LIKED BY MANY - - CUSSSED BY SOME - - READ BY EVERYBODY

In an atmosphere of hydrogen or helium the human voice sounds highpitched and squeaky. This is due to the lightness of the gas.

VOLUME 58

BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JANUARY 21, 1965

NUMBER 19

P-R-O

BY YOUR CHAMBER OF COMMERCE

WHAT IT IS: Your Chamber of Commerce is a voluntary organization of citizens who are giving their time and money to help the community develop. It is working together to improve the economic, civic and cultural well being of the community.

It is a citizen who is interested in developing the area. It means more money — more business — more jobs — better living for everyone. It is eligible to be a member of the Chamber of Commerce. The dues structure is designed to permit even the smallest business to be a member.

Chamber of Commerce is supported. The work of the Chamber is financed by the contributions of the members who give it on the basis of their income and their interest in the progress of the area. Chamber of Commerce is a committee of workers, directors, and officers who work without pay. The Chamber is the only paid organization. Now this week we established WHAT YOUR CHAMBER OF COMMERCE IS. Following weeks and years this column will appear in the Burkburnett Star for the purpose of informing the community what is happening in the Chamber of Commerce.

ident, Albert Dillard, has started on the road to this Chamber of Commerce twelve long months to His success will depend on well every person with city will carry the load places on your shoulder one person can be the side for this organization, belongs to you, so don't him to ask you to help. to him with suggestions th your sleeves rolled to with zeal to work with ne else in the betterment r community.

NOTICE

Anyone Who HAS Reserved Numbers Or HAD Reserved Numbers

Anyone who had low reserved numbers last year up to 999 can get them this year. Would appreciate having title and license receipt brought next week on the first 200 or 300 and they will be able to pick up their tags and pay for them immediately after February 1st.

Wichita Co. Erected 12 Tombstones For Traffic Accidents

There are 12 tombstones in Wichita County that were erected ahead of schedule in 1964. The stones mark the graves of persons who died in traffic accidents on rural highways in the county during the year.

But the suffering wasn't confined to those who were killed. The Department of Public Safety recorded 200 mishaps on rural highways in the county during 1964. Those accidents injured 138 persons and they spent countless days in the hospitals. Property damage from these accidents amounted to \$158,611.00.

During December there were 21 accidents on rural highways in the county, according to Sergeant E. L. Stroud, Highway Patrol supervisor in this area.

These crashes resulted in 20 persons injured and an estimated property damage loss of \$20,620.00.

Texa driver have killed more people during 1964 than any other year in the state's history. Unofficial figures indicate the Texas death toll may have reached 3,000 during 1964, but the final tabulation will not be completed until March 15th.

Meanwhile, officials are hopeful that motorists will heed warnings and drive with greater care during 1965 and give special consideration to the hazards of driving during the winter months ahead.

Edward Bianchi Leadership Gifts Club Chairman Boy Scout Drive

Edward B. Bianchi has been selected as chairman of the Leadership Gifts Club of the Boy Scout Development Fund by general chairman, John Gavin. Bianchi, active in civic and scout affairs, will have the executive board of the Northwest Texas Council as vice chairman. This group will solicit the entire thirteen county area, including Burkburnett and Wichita County.

An associate of Tom B. Medder, in independent oil operations, Bianchi came to Wichita Falls in 1945 following service in the Navy. He was a four-year letter man in football and baseball at SMU and was 1940 captain of the SMU baseball team.

He is vice president of the Northwest Texas Council Boy Scouts of America and also the Texas Rehabilitation Center and formerly a director of Kiwanis. He is institutional representative to the Boy Scouts from the First Presbyterian Church where he is an elder.

He also belongs to the North Texas Oil and Gas Association, the Wichita Club and the Wichita Falls Country Club. Mrs. Bianchi is the former Iris Parker and the couple has six children.

The \$350,000 Boy Scout Development Fund will be used to further develop and improve Camp Perkins located north of Wichita Falls and purchase and develop a 725 acre wooded camp south of Bowie. A council service building is also included in the development fund.

First Grade School Census

It is very important that all children who will be enrolling in the first grade September, 1965 be listed on the school census roll.

All parents having children who will be six years of age on or before September 1, 1965 and who have not already listed these children on a school census blank are asked to call the office of the Superintendent of schools, 569-3326 before January 29, 1965.

CRIS HEDRICK, Deputy Tax Collector

Col. Hadey Shows Slides to Lions On Guatemala

Ralph White was program chairman for the Lions Club Monday night. Lion White presented Col. Hadey of SAFB, who showed slides and gave commentary on pictures he had made in Guatemala. Many beautiful scenes were shown of a buried city unearthed there a few years ago. The city is believed to have been built about 1590. Many writings were on the walls, but up to this time no one has been able to translate any of them. Besides the buildings, which are around a courtyard, several pyramids have been located. There is no rock of this kind within 150 miles of the location.

Charlie Boyd came into the club as a new member. Ira Schroeder was reinstated. Visitors were Tom Carney of SAFB, Mrs. W. W. Chambers, Mrs. Ralph W. White and Mrs. D. C. Dodson.

Rotary Club's 60th Anniversary To Be Observed Feb. 23rd

The 60th anniversary of the founding of Rotary, the pioneer service club will be marked Feb. 23, 1965 by the Rotary Club of Burkburnett.

George Couter, president of the Rotary Club of Burkburnett in announcing the club's anniversary meeting, said, "The local Rotary club joins a world wide celebration planned by more than 11,800 Rotary clubs and 560,000 Rotarians in 127 countries. The occasion will be marked by men of diverse languages, religions and political beliefs, but with a common bond in the Rotary ideal of serving others."

The first meeting of the world's first Rotary club was held on February 23, 1905 in Chicago. It brought together the founder, Paul Harris, a lawyer with three of his business acquaintances: a mining engineer, a merchant tailor and a coal dealer. In the early days of Rotary, it was agreed that only one representative from each business or profession in the community would be admitted, a principle of membership that continues today.

As its 60th year begins, Rotary is growing at the approximate rate of one club a day. The organization's phenomenal growth indicates the strong appeal of Rotary fellowship and service to men of different vocational backgrounds.

Rotary's world leader for 1964-65, Charles W. Pettengill, of Greenwich, Conn., has focused the attention of Rotarians everywhere on the importance of applying the principles of Rotary to their daily lives. "Live Rotary," he urges members, "in your work, in your relations with youth, and in your contacts with people from other countries."

First Grade School Census

It is very important that all children who will be enrolling in the first grade September, 1965 be listed on the school census roll.

All parents having children who will be six years of age on or before September 1, 1965 and who have not already listed these children on a school census blank are asked to call the office of the Superintendent of schools, 569-3326 before January 29, 1965.

DECCA Spotlight On Miss Linda Bryant

This week the Burkburnett Distributive Education chapters spotlight shines on attractive Miss Linda Bryant.

Linda is a first year DE student and is presently employed at the First National Bank. She does typing and strives, among her other numerous duties, to serve the community of Burkburnett with courteous, prompt banking service, which is the First National's "most important product."

Linda eagerly enjoys her work under the supervision of

Jerry Thomas and associate employees.

She has played basketball for two years, and has interest in tennis and many other sports. When her busy schedules allows, Linda sews.

Linda plans to advance in the banking field, as her career after graduation this spring. Whether or not Linda continues her work at her present job, she says she will always be grateful to the First National Bank for this wonderful experience and opportunity.

Among Other Matters

BY J.L.H.

Happy anniversary to Charlie and Evelyn Schuman, January 22nd.

Mrs. J. O. Ellis promised us some news many weeks ago. When we asked her about it recently, she said, "No longer news, just a big boy." Her grandson, Joe Daniel Bales, born last December 3rd.

How come Department. How come so many thermometers in Burkburnett don't register the correct temperature?

The human mind is like a parachute. It functions only when open.

Burk Cowboy Shares In Payoff

Dewey Dunaway of Burkburnett, Tex., and Bill Howard of Cheyenne Wells, Colo., shared the richest payoff so far—\$1,508 each—Monday at the National Western Stock Show Rodeo in Denver, Colo.

Both notched identical times of 4.2 seconds to take top money in steer wrestling at the end of the event's first go-around.

First go-round laurels in bareback bronc riding, also completed today, went to Les Gore of Laramie, Wyo. He pocketed \$636. Second was Mike Isley of Salmon, Idaho with \$518.

Ardith Bruce, Colorado Springs, Colo., snared the second go-round in girls barrel racing and win \$140. Mrs. Bruce 1964 national titlist in the event also won the first go-round.

Janet Dudley, Perryton, Tex., was second in the second go-round in girl's barrel racing with a time of 15.6 seconds.

NOTICE

The Brotherhood of Janlee Baptist Church will have a breakfast at the church at 7:00 a. m. Sunday morning in the Fellowship Hall in observance of Texas Baptist Men's Day. Members as well as visitors are invited to come out and enjoy the fellowship. A short program will follow the breakfast.

CARD OF THANKS

Bill Cauthorn wishes to express his thanks to his many friends for their visits, flowers and cards while he was in the hospital. May each of you be blessed for your kindness, your prayers, words and deeds.

BILL CAUTHORN

Action At Will Rogers Coliseum Is Picking Up

Activity at the Will Rogers Coliseum is beginning to pick up with the return of Stock Show President and Manager, W. R. Watt from Denver, Colo., Saturday.

Watt was assured during the annual meeting of the Rodeo Cowboys Association that all five of the current rodeo champions will be competing at the Fort Worth Rodeo, January 29, through February 7th.

Heading the list of rodeo cowboys planning to be in Fort Worth is Dean Oliver, Boise, Idaho cowboy who won the 1963 and 1964 crowns of All-Around Cowboy Champion and Calf Roping Champion. Other reigning champions scheduled to compete at Fort Worth are: C. R. Boucher of Burkburnett, Tex., Steer Wrestling; Marty Wood of Bowness, Alberta Canada, Saddle Bronc Riding; Bob Wegner of Auburn, Washington, Bull Riding and Jim Houston of Omaha, Neb., Bareback Riding.

Opening day parade of the 1965 Stock Show is scheduled for 2:00 p. m. January 29th. Over 125,000 spectators lined Fort Worth sidewalks for the 1964 parade. Tom B. Saunders, Parade chairman and Stock Show Vice President reports the list of entries, including bands, riding groups and horse drawn vehicles as floats, now planning to participate in the 1965 parade at over 100.

A special metal and plywood stage for the Judy Lynn show guest stars of the Fort Worth Rodeo, is now suspended from the ceiling beams of the Will Rogers Coliseum. The 20 foot circular stage, which will be raised and lowered for each performance, was built to hold all the equipment used by Judy and her 8 piece recording string band. In the center of the platform will be a pedestal allowing Judy to be seen easily from any seat in the Coliseum.

Judy and her band are coming to Fort Worth direct from extended engagements at the Trade Winds Hotel, Fort Lauderdale; Harrah's, Reno and Lake Tahoe and the Golden Nugget, Las Vegas.

Rodeo Mail order tickets are available from the Southwestern Exposition and Ft Stock Show, P. O. Box 150, Fort Worth, Tex., 76101.

NOTICE

The Federated Council of Study Clubs will meet Thursday, Jan. 28th at the Community Room of the Burkburnett Bank at 9:30 a. m. All members and delegates are urged to attend.

Burk Drillers Cop Two More Basketball Wins

The Burk Drillers tagged Daubes Dept. Store of Ardmore, Okla., 82-75 last Saturday night.

The game played to a full house at Byers, was close and a thriller all the way.

Bubba Bailey with 25 and Stan Owen with 25 were high pointers for Burk.

Wednesday night in a league game the Drillers trounced the East Side Y. M. C. A. of Wichita Falls 77-44. Bubba Bailey with 31 was high point man in this contest.

Game Set For Sat.

Saturday night the Drillers take on another Ardmore team in the local Junior High gym. Game time is 8:00 o'clock.

Southside PTA To Sponsor Cake Sale

The Southside School PTA will sponsor a BAKE SALE to run for five Saturdays starting January 23rd at 9:00 a. m. in front of the First National Bank. All items will be sold for \$1.00.

Luxury hotels are being built in Mexico.

Plans For Annual Miss Burkburnett Pageant Made By Modern Study Club

The beautiful High School Cafeteria will be the scene of the Seventh Annual "Miss Burkburnett Pageant", sponsored by the Modern Study Club. It will be held this year on March 5th. Mrs. Jerry Thomas, club President, and Mrs. Jerry McClure, pageant chairman, have announced the names of committee members who will assist in preparing for this event.

The Entries committee will be headed by Mrs. Albert Dillard, who will be assisted by Mrs. Darrell Nichols, Mrs. Gary Bean, Mrs. Bill Reasoner and Mrs. Cleo Askins. They will supervise the selection of eligible contestants for the Miss Burkburnett crown.

Mrs. Lonnie Dolan has been named chairman of the tickets and programs. She will have Mrs. Byron Key and Mrs. Eddie Reed on the committee with her.

Mrs. Charles Griffith will be helped by Mrs. Selma Wright and Mrs. Ted Harris on the all important decorations committee.

Mrs. Darrell Nichols will be in charge of the entertainment committee and will also arrange for the judges.

Mrs. Ted Pierce, Mrs. Ted Harris and Mrs. Dede Smith will serve on the publicity committee.

To be eligible for the Miss

March of Dimes Fund Drive Low In Burkburnett

The March of Dimes fund drive in Burkburnett totaled \$568.16 Wednesday evening. This is far less than expected, but the drive has not been closed.

All school children are taking home envelopes for the benefit of those who were not at home Tuesday when workers made a door to door canvass.

Down town merchants are to be contacted for special contributions.

Burk Bankers To Play Lou Johnson Here Thur. Night

The Bankers will meet Lou Johnson's Restaurant at the Junior High School Gym Thursday night at 8:00 p. m. Johnson team has been defeated only one time this season and was by the Burk Drillers.

The Bankers were beaten last Thursday night 100-97 by the East Branch YMCA of Wichita Falls.

The Bankers now stand with 5 wins and 2 losses.

Subscription Price \$2.00 Per Year

How Big Is \$100 Billion?

We've become conditioned to annual federal budgets in the \$100 billion range. But it's the world's safest bet that mighty few of us can begin to visualize so vast a sum.

Columnist Sylvia Porter provides a number of down-to-earth examples of just what \$100 billion amounts to. Here's one of them: "If a corporation had started in business with \$100 billion in the year 1 A. D. and had managed so dreadfully that it lost \$100,000 a day, it still could have enough left of the original \$100 billion to continue operating and to continue losing \$100,000 a day for 776 years."

Here's another: "If you had \$100 billion, you could give each of our country's 60 million women a mink coat costing \$1,700."

This is the kind of money the federal government has been spending year after year. Much of it, represented by the soaring federal debt, must be paid by our children and our children's children and so on if it is ever to be paid at all. Even in boom times, with record tax revenues, spending has far outrun income. The mind reels at contemplating what would happen if there was even a moderate downturn in the economy.

INDEFENSIBLE COMPULSION

An announced goal of major labor unions is repeal of the section of the Taft-Hartley act which permits states, if they so wish, to pass right-to-work laws forbidding workers from being forced to join a union in order to keep a job. Some 20 states have done so.

This has brought an important observation by David Lawrence. In a recent column, he points out that the Supreme Court has upheld the principle of "freedom of

MEMBER OF FEDERAL DEPOSIT INSURANCE CORPORATION

IF THE NAAC* HAD ITS WAY

*Administration's National Agricultural Advisory Commission recommends removal of 40 million acres from cultivation.

association." But, there is an exception, "... when it comes to labor unions, the court has ruled that agreements between the employer and the union are voluntary. This isn't realistic, but it has enough legal support to permit the system of compulsory unionization to flourish."

The result, Mr. Lawrence goes on, is that "Freedom of association' goes by the boards, as does freedom of thought and freedom of belief, whenever economic force or governmental power is used to compel a man to join an organization against his will or forfeit his job."

Long ago, the "yellow dog" contracts, under which workers who joined unions were fired by employers, were outlawed, and rightfully so. Unionism by coercion and compulsion is equally indefensible.

His father's '65 Fordrides quieter than his father's Rolls-Royce

We know it's hard to believe a Ford could ride quieter than the famed Rolls-Royce. But it's a fact. Leading acoustical consultants conducted tests in which three V-8 powered Fords (Galaxie 500 Sedan, new Galaxie 500/XL and LTD Hardtops) with automatic transmissions rode quieter than a new Rolls-Royce. The tests were certified by the U.S. Auto Club. Of course, the best test of all is to get behind the wheel yourself... and listen to a '65 Ford in action.

That's what Chuck's father did. Ford's quietness really impressed him. But it wasn't the quietness alone that sold him. He shopped around and found that Ford offers features and models and quality that simply aren't matched by other cars in its class. For example:

- 100% new body—strongest Ford body ever.
- New frame "tunes out" vibration.
- Decorator-appointed interiors in LTD's, thick nylon carpeting.
- More luggage space than in most competing cars—trunk holds four 2-suiters standing upright with room left over.

- Thrifty, quiet new Big Six—the biggest Six offered by any car in Ford's class... 289-cu. in. V-8 in XL's and LTD's
- All automatic transmissions have three speeds, not two as in some competing cars—smoother shifting, more economy.
- Silent-Flo ventilation (in 4-door hardtops) provides fresh air in car with all windows shut.
- Handy reversible key works either side up.

There's more... much more in a Ford than you'd expect for the money. Visit your Ford Dealer and take a test drive soon.

WHAT CAUSES UNEMPLOYMENT?

Could you make a list of all the things you desire that you don't have? Once you got started, such a list would probably prove to be endless. No matter how much money you could earn, your desires would keep increasing and you would never fully catch up to them.

Chances are, then, that you could never work hard enough to satisfy every desire. No individual has either that much talent or time.

Now extend your view to all of society. The situation, of course, is exactly the same. There aren't enough hours in the day for all of us together to work to produce the products and services that would satisfy all of our desires. Even if we could, we would then think of new things we want.

Do you realize what this means?

It means that there can never be enough human labor to satisfy every need and desire of society.

Although the introduction of new labor-saving tools makes it possible to satisfy more desires with the same amount of labor, we can never produce enough to arrive at a totally satisfied existence.

There will always be a shortage of human labor!

Thus, there will always be a job for everyone who wants to work—for there will always be a desire that additional human labor can satisfy. Unemployment should exist only for those who choose not to work.

"Wait a minute!" you say. "What's the matter with you? Don't you read the newspapers? There are millions of unemployed today. How can you say there's no unemployment?"

Yes, involuntary unemployment does exist today. And yet we can see that it shouldn't. What brought it about?

If every individual had complete freedom to control his own life and property—but could not coerce others—there would be no involuntary unemployment. For each individual would have the opportunity to sell his labor to someone with an unsatisfied desire. This would take place either directly (selling a labor service to a customer) or indirectly (selling his labor to an employer who in turn sells a wanted product to the customer).

The problem—the root of unemployment—is that we don't have the freedom to control our own lives and property. When we go to the market to sell our labor, we find that the state has stepped in between us and our potential customers. The state sets up labor roadblocks with minimum wage laws, coercively imposed unemployment insurance, anti-trust laws, and literally thousands of other regulations.

In addition, individuals who are working find that fully 30 percent of the buying power they have earned has been confiscated by taxation. This means that 30% of the desires they would have been satisfied with purchases are replaced by state-imposed functions. This reduces the incentive of those who can work and so they work less. As a result, they have less to exchange to others for their labor.

Unemployment can be cured. It can be cured by removing all of the political roadblocks. When political governments no longer have any economic control over their citizens, each of us will be free to sell his services to the highest bidder.

In a free society, the insatiable desires of human beings will assure that there will always be work for all who want it. And our standard of living will be continually upward as individuals have the freedom to create prosperity for themselves and others.

Births Local

Birth certificates were issued to the following Burkburnett parents last week, Messrs. and Mesdames:

- Aderan Lee Dunn, girl, Kim Alesia.
- Rodger Larry Strunk, boy, Larry Joe.
- Charles Keith Hubbard, girl, Kellie Kaye.
- Darnell B. Krc, boy, Wayne Allen.
- Jackie Wayne MacDonald, boy, Michael Wayne.

**DEATH NEVER TAKES
A HOLIDAY**
GEORGE LEMON

According to the national Fire prevention association, there were 11,900 killed in fires last year. Thirty percent of these were children.

Six thousand, five hundred of these fires occurred in homes. The above figures as reported in the Wichita Falls Times should remind us to be extra careful of fire.

Remember if you smoke in bed, the ashes on the floor may be yours. A short time ago it was reported that some small children were left in a locked car with an open flame heater in it. A young grocery clerk reported it was on fire. Police rescued the children.

One careless habit many smokers have is to throw lighted cigarettes away without putting them out. This alone costs us millions of dollars in damage every year to say nothing of the beautiful forests and other unreplaceable things that go up in smoke.

Please for your children's and your own sake, be careful of fire. A good tetrachloride fire extinguisher or other approved type is a good thing to have handy in the car or at home.

Stay alive in Sixty-five. Drive A safe Car Safely. And put out that Cigarette.

**Flag Ceremony By
Boy Scouts Opens
Hardin PTA Meeting**

The Boy Scout Troop 155 gave the Flag Ceremony to open the PTA meeting, after which the members joined in the Flag Salute.

Miss Reed's Third grade pupils gave the devotional as each child quoted from memory his favorite bible verse. Members of the class gave the choral reading of the 23rd Psalm. The entire room participated in this devotional.

Mrs. Kay Brown gave a report on the Bi-County Council meeting in January. The next meeting will be held April 7th in Kamay, Texas.

The 5th grade will have the concession stand to raise funds at the basketball game sponsored by the 5th grade faculty.

Mrs. Bobbie Wilkinson, Mrs. Brown were elected to serve on the nominating committee.

S. L. Johnson and Mrs. Kay Morris Simonson, Principal, gave a report on the legislation, 45 in 65. He urged everyone to vote for this measure. He also reminded everyone to pay their poll tax before the deadline, January 31st.

Mr. M. Groenewold, Guidance Counselor explained the guidance program set up in our school. Achievement tests are administered in grades 1 thru 8 yearly. Intelligence tests in grades 1-4-7-9-10. The school carries on individual counseling and specializes in vocational guidance.

Mrs. Alton Brown, Supervisor of Cafeterias, explained the operation and performance of cafeteria service. Our children are urged to eat in the school cafeteria. The type A lunch is serv-

**Luci Baines Johnson Will Head
March of Dimes Teen Program**

Luci Baines Johnson, America's most famous teenager, will be honorary chairman of the 1965 March of Dimes Teen Age Program against birth defects. Luci, who has some very strong opinions about young people and their place in society, is leading a task force of thousands of young people in the fight against birth defects.

"There are a lot of good and useful things we can do right now—without waiting to turn 21," she says.

Her opinion is confirmed by March of Dimes spokesmen. "Teen-age volunteers are among our most dedicated workers. Their interest, their contribution of time, talent and energy has been impressive. There can be no doubt that they have played a significant role in the conquest of polio.

Cites New Hope

"The victory over polio gives us heart and hope that answers can be found in an infinitely more complex disease area—birth defects. It is a problem in which young people have a special stake—not only because of the large percentage of babies born to mothers under 20 but because of the relationship of the health of teenagers to that of their future children," Luci points out.

More than a quarter of a million seriously defective infants are born in this country each year—one every other minute—700 a day. The problem of birth defects is far greater than polio ever was.

Young people who have joined the Teen Age Program of the 1965 March of Dimes fight against birth defects will shoulder many responsibilities. Many are helping to carry out the public education program against birth defects. Others are assigned to help in various ways with the Mothers' March for the March of Dimes. Some help out at one of the more than 3,000 local chapters of The National Foundation-March of Dimes.

The purpose of the Teen Age Program (TAP) of the March of Dimes is to acquaint teenagers with the problem of birth defects—a major health problem which affects them, their families and their communities in which they live.

TAP also gives young people the opportunity to help solve these problems through year-round programs of education, service and fund raising.

Most TAP volunteers work through school or club groups, teaming up to work on planned projects or to initiate programs of their own.

Help Plan Programs

March of Dimes educational programs provide material for club and organization meetings. Films, publications and exhibits on the subject of birth defects are available for meetings. Local chapters can help plan a program and supply a speaker to discuss the problems of birth defects, new treatment techniques and research breakthroughs.

Through a program of Health Career Awards, many chapters of The National Foundation offer March of Dimes scholarships to attract students to the health fields. Ranging from \$100 to \$500 per year, these awards are "starter incentives" to help students begin their first year of professional study in the fields of medical social work, medicine, physical therapy, occupational therapy and nursing.

TAP service projects range from helping to distribute literature to being of service to patients and to helping raise funds for research and patient care.

Dances, Games Help

Teenagers have raised money for the March of Dimes by putting on dances, basketball games, contests of all sorts and sales of everything from balloons to garden seeds. Much of this money has gone into the establishment of 50 March of Dimes birth defects centers throughout the country.

These birth defects centers make diagnosis, evaluation

LUCI BAINES JOHNSON, the President's younger daughter, at her desk in the White House, as she began her duties as honorary chairman of the Teen Age Program of the 1965 March of Dimes.

and treatment available to their communities. So great is the birth defects problem, however, that the nation needs triple that number of centers, according to Dr. Daniel Bergsma, medical director of The National Foundation-March of Dimes.

As energetic members of The March of Dimes Teen Age Program, young people have proved that they are capable and eager to take greater responsibility in public service. With marriage and a family in their future, teenagers have a great personal interest in solving the problem of birth defects—these "accidents of nature" which add up to the biggest child health problem in this country today.

Attendance awards were presented to Mrs. Violet Perry, special education and Miss Jewel Reed, Third grade.

**Plan Escape Routes
IN Case Of Fire**

Would your family know what to do if fire struck your home tonight?

If you can't answer, yes, you ought to call a family conference immediately to work out a fire escape plan.

According to the American Insurance Association you should try to plan two escape routes in the event one is cut off by flames or smoke.

It is particularly important, the American Insurance Association says, that small children and elderly people know these routes well, so that they may exit quickly, with a minimum of confusion, at the first sign of fire.

**Mrs. W. B. Mitchell
Honored Mon., Jan
18th With Shower**

Mrs. W. B. Mitchell, Jr., a recent bride, was honored at a miscellaneous shower Monday afternoon, Jan. 18th in the home of Mrs. Bob Stewart. Co-hostesses were Mesdames E. E. Walt, O. J. Cooper, Joe Musgrave, Sr. and J. H. Gill.

Mr. and Mrs. Mitchell were married in the Friberg-Cooper Methodist church Dec. 18th, by Rev. E. E. Walt, the minister. Mrs. Mitchell was the former Miss Johnnie VanHuss, daughter of Mr. and Mrs. J. D. VanHuss of the Friberg-Cooper Community. Mr. Mitchell is the son of Mr. and Mrs. Willie Bert Mitchell of Wichita Falls.

Mrs. Stewart conducted a quiz program after which the Honoree was presented an array of gifts. The hostess gift was three pieces of Centura Corning ware.

Refreshments were served to the honoree and Mesdames J. D. VanHuss, W. B. Mitchell, Sr., C. W. Adams and E. E. Bangs.

AS BEAUTY DOES!

These beauties do everything — beautifully! They're made of the new Terra Pyrex wear and they are unlike anything you ever saw before. The earthenware look is a rich terra cotta color, and its versatility is astounding. You use it for cooking, serving, setting the table, mixing, baking, storing — and simply as a decorative accent with a museum treasure look. Terra comes in

five different casserole sizes, ranging in price from about \$3 to about \$5; four bowl sizes — the one shown here is about \$3. The 12 oz. mugs cost about \$1 each. In addition, you'll find 9" and 12" plates to set an opulent looking table at a very practical price. And if you give Terra to your friends, they'll rise up and call you blessed! Pyrex Ware, a product of Corning Glass.

Big Pasture Riding Club

Roger W. Babson Weekly Report

ROGER W. BABSON

BABSON'S VIEWPOINT ON CHINA AND THE FAR EAST

Bad feeling between Red China and the United States seems to intensify as we become more and more involved in the war in South Vietnam. We are opposed to the aggression of the Viet Cong forces there which are being encouraged and supplied from Peking.

Importance Of China In The World

China has an area of 4 million square miles and a population estimated to be nearing 700 million. This ancient land possesses in abundance strategic raw materials. China has rich deposits of iron, uranium, and coal. Her mighty rivers, when properly harnessed, could provide inexpensive sources of energy more powerful than any yet developed. Her forests are among the most luxuriant in the world. Some day this sleeping giant will become a first-class world power.

Yet this vast land, so full of human and material resources, is completely cut off from the United States. No American citizen can gain admission to China under ordinary circumstances. The Communist government simply does not want visitors from the U. S., especially if it cannot be sure they will react favorably to what they see or hear as they travel in this tightly disciplined country.

Admission to United Nations

The lack of contact between our two nations is bad for us, bad for China, and bad for the world. China is poisoned in spirit by her intense pride. And she is poisoned in body by certain Western powers whose aggressions and treacheries of the past still irritate and humiliate her. Yet the swiftness with which the Chinese have employed new inventions—even to nuclear power—shows that they cannot long be expected to resist using all the facilities at their disposal.

Red China may now be near-

ing admission to the United Nations. Next time the vote comes up in General Assembly, it will probably run in favor of Peking. And admission of Red China to the UN would hasten the day when American citizens with legitimate reasons for travel and study in China would be permitted to enter that country.

The Question Of Formosa

We do not believe, however, that giving Mao's government a seat in the UN would lead very soon to diplomatic relations between Peking and Washington. As long as Mao continues to rant against the United States and to ignore the rules of international behavior he will remain in Uncle Sam's doghouse.

Also discouraging to early recognition of Red China by the U. S. is the thorny question of Formosa. This island off the China coast, lying between Japan to the northeast and the Philippines to the south, is ruled by Generalissimo Chiang Kai shek. Chiang's Chinese Nationalist Government presently holds China's seat in the UN. At this time the U. S. just cannot recognize Red China without going back on our solemn treaty commitments to Chiang and without weakening the American position in Asia. But some day this situation will change.

The Shadow Of China Over The Far East

Red China—even with its new nuclear capacity—is no immediate threat to the world. What causes concern is that the destiny of the Chinese masses is in the hands of aggressive, ruthless, totalitarian Communist bosses. In time, perhaps China may expand into those areas of Asia now held by Russia, but that time is not yet and Russia knows it. For the present, the shadow of China looms more threateningly over the lands of her immediate neighbors to the south (including India which is now without the strong leadership of Nehru.) Red China's eventual goal is probably the rich island of Malaya and Indonesia. But Mao's progress toward them is hindered by the resistance in South Vietnam. This resistance in fact, may well be preventing or at least postponing World War III.

One day, however—and that day may be nearer than we now dare hope—China may throw off the shackles of Communism just as she has through the years shed some of her outworn ancient customs. Through trial and error and hardship, China is building a power that will again become a dominant factor in the Far East and a force to be reckoned with by the entire world.

A large granite building encloses the log cabin at Hodgenville, Kentuck, in which Abraham Lincoln was born.

Richard J. Kepler On "Who's Who For 1964-65 At NTSU"

Richard J. (Dutch) Kepler of Burkburnett has been named to the 1964-65 list of "Who's Who at North Texas State University."

The honor group of 24 seniors, eight graduate students and two juniors was announced by Dick Beene of Canadian, editor of the Yucca, yearbook which sponsored the award. Each recipient will be featured in the 1965 Yucca.

Winners were selected from the various departments of study within the university by faculty members on the basis of scholarship and participation in departmental activities.

Kepler, winner of the art award, is the son of Mr. and Mrs. Glenn T. Kepler, 213 Wigham, Burkburnett. The NTSU senior is vice president of the student Association of Advertising Design and art editor of the Yucca. He is a 1961 graduate of Burkburnett High School.

Alma Jackson Circle Met Tues., Jan. 19th

The Alma Jackson Circle of the First Baptist church met Jan. 19th at 7:30 p. m. Mrs. Vera Reed presided over the business.

Mrs. Loretta Hunt led in prayer. Members will take fruit baskets to two shut-ins. Miss Jewel Reed brought the Bible study from Genesis, chapters 25 to 36.

Lovely refreshments were served to Mesdames Ruth Belton, Loretta Hunt, Agnes Boyd, Nola Thorpe, Cordia Lawrence, Sylvia Lohofener, Lena Houser, Marilyn Ferrell, Vera Reed, Mary Kelley, Minta Miller, Bertha Johnson and Miss Jewel Reed.

Next meeting will be in the home of Mrs. Cordia Lawrence.

Two Farm Bureau Delegates Attends Austin Convention

Carl Moeller, president of Wichita County Farm Bureau and Loys D. Barbour, chairman of Policy Execution Committee, spent several days in Austin this week attending a TFB Legislative Conference.

The theme of the Conference was "Meeting the Challenges of 1965." This year promises to be of vital importance to agriculture from a legislative viewpoint and both State and National issues were discussed.

State officials and members of the Legislature were guests of TFB at a banquet on Thursday night. President C. H. DeVaney was the speaker.

Jr. Forum Study Club Met In Community Room Tues., Jan. 12

The Junior Forum Study club met Tuesday night, Jan. 12th in the Community Room of the Burkburnett Bank with Mrs. Richard Smith, hostess. Nine members answered roll call by giving their favorite recipe. Mrs. Bill Wood gave a devotional on Daniel.

Mrs. John Gill presented a paper on "Home Life." Mrs. David Jones, elementary teacher at Hardin School brought the program on "Mothers are Educators." She explained the value of pre-school training to the child, its parents and to its future teacher. She emphasized the importance of praise for things done well by children no matter how small. She brought out the fact that children who are given responsibilities at home and taught to accept them will adjust to school life more readily than others. She then allowed members to ask questions and join in the discussion.

Following adjournment refreshments were served to the following members: Mesdames, John Gill, Wayne Smith, C. L. Pruett, James Roderick, David Booher, Robert Williams, Clyde Hoskins, Bill Wood, hostess, Mrs. Richard Smith and one guest, Mrs. David Jones. Door prize was won by Mrs. Robert Williams. The next meeting will be Jan. 26th in the home of Mrs. Monty Knox.

The heart of Edison's invention of motion pictures was the use of film 35-mm wide, with four perforations for each picture, which still is standard.

TRAFFIC
Given By
BURKBURNETT CLUB

The 312 motor vehicles for any month on the road in our country last year were 2,330 drivers and accidents under 18 years old. The casualty count, told is caused by the young as the old.

The Tiger of the year was just named Car of the Year by Motor Trend.

If that isn't enough of a hint, try Quick Wide-Track. (This is their year.) Or Turbo Hydra-Matic, the new transmission you can order that does away with roaring between shifts. Coupled with any of the quicker engines for the '65 Pontiac, it saves the roaring for whenever you need it. When you don't need it, the extra-potent engines let you just loaf along. This loafing gives you the kind of economy you wouldn't expect from a looker like the '65 Pontiac. See your Pontiac dealer. He'll show you all 32 Pontiacs that are the "Car of the Year." They're the buy of the year, too.

On Top

The Bible, "God's holy word," is still the best seller, and most quoted book. From the original Greek and Hebrew this book has been translated into many languages.

Through the centuries men have devotedly studied and sought out the truth in the Bible. When one reads the Bible with an open mind, God's word is "as sharp as a two edged sword."

Attend Church Sunday and study God's word.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**Jack Mathis
Stress Recently Of
Study Club**

Burkburnett Study Club in the home of Mrs. Jack Mathis with Mrs. Maxine Creel, Mrs. Dorothy Preston as guests. The president, Mrs. Bear, opened the meeting and a roll call was answered with Mrs. Bear.

George McClarty, Federal counselor, spoke of the importance of attending National and District conventions. The report was given by Mrs. Carpenter, Friendship Chairman and representative of the Study Club. She served refreshments to the patients at Harrelson Nursing Home and Christmas and arranged for a special program.

Jack Smith told the club a wonderful inspiration to visit the Fowler Home and how the children enjoyed each individual gift received from the club members. Mrs. Harold Van Loh and Mrs. Smith in serving refreshments. A thanksgiving letter was also given to the Home.

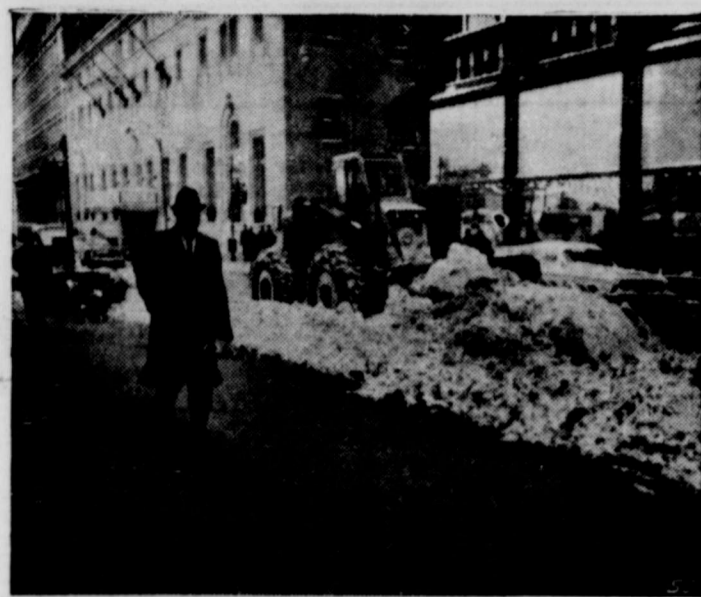

A letter suggesting more parks in this District better facilities in the state was signed by the members which will be sent to our Representative, Legislator, Chairman, Mrs. Creel, and the club members to their poll taxes. The "Four for Headquarters" was supported 100 per

cent by voting to send \$20. to the Special project.

The Burkburnett High School Library was the recipient of a set of reference books donated by the Club and Mrs. Philip Carpenter. They were entitled "A Geological Society of America Memoir" written by Charles Schuchert and Carl O. Dunbar. It was announced Mrs. Carpenter will represent Texas Federation of Women's Clubs at the Safety Seminar in New Orleans, Jan. 21st. It is sponsored by President Johnson.

Mrs. Glen Bear brought an interesting program on the trip she and Mr. Bear made this summer in South Texas. During the 1600 miles she visited nine Historical Markers, fifteen memorial monuments, 10 parks, 4 museums, toured several Old Famous Homes and several Historical Parks. The Fort Parker Park at Grosbeck is a game preserve and has an old cemetery with a family plot dated 1864. Their trip took them to Navasota, Tex., and "The Washington State Park" where there is a replica of a house where the signing of the Declaration of Independence occurred. It is a Museum.

Near Sealy, Tex., is Stephen F. Austin state park, established in 1849 and Victoria, Tex., has a Trail of Six Flags Park. Indianola State Park was once a booming seaport in 1800 and Mrs. Bear continued, the Goliad State Historical Park was very interesting. Fort Richardson, near Jacksboro, has a Texas Historical Medallion and what was then a hospital is now a museum. There is also a marker there established by the U. S. War Dept. in 1867 as a protection of the frontier against hostile Indians. A museum built in 1860 containing historical exhibits was visited in Salado. She saw the Marker of the California Trail and a Monu-

Summer Sidewalks in Winter's Snow

No matter how closely you look at the above picture, you will see no gremlins at work. The clear sidewalk bordered by snow-banks is an outgrowth of man's inventive nature, rather than the work of magic helpers. Improved techniques and engineering skills have devised a steel pipe snow melting system. The sidewalk shown above boasts a built-in steel pipe snow melting system which allowed the walks to be snow-free within an hour after the storm had ceased.

Actually, the operation of a snow melting system depends on a simple process. When new sidewalks are laid, grids of steel pipe are put onto the foundation base before the concrete is placed. Leaders from the steel pipe grids are extended from a boiler in the building's basement. Then, at the sign of snowfall, a switch is flicked

which sends a steady flow of a heated anti-freeze solution through the grids embedded in the sidewalks. Thus, the snow melts away as it falls.

According to the Committee of Steel Pipe Producers, steel pipe snow melting systems are becoming a recognized necessity for densely populated sidewalks, as well as other areas. The success of the system in supplying economical and easy snow removal has led to its installation on the toll plazas of the Indiana Turnpike, the ramp approaches to the New York Port Authority Bus Terminal, and to many similar sites.

The steel pipe snow melting system has an additional built-in feature which has gained the respect of safety experts in all areas of our country; its ability to prevent numerous pedestrian skidding and slipping accidents.

ment dedicated to the memory of those who gave their lives in World War I from Lime Stone County, also a Monument erected to John Parker in Ft. Parker.

"A visual Tour of Texas" was the program brought by Mrs. Howard Henderson assisted by Mrs. F. C. Roye. The slides were prepared by the State Highway Dept.. Scenes shown were the Sabine National Forest which contains the botanical giant, a cypress that is hundreds of years old. Monahans Sandhills State Park, a 4,000 acre "sand-pile" is believed to have eroded from the Trinity sandstones formation that underlies the

sea. Caverns of Sonora is one of the newest cave discoveries of this century and is 60,000,000 years old. Also shown were Big Bend National Park, a wonderland of scenery, Davy Crockett National Park then the "Grand Canyon of Texas," Palo Duro Canyon State Park near Amarillo. Next was the picture of the Port Isabel Lighthouse, one of the few remaining along the Gulf coast built in 1852. The San Jacinto Monument was described as one of the proudest monuments in Texas, built in memory of the early Texans who fought and died in the struggle for independence.

In San Antonio the early missions are called "the most noteworthy groups of buildings still standing in the United States today." The Alamo and the mission San Jose de Agayo were shown. Also the Texas memorial Museum in Austin is filled with early Texas history and the old J. J. Josey general store in Stephen Austin Park is a museum.

Mrs. Henderson described

her tour of the State Capitol building. Historical documents were viewed and Marble Statutes by Texas sculptors and paintings of Texas history. She told of her visits to the Old Land office building Museum, The Daughters of the Confederacy museum, Daughters of Republic of Texas Museum and Eastroad Park, oldest in Austin and Kitner Gardens and Park.

The meeting adjourned.

CARD OF THANKS

I wish to express my heartfelt thanks to all my friends and neighbors for their cards, visits, food and prayers while I was in the hospital and since coming home. To Dr. Carpenter for his faithfulness, and to Bro. Champ who will never know how much his visits and prayers have meant to me. I will always be grateful to everyone. I pray God's richest blessings for all.

MRS. R. G. REDMAN

**Mr. Merchant:
YOU LOSE 3 OUT OF 10
Customers Every Year**

... AND THIRTY PER CENT OF YOUR BUSINESS GOES WITH THEM. HARD TO BELIEVE, BUT TRUE. IF YOURS IS AN AVERAGE BUSINESS, YOU NORMALLY LOSE APPROXIMATELY THIRTY PER CENT OF YOUR CUSTOMERS EVERY YEAR. IF YOU DON'T BELIEVE IT, LOOK THROUGH LAST YEAR'S ACCOUNTS AND SEE HOW MANY ARE NO LONGER ACTIVE.

Why do you lose them?

Through death, hard feelings, moving to another community or through the efforts of hard-driving competitors . . . a variety of reasons . . . some of them beyond your control.

AT THE SAME TIME THERE IS A NORMAL BUSINESS INCREASE OF ONLY FOUR PER CENT EVERY YEAR. THAT LEAVES YOU FACING A TWENTY-SIX PER CENT HANDICAP EVERY YEAR . . . A HANDICAP YOU MUST OVERCOME IF YOUR BUSINESS IS TO REMAIN HEALTHY AND PROFITABLE.

What to do about it:

The answer lies in better merchandising, better planning and more vigorous promotion of fast selling goods and services.

The Surest Most Profitable Method of Sales Promotion Is Consistent Timely Advertising In Your STAR and NEWS.

Mrs. Carl Morrison Hostess Burk Garden Club Luncheon,

Burkburnett Garden club met Jan. 13th in the home of Mrs. Carl Morrison for their annual luncheon and election of officers. Mrs. J. C. Adams and Mrs. Virgil Mills were co-hostesses.

Old business was discussed by the president, Mrs. A. H. Lohofener. Arbor Day planting of a tree in the new cemetery was affirmed.

New officers elected for the new year were president, Mrs. M. E. Talaferro; vice president, Mrs. Carl Morrison; secretary, Mrs. J. L. Caffee; treasurer, Mrs. H. G. Williams.

Finance chairman, presented State Garden club notes for sale. All were sold.

Plans for assisting with the council project were discussed and approved. Roll call was answered by "Garden resolutions."

The leader, Mrs. J. M. Pogue, presented the speaker, Mrs. Taliferro who gave a demonstration on flower arrangements with permanent flowers. She explained how to fasten the mechanics to the container, using tape and styrofoam, then cutting the flowers to the lengths to be used in line and mass arrangements. All colors were used so they could be placed in rooms most suited for them.

A lovely luncheon was served in the sun room from three large tables, one using Blue Mexican glassware, one in a black and white setting and one in old colonial setting.

Eighteen members were present and two visitors, Mrs. C. M. Archer of Burkburnett and Mrs. A. J. Mitchell of Smackover, Ark., sister of Mrs. Walter Riley.

Club adjourned to meet Feb. 24th with Mrs. H. G. Williams as hostess.

Current Lit. Club Attends Luncheon At Jeffers Home

Members of the Current Literature club attended a luncheon at the home of Mrs. F. G. Jeffers with Mrs. Joe Salter and Mrs. Lamoin Champ as co-hostesses.

After the delicious meal was served, the club held the regular business meeting. The club voted to help the new school for Handicapped Children. This program should be a community affair.

Nominated for president was Mrs. Fred Hunt; vice president, Mrs. Roy Magers; recording secretary, Mrs. C. R. Chambers; treasurer, Mrs. Joe Salter.

The program was in honor of "Texas Day." Mrs. Fred Hunt reviewed a short story by Virginia Spencer, "So you Don't Like Texas." Mrs. Ralph White gave a talk on "How Texas Laws affect Women." Mrs. John Brookman gave excerpts from a book by J. Frank Dobie, "The Devil In Texas." A salute to Texas by the club closed the program.

Members present were Mesdames J. L. Caffee, C. E. Lundberg, F. M. McMurtry, Fred Hunt, Roy T. Magers, Lamoin Champ, A. H. Lohofener, C. M. Archer, C. R. Chambers, Joe Salter, Mary Bell Terry, Ralph White, W. W. Chambers, Leo Foster, J. S. Vanderburg, F. G. Jeffers, L. O. Campbell, C. W. Boyd, John Brookman and Marjorie Kauer.

WILLIAMS, ARIZONA, NEWS: "Following an election, most voters soon forget promises made by the winning candidates, but not nearly so soon as the winners do."

Dog Care Program Enjoyed by 16 4-Hers

The first meeting of the Dog Care program for 4-H members was held Thursday, Jan. 14th at 7 p. m. in the Community Room of the Burkburnett Bank. Sgt. R. Riley has charge of this series of programs. He told us about the history of dogs, that they dated back 250 million years and at one time looked and acted like cats. Man has been using dogs for 25 million years. He told how dogs were used in caveman times, during wars and today.

Airman King, handler of a sentry dog at SAFB, brought his german shepherd dog to the meeting and put him through several commands, and showed how to handle the dog while on duty. The dog also performed several tricks for the class. There are 15 sentry dogs at SAFB, each dog replaces five men and is valued at \$1600 each. Dogs can be trained to obey over 100 commands.

Sgt. Riley also told about training these dogs, and answered any questions the class asked. He told us about his programs for the next three weeks.

There were 16 4-H members at this meeting, 5 adults and one 4-H leader. The next meeting will be Thursday, Jan. 21st at 7 p. m. at the Community Room of the Burkburnett Bank.

Hardin HD Club News

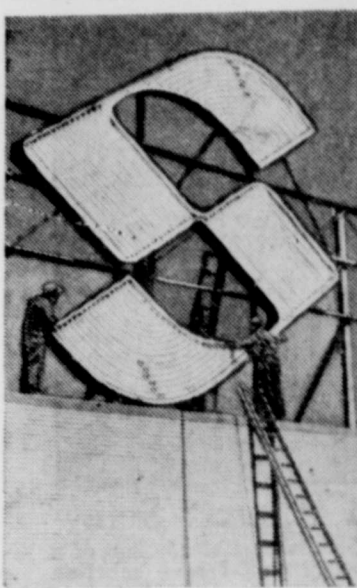

The Hardin Home Demonstration club met in its regular session Wednesday, Jan. 13th at 1 p. m. with Mrs. S. E. Askins as hostess.

Mrs. E. W. Roderick, president, called the meeting to order and asked for a report from the chairman of the program committee and suggested ways to raise money for the club treasury. Plans were made to start making gifts for the State Hospital patients. Mrs. Roderick plans with the cooperation of all club members, to make this one of the best years of home demonstration work in Hardin Club history.

Eleven members including Mrs. Mildred Darlin, who became a new member, were present. Mrs. Askins served refreshments to them and special guests, Mrs. Cleo Askins and Treassa and Larry and Gary Roderick and little Miss Dorlin.

Next meeting will be Jan. 27th at Texas Electric Reddy Room with Mrs. Alice Daugherty as hostess.

DEVOL NEWS

C. O. Woodley, Reporter

Pamela Wood was commended with a bridal shower evening, Jan. 15th in home of Mr. and Mrs. Joed. The co-hostesses were Mrs. John Williams, Geo. J. D. Taylor, F. N. Thompson, Clyde Davis, Charles S. Hugh Frye, J. M. Marshall, H. L. Hooper and A. J.

Wood is the bride-elect of Jerry Baber, son of Mr. and Mrs. Bert Baber. The marriage took place Friday night, at the Baptist Church in Randolph. The lovely young bride was escorted by Mr. and Mrs. Ernest M. Wood and is a student at Cameron College.

Honorees chosen colors of red and white were carried by Mrs. Pruet in the room and table decor. The Pruet presided at the book, with Miss Carline and Miss Shelia Davey as cake and punch. The signing of the guest book was by Mesdames Herbert Finis Taylor, Fletcher Evelyn Davis, Maxine R. Helen Ressel, Helen

Reed, C. W. Ramsey, Carl Miller, Wendell R. Goins, E. J. Tatum, Herman Miller, Charles McCullough and Chuckie, Frances Ooten, J. W. Taylor, John Williams, George Warren, F. N. Thompson, Clyde Davis, H. L. Hooper, E. N. Miracle, J. B. Stevens, Gertrude Farmer, F. W. Dickson, Emma Jewel Williams, Theo Kinnard, Jobie Dunn, W. M. Young, Jr., Lucille Morrow, W. A. Wood, Messrs and Mesdames Howard Bentley, K. L. Smith, Ernest M. Wood, Hertz Baber, Joed Inman, Mr. Don Eschler, and Misses Wendolyn Goins, Brenda Goins, and Janey Wood.

Mrs. W. C. Charboneau underwent minor surgery in the Wichita Falls Bethania hospital Thursday and is reported doing nicely at the home of her daughter and son-in-law, Mr. and Mrs. Harold Kirby in Wichita Falls.

The Devol Demonstration club met Thursday afternoon with Mrs. Pearl Coker in her home. Roll call was answered with "A Book That You Have Enjoyed." Mrs. Betty Dahms HD agent gave the lesson on Reading.

One guest, Mrs. Tom Kinnard

Follow that truck

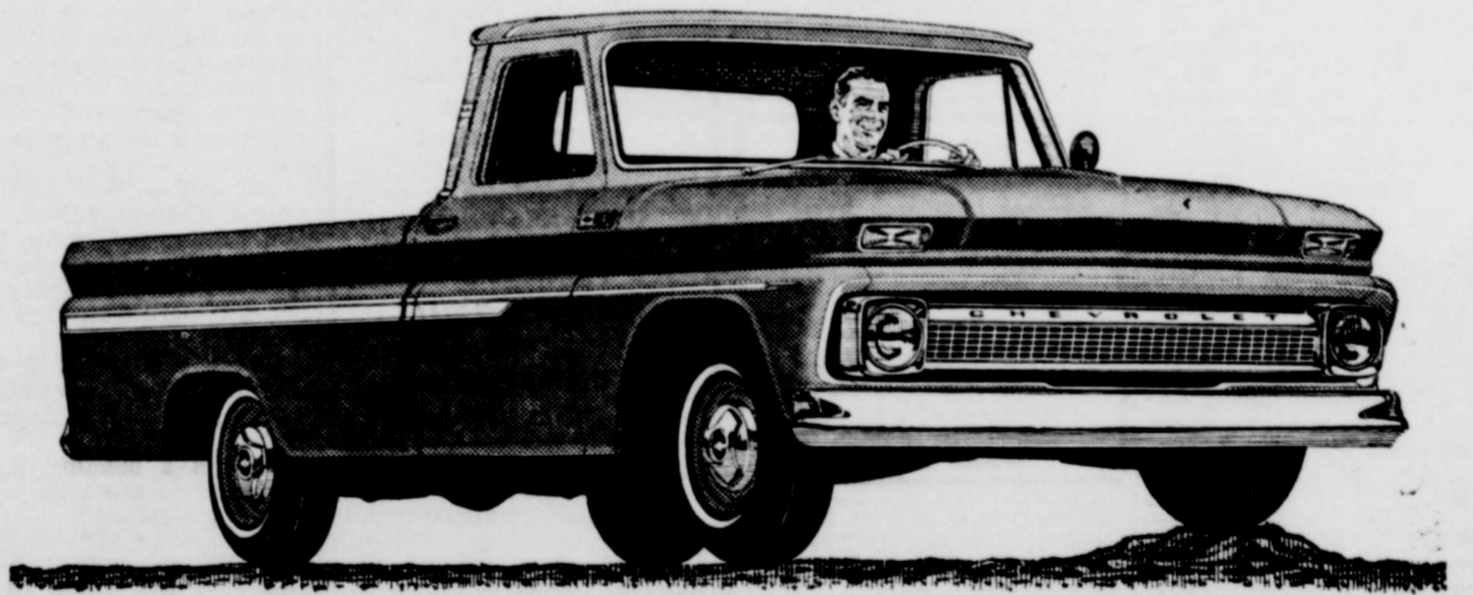

(but if you do, plan to step lively)

You're looking at one of the busiest trucks in the world, especially this year. During 1965 Southwestern Bell's motor fleet will travel 88 million miles in the biggest construction program ever undertaken. A one-year \$350 million effort (this means up to 17,500 new jobs among the firms which sell supplies, services and materials to the telephone company) to make the world's

best telephone service even better. You will benefit directly. In cities, on farms, at home, at your office or in your car, you'll be able to call easier and faster in all kinds of weather. Next time you see a big telephone truck, take a second look. You'll be looking at rolling proof of a really massive effort to make your telephone serve you better, of more personal value to you.

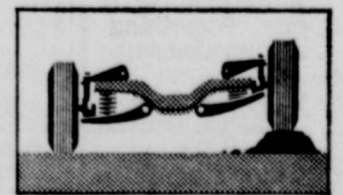

Chevrolet

workpower

"walks" right over bumps and trouble

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.

Telephone your Chevrolet dealer about any type of truck

County Agent News From The

The Wichita County 4-H Horse Club will hold their regular monthly meeting on Tuesday, Jan. 19th. The meeting will be held at the 4-H Club Barn and will begin at 7:30 p. m. Junior Fuhrman is president of the club.

A most interesting program has been planned for the annual Soil Fertility meeting to be held in Iowa Park at the ASCS Community Room on Monday, Jan. 18th. The meeting will start at 7:30 p. m. This annual meeting is sponsored by the Burlington Railroad, Organized Communities of Wichita County, and the Texas Agricultural Extension Service. Listed below is the program for the evening:
7:30-8:30 — "Redistricting" — George (Cotton) Moffett, former State Senator, Vernon, Texas.
8:00-8:30 — "Agricultural outlook" — Johnny McHaney, Economics Department, Texas A and M University.
8:30-9:15 — "Soil Fertility" — Charlie Fisher, Superintendent, Texas Agricultural Experiment Station, Lubbock.
This is a meeting that you will want to mark on your calendar and attend.

Wichita County 4-H club boys and girls will enter 16 steers and beef heifers in the Fort Worth Fat Stock Show on Jan. 27th. The carcass steers will be judged on Jan. 29th; Junior steer show, Jan. 30th; Angus heifers, Jan. 31st; and Hereford heifers, Feb. 1st.

If you are one of many cotton producers who stores his own cotton planting seed, now is a good time to check this seed for stored grain insects. Such pests as rice or corn weevils, lesser grain borers, granary weevils and Angoumois grain moths occasionally infest stored cottonseed, says B. T. Haws, county agent. This is especially true if a large percentage of the seed is cracked or if seed is stored in infested bins. Cotton seed should be stored only in bins that have been thoroughly cleaned of waste material such as old grain, trash and sweepings. Cracks should be covered to prevent seed from collecting and waste grain, seed and other material beneath or near the bins should be destroyed. After bins have been cleaned, spray the inside of surfaces with a 2 1/2 percent solution of

LAST DAY - JANUARY 31

what's your HOBBY?

Do you know this photographer's trick for getting rid of "busy" backgrounds? Use a wide lens opening and focus on the highlights of your subject's eyes. This throws the background out of focus and softens its details.

Have you met Fred Flypogger? He's the star of a new series of model kits by Monogram Models, Inc. and he'll be turning up with a new personality each time. In his first appearance he's Super Fuzz, a way-out policeman riding in his supercharged rod prowl car. Fred is being created for Monogram by Stan (The Mouse) Miller, who paints those crazy cartoons on sweat shirts at custom car shows.

Have you tried eraser painting? Cut a design in a rubber or gum eraser, dip the eraser in showcard paint and transfer the design to stationery, book covers, waste baskets or anything else you want to decorate. Remember that your print will be in reverse, so cut letters or numerals backward.

What's new in model cars? Two different Ferraris and a "Woody Wagon," that's what. Monogram has the Ferrari 275F in 1/24 scale and the Ferrari 250 GTO/LM in 1/32 scale. And they're both available in either slot racing or display versions. The wagon, of course, is the 1939 Ford station wagon that's the favorite of California surfers. It's in 1/24 scale and is equipped with two surf boards. 1164

Bill S. Vann and family of Brownwood visited his mother, Mrs. W. C. Vann, here over the weekend.

either methoxychlor or premium grade malathion. Haws points out. Methoxychlor is available both as a wettable powder and an emulsifiable concentrate.

Dusts also give satisfactory protection against these insects pests. Toxaphene, DDT, or malathion can be mixed with the seed at a rate of two ounces per bushel.

Haws warns that treated seed should never be crushed or used for feed. Additional information can be obtained from the county agent's office.

Local Students Are Invited To Attend Youth Concert Feb. 6

Local students have again been invited to attend the special Youth Concert for area students of the Symphony Orchestra in Wichita Falls at 10 a. m. Saturday, Feb. 6th at Memorial Auditorium.

A nationally and internationally renowned violinist-conductor-composer, Frederic Balazs has been engaged to perform as violin soloist with the 65 member Wichita Falls Symphony under baton of the new conductor, William Boyer.

Balazs, now conductor of the Tucson Symphony in Arizona, was conductor of the Wichita Falls Symphony 1948-52.

Mrs. J. B. Riley, Jr., has been requested by the Wichita Falls Symphony organization to serve as coordinator for local students, grade one through 12, to attend the concert.

Newcomers Welcomed To Burkburnett

The Burkburnett Chamber of Commerce and the Greater Service wish to welcome the following newcomers to our city.

- O'Brien, Dennis
