BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, SEPTEMBER 24, 1964

NUMBER 3

Chamber of Commerce Luncheon Each FIRST MONDAY at Town Hall. Everybody Invited. Each Pays for His Meal

Science Students of Burkburnett Attend Nuclear Symposium at Midwestern Uni. Sept. 26th

Students from Burkburnett High School will attend a science symposium at Midwestern University, Sept. 26th, in the school county area of central Texas to be held at Midwestern University, Wichita Falls, it was announced Wednesday by Joe Walters, manager of Texas Electric Company.

The symposium is being sponsored by Texas Electric and Midwestern University, and is to draw some 500 students from 31 high schools in the area.

Attending from Burkburnett are: Lloyd Simmons, Mike Lwely, Charles Hoffman, Larry Cannon, Ernie Jay Forrest, John Stephen Sequist, Pat Pacheco and Marcelino. They will be accompanied by their instructors Betty Dyer, Tom Dan Schaffner, Kent and Elmer Forrest.

The program has been arranged by the Texas Atomic Energy Research Foundation, an organization made up of electric companies in Texas, one of which is Texas Electric. The program is engaged in a research program with General Corporation aimed at the generation of power. The Foundation is sponsoring research in fusion at the University of Texas and Texas A and M.

Standing nuclear scientist General Atomic will be on the program. He is H. Miller, Jr., an instructor of the John Jay laboratory at General Atomic who is in charge of controlled fusion (thermonuclear) research program sponsored by General Atomic and Texas Atomic Energy Research Foundation.

With participation in the research program of the Atomic Energy Research Foundation, Texas Electric is bringing Dr. Miller to Wichita Falls. "It is extremely informative for high school science and also will be an aid to those students who are considering science careers."

The symposium will be held in an auditorium at Midwestern University for the day long. In addition to Dr. Miller will be Dr. Travis Wainner, president of Midwestern University, and H. R. Fort Worth, executive director of the foundation. Dr. Wainner will discuss the atomic power.

The program will be presented by E. Wainner, associate professor of engineering at Texas A and M, and Dr. J. A. Scanlan, of the nuclear research

Clemmer Rites Were Wed. In Walters, Okla.

Funeral services for Marvin D. Clemmer, 73, who died in a Lawton, Okla. hospital Tuesday were held at 3:30 p. m. Wednesday from the First Methodist Church in Walters.

Dr. Tom Wiles, pastor of the First Baptist church in Lawton, and Rev. Melvin Moody, pastor of the First Baptist Church in Walters officiated.

Burial was in the Walters Cemetery under the direction of Pearson Funeral Home.

A resident of Walters since 1953, Clemmer was born June 3, 1891 in Putman, Tex. He moved to the Big Pasture area in 1919 from Greer County, Okla. He was later in the grocery business near Grandfield and farmed near Devol, Okla.

Survivors include his widow, Alice; two sons, Dilmus Clemmer of Lawton and Lloyd Clemmer of Burkburnett, Tex.; two daughters, Beatrice Cain and Peggy Lee, both of Walters; a sister, Mrs. Virginia Huffington of Wichita Falls; eight grandchildren and three great grandchildren.

FOUND

Male Dachshund, smaller than average, but marked well. Apply at City Pound.

laboratory at the University of Texas.

One feature of the program will be a panel discussion and question period during which Dr. Miller, Dr. Wainner, Dr. Scanlan and Dr. C. H. Bernard professor of physics and chairman of the physics department at Midwestern University will answer questions and discuss the opportunities available to science students today.

The program also will include a film, "Reaching for the Stars," that shows the progress of fusion research at General Atomic.

Dr. Miller has played a leading role in research in plasma physics, as well as in General Atomic's program for the direct conversion of heat to electricity. He has conducted extensive work in the fields of semi-conductors, surface physics and radiation effects, both transient and permanent. His talk will describe research progress in controlled thermonuclear reactions.

Dr. Wainner is head of the activation analysis research laboratory at Texas A and M and professor of engineering science.

Dr. Scanlan is a licensed nuclear reactor operator. He has practiced and taught in the field of mechanical engineering for 24 years at Northwestern University and the University of Texas.

Sidewalk Art Show October 10 In Wichita Falls

The Wichita Falls Art Association of the Woman's Forum invites all area artists to participate in its 17th Annual Sidewalk Art Show on Saturday, Oct. 10th, from 10:00 a. m. to 3:00 p. m. Any artist over 18 years of age may enter any number of framed pictures or pieces of crafts. All pictures and or crafts must be original and must not have been shown in the Wichita Falls Sidewalk Art Show previously.

Registration for the show will be at 2 locations downtown: at the corner of Ninth and Scott, and the corner of Ninth and Indiana. Registration will open at 8:00, and all entries should be in place by 10:00 a. m. An entry fee of \$1.00 will be charged each exhibitor. Ribbons will be awarded by the judges in the various categories.

Exhibitors and interested friends will have a luncheon at the Marchman Hotel at 12:30 and reservations may be made at the registration tables before 11:00 a. m. Mrs. Maxine Webb is the 1964-65 President of the Art Association, and Miss Joyce Samuels, 2165 Ave H, Apt. 5, Wichita Falls, Phone 723-7904 is the Luncheon Chairman.

Three Local Firemen Pass Texas Firemen's Training School

Three Burkburnett firemen have received certificates attesting to satisfactory grades when they attended the Texas Firemen's Training School at A. and M. July 19-24th.

Burkburnett was represented at the school by B. A. Farris, H. L. McDonald and Claude Reed.

By sending firemen to the school each year, Burkburnett receives extra credit on the key rate on fire insurance.

Bulldogs Cross Red River for Next Contest With Eisenhower, Lawton

The Burkburnett Bulldogs get a taste of Oklahoma football Friday night, as they cross the raging Red River for a 7:30 gridiron clash with the high flying Eisenhower Eagles at Lawton, Okla.

Eisenhower has looked impressive, to say the least in posting two highly regarded opponents in the last two weeks. The Eagles, led by "golden" armed Rick Bridges, disposed of the Frederick Bombers, 24-6 in their season opener, then ambushed the Hirschi Huskies, 27-8 in a mild upset. Bridges, a smooth operating 160 pound quarterback, has thrown six touchdown passes in the two games. Reports say that he is especially calm under pressure. Should any of the rain that has been in and around this area, for almost a week show up at Lawton, it could slow up the Eagles aerial attack. However, Eisenhower has a pair of big men in the backfield, that could carry the load in such an event.

These are halfback George Sellars and fullback Richard Dean, both 190 pounders. Jerry Churchwell, 176 pounds, rounds out the backfield.

For the Bulldogs, the leading runners are halfback, Bill Roe and Rod Turner and fullback Tommie Olds. Roe and Turner are light weight sophomores with speed and endurance in their favor. Weighing only 145 and 135 respectively, both lads possess an uncanny ability to bounce back after being hit hard. Olds, not exceptionally big for a fullback, only 160, still is a hard driving back and runs like a power man. Bob Hubble is a little more as a develops a quarter back every time he takes the field. Lacking varsity experience, he is learning under fire, and believe me, 190 pound lines provide plenty of fire. Hubble surprised a few people. Rider included, last week when he completed 7 of 13 passes

R. R. Daine Field Representative For Polled Hereford Magazine

F. H. A. NEWS

On Monday, Sept. 15th the Burkburnett chapter of FFA met. Beth Byars, the senior chapter president, gave a talk on the purposes of FFA and explained to the freshmen girls about their freshman chapter. Also plans for the future were discussed.

Advisors present were Miss Stapp, Mrs. Faulk, and Mrs. Hutchison.

RUMMAGE SALE

A RUMMAGE SALE will be held Saturday, Sept. 26th beginning at 7:30 a. m. at the Town Hall, sponsored by the Burkburnett Study Club. They will have a nice selection of good used rummage for sale. You are invited to go by and browse.

One of Burkburnett's newest residents is R. R. Daine, who moved here from Wichita Falls, Mr. Daine is Field Representative for the Polled Hereford World Magazine. His territory is Kansas, Missouri, Oklahoma, Texas, Colorado and New Mexico. He is also advisor to the Polled Hereford breeders of the above territory. He covers all shows, sales and helps with promotional activities of the breeders.

Daine is a native of Nevada, where he resided on a large cattle ranch. He is the fifth generation to be in the cattle business.

He attended Cornell University where he studied pre-veterinary medicine and animal husbandry.

At one time Mr. Daine owned and operated his own herd for 7 years in New York state. He has also managed herds in Mississippi and Alabama.

He was a fighter pilot in World War II, serving with the Royal Canadian A F, flying P-40's and Spitfires over China, Burma and India.

His wife Betty is a native of Mississippi. They have 3 boys, Bobby, Richard and Scott.

Bryant Rites Held Wednesday In Burkburnett

Funeral for Joe Bailey Bryant 54, Burkburnett resident who died Monday in a McKinney hospital, were held Wednesday.

Service was held from the First Baptist church here with Rev. Kenneth Bradshaw officiating. Burial was in Burkburnett Cemetery under direction of Owens-Brumley Funeral Home here.

Bryant was born in Montague County and had moved to Burkburnett in 1928. He had worked as barber at the old City Barber Shop until 1941 when he joined Joe Nichols in forming the present Joe and Joe Barber shop.

A member of the Burkburnett American Legion Post, he served in the U. S. Army from 1943 until 1945.

Survivors include the widow, Mrs. Ruth Lee Bryant; a son, Joe R. Bryant of Dallas; two sisters, Mrs. Rachel Grono of Gainesville, Tex., and Mrs. Eunice Blakley of Norman, Okla., and a brother, Clint Bryant of Henrietta.

First singing society in Texas, the "Germania," was organized in New Braufels on March 2, 1850.

Longer Post Office Window Hours, Expanded Delivery Service Xmas Announced by Local Postmaster

Burk Firemen Bring Home The Bacon Sunday

Sunday afternoon thirteen Burkburnett firemen journeyed to St. Joe, Texas for the semi-annual convention of this district and came home with two first place trophies.

Under the eagle eye of Billy Mize the first competition of the evening was the 6 man hose hook-up. Billy Mize, Joe McCluskey, John Gill, Pat Patterson, Marion Thornton, Harry Elliott, stood with hands in air waiting for the blast of the starting gun: Wham! The gun broke the stillness of the afternoon and the 6 men became a blur as they hooked up the hose to the fire plug and turned on the water.—They lost. Archer City won with 24.8 seconds.

With blood in their eyes the next competition was the 2 man hook-up. This time Billy Mize and Joe McCluskey stood with hands in the air and as the gun sounded the two became one blur of blue as they hooked and finished with 15.0 seconds to win the trophy.

The next competition of the day was water polo: the three men, Bryan Farris, Harry Elliott, and Marion Thornton battled Mutt Jensen's team from Archer City into the finals and after what seemed like hours of near losses drove he ball across the finish line to bring home another trophy.

Well done boys we are proud of every one of your pea picking hearts.

NOTICE

A regular meeting of the Burkburnett Band Parents Club will be held Monday night, Sept. 28th, 7:30 p. m. at the Junior High Band Hall. All members are urged to attend.

J. M. POGUES WILL BE HONORED SUNDAY, SEPTEMBER 27th ON 50th WEDDING ANNIVERSARY

Jimmie Avery Won Bicycle at Youth Bowling Jamboree

Jimmie Avery, 8 years old, 605 Hazel, won the bicycle at the Youth Bowling Jamboree held at the Boomtown Bowl last Saturday.

Other door prizes were also awarded.

Buster Morgan, owner, stated the Jamboree was a huge success and enjoyed by both participants and parents.

Only two Texas Governors Pendleton Murrah and Beauford Jester, died in office.

Longer post office window hours, expanded delivery services and large-scale extension of the ZIP-coded parcel post speed up are planned for Christmas. Postmaster General John A. Gronouski has advised the local Postmaster, W. T. Zimmerman. Mr. Gronouski outlined to the Burkburnett postal head, three major new steps he has taken "for the best Christmas mail service the Postal Service has ever had."

1. Expanded post office window hours Dec. 5 to 26th as deemed necessary by the local postmaster.

2. A six-day week Dec. 7-31 for parcel post deliveries, instead of a five day week.

3. Completion by Nov. 1st of Phase III of ZIP Code parcel handling at about 130 more "sectional center" post offices (strategically-located mail massing points), providing faster delivery up to 24 hours or more for parcels with ZIP Code.

In Phase I and II, approximately 75 offices with receipts of \$5 million annually and above activated faster ZIP Code sorting and dispatch by Sept. 1. The 130 in Phase III includes offices with receipts of \$1 to \$5 million.

In addition, many other sectional center offices with smaller receipts will have the program in operation by early December, in time to help speed delivery of Christmas gifts mailed with the ZIP Code.

The Wichita Falls Sectional Center which will service the Burkburnett Post Office will start operations Sept. 26. This will be a tremendous help to patrons of this area.

The Postmaster General told Mr. Zimmerman the Christmas plans are part of a nationwide program to bring postmasters into more responsible positions in postal management as "real partners in providing better mail service at all levels."

Dehydration of fruits and vegetables was the earliest method of food preservation practiced in Texas.

QUEEN OF THE PEE WEE BULLPUPS

Kathy Milstead is crowned 1964 Queen of the Pee Wee Bullpups football team of Burkburnett, by the 1963 Queen, Janet Di Marzio, as runners-up, Debbie Vincent, right, and Karen Landrum watch.

"Class Cutters" Played at Youth Center

The Class Cutters band played some lively tunes at the Youth Center, Saturday, September 12th, to the enjoyment of many teenagers. From left to right, the band members are Warren Carah, Johnnie Dyer, lead guitar; Dave Magill, drums; Nulty, guitar.

THE AMERICAN WAY

GRASS ROOTS OPINION

BROOKVILLE, PA., AMERICAN: "The average American would explode in righteous indignation if someone suddenly told him he didn't have the right to vote. The sad fact is, however, that far too many who have the privilege are letting it go to waste. Estimates are that unless somebody shakes them out of their apathy and indifference, some 40 million eligibles will neglect to cast ballots in November."

It is not a simple life to live a simple life.

Taxpayers Saved Millions

After a series of amendments and compromises, the plan to build an interstate to carry electric power from the Pacific Northwest to California and the Southwest — and return power when the Northwest is in need — has been completed. It may have its imperfections, but apparently it comes as close as possible to meeting the ideas of all the parties concerned.

The big point is that the drive to make this an all-federal undertaking — at a cost to the taxpayers of \$700 million — failed. In its place is a cooperative effort. The government's share is now placed at \$300 million. The larger part, or \$400 million, will come from non-federal sources, including a group of major investor-owned utility companies and the Los Angeles municipal system.

The private utilities concerned worked hard and wholeheartedly to bring it into reality. And, it is believed, it will serve as a model for possible other big-scale interconnections of power sources in the future.

In any case, a primary goal of any such project should be the fullest possible participation of nonfederal agencies. That means that decisions should be made on the basis not only of need but on the ability to perform — using that phrase in its broad sense, including private investment and the creation of new sources of taxation. Then the jobs will be done at minimum cost to taxpayers and with maximum speed and efficiency.

WHAT WILL HAPPEN TO YOU?

By HARRY BROWNE, Editor, Freedom Magazine

What will happen to you — when the men who create the products and services you enjoy lose their incentive to create — because of high tax rates?

—when the industrial geniuses walk off the job rather than put up with back breaking federal regulation?

—if the government continues to run economy enterprises at a loss, taxing you to make up the difference?

—if the world "profit" becomes so abused that no one has the incentive to produce anything?

—if the government continues to subsidize the Communist empire with our tax money?

—if we allow continued confiscation of private property for political empire buildings?

—if the government continues to grant special privileges to labor unions, allowing them to strangle our economy and dictate to business?

—if more and more of your earnings are diverted to non-productive government projects?

YOUR FUTURE

The political and economic issues of the day that seem so remote are important to you. For the continuance of the government's domination of our economy can only lead to pov-

erty for you. When American businessmen find it more profitable to walk off the job—rather than put up with federal dictation — it will be you who will suffer. You will be out of a job—and the products and services you rely on today will no longer be available.

Human beings do not voluntarily pursue courses of action that bring unhappiness. And the day is coming when the great American producers will no longer find it profitable to continue producing under federal domination.

PROFIT MOTIVE

When that happens, the inevitable outcome will be government ownership of the means of production and distribution. That course has brought ruin to nation after nation. For no society can survive without the individual profit motive — the incentive for great men to do great things.

Your future depends upon your interest in the building of a private enterprise system that is secure from government intervention.

When the government is eliminated from our economic affairs, we can all produce much more—and all have more. The choice is between free enterprise and government domination—between prosperity and poverty.

What will happen to you? Is it important?

Mr. and Mrs. Richard Stallcup of 3024 Starns, Wichita Falls, are the proud parents of a baby boy born Saturday, Sept. 19th. The baby has been named Richard E. Stallcup. Mrs. Stallcup is the former Janette Ellis, daughter of Mrs. Carvel J. Good of Burkburnett.

News of St. John The Divine

Resuming the regular monthly meetings this fall, the women of the Episcopal Church of St. John the Divine met Thursday, Sept. 17th at 7:30 p. m. at the home of Mrs. John Morgan. The meeting was called to order by Mrs. Velma Sanders, President, with Mrs. John Morgan leading the devotions. It was agreed to give \$45 to help make the payment on the Church Building this month.

A report on the progress of the Art Exhibit and Sale scheduled for Oct. 3rd and 4th was given by Mrs. Velma Sanders, exhibit director.

Plans were made for the visit of Rev. Ellwood Hannum, Executive Director of the Diocesan Department of Social Relations which is scheduled for Thursday, Sept. 24th at 7:30 p. m.

Committees were appointed for the Deanery Meeting and Dinner that will be held at St. John the Divine, Oct. 29th. Guest Speaker at this time will be Bishop Isabelo Da Las Reyes, Supreme Bishop of the Philippine Independent Church. Reservations can be made by calling 569-2274.

Committees were appointed to make plans for the dedication of the church, Oct. 31st. Mrs. Ashby Etheridge gave a

very interesting talk on the United Thank Offering. The UTO is the offering of (prayers and money) of all women of the Episcopal church in Thanksgiving for blessings or events, such as an anniversary, recovery from illness, home safely from a trip, etc. These offerings are always in addition to the regular contributions for the work of the church. Each woman is given a Blue Box to keep in her home and during the year as she is thankful for a particular blessing a coin can be dropped in this box, and or a prayer offered for her blessing. There are two ingatherings each year. In the fall at a time suitable to each particular parish or mission, each woman will take her offering in a blue envelope to her church for an ingathering, which in turn is sent into the Diocesan Uto Chairman. Then in the spring another ingathering is held, which in turn is taken to the Diocesan convention for the

ingathering. In turn the Diocesan UTO chairman takes the total amount to the triennial meeting. This money is then used for grants to Episcopal churches all over the world for new buildings or repair work for hospitals, schools, payment of our missionaries' salaries or wherever it is needed. At the last Triennial the offering was over four million dollars.

The next meeting of the Women of St. John the Divine will be Oct. 22nd with Mrs. Kirby Davis, Christian Social Relations secretary for the Diocese of Dallas as guest speaker.

Rev. William Dalton, deacon, will preach on "The Worth Of Man" this Sunday, Sept. 29th at 12:30 p. m. The members of St. John the Divine Episcopal church extend an invitation to all to worship with them.

An invitation is open to anyone wishing to learn more about the church to attend the

Inquirers class on Wednesdays at 7:00 p. m. This is a very good discussion series about Church History, the Bible and a Christian in today's world.

Today is '65 Pontiac Day. 1965: The year of the Quick Wide-Tracks

What do we mean by "quick"? Just this: A new-all-over Pontiac offering a new Turbo Hydra-Matic —the silkiest, swiftest-shifting automatic transmission you ever touched a toe to; eager new Trophy V-8 power; new steering agility; a surer-footed Wide-Track ride. And a new Pontiac Tempest that's become even more of a Pontiac with new style, new length and Pontiac-quick reflexes to match. You never knew cars could be so beautiful, and so keenly alert to your touch. This is your year to drive a Wide-Track—quick!

'65 Pontiac Pontiac How does the success car outdo itself for 1965? Beautifully, just beautifully. But this Pontiac has no intention of getting by on looks alone, though it could. So there's new quickness, Pontiac style. A new nimbleness. New fuel savings. A smooth, easy new ride. Drive a '65 Pontiac and see how one success leads to another.

'65 Pontiac Tempest Tempest's even more of a Pontiac now, and what more could a car be than that! The '65 Tempest looks like a Pontiac, as you can see. Rides like a Pontiac on Wide-Track. Goes like a Pontiac, too: a 140-hp six is standard. Or you can get a quick V-8, up to 285 hp. You'll wonder how we can keep the price so low on so much car.

Mrs. Mollie R. Elliott, Reporter

The Daisy club met Tuesday of last week for an all day meeting of quilting. Two guests were introduced, Mrs. Jo Grayson and Mrs. G. W. Harwell. Devotional from 1st Cor. 13. Prayer was led by Mrs. C. H. Dunn. Minutes of previous meeting were read and approved. Financial report given. Roll call was answered by telling a recipe I have developed with a cake mix. White elephant was drawn by Mrs. G. W. Harwell. Officers were elected as follows: President, Mrs. Jimmie Kinnard; vice-pres., Mrs. Paul Hooper, Secy., Mrs. B. B. Menz.

A covered dish luncheon was served at noon to the 2 guests and members, Meslames Jo Grayson, G. W. Harwell, Ben Ressel, B. B. Menz, C. H. Dunn, T. A. Kinnard, W. R. Baldwin, Jimmie Kinnard, Raymond Underwood, Nomie Wilkinson, J. C. Goode, A. L. Patterson, Fay Postelwaite, R. C. Brown, C. H. Thompson, Ethel Soncipher, Wayne Ressel, N. R. Kirkpatrick, C. B. Ressel, Ruby Hooper, Paul Hooper, C. O. Wilson, Jess Butler and Henry Kinnard. State Rep. Bruce Hammer of Lone Grove, Okla. visited Mr. and Mrs. John Martin, Sr., Tuesday.

Mr. and Mrs. A. L. Patterson spent the weekend with their daughters, Mrs. Patsy Alexander and Mr. and Mrs. Henry Tompkins in Okla. City. Mrs. Marie Brown of Lawton visited Mrs. Robbie Best Saturday and Sunday. Mrs. Freda Butler and Mrs. Willie Mae Otis of Walters, Okla. visited Mr. and Mrs. B. B. Menz Sunday.

Mr. and Mrs. John Martin, Sr. accompanied by Mr. and Mrs. Raymond Waits of Frederick, attended funeral services for Mrs. Martin's niece, Mrs. A. L. Daniels in Nocona, Sept. 10. Mrs. C. B. Ressel, Mrs. W. T. Oliver and children and Mrs. Wayne Ressel and son Greg visited Mr. and Mrs. Dennis Ledford in Chickasha, Okla., Sunday.

Miss Edna Mae Kinnard of Wichita Falls spent Saturday night and Sunday with Mr. and Mrs. Henry Kinnard. On Sunday they visited Mrs. Joe C. Oliver and Shirley in Burkburnett and Mrs. M. E. Oliver in Burkburnett.

Mrs. Jo Grayson of Waurika visited Mrs. Jimmie Robinson last Tuesday and Wednesday. Mr. and Mrs. A. J. Turner and Mrs. Beulah Riley visited Mr. and Mrs. Glen Pennington and children in Cache and Mr. and Mrs. W. C. Crook in Chattanooga Saturday.

Mr. and Mrs. W. H. Hyatt visited Mr. and Mrs. Wilbur Southwick in Altus Monday and Tuesday.

Mr. and Mrs. Bill McGarry and son of Grandfield visited her parents, Mr. and Mrs. R. H. Rhoads last Thursday. Mrs. W. R. Baldwin and daughter Rita Sue, Mrs. Jimmie Robinson and son Robert Paul and Mr. Cliff Farley visited Martha Jo Baldwin in Dallas Sunday.

Mr. Lone Crow and Mrs. Frank Miller of Lindsey, Okla., visited his sister, Mr. and Mrs. John Martin Sr., Friday. Mrs. John Duke and daughter Nancy of Lawton visited her parents Mr. and Mrs. T. E. Spannagel Sunday.

Mrs. Bill McGarry and son of Grandfield visited her parents Mr. and Mrs. R. H. Rhoads Saturday. Mrs. J. E. Wood and Mrs. Henry Kinnard visited Mrs. Mandy Warren and Mrs. Lucy Hurst Friday in the Burkburnett Nursing Home.

Mr. and Mrs. A. L. Anderson and Shirley accompanied by Mr. and Mrs. Doyle Gene Anderson and children of Wichita Falls visited Mr. and Mrs. Travis Anderson of Weatherford Sunday. Mr. and Mrs. Graham Shelton and family of Temple spent Sunday with her parents, Mr. and Mrs. C. O. Wilson.

Mrs. Glen Elliott reported seriously ill in a Wichita Falls hospital since last Friday. Mr. and Mrs. Bill Harrison and children, Mrs. R. H. Rhoads and Mrs. Zaida Bryant attend party in Burkburnett Sunday. ed Gary Ellis 5th birthday party in Burkburnett Sunday afternoon.

Kathy Bridges of Burkburnett visited her grandmother, Mrs. Mollie Elliott Friday evening.

Mr. and Mrs. Carl Smith of El Monte, Calif., visited her sister, Mr. and Mrs. Jess Butler from Sunday to Tuesday.

Mrs. Mary Cox of Wills Point is visiting Mr. and Mrs. J. C. Goode.

Mrs. Frances L. Perry, 302 So. Ave D., one time teacher of first grade in Electra, was visited recently by one of her ex-pupils, Steve Tippis. Steve, who was visiting his grandmother, Mary Crawford of Electra, now attends Arlington State College as a freshman and resides in Mineral Wells.

Lowest Prices . . . Greatest Variety . . . always at . . . **Piggly Wiggly**

The 1965 Ford is the most-changed in the 15-year history of Ford Division. The traditional, round Ford taillight is replaced by a modernistic hexagonal shape in keeping with the crisp, elegant look of the new Ford. Luxury styling is combined with a luxury car ride described as so smooth and so quiet the heater and air conditioner fans had to be moved into the engine compartment because their low-toned whirr was distracting. A luxurious new Ford Galaxie 500 LTD series (above) features an interior of quality and style previously obtainable only in higher-priced cars. Five separate roof lines are offered with interior and exterior trim features to give greater distinctiveness to each of the 17 models than ever before.

The complete line of 1965 Fords — two- and four-door hardtops, sedans, convertibles and station wagons — will be introduced in Ford dealer showrooms on Friday, September 25.

A third Mustang model — the "2+2" fastback — joins hardtop and convertible Mustangs announced as the first of its 1965 cars by Ford Division last April. The new Mustang provides seating for four. Fold-down rear seats permit added luggage — including skis and other lengthy equipment — to be carried inside the car with driver and passenger. Functional air louvers styled into the rear quarter panels provide an efficient, flow-through ventilation system for window-up driving free from wind noises and drafts in nearly all kinds of weather. Continued as standard equipment on all Mustangs are such sports and luxury features as bucket seats, molded nylon carpeting, floor mounted shift for both manual and automatic transmissions, all-vinyl interior, padded instrument panel, and full wheel covers.

The new Mustang "2+2" joins the 1965 Mustang hardtop and convertible models in Ford dealer showrooms Friday, September 25.

Deer Hunters—Sight In Your Rifles

The National Rifle Association says up to 95 percent of the gunners who bring their blunderbusses to NRA-affiliated clubs on "Sighting In Day" don't know how to make them shoot where they point.

Area shooters will have an opportunity to get their rifles ready for the coming season on sighting in day Sunday Sept. 20th at the Red River Rifle and Pistol Club 1 1/2 miles north of Burkburnett out Ave B. It starts at 1:00 p. m.

Sighting in Day will be an ideal time for those of you who need to get your cannon on target.

Ted B. Harris, president of the club, said they'll have everything but the gun laid out

and ready. The club will furnish targets and target pullers, sandbags and instructors, if desired, on each of the seven bench rest and spotting scopes. Each gunner will be allowed 30 minutes, more time than usually needed.

The Red River Rifle and Pistol club is an NRA Affiliated club and at the present time it is having an inter-club trophy shoot. Trophy's will be awarded for the best club shooter in the Big bore pistol, small bore pistol, big bore rifle, bench rest rifles and also rim fire rifles.

THANK YOU

May we take this method of thanking our neighbors and friends for their kind expressions of sympathy in the loss of our loved one. Your thoughtfulness will always be remembered.

Mrs. J. L. Pearson
Mrs. W. L. Rice
Mrs. Leastie Hudgeons
Frank Dillingham

Green Family No Longer Blue From Cold

Thorough insulation has solved the problems of high heating costs and winter discomfort for one Long Island family of five.

"The first winter in our new house our heating bills soared as the temperature dropped, yet we never could get even, comfortable heat," said Mrs. Charlotte Green, of Huntington Station, N.Y.

"Our daughter Chris's bedroom next to the attic was always cold. Another trouble spot was the family room. The floor was always too cold for the children to sit on."

It's quite a different story for the Green family nowadays. Since they had the house insulated with mineral wool to meet recommended standards, it's warm all winter and drafts have been eliminated. Chris's room is always cozy and the floors are warm enough for barefoot boys and inveterate floor-sitters, Mrs. Green said.

The Greens got the insulation idea from neighbors. After talking to an insulation contractor, they found that the utility company would immediately reduce their gas budget payments by \$5 a month once the house was thoroughly insulated. This meant that the insulation would pay for itself in a few years.

The insulation contractor, using pneumatic equipment, blew mineral wool into walls, ceilings and floors, making a complete blanket around the heated sections of the house. He followed the standards recommended by the National Mineral Wool Insulation Association to provide maximum comfort and lower heating costs.

Mrs. Charles Hall has as her guests from Newport News, Virginia, her daughter-in-law, Mrs. Milledge Hall, and Mr. and Mrs. Charles Hall.

Most Changed Ford In 15 Years Goes On Display Friday, Sept. 25

The most changed Ford in the 15 year history of Ford Division will debut in Ford dealer showrooms Friday, Sept. 25th.

"All 17 models in the 1965 Ford lineup—including a new luxurious "LTD" series — are literally new from tires to roof and from bumper to bumper," said Lee A. Iacocca, Ford Motor Company vice president and Ford Division general manager.

Vertical-mounted dual headlights and modernistic, hexagonal-shaped tail lights accent the crisp look of the new Ford. Side styling features straight-through lines emphasized by a sharp, full length fender line from front to rear.

"The dramatic elegance of the 1965 Ford styling is combined with an even more dramatic luxury car ride so smooth and so quiet the heater and air conditioner fans had to be moved from the passenger compartment because their low-toned whirr was distracting," Mr. Iacocca said.

tion between the models.

The Mustang, announced in hardtop and convertible models by Ford Division as the first of its 1965 cars last April, continues to make news with an added third model—the "2 plus 2" fastback.

"The Mustang is already the most successful new car line ever introduced because it offers a unique combination of the sporty and the practical," said Donald N. Frey, Ford Division assistant general manager. "Now with the '2 plus 2' model, it becomes even more sporty and more practical."

Mr. Frey said the new Mustang provides seating for four. Fold-down rear seats permit

added luggage—including and other lengthy items—to be carried inside with driver and passenger. The new Mustang also features functional louvers styled into the quarter panels for flow-through ventilation, said Mr. Frey. Freeing window-up driving from wind noises in nearly all kinds of

64 STATE FAIR FASHIONS

IN TEXAS Texas fashion houses and the State of Texas, October 10 through 25 in Dallas, will present "Great Moments in Fashion" to visitors to the Fair Women's Department. Left, a moss green velvet-length skirt with elongated overblouse covered with green and gold sequins comes from Nardis Dallas "House of Gold." Also featured in the fashion shows will be this midnight black crepe-length dinner dress for evening, from Clifton Wichita County, Texas.

Cafeteria in Wichita Falls Oct. 1st, courtesy of Texas Electric Service Company, to hear Mr. Reagan Brown of Texas A and M.

Mrs. Elmer Klinkerman, secretary, called the roll and read the minutes of the previous meeting, which were approved. Motion was made by Mrs. Klinkerman that the community purchase a heater for the Community house. Motion seconded and carried. A committee composed of Messrs. James Roderick, Claude Adams and Norman Roberts was appointed to install the heater.

Motion was made by Mr. Newt Crane that adequate lighting be installed outside. Motion seconded and carried. Mr. Charles Goins was appointed to find the most economical means to install such lighting.

Motion was made by Mrs. Klinkerman that each family bring one toy or game to be left at the community house for the children. Motion seconded and carried.

Mr. Adams called on the standing committees for reports and Mr. Norman Roberts, treasurer, gave his report.

Refreshments were served by the hostesses, Mrs. Charles

Goins and Mrs. James Roderick to Messrs and Mesdames Bryan Farris and Carolyn; E. J. Simons, Harlan Mullins, Joe Dunham, James Roderick, Charles Goins, Mike and John; Newt Crane, Mark and Vera Smith; Claude Adams, D'Euen and Mark; Mrs. Elmer Klinkerman and Jan; Messrs Raymond Schroeder, Norman Roberts and Milton Mertins.

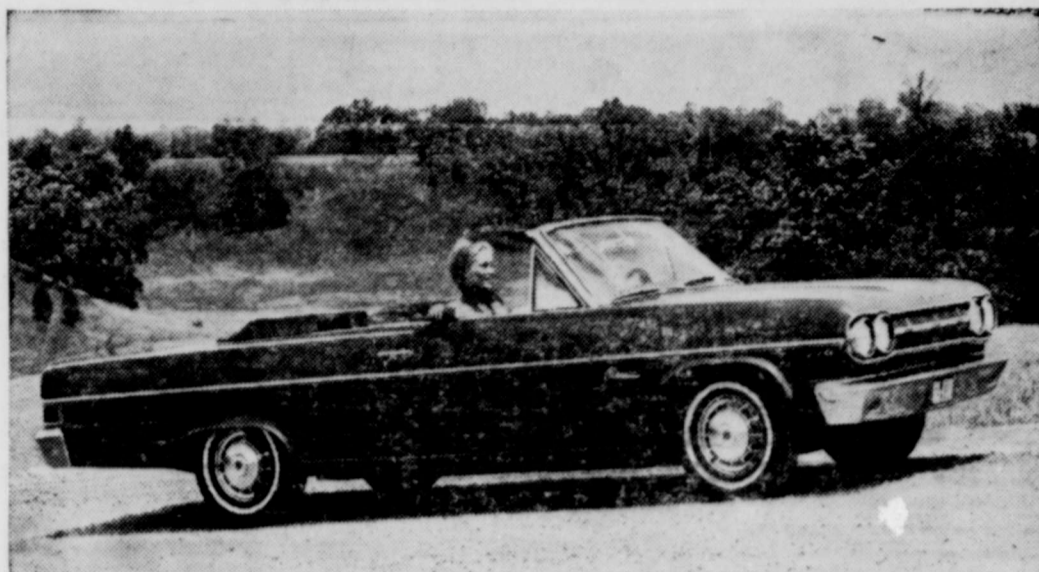

Satellite Skate Club Met September 17th

The Satellite Skate Club had a short meeting Thursday, Sept. 17th at 6:30. We talked about the hockey tournament that was Sunday at Lake Worth, Texas.

Members present were Kathy Savage, Bill Savage, Jerri Savage, Harrell Steele, Jimmy Steele, Diane Ross, Pam Ross, Dodie Ross, Carolyn Albin, Georgie Albin, Steven Albin, Diane Albn, Susan Deny, Curtis Deny and Mrs. Deny.

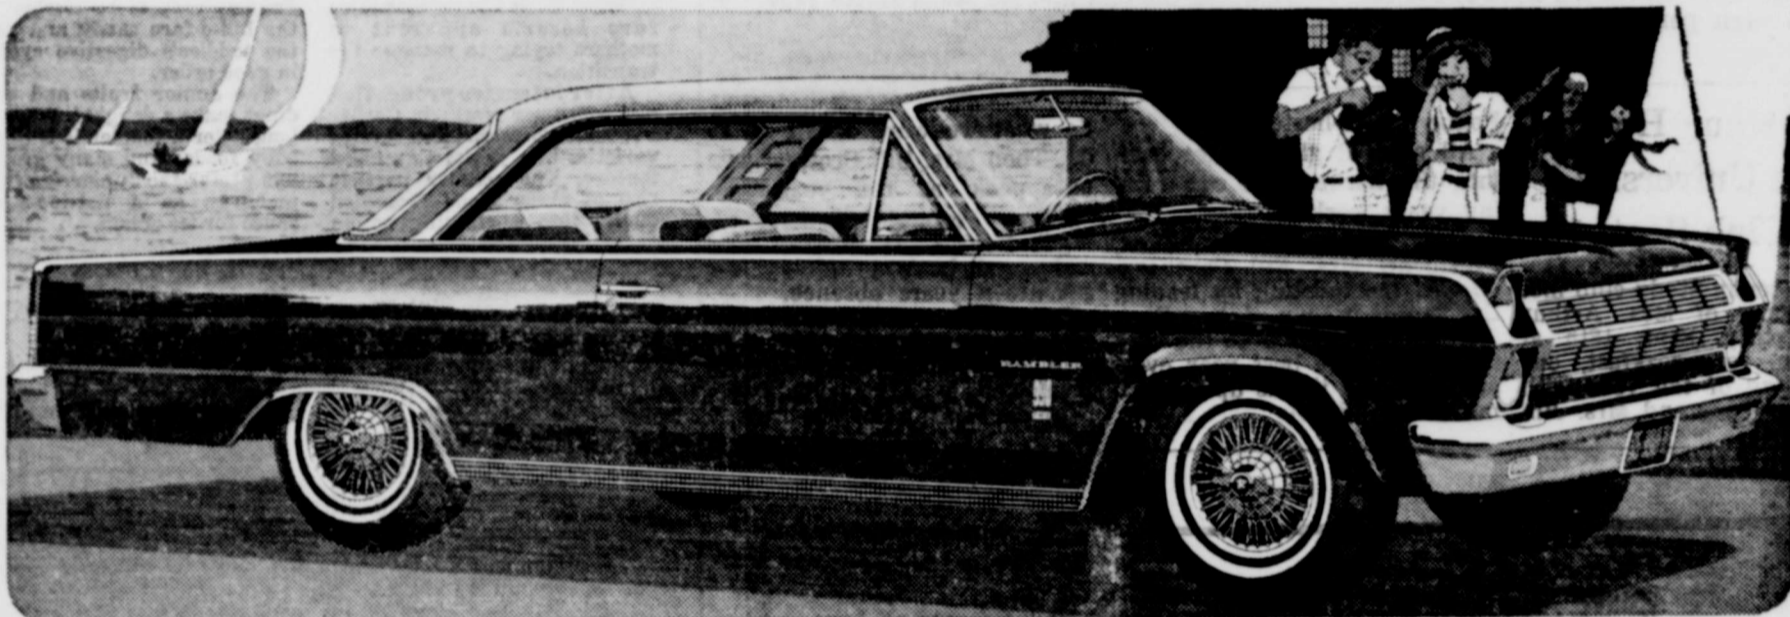

The origin of knitting is completely unknown, although it is assumed to have been developed from netting.

New Rambler Models Added for 1965

The 1965 Rambler lineup includes the widest selection of models in American Motors' history with convertibles offered for the first time in the completely-restyled Classic and Ambassador series. Shown is the Classic 770 convertible which features a new horizontal fine-line grille, dual horizontal headlights, horizontal wraparound tail lights and numerous other styling changes. The Classic line for 1965 has a distinct curbstone identity—as do the Ambassador and American lines—and includes a full selection of two- and four-door sedans, station wagons and hardtops, in addition to the new convertible model. More powerful six-cylinder engines are added in 1965.

65's Most Sweeping Changes- RAMBLER ANNOUNCES THE SENSIBLE SPECTACULARS New! 3 Different Sizes. New! 3 Different Wheelbases. New! 7 Spectacular Engines.

'65 RAMBLER AMBASSADOR
Largest and Finest of the New Ramblers

OUTHWESTERN BELL

NEW AND DIFFERENT

An entirely new body design is offered on all 1965 Pontiac Catalina, Star Chief, Bonneville and Grand Prix models. An exciting option for 1965 is the 2 Plus 2 shown above in Pontiac's Catalina sports coupe. The option is also available in the Catalina convertible. The 2 Plus 2 offers such exclusive features as turn paint stripes running the length of the car, front fender lower accents and all new 2 Plus 2 identification. Under the hood is Pontiac's famed high performance 421 cubic inch

V-8 engine. The fast flowing roof line is also a feature of the Bonneville sports coupe.

Introduced for the first time with the 1965 models is the four-door Le Mans sedan below. The Le Mans, along with the complete Tempest line, has been restyled including vertically mounted headlights, increased length and all new colors. There are now twelve models in the Tempest, Tempest Custom and Le Mans series plus the sporty GTO.

Mrs. Arthur Houser Hostess University Study Club Sept. 18

The University Study club met in the home of Mrs. Arthur Houser Friday, Sept. 18th at 9:30 a. m. for breakfast, our first meeting of the year with Mrs. Bill Crosley and Mrs. Jim

Pogue as co-hostesses.

All seemed glad to get back into the harness for our coming year work.

After a delicious breakfast, President, Mrs. Bill Cauthorn, opened the meeting by leading the group in our club collect. She pledged herself to the club to make it the best year ever, and also said it was up to each member to do our part and to

do what we were called on to do. Then Mrs. Bill Crosley gave us a peek at the year book "Peace Through Understanding." Mrs. I. D. Russell was welcomed back to club after seventeen years absence.

Those present were Mesdames Bill Cauthorn, Blake Browning, S. S. Reger, Marshall Young, O. E. Melton, I. E. Harwell, Homer Gilbert, Sam Shrum, Lewis

Junior Foods Fashioned For "In-Between" Agers

It hardly seems possible, but many babies hit an awkward age by the time they are one year old. This does not refer to their physical dexterity but to their food potential - those babies who are too young for steak and too old for strained spinach.

Only a few years after commercially prepared strained vegetables and fruits were being accepted widely in baby feeding, the gap between the strained foods and regular table fare became apparent to mothers trying to manage the transition.

After intensive production and consumer research, Gerber Products Co. introduced several varieties in a junior or mixed texture. The coarser particle size of these foods prompted babies into a chewing action

and provided an important bridge between the strained foods and adult foods cut into small pieces. Junior foods now account for nearly half of the more than 115 baby food varieties in the Gerber line.

Even after toddlers are eating lamb chops and roast chicken, there are mealtimes when it is better for the growing child to skip the hot tamales or chili. High Meat Dinners or some of the other meal-in-one Junior products by Gerber fill the bill - fare easily and keep the toddler's digestive system in good order.

The Junior fruits and puddings make a delightful dessert long after a toddler is through baby foods. And many grown-ups prefer the Junior fruits or puddings as a not-too-sweet sauce for ice cream.

Brocker, A. R. Bunstine, Joe Majors, I. D. Russell, J. H. Rigby and the hostesses, Arthur Houser, Bill Crosley and Jim Pogue.

Prepare thyself for the worst and therefore secrete a few American Express Cheques in thine hind pocket, dear sir.

Bring out the beauty in your home...

with modern light for living...

The lighting in your home can do much more than merely dispel darkness. Good light in the living room, for example, can add an atmosphere of charm and cheer. It can bring out the beauty of your furnishings. It can make the room a hospitable background for entertaining... and an inviting center for your family's leisure hours. To enjoy both beauty and eye comfort in the living room, you need three kinds of light: (1) general lighting for overall room illumination; (2) local lighting at chairs and sofas for close visual tasks; (3) accent lighting for decorative purposes. Your lighting dealer will gladly help you choose the lamps and fixtures you need for modern Light for Living. Or call our office and we'll send a lighting specialist to help you with suggestions.

TEXAS ELECTRIC SERVICE COMPANY
 JOE T. SALTER, Manager 569-3373

For close visual tasks, like reading or sewing, portable lamps should be a part of each furniture grouping. The average living room needs from three to five portable lamps.

Overall lighting adds glamour and spaciousness to rooms. A lighted valance like this provides indirect light on the ceiling plus dramatic downlight on drapes and wall.

Accent lighting with recessed or exposed downlights brings out focal points of beauty. Lighted wall brackets may be used for the same purpose.

The Future Farmers of America held their first meeting Tuesday night.

We elected officers for the 1964-65 year. They are as follows: president, Charles Fletcher; vice pres., Muriel Cantrell; secretary, Terrell Goins; treasurer, Don Sykes; reporter, Loyd Hicks; Sentinel, Jerry Warren; historian, Danny Payton; parliamentarian, Gary Stubblefield; advisor, B. A. Farris; student advisor, Randy Bills.

During the business meeting

we also discussed the ties for a 1964-65 year. The sweetheart will be at the next meeting.

How To Travel With Children

An automobile trip with children can be both economical and fun, if you have some built-in headaches. The makers of Bayer Aspirin suggest ways to ease the strain.

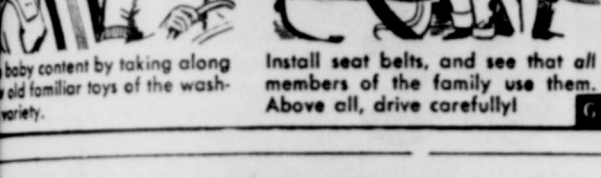

Transistor radios with ear plugs for individual listening are wonderful attention holders.

Don't forget to take an emergency kit containing sterile pads and adhesive, a topical antiseptic, medicated skin cream, aspirin (both adult and children sizes), and an anti-motion drug.

Install seat belts, and see that all members of the family use them. Above all, drive carefully!

Install seat belts, and see that all members of the family use them. Above all, drive carefully!

All About Dogs

Good Dog Neighbors

You may have quit beating your wife years ago and are now the president of the PTA. But you can still be the best disliked man in town if you don't know how to be a good dog neighbor. It's not hard to be a bad dog neighbor. All you have to do is let your dog run the neighborhood, bark excessively, fight other dogs, chase cars, cats and kids or bite the mailman, to name a few. Of course, if you want to practice a "canine good neighbor policy," it takes a bit of work and patience, but you and your dog will be a lot happier for it.

Take car chasing. All you do to put an end to this is have a car "fight back." Enlist the aid of your neighbor and a car. When your dog starts after the car toss a small firecracker out near but not too close to him. Or throw a tin can at him. Or give him a squirt with a seltzer bottle. Introduce him to the serviceman as a friend at the beginning. Teach your dog to welcome the arrival of the mailman just as much as you do. A little food bribe won't hurt in this process.

These are a few of the sound suggestions on "canine foreign policy" to be found in the new booklet "Being A Good Dog Neighbor." You can get it by writing Purina Pet Care Division, Ralston Purina Company, Checkerboard Square, St. Louis 2, Missouri. The booklet contains tips in yard manners, taking your dog for a walk, female protection, and how to break the barking habit.

American Motors Announces Three Different Lines Ramblers for '65

American Motors today announced three distinctively different lines of 1965 Rambler cars with the widest selection of models and performance choices ever offered by the company. Each of the three lines — Ambassador, Classic and American — is on a separate wheelbase and each has its own strong "curbstone" identity.

With new powerplant choices and the addition of convertible models to the Ambassador and Classic lines, we will have the broadest model lineup in the history of American Motors," Thomas A. Coupe, vice president automotive sales, said "and, for the first time, each line will offer a full range of body styles."

In summary, there are 29 models and seven engines offered in the three Rambler lines for 1965. They include: American — 10 models, including two and four door sedans, four door station wagons,

convertibles and two door hard-tops. Engines include six cylinder 90 horsepower L-head, 125 horsepower overhead valve and 155 horsepower Torque Command.

Classic — 11 models, including two and four door sedans, four door station wagons, convertibles and two door hard-tops. Engine include six cylinder 128 horsepower, 145 horsepower and 155 horsepower Torque Command. 198 horsepower V-8 and 270 horsepower V-8.

Ambassador — 8 models, including two and four door sedans, four door station wagons, convertibles and two door hard-tops. Engines include six cylinder 155 horsepower Torque Command, 198 horsepower V-8 and 270 horsepower V-8.

The '65 Ambassador, longer and more luxurious, features all new exterior and interior styling. The wheelbase has been increased four inches to 116 inches. The top volume Classic, which retains a 112 inch wheel-

base, also is all new in appearance. Styling of the American, which recorded a sales gain of more than 40 percent during the past model year after under going a complete body change, has been tastefully refined. The American wheelbase of 106 inches is unchanged.

A hot-water heating system was added to the White House in 1853.

Roman passenger carriages could travel as much as 100 miles a day.

TEXAS PRESS ASSOCIATION 1716 SAN ANTONIO STREET AUSTIN, TEXAS

TOP—This is the impressive new Oldsmobile Jetstar 88 Holiday Sedan with its roomier, strikingly styled body, re-designed chassis, Jetfire Rocket engine and optional Jetaway transmission. One of four Jetstar 88 body styles, the Holiday Sedan displays a sweeping new roof line. The Jetstar 88 is a lower priced companion to the Dynamic 88.

BOTTOM—Distinctively new for 1965 is the Delta 88, a deluxe companion to the Dynamic 88. The Holiday Coupe shown is one of three models offered. All are powered by Oldsmobile's new 425 cubic inch Super Rocket engine with an optional Turbo Hydra-Matic transmission. The graceful tapered design of the Holiday Coupe is complemented by a newly fashionable interior with a sporty new front seat, with a split back and dropping center arm rest.

Bacon-Switch Community 4-H Club Organized

A group of seventeen boys and girls and their parents met in the home of Mr. and Mrs. S. L. Johnson at which time a new 4-H club was organized.

Miss Sandra Herrell and Bob Wurzbach from the County Extension office were present to explain the purpose and function of the 4-H club.

The constitution for the club was read and adopted by the members naming it the Bacon-Switch Community 4-H Club.

The meetings will be held on the third Thursday night of each month in the home of Mr. and Mrs. Johnson, who will be the leaders.

The following officers were elected: President, Roger Johnson, vice pres., David Savage; Secy-Treas., Kendall Hancock; Council Delegate, Linda Johnson and Patricia Gray as reporter. The members in addition to the officers are Florence Bales, Dana Rice, Becky Smith, Wesley Rice, Verna Sykes, Judy Ward, Kenny Smith, Darrell Gray, Paula Crowell, Douglas Bales, Ken Johnson and Tim Crowell.

There will be subject matter groups held on foods and nutrition, clothing, entomology and horse and pony care and training.

A display booth will be set

up in the Wichita West Shopping Center on Sept. 26th for the purpose of handing out Pamphlets about 4-H club work.

Mrs. Homer Rice and Mrs. W. J. Gray will serve refreshments at the next monthly meeting.

Cokes were served by Mrs. Johnson and a get acquainted session followed the meeting.

Reloading the .22 Rifle

Here's a quick way to load a .22 rifle having a tubular magazine. Just pre-pack the cartridges in a large-size soda straw and twist the ends closed. In the field, tear off one end of the straw and pour the ready-stacked hulls inside the tube. Pack as many straws as you think you might need.

By E. M. Schwetz, noted Texan

"REMEMBER THE ALAMO"

-- the cry that fanned Texas' defeat to victory!

On March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.

The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

SPEAK OUT FOR FREEDOM

... with U. S. Savings Bonds!

Through the years that have followed, other "Alamos" and "San Jacintos" have inspired Americans to lead and win the fight for Freedom — Pork Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Today, by purchasing a United States Savings Bond, you can also speak out for Freedom as clearly as the battle cries of old. Every Savings Bond you buy is an investment in Freedom. Buy Bonds at your bank or on the payroll savings plan where you work.

Keep Freedom in Your Future with U. S. SAVINGS BONDS

'TALKING SPICE TREE' ATTRACTION AT NEW YORK WORLD'S FAIR

A tree that talks is proving to be one of the leading traffic stoppers at the New York World's Fair. In fact, "The Legend of the Spice Tree" attracted two beautiful natives from the land where spices are grown. Mariam Pulugan and Nina Sutarinah of Indonesia listen to the romance of spice lore as told by the Spice Tree, a creation of The R. T. French Company, packer and blender of spices and herbs.

Junior University Study Club Opened Club Year Sept. 12

The Junior University Study club opened its new year with a breakfast Saturday morning Sept. 12th at the Pancake House in Wichita Falls.

Members were greeted by the yearbook committee consisting of Mesdames Finis Taylor, B. H. Preston, Jr., Bill Vincent, and L. J. Byars. Tables were decorated with varied types of medicine in keeping with the theme of study this year "Medical News of the Year." After the meal members participated in a game designed to test the individual capability of following directions so early in the morning.

Club president, Mrs. B. H. Preston, Jr., presided over a short business session at which time the new yearbooks were presented. Two new members were welcomed into the club Mrs. J. R. (Jean) Cummings and Mrs. F. R. (Dorothy) McCandless. It was decided to have a Rummage Sale Saturday, Sept. 26th at the side of Herring's Hardware.

The following members were in attendance: Mesdames Ho-

ward Clement, Russell Kelley, Gene Robertson, J. R. Cummings, C. W. Gilbert, F. R. McCandless, Ellis McCullough, Max Stanaland, B. H. Preston, Jr., C. D. Landrum, B. H. Alexander, Jr., J. B. Riley, Jr., Floyd Marten, Finis Taylor, Zac Henderson, Walter Koller, James Pearson, Bill Vincent, Ralph Brookshier, Jr.

Next meeting will be Oct. 8th in the home of Mrs. J. B. Riley, Jr.

Cathy Williams Receives Burns In Freak Accident

Cathy Williams received 2nd and 3rd degree burns about her face, arms and waist in a freak accident Saturday afternoon at the home of a friend Janis Frieids, 521 Bluebonnet.

The two girls soaked a rag in gasoline and were going to burn out a wasp's nest. When the gasoline was ignited, it exploded and burned the Williams girl.

Cathy is the daughter of Mr. and Mrs. James Williams of Burkburnett.

At least 14 Texas streams are known as Salt Creek.

Projects Chosen By The Contemporary Study Club Sept. 15

The Contemporary Study club held their first meeting of the year in the home of Mrs. I. L. Smith, Sept. 15, 1964. Mrs. G. C. Beavers as co-hostess.

The president, Mrs. Oran Wilson in the chair. The year book committee passed out the year books and outlined the projects for the year: collect clothing and donations for State Hospital, Food Baskets for the needy at Thanksgiving and Christmas. Help with Cancer Crusade, Polio Drive and Wichita County Blood Bank. Donations to Youth Center and County Farm. Our course of study is "The American Way."

Mrs. Oran Wilson gave a delightful program on what it means to be President.

We voted to have a Rummage Sale Oct. 3rd and to have a White Elephant Sale at the Oct. 13th meeting. 16 members attended the meeting.

Sam Houston lived in the Shennandoah Valley before he became the liberator of Texas.

WADDLY ENOUGH

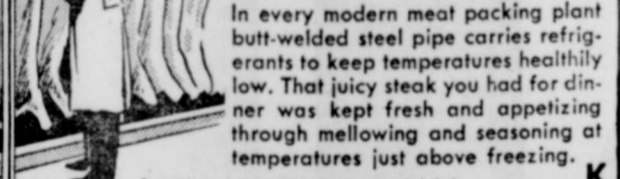

REFRIGERATION

Quick frozen foods were first introduced to the public in March, 1930. Since that time our menus have been revolutionized by the wide variety of seasonal foods that are now available year-round. Butt-welded steel pipe is used in the freezing chambers of food processors to keep the temperature at a frigid -10° to -40°F.

Flowers for merriment are also kept fresh by refrigerants flowing through sturdy butt-welded steel pipe. While the flowers are not kept at low temperatures of 40° to 50°F, keep the natural beauty and just-picked freshness of the flowers for many days.

In every modern meat packing plant butt-welded steel pipe carries refrigerants to keep temperatures healthily low. That juicy steak you had for dinner was kept fresh and appetizing through mellowing and seasoning at temperatures just above freezing.

Committee of Steel Pipe Producers, A. I. S. I.

WHERE DO YOU PUT GOD?

Most Americans are not in any immediate danger of defying God or of becoming atheists... BUT MANY ARE CROWDING GOD OUT OF THEIR LIVES."

"Crowding God Out" has been the problem of even conscientious people for thousands of years! "FAR BE IT FROM US that we should forsake JEHOVAH," said Israel, (Joshua 24:16, ASV). Yet they did!

God Must Be FIRST, or not at all (Matthew 6:33). Come, and with us seek Him THIS Lord's day at 9:45 and 10:45 A. M.

LAW BY FEDERAL REGISTER
BY WILLIAM D. GRAFF

The United States Constitution is not one bit vague in specifying exactly which branch of the federal government is to handle legislation.

This matter was of sufficient importance in the estimation of the Founding Fathers that it became the very first consideration following the Preamble.

Article I, Section 1 declares: "All legislative powers herein granted shall be vested in a Congress of the United States which shall consist of a Senate and House of Representatives." (Emphasis added.)

Articles II and III concern the Executive and Judicial branches respectively, and nowhere in these two articles is any delegation of legislative powers made to the White House or to the U. S. Supreme Court.

The purpose of this discussion is not to go into the Supreme Court's many obnoxious forays into the areas of legislation. These black-robed ventures have elicited appropriate response from all sides of the political spectrum.

"Law" Making

Rather, it is imperative that John Q. Public be made aware of just how much "law" is being made by agencies, bureaus and commissions within the Executive branch of the federal government.

If the question were asked: "How many have ever heard of the Federal Register?" we'll bet the show of hands would be almost nil.

Yet the Federal Register since 1933 contains more "law" than will be found in the volumes of legislation enacted by Congress since 1789.

On every day of the year except Saturdays, Sundays and

holidays, new edicts and rulings by executive departments are printed in the Federal Register. And, while the Constitution gives Congress the only authority to legislate, these decrees by regulatory agencies and others have the same enforceability as properly enacted Congressional legislation.

This brings us to a strange contradiction in terms. If the Constitution specifically states that "all legislative powers" shall be vested in Congress, just what makes the Federal Register's decrees enforceable?

Information Needed

It's a good question; and we believe the answer will come from the people themselves when they are properly informed as to the existence of this (to all intent and purpose) sub-strata, para-legislative machinery.

As of August, 1962, there were 52 independent regulatory agencies with quasi-legislative, quasi-judicial and quasi-executive powers. They employed 463,219 people, spent 14 per cent of the total federal budget, and nearly one-third of the "non-defense" budget.

Other than the Interstate Commerce Commission, which could be considered authorized by the Constitution's permission to regulate commerce among the various states, we can't understand how these other gate-crashers ever made it through the door.

Certainly Article X of the Bill of Rights (the "do it yourself" amendment) was intended to safe guard a self sufficient people from the nauseous invasions of those who chorus "We Can Spend it for You Better Than You Can."

There is nothing in sight,

"GREAT MOMENTS IN FASHION" AT 1964 STATE FAIR

FREE FASHION SHOWS "Great Moments in Fashion" will be the theme of free fashion shows presented free at 2 and 4 p.m. daily in the Women's Department at the 1964 State Fair of Texas, October 10 through 25 in Dallas. Apparel from ten Texas fashion houses will be featured. From Justin McCarty will come this gold and white braided wool suit with a braid trim and separate blouse, at left. Center, a two-piece brother and sister ensemble of Crestland navy blue flannel, with a French sailor back, will be presented by Johnston Inc. And at right, Lorch Manufacturing Company will present a three-piece wool blend green suit with lapels, blouse and cuffs in brilliant autumn colors. Maple sugar kid gloves and the gold fur blend hat from Asbury Millinery Company round out the ensemble.

which, to us offers a better opportunity for the needed house cleaning than the proposed Liberty Amendment to the Constitution. The mere mention of this measure gives the bureaucrats the willies—because it would cut off their funds and restore the same money to the taxpayers to be spent on whatever the latter would like to use it for.

DEATH NEVER TAKES A HOLIDAY
GEORGE LEMON

Another crusader for traffic safety is Mrs. Fred Miller of Phoenix, Ariz. According to the September issue of the Grit, a family paper published in Williamsburg, Pa. Her slogan: "Drive by the Golden Rule" You are your brother's keeper. Mrs. Miller was recently awarded the Allstate Safety Council

commendation. Stop — Look — Listen! At railroad crossings. The recent crash of a Super Chief into an oil truck killing the engineer and fireman, should serve as a warning to be careful at railroad crossings. Remember! The life you save may be your own. Hats off to our Arizona neighbor.

LOOK FOR THE ACTION

What goes through a fish's mind when he shops around for a lure to smash? Unless he becomes irritated by the intrusion of a wigging hunk of metal, plastic or feathers, he probably looks for something closely resembling the tasty, nutritious dishes to which he's accustomed.

Taken literally, this would suggest to inexperienced fishermen that they should rush out to buy lures that are identical copies of natural fish foods. But hold on, warn the fishing pros at Mercury outdoors; fooling a fish is no simple matter and it takes more than looks to induce a strike.

Actually, some of the best lures, proven by thousands of anglers over the years, do not even faintly resemble natural foods. In fact, some are so absurd they raise doubts to a fish's mentality... yet they produce. It becomes apparent, then, that some other factor enters the picture.

When fish ignore a perfect imitation and select a lure that looks like something you'd expect to find dangling on the watch job of a railroad conductor, it's safe to assume that fish have had vision for outlines and details. What he does see is mainly size and movement.

Therefore, advise the Mercury folks, the important considerations are to use a lure of the proper size and fish it in a manner that compares closely with the movements of natural foods.

Pattern, color and shape play less of a role than often supposed. It's the man behind the rod who fools the fish, not a pretty lure in a showcase—that mainly dupe the man.

"Pre-Pay" Public Telephones Used In Burkburnett

aimed at making improvements in Burkburnett public telephone service last week.

Under the old system, a customer dialed his number then received a special tone when the called party answered. He deposited his dime or two nickels at this point.

Telephone technicians have been at work several weeks installing the special additional equipment needed to make the more popular "pre-pay" service work, Deuschle said.

Port, Convenience and Safety Featured in the 1965 Oldsmobiles

"Bench" Seat

Most people like bucket seats when the car's full of adults, the bench seat gives a lot more room. Oldsmobile has come up with a combination seat of all kinds of people.

back of the front seat is a very attractive vanity compartment which includes a mirror, vanity lights and tissue dispenser.

Wider Brakes

Oldsmobile engineers, constantly on the alert for ways of improving vehicle safety, announce a wider front brake as standard equipment on all full size models for 1965. On the heavier 98 models, brake width has been increased on all four wheels.

New Engine—Transmission

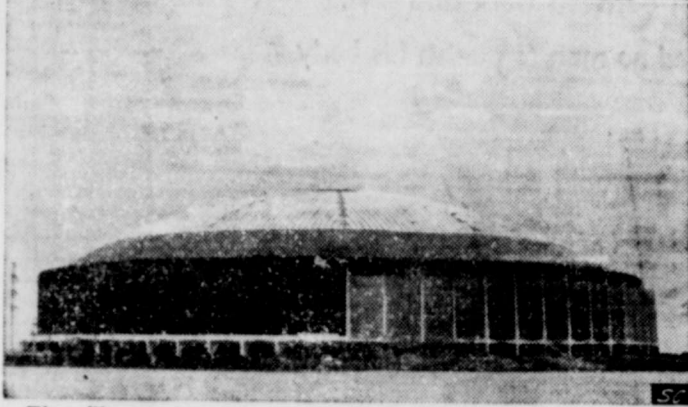

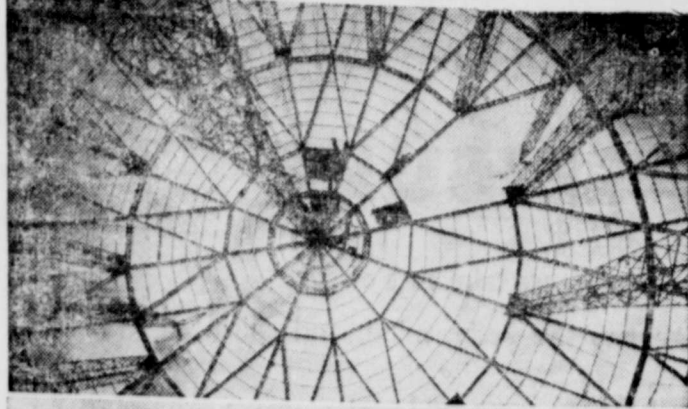

Most people, not technically minded, are satisfied with the fact that their car is equipped with an engine and a transmission that will perform when they want it to perform—smoothly and quietly. Oldsmobile's 1965 combination of the new 425 cubic inch Super Rocket engine and Turbo Hydra-Matic transmission gives an exhibition of smooth, quiet and exhilarating teamwork that's almost unbelievable.

Play It Cool!

There'll never be a "game called on account of rain" in the world's largest domed stadium taking shape in Houston, Tex. The stadium, fully air-conditioned and covered by 9 1/2 acres of steel, is 710 feet wide, and tall enough to house an 18-story building. Its 642-foot dome will give an unobstructed view to 46,000 for baseball, 53,000 for football and 66,000 for boxing. Because of high-strength steels, only 72 columns were needed to support dome, 208 feet high. Top photo shows steel framing of immense dome being put into place; bottom photo shows how huge stadium will look when completed in time for official opening of 1965 National League baseball season.

CHAIRMEN REPORT ROAD OPENING MILESTONE EVENT FOR BURKBURNETT

Jerry Thomas, president of the Chamber of Commerce said the ribbon cutting at the Red River bridge at 10:30 a. m. Oct. 9th will be a climax of National Highway week. He said the ceremonies may bring more dignitaries to Burkburnett than any other past occasion.

ter said Monday night his committee would screen the water meter roster of Burkburnett to determine Burkburnett's labor force. The labor force statistic he said is the foremost question in the mind of any industrial prospect. Salter said a fertilizer blending firm has virtually assured him of locating in Burkburnett.

Among the dignitaries invited is former President Dwight D. Eisenhower. The former President was invited because it was during his administration that the highway expansion bill was signed. The governors of Texas, Oklahoma, Missouri and Kansas also have been invited. The program at the bridge includes a talk by D. C. Greer, Texas highway engineer. From the bridge ceremony, the party will go to Wichita Falls for a noon luncheon. Afterward, the party will hold another ribbon cutting in Lawton to open the access road to the toll road. An evening luncheon is planned in Lawton.

Clark Greer, chairman of Burkburnett's highway committee covered the ribbon cutting at the bridge. He was followed by Joe Salter of the Industrial Committee. Sal-

Humble to Broadcast Six S-W Conference Games Sept. 25-26

Humble Oil and Refining Company will sponsor the broadcast over radio this weekend of six Southwest Conference football games. There will be on broadcast Friday night, the others on Saturday.

The Texas A and M-University of Houston game will be broadcast Friday night from Jeppesen Stadium in Houston by John Phelan and John Smith Radio time will be 7:45 p. m.

The Baylor-Washington game will be broadcast Saturday from the University of Washington Stadium in Seattle by Jim Wiggins and Stan McKenzie. Radio time will be 2:45 p. m.

The SMU-Ohio State game will be broadcast from Ohio Stadium, Columbus by Ves Box and Glenn Brown. Radio time will be 12:15 p. m.

The Rice-LSU game will be broadcast from Rice Stadium in Houston by Connie Alexander and John Smith. Radio time will be 7:45 p. m.

The TCU-Florida State game will be broadcast from TCU-Amon Carter Stadium in Ft. Worth by Eddie Hill and Jack Dale. Radio time for the game will be 7:15 p. m.

The Texas Tech-Texas game will be broadcast from Jones Stadium in Lubbock by Kern Tips and Alec Chessner. Radio time for the game will be 7:15 p. m.

James H. Harwell C of C Manager In Wichita Falls

James H. (Jim) Harwell was named today as the new General Manager of the Wichita Falls Chamber of Commerce. He has been manager of the Chamber of Commerce at Paris, Texas the past three years.

The announcement was made by Rex Jennings who will continue to serve as Executive Vice President for both the Chamber of Commerce and the one million dollar Industrial Development, Inc. of Wichita Falls.

Harwell has been in Chamber of Commerce management for six years and served as Manager at Grand Saline and Burkburnett before going to Paris. Before entering Chamber work he spent six years as a Professional Boy Scout Executive.

MONEY 'ROUND THE WORLD

SPAIN
An ancient country of infinite variety, Spain is drenched with sun, color, music, and drama. From bullfights to art treasures, fiestas to the windmills of La Mancha—it's a whole new world for American tourists to discover.

The basis of Spanish money is the peseta. There are 60 pesetas to the U.S. \$1. One peseta is about two cents. There are coins to the value of 1, 5, 25, and 50 pesetas, and paper money to the value of 1, 5, 25, 50, 100, 500 and 1000 pesetas. (The small centimo is almost obsolete today; 100 centimos = 1 peseta.)

Use travelers checks to overcome your currency problems while traveling overseas. First National City Bank Travelers Checks can be bought and cashed throughout colorful Spain.

OUR USE OF LEISURE

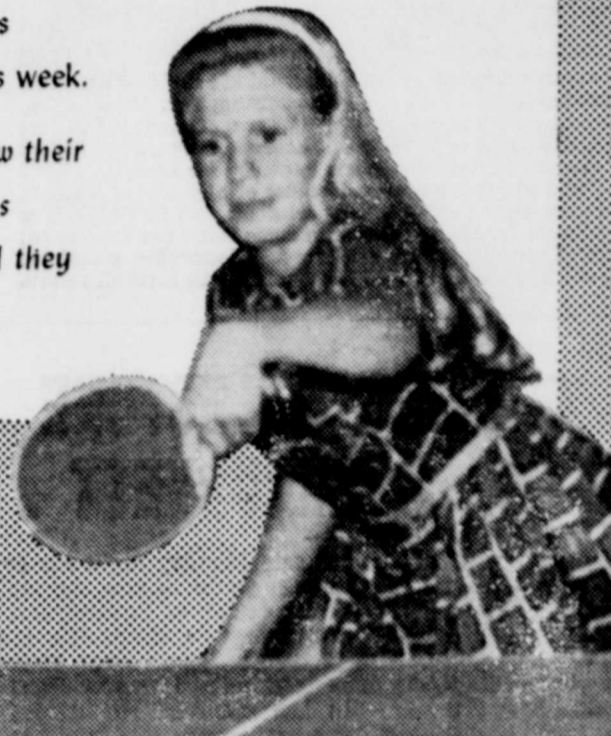

None of us can make our best contribution to life unless we take care of our physical selves. The right kind of recreation renews the body, mind, and spirit.

There should be a proper balance and rhythm between work and rest. Our Lord meant for us to enjoy life and intended no man to punish his body with unrelieved work.

Of course our recreation should be of a kind that would actually re-create our spirits and bodies and make us better able to perform our work.

Part of our leisure time should be spent renewing our spirit by worshiping God in His Church. We invite you to attend services this week.

"But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run and not be weary; and they shall walk and not faint." Isaiah 40:31.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DEATH NEVER TAKES A HOLIDAY

GEORGE LEMON

The screaming siren of police and ambulance cars should remind you to use care in your driving. A recent TV announce- ment stated, Three thousand ac- cidents occur every month. Obey traffic laws. A near accident almost occur- ed in Burkburnett the other day. Some young fellows in a brown car, ran a red light and almost got hit. 4 cars would

have been involved. Police of- ficers state that in nearly ev- ery accident, someone violates the law. Traffic laws are made for your safety, obey them. Drive as if your life depend- ed upon it. It Does!

Single Edge Blades Useful
 Carry a single edge razor blade (in a safety wrapper of course) for quick field dressing of small game. It is sharper than a knife and easier to handle. A half dozen take up but little space.

now! the beautiful shapes for '65

'65 Chevrolet Impala Sport Sedan

Chevrolet Impala '65

It's longer, lower, wider—with comforts that'll have many an expensive car wondering why it didn't think of them first. More shoulder room, more leg room up front. Curved side windows, an

instrument panel that's a conversation piece. In fact, just about everything's new right down to the road. And even that'll seem newer because the Jet-smooth ride is smoother than ever.

'65 Chevelle Malibu Super Sport Coupe

Chevelle Malibu '65

Here's all that made Chevelle America's most popular new-sized car—plus some new surprises. Like those cleaner, bolder lines. Like the silky way its new ride skims over the choppiest roads. Like

V8 power that'll make you think we stole some of Corvette's stuff—which we did. All told, five engines are available from a quieter six to a V8 that comes on 300 horses strong.

'65 Chevy II Nova 4-Door Sedan

Chevy II Nova '65

It may be the expensive-est looking thrift car you've laid eyes on. But thrifty it is. The big difference being that Chevy II's marvelous mechanical efficiency now wears a debonair new look. And

offers a new range of engines, including a new 300-hp V8. You could get the idea that saving you money was the last thing we had in mind—if it weren't for that price sticker on the window.

New top-of-the-line Corvair Corsa Sport Coupe

Corvair Corsa '65

How's this for sport with an international flair! The longer, wider design gives all closed models a hardtop roof, along with more shoulder and entrance room. And to go with the racier look,

there's up to 180 hp available in the new Corsa series, up to 140 hp in the Monza and 500 series. Also a flatter riding independent suspension, more responsive steering and a wider road stance.

See 5 beautiful shapes for '65—Chevrolet, Chevelle, Chevy II, Corvair & Corvette—at your dealer's

Builders Class Met Wed., Sept. 2nd for First Fall Meeting

After a three months rest, the Builders Class of the First Baptist Church met in the former home of Mrs. J. W. Allen, 119 Avenue C on September 2nd for their 1st meeting of the fall season. The President, Mrs. Thorp opened with a song by the class, I Need Thee Every Hour. Mrs. Carnes led in prayer. Mrs. Preston Johnson brought a devotional using 1st Cor., Chapter 3, verses 11 to 15, and continued with a talk on Builders.

Reports were given by group captains and secretary. Our teacher, Mrs. McMurry, gave a report on her trip to Midland and her visit to the Baptist Church there. Some items of business were aired and settled. The meeting was closed with prayer by Mrs. Walling.

Mrs. Willis had charge of the social and gave a reading, A Little Boy's Definition of Anatomy. Mrs. Kreidler brought a talk on foods, holidays and customs in her home country. Mrs. Willis gave a reading, A Modest Renter and a Dumb House Owner.

Ice cream was served to four visitors and nine members: Mesdames Allen, Johnson, Kreidler, McMurry, Wright, Thorpe, Willis, Germany, Walling, Carnes, Covington, Bundy, Foster. Mrs. McMurry closed with prayer.

If you are a newcomer to Burkburnett and have not been contacted please call Phyllis Endres, 569-3762.

A new born porpoise weighs about 25 pounds and is 30 to 40 inches in length.

Eggs of the female octopus are about half the size of a grain of rice.

Beautiful New Chevrolets for 1965

Leading the beauty parade of 1965 cars is the elegant Chevrolet Impala Sport Coupe (above) with new flowing lines, new roominess and a distinctive profile. Stylish roof lines and curved side windows blend with the gracefully contoured rear quarter panels. The new Impala Convertible features inward folding top with tempered glass rear window. The regular-size Chevrolet is available in 15 models in four series. The public announcement date for all Chevrolet-built passenger cars is September 24.

Chevrolet Offers 45 New Models In Five Distinctive Lines for '65

Chevrolet takes its longest stride into the fine car field with its 1965 passenger cars—plus offering the widest variety of luxury models and product features in its 54 year history. On display in dealer showrooms on Thursday, Sept. 24th will be 45 models in five distinctive lines of new Chevrolets—convertibles and hardtops. There are all new cars in two lines:

The regular Chevrolet, long-time industry sales leader, moves to a new prestige plateau with the greatest comfort and luxury ever offered. The Covair makes a dramatic advance with its first major styling change in five years. **REGULAR CHEVROLET** — the top selling line is an entirely new automobile for 1965.

It is the most luxurious car ever offered by Chevrolet. Fifteen models in four series stress a bigger car concept. **CHEVELLE** — Chevrolet's newest car was a quick favorite with the motorist, recording 300,000 sales in its first model year.

For 1965 the Chevelle line is expanded to 12 models in four series, including a new economy series, the "300".

CHEVY II — New styling refinements and a wider range of optional power is offered in the Chevy II, entering its fourth year of attracting the motorist who wants tasteful styling, economy and ease of handling. Chevy II will be available in seven models in three series.

CORVETTE — America's only sports car offers another pace setting development for 1965—disc brakes on all four wheels as standard equipment.

Midwestern University Sets Up First Area News Media Appreciation Day

Monday, October 19th has been set aside at Midwestern University as news media appreciation day or "Operation Thank You! All area newspapers, radio and television stations have been invited to attend the event as guests of the University.

University officials have planned a program which begins at 10:00 a. m. with a reception in Clark Student Center for the

honored guests. Tours of the campus will precede the luncheon at noon. Mr. Curtis Cook, Managing Editor, Wichita Falls Record News and a well known veteran newspaperman will address the group. The Midwestern University Choir will present a program of entertainment. So far as is known, this is the first attempt by a college to fete representatives of news media.

BOOMTOWN OPTIMISTS HAVE SPECIAL GUEST, MIKE DUNCAN, WHO SPONSORED BURK CLUB

Past Lt. Gov. of Zone A, Optimist International, Mike Duncan, was special guest of the Boomtown Optimist Club at last Thursday's meeting. Duncan was president of the Sunrise Optimist Club of Wichita Falls and sponsored the organization of the Burk Club.

Mr. B. E. Askins was speaker for the evening. Askins, an Educational Specialist at SAFB, is completing work on his doctoral degree in education at North Texas University. He gave a short introduction to a tape of a noted psychologist and comedian on Mental Hygiene, given at a recent convention in San Francisco. The speaker, using layman terminology and examples, listed ten ways to a happier, healthier life.

Thursday's program will be Functions and Responsibilities of the Small Business Administration, specifically, Financial Assistance. Mr. Hall T. Martin of the Small Business Administration in Dallas will be the speaker. Area business men who would like to attend this particular meeting can call James Spinks, president of the local Optimist for

reservations.

The Boomtown Optimist Club is again working with the Youth Center Board and will sponsor the Friday nite Junior Hi Night. Many new records have been added to the juke box and various types of activities are being planned for the coming year.

Local Optimist meet each Thursday, 7:30 P. M. at Charlie's Cafe.

Perry W. Ellis, a 1964 Burk High School graduate, has enrolled as a freshman at Kilgore College. He is staying off campus at the Colonial Inn.
