First day of school will start September 1, 1964 at 8:30 a. m.

Mr. O. J. Ensey of Burkburnett was admitted to the Bethania hospital in Wichita Falls last Thursday following a heart attack. He is reported to be improving at this time.

Caravan Boosters From Ringling To Visit Burk

A large caravan of boosters for the Ringling Golden Jubilee Celebration to be held the week of Aug. 23rd through 29th will visit in Burkburnett Thursday, Aug. 6th at 4:50 p. m. Also at Randlett at 4:15 p. m.

There will be music, bearded men, women in old fashioned costume, funny characters shootin' and tootin' galore, and an invitation to attend the week of gala events.

The feature attraction of the week will be a historical pageant the four final nights, Aug. 26 through 29th. The large 250 foot stage with over 250 area residents, will present a magnificent panorama of local history—past, present and future. Make plans now to visit during this week of special activities which will be presented at the football stadium. Special activities will be held each day during the celebration.

NOTE — Cameramen are invited to be on hand for spot or TV pictures.

NOTICE TO PARENTS

All children entering Burkburnett Schools 1964-65, must be six years of age on, or before September 1, 1964. Each six year old is required to have birth certificate and vaccination certificates for diphtheria and small pox.

C-C Directors Reviewed Budget

Jerry Thomas, president of the Chamber of Commerce, held a meeting of the directors of that organization at Town Hall Wednesday noon.

With almost 100 per cent of directors present, the budget was reviewed. Reports showed the organization had come from a \$2100 deficit at the beginning of the year to a balance of less than \$100.

Since this year's budget was based on anticipated income, and some of the firms have not met their pledge, a deficit will continue to grow the balance of the year. A special committee was appointed by the president to make an effort to get in all pledges in arrears.

Each director present indicated he would make every effort to be on hand at 4:50 this (Thursday) afternoon to greet a group of Ringling, Okla., citizens who will be here in the interest of their 50th Anniversary coming up soon.

Thomas reminded all to be present at 7:00 o'clock downtown Friday, August 7, when the Retail Merchants Council of the C-C will be serving 600 watermelons to area citizens—all free.

Mrs. Don R. Wilson and children, Judy, Vicky and Donna of Hobbs, New Mexico, are visiting relatives here this week.

General Stillman Guest Speaker at C-C Luncheon

Major General Robert M. Stillman, Commander of Sheppard Air Force Base, was guest speaker at the regular monthly Chamber of Commerce luncheon and business meeting Monday noon at Town Hall. He was introduced by Jerry Thomas president of the Chamber of Commerce.

The General stated that for the next two years, plans call for keeping Sheppard AFB at about the same strength it is now, the ratio of Civilian and Military personnel to remain the same.

TWENTY ATTEND YOUTH RALLY AT ARCHER CITY SATURDAY, AUGUST 1st

The Wichita-Archer Association Youth Rally met at Archer City, August 1st. Those attending from Janlee were Jan and Kathy Pierce, Peggy and Pam Trogmorton, Mike McGaha, Gene McAlister, Susan Green, Jimmy Cowles, Bonnie Lanig, Dale and Debbie Hoffman, Karen Metz, Lannie Walker, Mr. and Mrs. Edwin Green, Mrs. James Metz, Mrs. Jim Trogmorton, and Rev. South-erland.

The pastor is in a revival this week at the First Baptist Church, Frost, Texas.

The choir members and their families are planning a social to be held at the Church, Friday evening at 7:00 p. m., according to Mrs. D. L. Sykes, choir secretary.

The Brotherhood had their regular meeting Tuesday night. Harding Dempsey, president, reported a good meeting.

Festivities Start At 7:00 P. M. Downtown

Members of the Retail Merchants Council of the Chamber of Commerce have plans all laid for another big watermelon feast. This has proved to be one of the most popular activities of this group of businessmen.

This year the feast will be held Friday, August 7th, beginning at 7:00 P. M.

The purchasing committee has arranged for 600 nice fresh picked melons. The melons will be brought to Burkburnett in a refrigerated truck and served at just the right temperature.

Everybody in this area is invited. It's all free, so come and bring the whole family. Visit with your neighbors while you enjoy watermelons at their best.

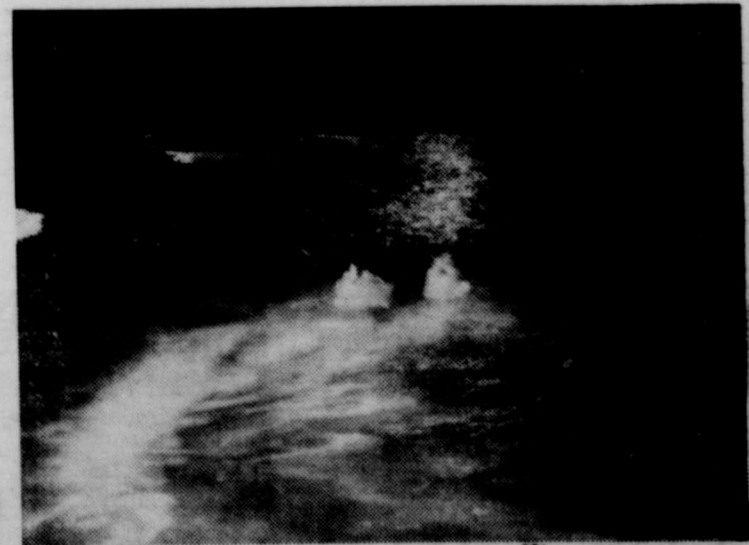

Navy Blue Angels To Give Aerial Show Thursday

The Navy Blue Angels will present an aerial show of precision flying over Sheppard Air Force Base in their F-11F jet aircraft on Thursday, August 6, 1964, at 6:30 p. m.

The air show will last approximately 45 minutes and is being sponsored by Sheppard Air Force Base as an opening event in cooperation with the Wichita Falls Chamber of Commerce Air-O-Rama project.

Mrs. W. H. Millison of Kansas City, Kans., and Mrs. W. H. Christ and children, Candi and Claude, of Victorville, Calif., were guests last week in the home of their sister, Mrs. Roy F. Wilson. Mrs. Wilson went home with Mrs. Millison for a short visit in Kansas City.

Life Saving Tests Being Conducted

Mickey Cornelius, left, Sue Teel, front; Frank Hodge, back and Jim Davey, all qualified Water Safety Instructors, have been conducting Senior and Junior Life Saving tests for their class of thirty pupils. Of the thirty, ten only will receive their Red Cross Life Saving Certificate.

Notice to Public

Due to the extended drouth conditions, the City Council asks your cooperation in following the water conservation program, as follows:

DAYS TO WATER LAWN FOR EACH ZONE DURING EACH WEEK

ZONE 1—MONDAY AND THURSDAY
AREA WEST OF RAILROAD

ZONE 2—TUESDAY AND FRIDAY
AREA NORTH OF TIDAL STREET

ZONE 3—WEDNESDAY and SATURDAY
AREA SOUTH OF TIDAL STREET

NO WATERING ON SUNDAYS

The cooperation given during this conservation program is appreciated by the Mayor, Council and City Manager. We hope this need for conservation will be over soon.

JESS WHATLEY,
City Manager

A TRAILER LOSES ITS CARGO

Three large crates of furniture and other items, belonging to an airman, who had been transferred from Sheppard Air Force Base, were toppled from a flatbed trailer being towed by a pickup truck, Friday afternoon, Aug. 31, on Sheppard Road, just south of the residential area. A wrecker from Hodges Truck Company arrived in the situation. The driver of the pickup allegedly lost the shoulder of the road, causing the trailer to slide and lose its cargo. Amount of damage to the contents was undetermined at the time.

Mr. and Mrs. A. C. Hicks of Burkburnett are the proud parents of a baby girl born August 1st. The baby has been named Monica Ruth.

Newspapers Are Top Salesmen

Television, like radio before it but to a few greater degree, has brought about major change in the advertising picture. It has been an aggressive competitor with the other media, and its appetite for the advertising dollar, with the cost of producing even Grade B programs running to comparatively astronomical sums, seems insatiable.

But the power of the written word still gets top recognition.

An announcement from Sears, Roebuck and Company will interest those who like to read as well as to stare. It expects to spend more than \$60 million for newspaper advertising this year. Last year the figure was \$58 million, which represented 71.2 percent of Sears' total retail media expense. The balance went to advertising through

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There is a child's nursery book which tells the story of the Ark of Noah and relates how the animals, two by two, proceeded up the gangplank before the deluge. Some of the animals were apparently, according to this version, not too considerate of others in their haste to get aboard, as this story relates "and said the ant to the elephant, 'who do you think you are shoving?'"

This is somewhat C. W. Harder akin to the statement made by Rep. Earl Wilson, Indiana.

Now according to Rep. Wilson this billion dollar War on Poverty does not add up.

He points out that there is already \$40 billion being spent to alleviate poverty, and if \$40 billion is not able to do the job, how can another mere billion dollars do the job?

He finds that the nation has been spending on alleviation of poverty already the following sums. Food stamp plan, \$51 million, vocational rehabilitation grants \$100 million, student loan program \$135 million, vocational educational acts \$190 million, public works acceleration \$214 million, area redevelopment administration \$222 million, Indian education and welfare \$249 million, donation of commodities to needy persons \$304 million, public housing loans \$399 million, manpower retraining \$411 million, urban renewal \$1.3 billion. These total \$2 billion and added to this must be included social security payments now

running \$16 billion and unemployment benefits totalling \$3 billion, plus \$8 billion being spent by private parties. Thus, the total is \$40 billion.

So as the ant inquired of the elephant who he thought he was shoving, it seems quite remote that another billion can push those in poverty into affluence when \$40 billion has not been able to do so.

Now from another part of the country there is Rep. John Dowdy of Texas.

He recently declared he is mystified as well on the facts. The Dept. of Agriculture releases a report that one-third of the 16,000,000 American families represented as living in poverty are farm families.

Now inasmuch as about the same time the Dept. of Agriculture, through one of its more than 500 tax paid press agents revealed that the census shows there are only 3,481,000 farms in the nation, Rep. Dowdy is confused. In other words, there are 2,000,000 more poverty stricken farm families than farms. It gets confusing.

If gentlemen such as these keep on with such skeptical questions, it may be a decision will be reached to appropriate more money to send a special task force out of Washington to seek out poverty, something like Diogenes and his lantern looking around for an honest man. But perhaps even better would be a plan to resettle about 2,000,000 surplus bureaucrats on the land, and that way the nation could be assured of at least 2,000,000 poverty stricken farm families, as hands that have lived by raising taxes could probably never raise much else.

FRENCHMAN FIRST TO PILOT CONCORDE

Captain Philippe Bulté, age 39, a senior pilot for Air France, has started training to become the first airline pilot to fly the Concorde supersonic jet. He will be at the controls when the 1,450 m.p.h. Concorde begins transatlantic crossings in two and a half hours flying time.

A special supersonic jet training program began in March for Captain Bulté at the Flight Test Center located at the Istres Military Supersonic Airport near Marseille. In April, Captain Bulté underwent flight simulator training for the Mirage III, a delta-wing supersonic interceptor jet built in France. Very shortly, Captain Bulté will begin the third phase of his training on the Mirage III-B, an advanced supersonic jet.

Captain Bulté is one of Air France's veteran pilots, and has logged more than 15,500 hours of flight. He joined Air France

in 1948, and has piloted aircraft ranging from the DC-3 to the Super Constellation. He has also accumulated extensive experience on Air France Caravelle jets, and Boeing 707-320B turbo-fan passenger jets which he continues to pilot on the Company's routes.

Prior to his new Concorde supersonic jet assignment, Captain Bulté was Assistant to the Deputy Vice President in charge of Air France's flight personnel. Earlier in his career, he was a Flight Instructor for many years. Captain Bulté is married and the father of four children.

circulars, magazines, radio and television, and other media.

A spokesman tells the story: "This is tangible evidence of our continuing faith in the potency of newspaper advertising. From the day Sears opened its first retail store, the company has made greater and greater use of newspapers. It is obvious that Sears store managers continue to regard the newspaper as their major medium for more than historical reasons. Their evaluation is based on the day-to-day results in their stores."

Television advertising is a catch-as-catch-can affair—you have to be looking at the set at the moment and it's gone in an instant. Print is durable and the prospective buyer can scan and consider it at his leisure.

Mrs. T. C. Butler is serving as a yard improvement demonstrator for the Bowie Home Demonstration Club. Mrs. Butler has established a lawn, planted trees, foundation plantings and a screen. Mrs. Butler used small shrubs, since they adapt to change more easily than larger ones. Mrs. Butler will show her yard and home as a part of the annual Home Demonstration Achievement Tour.

A "second home" in the form of a lakeside cabin, hill country retreat, or a vacation hide-away may soon become as popular as the second car is to most families. The development of recreational areas, the construction of new dams forming lakeside areas, and many other conditions combine together make the construction of a vacation home a "whole family project," says Thelma Wirges, county HD agent.
She has a variety of small homes and cabin plans for those who wish to build their own. Types of plans available range from small one bedroom cabins to the popular A-frame type cabins. Most of the cabins may be built by a crew of two or three people who have some knowledge of construction methods.

Plans are also available for vacation cabins with second story bedrooms as well as conventional plans that are complete on one level. All plans contain storage space with details on plumbing, electric service and heating requirements. Several plans make provisions for fireplaces.

Whether you like these particular plans "as is" or not, they will offer excellent planning guides for development of other plans to fit your own particular requirements, points out the agent.

versity, than it was to compete in the first event last year.

This year each horse must have won at least one point during county competition in the same class they participate in at the state-wide show, according to E. T. Haws, county agent.

However, other rules from last year still apply, he says. Boys and girls who enter the show must be active participants in 4-H and the horse must be owned by them or their immediate family. Contestants must be at least 9 years old and not older than 21 before Jan. 1, 1964.

Each member may enter only one horse and the 4-H club of each county may enter only one participant for each ten members enrolled in its horse project. Also, the county agricultural agent must certify each 4-H Club member and the horse. Stallions are not allowed in the show regardless of their age, Haws says. Wichita County 4-H boys and girls entered 10 animals in the 1963 State Show.

Some of the halter classes include those for registered Quarter Horse mares and geldings, registered mares and geldings of any other breed, grade mares and geldings of two sizes, and a showmanship competition between the top two showmen in the other halter classes.

Performance classes will be western pleasure, reining, flag racing, pole bending, barrel racing and keyhole racing. Contestants are reminded that en-

Electricity is probably one of the most helpful tools on the American farm. However, it can be one of the most dangerous if it is abused, says B. T. Haws, county agent.

Today, electric power is distributed to nearly every farm in Texas. The power lines which bring it to the farm seem harmless, and they are if left alone by inexperienced people.

Each year, a number of Texas farmers are killed because they get a joint of irrigation pipe too close to a power line. The pipe doesn't have to make contact with the line because the high voltage can produce an arc large enough to bridge a gap several feet long, says the county agent.

Other farm equipment which can get tangled in high voltage lines might include tractor loaders, augers, elevators, cranes or booms and well digging equipment, says Haws.

Remember when working around these lines, they carry 2,400 volts or more. Use caution in crossing under them, and always look ahead and above you when working in an area with high voltage power lines.

tries and entry fee must be at Texas A and M by Aug. 5th, says Haws.

Next time you start to toss a lighted cigarette or match out your car window, why not light a \$20 bill and toss it out instead? Of course you wouldn't think or do such a thing. However, each time a grass fire destroys the cattleman's pasture, it is costing you as well as him. For each acre of forage burned, \$20 to \$50 worth of grass is lost, says B. T. Haws, county agent.

The grass you see when traveling is the winter hay crop for the stockman. It helps supply beef for you as a consumer. Throughout the year he has worked hard to produce this grass, which is more than just "cow feed." In addition to producing tasty steaks and lamb chops, it provides food and cover for wildlife, holds soil moisture, prevent run-off into lakes

and streams and certainly gives the country side a better face than does a black cover of burned grass and trees.

This grass doesn't belong just to the rancher—you also have a stake in it. When hunting season rolls around, you will want a big fat buck to hunt and large coveys of quail for the dog to point. Without grass and cover these won't be around. Now, you want plenty of healthy fish, a good place to swim and water ski or just relax and picnic. If someone had burned the acreage around your favorite lake last year, you wouldn't have these now, or did some careless person ruin your summer recreation spot for this year?

After a look at just a few things grass does for you, won't you help the farmer and rancher keep the grass by helping control grass fires? He has done his part by providing fire lanes around his pastures. Now you

HOW TO GET RICH SLOW (but sure)

Every dollar you invest in Series E Savings Bonds grows 33 1/4% bigger in 7 years and nine months. You can count on it.

It's not as exciting as drilling a wildcat oil well, or diving for sunken gold. But it's mighty reliable. Especially when you use the Payroll Savings Plan to help you make sure you buy Bonds regularly.

This famous plan takes the back-sliding out of saving money by making it automatic. You just tell your employer you want him to set aside a small amount from your check each payday.

(\$4.33 a week will add up to twelve \$25 Bonds a year. But you can have more or less deducted as you choose.)

Then you forget all about it. Savings come easily and almost painlessly. You never see the small amount that's deducted so you hardly miss it.

There's a unique satisfaction to saving money this way, too. Everytime you slip another Bond into your

pocket, you know you're helping your country as well as yourself. Uncle Sam uses the money to help America resist the forces that threaten our freedoms.

Another thing about getting rich slow with U. S. Savings Bonds is that almost anybody can do it. So why not sign up for Payroll Savings before next payday?

Quick facts about U. S. Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds where you work or bank

Keep freedom in your future with U.S. SAVINGS BONDS

ROGER W. BABSON
BABSON DISCUSSES ADVICE FOR YOUNG INVESTORS

From time to time the younger element among my readers write in asking advice about how to get started on an investment program...

First Things First
I earnestly beseech young people to use their heads and not their emotions in financial matters...

Build Up Reserves
Sat to say, too many young people are overanxious to acquire a fortune...

Earning A Living
In times such as this, when the stock market has had a prolonged rise, it is easy for investors to expect quick and large profits...

Food from 'Friendship Acres' ...

Food for peace. Local farmers and businessmen pitched in to convert this grassy Maryland field to tall corn that will be shipped abroad to feed the hungry...

Farm Folks Pitch In To Feed Hungry

NEW WINDSOR, Md.—In a scene reminiscent of old-fashioned barn raising bees, several dozen farmers and businessmen gathered at nearby Friendship Acre Farm this spring to put in 30 acres of corn.

And in fall, the harvest should bring in a hefty sum to CROP's treasury. With it, the organization will pay for handling and distributing government donated foods to the needy overseas...

than 15,000 pounds of cotton was shipped to Hong Kong for making warm quilts. Institutional feeding programs there and in Jordan, Taiwan and Korea received 607,485 pounds of protein-rich soybeans to supplement diets.

Another 153,000 pounds of powdered milk went to hospitals in Peru, Nigeria, Italy, Ghana, Burma and Algeria. And children in Italian orphanages got their first taste of applesauce last year—78,000 pounds of it.

Workers building a road in Jordan and an irrigation system in Greece were paid with food that included CROP wheat. And when a hurricane flattened homes in Haiti, CROP was there with beans.

Mr. Farmer emphasized that the food and other supplies are distributed by churches overseas on the basis of need only. There is no screening for race, creed or politics.

It's a real tribute to our rural people that they're willing to share their abundance with the world's less fortunate, he said.

MEMBER FRIENDSHIP ACRES A CROP PROJECT
These signs are being tacked on an increasing number of fences as more and more farmers participate in CROP.

working hard in their own business or by making themselves more valuable to their employers. As their earning capacity grew, they were able to channel their surplus funds into wise investments and thus compound their financial progress.

Investing Versus Trading
Most readers lack the training, experience, temperament, and time to make a success of trading in the stock market.

My advice, therefore, is to adopt the long-range approach and put your hard-earned money to work by investing in sound growing industries and companies. This especially applies to young investors, who have the advantage of a long life span ahead of them.

A HAT WOULD BE SO MUCH COOLER!

She must go to the native market for her physical needs. The straw hat would be so much better than the old scarf tied and knotted about her head. Sweet, cool air could come through that straw and that would feel so wonderful in this heat!

Where does she go for her spiritual needs? Is there a church on the island? Does she know that she will be told about a great God there who will help her, guide her, and refresh her?

How fortunate we are in this country that there is a church in every community. Spiritual help, refreshment of soul, fellowship and love awaits all who enter her doors. We invite you to attend Church this week.

their annual meeting in Wyatt's Cafeteria in Wichita Falls, Aug. 15th, when Reace Hewell will be Master of Ceremonies. Mrs. T. P. Randall will give the welcome address. All ex-students of Devol are urged to attend and enjoy a reunion with old friends and school mates.

Mr. and Mrs. Claud Sykes of California were visiting friends in Devol last week.

CWO Charles Woodley and family arrived in the States last week from England where he has been on a tour of duty the past three years at Hy-Comb AFB. The Woodleys drove through from New York, stopping in Wisconsin for a few days visit. Mrs. Woodley and little daughter remained in Milwaukee for a longer visit with her mother and will join her family here this next weekend. They will leave for the West Coast the latter part of August, where Mr. Woodley will be stationed near Riverside, Calif.

Mrs. Jim Eley visited her mother, Mrs. Ella Rayfield in Fort Worth over the weekend. The Eley's daughters, Mrs. O. L. Beckner and children of Okla. City and Miss Mary Beth Eley of OCV at Chickasha are visiting the Eley's at this time.

Mr. and Mrs. Charles Ray Smart and two sons of Okla. City spent Sunday with his grandparents, Mr. and Mrs. R. A. Odom. They were accompanied back to the City by Mrs. Minnie Potts, who has been visiting in the Odom home several weeks.

Sewing machines revolutionized the fashion scene just over 100 years ago. A second revolution swept the fashion world with the introduction of paper patterns in the 1870's.

Since those far off days both sewing machines and paper patterns have been improved to the point where there's nothing simpler, or more satisfying, than making your own clothes.

Corduroy has come a long way, too, since its humble beginnings as a coarse heavy material used largely for workmen's clothes. Today, corduroy is a fabric of a thousand uses, aglow with jewel colors. And it's so versatile that

it has a place in the wardrobe of every member of the family. Quickie paper patterns by McCall's are a cinch when teamed with easy-sew, easy-care corduroy. Easy, quick, accurate fit is assured, and there's a host of lightweight fashions from which to choose.

Skimmers are fun, jumpers are easy, and coat dresses are always popular and comfortable. And they all look great in cotton corduroy.

Mrs. Donnie Coker and children of Bowie, visited Mrs. Pearl Coker and other relatives here over the weekend.

Mrs. Avis Wood has been visiting her sisters in Okla. City the past week.

Mrs. O. G. Weaver visited her sister, Mrs. Fred Eastman in Randlett Sunday.

Mr. and Mrs. David Mulheren and children of Dallas visited her mother, Mrs. Ethel McCasland over the weekend.

Mr. and Mrs. Joed Inman spent their vacation in the coolness of Colorado.

Mr. and Mrs. Ray Tinsley and children are visiting relatives in Utah.

Mrs. Dolly Hardin visited her sisters, Mrs. Nelson and Mrs. Germany in Burkburnett Monday.

Guests in the home of Mrs. Willie Cozby Sunday included: Mrs. Ralph Postelwaite of Randlett; Larry and Ricky Ellis of Burkburnett, Mrs. W. E. Mor-

row, Devol, Mr. and Mrs. Charlie Shaw, Littlefield; Mr. and Mrs. Walter Paul Cozby and Mrs. Emory Bentley, Mr. and children, Janice, Beverly and Donny all of Burkburnett.

John Sells was admitted to a Nursing Home in Frederick last week, where his condition is reported as being only fair.

Summer Entertaining
 An attractive make-ahead salad for luncheon guests or summer supper buffet is prepared with shrimps and jellied tomato juice. Serve with soft, buttered rolls, or keep the calories low with Swedish crisp bread.

TOMATO SHRIMP ASPIC
 1 envelope unflavored gelatin
 2 cups tomato juice
 1 tsp. sugar
 1 tsp. Lea & Perrins Worcestershire Sauce
 1 can (4 1/2 oz.) cleaned, deveined shrimp
 Salad greens and
 Sliced cucumber
 Mayonnaise

Sprinkle gelatin over 1/2 cup cold tomato juice to soften. Heat remaining tomato juice to almost boiling; add softened gelatin, sugar and Lea & Perrins. Stir until gelatin is dissolved. Chill until slightly thickened. Drain shrimp; rinse in cold water and drain second time. Fold into gelatin mixture. Turn into individual molds. Chill until set. Unmold on salad greens and garnish with cucumber. Serve with mayonnaise. (Makes 4 to 6 servings)
