

Max plays saxophone and took a 1st Division Rating on his solo Adagio by Mozart.

There were 23 states represented at the festival. Max is the son of Mr. and Mrs. Joe Crowley of Burkburnett.

With New Cooler, Chic Decor Stays, Discomfort Goes

Handsome cabinet screens sight and sound of new room air conditioner. Cool air flows from top.

Sacrificing decor for the sake of comfort is a thing of the past, now that room air conditioners have "gone compact." Like today's radios, television sets, and automobiles, the new electric room air conditioners are smaller on the outside, more efficient on the inside.

Slimmer and trimmer, they fit almost flush with window or wall inside, yet the mechanism has been improved to cool, dehumidify, and filter the air better than ever. New color styling and more attractive grille designs blend with the decor of a room.

Window units available today are easier to install as well as more attractive. Some have built-in adapters that slide out to fit any window and mounts that make installation a job the average home owner can do.

Through-the-wall electric room air conditioners appeal to families building or remodeling a house. They offer a choice of location in the room, leaving windows free. The outer, weather-proofed section becomes an integral part of the house.

PLAN AHEAD FOR SAFETY

The Texas Safety Association urges motorists to plan every trip so they will not have to force themselves or their cars. The driver needs time to stop, stretch, rest and have a snack. He will be more alert, more comfortable, and safer.

Driving Requires Decisions Be Made Almost Constantly

Driving requires that decisions be made almost constantly. According to the Texas Safety Association, most traffic emergencies must be recognized and action taken in split seconds.

TSA advises drivers to try to decide in advance what action is best at any place for each emergency that may arise. Try to drive in such a way that

there is plenty of time to the right decision. Do not those split seconds by crossing the traffic — and your life.

Eighth Grade Banquet In Cafeteria Sat., April 27

A decorative theme inspired by the Hawaiian Islands was the background for the Eighth Grade Banquet honoring the graduating eighth graders. The banquet was held Saturday, April 27, in the Junior High Cafeteria.

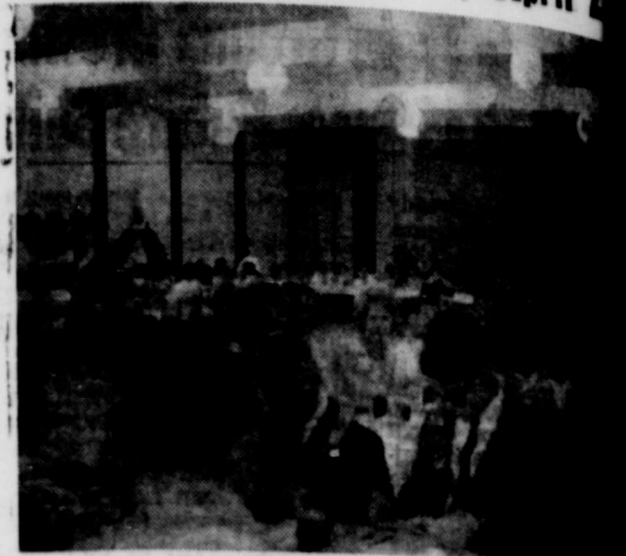

The tables were covered with white cloths and decorated with yellow and white flowers down the center. The walls were decorated with different types of Hawaiian dresses and hats. The stage was a simulated island scene with palm trees and flamingos surrounding an island hut.

As the guests entered a lei was hung around their neck. The beautiful dresses of the girls added to the brilliance of the setting.

Bill Roe, class president, gave the Koma mai (welcome) and Donna Greer gave the Invocation. Cordell Parker, High School Speech Teacher, presented "Hawaiian Eye," a skit. A cornet trio, Mark McClean, Louise McDonald and Brent Walker, gave a musical "Polka In the Box." Sylvia McDonald, accompanied by Anna Paul Ragan, sang two numbers, "Can't Help Singing" and "Beyond the Blue Horizon." The benediction was given by Roger Johnson.

Mr. and Miss Junior High, Donna Greer and Roger Johnson, were presented. Seventh grade honor guests were John Page, Clydette Cox, Kenneth Mahaffey, Elaine Ludeke, Johnny Mitchell, Kathryn Reed, Bill Zimmerman, Marcy Janosky, Jeff Beaver, Joanelle Price, Bonnie Lokey, David Reischman, Brenda Baker, Bill Hendrix, Karen Coy, Gregg Hartney and Tresha Dvorak. Special guests were I. S. Evans, superintendent, R. L. Silkwood, High School Principal, and Carl Dixon, Junior High Principal.

Eighth grade sponsors are Classroom: Training in the resident school at Sheppard is conducted in 702 class rooms and a total floor space of 1,367,343 square feet.

Mrs. Sidney Askins, Mrs. Lena Bell, Mrs. Louise Ratliff, Mrs. Christine Wickersham, Daniel Carson, W. C. Davis, Deryl Mowrey, Pat White, Kyle Bearden, Jimmy McClain and Mrs. Wilma Yardley.

Class officers are president; Judy Pace, vice president; and Donna Greer, secretary.

After the banquet was held starring "The Yarns."

Hardin HD Club News

Mrs. W. E. Howard was hostess to members of the Hardin Demonstration Club April 24. The meeting was called to order by President, Mrs. Carol Roderick at 9:45 a. m. Mrs. Howard had charge of opening exercises. Reports were made by various committees.

Miss Thelma Wirges, home demonstration agent gave a very interesting talk on buying furniture and home decoration.

The following visitors and members were present: Mesdames Bryan Bailey, Margaret Knox, L. A. Markum, John Enderli, Raymond Schroeder, James Roderick, W. E. Goins, A. A. Jacobs, E. W. Roderick, S. E. Askins, M. R. Hewell and Kenneth Gage.

Next meeting will be in the home of Mrs. Jacobs, May 8th.

"Proclaim Liberty throughout all the lands" is inscribed on the Liberty Bell in Philadelphia.

**Brocker
Treasurer
Sorority**

Treasurer of the Tau Beta Sigma Sorority for 1963-64. Miss Brocker was selected by the Speech Department and Dean of Women to be the commentator for the Best Dressed College Girl Style Show, sponsored by Charm Magazine.

Last September, she was named Director of Music for the Speech Department in which capacity she selected, arranged and conducted background music for all theatrical productions. Dr. J. Roach of TWU's Speech Department stated that it was the first time in the history of the university that live music was used for the Theatre plays.

As a member of the Sophomore Theatre, Miss Brocker was on the Property Staff of the Kaufman-Hart play, "You Can't Take It With You," and played the role of Simor Stimson in Thornton Wilder's play, "Our Town."

Miss Brocker has been announced on the "TWU Presents," a radio program on the Denton Radio Station, and has participated on TWU's closed

Brocker, Sophomore Woman's University in Texas, was elected

8th Graders Take Honors At Track Meet

Dale Hoffman, Glenn Prough, Rodney Turner and Bill Roe, 8th graders, captured honors at the Junior High District Track Meet at Graham.

Hoffman placed 2nd in the 440 relay, 3rd in the 100 yard dash and 3rd in the 75 yard dash. Prough took a 2nd in the 440 relay and a 3rd in the broad jump. Turner captured the 2nd place spot in the 440 relay and 4th in the 50 yard dash. Roe took a 2nd in the 440 relay, a 3rd in the high jump and a 4th in the 100 yard dash.

Coach Kyle Bearden said that the Burkburnett Junior High Track Team took the 4th place team honors in the meet at Graham.

granddaughter Revida Jernigan. She is the daughter of Mr. and Mrs. Finith Jernigan, stationed with the Air Force in England. She is much improved at this time.

Dollie Hardin entertained neighbors with a fish fry Monday. Guests were Pearl Cotes, Norma Wood and Mae Robbins. Mrs. Grace Uthe and Mrs. Pearl Cates visited in Grandfield Monday with Mrs. Della Lagrone, a resident of Texas City. Texas former Devolite, and Mrs. Lagrone's mother, Mrs. Green.

Mrs. Avis Wood has returned to her home from a months visit with her daughter and family, Mr. and Mrs. E. E. Stine, Honolulu, Hawaii, and a two weeks visit in Washington, D. C.

Mrs. Avis Wood and Clara Mae Woodley were guests in the home of Mr. and Mrs. Bob Woodley, Wichita Falls, Texas, who entertained in their home with a patio supper honoring their mother, Angie Mae Randle on their 39th birthday.

The Devol Demonstration Club will meet in the afternoon of Thursday May 9 in the home of Grace Uthe for a social meeting.

Hobby Shops: Sheppardites enjoy three hobby shops — for automotive, woodworking, ceramics, leathercrafts and photography.

Sheppard Private School: Six teachers and principal conduct Kindergarten and First Grade Classes.

Sheppard Air Force Base Payroll (1962): Military, \$44,292,000; Civilian Employees, \$15,216,000; Total, \$59,508,000.

The first car race was from Paris to Rouen in 1894.

Mrs. C. O. Woodley, Reporter

circuit radio and TV campus programs.

She is a member of the 85-piece Lass-O-Concert Band, playing first flute and piccolo, and the "Serenaders," official TWU Dance Band, as the lead Tenor Sax.

She is the recipient of the Mary Gibb Jones Music Scholarship and the Regent Scholarship.

Daughter of Mr. and Mrs. Lewis W. Brocker, 602 East Fourth Street, Miss Brocker is a Speech Major and Music Minor at TWU, author of the Class Song and is a member of the Daughters of American Revolution.

She graduated from Burkburnett High School in 1961 where she had received many honors in band. She played 1st Flute and Piccolo with the 1960 TCU Summer Orchestra and with the Boomtowners Municipal Band. She was soloist with the A Cappella Choir, a member of the Choral Club, Dramatics Club, Senior play cast and was listed in the National Deans Honor Roll for outstanding high school graduates. Last spring she won first place in the local Hallmark Art Contest.

Mr. and Mrs. Carl Foster, Mr. and Mrs. Robert Lee Wyatt III and Mrs. Melba Wyatt Sr. visited their mother, Mrs. Maud Green of Lubbock, Texas Sunday.

Mr. and Mrs. F. J. Uthe were visitors in their daughters home, Mr. and Mrs. Charles Shinpaugh of Henrietta, Texas Sunday.

Mr. C. O. Woodley entered Bethania hospital April 29 where he underwent surgery May 6. His room number is 401 for those wishing to send cards.

Visitors last week in the home of Mrs. T. C. Dillow included her son, Mr. and Mrs. Melvin Dillow of Rush Springs, Mr. Lee Dillow of Oklahoma City, and daughter, Mr. and Mrs. Claude Coe of Kilgore, Texas. Mrs. Dillow accompanied her daughter, Mrs. Coe home for a months visit.

Mr. and Mrs. W. H. Stevens was called to the bed side of their son, Cecil Fred Stevens in Oklahoma City Sunday, who suffered a heart attack. He is in a satisfactory condition at this time.

Mr. and Mrs. Jim Bostick and boys of Burkburnett and Mr. and Mrs. Richard Anderson were guests Saturday eve for home made ice cream at the home of Mr. and Mrs. Frank McClendon.

Gillis McClendon has been on the sick list the past week. Mr. and Mrs. Floyd Uthe received word last week of the grave illness of their small

Wichita Falls Banking Chapter Installed Officers Last Friday

The Wichita Falls Chapter of the American Institute of Banking installed officers last Friday evening at the Country House. Glen M. Atkins, assistant vice president, Parker Square State Bank, was installed as president for the year 1963-64. Willard J. Still, assistant cashier, First State Bank is the new first vice president and educational director. Other officers of the Chapter are: Jerry M. McClure, assistant cashier, First National Bank, Burkburnett, second vice president and membership and enrollment chairman; Frank M. Ford, Jr., assistant cashier, First-Wichita National Bank, treasurer; and Mrs. Barbara Godley, Parker Square State Bank, secretary.

Mrs. Dorothy O'Brien, City National Bank, outgoing president, presided over the meeting, which included reports from outgoing chairmen on the

accomplishments of the past year.

The American Institute of Banking educational section of the American Bankers Association, is the largest adult educational program of its kind in the world, with a membership of 181,000 men and women from the banking profession. Enrollments in its classes, study groups, and correspondence courses in nearly every aspect of bank total 80,000.

It was reported at the banquet that the local Chapter has an enrollment of 437. On completion of the current A. I. B. courses, there will have been

some 225 students enrolled in local Chapter courses.

Atkins informed the group that the Annual Membership Drive will be held in the fall, prior to the annual Kick-Off Banquet. A Chapter Golf Tournament is to be held for the first time sometime in July, with an anticipated turnout of 75. Fall semester classes will begin in early September.

The month of November will see the Women's Division Social, and in February, 1964, spring semester classes are to start.

It is the aim of the current president to enlighten the banking public about the existence of the American Institute of Banking and its educational program. This will be accomplished by the use of a lobby display and other publicity.

Member Banks are State National Bank, Iowa Park; First

National Bank, Burkburnett; First-Wichita National Bank, City National Bank, Parker Square State Bank, Sheppard State Bank, and First State Bank.

Tom Clifton of Abilene, Texas, was a visitor in the home of Mr. and Mrs. J. T. Deckard Tuesday. Mr. Clifton, a former Burk resident, was a cable tool driller for the Gulf Oil Co. here during the boom.

My moment with GOD
 Dear God: Thank You for the gift of life. Help me to use each moment wisely. Give me new strength to face each day with hope and courage. Help me to live unselfishly, remembering the needs of others. Help me think before speaking, lest some word should wound another for life. Forgive the past which cannot be recalled and must be left in Thy loving hands.
 Help me to forgive unkind words spoken in haste, as You have forgiven me. Help me not to be critical of others less fortunate than I; help me not to judge others.
 Let each trial be a stepping-stone through life, leading to the door of heaven, Amen.
 D W., Montana
 One morning in contemplating an appointment at 1:30 p.m. to have a tooth pulled, I calmed my nerves by telling myself how much worse I would feel if I had an engagement to make a speech.

B-52's on 15 Minute Alert Around the Clock Sheppard Air Force Base

(Official U. S. Air Force Photo)

Poised on 15 minute alert around the clock at the end of Sheppard Air Force Base 13,000 foot runway are B-52 Stratofortresses of the Strategic Air Command's 494th Bombardment Wing (Heavy). Also assigned to the wing are KC-135 stratotankers.

Visitors to Sheppard Armed Forces Week Open House being held Sunday, May 12 from 1:00 to 4:00 P. M. may see both the Stratofortresses and Stratotanker.

Described as the free world's first line of defense for years to come, the eight-jet 450,000 pound B-52 bomber flies faster than 650 miles per hour and higher than 50,000 feet, driven by the equivalent of 30 diesel locomotives.

Fifty-two Texas banks and businesses were among the sponsors of the National 4-H Foundation's "Service to Youth" programs during the past year, according to the 1962 annual report of the Foundation.

Young Sprouts Jr. Garden Club Met With Mrs. White

The Young Sprouts Junior Garden Club met in the home of Mrs. Ralph White, Monday, April 29 at 3:30 p. m. with Mrs. White showing many color slides of table settings and artistic arrangements. After the program punch and cookies were served to members and two mothers, Mrs. Joe Jancke and Mrs. J. A. Davey, which the sponsors wish to thank for their ever willingness as taxi drivers for these girls.

Following Tuesday and Wednesday were busy work shops, which were held at Alma's Flower Shop in preparation for the Junior Division display at the Annual Flower Show, Merri Melodies, May 2nd at Town Hall sponsored by the Burkburnett Council of Garden Clubs.

Many ribbons were won by these artistic young ladies.

There were 8 Blue, 7 Red, 5 Yellow and 2 White. With best of show going to Adrienne Davey, also a special award was given for the Young Sprouts display on Litterbugs.

Those participating in all these activities were Misses, Adrienne Davey, Margaret Jancke, Susan Green, Masilyn Peters, Kay Gardner and Ginny Mayberry. Those assisting from their sponsor the Bluebonnet Garden Club were Mesdames, Jimmy Johnson, J. T. Brady, Sr., and Mrs. W. H. Bohner.

Sheppard Air Force Base located on highway 281, four miles north of Falls, 11 miles south of Burkburnett.

INVITATION . . .

Continued from Page 1
Communications experts will demonstrate teletype magic along with the intricate systems of modern ground communications equipment. Data analysis computer machinery will gobble up hand-fuls of prepunched cards and convert the information into a picture of President Kennedy. Photo radar interpretation and photo intelligence data gathering as employed during the Cuban crisis can be seen in its painstaking step-by-step process as it is taught in the Air Force's only Intelligence School.

The internal massive strength and might of a working diesel engine will be seen as it produces generator power for isolated missile or radar sites. Loading and transporting by air of large weapons such as missiles and vehicles will be displayed by the Air Force instructors of the Air Freight handling and movement school. Internal combustion of jet and reciprocating aircraft engines will be explained as the public witnesses the actual movement of each component. The operation of massive landing gear systems used on largest of Air Force cargo aircraft will reveal every working part as the wheel goes through the complete cycle of retraction and extension.

Visitors will be able to get the first hand perspective of the boom operator's view as he prepares to transfer fuel from a KC-135 stratotanker to a B-52 SAC bomber.

The awe inspiring size and strength of the B-52 can be transformed into reality by the close hand view that spectators will get when standing next to its castor rotating landing gear of man size height. Comparative size of a single bomb carrying a nuclear warhead can be grasped when the open house visitor peers into the cavity of the B-52 bomb bay compartment.

The SAC canine corps will bare their teeth to put on a howling show of their dedicated duty to the security of SAC combat operational readiness.

Precise movements of a trained drill team will reemphasize to the civilian visitor that the military tradition of command and response is still an integral part of every fighting man.

A magnificent revelation will come to those who witness the Atlas ICBM, the same that boosted Astronauts Glenn and Carpenter into space orbit, as it is raised to a poised position for launching. To those standing in its erected shadow will come a feeling of humility and pride for our national defense advancement in space technology and weaponry.

A preview of another annual Armed Forces week event, the Miss Missile Contest, will be staged in the display area when the contest beauties will be pre-

SHEPPARD SENTRY DOG

(Official U. S. Air Force)

THIS SENTRY DOG AND HIS TRAINER WILL BE TURED ALONG WITH SEVERAL OTHERS IN DEMONSTRATIONS TO BE GIVEN DURING THE TRADITIONAL AIR FORCE "OPEN HOUSE" AT SHEPPARD AIR FORCE BASE, SUNDAY, MAY, 12 FROM 1:00 TO 4:00 P. M. THE PUBLIC IS INVITED TO ATTEND.

sented to the open house audience in Hangar 1080. Spectators will find this area in a convenient shaded area for a rest while a band concert is offered by the United States Air Force Band of the Oilbelt before and after the Miss Missile preview
