4-H Sponsored Dress Revue Held Thursday Night

Twenty-two fashion wise young ladies modeled in a 4-H sponsored Dress Revue, Thursday night, July 16th in the Texas Electric Auditorium.

The Dress Revue was held as the climax for girls who had constructed garments in either clothing subject matter groups or a clothing workshop that was held in June in the Town Hall and Texas Electric Auditorium. Thirty-two girls completed the workshop which was taught by adult leaders Mesdames J. H. Bentley, Clarence Endres, N. T. Crane and S. L. Johnson.

Decorations for the stage showed the contrast of changing times in sewing techniques. An antique print cotton fabric draped over an old time treadle machine was placed on one side of the stage opposite a new blend fabric draped over a modern electric sewing machine. Pots of greenery completed the stage decorations.

Mrs. J. H. Bentley, adult leader in charge of the workshop, welcomed the group and Mrs. N. T. Crane narrated the event as the following girls modeled their garments: Judy Klinkerman, Dee Ellen Adams, Debby Bryan, Della Bryan, Myron Dixon, Cathleen Sanders, Irene Sanders, Theresa Herring, Debby Bodine, Penny Muller, Cathy Goins, Ginger Masonis, Jackie Beeman, Gayc Halsey, Deloris Cools, Linda Johnson, Carolyn Farris, Vicki Endres, Marian Bentley, Diana Smith, Louise Bentley, Diane Bentley.

Judy Klinkerman and Dee Ellen Adams provided entertainment for the Revue with two numbers: "In The Good Old Summertime" and "In Old Texas."

Each girl was presented a certificate for completing the workshop and was awarded a tracing wheel by the Clara-Fairview Home Demonstration Club.

Mrs. Elmer Klinkerman presided over the table from which punch and cookies were served. Refreshments were provided by the Hardin Home Demonstration Club.

Cuban Refugee Guest Speaker To WMS Of First Baptist Church

Lt. Jose Perez of Sheppard Air Force Base spoke to the women of First Baptist in their monthly missionary meeting, Wednesday, July 15th.

Lt. Perez has been in the state four years and at the base since December, 1963. He was one of those taking part in the ill-fated Bay of Pigs Invasion.

The speaker was a commercial pilot in Cuba and stated that his living standard was equal to that in the states in every way. Within twenty-four hours after he take over of Cuba by the Communists, everything he and his family had was taken from them.

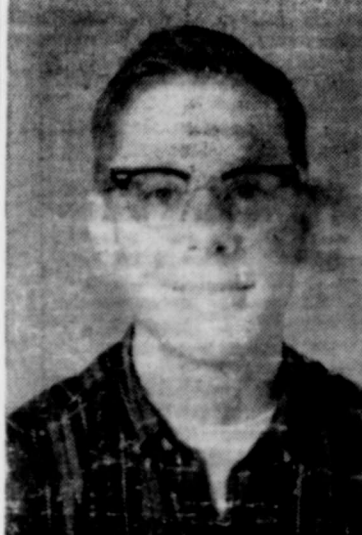

Parents were admonished to watch what their children read, what they see, what they are taught in school and with whom they spend their time. Castro is building a Communist regime out of the children and youth by training their minds and by military discipline.

CARD OF THANKS

We want to express our sincere thanks and gratitude to everyone who helped in some way during the illness and loss of our son and brother. Especially do we want to thank the pastors of the family, the pastors of neighbors, who brought food and for the many flowers and cards that were sent. May God bless each of you.

Fire Destroys Lease "Power"

A fire of undetermined origin southeast of Burkburnett destroyed a King Oil Co. pumping station and burned about 30 acres of grass. The fire was first spotted about 12:05 p. m. Sunday.

Ed Rogers, field superintendent for the firm, estimated it would cost about \$2,000 to replace the contents of the building, a large gas engine pumping several oil wells.

Rogers said he believed a live carbon spark from the engine started a grass fire that backed into the building. The engine was still running as the fire was being fanned by a south-east wind. Downwind there were no buildings or oil field equipment.

Gene Mixon, pumper who lives near the "power" estimated the station can be put in operation in three days. Mixon and his family were at church when the fire started and returned when the oil field and the station had gone out of control.

The Burkburnett Fire Department responded to protect 3 tanks about 50 feet from the burning building and to put out the grass fire. Fire fighters said the building was too far gone to save, so they concentrated their efforts in protecting adjacent property.

Denver Community Homecoming Held In Bowie, Tex., July 4 and 5

BOWIE, Texas (Special)—The Annual Denver Homecoming and Cemetery Association memorial services were held July 4 and 5 at the Amon G. Carter Pavilion in Bowie, according to H. L. McDonald of Burkburnett, program committee chairman.

The Denver Community, founded in the mid-1800s by pioneers, was abandoned after the first quarter of this century because of economic strife. Site of the small but once flourishing community is located near Bowie.

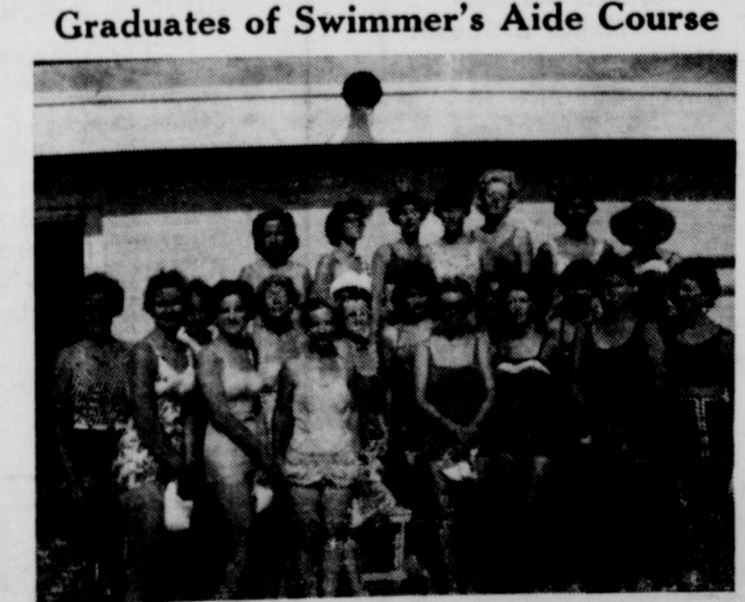

Registration for the more than 200 ex-Denver residents, students and relatives expected to attend the reunion got un-

der way at 8:00 p. m. July 4 with registration at the pavilion, McDonald stated.

Singing, reuniting and reminiscing about the "good old days" will follow, he said.

A basket lunch at noon on Sunday, July 5, will highlight the homecoming and will be followed by a business meeting both at the pavilion, McDonald said.

During the reunion last year, more than 200 persons attended, he said. For this year's homecoming, he said, word has been received that former residents of the community are coming as far away as California and Oregon to attend the affair.

These mothers have just graduated from the Red Cross Swimmer's Aide Course given at the Burkburnett Swim Club Pool during the last few weeks. The proud ladies will now go on to help teach the beginners in the next session beginning July 27th. Congratulations, Mothers.

These Wars Are Over

At long last it looks as if something constructive may be done within the foreseeable future about those federal excise or sales taxes that are a hangover from World War II and the Korean War.

A House committee has been studying them with a view to ultimate revision. It is expected that reductions—if not total repeal—will come within two years or less.

If this turns out to be the case, the government will be just about 20 years late in getting around to this particular kind of tax reform. When the excise taxes were imposed, every one expected that they would be ended with the wars that were responsible for them. But Congress took the easy road and kept them alive year after

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

On the tax payroll the Department of Agriculture has some 500 odd (no pun intended) press agents feverishly grinding out press releases assuring the American housewife she is buying goods at a great bargain.

There is only one drawback to all this frenzied activity. The women just do not believe it. And in addition, the farmers are getting quite querulous.

Perhaps the situation was best stated recently by Rep. Clarence Brown of Ohio. In 1947 the average hourly earnings of the American farmer was \$1.61. In 1963 it remained the same. The hourly earnings of food store employees in this period rose from \$1.03 per hour to \$2.17 per hour.

The average price paid by the housewife for foodstuffs is up 9.7%; the price received by the farmer is down 5.3%.

Obviously, something is badly askew.

Continued concentration of the distribution of the nation's foodstuffs into fewer hands has been one factor. The other is that Hoffa, other labor leaders, have grabbed more and more control over the way that foodstuffs will be moved to market.

Thus, one evil washes the

hand of the other. The more there is concentration of distribution into few hands, the bigger the target for organized labor to shoot at. And in addition, the bigger the target, the more vulnerable it becomes.

Actually, today, the loaf of bread that wholesales for 20 cents has only about four cents worth of grain, shortening and other material in it. The wrapper, material for which must come from a pretty closely knit group, costs around 2c. Plant labor, plant overhead, heat, et al, represent another four cents for a total of around 10c.

So the question is where does the other dime go?

This is approximately the cost, in these days of Hoffa domination, of putting a loaf of bread on a truck and taking it over to the food store. Out of this dime comes the wages, the contributions to the union welfare and pension plans.

So while government press agents type madly to convince the American woman she is getting more food than ever for her dollar, she is not buying this idea.

But this is the modus operandi of bureaucracy today. If a set of facts do not fit in with the image that it is sought to project, then disregard the facts as something that only stuffy old conservatives are concerned with, and blaze a new trail into the realm of fanciful imagination. For that is the higher level of statesmanship.

Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Institute of Life Insurance 488 Madison Ave., N. Y. 22, N. Y.

Q. I am 35 years old, married with three children. My income is \$7,500 a year. How much of my pay should I devote to life insurance, and how much life insurance should I have? I have no other significant resources.

A. Experts in family financial planning suggest that, if a person's life insurance protection amounts to less than four or five times his annual income, he should re-examine his situation to see whether he is adequately insured. In your case, that would indicate a minimum need of about \$30,000 to

\$40,000 of life insurance. To purchase that amount of straight life insurance at your present age would cost you about \$550 to \$750 a year—or about 8% to 10% of your income, which some experts feel is about the right proportion at your income level.

Of course, it isn't possible to suggest a specific amount of life insurance for you and your family without knowing more about your circumstances. For instance, do you have group life insurance where you work? Do you own your home free and clear, or is it heavily mortgaged? How heavy are your other debts? What are your prospects for higher income in the future? Do you expect to send your children to college? These are some of the factors that affect your life insurance needs, and the types of policies that would satisfy these needs.

Q. I read recently that heart ailments have increased as reasons for issuing life insurance at higher premiums. Does this mean more people have heart disease?

A. A sampling of ordinary life insurance applications in 1962 showed that 30% of last year's ratings were due to heart disease, compared with 22% in 1958. But heart disease isn't necessarily increasing that fast. Many life companies now issue policies at higher premiums to people with heart ailments who formerly could not have bought life insurance at all.

Grass Roots Opinion

SO. BOSTON, VA., GAZETTE-VIRGINIAN: "It takes a bad shake from Mother Nature, like last year's drought, and it takes Mother Nature's smile, like last week's rain to make us feel how utterly dependent we are on things we cannot control as men. Call it the jet streams the airflow, a quirk or Nature, or call it God, but the fact is that many of us are not masters of our fate and are keenly aware of our dependence on Somebody Up There Who Likes us."

Man forever has had three basic needs: food clothing and shelter.

Modern man consistently finds, however, that his shelter (housing) dollars are shrinking.

Families in Wichita County may find that their housing dollars can be identified if they take inventory of the total demands made on their income.

Says Thelma Wirges, the Wichita County Home Demonstration agent: "Whether renting or owning a home, a monthly cash outlay is necessary. The amount that can be spent for housing can be determined best by planning a realistic allowance for all living expenses."

To determine that portion of the family income that is available for housing, the home agent suggests listing the amount spent on the following items — either on a monthly or annual basis: — Food, clothing, Utilities, medical care.

Life insurance, contributions, savings.

Recreation and entertainment Transportation, installment payments

School and college Also to be listed are: — Total living expenses other than housing

Total income minus tax and retirement deductions.

Total net income minus living expenses other than housing.

"It is item number 8 which tells us the amount of the family income that can be—or is being—spent for housing," says the agent, "and this is true whether you rent or own, whether you are building or remodeling."

The housing situation in Wichita County will be studied Thursday, July 23rd by the Wichita County Program Building Subcommittee on Home Improvement, and local authorities in the housing field. Mrs. Laura Russell, Home Furnishings specialist for the Extension Service, will be in the county to work with the group as they study the county and plan for educational work to help Wichita County families. Mrs. D. D. Mendenhall is chairman of the committee.

A financial report was given by Mrs. John Larson. Mrs. Porter Hickerson closed the meeting with the benediction.

FIRST

The nation's first industry was a sawmill that began turning out Southern Pine boards at Jamestown, Virginia, in 1608. Since then, more than a trillion board feet of Southern Pine have been manufactured — enough to build 100 million homes.

Pen Pals Meet For First Time

Charles Klinkerman, left, shakes hands with Erik Kamermans, his pen pal for four years. It is the first time the two fourteen-year-old friends have met. Erik's home is Hamilton, Ontario, Canada.

Charles Klinkerman, 14 son of Mr. and Mrs. Elmer Klinkerman, of Rt. 1, is entertaining as his guest Erik Kamermans, also 14, of Hamilton, Ontario, Canada, a pen pal for four years. It is the first time the boys have met since Charles wrote the first letter while in the fifth grade.

Mr. Ronald Mullins, his teacher, let the class choose their own pen pal names and Charles chose Erik because of the similarity in their names, Klinkerman and Kamermans.

About three months ago Erik wrote his friend he would probably visit him this summer.

Two weeks before Erick arrived by bus, on June 26th, Mrs. Klinkerman received a letter from Mrs. Kamermans informing her of Erick's time of arrival.

Erik was born in Amsterdam, Holland and moved to Canada with his parents at the tender age of four.

Though he speaks excellent English Erik said Dutch is spoken at home. When he speaks there is only the slightest trace of an accent.

Erik earned his fare to Texas to visit his long-time pen pal, Charles.

He is having a wonderful time, though he said it is sandy here and hilly back home in Hamilton, Ontario.

Charles and the Klinkerman family have taken Erik to Six Flags, Nocona Lake, where they camped out for two days, enjoying fishing, swimming and frog hunting and on July 26th Sunday, they will visit Abilene.

On the Klinkerman farm, Erik has driven the tractor a bit and sometimes helped Charles clean Hobo, his Angus Steer.

Hobo is one of Charles' 4-H projects.

After a wonderful time with his American friend and pen pal, Charles Klinkerman, the Dutch boy, will return to his home July 28th in Canada, taking many memories.

Port Natches spent Tuesday night and Wednesday with Mr. Vernard Smith.

Mr. and Mrs. Oran Wilson and children of Burkburnett visited her parents, Mr. and Mrs. C. O. Wilson Wednesday night.

Mrs. Gerald Collier and daughter of Grandfield, spent Thursday and Friday with her parents, Mr. and Mrs. Jack Williams.

MRS. JACK MANNING VISITS FRIENDS IN BURKBURNETT

Mrs. Jack Manning of San Raphael, Calif., visited several days last week in the home of Mr. and Mrs. J. A. Johnson and other friends.

Mrs. Manning was on her way home from a months tour of the world's Fair, Washington, D. C. and other interesting places. She also visited her mother in Missouri, a daughter in Ft. Worth and will meet her husband in Denver, who is a Lt. Colonel in the Army Reserve.

Dr. Manning is a former pastor of the First Baptist church here. He is now a professor in the Golden Gate Seminary.

Jehovah's Witnesses To Attend Austin 4 Day Convention

Final plans have been concluded by the Wichita Falls group of Jehovah's Witnesses who are leaving this week to attend their four day regional convention at Austin.

According to Harold P. Bruce, presiding minister for the local congregation, the "Fruitage of the Spirit" District Assembly at Austin is expected to draw some 10,000 delegates from parts of Texas and 16 other states, as well as Canada and Mexico.

Mr. Bruce discussed the subject of "Gaining Strength by Mutual Encouragement" at the local Kingdom Hall meeting in preparation of the delegates' departure. The portion developed by Bruce lent itself well to the assembly at Austin and included the importance of Christian conduct from the scriptural standpoint. "Assemblies are vital to giving mutual encouragement," he pointed out, "and this one will be no exception."

And some of us can be fooled a lot easier than we can fool others.

Anderson, Sweetwater, Mr. and Mrs. Alton Anderson, Mr. and Mrs. Edwin Anderson and family, Wichita Falls; Mr. Howard Anderson and Mr. Howell Anderson of Walters, and Mr. and Mrs. Bob Scales and sons of Tulsa.

Mrs. John Duke and daughter Nancy of Lawton visited her parents, Mr. and Mrs. T. E. Spannagel last Monday night.

Mr. and Mrs. Winford Whitehead and son of Comanche, Mr. and Mrs. Walker Hatcher of Bochita, Okla., visited Mrs. F. W. Kemp and sons over the weekend.

One of the bitterest things of life lies in the discovery that things never come to us so easily as when we have ceased to desire them.

People have quit struggling for an existence; the struggle now is to keep up with automobile and gadgetments.

PROGRESS

Progress is on the march. There is a great boom in building. Cures are being found for maladies that have killed mankind for centuries. Industry is doing magnificent things. But what sort of progress is being made in human relations—this term that includes respect for the person and property of others and good will among men.

There is one agency striving for progress in this field. This agency is the church. At the birth of Jesus Christ, the following prophesy and promise was given to mankind by a host of angels: "Glory to God in the Highest Heaven! Peace upon earth among men of goodwill!" Luke 2:14. (Phillips translation). Only when the majority of men on earth are men of goodwill, will we have peace.

Attend church this week and align yourself with the forces of God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

LAWNMOWER SAFETY

Safe operation of power lawn mowing equipment starts with a good knowledge of the mower and how it works. If youngsters are to handle the lawn-mowing chores, be sure adequate instruction is given so they are familiar with the mower's features and the safety rules for mowing lawns.

Lawn Boy power mowers passes along those tips for a summer filled with safe, healthy lawn mowing.

1. Know your controls. Learn how to stop the engine quickly in an emergency.
2. Make sure the lawn is clear of sticks, stones, wire and debris that could be thrown by the blade.
3. Keep children and pets at a good safe distance.
4. On slopes or wet grass, be extra sure of your footing.
5. Never cut the grass by pulling the mower towards you.
6. Stop the engine before pushing the mower across gravel drives, walks or roads.
7. Stop the engine whenever you leave the mower, even for a short time.
8. Do not operate the engine where carbon monoxide fumes can collect.
9. Stop the engine and disconnect spark wire before working on the mower.
10. Never add fuel when engine is running. Fuel outside in fresh air only. Wipe up any spilled fuel.

Miss Sharon Nix Honored Sat., July 16 With Kitchen Shower

To compliment Miss Sharon Nix, bride-elect of Mr. Richard Ben Martin, Mrs. Lewis A. Gray was hostess Saturday, July 18th for a kitchen shower given in her home with Mrs. Howard Clement as co-hostess.

Miss Charlotte Wallace presided at the punch service and Mrs. Gray registered the guests. Both registration and reception tables were covered with a white cloth enhanced by a white organdy overskirt from which blue streamers hung and were caught at each corner by a bow. A lovely flower arrangement of white gladiolus and blue love birds, the bride's chosen colors, centered the serving table. A blue bird vase holding two long stemmed carnations, decorated the registration table.

Miss Nix is to become the bride of Mr. Martin in a ceremony to be performed on Saturday, August 8th at the Sacred Heart Catholic Church in Wichita Falls at 6:00 o'clock in the evening.

Twenty-four guests were present. Special guests included the honoree's mother, Mrs. Weldon Nix and Mrs. John Martin of Randlett, the mother of the groom.

Last Saturday Ralph M. Davis and Randle R. Hanks, both former teachers at the Clara School, were in town renewing old acquaintances. Mr. Davis, also a former superintendent of the Burk Burnett Schools, is now with the Wichita Falls School System. Mr. Hanks is in the general insurance business in San Antonio.
