Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall. Everybody Invited Each Pays for His Meal

VOLUME 57

BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, FEBRUARY 13, 1964

NUMBER 23

Golden Wedding Anniversary Observed

MR. AND MRS. ELMER R. BURNS

Mr. and Mrs. Elmer R. Burns, recently observed their Golden Wedding Anniversary at their beautiful country home five miles southeast of the

The party rooms were lavishly decorated with fresh cut flowers and pot plants.

Bobby Mannen and Brackton, receptionists, met the guests and presented them to the honorees, Mr. and Mrs. Burns, their son, E. R. Burns, of Nowata, Oklahoma, and daughter, Mrs. Wynema Caswell of Norman, Oklahoma.

Miss Bonnie Burns, a granddaughter, obtained names in guest book.

Coffee, punch and cakes were served from silver service sets. The table was attractive with arrangement of yellow roses as the focal point. Alternating the serving were Mmes. H. Tutts, Marian D. Weese, Bob-Mannen, A. C. Houser, Fred Hall, B. H. Preston, Lamoin Camp, Will Teal, C. R. Chambers, John Rigby, and I. E. Merspoon all of Burkburnett, and Mrs. Charles Kilpatrick of Wichita Falls.

The lovely gifts were arranged and displayed by two granddaughters, Misses Carole Smith and Becky Bellatti.

Boys Smith and Edward Belles, grandsons, mingled with guests and assisted with less duties.

The out-of-town guests attending were: Mr. and Mrs. E. Burns and Bonnie of Nowata, Oklahoma; Mr. and Mrs. Ward Bellatti of Tulsa, Oklahoma; Mrs. Wynema Caswell of Norman, Oklahoma; Mr. Mrs. W. E. Cannon, Mr. Mrs. B. F. Meldin, Mrs. Beu-Medin all of Cordell, Oklahoma; Mr. D. H. Holloway, Altus, Oklahoma; Mr. and Mrs. W. J. Iwan of Stratford, Texas; Mr. Mrs. Mike Johnson and son, Arillo, Texas; Mr. and Mrs. McClean and Smoky of Medfield, Mr. and Mrs. Charles Kilpatrick and Bill; Mr. and Mrs. Dewey Horton; J. W. Donegan, Mr. and Mrs. Rupert Gamall of Wichita Falls.

Miss Hattie Stafford and Mr. R. Burns, both of Cordell, Oklahoma, were married by Rev. L. W. Cater, Baptist Minister in January 1944. They lived in Washita County, Oklahoma, until 1947 when moving to Burkburnett. They moved on the 1,000 acre farm which formerly belonged to Mrs. S. M. Daniel, an aunt of Mrs. Burns, who had moved there with her family in 1902. The Burns home has been a landmark in the community for fifty years and they hope to remain in the community for generations to come.

THE BURKBURNETT BANK EXPECTS TO BE IN NEW BUILDING ON MAIN STREET BY JUNE 1st

Memorial To Juliet Gilbert Terry

As a memorial to Juliet Gilbert Terry, a resident of Burkburnett for the past 43 years, a contribution has been made by the Ladies Auxiliary to Billy A. Krouse Veterans of Foreign War Post 9969, Del City, Oklahoma, to the National Veterans of Foreign War's Orphanage.

Her daughter, Mrs. V. James Whitmore, the former Georgia Gilbert, has served as president of the Ladies Auxiliary to Post 9969 for two years.

Mr. Whitmore is now serving his third year as commander.

Mrs. Whitmore may be remembered for singing in behalf of the Chamber of Commerce, the American Legion, Lions Club and various other civic groups of this city.

She also had her program on radio station KGGG in Wichita Falls, Texas.

Provident Insurance Company Shows Gains In Year 1963

Provident Life and Accident Insurance Company made outstanding gains in all phases of its operations in 1963, it has announced through Roy T. Magers, accident representative in Burkburnett.

Provident's 76th annual report shows assets increased by \$32 million to more than \$301 million in 1963. A net gain of \$454 million in life insurance in force brought the total at the end of the year to \$4.36 billion. New life insurance sales in 1963 amounted to \$562 million. Health insurance premium volume exceeded the \$100 million mark for the first time, reaching a total of \$109 million. This was an increase of 12.9 percent and surpassed the previous year's figure by \$12 million.

The company made 870,000 benefit payments amounting to \$118.5 million during 1963, or an average of 3,442 payments each working day.

Legal Notice

NOTICE IS HEREBY GIVEN to all creditors, and other persons, that partnership heretofore operated and known as Malacord & Son Mirror & Glass Company, 1106 Scott Avenue, Wichita Falls, Texas, is dissolved, that Robert F. Malacord has withdrawn and assigned his interest to Leo R. Malacord, who is continuing the business under the same firm name, and that all sums due to, or owing by, said partnership, shall be paid at the office of said firm at 1106 Scott Avenue, Wichita Falls, Texas.

Dated 1st day of January, 1964.

/s/ Robert F. Malacord
/s/ Leo R. Malacord

International Affairs Program Presented By Burk Study Club

Salesmanship Meeting Is Scheduled Fri.

Approximately twenty Burkburnett merchants and employees attended a salesmanship meeting Tuesday afternoon from 3:00 to 4:00 p. m. in the Texas Electric Reddy Room. The meeting, sponsored by the Burkburnett Chamber of Commerce, was very educational and informative.

The final salesmanship meeting will be held Friday afternoon from 3:00 to 4:00 p. m. in the Reddy Room. A film will be shown followed by a panel discussion.

All merchants and employees are urged to attend.

DECA Students Hold Party At Orbit Rink

The Distributive Education students of Burkburnett High School sponsored a skating party at The Orbit Skating Rink Monday night, February 10th from 7:30 to 10:00 p. m. The students, guests, and adults numbered over fifty. Most of the time everyone skated, but the special numbers included skating for couples only, boys only, girls only, boys races and girls races.

The D.E. students wish to express their thanks to Mr. and Mrs. Savage, Mr. and Mrs. Bloodworth, and Mr. Taliaferro for chaperoning the party, and making it possible for everyone to have such a wonderful time.

Diane Wood, Reporter

NOTICE

All persons who have 1964 car licenses reserved below the number of 600, are requested to pick them up at the Chamber of Commerce office immediately, or they will be sold to other customers.

Members of St. John the Divine Plan to Attend Dallas Concert

Members of St. John the Divine are planning to attend a special benefit concert sponsored by the Episcopal Diocese of Dallas featuring two outstanding stars of the music world, Jean and Francis Madeira. The concert will be held Saturday, February 15, at 8:15 p. m. in McFarlin Auditorium on the SMU Campus, Dallas.

Theological education for men from the Diocese of Dallas will benefit from the concert, according to the Rt. Rev. Theodore H. McCrea, Sugragan Bishop of the Diocese of Dallas, and general chairman for the event.

An internationally acclaimed contralto of both the Metropolitan and Vienna State Operas, Miss Madeira is most widely known for her role of Carmen as well as being enthusiastically received in such roles as Dalila (Samson et Dalila) and in the American premier of de Falla's "Atlantida."

Mr. Madeira, founder and conductor of the Rhode Island Symphony Orchestra and professor of music at Brown University, will conduct the Dallas Symphony Orchestra accompanying his wife and also in several other numbers.

An International Affairs program was presented to the Burkburnett Study Club, Monday night in the home of Mrs. Howard Henderson with Mrs. James Bohner as co-hostess.

Mrs. Jack Mathis, program leader, introduced Mrs. Wynne Sims who resided in Japan from 1950 to 1960. She gave a short resume of the emancipation of the Japanese woman which began shortly after World War II. Mrs. Sims showed slides of the many interesting facets of Japanese life. The country is mountainous and lush. The Japanese farm home is made of wood. If the sun shines the mattresses are aired. They are pads filled with soft cotton and the sheets are fitted.

The laundry is hung on bamboo poles with forked sticks. The chicken houses are built off the ground and chicken is eaten mostly in the winter. Radishes and carrots grow two feet in length and are two and one-half inches in diameter, they are picked as many vegetables are, including turnips and cucumbers.

Yarn is dyed in vivid colors and dried outside. Nothing is wasted. When the fruit begins to develop, each is tied in a sack made of old magazines and papers, until it is ripened thus protecting it from insects and weather.

The trees are pruned very low and many are trained on arbors but the Japanese are noted for neatness, regimentation and excellent care of all growing things, besides the many talents of art and beauty. Many chrysanthemum plants displayed in flower shows are two and three hundred years old, with as many blossoms and the trunks are as much as three inches in diameter. It is also the national flower of Japan. The farmer rubs his cattle with handfuls of hay, saying the massage promotes marbling of the lean meat. In conclusion, Mrs. Sims modeled the native dress and explained the care and folding of each garment.

Mrs. H. C. Preston, Jr., spoke on the History of the Montreal Woman's Club. The first Federated Club in Montreal was organized in 1892. The membership has reached two hundred. The other Federated Club there is the American Woman's Club with two hundred and fifty members.

Door prizes were won by Mrs. Jack Mathis and Mrs. Maxine Creel. A Valentine motif was carried out in the decorations and refreshments.

Members present were: Mesdames, E. Y. Buckner, Philip Carpenter, Maxine Creel, Francis Felty, Jim Frye, Jack Mathis, W. G. Mayberry, H. C. Preston, Jr., F. C. Roy, D. H. Smith, Harold Van Loh, guest, Mrs. Sims and the hostesses.

MISS FRANCIS MADEIRA

Both artists are churchmen and are donating their talents. The Symphony is also charging less than their usual program fee.

A reception will follow the concert in the foyer of the auditorium so that all may meet the two artists. Tickets are on sale at all Episcopal Churches in the Diocese. State Fair Box Office, 1924 Elm, Dallas, and at the Symphony office at McFarlin on the Campus at SMU.

The venom of the Australian tiger snake is considered the most toxic snake poison known.

Kittens to Cats

by H. JACK MIBELSTEIN, Purina Cat Care Center

Toys For Your Cat

A cat's sense of fun is one of its greatest charms. The simplest things intrigue cats. They'll stalk, pounce and tumble with a plain wad of paper for hours. A box to play hide-and-seek in or a catnip trinket will delight them.

Be sure that your cat's toys cannot be splintered, torn apart and swallowed. Give your cat a few toys to begin with and add new ones from time to time. This will keep him from becoming bored and destructive.

The Purina Cat Care Center suggests a few of the toys which your cat will enjoy:

- celluloid ball that rattles.
- cellophane and catnip bag.
- a spool attached to a strong piece of string and hung from a chair or doorknob.
- a rubber mouse that squeaks.

Be careful of open drawers, trunks and closets. Cats love to play in and investigate warm, dark spots and are often unwittingly imprisoned.

Also, if you tie a ribbon around your cat's neck remember that it can be dangerous as ribbons are easily caught and pulled tight. If your pet wears a collar outdoors for identification purposes, be sure it is large enough to slip over the head if necessary.

Better Health Through Knowledge

WINTERTIME DRY NOSE

Q. Is it heat or humidity that causes winter-time dry nose?

A. It's low humidity (lack of sufficient moisture in the air). To provide comfort at 72°F, room air should have a relative humidity of about 40 per cent. This means that the air should be 40 per cent saturated with moisture. Even under this "ideal" condition the nose has trouble keeping up. Every 24 hours we breathe about 500 cubic feet of air. In passing through the nose the air is warmed to almost 98.6°F. (body temperature) and about one pint of water is supplied by the nose to raise the relative humidity to 95 per cent. A pint of water is a lot for one nose to supply. And the nose loses the battle with the furnace in the winter time when, as is the case in many homes, room air relative humidity drops as low as 25 per cent. In disease and old age the nose simply can't deliver that much water; drainage stops and germs take over. Humidifying the air in the house during winter months isn't easy, even with expensive central air-conditioning.

Researchers Tracking News Page Mysteries

KEEP IT LIGHT

New York - (HK) - The latest newspaper research project sponsored by the Newsprint Information Committee moves another step nearer completion this month. Researchers finished the massive job of coding 7,500 interviews and re-interviews with newspaper readers throughout the country so that the information can be fed to a computer.

Using the computer tabulations, experts will come up with conclusions on several insidiously-understood aspects of newspaper readership. They will ascertain the extent of reader traffic through various pages of the newspaper. Awareness of nationally-advertised products will be charted, together with reader attitudes toward them.

EXPLORE BUYING HABITS
The relationship between readership of individual ads and readers' buying habits will also be explored, according to the Committee, which is made up of six Canadian newspaper mills.

The research results are expected to be of value to both national and local advertisers.

This is the third research project in a \$200,000 program financed by the group of newspaper producers in behalf of cooperation of the Bureau of Advertising of the American Newspaper Publishers' Association.

Members of the Committee are Abigail Power & Paper Co.; Anglo-Canadian Pulp & Paper Mills, Ltd.; Dometar Newspaper Ltd.; Great Lakes Paper Co. Ltd.; James MacLaren Co. Ltd.; and MacMillan, Bloedel & Powell River, Ltd.

FOR THE GIRL who has everything: a portable typewriter that is really portable. The popularity of the Royalite '64 among women has been accelerated because of the lightness and ease with which it can be carried. The typewriter and case combined weigh less than 10 pounds, and sells for \$69.95.

World Day of Prayer Observances To Be Friday

1964 World Day of Prayer services will be conducted at 10:00 a. m. Friday at the Episcopal Church of St. The Divine here in Burk Burnett.

For the prayer service "Let Us Pray," was prepared by Dr. Madeleine Barot, executive secretary of the Department of Men and Women Church and Family and Social of the World Council of Churches, Geneva, Switzerland.

The World Day of Prayer was begun 78 years ago by a small group of Christian women who assembled to offer their prayers and gifts to missions. The program has reached out to 156 areas on six continents.

A special gift will be used overseas to help strengthen Christian work there. They will also help make possible the continuation of a new program of ministry among new-comers in communities.

The World Day of Prayer was begun 78 years ago by a small group of Christian women who assembled to offer their prayers and gifts to missions. The program has reached out to 156 areas on six continents.

Gifts also lend assistance to present program among Americans and the support of the migrant ministry, day care centers, recreational centers and programs assistance toward responsibility.

Funds will help extend activity to more than 60,000 people coming to this continent all over the world, this year, in an effort to bring the program among students and university students.

School Board Election Set For Saturday, April 4

WHEREAS, the terms of Mr. Vernon Duke and Mr. Paul Fisher, members of Board of Education will expire on Saturday, April 4, 1964; that election be ordered by the Board of Education of the Burk Burnett Independent School District for the purpose of electing two trustees. Requests by candidates to have their names placed upon the ballot of the above named election shall be in writing and signed by the candidate with the Secretary of the Board of Education at the Superintendent's Office not later than March 5, 1964.

The said election will be held at Junior High School in Burk Burnett, Texas, in said School District with Mr. Henry Vaughan as Presiding Judge and Mrs. F. T. Felty and Mrs. C. M. Archer as Clerks.

Mr. Dow Estes is hereby appointed Clerk for absentee voting and Mrs. Betty Loveless and Mrs. Billie Mathas are hereby appointed Deputy Clerks for absentee voting for above designated election shall be held at School Tax Office within the boundaries of the above named School District and said place of voting shall remain open for at least eight hours on each day of absentee voting which is not a Saturday or Sunday, or an Official State Holiday beginning on the 10th day of March and continuing through March 30, 1964. Said place of voting shall remain open between the hours of 8:00 a. m. and 4:30 p. m. on each day for said absentee voting. The manner of holding said election shall be governed as near as may be, by the Election Code of this State.

Lutherans Plan Lenten Services

Special Wednesday evening Lenten Services will begin at Grace Lutheran Church this Wednesday, the first day of Lent, and will continue during the six week Lenten season.

The pastor, the Rev. Phil Otten, will base his series of Lenten sermons on the seven words of Christ from the cross coupled with the seven petitions of the Lord's Prayer. The sermon theme for this Wednesday will be, "Holy Forgiveness."

Other sermon themes for the evening services, including the Good Friday service on March 27, will be: "A Kingdom for Simmers," "Love for People," "Does God Forsake?" "Water of Life," "Victory Over Temptation," and "Trust God."

7:30 p. m. is the time for all the Wednesday services. The public is invited to attend to meditate with the congregation on the sufferings of Jesus Christ. During this year's Lenten season, the congregation and pastor express a sincere desire to "share Christ" with the people of Burk Burnett thru the special Lenten services. A gold lapel cross will be given to every person who attends the service this Wednesday.

What do they call it when you're stung by a bee and bitten by a mosquito—both at the same time?
Sting along with it.

METHODIST MINISTER RETURNS "HOME"

Two-year-old Jack Daniels (inset) sits on the steps of his new Home, the Methodist Home in Waco, Texas on January 21, 1937. Jack and his six brothers and sisters entered the Home for children following the death of their parents.

In the larger picture, Methodist Home Superintendent Hubert Johnson welcomes Jack Daniels back to the Home following his recent appointment as chaplain. In his first sermon Rev. Daniels told the children he can understand their feelings well because he has been on both sides of the Methodist Home pulpit. Rev. Daniels felt his call to the ministry while growing up in the Christian atmosphere of the Home. His good record in public school and at the Home helped him earn an Albaugh Scholarship for his bachelor's degree.

Rev. Daniels worked his way through theological school as a student pastor. After graduation he served Methodist churches in the Central Texas Conference for seven years preceding his appointment to the Methodist Home. He will guide a program of bible study for the children, supervise daily devotional services in each Home unit and hold regular services in the chapel. As the children's pastor Rev. Daniels will offer experienced counsel in helping solve problems of faith and life.

The Methodist Home serves both Texas and New Mexico and since its founding 74 years ago has cared for over 8,700 children orphaned by death and human failings.

VETERANS Questions & Answers

Q—I have read that the terminal date for the GI loan program is July 25, 1967. Does that apply to all veterans.
A—No, only veterans of World War II, Korean Conflict veterans should add ten years to the date of their first discharge from active wartime service and then add one year for each three months of such service. The date reached by this formula is their personal deadline date for GI loans. However, it cannot be later than January 31, 1975, which is the final date for all Korean Conflict eligibility. World War II veterans have a similar formula, but their terminal date is the earlier July 25, 1967.

ting too expensive and will be worse as time goes on. At this time I cannot afford to convert all of it to a permanent insurance plan. Can I convert part now and the rest later.
A—Yes. You may convert as little as \$1,000 or more in multiples of \$500 after the first thousand.
Q—Is any Korean veteran with a service-connected disability eligible for vocational rehabilitation training?
A—No. The veteran must be found in need of vocational training to overcome the handicap of his disability in order to receive the training.

Only 39 Percent Vehicles In Co. Are Inspected

Motor vehicle inspections are lagging behind with less than thirty percent of the required vehicles in Region 5 displaying a 1964 inspection sticker, according to Captain Alan Johnson, Motor Vehicle Inspection supervisor of this area for the Texas Department of Public Safety.

"With the deadline for obtaining inspection stickers drawing near only 39 percent of the vehicles in Wichita County have been inspected," the Captain said. "If this trend continues, vehicle owners can expect to have to wait in line in order to get their vehicles inspected by the April 15 deadline."

Some 5,000 official inspection stations over the state are ready and capable of handling the inspection of Texas registered vehicles without delay if owners will not wait until just a few days before the deadline.

Captain Johnson called attention to the fact that since the beginning of the inspection program, vehicles having a defect that was a causative factor in fatal accidents decreased from 13% to 4%. "The purpose of the motor vehicle inspection program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and by removing the link, prevents the accident," the DPS supervisor said.

The Captain reminded us that we as Texans experienced our worst traffic fatality record in history last year. The count has already exceeded 2,700 lives lost, by far the greatest toll in history, and is expected to go some higher before the books are closed on the official 1963 traffic fatality count. Vehicle defects were involved in some of these fatal accidents; therefore, to eliminate this type of accident drivers need to see that their vehicles are safe to operate and keep them safe throughout the year. He added that vehicles involved in traffic accidents should be re-inspected after repairs have been made.

"Any driver operating a vehicle registered in Texas, that is required to be inspected, on public roads after April 15 without a valid 1964 inspection sticker will be operating in violation of the law," Captain Johnson said.

Let's Have Light

To the Editor:

Either the papers have misinterpreted the new poll tax ruling or there is intention to confuse and deceive; else, why should not the same Federal Law, allowing free voting for those aged 21 to 60, also apply to those over 60? This is in towns of 10,000 or over, and concerns only the vote for president, vice president, and members of Congress.

Why should those who have paid their poll tax, throughout their adult lives, be refused the right of registering through the month of February, for Federal voting, only, if they so desire, with allowance of the extended time? Instead, it has been stated that those over 60 must get the regular exemption receipt, which includes permission for both Federal and local voting rights, AND MUST HAVE IT BEFORE JANUARY 31st.

Is this a ruse to catch the unwary in the older age bracket and throw out their votes or refuse them a vote by the new law, for Federal candidates only, if they have not obtained the regular exemption receipt BEFORE JANUARY 31st?

Is not such procedure illegal — to discriminate against those over sixty? And, should the people demand that this be rescinded immediately and publicly proclaimed? Write to your State legislators regarding this matter — and be firm in your protest!

Maisie Turner Waters, Box 722, Waco, Texas

Tax Man Sam Sez:

Each year "Your Federal Income Tax" becomes one of America's best selling publications. This 40c booklet gives a simple answer to most of the problems that an individual taxpayer runs into.

This book can be purchased from most Internal Revenue Service offices, or can be ordered by mail from the District office. It is well-indexed so the answers are easy to find.

The economic problems of a household are a cinch compared to the psychological problems.

Letter to the Editor:

Burkburnett Star
Mr. H. C. Dodson, Ed.
Burkburnett, Texas
Dear Mr. Dodson:

WHY DON'T WE LAY DOWN THE LAW IN PANAMA? ARE WE UNCLE SAP?

Upon my several visits to Panama, and especially the one this last spring when I made a tour around the world in 80 days on the S. S. Rotterdam, we had to thread our way through the Panama Canal. We had to squeeze through, with only a few feet on either side of this big ship, and we had to move along with the help of four electric mules, two to pull and two to guide the boat and keep it from hitting either side of the canal. At the present time they are widening the canal in certain places, but they cannot widen the locks. Most of us are familiar with how a ship must "climb the ladder" to get through. Many large ships like the Queen Mary cannot get through, and this means the canal is obsolete and not of any benefit to the larger ships, especially battleships, but then, of course, the battleships are obsolete too.

While the Rotterdam was unloading and loading cargo, we passengers had a day to make a tour of the city. I wanted to go to the Hilton Hotel, about a mile away. I asked a taxi driver, "How much is the fare?" He and the other drivers were negro. Seeing that I was a North American and could easily be taken in, the driver said, "Just pay me when you get there." But I said, "No, I want to know," and he answered, "\$2.00." Since I knew my way around Panama City, I walked a short distance to a jitney and for 15 cents went to the Hilton.

Practically all the souvenirs in Panama City were very inflated in price. They use our money, of equal value, dollar for dollar.

The dark and the mixed races there have an inflammatory attitude. They were in a boiling humor and showed it at every turn.

I am not surprised at what is going on down there. I do hope we are not encouraging another Cuba. We should lay down the law and say, "We made a treaty and we are going to stay by it, and you must also." They think we are pushovers and are just trying to see how far they can push us.

I say: "Cut off all the unnecessary give away money to Panama. Let them stew in their own mess they have created for themselves. It is up to them to abide by the treaty, which, according to my understanding, is perpetual and permanent."

Why should we back out of Panama? Why do we want to be an Uncle Sap instead of Uncle Sam?

Sincerely,
William S. Hammond
Hammond Mfg. Company
Box 1160, Waco, Texas

Southside Elementary P.T.A. To Meet Monday, Feb. 17th

On Monday, February 17th at 7:30 p. m. the Southside P.T.A. will have its Founders Day Program. Founders Day Highlights and "Why the P.T.A. Needs You" will be presented. Special speakers will be Reavis Wooten, Fire Chief and Jess Whatley, city manager, who will present a Civil Defense Program. Refreshments will be served with donations to be collected for the scholarship fund.

Perpetual Motion

In its monthly bulletin called Arizona Progress, the Valley National Bank of Phoenix says what I consider a well-deserved tribute to the banking business and private enterprise:

A well-run bank is both symbol and example of Stability and Security in a world where chaos and confusion constantly threaten existing institutions. Socialized credit has never been able to do for people what private enterprise banking does. Actually the latter also takes the money of the Haves and hands it over to the Have-nots, but it insists on repayment and charges a small fee for the service. This is better than giving the stuff away because you can keep on doing it indefinitely. It is the nearest thing to Perpetual Motion, financially speaking, ever discovered.

"My wife has the worst habit of staying up until one and two o'clock in the morning, and I can't break her of it."

What is she doing all that time?
"Waiting for me to come home."

BILLIE MONSON-JAMES D. CARNES MARRIED FRIDAY, DECEMBER 27

Mr. and Mrs. Bill H. Monson of Burkburnett announce the recent marriage of their daughter, Billie Anne, to James David Carnes of San Benito, Texas.

The couple was married December 27th in the Bible Baptist Church of Alpeaton, Oklahoma, where the bride's father is pastor and also officiated the ceremony.

The bride was employed by the First National Bank in Burkburnett until her marriage. She also attended Midwestern University in Wichita Falls, Texas.

The groom is a graduate of Texas A&M where he received two degrees last May, in Chemical Engineering and English. He is employed with Humble Oil and Refining Company in Baytown, Texas, where the couple now reside.

JUNIOR BEEF SHOW JUDGING CONTEST

Thursday, February 6th, the Livestock Judging Team of the Burkburnett FFA Chapter competed in the judging of the Wichita Falls Junior Beef Show.

The members who competed in the judging were: Donnie Bowles, Alva Maag, Tommy Hoover and Bobby Busby. Donnie Bowles was second high point man in the contest.

Tucker-Boyd Engagement Told

Mrs. Weyman Hamilton Tucker, Jr., of Houston, Texas, announces the engagement of her daughter, Carolyn Louise, to Charles Wayne Boyd of Houston, Texas, formerly of Burkburnett, Texas.

Miss Tucker is the daughter of the late Weyman H. Tucker Jr. of Atlanta, Georgia and Houston, Texas. She is a graduate of Emory University and is presently employed as a teacher in the Houston Independent School District.

Mr. Boyd is the son of Mr. and Mrs. Charles Wilson Boyd of Burkburnett, Texas. He is a 1956 graduate of Burkburnett High School and a graduate of Texas A&M University. He is employed by the Petro-Tex Chemical Corporation as a chemical engineer.

The wedding is planned for March 28th at the First Presbyterian Church in Houston, where the couple will reside.

This inquiry came to the reservation desk of a convention hotel:

"Do you have suitable accommodations where I can put up with my wife?"

Some World War Two Veterans Eligible for Loans

Many World War II veterans are still eligible for GI home, farm and business loans, but time is running out, Glyndon M. Hague, Manager of the Veterans Administration Regional Office in Waco pointed out.

For great numbers of World War II veterans the deadline has already passed and the terminal date for all such veterans is July 25, 1967, under present law, the VA manager said.

He explained that each veteran can figure out his own GI loan deadline date by using the following formula.

Add ten years to the date of his discharge from his last period of active service in World War II. Then add an additional year for each 90 days of active service in World War II. (Any remaining balance of less than 90 days cannot be used to extend the deadline).

For example, Mr. Hague said, a veteran with two and a half years of active service who was discharged on January 19, 1946 would add ten years to that date, arriving at January 10, 1956. Then for each 90 days period (four in each year and two in the half year period), he would add a year or a total of ten more years, making his individual deadline date for GI loans January 19, 1966. Should he have served three full years, the extra two 90-day periods would have exceeded the maximum deadline date.

No individual date can be later than July 25, 1967, set by the governing law as the maximum date for World War II entitlement, Mr. Hague said.

In the event that the veteran's discharge or release from active service was the result of a war-time service-connected disability, the law grants him the maximum eligibility without regard to the formula.

Central Baptist Church Faith Class Met February 10th

The Faith Class of the Central Baptist Church met February 10th in the home of Mrs. Charlene Rucker for its monthly meeting.

Members and associate members present were: Mesdames, Wanda Allman, Eula Bartley, Vicki Brown, Beth Bryan, Wanda Bruce, Mary Coble, Billie DiMarzio, Doris Fore, Marge Gilliam, Mary Ann Hobbs, Vondel Mumaw, Estelle Mize, Ruby Nix, Mary Riley, Doris Smith, Weida Wilkinson, Nora Wood and the hostess, Charlene Rucker.

The next meeting will be March 9th in the home of Mrs. Eula Bartley, 603 Akers.

The coral snake is one of the smallest venomous snakes.

"Let's Go Fishing"

WITH CATFISH PEPPER

Burkburnett Star-News Field and Stream Editor

How many of you know what a Gaspargau is? Here in our part of the nation, it is a rare thing to hear, but go to the eastern part of the state or into the deep southern states and that is what you will be told that a Drum fish is. I've heard some people call them unprintable names, too.

According to biologist this fish is the Aphodinotus grunniens (what ever that is) and has no kin fish. In other words the Drum is a family all by itself. To those of you who are familiar with Mr. Drum, know that he has rocks in his head, and for you who are not familiar with this scaly of our area, the Drum, has two white rocks in his head that in some manner can be used to make a sound that in some respects sounds something like a drum. From this name Drum.

Some people are of the opinion that a Drum is unfit to eat. As a matter of fact, as a small boy, it was my pleasure to fish with an uncle of mine quite often in the Red River. About all that we caught were Channel Catfish and Drum. My preference for food was the Drum and this wasn't all due to the fact that I was told, if I'd swallow the floater (air sack) from the fish's stomach, I'd be able to swim. Luckily for me, I was able to swim at a rather early

age therefore never had to swallow any floaters!!!

As my observations of this particular fish show, the chemical content of the water in which he lives, has a great deal to do with the food value as well as feeding habits of the fish. According to the belief of most people, a Drum will bite only minnows, crayfish, or other small marine life. To those of you who troll Lake Wichita to any great extent, know that at times Drum will take a plug as readily as a Black Bass. To be factual about the matter, this is one fish that I've never caught on any type of artificial lure, but have had the pleasure of watching other people do so.

To be called a rough fish is actually an injustice to the Drum. They don't live in stock ponds and in most of our lakes and streams are really a good food fish. Many people are of the opinion that Diversion Lake Drum are unfit to eat. This is absolutely untrue. My brother caught one out of Diversion Lake that weighed in at twenty-one pounds, that was very good, and a friend of mine, Lt. Col. Hal J. Basham of Sheppard Air Force Base will tell you that a banded Drum is as good as most any fish that you can catch. So you see, there are good things about most any fresh water fish. Next time you catch a Drum, take rocks from

his head and play with 'em. You'll be surprised to find so many people will not be able to recognize them.

Now for a little story on yours truly. A short time back, I was plugging for bass in a local stockpond. Several times in the past, I'd hung some under water obstruction near the bank, but had always managed to get my plug free by walking past the unknown object and pulling from the other direction. On this particular afternoon, I thought the same thing had happened, but when I got even with my plug, I noticed that the line was moving. This caused me to set the hook hard and the fun began. Minutes began to seem like hours, as line continued to leave the reel. Only after about twenty minutes did I begin to gain anything on my unknown foe. After another ten minutes or so, "Mr. It" (as I'd already named it) was surfaced. Guess what? My big battle of the rod 'n reel was caused by snagging a Carp of about twenty-five pounds in the tail. I say about twenty-five pounds, because after seeing the fish I became over anxious and, too, much pressure tore the plug loose. Boy, it was excitement while it lasted, and it lasted about thirty minutes.

My total for 1963 was 896 bass. Let's hear how many you caught. Bye now.

Newsletter From U. S. Senator RALPH W. YARBOROUGH

Dear Fellow Texan:

The current controversy with Panama is complicating our foreign relations with all Latin America, and indeed with all countries:

Let's review a little background. In 1902, the present Republic of Panama was a part of the Republic of Columbia. We sought to buy rights for a canal across the isthmus, but Columbia turned us down. So in 1902, Panama revolted from Columbia and our warships kept Columbian troops from landing in Panama. Thus Panama's independence was obtained with the help of the American Navy while Theodore Roosevelt was President.

Then in 1903, we signed a treaty with Panama by which we obtained rights in perpetuity to a ten-mile wide strip of land across the 50-mile wide isthmus, and we built the Panama Canal from 1904 to 1914. Panama reserved what is called titular sovereignty.

We built the canal at a cost of \$380 million and the lives of 4,000 American citizens from yellow fever and other causes. We paid the Republic of Panama certain money. In recent years, Panama has demanded more money, so in 1959 we entered into another treaty with Panama and made concessions. We reaffirmed the titular sovereignty over the Canal Zone that remained with the government of Panama, and we raised the payments to Panama from about \$400,000 a year to about \$1,900,000 a year.

We also have setup a commission to improve U. S.-Panamanian relations. We agreed to pay the Panamanians who work in the zone higher wages. We built a thousand new housing units for Panamanian employees, and opened more job opportunities to Panamanians. And in September of 1960, President Eisenhower authorized the flying of the Panama flag in one section of the zone.

In 1962, President Kennedy ordered that the Panama flag could be flown wherever the U.S. flag was flown. Now the government of Panama is demanding in effect that we pull out and let them have the territory back. Twelve thousand ships a year go through the canal. Thirty per cent of them are American ships, but 70 per cent of the goods shipped in all those 12,000 ships are American-owned goods. We owe an obligation to all the shippers, we owe an obligation to the world to keep the canal open. Panama's charges and demands are beyond reason, we will not be slandered out of our obligation to keep this waterway open.

Members of the FFA Chapter attended the Worth Fat Stock Show.

Charles Fletcher, Don Jimmy Monson and Tom Hoover composed the judging team.

The Poultry Team was posed of John Dean, Tom Dickey and Gary Stubbins. The boys were accompanied by advisor, B. A. Farris.

More Americans died in highway accidents in the United States during the past two years than were killed in American wars.

Six Flags 1964 Season To Commence April 1st

SIX FLAGS Over Texas commence its 1964 season on Saturday, April 1st, according to an announcement by Angus G. Wynne, Jr., President.

Following the opening weekend and for the first time in the popular theme park history, SIX FLAGS will open every Friday evening in addition to a regular Saturday and Sunday spring season. Operating hours have been for 5:00 p. m. to 11:00 p. m. on Fridays and 10:00 p. m. on Saturday and Sunday.

"We have inaugurated Friday evening program in response to a significant number of requests that turned in on our guest surveys during the 1963 season," said Wynne. "Also, according to the Texas State Highway Department surveys, these many out-of-state travelers taking advantage of our spring weather for a three-week end rather than two days have been busy during the various highway information bureaus as visitors already begun to inquire. SIX FLAGS will be open on Friday nights, when they arrive in Dallas Fort Worth area," Wynne continued.

"Another factor was a series to the young people. Now students and young adults will be able to take their dates and enjoy a special Friday evening of dancing and hootenanny programs in a clean, wholesome atmosphere in addition to Park's regular rides and attractions," he added.

SIX FLAGS experienced third straight record break year as over 1,400,000 visitors from all 50 states visited Park in 1963.

Attendance forecasts at SIX FLAGS for the 1964 season indicate that the Park will see an estimated 1,500,000 visitors.

FFA MEMBERS ATTEND WORTH STOCK SHOW

Saturday, February 1st, members of the Burkburnett FFA Chapter attended the Worth Fat Stock Show.

Medical Bystery

The doctors admit that "as of now, we can't cure colds," and add, "anyone who tells you he can, deserves at best considerable suspicion."

Such is the word of the American Medical Association on the subject of "the common cold," which says that while most people know it can't be cured, "we still waste a lot of time and money on pills and nostrums and treatments—all in the faint hope that maybe this time something will help." The AMA also takes a dim view of vaccines for cold prevention, declaring that it is unlikely that a vaccine will help much.

Grandma had the right idea, if you ask the AMA. "If you get a cold," it advises, "stay home in bed. Keep warm. Gargle to ease a sore throat. Take aspirin for the discomfort. None of this will cure the cold, but it will make you feel somewhat more comfortable while your body's natural defense mechanisms are building up enough steam to overcome the cold virus."

But don't think the medics are giving up. Research goes on to find the cause and "possible cure" for colds and the AMA expresses the hope that: "Perhaps the answers may be found some day."

We may be sure they will let us know when that happens.

BIG QUESTION

A tax reduction bill has passed the House. It will meet tougher going in the Senate. But the chances are that an overall federal tax cut in the \$10 billion-plus area is in sight.

Welcome as that may be, some extremely important questions are yet to be answered.

One is whether major tax reduction which is not accompanied by any reduction in government spending will lead to more inflation. Many a recognized economist think it will—then the decline in the dollar's value here and abroad will more than offset any benefits.

Another is whether the spiraling costs of state and

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

The U. S. Justice Department's antitrust division has moved into the trading stamp picture, but on a basis that will be watched with great interest.

It is perhaps well to review the background of trading stamps. With the exception of service station operators who cannot increase their mark-ups, retailers adjust their prices to buy stamps. In the food business the big national stamp firms usually require the stores to pay them at the rate of 2% of their total business each month in exchange for the stamps. The stores increase their mark-ups to cover this extra overhead, and then give to the customers the stamps they are actually paying for in the first place. The stamp companies in turn profit largely on the redemptions, as well as from stamps that are not redeemed.

In the mid-50's, in California, eight of the statewide food chains plus a national chain, tried to get the State Legislature to outlaw stamps. They failed in this attempt, but at the same time, they were reluctant to raise their prices 2% to go into one of the national trading stamp plans.

But after prolonged study of the economics of trading stamp plan operations, they became convinced that a trading stamp plan could be successfully run on far less than the 2% charged by the national plans. Thus, they organized a cooperative

local government will eat up any dollar gains from federal cuts, aside from the inflation problem. These costs, proportionately, have been rising faster than federal costs in late years. If one tax collector takes from you what another tax collector leaves, you aren't gaining.

The interest of the citizen lies in how many dollars he has left after taxes, and in what those dollars will buy in the way of goods and services. That is the big unanswered question.

GRASS ROOTS OPINION

NORWALK, CONN., HOUR: "Automation has been called many things, from the prime mover of civilization to job scourge, but a University of Pennsylvania professor has added another euphemism to its collection. It is, says Dr. James Charlesworth, a generator of barren boredom. Perhaps utopia has indeed arrived when political scientists fret over the effects of too much leisure on the public, but the fact remains Americans and members of other advanced societies have given the appearance in recent years of children lost in a department store toy department."

Vegetables for Health

Vegetables are vital to health, economical and delicious. Give them the importance they deserve in meal planning. Try some tempting new recipes to make vegetables interesting to your family.

DEVILED CORN

- 2 Tbsp. fat
- 2 Tbsp. flour
- 1 1/2 cups milk
- 1/4 tsp. mustard
- Pepper
- 2 cups corn
- 1 egg, slightly beaten
- 1 Tbsp. Salt & Parsnips
- Worcestershire sauce
- Buttered Crumbs

Make a cream sauce of fat, flour, milk and seasonings. Add corn, egg and Worcestershire sauce. Pour into a baking dish, cover with buttered crumbs. Bake in moderate oven (350°) 15 to 30 minutes.

Sauces add interest and flavor to vegetables. Try cheese sauce on asparagus, or cream sauce on cauliflower. Stuff green peppers with cured beef hash seasoned with L&P Worcestershire sauce for a main dish.

THE NATIONAL OUTLOOK

BY GEORGE HAGEDORN

Housing — New Problems for Old

The President's message on housing provides an illustration of how government programs, once started, tend to grow the proliferate. In the attempt to solve one set of problems by government intervention we create new problems which call for new measures of government interven-

tion — and so on forever. The low rent public housing program may appear on its surface to have been a great success. The newly constructed buildings certainly look better and more comfortable than the structures torn down to make room for them. But in the process more dwelling units were

destroyed than were built. Thus on the average crowding has been intensified and many families were forced back into existing slums.

In addition, maximum income limitations necessarily imposed on families to qualify for subsidized housing have created special problems. There is a high concentration of broken families in these projects, which increases the difficulty of dealing with juvenile delinquency and maintaining discipline in the schools.

The logical reaction would have been a pause for re-evaluation. Instead, we now have fed-

eral subsidies to middle-income housing. This year, the President suggests the development of whole communities, "complete with all public services, all the industry and commerce needed to provide jobs and sufficient housing and cultural and recreational facilities for moderate — and low — income families as well as for the well-to-do."

There is no price tag attached to this part of the President's program. This is because it involves a variety of federal assistance techniques: grants and loans to the states and localities for plan-

ning and construction of public facilities, and of loan insurance for private developers constructing such facilities.

The rationale for this program is that urban expansion has been "unplanned and uneconomic." It is hard to see the virtue — economic, social or cultural — of a deliberate attempt to create new communities. Who will decide: where specific industries and businesses locate; who will work in them; what recreational and cultural facilities people will want, or should have?

These questions have apparently been anticipated in the

President's message. The answer is that federal funds will be used to train the social workers and other local employees needed for solving community problems. The President says that the "substantial Federal investment in local community efforts justifies a deep Federal interest in the quality of local employees."

In other words we will spend federal money to develop the experts who will deal with the problems we will create by federal planning of communities.

News From The County Agent

Wichita County farmers must take several steps to participate in the 1964 Feed Grain Program, according to County Agricultural Agent, B. T. Haws.

If he hasn't already done so, the farmer first files a report with the county ASC office on the farm's acreage and crops in 1959 and 1960. The county ASC committee will then send the farmer his feed grain base made up of the barley, corn and grain sorghum bases for each farm.

Next step, says Haws, is for the farmer to complete and file an intention-to-participate form at the county ASC office between February 10 and March 27. At that same time, the farmer may request an advance payment for the number of acres to be diverted from feed grain to conservation uses.

After these forms are filed, the farmer diverts the designated corn, barley, or grain sorghum acreage to a conserving use. The conserving use of diverted acres is in addition to the farm's normal acreage (1959-60 average) in conserving uses or practices, including summer fallow and idle land.

Further details on provisions of the program are available from the county ASC and Extension offices.

Sign-up dates for the 1964 Feed Grain program will be February 10 through March 27, according to County Agent B. T. Haws. Wichita County farmers planning to participate may sign up at the county ASC office at Iowa Park any time during the sign-up period.

Two major changes have been made in this year's program, the agent points out. The maximum acreage which may be diverted has been raised to 50 percent (from 40 percent) of each farm's feed grain base. The payment rate per acre for diverting 40 percent or more will also be higher than in 1963.

The largest acreage for which payment can be made for diversion is 50 percent of the farm's feed grain base, or 25 acres if this is more than 50 percent of the base. As in the past, the smallest acreage that can be diverted for payment is 20 percent of the base.

In other words, the 1964 program is generally the same as last year, says Haws. The voluntary program combines corn, grain sorghum and barley into a single feed grain base for each farm. Farmers participating will qualify for price supports payments and payments for diverting land to conservation use. They also will be eligible for price support loans on all feed grains produced.

Haws reminds corn, grain sorghum and barley growers to analyze how possible participation in the feed grain program can affect their income and farming operations. He has budget forms to assist in this analysis at his office.

To be eligible for feed grain price supports, Wichita County farmers must participate in the 1964 Feed Grain Program, advises B. T. Haws.

According to Haws, corn, barley and grain sorghum producers participating in the program will qualify for price supports on these crops. The first step is to file an intention-to-participate with the ASC county committee. The sign-up period is February 10 through March 27th.

Farmers then divert the signed-up acres to a conservation use or plant an approved substitute crop. At the same time, they maintain the conservation use acreage for the farm.

A participant staying within the feed grain base on all farms in which he has an interest will remain eligible for price supports, according to Haws. But he can limit participation in the program to one farm.

Price support payments will be made on the basis of established normal yields and the number of acres planted for harvest in 1964. These will amount to 15 cents a bushel for corn, 12 cents a bushel for barley, and 23 cents a hundred pounds for grain sorghum. Participating farmers will receive these payments regardless of whether the crop is harvested, fed to livestock, sold, or placed under price support loan.

"He Advertised"

It's The Law In Texas

Three out of four families who buy houses in the \$11,000 to \$15,000 price range jeopardize their investment because they do not protect their cash and ownership with commensurate title insurance.

These financial risks result from insufficient knowledge of the difference between an 'owner's policy' and a 'mortgage policy' and lack of information about title insurance.

The main point is that the usual title insurance taken out by the purchaser of a home in the up-to-\$15,000 bracket serves only to protect the bank or

lending institution. It is often compulsory for the buyer to purchase this insurance, known as the 'mortgage policy,' since some mortgagees insist upon this particular safeguard as one of the loan conditions. The 'mortgagee policy,' however, never protects the home owner's equity. This is so even after the mortgage is full paid. A course remains open for

the purchaser who wants to cover himself for the entire price of the home. He should, at the time of application for the required 'mortgage policy,' check with his attorney about simultaneously obtaining an 'owner's policy.' The 'owner's policy,' in contrast to the 'mortgage policy,' protects the home buyer as long as he owns the property. In many instances, it

protects an owner even after he sells, if he has a warranted title.

Owners of higher-priced homes usually take out both title policies. Thus, they purchase peace of mind on their substantial equity instead of trying to 'save' a few dollars, a false economy which may later invite trouble.

Title insurance took on great

significance after World War II. It is a requisite for many banks and lending institutions for those mortgage loans, and lender's protection. As a result, it was shown that the 'owner' not only protects himself but also the greater sums if the 'owner' inherits previously inherited liens, back taxes

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

PREPARATION

Thousands of Christians throughout this great nation spend hours of serious study, searching the scriptures and commentaries written by scholars who have dedicated their lives to the task of seeking out the full meaning of God's Word.

These willing workers, teaching from the Bible each Sunday, feel that their work is vital to the fulfillment of your spiritual life. Won't you accept the invitation to attend church as offered by the sponsors of this space, and receive the benefits offered by these willing teachers.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

WAKE UP YOUNGER!

with Helen Alpert

OUR READERS WRITE!

Dear Helen Alpert: Thanks so much for your nice letter and information. We are so happy you are so interested in our Senior Citizens group. I got your address — National Senior Center, Lehigh Acres, Florida from the Sentinel-Press here in Franklinville.

I am so proud of our Senior Citizens. For such a small town I think this is wonderful. My daughter said: Mom, I believe your Senior Citizens group are the busiest in town and have the most fun!

I'm enclosing some clippings since you asked me to keep in touch. We have the Garden Club and Sewing Club as part of our Senior Citizens. The Sewing Club remodels men's shirts into hospital garments. These are given to the Vets Hospital in Buffalo and the

county infirmary at Machias. Next month we are having a "Mock Wedding" for fun. This week we are going in a caravan of cars to see some of our beautiful hills in Sattaraugus County. Red, gold, orange, green—there's nothing like our lovely sugar maples for color!

Then I'm taking them to see a collection of over 500 clocks, owned by Mr. Avers. It is a sight. Everyone is polished, all ticking merrily, always all sorts of chimes and bells, etc. Thanks for your suggestions. They are very helpful. Will you please let me know about the free films?

I just found out another interesting idea. The telephone company will send a lecturer on all sorts of interesting things and we may also have free films. How do you like our little "Golden Nugget" newspaper? A member cuts the stencil and prints them for us.

Mrs. Hazel Farrington
59 South Main Street
Franklinville, New York
Thanks a million, Mrs. Farrington! The news clippings say that there are over 100 members in this busy group. All you presidents of wilting Golden Age clubs might write to sparkling Mrs. Farrington for an idea or three.

LIFT OFF WRINKLES?

I hope you won't think I'm giddy or stupid. But in a magazine I read about face-lifts and new noses done by cosmetic

when you need your phone you can count on it

A freckle-faced miss invites a playmate over to play dolls . . . Dad tracks down a hard-to-find gadget for the workshop . . . Mom gets a recipe from a friend.

Whatever the need, people take it for granted their phone will work. What else that you use so often is so dependable?

Our goal is telephone service that continues to grow in dependability, convenience and personal value, year after year.

SOUTHWESTERN BELL

Making telephone service better to serve you better

surgeons. Not the fake alterations, but true plastic surgery to improve people's appearance and personality. I'm prematurely aged and wrinkled and would enjoy a new face! I'm in my 50's. What do you think? Do you actually know anybody with a new face? How does it look? Is there any embarrassment later in facing friends?

Fanny, Lynn, Mass.

I know almost a dozen men and women who have had plastic surgery! Your magazine probably noted that World War II produced today's marvelous techniques on skin and bone. One club-woman is so delighted with her "new face" she lectures about the operation, to groups. A cousin of mine felt she needed a face-lift to retain her job. The family tells me she looks great. (I always thought she was beautiful and needed nothing. A dance-studio figure—a man—recently had all the wrinkles in his face etched out, in the hospital. Two good friends of mine had their noses bobbed. Ask your physician to recommend a first class plastic surgeon. Be sure you put yourself in expert hands! And bring money!

Mr. and Mrs. Corky Baggs and family of Wichita Falls visited his sister, Mr. and Mrs. Emory Martin and his mother, Mrs. Florence Baggs Sunday.

All About Dogo

Down With Hole Diggers
Dogs often dig holes because of sheer boredom. Sometimes they'll dig just for exercise, but it all stems from an age-old habit of digging for moles, chipmunks, or other game.

C. C. "Tex" Fawcett, Director of the Purina Dog Care Division, says that you can keep your dog from digging again in

mouse traps, covered with paper, in the hole. Once he springs them he'll be startled by the snapping noise and become pretty leery about further digging in that spot.

Another way is to fill the hole with crumpled chicken wire well pegged down. Dogs don't like to dig against wire. You can also fill the hole with stones.

If your dog continues to dig, catch him in the act, scold him sternly and repeat the corrective procedure. He'll soon get discouraged.

In very hot weather dogs sometimes dig holes in order to lie in the cool ground. When this is the reason for digging, bring the dog indoors. See that ample shade and fresh water is provided if he is penned outside.

Mr. and Mrs. Frank Etier received word that their daughter, Mrs. Dan Jepson of Paterville, Arkansas, underwent surgery in a hospital there Saturday morning.

Mr. and Mrs. L. L. Mead and children of Odessa, spent Saturday night and Sunday with her parents, Mr. and Mrs. C. L. Davis. Other guests in the Davis home Sunday were Mr. and Mrs. Lanny Williams and baby of Wichita Falls; Mr. and Mrs. Freddie Davis of Union Valley and Mrs. Ruthie Ann Kirkpatrick and children.

Mr. and Mrs. R. O. Brown visited Mr. and Mrs. Roy Watts of Lawton, Oklahoma Sunday.

Visitors in the R. C. Brown home last Sunday were: Mrs. Philip Britt and daughter of Iowa Park; Mr. and Mrs. Joe

Brown and son and Walter Lee Brown and daughter of Burkburnett.

Mr. and Mrs. Roger Fielding and children of Burkburnett visited her parents, Mr. and Mrs. Thomas Baber, Sunday.

Mr. and Mrs. Bill McGarry of Grandfield visited her mother, Mrs. R. H. Rhoads and other relatives here Sunday night.

Danny Davis, small son of Mr. and Mrs. Freddie Davis is reported at his home with the chicken pox.

Mr. and Mrs. A. J. Shaw, visited her brother, Mr. and Mrs. Johnnie Bryant and family of Burkburnett Sunday.

J. W. Dorton and son of Devol, Oklahoma, visited Mr. and Mrs. R. H. Rhoads Friday afternoon.

Mr. and Mrs. J. T. Bryant and children of Burkburnett visited his mother, Mrs. Zaida Bryant Friday night.

Mrs. Mollie Ruth Elliott, was called to New York City, Friday due to the serious illness of her daughter, Mrs. Nick Alissi.

Mr. R. H. Rhoads entered a Lawton, Oklahoma hospital Sunday afternoon and underwent surgery Monday morning.

Mr. and Mrs. Clark Byrum of Ada, Oklahoma spent Sunday with her mother, Mrs. Alma Capps.

Miss Betty Braden of Wichita Falls spent the week end with her sister Miss Alta Mae Braden.

Miss Martha Jo Baldwin was honored with a bridal shower in the home of Mrs. T. L. Wileman, Saturday night, February 8th. Co-hostesses were: Mesdames Frances Dudley, Trill Oliver, Ina Miller and Leola Ressel. Refreshments of punch and cookies were served as the guests arrived. Approximately thirty guests attended and many sent gifts who were unable to attend.

The Daisy HD Club met in the home of Mrs. Daisy Dunn, Tuesday afternoon. The Dev. Matt 6:28-34 and opening prayer was brought by Mrs. Mozelle Baldwin. Mrs. Betty Vache gave the lesson on meat buying. The roll call was answered by telling "The Meat Cut You Use Most Often."

The minutes of the previous meeting was read and approved. White Elephant was drawn by Mrs. Hallie Eastman. The next meeting will be with Mrs. Nomie Wilkinson.

Refreshments of Ritz crackers, sandwiches, cake, coffee and pop was served. Members present were, Mesdames Olive Thompson, Maxine Hooper, Ethel Kirkpatrick, Helen Ressel, Beulah Wilson, Ruth Mentz, Margaret Ressel, Hallie Eastman, Lucinda Goode, Leola Ressel, Mae Spoon, Daisy Dunn, Nomie Wilkinson, Rachael Kinnard, Mozelle Baldwin, Irena Pfeifer and Myrtle Butler and Miss Ola Austin

GOOD GROOMING FOR GALS

Photo courtesy of Gillette

MORE AND MORE, women's use of razors has become an important factor in the grooming products business. There are over 55 million women shavers in the U.S. and the fair sex accounts for 16 to 18 per cent of razor blade consumption and about 27 per cent of electric shaver unit sales. According to an industry survey, of those women who remove hair from their legs or underarms, over 80 per cent use a safety razor, 20 per cent use an electric shaver and about four per cent use depilatories or other methods.

TAKE YOUR PROBLEMS TO CHURCH -- MILLIONS LEAVE THEM THERE

PREPARATION

Thousands of Christians throughout this great nation spend hours of serious study, searching the scriptures and commentaries written by scholars who have dedicated their lives to the task of seeking out the full meaning of God's Word.

These willing workers, teaching from the Bible each Sunday, feel that their work is vital to the fulfillment of your spiritual life. Won't you accept the invitation to attend church as offered by the sponsors of this space, and receive the benefits offered by these willing teachers.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Roger W. Babson Weekly Report

ROGER W. BABSON

BABSON DISCUSSES PRICES AND INFLATION

BABSON, MASS. Upturns in selected commodity prices, especially nonferrous metals, are causing concern in some quarters. These could be the first signs of a broad price breakthrough on the upside within a few years. Many are wondering whether this might be the forerunner of a new wave of inflation.

WHAT IS INFLATION

No two authorities define inflation in exactly the same way. The economist take one point of view, the banker another, the manufacturer a third, and so on. But they all boil down to this: INFLATION COMES WHEN THE SUPPLY OF MONEY EXCEEDS THE SUPPLY OF GOODS.

Such a situation occurs whenever there is a big enough increase in government or private credit to trigger higher prices and higher wages. It can also occur when there is an increase in the circulation of money, because this had the same effect that more money would have. In very recent years, careful money and credit management by the federal government — especially the Federal Reserve System — has kept inflation pretty much in check. Now that taxes are to be reduced substantially, it will be harder to hold inflation back.

FURTHER UPTILT IN PRICES

I forecast that domestic wholesale commodity prices will show further strength in the months just ahead. I base this prediction on the following convictions. (1) Costs are high and will rise further, especially during the first half of 1964; (2) profit margins are unrealistically small in certain instances; (3) demand, which is already

GUNS OF AMERICA

"Brown Bess"

Brown Bess was the nickname given a series of musket models. The first were made in England about 1725. They were brass mounted and had pin fastened barrels of about cal. .75. An historically significant weapon, it was used in the Revolutionary War by both the American and British soldiers.

THE NATIONAL RIFLE ASSOCIATION
Teaches Shooting Safety

ties, I look for a better tone in farm product quotations, though gains there will probably be limited. During the past couple of years we made some good dents in the huge surpluses of agricultural products our government has been holding. This was helped by expanding exports due to crop reverses in Europe. But the U. S. last year also produced more food and feedstuffs than ever before, so the surplus is still a problem. Hence U. S. crop prices can hardly be expected to show great or lasting upturns. Whatever gains over 1963 do occur will result from smaller marketings and heavy purchases of grains for shipment abroad, including those to Russia and her satellites.

WHAT ABOUT CONSUMER PRICES?

While wholesale prices of both agricultural and industrial

commodities are moving up, what will happen to prices at retail and to living costs? I believe 1964 will see more of the same type of creeping inflation that we have had during the last few years. Heavy TO-TOL government spending (at all levels) is a big factor in this year-to-year boost in consumer prices and living costs. Waste and inefficiency in both government and private business are also important. Hence I see no early end to the steady decline in the purchasing power of the dollars.

Don't be fooled by talk of government economic. Total spending by public agencies will climb in coming years — even though controls may ease the impact. Inflation is by no means dead. In the early 1970's in fact before, it could be our country's Number One Problem!

Competition Never Hurt ANYBODY!

Burkburnett will soon have a new bank, and the competition and new business it will bring to our local economy will add greatly to the growth of the city. And, of course, the new bank will also bring added competition to the Burkburnett lending business.

We welcome the added competition, because **WE INTEND TO COMPETE!** We want your loan business, and here's what we can offer:

- 1. FRIENDLY SERVICE** . . . with a minium of questions, fuss and bother.
- 2. Low Interest Rates** . . . as we said, **WE INTEND TO COMPETE**
- 3. NO LOAN LIMITS** . . . we have no limits or restrictions in the **SIZE** or **TYPE** of our loans.

We want your business, and all we ask for is the chance to compete for it. The next time you need money for any reason, come see us.
