Boys like tackle Pete Glover 210, and Mike Alford, 190, guard, Phil Day, 180, John Carrah, 150, and Lane Moore, 145, along with Oliver McDonald, 165, held the St. Mark line pretty much in check. Jerry Bingham, Wallace Robinson, Danny Parrack, and David Salter were also outstanding on defense. As coach Zac Henderson put it, "I had eleven men really working on defense."

He meant at all times, as a lot of team effort was put into a losing cause. If a team can look good in defeat, surely the Bulldogs must have. Pass defense seemed to be somewhat of a weakness though.

Rider doesn't pass an awful lot, but Wallace and Deerinwater are both capable passers. But one can be sure that the Bulldog coaching staff isn't overlooking that fact, and probably will have geared the Bulldogs for anything the Raiders pull out on them.

How well geared they are, we'll know Friday night at 7:30 when the Rider Raiders defend the challenge of the orange and black clad Burkburnett Bulldogs.

## "Pre-Pay" Public Telephones Being Used In Burkburnett

KERN TIPS

### Humble Football Broadcasts Start September 19, 1964

Once again the Humble Company will sponsor radio broadcasts bringing fans the play-by-play action of games featuring all Southwest Conference teams both at home and abroad. There will be 49 broadcasts in all involving conference teams. The first broadcast date is Sept. 19th when all conference teams except Rice and Baylor play.

This year Humble's large announcing staff, headed by the popular Kern Tips, will travel thousands of miles to bring Texas fans lively on-the-spot coverage. Other veteran play-by-play announcers include Ves Box, Connie Alexander, Eddie Hill, Jim Wiggins, John Phelan and Glenn Brown. They will report on the contests of 28 different colleges from 15 states.

This comprehensive coverage contrasts sharply with the situation in 1934 when Humble commenced its football sponsorship. Three Rice University games were broadcast in that year as a public service. These proved so popular that Humble was urged to continue sponsoring broadcasts of the games. Accordingly, increased coverage was planned for the ensuing year. 1964 marks Humble's 31st year of sponsorship.

In 1935 Kern Tips joined the announcing staff and has become its mainstay in the years that have followed. As "head football announcer," he has developed announcing staffs of network quality.

In 1964 Humble football broadcasts will be carried by approximately 135 Texas radio stations covering urban and rural areas in well over 100 cities and towns throughout the state.

People are more willing to believe gossip when it concerns a rival.

A change aimed at making major improvements in Burkburnett's public telephone service was made last week. All "coin" or "public" telephones in Burkburnett are now "Pre-Pay" instead of "Post-Pay." "Pre-pay" simply means a user will have to deposit a dime or two nickels before he can receive a dial tone. After the user receives the dial tone, he can dial his number, Dub Deuschle, manager for Southwestern Bell Telephone Company, explained. "If the called number does not answer or if the number is busy, the customer's money will automatically return," he said. Under the old system, a customer dialed his number then received a special tone when the called party answered. He deposited his dime or two nickels at this point. Telephone technicians have been at work several weeks installing the special additional equipment needed to make the more popular "pre-pay" service work, Deuschle said. "Pre-pay" is the more popular and more widely used type of coin telephone service.

## DEATH NEVER TAKES A HOLIDAY

It's fer the birds I theenk!  
A feller was arrested in Chicago some years ago for drunk driving. He broke away from the police and got back in his car and started off again. When they took him before the judge he was asked what was the big idea. He replied, I thought I was having a dream. If you go down the highway having dreams, the chances of your getting run into are pretty good. Also if you get all stirred up in an argument it's a poor time to jump in your car and drive off. Accidents do happen. Stay alert and stay alive in Sixty-four and Sixty-five. Drive as if your life depended upon it. It Does.

Cora Lee Harmon and Eva Bingham were hostesses for a "remembrance get-together" honoring their mothers' birthday, the latter part of August. Coffee and cake and punch was served, after a few games of "42", by the hostesses to approximately a dozen guests.

"Milk" made directly from vegetable matter without the help of a cow is expected on the market shortly. Dr. H. B. Franklin, leader of the scientists who have been working since 1956 on the manufacturing process, claims that almost 80 per cent of the protein in suitable vegetable matter can be extracted and made digestible by his process, compared with the waste of four-fifths of the protein in grass by the inefficient cow. Looks like the cow is going to be out of a job.

**IT'S UP TO YOU**

By Howard E. Kershner, L.H.D.

**SOLVING UNEMPLOYMENT**

THE principal cause of poverty in our country is unemployment. Our officials can learn little about how to create more jobs by visiting places where jobs are scarce. They would do better to visit the places where all workers are employed and labor is being imported. Why not discover why there is no unemployment in France and Germany. Whatever principles and practices produce that happy condition there, would undoubtedly produce the same results in our country.

Dr. Kershner

There are comparatively few unemployed adults in our country, only about 4.6% of the adult labor force, and many of these are not seriously looking for full-time jobs. Our great problem is among youth where the unemployed rate is 13.6% of the 14-19 year old labor force. By contrast, there is a shortage of apprentices and young workers in most countries of Western Europe.

Upon leaving school, a young German becomes an apprentice at a low wage. He is not very productive while he is learning and his main job is completing his education. By contrast, when a youth drops out of school in our country, an apprenticeship at low wages is not available for him and he finds himself faced with the formidable task of earning the legal minimum wage or being jobless. No employer can afford to pay him more than he produces and few drop-out youngsters can earn the minimum wage plus fringe benefits, social security, and unemployment taxation.

In other words, our youth, upon leaving school, find themselves in competition with older and more skilled workers. This makes it impossible for large numbers to find jobs. If they could begin at low wages (which obviously is better than nothing) and move up from year to year, as they acquire skill and experience, jobs would be available for them. At the age of 18, or after three years of apprenticeship, they could join the ranks of adult workers at adult wages. That is the way it is done in countries that have no unemployment problem. There is no reason, except politics, why it cannot be done here.

**Current Literature Study Club Has Program On Education**

"Learning is not limited to the classroom. Learning can take place everywhere. It is still a matter of initiative, desire, intelligence, and self discipline," Mrs. F. G. Jeffers, leader of the program on Education, said, when the Current Literature Study club met in the home of Mrs. Roy T. Magers, Thursday at 2:30 p. m., the opening meeting of the new year. Co-hostesses for the meeting were Meses. Fred Hunt, C. W. Boyd, and C. M. Archer.

"Women are natural educators. The sharpness of intellect dulls and rusts in disuse," Mrs. Jeffers said. "Illiterates are limited in occupations, productivity, and cultural pursuits. The fate of our country depends on the education of our youth."  
Mrs. W. C. Vann discussed "Literacy - Learning Opportunities For All." She said, "Education is, has been, and always will be one of the most important factors in our civilization."

In the United States, ten million adults are functionally illiterate, which means they have only completed four or five years of schooling. Texas ranks 40th, with 800,000.

One of our greatest heritages is our free public school system, where learning opportunities are given to all. Our colleges, our universities, our libraries are second to none. Learning opportunities today are unlimited."

Developing An Intellectual Curiosity, was brought by Mrs. J. L. Caffee. She said, "The growing needs of the business community have radically altered the role education plays in today's economy."

"In the early years the curriculum featured Latin and Greek, and was based on the seven liberal arts. Gradually this curriculum began to be modified to bring the schools in touch with the outside world of industry and commerce. And instead of business and industry being indifferent to the school system, they came to recognize its importance as a training ground for the personnel needed to expand their resources."

"An economy that provides better education will find itself amply repaid in the increased consumption of industry's products paid for with increased earnings."

Up to the minute Report on Education projects, was discussed by Mrs. L. O. Campbell. She said, "The story of education today is in the classroom. 'Times have changed: a different method of teaching mathematics in general, is now being employed, additional ideas and topics are being included in the courses. Students are learning the WHY of computing, and the Set Theory."

There the new speed reading. It is the speed at which a student comprehends that is of the utmost importance.

"Team Teaching includes 3 teachers each doing the job he does best. They may lecture to large groups, or supervise individual research projects or special instruction."

"There's the new grammar, among others, which is based on structural linguistics - the science of languages. There is a trend toward more depth and content at all levels."

Mrs. Fred Hunt, president, was in charge of the meeting. She welcomed old members and one new member, Mrs. Lamoin Champ.

The Fall Hat Party, and luncheon, to be held at Town Hall, Thursday, Sept. 17th was discussed. Luncheon tickets are \$1.00 and serving will begin at 11 o'clock.

Profit from the sale of hats and the luncheon goes to the F. M. McMurtry, Jr., Scholarship fund. Shirley Reynolds, who attends Midwestern University, is the club's scholarship girl.

## "YOU CAN TELL A REAL MAN BY THE WAY HE TREATS HIS DOG"

So it has been said. The measure of the spiritual man is shown by his treatment of the Bible. IF YOU ACCEPT THE BIBLE AS YOUR STANDARD IN SETTLING ALL SPIRITUAL QUESTIONS, YOU SHOW REVERENCE FOR GOD, ITS AUTHOR! If you accept the Bible as the will of Jesus, you should walk in its teaching, 1 John 2:3-6.

If you neglect the Bible, you also neglect Christ, for Christ dwells in our hearts by faith, and faith comes by hearing the word of God, Romans 10:17. IF THE AFFAIRS OF LIFE CROWD THE BIBLE OUT OF YOUR HEART, THEN GOD

## Patients At SAFB Hospital Thank Burk Rotary Club

Mr. George Counter  
Rotary Club  
614 East 4th St.  
Burkburnett, Texas

Dear Mr. Counter,

The watermelons provided by the Rotary Club on August 26th for the patients at Shepard Air Force Base Hospital were all delicious. They were ripe and cold and every watermelon was eaten. You would have to be here to see how much the patients enjoyed the melons.

We wish to thank the Rotary Club of Burkburnett for their generous contribution to the recreation program for the hospitalized servicemen.

(Miss) Evelyn Wahlquist  
Recreation Worker  
(Miss) Mae M. Davis,  
Hospital Field Director

Note: The Burkburnett Rotary club would like to thank Past President Al Lohoefer and Rotary Ann Sylvia for furnishing these melons to the patients at the base hospital.

IS CROWDED OUT; but, if you meditate upon the Bible night and day, God can abide in your knowledge.

The way you handle the Bible shows your nobility toward God. Be like those who "received the word with all readiness of mind, and searched the Scriptures daily," Acts 17:11. The way YOU handle, teach, and apply the Word of Truth in YOUR DAILY LIVING and WORSHIP will determine whether, or not, YOU will be approved by God, 2 Timothy 2:15.

HOW ARE YOU TREATING YOUR BIBLE?

# SOMEBODY CARES

It is so important that someone cares about how this child grows up. Someone cares that she is clothed and fed and loved. Someone cares that she goes to school and grows in mind as well as body. Someone cares about her childhood wonder and curiosity and wants to see them satisfied. Someone cares enough to teach her to love other people and will help her in her relations with them. Someone cares about her spirit and desires for her the highest ideals and standards, and will help her to know God. Are you this someone? Let it be said of her as it was said of Him, "And Jesus increased in wisdom and stature and in favor with God and man." Luke 2:52.

TAKE  
 SOMEONE  
 TO CHURCH  
 THIS WEEK

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## First Fall Fashion

No matter how hot it is when the first fall days arrive, fashion decrees it's time to wear something fresh and new, in smart autumn colors such as toast, brick red, or clear blue. The problem is how to be fashion right and still comfortable—a challenge that can be solved with "buy now, wear now" clothes in lightweight fabrics. Norman Watt has used "Kimo," a cool fabric of textured "Dacron" polyester, to create this trim, slim, "Now Look" shirt dress, with long sleeves and contrast stitching trim.

## help... THAT'S WHAT YOU GET PLENTY OF WITH YOUR TELEPHONE

Your phone makes it so easy to get things done. Calls to order things, to find out things, to tell the news, to organize activities—or you name it.

The busier you are, the more helpful the telephone is. Day in and day out, your phone is an important part of your busy life.

When you stop to think about it, is there really anything else that helps you so much for so little? Or that is of so much personal value?

## Curb, Gutter and Paving Project On College St. Making Progress

Announcement was made recently that property owners on College Street would have the opportunity to get their street curbed, guttered and blacktopped. The City agrees to do the blacktopping when all the property owners have signed up to pay for the curbs and gutters.

Last week City Manager Jess Whatley and James Mason, made several contacts with property owners, and the project was met with agreeable enthusiasm. All owners will be con-

tacted as soon as possible. However, any property owner may sign the agreement at the City Hall if they wish.

This is the most worthy project undertaken by the City in some time. College is a main thoroughfare for school children. At present the street is narrow, rough and exceedingly dangerous for the children. In wet weather the children have no place to walk except in the street. The new improvement calls for a sidewalk on the south side of the street.

### PLEASE CONSIDER

In the following which I have to say, speaking as a citizen who is interested in our community, as a parent who is interested in our school and as a Christian who is interested in all individuals.

Most of us are aware of the strain the school board and administration are under in trying to make a right decision about the athletic program and personnel. In this matter, please consider the following:

1. You never get all the wrong on one side.
2. You do not really solve problems by being emotionally upset.
3. As parents and citizens, we have a responsibility to be a good influence in all things.
4. You are hurt if you carry a grudge.

Please consider that we will come to the solution quicker and more satisfactorily if all of us will forgive, if all of us will confess that we will make mistakes, if we will use good judgment and we will get behind our administration, our school board, our boys and our coaches and in the spirit pull together.
