Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall. Everybody Invited Each Pays for His Meal

Wichita County Farm Bureau

Local county Farm Bureau members will participate in a state-wide program at better information on vital matters to Carl Mosler, county Farm Bureau president. High school students in the county will attend a training conference in intensive studies on the state's agricultural heritage and the future. Sponsored by the Texas Farm Bureau, the annual High School Student Leadership Seminar will be held August 11-14 on the campus of Sam Houston State University in Huntsville. Students attending will include: Jake Schmidt, Rt. 2, senior at Iowa Park; Bob and Charles Clapp, 1519 Glenhaven, Wichita Falls; student at Hirschi school. The purpose of the seminar, according to the local farm leader, is to make the students aware of the abundance which has made the state what it is today. A similar training program was conducted last year by some 234 high school seniors from the state. The outstanding leader who will appear on the program are Dr. George Searcy, Ark., Dr. Cliff Gannus, vice president, College and head of department of history and sciences; John Noble, III, noted author and who spent 9 1/2 years in prison camp; and Skousen, Salt Lake City former FBI agent and police in Salt Lake City. In the home of Mr. Isaac Woodall from Monday were their Mrs. Vera Brown of Tex. and her two children Sonja and Carleen also of Canyon.

COOPER HD CLUB NEWS

Mrs. Fred Vollmer was hostess to members of the Cooper Home Demonstration Club in her home, Monday afternoon. Mrs. Bee Bryant, president, called the meeting to order, and the Lord's Prayer repeated in unison. The members answered roll call with a First Aid hint. Various reports were given, including the treasurer's report by Mrs. Lee Cooper. Mrs. Geo. Emmert reported on the last county council meeting held July 14th, and stated Mrs. Bee Bryant, a member of the Cooper club, was elected to the office of council chairman for 1965. Camp day will be August 18th at the Iowa Park Community Center, reservations must be made by Aug. 10th. A picnic is planned for Monday, Aug. 3rd at 6:30 p. m. at the Community park, and members of the Friberg-Cooper Community Organization are invited to join us. Mrs. J. H. Gill brought an informative program on "How Safe in Your Home?" Recreation was in charge of Mrs. George Emmert, with winners being Mrs. Lee Cooper and Mrs. J. D. Kennedy. Refreshments were served to Mesdames O. J. Cooper, J. H. Gill, J. D. Kennedy, Lee Cooper, Sam Spencer, George Emmert, W. P. Rogers, Bee Bryant, Miss Amelia Spencer and Mrs. Bob Stambough, a visitor. Jerry Smith Aboard USS Ticonderoga Jerry W. Smith, personnelman second class, USN, son of Mr. and Mrs. C. A. Smith of 516 North Hilltop, Burkburnett, is serving aboard the attack aircraft carrier USS Ticonderoga, operating out of San Diego, Calif. Ticonderoga, operating as a mobile airbase provides aid support for the sea assault forces of the U. S. Seventh Fleet.

Burk Babe Ruth All Stars District Champions

The Burk Babe Ruth All Stars beat Graham Monday night and Merkel Tuesday night to win the District Championship. They will go to Levelland for the state play offs which will be held Aug. 3rd thru 8th. It will take about \$500 to board these boys while there and they would appreciate any help Burk can give them. Anyone wishing to make a contribution may call the League president, Archie Faulk or C. J. Lippard, or boys playing on this team, sponsored by Texas Electric Service Co. will be: Tony Hodges, Bill Roe, Jim Owen, Doyle Cobble, Jim Bob Welch, Larry Bankhead, Rod Turner, Danny Thompson, Ron Jacobson, Jim Thornton, Al Estep, Mike Hasenmyer, Butch Wood, Robert Walker and John Edwards. 3-C Petty Officer Allen Martin On Board Enterprise

Allen Martin, 3rd Class Petty Officer, son of Mr. and Mrs. Edward C. Martin, of Burkburnett, is aboard the USS Enterprise on the much talked of world cruise. The Commanding Officer's Newsletter stated: "Now that the news is finally out, the Enterprise, as Flag Ship of the Nuclear Powered Task Force, is making all manner of preparations for the World Cruise. The Task Force will also include the Guided Missile Cruiser Long Beach and the Guided Missile Frigate Bainbridge. The Round the World Cruise is truly an historic event."

"Hulley-Gulley" Interesting Book Written By Mrs. Helen Aston Moser Who Lives Southeast Burkburnett

HELEN ASTON MOSER

"Hulley-Gulley" is a book that will grip your interest and hold it from start to finish. It is a book you do not want to lay down until you have finished the last page. It is a story about two little girls who lived south of Henrietta, Texas. It is so down to earth and true to life that one relives every moment of their lives related in the book.

About The Author
Born October 24, 1923, in Blue Grove, Texas, the family moved to Vashti in 1933, setting of HULLEY-GULLEY. Helen Aston Moser was educated in Texas schools, attended business school, and operated her own business, a truck-stop cafe in Bowie, at eighteen. After a varied business career, she now runs her own real estate firm; is a substitute rural mail carrier on Route 3, Wichita Falls—an approximately 50-mile, 300-family route—and is book-keeper for her husband, Robert Moser, a building contractor and farmer. Mr. Moser is also a substitute rural mail carrier on Route 4, Wichita Falls, and has been for 18 years.

Mrs. Moser is the mother of two teenagers. Jimmy is 18 and a freshman at Midwestern University. Betty is 13 and a Seventh Grader at Hirschi Junior High. Helen has had a very busy life. She has been working with the P-T A 6 years, has held all offices including president and is now a lifetime member. Four years a member of the Kindell adult Sunday School class of the Methodist Church. Is now a teacher of an adult Sunday School class at Friberg-Cooper. Mrs. Moser represented Burkburnett at the State workshop on safety, and has been a 4-H leader for the past 12 years.

HULLEY-GULLEY has been approved by the Library Journal, Library Congress and Wilson's Accumulative Index. It is accepted reading for any school library in the United States. The Book was released by

Vantage Press, Inc., June 25th. It may be purchased from Mrs. Moser, or orders may be left at the Star office. Price is \$2.50.

Burk Drillers Win Ft. Worth Trip To Regionals

The Burkburnett Drillers defeated the Windthorst Apaches 10-0 Wednesday night and won the right to play in the regional games in Fort Worth. The game was played in Spudder Park before a record crowd. This game assured the Drillers a trip to Fort Worth regardless of the outcome of a contest Thursday night between the Burk boys and the Wichita Braves, in the final game of the Connie Mack League Shaughnessy playoffs.

Mrs. Clyde Slusher Hostess to Theta Epsilon Sorority

Theta Epsilon Sorority met July 27th for a called meeting in the home of Mrs. Clyde Slusher, president. The opening ritual was conducted, minutes of previous meeting read and officer reports were given. Mrs. Joe Janeke was named Educational Director. Theme chosen for the years program is "Invest in Hope." Mrs. Lyle Eaton, vice president, presented the fall rushing schedule. Mrs. Cloyd Adams, welfare chairman, stated our philanthropic project would continue help to the Children's Center in Wichita Falls. Thanksgiving and Christmas baskets and the scholarship fund. Trophies and certificates presented to our chapter for outstanding work in the District and State were displayed. Mrs. Elmer Klinkerman, parliamentarian, presented By-law changes. Delicious refreshments were served to Mesdames J. A. Tibbets, Raymond Van Loh, Cloyd Adams, Clarence Bridges, Bryan Farris, James Spinks, Bruce Sheppard, Lyle Eaton, Raymond Brammer, Quinton Howard, Wayne Johnson, Elmer Klinkerman by the hostess, Clyde Slusher.

Janlee Baptist Church

Rev. Homer V. Southerland, Pastor

The membership of Janlee Baptist Church observed the Lord's Supper Sunday evening. Deacons Harding Dempsey, Pat Austin, Ogden Givens, were assisted by Bro. Chester Johnson in serving in the Commemorative ordinance.

The Intermediates enjoyed a fellowship after worship services and planned to attend the Youth Rally to be held in Archer City, Saturday, Aug. 1st.

The Nursery Department held their regular meeting at the home of Mr. and Mrs. Gregory Nieto, 411 Vaughn, Monday to formulate plans for the coming month's program.

The Adult Training Union and their associates are planning an ice cream supper at the Church on Friday evening at 6:30 p. m. according to Mr. Chester Johnson, Adult Training Union leader.

The pastor announced that the sermon topic for Sunday morning would be the "Touch of Jesus" from Mark 1:29-34. The subject for the evening message is to be, "What You May Expect From Your Pastor" from 1 Timothy 4:1-16.

According to Mr. Ogden Givens, Sunday School Superintendent, there were 158 in attendance in Sunday School last Sunday, and Mr. Eddie Vannatter reported that there were 88 in attendance in Training Union. There was one added to the church by letter.

Volleyball Tourney At Trinity Lutheran Church Sun., July 19

July 19th, Trinity Lutheran Walthers League of Clara was host for the Summer Athletic Volleyball Tournament of the Radiance Zone Walthers League. About 135 Walthers Leagues, counselors and guests attended. Clara League proved to be poor hosts by winning all the decisions: Junior boys, Senior boys, Junior mixed; Senior mixed and Senior girls.

The League, aided by the ladies of Clara congregation, served the evening meal.

The sportsmanship trophy was awarded to the Walthers League of St. Peter's Lutheran Church of Bowie.

The Walthers Leagues entering teams were from Our Redeemer Lutheran and St. Paul's Lutheran churches of Wichita Falls; Immanuel Lutheran church of Harold; St. Luke's Lutheran church of Olney; St. Peter's church of Bowie; Zion and St. Paul's Lutheran Churches of Vernon, in addition to the Clara League.

The closing devotion was led in Trinity Lutheran church by Danny Janosky of the Clara Walthers League.

Work Progressing On Building For The New Burkburnett Bank

E. B. Burton, contractor on the new Burkburnett Bank building, is rushing the work along on schedule. The building, located on the corner of Avenue D and East 3rd Street, is beginning to take shape. The outside is far enough along to give one a pretty good idea what the building will look like when finished. Inside, the terrace lobby floor is completed.

Wiring A Nation Together

Heavy emphasis is being laid on the importance of extra high voltage transmission lines which make possible economical transport of electricity for greater distances and power pooling by the nation's power systems.

This sound harmless enough...no one doubts the value of such developments. But there is a danger that an effort may be made by the never-say-die advocates of socialized power to convince an uninformed public that they are new innovations and that the needed measure of success can only be attained by some all out federal plan.

The fact is that power pooling and inter-connection of systems is an old story to the investor-owned utility industry. Along the eastern seaboard, for instance, one inter-connection has a generating capacity of 14 million

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

Sooner, or later, the Congress must come to grips with the problem of how to build up the Social Security fund, rather than spend time seeking ways to increase the benefit payments out of the fund.

This year, when the required report on the status of Social Security was given to Congress, Rep. John Ashbrook, Ohio, took the trouble to read all 24 reports that have been released since the plan was started. He found some interesting matters.

In the six years 1958 through 1963, the fund has paid out more than it has taken in. The deficit of pay outs over receipts runs as follows: 1958 \$216 million, 1959 \$1,271 million, 1960 \$712 million, 1962 \$1 billion, 274 million, 1963 \$687 million. Only in 1961 was there a surplus amounting to \$72 million.

In 1950 payments had not yet reached \$1 billion. Last year Social Security paid out \$13 billion, \$45 million.

When the system started in 1937, the contribution to the fund was 1% each by employee and employer on the first \$3,000 of earnings in a year.

This has steadily increased until now the combined employee and employer tax is 7 1/2% on the first \$4,800 earned in a year and four years from now that will go up to 9 1/2%.

Or expressed in another way, by 1968 an employer paying a

wage of \$100 per week will pay almost another \$5 per week in Social Security taxes, and the employee will be actually drawing, before income tax deductions, \$95 per week.

An average of 1,250,000 new beneficiaries are being added each year. In 1947, Rep. Ashbrook reports, the Social Security report for that year predicted in 1952 payments would reach \$965 million. Instead, in 1952 they totaled \$1 billion, 982 million. The 1949 report predicted total payments in 1954 of \$1 billion, 167 million. Instead, they reached \$3,276 million.

Thus, it seems reasonable that in order to keep faith with the people on the present system, new taxes from other sources will have to be raised to maintain payments.

This is a major reason why the nation's independent businessmen, voting through the National Federation of Independent Business, have consistently voted against using Social Security to finance medicare, or other welfare plans. As evidenced by the data developed by the Congressman, when bureaucrats project potential income and outgo, it is only a guessing game.

And as further pointed out, there are claims from Washington now that people with incomes of \$3,000 or less are living in dire poverty.

But people in those circumstances are even now paying much more out in Social Security taxes than they are paying in income taxes. Thus the question becomes this. Can people in poverty be made more secure by taxing their poverty even more?

kilowatts and 13 utilities are participants.

Much the same thing is true of high voltage transmission. More than 100,000 miles of these lines are now in service. And the figure will be doubled by 1970 as a part of the industry's \$8 billion expansion and improvement program.

The situation is summed up by Investor's Reader in these words: "By now nearly all major U. S. utilities are linked in the most advanced power complex in the world though still stronger ties are on schedule. Countless additional interconnections are planned for this year and next. But 1966 will be the big year in which virtually all the utilities will be linked coast to coast."

The socializers will continue to make their claims and charges. But the investor-owned utilities have an unshakable record of progress and achievements on their side.

Grass Roots Opinion

GEORGETOWN, OHIO, NEWS-DEMOCRAT: "Know about artificial respiration and how to apply it. The mouth-to-mouth method is explained in the First Aid manual of the American Medical Association. It is very difficult. Start immediately, the victim can survive without oxygen to the brain for only a few minutes. Put the victim on his back, pull the chin well up, make certain the windpipe is clear. Put your mouth over the victim's mouth, pinch shut his nose and blow hard. Repeat 12 to 15 times per minute; keep it up until medical help arrives."

THE MAGNUM LINES

When you "gotta go deep" nothing beats a metal line. The use of solid and braided wire lines for deepwater trolling seems to be a neglected phase of fishing—except in northern areas for lake trout and around certain southern impoundments for catfish.

Yet metal lines can figure prominently in the angling schemes of almost anyone who trails a bottom thumper behind a boat, comment the Mercury fishing authorities.

In depths of up to 20 feet, and where fish-finding is the primary purpose, regular spinning or casting gear performs satisfactorily.

Below 20 feet, however, monofilament's natural buoyancy becomes a handicap—both because it bellies far out and down, and because its elasticity causes many missed strikes.

When the depth ranges from 20 to 60 feet, the use of a length of rapid-sinking wire attached to monofilament is suggested. Generally 15 to 30 feet will do the job. Many trollers prefer to tie on wire slightly longer than the depth to be fished; should the lure hang up, there is no splicing of lines which might part when shaking the plug free.

Below 60 feet, all-metal line is recommended. Metal lines can be obtained in both solid and braided styles. While the braided is more pliable, it tends to trap tiny air bubbles among the strands and become slightly buoyant. They cost about 2 1/2 times as much as solid wire.

For best results, the Mercury folks suggest obtaining a large capacity, single-action reel and a short, stiff boat rod. The reel may appear old-fashioned, but its narrow width keeps the springy metal line under control. Total cost for a complete rig runs about \$15.

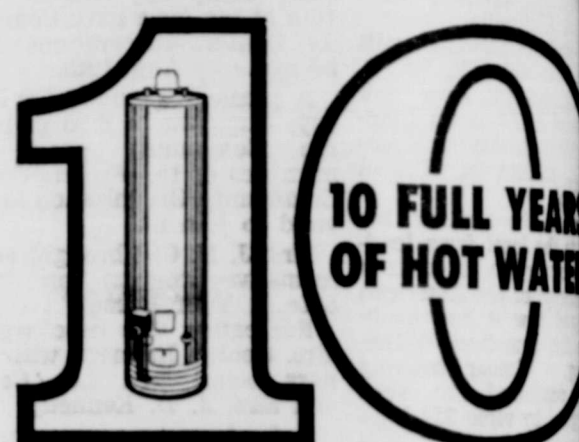

Such tackle and tactics may seem unporting. But when bass or 'bows, pike or pickerel, are deep, little short of a window sash weight will stretch down to the required depths... except, of course, wire lines.

ment domain?
Yes it does!
For if that man's home is not
protected against the arbitrary
whims of the government, how
can you consider yours to be
secure?

If a barber does not have the
right to regulate his own busi-
ness — which he built through
his own efforts—then just what
do you have to work for? What
is the purpose of working to-
ward any goal in life, if that
goal can be snatched away by
a majority of the community or
the government or anyone
else?

And if there is no security
in what we acquire through
honest work, how can we ex-
pect anyone else to exert the
effort to produce the products
and services that we desire

Basic Need

The right of a man to control
his own property—for better or
for worse—as he sees fit—is
the basis of freedom. Without
that right, there is no freedom.
For why do we seek freedom
if it is not to acquire and main-
tain the property that rewards
us for our daily efforts?

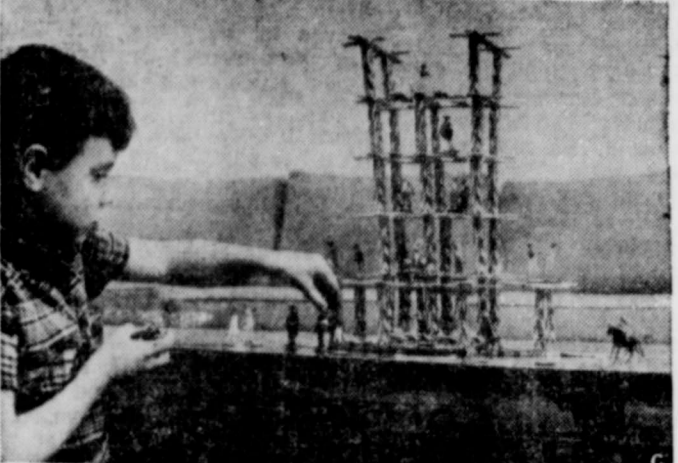

There can be no freedom for
anyone until the property of all
is respected. That respects is
the basis upon which a truly
free and prosperous society can
be built.

The new museum in Los An-
geles will be a better monu-
ment if the property upon
which it sits has been honestly
acquired without coercion. And
the customers of the midwest-
ern barber will derive much
greater satisfaction if they earn
the barber's respect—just as
he must earn the respect of all
those to whom he wishes to
sell his services.

True Security

Imagine the kind of society
that will be developed when
man's property rights are hon-
ored 100 percent. Each of us
will have greater ambition to
produce more things for others
—because the property we re-
ceive in exchange will be se-
curely our own, not subject to
the whims of anyone.

FAIR WORLD FOR CHILDREN

Young visitors to New York and its Fair can use a "play break" between sightseeing sessions. To keep them amused in a hotel or motel room, try showing them how to make towers out of Beech-Nut Frosty Mint gum packages! The gum, newly introduced to the public, tastes good, too.

New York is a child's wonderland, as families who go there for the World's Fair will discover. But to help small fry enjoy the metropolis to its fullest, there are a few things you should do.

Get them some children's books about the many sights and sounds they'll find in New York — your library or book store has a long list of such books. Without a few literary "friends" to look for, New York can be fearsome for a child: crowds squash him in elevators and restaurants, shopping bags mash his nose — and everything is so big!

Be sure to schedule at least one trip to an Automat — it's likely to please the child more than any of New York's 17,000 other eating places. Youngsters find magic in putting nickels in a slot — and the number of nickels required for an Automat meal will be pleasing to parents on a budget.

A young traveler's essential luggage should include a gaily colored party bag or shoe box filled with treats and toys to relieve boredom enroute and to brighten bedtime play in hotels and motels.

Treats may well include the new cool mint chewing gum with the mint green swirl design. Reaching stores in time for summer, the new Frosty Mint gum is welcoming by all ages for its cool, refreshing taste and the pleasure it gives when travel becomes tedious.

Toys for traveling include crayons and coloring books, miniature cars and dolls, a compass, magnifying glass and travel map to chart the course each evening.

Reliable baby sitters are available from hotels or by inquiring at the New York Convention and Visitors Bureau across from Grand Central Station on 42nd Street.

Treat the kids to a Staten Island ferry ride — still only a nickel! It's one of the reasons New York is a Summer Festival — and a very Fair city, indeed.

Each of us will quickly realize the need to please our fellow man in order to promote honest exchanges of property and labor. Frowbeating and force will give away to voluntary agreements and this need to please others.

Yes, your rights are at stake, your entire future is on the block — at that home in Los Angeles, in the barber shop in

the midwest — everywhere that property rights are threatened. It's time we begin a full scale offensive to increase property rights and eliminate entirely the collectivist notion that what we own belongs to others.

Such an offensive will change the world — toward freedom, toward true peace and toward a standard of prosperity undreamed of even in America.

Jehovah's Witnesses Return Home From Assembly In Austin

Local delegates from the Wichita Falls congregation of Jehovah's Witnesses returned home this week from Austin where they were in attendance with some 13,371 others at the group's 'Fruitage of the Spirit' assembly.

The meet, held jointly at Municipal Auditorium and Disch Field in English, and Spanish, drew representatives from 17 states, Canada, Mexico, El Salvador and Honduras. According to Harrold P. Bruce, presiding minister of the Wichita Falls group, the entire program at Austin was designed to assist the Witnesses in their Bible education and Christian quality growth.

A high point to me and others of our delegation was the final public talk on Sunday," Bruce said. F. W. Franz, Watchtower Society vice president, discussed "Peace Among Men of God Will' or Armageddon — Which Bruce added, "Franz very strongly demonstrated how the Bible expression, 'Armageddon' means a fight God will have with world rulers, whether kingly, presidential, democratic or communistic. While religious clergymen object to what we say about the fate of earth's rulers who are members of their churches, the inspired scriptures leave no doubt about this march to Armageddon, and the results."

According to Bruce the regular meeting schedule will be resumed at the Wichita Falls Kingdom Hall this week.

DEATH NEVER TAKES A HOLIDAY

By GEORGE L. LEMON

Spanish explorers to the new world, Four hundred years ago, found the natives playing games with a ball made from latex (rubber). The fluid exudate of a tree. The first written reference to this was by Gonzalo Fernandez D Ovelo Y Valdes in La Historia Natural Y General Le Los Indias, published in Seville, 1535-57. (The natives called it ollic hevea, kick and cauchua. A Spanish adaption.)

Today much of the world travels on rubber. Charles Good-year with his experiment in 1839 a mixture of rubber, white lead and sulphur on the kitchen stove, pointed the way to the commercial use of rubber.

Worn tires are often the cause of accidents. At todays high speeds, worn tires invite trouble. Rotation of your tires gives more even wear and longer life.

A PICNIC WINNER

Kraut-Crowned Round Dogs

Photo Courtesy National Kraut Packers Assoc.

Best candidate for turning a plain picnic-on-the-porch into a real party is the delicious Kraut Round Dog—easy for you to prepare, popular beyond your wildest expectations. Slit the juicy frank so that it curls into a circle when cooked, perfect to set atop a hamburger bun; fill the center with a heaping portion of creamy kraut-and-chive mixture... and there you have the cleverest, tastiest sandwich yet invented! Kraut sparks up any summertime fare... its tangy flavor is so refreshing, it's convenient to store or tote, and it's one of the most nutritious, economical vegetables we have available. Bring on iced tea spiked with fresh mint, if you wish, and a feather-light frosted cake with the appealing kraut-crowned round dogs... a picnic winner every time.

CREAMY KRAUT ROUND DOGS
(Makes 6 servings)

- 1/2 cup (small can) undiluted evaporated milk
- 4 teaspoons all-purpose flour
- 1/2 teaspoon salt
- 1/4 teaspoon pepper
- 1 tablespoon chopped chives
- 2 cups sauerkraut, drained
- 6 frankfurters
- 6 hamburger buns, split and toasted

Combine evaporated milk, flour, salt and pepper; blend. Cook over low heat, stirring constantly, until thickened. Stir in chives and kraut; mix well. Heat to serving temperature, stirring frequently.

Cut 10 deep slits across each frankfurter without cutting all the way through. Cook in boiling salted water 10 minutes. Drain. Arrange kraut mixture and frankfurters on bun bottoms. Top with bun tops.

LIGHT UP... OUT DOORS!

FOR PLEASURE...

You'll have more hours for family fun with proper outdoor lighting. You can enjoy lawn games, outdoor dining or just plain relaxing long after the sun goes down. And you'll find yard work is easier when you can do it in the cool of the evening.

FOR BEAUTY...

With outdoor lighting, you can enjoy the beauty of your flowers in the evening, too. Over-all low level yard lighting is recommended for a unified picture, plus lights in each flower bed to provide attractive "spotlight" effects.

FOR SAFETY...

Outdoor lighting along steps and walks helps prevent dangerous slips and falls. Flood lights properly placed, discourage prowlers and permit you to do after-dark chores with daytime ease.

Your dealer will gladly show you how to light your yard for beauty, safety and convenience. See him soon, or visit our office.

Sp 5 William M. Gray, son of Mr. and Mrs. Monroe Gray of 526 Berry Street, returned home from Wertheim, Germany July 13th, with his bride of 2 years, Maria, whose home was Wertheim.

They have been spending a 30 day leave in Texas, visiting his parents and a sister, Mrs. James Stubblefield, who lives in Childress, Texas.

While in Childress, William took his wife to a Rodeo, the first she has ever seen and she was very thrilled.

He talked to a brother in Houston, via the telephone.

Sp 5 Gray was overseas four years and will be stationed at Fort McArthur in Los Angeles, Calif. He was at Fort Sill before going to Germany.

The couple will leave for their new station in the early part of next month.

Mr. and Mrs. Lloyd Clemmer and children of 705 Forest, have returned from a two weeks vacation trip which took them to Yellowstone Park, Salt Lake City, Utah and Colorado Springs, Colo.

Girl Scout Troop 50, led by Mrs. Louise Newton, assisted by co-leader Betty Gibson, enjoyed a steak cook out July 27 from 5:30 to 9 p. m. at the roadside park area on the road to Wichita Falls.

Thirteen girls attended the affair where they ate steak, potatoes, corn on the cob and a fruit salad topped with whipped cream.

Games were played, songs sung and a Scout's own, atime of quite, held during which they read poems and discussed the meaning of them.

This time of peaceful quiet is usually held just at sundown. Troop 50 had a ball at the swimming pool recently at a swim party under the supervision of their leader, Mrs. Louise Newton.

Next month they will have a roller skating party at the Orbit Rink.

It is fun as well as educational, to be a girl scout.

Mr. Scott Newton of 1213 Bishop, has completed a course in barbering at a school in Austin, Texas. He will go on to take the Texas State Exam to receive a license and plans to work for McCrary Barber Shop on Ave D.

Mr. and Mrs. Albert Dillard, Mr. and Mrs. Jerry Thomas and Mr. and Mrs. Darrell Nichols recently attended the Miss Texas Pageant in which Miss Sue Revier, Miss Burkburnett, did a fine job of representing her town.

Mr. and Mrs. Clarence Morgan and children, Jan and Joey, are visiting his sister, Mrs. Otis Magee of 710 Magnolia.

From Newport, Ky., Mr. Morgan is a former Burkite. The Morgan family has lived in Burkburnett since 1914.

Before leaving for home, the Morgan's and Magees visited Mrs. Lillie Dillingham in Oklahoma. She is a sister of Mrs. Magee.

After bowling at the Boomtown Bowl, Tuesday evening, I received a very pleasant surprise upon leaving. It was RAINING- Isn't that wonderful? I hope by the time this is read we will have received much, much more of this precipitation. lovely wet rain!

Paris Sidewalk Cafe Setting For 4-H Dress Revue, Fri. July 24

Amidst a setting of a sidewalk cafe in Paris, twenty-four girls modeled their dresses, skirts and blouses for the Wichita County 4-H Dress Revue, Friday, July 24th at 2 p. m. Ten of these girls were from the Burkburnett 4-H Community Club.

All the Burk girls received a blue ribbon and 7 of them received gift certificates besides. Louise Bentley was the highest scoring junior girl. She received a gift certificate from the Manhattan Dept. store in Burkburnett and a pair of scissors from the Singer Sewing Machine Co. Marion Bentley was the winner in the school dress division and second highest scoring junior girl. She received a gift certificate from the Famous Dept. store in Burkburnett.

Vicki Endres, Judy Klinkerman, Delores Cools, and Diane Bentley also received gift certificates from stores. Linda Johnson was the first place winner in the skirt division and she received a gift certificate from the First National Bank in Burkburnett. Other girls from Burkburnett who participated in the dress revue were Dee Ellen Adams, Gay Halsey and Pennie Muller.

We are very proud of these girls and feel they made a good showing in the dress revue.

God give us men! A time like this demands Strong minds, great hearts, true faith, and ready hands, Men whom the lust of office does not kill, Men whom the spoils of office cannot buy; Men who possess opinions and a will; Men who have honor; men who will not lie; Men who can stand before a demagogue And damn his treacherous flatteries without winking; Tall men, sun-crowned, who live above the fog In public duty and in private thinking; For, while the rabble, with their thumb-worn creeds, Their large profession and their little deeds Mingle in selfish strife, lo! Freedom weeps, Wrong rules the land, and waiting Justice sleeps. The above poem was sent by Maisie Turner Waters, 2408 Ethel Ave, Waco, Texas.)

Fish Baiting Legal In Texas, Does The Job

AUSTIN, Texas—Making the fish come to you instead of the reverse is perfectly legitimate in Texas waters, according to Marion Toole, coordinator of inland fisheries for the Parks and Wildlife Department.

And here's one official suggestion to accomplish the conquest, as made by Toole in acknowledging an inquiry from an Austin man:

"There are two or three different methods of attracting fish. One is to cut quite a large amount of fresh willows which are wired together to form some large mats. These are weighted with rocks and submerged, piling mat upon mat to create brush about four feet high. This will bring in minnows, sunfish and crappie.

"Some people buy bales of alfalfa hay which they sink by attaching large rocks to the bales. These of course will also produce basic fish food that will attract minnows and small fish which in turn will attract larger fish that can prey on the smaller fish.

"Cotton seed meal can be used but its attraction is one of providing food. It is usually submerged in a burlap sack that is not too closely woven so that the fish by sucking on the sack can get some of the cotton seed bits, attracting minnows and also attracting some of the sucker type fish such as carp.

"Some people buy cotton seed cakes, which is the meal that is pressed into hard cakes. The cake is attached to rocks and submerged and fish will naturally nibble on the cake until they consume all of the cotton seed meal. For catching carp, people usually soak some dried corn and just as it starts to ferment it is poured into the water."

Paris Sidewalk Cafe Setting For 4-H Dress Revue, Fri. July 24

Amidst a setting of a sidewalk cafe in Paris, twenty-four girls modeled their dresses, skirts and blouses for the Wichita County 4-H Dress Revue, Friday, July 24th at 2 p. m. Ten of these girls were from the Burkburnett 4-H Community Club.

All the Burk girls received a blue ribbon and 7 of them received gift certificates besides. Louise Bentley was the highest scoring junior girl. She received a gift certificate from the Manhattan Dept. store in Burkburnett and a pair of scissors from the Singer Sewing Machine Co. Marion Bentley was the winner in the school dress division and second highest scoring junior girl. She received a gift certificate from the Famous Dept. store in Burkburnett.

Vicki Endres, Judy Klinkerman, Delores Cools, and Diane Bentley also received gift certificates from stores. Linda Johnson was the first place winner in the skirt division and she received a gift certificate from the First National Bank in Burkburnett. Other girls from Burkburnett who participated in the dress revue were Dee Ellen Adams, Gay Halsey and Pennie Muller.

We are very proud of these girls and feel they made a good showing in the dress revue.

Dan W. Fowler Gets Degree From Baptist In New Orleans, La.

America and Christianity are being threatened by a prevalent spirit of neutrality and practical atheism, Howard H. Aultman, pastor of the First Baptist Church in Columbia, Miss., told students at New Orleans Baptist Theological Seminary during summer commencement ceremonies, July 24th.

"There is a great cry in the world today — even in the church and among many theologians—for us to be neutral. Neutral you cannot be," declared Aultman.

He explained that men have not taken stands because they fear persecution and loss of popularity. "The men of our hour are the men of decision, and our stand as religious leaders is the decision that marks the destiny of hundreds of souls."

Aultman, an alumnus of New Orleans Seminary, told the graduates that they were facing a world of greater opportunities than had ever been experienced before. He spoke of a practical and widespread atheism that is "an insidious peril that threatens us, every day and everywhere." The speaker defined this atheism as not only intellectual but also volitional. "The volitional atheist may recite a religious creed and imagine he believes it while through all the busy days he violates and denies it."

Aultman called on the graduates to take as their task placing "where there is fear, faith where there is darkness, light and where there is lack of hope, a bright dawn of a new day."

Receiving a degree was Dan W. Fowler, son of Mr. and Mrs. H. W. Fowler of Burkburnett.

Diamonds of industrial quality were discovered recently near Jerseyville in Illinois.

Festivities At 7:00 P. Downtown

Members of the Merchants Council of Chamber of Commerce plans all laid for a big watermelon feast, has proved to be one of the most popular activities of this group of business men.

This year the feast will be held Friday, August 7, beginning at 7:00 P. M.

The purchasing committee has arranged for 600 fresh picked melons, melons will be brought to Burkburnett in a refrigerated truck and served just the right temperature.

Everybody in this town is invited. It's all free, and bring the whole family. Visit with your neighbors while you enjoy watermelon at their best.

SAFE AND SECURE

How confidently he sleeps. Mother and Daddy are in the next room. Teddy Bear is right beside him

We, also, desire a feeling of confident security. We want to do good and live with honor in this life, free of the fear of falling into sin. God wants this for us, too. And He sees and knows how hard we try.

In the New Testament, Jude writes, "God is able to keep you from falling, and to present you faultless before the presence of His glory with exceeding joy."

Pledge yourself to Him and attend church this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

HOUSEHOLD HINTS

Once solely a tropical insect, the cockroach has become a pest in homes all over the country. They love starch and sweet foods, and also attack paper, clothing, books, shoes and other personal property.

There are about 1,500 species of the pest. Some are giants with wingspans of more than 5 inches. The Oriental roach and larger American roach, both dark brown, are most common in the U.S.

Home control of destructive cockroaches has always worried housekeepers. Now, the U.S. Government has cleared Allied Chemical's Kepone bait for home use in commercial roach traps. It's been used for years by pest control men because of its proven ant and roach-killing properties.

 FRESHEN LUGGAGE

Following vacation trips or any travel, give the family luggage a thorough cleaning before you put it away. Unpack, then use the upholstery attachment to your vacuum to remove the sand, dust and lint from each suitcase. Then put a bar of sweetly scented soap inside each piece of luggage before storing it. Next trip your luggage is clean and fragrant—ready to pack and go.

MAGIC IS THE WORD for this jumper that turns from day to night. By day, with organdy blouse, it's smart for work or play. By night without blouse, the tiny cap sleeves make it just right. The easy, skimming fit of the jumper is assured by Talon nylon coil Zephyr zipper down the back. Remember, for proper care, cover zipper area with press cloth when ironing. This "Quick 'N Easy" design, ideal for your travels, is made from Butterick pattern #3028.

MRS. PEARLENE ITALIAN HAS RADIO ACTIVE CONE

After reading about radioactive cones in Tuesday's Record News, Mrs. Pearlene Italian of 405 South Holly, Burkburnett, reported she had one.

The cone, labeled "Radioactive Thomas Cone," was taken to Wichita General Hospital for a radiation count. Dr. C. Mac Geyer, radiologist, tested the cone on a scintillation counter. He found the cone had activity several times that of normal.

By comparison, a radium dial wristwatch activates the machine's counter once about 15 or 20 seconds. The radioactive cone, sold as a cure for arthritis some 30 years ago, keeps the counter going about as rapid as the tick tock of a clock.

A colleague of Dr. Geyer commented, "You could crush this down to a powder and eat it, and still not get a good dose of radiation."

Dr. Geyer said if the cone was a sort of treatment, it would have to be made of some soluble material. When boiled, some of this would dissolve in the water.

Mrs. Italian said she had not used the cone. Mrs. Ruth Walker of Burkburnett, Mrs. Italian's landlady, said she had brought it from Chillicothe where it was purchased about 1935-36. Originally, the cone was sold with a crock in which the boiled water was kept.
