HALLOWEEN

By JANICE HARRIS

Fifth Grade Hardin Grade School

All is quiet, all is still, Except down by the rundown mill. They say it's scary, Just like the dairy We went down one day But we were so scared we didn't stay! We opened the door and looked in But we were so scared, we've never been again. There were bugs and spiders and all kinds of things, And a few big creatures that did have wings. One of my friends called on the phone, And said he had heard moans and groans. My folks said it was just the wind, But nobody's brave enough to go in. If we had a party there tonight (But we won't for we're all full of fright). Guess who would be our host, No one but a big bad ghost. All is quiet, all is still, Except down at the rundown mill.

Survivors include three daughters, Mrs. Mary Kincaid and Mrs. Sue Kirkham, both of Wichita Falls and Mrs. Jo Ella Boyd of Canton, Tex.; two sons, Harold of Hull, Tex., and Bill of Beaumont; three sisters, Mrs. J. H. Dunn of Bishop, Mrs. E. G. Copeland of Cowiche, Calif., and Mrs. W. O. Falloahay of Modesta, Calif.; two brothers, Lester Richardson, address not known, and L. A. Richardson of Colingua, Calif.; and 13 grandchildren.

G. C. Posey Dies Tues., Oct. 27

G. C. Posey, 74, of Burkburnett, died at 12:55 p. m. Tuesday in a Wichita Falls hospital after an illness of several weeks. Funeral services will be at 2 p. m. Friday from the Burkburnett Church of Christ with William Willhoit, former minister of the Burkburnett Church and the minister, Eugene Gillmore, officiating.

Burial will be in Burkburnett Cemetery under the direction of Owens and Brumley Funeral Home. Born Jan. 6, 1890, in Gatesville, Texas, Posey was a retired school custodian. He served in Burkburnett elementary schools more than 19 years.

He had been a resident of Burkburnett for 26 years. Prior to moving here he had lived at Weatherford, Tex. Posey was a member of the Burkburnett Volunteer Fire Department. Survivors include the widow, Mrs. Carrie Posey; three daughters, Mrs. Eldora Bean of Vidor, Tex., Mrs. Mae McNeil and Mrs. Clodella Bridges, both of Burkburnett; a son, G. C. Posey, Jr., of Dallas; a sister, Mrs. Almada Key of Waco; a brother, Willie Posey of Waco; 10 grandchildren and five great grandchildren.

NOW IS THE TIME FOR ALL GOOD MEN . . .

Next Tuesday is Election Day. This is a time of perennial, electric excitement which seems unique only to elections. Also, it is a time of sobering sadness.

Here's why: This year in Texas there are an estimated 5,900,000 people over 21, but only 3,110,000 are eligible to vote. And that "eligibility estimate" takes in everybody: poll-taxpayers, folks who were issued exemptions and those who live in towns who do not require over-age exemptions, and those who registered under the federal provision.

So, right off the bat we lost more than two million potential voters.

Now, some forecasters predict a voting turnout of 2,500,000 Texans. That would be a record, but not a record of which to be proud.

That means only about seven out of ten Texans who are eligible to vote will take time out to do so.

You — and only you — can do something about it. Only you can go to the polls; only you can cast your vote.

It's up to you. You are voting for more than yourself. You are voting for half of Texas which can't vote for themselves.

COOPER HD CLUB NEWS

The Cooper Home Demonstration club met in regular session Monday, Oct. 26, 1964 at 2 p. m. in the home of Mrs. Bob Stewart, Thornberry Highway.

The meeting was called to order by Mrs. Bee Bryant, president. Prayer was repeated in unison. Roll call was answered with "mistakes I make when driving." Mrs. Sam Spencer read the minutes of the last meeting, and Mrs. Lee Cooper gave the financial report. Report of the last County Council meeting was given by Mrs. George Emmert, and stated the Christmas party would be held on Tuesday, Dec. 8th at 1:30 p. m. The members were urged to vote in the General Election Tuesday, Nov. 3rd.

The next meeting will be held Nov. 9th in the home of Mrs. D. E. Beck, at which time Miss Thelma Wirges, agent, will be the speaker.

The members going on the Achievement Day tour, Oct. 21, told what appealed to them most at the various places visited.

Miss Amelia Spencer presented the program for the day on "How to care for Wash and Wear Garments." She stressed the fact these garments stay fresher looking during wear, but need to be washed frequently as once these fibers and finishes become heavily soiled and stained, they won't come clean easily. Don't use chlorine bleach on wash and wear cottons and rayons unless the label suggests it. Be sure and read your labels that applies to each garment.

Mrs. George Emmert had charge of the recreation period, with prizes going to Mesdames Bee Bryant, Lee Cooper and Miss Amelia Spencer.

A refreshment plate was served the following members, Mesdames O. J. Cooper, Bee Bryant, Lee Cooper, Sam Spencer, W. P. Rogers, J. H. Gill, George Emmert, E. E. Walt, Dawson Owen, Joe Musgrave, Dorman Clark, Miss Amelia Spencer and Mrs. Gertrude Barfield, a visitor.

Color Day Nov. 3 At Junior High

Tuesday, Nov. 3, 1964 has been designated as Color Day for Burkburnett Junior High School. All students are urged to wear the school colors, Orange and black.

The Student Council chose this day, because it is the last home game of the Junior High football teams. BJH will be playing Lawton Eisenhower. The Seventh grade game will begin at 6 o'clock, the eighth grade game will follow.

Everyone is invited to attend and support the teams.

A dreadful experience is to ask an innocent question at 8:00 p. m. following dinner, and get an answer that ties you to an uncomfortable chair till 11:02.

3 From Burk Attend Mobil Convention

Prominent Burkburnett residents George Byerly and Major and Jocile Russell were numbered among the 3,000 Mobil dealers, wives and oil company marketers attending the 1964 Mobil Dealer convention in Las Vegas, Oct. 21-22.

Exhibitor demonstrations and displays at the convention featured the latest in service station equipment, products and merchandising ideas.

A special program including a luncheon-fashion show was held for the dealers' wives.

IT PAYS TO ADVERTISE!

Mrs. Flora Bentley Home Damaged By Lightning Sunday Morning

A freak streak of lightning hit the home of Mrs. Flora Bentley, 312 Hayworth, at 10 a. m. Sunday while she attended the First Baptist Church.

The clap, heard all over Burkburnett, hit a sycamore tree about six feet from the south west corner of the house. It west corner of a chunk about five feet long and three inches thick from the tree, the lightning jumped to the southwest corner of the house, slightly twisted apart the corner and then entered the house through a window breaking a pane.

Three other panes were not broken. It appears that the streak then hit the sink where it twisted the drain loose from the kitchen sink.

Above the sink, the impact singed the top of the window and broke out every cabinet running along the southwest side of the kitchen. On the very next shelves below was china, mostly left undisturbed. Four coffee cups hanging from hooks were thrown to the floor but not broken.

Mrs. Bentley figures this happened at 10 a. m. because the electric clock, just three feet away from the cabinets, was undisturbed from its hook, but stopped at 10.

The same streak or another segment hit directly opposite on the southeast corner of the house. Hitting between two eaves, it only tore a foot and a half hole in the top eave. Traveling along the vent, it loosened the roof shingles as a huge, powerful vacuum cleaner would.

Said Mrs. Bentley, "I wasn't afraid when I found out, but I had nightmares about this last night; I didn't sleep to well."

George Byerly has returned home after several days visit with relatives and friends in Port Arthur and Beaumont.

Mr. and Mrs. Frank Parker and children of Oklahoma City, visited friends and relatives here over the weekend.

David, 8 year old son of Mr. and Mrs. Chester Todd, was a top winner in the local contest held here in September. His records were then sent in for district judging.

Winners at the competition in Dallas Saturday will then go to Florida for the national finals.

GRASS ROOTS OPINION

CHESTER, S. C., REPORTER: "The newspaper profession today is cursed with by-liners, those editorialists at large who would control public opinion by regurgitating pigeon's milk to us squabs why buy the papers. There is no law requiring a newspaper to be fair. There is no statute, state or federal, demanding that a reporter assigned to any candidate be objective. But the whole concept of a free press in a free nation is based on the assumption that those of us serving newspapers will try as hard as we can and do the best we can to give a truthful report in those columns we designate as news."

BLANCHESTER, OHIO, STAR-REPUBLICAN: "I do not think the great issues of this campaign are Cuba; the farm program; Communism; or any of the other petty things that these two men have been and will quibble about from now until election; I do believe that the one great issue is the welfare of American people, allowed to live in a free society, and to prosper and gain under a system of free enterprise that has and will continue to make us the greatest nation in the world."

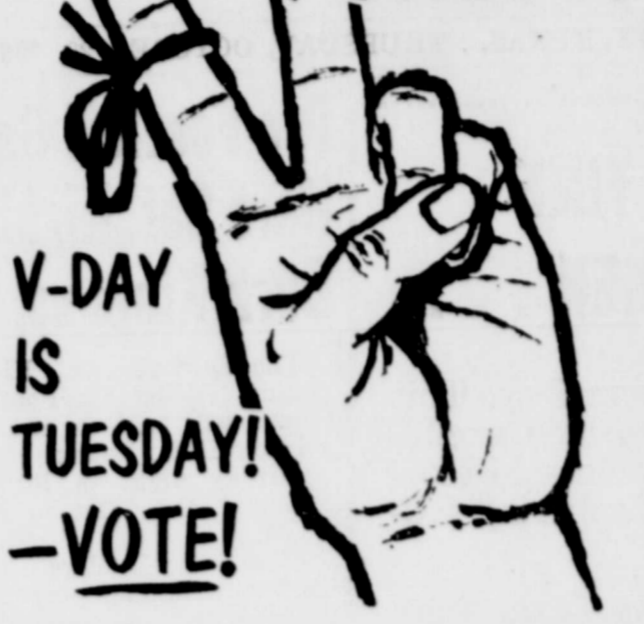

OCALA, FLA., STAR-BANNER: "There are so many things about the medicare proposal which trouble the thinking individual. It is right to provide free medical care to those who can afford the best care? Shouldn't any medical care be offered on the basis of need? And if free medical care becomes a right of every American, can we stop there? Will not the next logical step be to provide free legal service, free utilities, free food?"

WALTHAM, MASS., NEWS-TRIBUNE: "The 1965 model cars reveal a swing to disk brakes, but no swing toward buying for cash."

DELAVAN, WISC., ENTERPRISE: "That there seems to be no way for government debt to go but upward seems to be fast becoming a proven maxim in this country today. The man on the street has grown accustomed to a steady increase in the federal and state government debts."

TOPPENISH, WASH., REVIEW: "When we sit back and do not express our viewpoint or raise objection to ideas that we do not believe in, we are hastening the time when we will not have the privilege of expressing our views. If we fall into the habit of taking the path of least resistance or if we fail to say NO when we feel no is the right answer—even if it is not the popular one then we are saying that the ideals that our forefathers died for

were not important. Express yourself. Whatever the results, whether they go for the moment more in the direction of extremism or away from it, we will know in our hearts that our own attitudes and actions contributed to the results. A nation gets the kind of government it deserves. Let us deserve government 'by the PEOPLE'."

CAMILLA, GA., ENTERPRISE: "It may just be the seasons—but it certainly does not indicate a healthy climate for free political action on the part of the people. When force is substituted for reason, we have a dictatorship. The first act of all dictatorial government is to seize the news media and jail all opposing thinkers. Mr. Castro has clearly demonstrated the technique for the zillionth time in this century for all to witness."

WASHBURN, N. D. LEADER-NEWS: "America, if it is to once again become solvent and sane, must destroy the philosophy all business is evil and must be taxed even beyond the hurting stage, as punishment, for welfare state schemes, and for keeping alive its own government sponsored competition."

Need For Morality In Government Stressed By Sen. Barry Goldwater

In the last phase of his promising presidential campaign, Senator Barry Goldwater continued to stress the need for morality in government at all levels.

"Certainly, simple honesty is not too much to demand of men of Government," Goldwater said.

GOP leaders saw a personal tragedy in the Walter Jenkins case but pointed out the disclosures raised serious questions of national security and Jenkins' alleged involvement in the Bobby Baker scandal.

Texas GOP chairman, Peter O'Donnell, Jr. asked: "If Walter Jenkins and Bobby Baker are examples of Mr. Johnson's ability to size up men, what can we expect if he sits down opposite the new leaders of the Kremlin?"

William S. White, close friend and biographer of the President, wrote of Jenkins last December: "He attends the super secret National Security Council."

Security officers in Washington have warned for years that Communist agents seize on moral weakness as a means of blackmailing government personnel for information they seek.

O'Donnell asked if the FBI had made a security check on Jenkins when he joined the White House staff last November. "If not, why not?"

"The most simple security check would have revealed Jenkins' previous arrest on a similar morals charge in 1959," said Tad Smith, state campaign coordinator for Goldwater-Miller. "How many other Johnson aides are now serving without having adequate security checks?"

O'Donnell pointed out that Mr. Johnson had protected Jenkins from testifying before the Senate Rules Committee investigation of Bobby Baker.

"According to sworn testimony, Jenkins used pressure to secure kickbacks in the form of advertising revenues for Lyndon Johnson's television station.

Give a salute to your newspaper and your newspaper boy!

It's a far cry back to the days I sold papers in the west, 1913-14. Had my first contact with an automobile at that time. The durned thing tried to run over me or I over it. Came running out of the Oregon Journal office with an armful of the afternoon edition trying to be one of the first on the street with it. Crossing in the middle of the street. Looking at one car that had passed I failed to see the one that hit me. Trying to keep from going under the car, reached for the Radiator cap and stuck my hand through a headlight. I still bear a scar from that on my right hand.

Living at Depoe Bay (Ore.) We had I think the worlds only one copy newspaper published daily, weekly or monthly, depending upon the mood of the editor, the state of the barometer and the price of fish. My one copy turned out on an old battered typewriter was taken from bar to bar, restaurant to restaurant (coffee time you know) so it could be read. Some of the natives are still trying to figure where I got my information. Not much of a paper but we had fun with it.

CARE Opens \$6,500,000 Food Crusade Campaign

Goal of the 1964 CARE Food Crusade is \$6,500,000 to complete a year long plan to help feed 37,400,000 needy people in 34 countries, it was announced today by Frank L. Goffio, the agency's executive director. The fund appeal is peaked through the holidays.

U. S. Food for Peace donations of farm abundance, allocated after domestic relief needs are met, form the mainstay of the plan. The countries themselves pay most of the distribution costs, under CARE Partnership Programs that will cover 34,100,000 recipients. The remaining 3,300,000 persons, in 21 countries, must depend on 6,500,000 CARE Food Crusade packages, delivered in the names of Americans who give a dollar per package.

Dedication Services To Be Held Oct. 31st For St. John The Divine

The Suffragan Bishop of the Diocese of Dallas the Rt. Rev. Theodore McCrea will dedicate the Episcopal Church of St. John the Divine, 1000 S. Berry St., Burkburnett, Saturday, Oct. 31st at 7:30 p. m.

In July of 1961 the Mission began with ten people signing the charter at the home of Mrs. E. E. Clack. Services were held for the first five months in the Town Hall, then in the First Christian Church for the following year. On Oct. 12, 1961, Bishop C. Avery Mason granted Mission status to St. John the Divine.

Rev. R. E. McCrary, as missionary curate attached to All Saints Episcopal Church in Wichita Falls, helped to organize and hold the services. At first the priest in Wichita Falls would come to hold Holy Communion. On December 21, 1961, Rev. McCrary was ordained in Fort Worth and celebrated his first Holy Communion Christmas Eve.

One of the first gifts to St. John the Divine was a contribution by Mr. Newby of Henrietta, which made it possible to obtain a chalice and paten and begin a building fund.

The land was approved by the Standing Committee of the Diocese of Dallas and bought by the vestry. Architects drew up the plans, the contract was signed and the building foundation was laid in January, 1963 and completed in July, 1963.

The first services were held in March in the shell with only the foundation and walls completed.

The members worked hard painting, cleaning and finishing the church. The Christ Rex above the Altar was hand carved by Mr. Jack Skinner of Henrietta and given to St. John the Divine in memory of his father. The pews are from the old First Presbyteria church in Wichita Falls and were renovated to match the decor by the men of the church.

The Altar, lecturn and pulpit rails were designed and constructed by Mr. Peter Negri who donated his time and labor. The processional cross was made by Mr. Tom Taton, one of the teenagers in the church.

The bell tower and the cross was constructed by Mr. M. D. Glover of Burkburnett. The first bell for the bell tower was given anonymously last Christmas.

Even tho the congregation has remained a steady number over two hundred families have passed thru St. John the Divine in the past three years.

Thru the donation of a communion bread business, the members of St. John the Divine sell communion bread to 50 churches over the United States to raise funds for the church. By catering dinners the women earn more money for the church.

The Church School has at present an enrollment of 27 children divided into four classes, which meet every Sunday morning at 11:30 a. m.

The women of the church meet every second Thursday and this year are studying Christian Social Relations.

The women meet every Tuesday to sew on vestments and altar linens.

There is also an acolyte guild and an altar guild. At present the schedule is Church School at 11:30 a. m. and Holy Communion at 12:30 p. m. every Sunday.

Clara Demonstration Club Guest Of Cooper HD Club

Mrs. Bryant welcomed the guests, and gave the invocation. After enjoying the delicious salad meal, the guests were all remembered with a linen handkerchief with tatted edge made by Mrs. O. J. Cooper, Sr. Mrs. Dawson Owen, Mrs. George Emmert and Mrs. J. D. Van Huss, conducted a re-

creation period. Mrs. E. J. Simons, president of the guest club and Mrs. Mary Blonar, received gifts from the Burkburnett Bank; and each guest received a gift from the Cooper Club.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement... a man who has worked consistently against progressive measures in the Senate... a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service... who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire... has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

RIGHT AND WRONG

Communist Senator J. William Fulbright rumored as John F. Kennedy's choice for the next Secretary of State, recently pontificated: "We must recognize

that the Secular Puritanism which we have practiced with its principles of absolute good, absolute evil and intolerance of dissent has been an obstacle to the practice of democracy at home and the conduct of an effective foreign policy. Fulbright put that philosophy into play when he voted against the "Civil rights" bill. This was one of the most insincere, hypocritical votes ever recorded in the Senate. This one worlder abandoned his convictions because he was afraid of the Arkansas voters. Yet the leftists scream 'bigot' at honest Barry Goldwater because he voted against the "civil rights" bill which he thinks is unconstitutional.

The liberals believe in reading between the lines of the Constitution, of the marriage vows and oaths of office. To merge us into a global glob with three billion Eurasians and Africans, the Socialists moderate Communists must downgrade Christianity, family, morality, standard of living, freedom and patriotism. In collectivist societies the state must be god.

No Standards

The agnostic pragmatists who call themselves "liberals" have taught a generation of children

SAKE — Japan's Drink of Prosperity

Way back in the 8th century, the ancients who wrote Japan's famous Kojiki chronicles mentioned "Saka-mizu"—"Water of Prosperity." This is believed to be the first written mention of Japan's national drink, Sake.

In the tradition of 1200 years, Sake is still brewed principally of rice and water—a most particular rice, and a most particular water.

The rice that forms its primary ingredient must be newly harvested in the first crisp cool of Autumn. And it must be used immediately after it is brought in from the fields.

Special Japanese waters, renowned for their purity, are blended with the selected rice for the brewing. And, most im-

portant of all, only the "Toji," skilled brew masters born to their art and its practice through their entire lifetime, are allowed to supervise the process from start to finish. In recent years, Sake has caught the imagination and taste of many Americans. They drink it in scores of different ways—in long drinks and short ones, at the cocktail hour, with dinner, as an aperitif, or as a night cap. Clear, jewel-toned Sake is a magnificent mixer.

son one of the Ten Commandments decrees: "Thou shall not Steal."

Many years ago a wise philosopher came to this country seeking the answer to the question: wherein lies the greatness and genius of America? This was his answer:

"I sought for the greatness and genius of America in her commodious harbors and her ample rivers—and it was not there.

"I sought in the fertile fields and boundless forest—in her rich mines and vast world commerce—and it was not there.

"I sought for the greatness and genius of America in her democratic Congress and her matchless Constitution—and it was not there.

"Not until I went into the churches of America and heard her pulpits flame with righteousness did I understand the secret of her genius and power.

"America is great because America is good—and if America ever ceases to be good, America will cease to be great.

that there are no clear distinctions between right and wrong. These Freudianist frauds further proclaim that we are not responsible: "Man is a product of his heredity and his environment and you cannot expect him to rise above it."

Our amoral, socialist leaders, convinced that virtually all problems are material, think that they can set things right and or get elected by giving your grandchildren's seed corn to the "underprivileged." Thus we pour endless billions into Harlem ghettos, into Appalachia "pockets of poverty" and into the bottomless bellies of the world. Collectivists like communist Ralph McGill harp on hunger as the cause of crime and communism. Murder, assault, rape, terrorism, gang warfare do not come from a growling stomach. Nor is filth necessarily allied with poverty. I have seen spotless shacks and penni-

less peons in America and thru out the world where crime was practically unknown. Ours is the richest nation and the most crime ridden nation. How humane a culture is has no connection with whether it is rich or poor, but rather whether it is moral.

Marxian Principle

Acting President Johnson said on January 15, 1964: "We are going to try to take all of the money that we think is unnecessarily being spent and take it from the "haves" and give it to "have nots" that need it so much." That is stealing. The politician who will steal for you will also steal from you. Property rights are the foundation of morality—that's the rea-

Motorists Urged Be On Alert For Trick-Treaters

The Texas Safety Association
today warned motorists to be
on the alert for "trick and
treaters" on Halloween night
and advised parents to take spe-
cial precautions to make the
annual fun festival safe for
children.

"Halloween night can be a
happy time for children, or it
can be tragic," J. O. Musick,
TSA General Manager, said.
"Far too often a serious acci-
dents tags along on a broom-
stick."

The safety director pointed
out that as youngsters gaily
roam the streets, they get so
wrapped up in their activities
that they often forget their safe-
ty rules.

"They fail to look both ways
when crossing streets, often
cross in the middle of the block
and quite frequently dart in
front of oncoming traffic," he
said. "It's up to all motorists to
be on the alert for such ac-
tions."

He suggested parents coop-
erate in the Halloween safety
drive by dressing youngsters
properly. Avoid face masks as
they restrict the child's ability
to see. Try cosmetics for facial
decoration. Make sure young-
sters carry flashlights when
they are out after dark. They
can see where they are going
and motorists can see them. If it
is necessary for a child to wear
a dark costume, make sure it
has plenty of reflective tape
strips on it.

In addition to seeing that
youngsters are safe in traffic,
Musick warned parents to keep
them away from unsupervised
bonfires and to forbid carrying
pumpkins lighted by candles.
Halloween costumes also should
be close fitting enough to pre-
vent serious falls.

"The ghosts that haunt our
streets on Halloween are very
much alive," he concluded.
"Let's see that they stay that
way!"

A poor way to try to get
ahead is to block the way
for the person behind.

PUBLIC LIBRARY, ART AND
GARDEN CENTER A CIVIC
NEED IN BURKBURNETT

Cooperation can work wond-
ers when a number of folks get
the same or similar ideas, and
pool their efforts together for
the common good.—Things be-
gin to happen. This I know
from experience.

In a small western town on
the Oregon coast, a single idea
by a fisherman eventually pro-
duced some three million dol-
lars worth of civic development.
Resulting in Harbor develop-
ment, public rest rooms and
observation building (cost \$35-
000), fire district equipment
and building, water district, an
annual ceremony honoring
those who have lost their lives
at sea. Bringing some twenty
thousand people to the coastal
village to view it each year.
Next memorial day will mark
20 years it has been going on.

These are just a few of the
results of an idea put into ac-
tion.
Burkburnett could use a li-
brary, combined with an art
and garden center. It could be
a fine thing for all of us.
Anyone interested?

should you pamper a Princess?

Depends on which princess—the teenager or the telephone. All teenage princesses—so we're told—glory in a little pampering.

But the Princess® telephone is so well made and trouble free that no pampering is required. Just dust it occasionally or wipe it with a damp cloth.

That, plus a little care in handling, is all the attention any phone needs. And phones almost never need repair—but if something does go on the blink, we'll fix it promptly at no extra charge.

We think it's our job to keep right on improving your telephone service and making it of greater personal value to you.

TREASURES

He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what *real* treasures are — friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "*Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also.*"

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

It's The Law In Texas

KNOW WHAT IT COSTS TO BORROW

There are many factors that a person about to make a personal loan from a bank or finance company should understand. These are important in deciding whether the loan is on reasonable terms and worthwhile.

First, what will the loan cost? Cost includes not only the interest but any "extras" such as closing costs and credit investigation or service charges. Is credit life insurance required? Are such costs added to the loan or paid in advance? Is the interest and or such charges deducted from the amount borrowed and only the net amount paid over?

Does the lender require collateral or co-signers? If so, what can the borrower do to meet the requirements? Collateral or co-signers may enable one to borrow on more favorable terms.

When does the borrower get his money? Must he apply and then wait?

What about repayment? Is it by installments, or all at once at the end of the loan period? Can there be prepayment? What about renewals or extensions of the loan? What penalties if the borrower is late in making payments?

Few borrowers stop to realize that when loans are repaid in installments, the quoted interest of 6 percent, for example, may be misleading. The true interest could be approximately 12 percent, which might make the borrower reconsider.

The reason for this is simple: If you borrow \$100 to be repaid in 12 monthly installments, on the average you have the use of only \$50 for the year. Inter-

est of 6 percent computed on the entire \$100 as is customary in some lending agencies, is actually 12 percent on the \$50 you had use of.

Likewise, a 1 1/2 percent a month carrying charge on a store account doesn't seem high—but that is 18 percent a year, which is mighty steep interest. Rather than charging or financing something involving a

carrying charge, it may be cheaper to borrow the money on an ordinary loan and pay for the purchase. For example, \$100 borrowed for 6 months and repaid at the end of the term, at 6 percent simple interest, costs only \$3.00.

I never ask anybody in my family to tell me bad news.

The world's leading acoustical experts made the test.
The U. S. Auto Club certified the results: at 20 mph... at 40 mph... at 60 mph...

The 1965 Ford rides quieter than a Rolls-Royce!

Prior to the introduction of the 1965 Fords, the country's leading automotive writers drove the new models at Dearborn. Most of these experts remarked about the extraordinary quietness and smoothness of the Ford ride. An automotive writer, in *Mechanix Illustrated*, said, "If there is a quieter car made in this country, I haven't driven it."

Quiet Means Quality... Since quiet is a traditional measure of car quality, Ford engineers designed the '65 Ford for maximum quietness. To illustrate

New Rolls-Royce Silver Cloud III during series of tests.

this quality achievement, Ford chose to make a documented test against the world's finest luxury car—Rolls-Royce.

Bolt, Beranek and Newman, Inc., world's leading acoustic consultants to government and industry, conducted the tests under supervision of the authoritative United States Auto Club. All cars were tuned to factory specifications.

The Result... The Fords proved

to be slightly quieter at all speeds.

The official test report reads, in part: "At all moving speeds, on both courses, the Fords were quieter than the Rolls-Royces."

The Difference... The sound level difference, to be sure, is small—but it is there. At 60 miles an hour, Ford was actually 2.8 decibels* quieter than Rolls-Royce. At 40, Ford was 5.5 decibels* quieter. At 20, Ford was 4.9 decibels* quieter. However small these advantages over Rolls-Royce may be, they are significant evidence of quality—important to anyone buying a car in Ford's class.

Take A Test Drive... A key—and a warm welcome—await you at your Ford Dealer's. The key, incidentally, fits in the lock no matter which side is up—symbolic of the hundreds of advances you'll find in any Ford you road-test. Come in and see for yourself.

*Decibels are the universally recognized units for measuring the volume of sound.

SOUND LEVEL (All readings in decibels)

MPH	FORD	ROLLS-ROYCE	FORD QUIETER BY
20 mph	67.4	72.3	4.9
40 mph	75.9	81.4	5.5
60 mph	82.6	85.4	2.8

TEST CONDITIONS: Dry, level, moderately smooth concrete divided highway; light, quartering wind. All cars operated at steady 20, 40 and 60 mph with all windows and vents closed. TEST EQUIPMENT: Bruel & Kjaer precision octave band analyzer, recording through direct observation and through Nagra precision tape recorder. Data expressed in Perceived Noise decibels. TEST CONDUCTED ON September 24, 1964, by Bolt, Beranek and Newman, Inc., of Cambridge, Mass., the world's largest acoustic consulting firm. TEST CERTIFIED by the United States Auto Club. CARS TESTED: Two brand-new Rolls-Royce Silver Cloud III sedans, V-8 with automatic transmission, list price in New York \$16,655 each. Three 1965 Fords, each with 289-cubic-inch V-8 engine and Cruise-O-Matic transmission: Galaxie 500 LTD, Galaxie 500, XL and Galaxie 500 4-Door Sedan.
