Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall. Everybody Invited Each Pays for His Meal

Today's mothers must think that matrimony is life's best bargain, or they wouldn't contrive to get their daughters married so young.

Jerry McClure, Kenneth Gage, Buddy Byars to Represent Burk In March of Dimes Fund Drive

Plans for the January March of Dimes Campaign Director Stanley C. Kirk announced the appointment of 19 prominent citizens to community leadership positions.

Mr. Kirk said that the new appointees would direct the efforts of hundreds of volunteers who will seek support in their communities for the March of Dimes fight against crippling birth defects and arthritis.

He pointed out that great strides have already been made in the five short years since the March of Dimes first directed attention against these two health problems, following the victory over polio.

Already, nearly 70 March of Dimes financed treatment centers are in operation, bringing improved medical care to children victims of birth defects.

Arthritis. Techniques being developed at these centers will benefit not only the children receiving treatment, but will help all children similarly stricken. More than 100,000 American babies are born each year with significant defects and some 40,000 children suffer from rheumatoid arthritis.

At the same time, scientists supported by \$4 million March of Dimes grants have recently uncovered clues which lead to the prevention of many of these disabling conditions.

They know that all of us in Wichita County want our children to be born healthy and happy," Mr. Kirk said. "We can help to assure this by joining with us in giving to the March of Dimes this January."

English Custom Observed Along 300 Block Of East 6th St.

Residents of the 300 block East Sixth Street have inaugurated a custom new to this area. The custom was brought to Williamsburg, Virginia by J. B. Morris.

During the Christmas season Williamsburg, Virginia, houses or bright holly branches are hung on every door, and candles gleam at every window. The soft candles glow the way for groups of neighbors whose voices ring through the frosty night. It is that the custom of lighted candles in the window on Christmas Eve came to Williamsburg by way of immigrants from England. In the "old country" it was very important on Christmas Eve to place a lighted candle in the window to the Christ Child on his way and as a welcome sign for weary travelers.

There is a candle in each window of the homes on 6th Street. The simple uniformity of this custom may be seen after dark until about midnight each night until some time during the first week of January.

Bulldogs Rock Quanah, 63-47

BY D. W. UNDERWOOD
The Burk Burnett Bulldogs pounded the Quanah Indians for a 35-17 halftime lead, then kept the pressure on them in the second half, as they handed the visitors the second loss in two meetings of the two teams, here Tuesday night.

Johnny Koller paced the fired-up Bulldogs' attack with 21 points, as the locals quickly took the lead and never relinquished it. Jackie Cornelius, with 17 points, and Mike Musick, with 11, joined Koller in the double figures column.

The game was scarcely 30 seconds old before Musick put the Bulldogs ahead with one of his left handed set shots. Goals by Cornelius, Koller, and Paul Gilchrist kept them ahead, and at the end of the first quarter the score was 14-7.

Koller hit three straight buckets and a charity toss to open the second quarter's scoring. Taking a cue from that, his teammates began to hit and 21 points in that stanza accounted for the 35-17 score at the half.

In the second half the Indians began to find the range, matching the Bulldogs' basket for basket. Both teams hit for 12 points in the third period, and going into the last quarter the score was 47-29.

With the Bulldogs reserves seeing action the Indians managed to outscore their hosts 18-16, but fell just about 16 points shy of tying the contest, losing by the 63-47 count.

The win boosts the Bulldogs' record to 5-4 for the season. In the junior varsity game, David Salter led the charge with 11 points, as the Doggies dropped the Quanah B-Team, 39-29.

Varsity Score by Quarters
Burk Burnett 14 21 12 16-63

LIONS CLUB NEWS

"A wrong-doer is often a man who has left something undone, not always he who has done something wrong." These remarks by Lions President Roy Silkwood came at the close of a very eventful and enjoyable meeting of Burk Burnett Lions last Tuesday evening. Let us reconstruct the events as they happened.

About forty-five members assembled at seven o'clock at the Town Hall where they found a feast of turkey and dressing and all the trimmings. Marie Farris provided beautiful dinner music. Immediately after the meal with music, both the cooks and Sweetheart, Miss Farris, were awarded a present in honor of their devoted and beneficial efforts during the past year.

At the conclusion of the awards, Mr. Arnold Oliver presented the program for the evening in the form of a film entitled TOMORROWS TREES, story by John Davenport. After the film, the club decided to provide a number of cars to transport the Senior Citizens to the Chamber of Commerce meeting Thursday evening which is being held to honor the oldsters. President Silkwood explained that the Lions-sponsored Cub Scout Troop had gathered goods for the needy and that Lions would later distribute them in time for Christmas. Later Clyde Conway, a new member, was presented to the club. Finally, the following letter sent to the Lions Club by a young girl was read:

I am a Junior Girl Scout and am working on my Community Badge and one of the requirements was to find out something about the park. Mother told me that the Lions Club donated some of the playground equipment.

I have played in the park for ten years, and for the first time, I have realized that the park didn't just happen, it took hard work and money.

I want to thank you for all that you have done for us kids. I think the Lions Club is a wonderful club.

Sincerely,
(Name Withheld)

Mr. and Mrs. Joseph Coats of Chicago, Illinois, visited his parents, Mr. and Mrs. Lester Coats, here last week.

Late Christmas Cards Get Bargain On Airmail Rate

Speaking of bargains, Postmaster Lohoefer says he has a real buy, two-thirds cheaper and thousands of times better than it was more than 45 years ago.

The bargain is airmail, and it can be a real buy for late Christmas Cards.

On May 15, 1918, when air mail was first officially introduced in America, 6,600 letters were flown from Washington to New York City, about 200 miles, at a minimum cost of 24 cents a letter.

"Today, more than 1.5 billion letters and post cards are sent by air mail annually within the United States. Instead of the two flights a day in 1918 (one from New York to Washington and the other from Washington to New York) air mail is offered 10,000 flights daily now throughout the nation."

Next day delivery is not at all uncommon for airmail from Burk Burnett to points 1,000 to 2,000 miles or more away.

For example, he said, late cards sent from Burk Burnett by air mail and reach San Antonio the next day. At the same time, however, he urged patrons to make their mail deposits now to avoid any chance of late delivery, especially for out-of-town mail.

Another good emergency mailing measure — if you mail late despite the postmaster's warning — is air parcel post, which moves at the same speed as airmail letters.

If you know of a needy family which will have little or no Christmas, call this phone number: 569-3718.

Mr. and Mrs. Russell Duval, "Mr. and Mrs. Santa Claus," will do their best to see that Old Santa remembers these families.

Friday, January 17, 1964 are President, Jerry Thomas; 1st Vice President, Bob Monaghan; 2nd Vice President, John Gill; Treasurer, Albert Dillard; and Assistant Treasurer, Jim Hammond. The annual Chamber of Commerce Banquet will be held Friday, January 17, 1964 in the New High School Cafeteria at 7:00 p. m. Speaker for the occasion will be Lee D. Herring, vice president of the Grand Prairie State Bank. Tickets are now on sale at the Chamber office or from any director.

A BOOK FOR LBJ

It was encouraging to hear President Johnson "pledge" to the joint session of Congress that he would practice "the utmost thrift and frugality". So it is disquieting now to hear that expenditures for the year beginning next July may be over \$101 billion.

But, since this is only \$3 billion above the current year, and well below the average \$5 billion increase for each of the Kennedy years—and since the first Johnson deficit would be only \$8.5 billion, compared with \$9.2 billion for the current year, the Administration is representing this colossal budget as economy. This, we will be asked to believe is keeping the pledge.

President Johnson should take time out to read a new book, "James Allen Rhodes: Taxpayer's Governor." And since it is a "pocket book" and sells for just one dollar, some taxpayer may feel he can spare that sum to help the President make good on his personal word to the Comptroller General that this would be an economy administration.

"This book is both an answer and a challenge," says the publisher in his foreword, "to those who insist that the costs of government have risen only to keep pace with our 'population explosion' and our national economic growth. He notes that: In 1959 civilian employees of the Federal Government numbered 2,382,807; last June there were 2,527,967—in July 9,386 more, for a total of 2,537,353.

It would appear that these figures were disturbing to President Johnson since he is reported to have asked various Congressional committee chairmen to report to him any cases of duplication and overstaffing they may encounter. But according to Press Secretary Salinger, the President asked his budget officers for "a careful review of Government employment and the steps being taken to keep the increases to a minimum." The emphasis is ours, and also the observation that this is a very different thing than the housecleaning Governor Rhodes has given his state of Ohio.

The Governor says of himself that: "I feel that I am liberal with the taxpayer's rights, and conservative with his dollars." He promised the voters fiscal responsibility—and he has delivered. What he did and how he did it

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

No prudent businessman is a big giver to charity if he owes his bank more than he can possibly repay in a reasonable length of time.

That perhaps explains better than anything else the strong opposition to the lavish foreign

give away programs that have so far cost the American taxpayer over \$100 billion.

For the fact is that the United States today could not cash in

even across the board. With nation's gold supply down to about \$15½ billion dollars, foreign nations and individuals hold about \$20 billion dollars for which they can demand gold.

Under the law, some \$12 billion of this gold reserve must be kept on hand to back up the currency. However, this is not the true fact, either, because also under the law, the Federal Reserve Board, by declaring an emergency without going to Congress, can put the entire gold reserve up to cover foreign obligations. But even this action would not cover the balance that can be demanded.

Foreign aid has been the chief dissipator of American dollars abroad, and enough of these dollars have been cashed in for gold to bring the U.S. stock down to a peril point.

It is quite a paradox that India, a heavy recipient of the U. S. foreign give away programs, is embarrassed by big

stocks of gold held within that nation. In fact, in order to discourage the practice of paying as much as 50% premium for gold, the Indian government has by edict made it illegal for Indian jewelers to use gold purer than 14 karat.

Experts estimate that the more affluent Indians hold about \$7 billion in gold, or almost half as much as is presently held by the United States treasury.

Actually, this gold situation has put the United States squarely behind the eight ball in all negotiations abroad.

For example, in negotiating for tariff treaties, the U.S. is at a disadvantage. The whole world knows the U.S. needs to sell more abroad to recapture those dollars without giving up more gold. But unless the U.S. agrees to lower tariffs on many import items, Europe can erect tariff barriers so high that it is impossible for the U.S. to trade anything overseas to recapture these loose dollars.

Of course, it is quite unlikely that these foreign dollar holders would ever press their demands for payment to the point where the U.S. would be bankrupt, because free world currencies would suffer. But it is not beyond the realm of possibility that the U.S. government may be forced to borrow heavily overseas to avoid losing all gold reserves, on interest rates and terms set down by the foreigners. And this would perhaps be the greatest irony of all time when the American people would have to pay heavy foreign interest on dollars that were given away in the first place.

make an exciting book. "I predict," writes the publisher, "that when you have finished reading 'James Allen Rhodes: Taxpayer's Governor' you are going to wish one of three things: that you lived in Ohio; or, that Jim Rhodes were Governor of your State; or, that he could be President of the United States."

10. On this marble slab, now in the Church of the Holy Sepulchre, the body of Christ was placed when it was taken from the cross. It was to this spot that the Angel came to release the Master from the bonds of death.

Christ's life was hard and full of suffering but it served to light the way to a fuller, more meaningful existence for mankind and to a richer life after death. It is understandable that the inhabitants of Jordan, where these wonders took place, nurture a humble pride that these villages and hills witnessed the marvelous works of the Christ.

STAR OF CHRISTMAS RAISED AT METHODIST HOME

Boys of the Methodist Home in Waco, Texas, place a huge 70 pound Star of Christmas on the steeple of the Harrell Memorial Chapel. The Star was made by the children in their vocational training shop. The light of the star will summon the children to special worship services on Christmas Eve. Four hundred fifty children live in cottages providing a home-like atmosphere. Christian teachings are emphasized at the Home in its program of providing hope for the future for boys and girls separated from their families by death, poverty, or other misfortunes. Since the Methodist Home was founded over 73 years ago over 8,600 children have come under its care. The Home is supported by Methodists in Texas and New Mexico.

Old Favorite—New Taste Version

Autumn brings us riotous colors, newly bountiful gardens, and best of all, pumpkin pie. But tastes, like times, change and today's families vote for up-to-date, tantalizing additions to standard favorites. They want pumpkin pie spiced with zippy ginger, nutmeg and cinnamon, certainly. But they demand a thistledown-textured filling that also appeases their hearty appetites.

Tangy nutmeg and cinnamon are here aplenty. Brown sugar adds an enticing sweetness. But the smooth-textured filling comes from the use of evaporated milk. The blendable qualities complement every ingredient and each flavor, to assure you of taste-tempting success every time.

The family will love your "new" pumpkin pie and friends who drop by will want your "secret" ingredient. But it really is no secret. Pumpkin pie, made with always dependable and easily available evaporated milk, is a treat any family can enjoy. They can have it with a crunchy, cracker crust or a pastry shell, whichever they prefer. Either way there'll be demands for seconds.

Pumpkin Chiffon Pie

- 1 envelope unflavored gelatine
- 1/2 cup firmly packed brown sugar, divided
- 1/2 teaspoon each, salt, nutmeg and ginger
- 1/2 teaspoon cloves
- 1 teaspoon cinnamon
- 3/4 cup evaporated milk
- 3 eggs, separated
- 1 1/4 cups canned pumpkin
- 1 9-inch baked crumb* or pastry pie shell

Mix together gelatine, 1/2 cup of the brown sugar, salt and spices in medium saucepan. Stir in evaporated milk and egg yolks; blend well. Place over low heat and cook, stirring constantly, until gelatine dissolves and mixture thickens slightly (about 3 minutes). Remove from heat; stir in pumpkin. Chill, stirring occasionally, until mixture mounds when dropped from a spoon (about 1 hour). Beat egg whites until stiff, but not dry. Gradually add remaining 1/2 cup of brown sugar and beat until very stiff. Fold into pumpkin mixture. Turn into pie shell; chill until firm (4 to 6 hours or overnight). Yield: 1 9-inch pie.

IT'S UP TO YOU

By

Howard E. Kershner, L.H.D.

GRESHAM'S law tells us that bad money drives out good money. Our country is operating on a flat money basis and our gold is leaving. We have lost \$6,112,000,000 in gold during the past 7 years. Our citizens may not buy, sell, or own gold. We have only flat money, that is money without intrinsic value, convertible into nothing but other paper money of similar character.

In the six countries comprising the Common Market—Belgium, France, Germany, the Netherlands, Italy, Luxembourg—one may buy, sell, and own gold. Currency in these countries may be converted into gold and they are gaining gold a little faster than we are losing it. During the same 7 year period they gained \$5,901,000,000 in gold. We helped these countries to return to the gold standard. The beneficial results are obvious. If we do not ourselves return to the gold standard we shall continue to lose gold and the truthfulness of Gresham's Law will be still more plainly demonstrated as the bad money of our country continues to drive out gold.

Mr. Paul Bakewell, Jr., one of our country's recognized monetary authorities, in discussing this question has said:

"Until 1933 we used gold as money and while doing so became the greatest nation. In 1933 our government abolished gold as money in the United States, and, since then, using an irredeemable paper currency, our government has become obligated on the greatest debt that has ever existed. We are borrowing from other nations."

"The people did not vote to abolish gold as money. The change was foisted upon them by the government under a Democratic administration in 1933. That change transferred the power of sovereignty from the people to the government. But managed currency was continued under a Republican administration for eight years and is now being continued under another Democratic administration."

Untimely Demise
Mary Joy Hagstrom

Our President lies cold within his grave
Unbidden tears course down our weary cheeks.
He was our hope, this war torn world to save,
And now what once he sought, another seeks.

A friend to men be black or white their race
Symbolical of freedom's flag unfurled,
He looked upon a heart and not a face,
His aim was unity throughout the world.

The torch that lit the world has flickered out.
He yearned mankind a brotherhood to be.
Now left behind is darkness, grief, and doubt,
And those who weep in longing to be free.

His loss the world will feel through bitter years,
And God alone can dry our blinding tears.

MARY JOY HAGSTROM FIRST PLACE WINNER IN POETRY WRITING

Mary Joy Hagstrom of Burkburnett was a recent winner in the Wichita Falls Poetry Society contest. She won first place for the month of December with a poem entitled "Untimely Demise."

Circle I Of W.S.C.S. Met Monday, Dec. 9

Circle No. I of the Woman's Society of Christian Service enjoyed a very pleasant Christmas party in the home of Mrs. Jessie Jones.

A business hour was conducted by Mrs. Bessie Scruggs, the Circle chairman. She reported on the family who had been the recipient of our Thanksgiving basket.

The Circle voted to help furnish refreshments for the M. Y. F. District Meeting to be held here on December 16, and to send a Christmas basket to some needy family.

Mrs. Scruggs gave the devotional and led in prayer. Mrs. H. C. Gilbert brought the Christmas Story, "The Littlest Angel," which is ever new and enjoyable to hear.

"Silent Night," was sung by the group. Mrs. Bunstine dismissed with prayer. Christmas gifts were exchanged and 12 members enjoyed a delicious refreshment plate served by Mrs. Jones.

Present were, Mesdames R. D. Revier, O. E. Melton, Beulah Hall, Seeley Galloup, A. R. Bunstine, H. C. Gilbert, G. D.

'MY HOME TOWN'

The following is a tribute by Kate Gilbert on her radio program "My Home Town," radio station KBAN, to Mr. and Mrs. Monroe Reed of Nocona, Texas, on their 60th wedding anniversary Friday, December 13th.

I recall ten years ago today, when Mr. and Mrs. Monroe Reed celebrated their 50th wedding anniversary in their home at 300 Decatur Street. Today, they are celebrating their 60th anniversary. Due to their poor health they are not able to have an open house as before; never-the-less their many friends are wishing for them much joy and happiness on their 60th anniversary. Mrs. Reed, the former Ethel Martin, daughter of Rev. and Mrs. W. R. Martin, came to Montague county when she was sixteen. Mr. Reed was born in Montague county and has lived near or in Nocona all of his life. In fact he has never been out of the county except for a few days at a time. He too was the son of a minister; the Rev. and Mrs. A. W. Reed. Perhaps their early christian training is responsible for their dedication to their church and community. Both of these wonderful people have played a very important role in the work of the First Baptist Church, in My Home Town. Mrs. Reed was active in Sunday School Work, Training Union, and the Women's Missionary Union until she was forced to resign because of ill health. Mr. Reed has been a deacon for more than forty years, not only in name, but he possesses a deep devotion for his church. Most of Mr. Reed's life was spent in farming, however, he worked a number of years as a ginmer of cotton for the local gins. He also worked for the Nocona Leather Goods. Mrs. Reed worked a short time in the Justine Leather Goods, but she decided that making a home for her two daughters, and to be available when they needed her was more important than trying to supplement the family income.

We all agree that their greatest contribution to society has been their two fine daughters, both of whom have chosen the teaching profession, and both are dedicated teachers. Lois teaches in the Nocona schools and Jewel in the Burkburnett schools. No greater compliment can be paid a home than for visiting ministers to stay there while working in a community. The Reeds had such a home and they thoroughly enjoyed having these men of God as their guests. But this couple not only liked ministers, but they liked people from every walk of life and everyone found a warm welcome when visiting in their home. Mr. and Mrs. Reed, you are the type persons one would call the "salt of earth" — "A City Set On A Hill." You were not afraid to let your light shine and I have a feeling that that light will continue to shine through those lives that you have touched. Congratulations on your 60th wedding anniversary.

QUIET OARS

Oars squeak? Fix 'em quick by rubbing soap on the pine before inserting into the locks. Lubrication quiets the annoyance.

Gifts were exchanged from a beautiful Christmas tree. The meeting was closed by the reading of the Club Collect.

A delicious plate with pretty ceramic favors made by Mrs. Magers was served to the following members, Mesdames Joe Salter, Roy T. Magers, John Brookman, A. H. Lohofener, C. E. Lundberg, Ralph White, C. M. Archer, W. W. Chambers, Harold T. Engel, F. G. Jeffers, C. R. Chambers, F. M. McMurry, Fred Hunt, J. L. Caffee, J. S. Vanderburg, L. O. Mrs. J. L. Caffee Hostess Burk Garden Club Christmas Party

The Burk Burnett Garden Club met in the home of Mrs. J. L. Caffee December 11th with Mrs. Joy Sessums and Mrs. A. R. Bunstine as co-hostesses.

The house was an array of Yuletide decorations. The tree was filled with exchange gifts. As each guest arrived she placed two gifts with wrappings in a box for the State Hospital.

The President, Mrs. Jewel Riley, presided. The civic cooperation chairman reported three Christmas door wreaths had been sent to Sheppard Hospital.

Mrs. J. C. Adams was leader for the day and presented Mrs. M. E. Taliaferro who gave a special lecture on "Growing Your Own Christmas Greens." She named several including holly, mandina, yupon, cedars of many types and mahonia. However, holly, the oldest known shrub, has berries which were used long ago for medical use, also the bark too. In the beginning of Christmas celebration, a small piece of holly tied on a gift meant "Good wishes for Christmas."

The leader then, with the assistance of the president, presented the gifts to each. Sixteen members were served a lovely dessert plate.

The club adjourned to meet January 22nd at the home of Mrs. Watler Riley.

An exciting final night's action, capped by an overtime championship game, saw the fast moving Henrietta Bearcats cop the trophy for first place in the Burk Burnett Invitational Basketball tourney, as they slapped a 61-59 defeat on the Burk Burnett Bulldogs here Saturday night.

Both teams had upset tournament favorites on their route to the title game. The Bearcats had beaten Vernon, 48-45, on Friday night and the Bulldogs had shocked the Iowa Park Hawks 57-46 on the same night. So, when the battle lines were drawn for the 9:00 p. m. championship game Saturday night, neither team was a clear favorite. The teams are rated a toss-up.

The game was full of excitement and moved at a fast pace. At the end of the first quarter, the Bulldogs led 13-11. They managed to increase their lead by three points and the half-time score was 31-26 in favor of Burk.

The Bearcats fought back to cut the lead in the third stanza and went into the final quarter trailing 46-43. Then they came to life in the fourth tying the Bulldogs late in the game then going ahead. But the Bulldogs weren't through. Twice they tied the count on free throws by Jackie Cornelius and Johnny Koller. Behind again with two seconds left, Mike Musick hit a set shot to push the game into overtime. Henrietta outscored Burk, 3-1 and took home the prized trophy with a 61-59 win.

Cornelius, Koller and Musick paced the Bulldogs with 18, 14, and 13 points respectively. Tommy Sims and Larry Hanna led the Bearcats with 22 and 15 points.

The results of the entire tournament are as follows:

THURSDAY

Vernon 64	Childress 48
Iowa Park 78	Quanah 57
Henrietta 54	Hirschi 51
Burk 52	Electra 24

FRIDAY

Quanah 55	Electra 41
Hirschi 66	Childress 50
Henrietta 48	Vernon 45
Burk 57	Iowa Park 46

(Gary Owen, Paul Gilchrist, Johnny Koller and Mike Musick all hit in double figures with 14, 13, 12, and 10 points respectively, as the Bulldogs bombed the highly favored Hawks.)

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

THE SPLENDOR OF THE *Snow*

Snow falls and puts a beautiful white blanket over the mountains, and even before this one is gone, others will fall. It will become deeper and deeper until the spring, when it begins to melt and provides life giving waters to many streams. These streams meet with others and become rivers and provide water for irrigation and lakes throughout our land.

Our Lord, Jesus has said that He will give to any that seek Him... "a well of water springing up into everlasting life." — John 4, 14

Attend church Sunday, hear God's word and share in the living waters that only our Saviour can provide.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Ordinance No. 269 Speed Zone Ordinance

BE IT ORDAINED by the Board of Commissioners of the City of Burkburnett:

The City Commissioners of the City of Burkburnett has determined and now determines upon the basis of an engineering and traffic investigation, which said City has heretofore caused to be made, the prima facie speeds of vehicles set forth in Article 827a, Section 8, of the Penal Code of the State of Texas, are less than is reasonable and safe under conditions found to exist upon certain parts of U. S. Highway No. 277-281 and S. H. Highway No. 240, lying within the city limits of said City of Burkburnett, taking into consideration the extent and condition of the pavement and other circumstances on such portions of said highways, as well as the usual traffic thereon, and the City of Burkburnett therefore determines and declares the reasonable and safe prima facie speed limits upon such portions of said highways to be as follows:

- U. S. 277-281 NORTHBOUND

NIGHT TONGUE-BITING

Q. What causes a girl (age 22) to bite her tongue at night?
A. Tongue-biting is a form of habit activity. It often occurs at night and the person is not always aware of its occurrence. Treatment is rather unsatisfactory. However, an attempt should be made to determine factors which may be responsible for increased tension. If the tongue is frequently injured by the teeth, a dentist can devise a protective mouth-piece.

BREAST CANCER FAMILIES

Q. Three members of my immediate family have had breast cancer. I am 31 and have had bouts of cystic mastitis. Am I in for trouble later on?
A. Some doctors believe that the occurrence of an unusual number of cases of breast cancer within a family and the presence of breast masses increase the risk of developing breast cancer. You are obviously being attended by a physician for the cystic condition. Keep in touch with the doctor and go in for regular check-ups.

Answers appearing in these columns are of necessity brief and general and do not necessarily reflect the opinion of all physicians. Remember — the diagnosis and treatment of disease is the function of the patient's personal physician.
