Drillers Cop No More Games

The Burkburnett Drillers took a 71 double over-time victory over the Strong Sheppard Seniors Saturday night in a cliff battle. The Drillers battled to a 9 point deficit to force overtime, where they finished out the win. Abba Bailey with 29 points and Carlye Strickland with 19 points were high for the Drillers. Wednesday night in the home the Drillers swamped the Wichita Falls Mirror Shine 93-33. Again Bailey was high with 39 points. Saturday night, the Quannah Stars invaded the Drillers' gym. Derrell Nippert, All-American from TCU is their scoring threat. All stars are easily the team in their area. Game time is 8:00 p. m. at Junior High Gym.

Directors Set Date for Rodeo

Following a luncheon at Town Hall Wednesday noon the Chamber of Commerce directors, dates for the 1965 rodeo were set for Thursday, Friday, Saturday, and Sunday, Feb. 4-5. Bryan Farris and Floyd Arden were appointed co-directors of the rodeo. Buddy Byars, manager reviewed the financial statement and stated the annual banquet went in the hole \$100. Al Dillard, president, appointed three more writers to keep the Chamber of Commerce news column, P-R-O, going in the Star this week.

News From Harrelson Nursing Home

Harrelson Nursing Home wishes to thank Mrs. Roy Williams of Devol, Okla., for the pies she brought to the patients here Tuesday. Mrs. Herta Baber, Mrs. Waddell Goins, Mrs. Carl Miller and Mr. and Mrs. E. J. Tatum attended funeral services in Robert Lee, Texas, over the weekend for their sister, Mrs. Hattie Day. Mrs. Flora Bentley is visiting relatives in Atlanta, Georgia this month. Mrs. Maud Taillon of Massena, New York will arrive here Saturday for a weeks visit with her daughter, S-Sgt. and Mrs. Gerald J. Martel and children.

C-C Group Addressed By City Manager

Jess Whatley, City Manager, spoke to the Chamber of Commerce luncheon Monday noon in Town Hall. It was a question and answer session concerning the City's water supply. In 1953 the City had 50 water wells on pump. In 1964 the number had grown to 72. One day last year the City pumped almost two million gallons of water to town. Total for the year was 356,000,000 gallons. According to Mr. Whatley the water table falls considerably during dry years. No one knows just how long the wells will stand up at full production, but it is felt generally that other sources of water must be found, or wells drilled which have a much greater producing capacity than those now in use. Two prospective sources are foreseeable now. Wichita Falls may be able to supply area towns with additional water when they build a new lake. That will be some three to four years away, allowing one or two years for the lake to fill up. There is another possibility that the proposed lake at Waurika, Oklahoma could furnish some water to Burkburnett. That could be another five to six years away. The water situation is not hopeless, neither is it very comforting. President Al Dillard announced the annual membership drive was under way. Directors are divided in two teams. The team getting the fewest new memberships will spend a night in the Burkburnett house of detention. Mrs. Maud Taillon of Massena, New York will arrive here Saturday for a weeks visit with her daughter, S-Sgt. and Mrs. Gerald J. Martel and children.

SouthWestern Bell Telephone Company Announces Rate Reduction For Texas Users

P-R-O

NEWS FROM YOUR CHAMBER OF COMMERCE

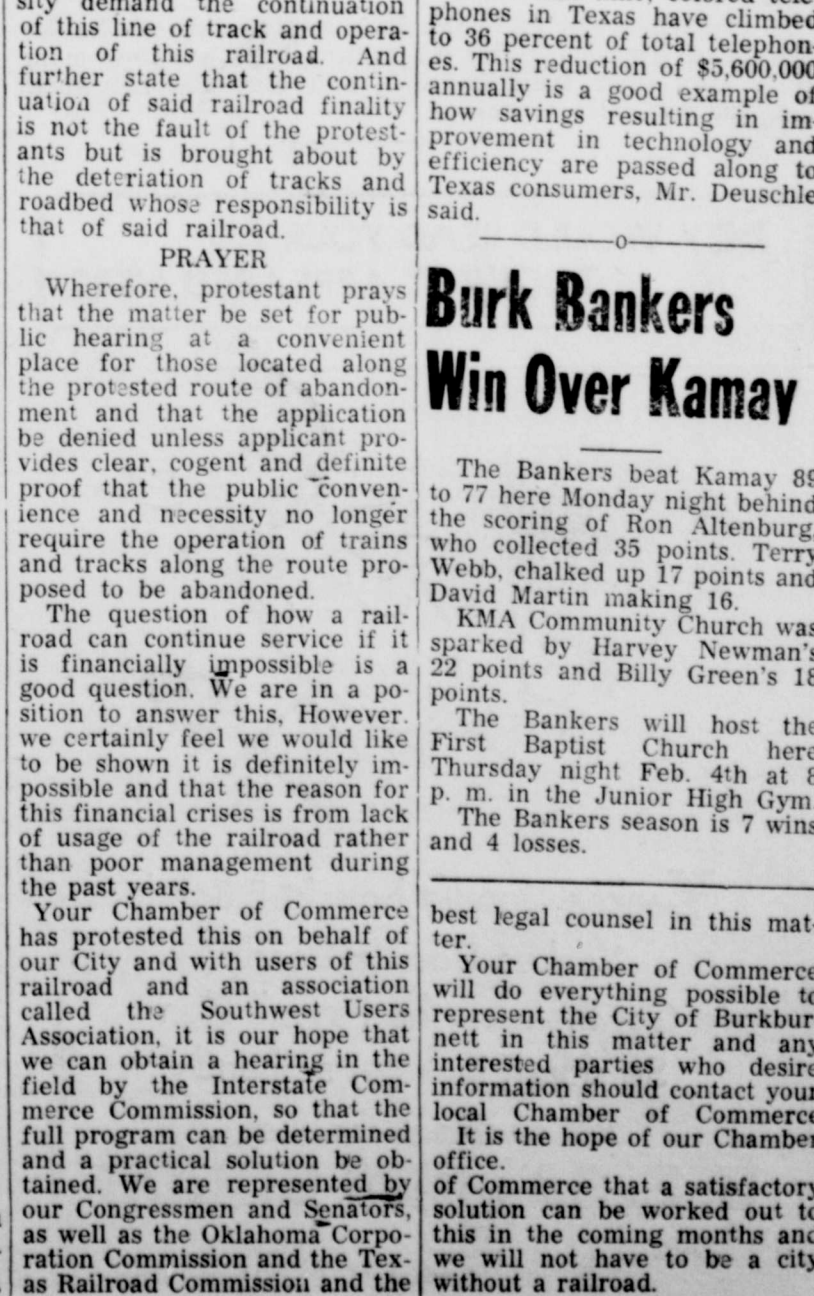

The following is an answer to the application filed by the Missouri Kansas Texas Railroad with the interstate commerce Commission in Washington, D. C. concerning the abandonment of 297.72 miles of railroad beginning north of Wichita Falls, Texas through 12 counties of Oklahoma to the town of Forgan, Oklahoma. Finance Docket No. 23420 PROTESTANT Burkburnett Chamber of Commerce Comes now the Burkburnett Chamber of Commerce and protests the application of the Missouri - Kansas - Texas Railroad company in the above styled and numbered cause and alleges and stated: I That the Burkburnett Chamber of Commerce is a voluntary non-profit organization chartered in the State of Texas and is composed of business and professional people whose purpose in action is the advancement and economic development throughout our community and area. II That the proposed abandonment would place an undue hardship upon many of the businessmen, farmers and ranchers in the trade territory of Burkburnett, Texas, many of whom depend wholly upon this carrier for the movement of their goods. III That this Chamber of Commerce does expend a good deal of its time and money in the effort to create more jobs through manufacturing, and the loss of this railroad would cause a large segment of our territory to become unwanted by a majority of our manufacturing prospects. IV That the abandonment if allowed would eliminate railroad service from this city to all points north. V That we further state that public convenience and necessity demand the continuation of this line of track and operation of this railroad. And further state that the continuation of said railroad finality is not the fault of the protestants but is brought about by the deterioration of tracks and roadbed whose responsibility is that of said railroad. PRAYER Wherefore, protestant prays that the matter be set for public hearing at a convenient place for those located along the protested route of abandonment and that the application be denied unless applicant provides clear, cogent and definite proof that the public convenience and necessity no longer require the operation of trains and tracks along the route proposed to be abandoned. The question of how a railroad can continue service if it is financially impossible is a good question. We are in a position to answer this. However, we certainly feel we would like to be shown it is definitely impossible and that the reason for this financial crisis is from lack of usage of the railroad rather than poor management during the past years. Your Chamber of Commerce has protested this on behalf of our City and with users of this railroad and an association called the Southwest Users Association, it is our hope that we can obtain a hearing in the field by the Interstate Commerce Commission, so that the full program can be determined and a practical solution be obtained. We are represented by our Congressmen and Senators, as well as the Oklahoma Corporation Commission and the Texas Railroad Commission and the

SouthWestern Bell Telephone Company Announces Rate Reduction For Texas Users

P-R-O

Telephone rate reductions which will save Texas telephone users \$5,600,000 a year were announced in Dallas today by W. L. Lindholm, vice pres., Southwestern Bell Tel Co. A long distance rate reduction will become effective on interstate calls on Feb. 1st and on calls within Texas on April 1st as follows: Special long distance rates, now effective from 9:00 p. m. to 4:30 a. m. will be effective from 8:00 p. m. to 4:30 a. m. In addition since many of our customers find it convenient to make family calls on Sunday, Mr. Deuschle said, these lower rates will be effective all day Sunday, extending the time within which these calls can be made from 8 p. m. Saturday to 4:30 a. m. Monday. These rates apply on station to station calls, with a maximum of \$1.00 for a 3 minute call within the continental United States. The present evening rate will be in effect from 6 p. m. to 8 p. m. each day and also will apply all day Saturday on station to station calls. In addition, the charge for color telephones will be reduced from \$10.00 to \$7.50 effective Feb. 1st. Reductions in interstate rates were worked out recently between Bell System and FCC. Reduction in intra state rates, and lower charge for color telephones were made voluntarily, Mr. Deuschle said. The cut in intra state long distance rates will be the 7th by Southwestern Bell since 1940. These economies to our customers have been made possible by the greater volume of long distance calls and by our continuing program of mechanization, Mr. Deuschle said. Customers also are contributing to the more economical operation he added. 20 percent of long distance calls in Texas now are being dialed by customers. More calls are being made station to station, requiring less operator time per call. Furnishing of area code and number of the called telephone also makes it possible to complete calls more quickly and more economically. The reduction in one time charge of color telephones has come about as a result of popularity of color sets since their introduction in Texas in 1956. Since that time, colored telephones in Texas have climbed to 36 percent of total telephones. This reduction of \$5,600,000 annually is a good example of how savings resulting in improvement in technology and efficiency are passed along to Texas consumers, Mr. Deuschle said.

Burk Bankers Win Over Kamay

The Bankers beat Kamay 89 to 77 here Monday night behind the scoring of Ron Altenburg, who collected 35 points. Terry Webb, chalked up 17 points and David Martin making 16. KMA Community Church was sparked by Harvey Newman's 22 points and Billy Green's 18 points. The Bankers will host the First Baptist Church here Thursday night Feb. 4th at 8 p. m. in the Junior High Gym. The Bankers season is 7 wins and 4 losses. best legal counsel in this matter. Your Chamber of Commerce will do everything possible to represent the City of Burkburnett in this matter and any interested parties who desire information should contact your local Chamber of Commerce. It is the hope of our Chamber of Commerce that a satisfactory solution can be worked out to this in the coming months and we will not have to be a city without a railroad.

National Electric Week - Feb. 7-13

National Electrical Week is to be observed during the February 7-13 period. Its purpose is expressed with admirable clarity in a sentence: "To enhance public appreciation of electricity and the contributions of the electrical industry to the nation's progress and economy."

The extent and value of those contributions could hardly be exaggerated. Our investor-owned utilities provide services of a scope and standard that are not equaled anywhere else in the world. And progress never ends. A dramatic late development has been the extension of interconnection and pooling arrangements which permit the building of power supplies on an area or regional basis involving vast sections of the country. The result is the utmost in dependability and economy — to the advantage of homes, farms and enterprises everywhere.

Together those investor-owned companies make up the largest single industry in this country. Last year alone they spent the staggering sum of \$3.6 billion on new construction. This year's figure is expected to reach \$3.9 billion. And their 1964 tax bill was \$2.79 billion, divided among governments at every level from remote villages to Washington, D. C.

The utilities, along with the electrical manufacturing concerns which supply their equipment and the magical devices and appliances found in abundance in American homes and industries, are a national asset of unsurpassed worth. The lives of us all are the better because of their achievements and their unflagging will to progress.

Boy Scout Week - February 7-13

The theme of Boy Scout Week, to be observed from February 7 to 13, is "Strengthen America's Heritage." A better one could not have been chosen.

All manner of activities will characterize the Week. Churches of every denomination will develop the theme in their services. Newspapers, radio and television will give the Week the notice it so richly deserves. Schools and civic groups will participate. Patriotic organizations will play their important part. The goal is to bring home to everyone American principles and ideals which are eternal and which the Scouts are pledged to sustain.

The Scout Oath and Law is worth rereading and remembering: "On my honor, I will do my best to do my duty to God and my country, and to obey the Scout Law. To help other people at all times, and to keep myself physically strong, mentally awake, and morally straight." Every Scout thus gains a philosophy to live by all his life.

The Week will mark the 55th Anniversary of the Boy Scouts of America. Some 5.5 million boys are now members. May their tribe increase, and may the movement last for centuries to come.

ONE-SIDED FREE SPEECH

FAIR-PLAY NEEDED HERE

Evidently some members of the National Labor Relations Board have not kept abreast of recent U. S. Supreme Court rulings upholding the right of free speech.

How else can you explain the NLRB decision in the General Electric case which, if allowed to stand, will in a sense, deny the constitutional right of free speech to employers?

The crux of the accusation against GE was that it acted in "bad faith" because it informed its employees and the International Union of Electrical Workers of the limits beyond which it could not go in granting wage and fringe benefit increases prior to the beginning of contract negotiations.

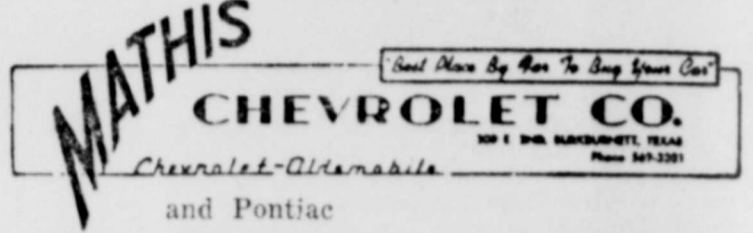

Since there is no real restriction on the union's right to communicate with its membership over proposed contract terms, the virtual gagging of management would leave employees with a one-sided and conceivably distorted picture of whether it is at all possible for a company to

meet the terms laid down by the unions. The gross inequity of the NLRB split decision was pointed up by one of the five board members. In his dissent from it, he held that in order for collective bargaining to be free both parties must, with a minimum of exceptions, be able to resort to such tactics or take positions that they believe necessary and desirable. It is ironic that the deprivation of a management right has come at a time when civil liberties are being legally expanded. The Supreme Court, therefore, should lose no time in rectifying NLRB's grotesque mistake.

Winterize Your Car Driving

One of the most dangerous acts of drivers during winter months is failure to completely clear ALL windows and windshields before driving. It is essential that drivers remain alert and able to see what is around them clearly. The only way this can be done is by cleaning all windows and windshields before starting to

drive. And, while you are at it, it only takes a few seconds to clean of the headlights, turn-signals, and tail lights as well. When temperatures drop below the freezing point, drivers must guard against curtailed visibility caused by frosted windows and windshields. To prevent frosted windshields and windows, idle your car long enough for it to warm up and for the defroster to become effective before starting to drive. If you must begin driving immediately before the car warms up, open a window so that moist air escapes.

Roger W. Babson Weekly Report

ROGER W. BABSON

BABSON'S VIEWPOINT ON NEW PROGRAM FOR RETIRED EXECUTIVES

Retired or semi-retired business men with executive experience and small firms throughout the country should both be interested in an unusual program sponsored by the Small Business Administration. The gist of the scheme is to line up retired executives with special know-how who would be interested in helping out small manufacturing or service establishments that cannot yet afford top echelon personnel.

How The Plan Works Out
Economic observers have long regretted the wasted talent of retired officials. They know it could be extremely valuable if used to give small struggling concerns the kind of help that might send them on to success. It also has become evident, upon investigation, that a great many executive retirees are delighted with the prospect of working—at least part time—in a useful advisory capacity. Hence, a pilot try-out was made in Boston and Washington, and enough retired experts and small businessmen were brought together to warrant going ahead with a program on a nationwide scale.

Last October the system was set up in 69 cities across the country. This involved, of course, the process of finding those equipped and willing to help as well as those little firms that needed assistance, —and bringing the two together. Retired managerial men were recruited for the most part thru newspaper ads and via business associations. A gratifying—even surprising—number of leisured men expressed interest in lending a helping hand. Some 2,000 have already offered their services, and the search for more will certainly be stepped up as the usefulness of the plan is proven.

Plants That Are Eligible
To be eligible for participation in the scheme, companies must have no more than 25 employees. Most of the concerns taking part became aware of the plan when they applied for loans either from the small Business Administration itself or under the government's anti-poverty program. Owners were informed of the possibilities of help from former managerial officials, and many expressed immediate interest in the venture. It is stressed, also, that all small companies (with 25 or fewer workers) may take advantage of this opportunity, whether or not they have applied for government loans.

The project is known as the Service Corps of Retired Executives (SCORE), and the agency's key function is to see that its listed retirees are put in touch with firms desiring accomplished managerial experience. Once an adviser has been directed to a small company needing his type of knowledge, the continuance of the relationship is up to the individuals brought in contact with one another.

Advisors Must Make Certain Pledges
Involvement in the program is voluntary — on both sides.

There are, however, certain stipulations that must be observed. A SCORE adviser is to receive no remuneration for the first 90 days. Then, if the arrangements work out well, the two parties may develop their own agreement to pay for forthcoming services rendered. The contributing executives must pledge not to give simultaneous assistance to rival clients. Nor are they permitted to receive commissions from companies recommended to their clients as sources of services or supplies.

So far, the greatest value of the SCORE setup seems to come from the contacts that past executives often have at their fingertips. Big-scale suppliers as well as buyers are frequently cautious about dealing with "starter" or "little" manufacturers. It is here that an established official who knows the ropes can open doors. Contact with one or two big customers often means the difference between success and failure for a small firm too busy with its own operations to expand its horizons and give adequate attention to the problems of distribution.

For Readers Interested

If you are a retired executive who would like to "help the beginner along," or if you are a small businessman who needs such help, we suggest that you send for information to the Small Business Administration, 811 Vermont Avenue N. W., Washington, D. C. 20416. Or contact the SBA office—an independent U. S. Government Agency—in your nearest large city.

Val Service Held Janlee WMS

The Women's Missionary Society of Janlee Baptist church met Tuesday, Jan. 26th at 9:30 for a Royal Service program.

"Christ For the Cubans" was the theme of the program. Mrs. B. Southerland, Jr., gave introduction and the program took the form of a report on a street corner interview with passers by. Those interviewed were two Cuban refugees presented by Mrs. Jim Tarogon and Mrs. Jean Salmon. Don Riddle represented a Missionary.

A easel a map of the United States was placed with an oval map of Cuba over it. In the foreground of this map was a sheer curtain with a small light between the curtain and map. A cardboard outline of "Pray-Hands" stood in front of the easel. This interest center presents Cuba today. Many have come to the United States, but many are behind Black Curtain of Communism. Let us remember to "Pray for Cuba."

Our next social will be March 1st, with group one serving.

SPARKLING NEW SHAPES

In the foreground — a very tasteful way to serve crackers and cheese or chips and dips in crystal, clear and sparkling as a dewdrop. This Comportier, like all lovely American glass, is truly versatile. You float it with flowers for a centerpiece, or pile the bottom with shining apples and evergreens, with a cascade of grapes from the top. And note the new shape of the deep orange bowl

— perfect for fruit, flowers or dessert. Think how pretty it would be heaped with the jewel-like greens of a tossed salad, or filled with colorful ice-cream. There is no doubt that beautiful American-made glass is a necessary part of gracious living. Comportier, about \$7.50; orange bowl, about \$6. These handsome pieces are by Indiana Glass, subsidiary of Lancaster Colony.

Jr. Forum Study Club Met In Monty Knox Home Jan 26th

The Junior Forum Study Club met Tuesday night, Jan. 26th in the home of Mrs. Monty Knox. Eleven members answered roll call by telling whether or not they had made a will.

Mrs. Keith Hubbard was in charge of the program, she introduced Mr. Joseph Jancke, at-

torney at law, who brought the program on "Have you looked to the Future." He explained various types of wills and their necessity. He explained the meaning of "Community Property" and its affect when a persons dies without a will.

Following the program Mrs. David Booher gave the devotional on "Saul".

The slate of officers for the 1965-66 season was accepted as presented by the nominating

committee. New officers will be President, Mrs. Wayne Smith; vice pres., Mrs. C. L. Pruett; secy., Mrs. James Roderick; Treas., Mrs. Richard Smith; Historian, Mrs. John Gill; Parliamentarian, Mrs. Robert Williams; and federation counselor, Mrs. Clyde Hoskins.

The next meeting will be held Feb. 9th in the Community Room of the Burkburnett Bank with Mrs. Dorothy Rhone, guest speaker.

Death Never Takes A Holiday

By Geo. Lemon

Advertising is telling you who you are, where you are, and what you have to offer the world in service or commodity.

If nobody knows who you are or what you have to offer, you do no business and the world is the loser through giving you the absent treatment (Elbert Hubbard, in the American Bible Roycrofters, Aurora, N. Y.)

Safe driving depends upon a car in good condition. Often the forgotten man is the mechanic who crawls under it to see what is wrong and fixes it. At least you hope that's what he is doing under there. Good mechanics, responsible car dealers and garages try to hire and keep that kind, to do their best to assure you that you will have a safe car to drive. Whether you drive it safely is up to you. Get that little squeak fixed before it becomes a rattle. It's less expensive that way. Thank your Mr. Mechanic.

ELECTRICITY POWERS PROGRESS

Wherever you see industrial growth . . . business expansion . . . productive farms . . . better living . . . you'll find electricity is there to power progress. Because electricity is so essential to growth and development, Texas Electric Service Company constantly plans and builds new facilities to keep ahead of the expanding electric service requirements of the area served. During 1965, the company will

spend \$48,900,000 for new power generating capacity, new power lines, substations and other additions to its strong power system. This construction program, largest for any one year in the company's history, is further assurance that there will be plenty of power for progress . . . now and in the years ahead.

New Product From Mrs. Baird's Bakeries Is Pul-A-Part Bread

HOT BREAD BAKED IN YOUR OWN OVEN. The newest product on your grocer's bread rack is Mrs. Baird's Pul-A-Part Bread. Loaf bread that is not frozen, but ready to bake in just 15 minutes.

Burk Man Receives Membership In Automotive Society

American Motors Corporation announced today that Mr. Leon A. Ward of Tullis Motor Co., Burkburnett, has been named to membership in the select American Motors Society of Automotive Technicians. The Society is made up of outstanding Rambler service personnel who have passed a rigid examination covering all mechanical phases of Rambler automobiles. Mr. Ward, who has been employed by Tullis Motor Co. for 3 years, has been in automobile service work for approximately 20 years. "The fact that Mr. Ward has been accepted in the Society indicates that he possesses outstanding skill, technique and product knowledge," said Mr. Howard Tullis, owner of Tullis Motor Co. "We feel that this recognition of superior knowledge will result in improved customer satisfaction for Rambler owners who have their cars serviced at Tullis Motor Co."

Hot bread baked in your own oven is becoming more popular every day thanks to the newest product on the grocer's bread rack.

It's Pul-A-Part Bread from Mrs. Baird's bakeries. Since it's not frozen, it needs no thawing. Each cello bag contains two loaves that are ready to bake. Pul-A-Part answers the repeated requests by housewives for a loaf bread that bakes in your own oven in minutes and can be served as quickly and conveniently as home-baked rolls.

But how do you slice hot bread? You don't when it's Mrs. Baird's Pul-A-Part. You just pull it apart into hearty slices then serve to your delighted family.

You'll want to be sure to pre-heat your oven and bake at 375 degree for approximately 15 minutes or until golden brown.

Now, there's no reason not to have hot, home-baked bread for your family. Can't you just smell the aroma coming from your kitchen!

World's first movie theater opened December 28, 1895. in Paris, France, with 33 customers.

PROTECTION FROM THE ELEMENTS

It has been said in the Lone Star State that there is nothing between Texas and the North Pole but a barbed wire fence. That certainly gives you the idea that in Texas you're not given much protection from the cold North wind.

There are times when you might think there is no protection and comfort afforded from the hardness and cruelty of the world. But there is a buffer between you and the world. This help and protection is the church. As members of the church, you are with good people of like minds who love you, pray with you, comfort you and assist you. They are the ones who "by love serve one another." (Gal. 5:13)

We invite you to attend the church of your choice this week. You will find a warm welcome there.

"And this commandment we have from him, that he who loveth God love his brother also."

1 John 4:21

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Test your knowledge of U. S. Wars with these question and answers from Compton's Pictured Encyclopedia.

1. What was the shortest war in U. S. History?
2. What was the longest war in U. S. History?
3. What war had the most American casualties?
4. What war had the least American casualties?
5. What war saw the first successful use of a submarine to sink an enemy ship?
6. What war saw the first large-scale amphibious operation in U. S. military history?
7. What war saw the first use of poison gas by U. S. forces?
8. What war was the first to be officially declared by a U. S. Congress?
9. What war saw the first use of the military draft?
10. What war ended on the 11th hour of the 11th day of the 11th month of the year?

ANSWERS

1. The Spanish-American War (1898) lasted less than a year.
2. The unofficial war between the U. S. Army and the American Indian forces were engaged intermittently from 1790 until the battle of Wounded Knee, S. D. in 1888, which ended the last and most bitter of the Indian conflicts.
3. The American Civil War. The combined loss of life on both sides has been estimated well over 600,000.
4. From actual fighting.
5. The American Civil War, when the Confederate submarine Hunley sank the Union ship Housatonic, inside Charleston harbor, S. C. in 1864.
6. The Mexican War with the landing of U. S. forces at Veracruz, Mexico in 1847.
7. The American Civil War. During the assault on Charleston, S. C., Union forces hurled "Greek fire", generating poison gas, into the city.
8. The War of 1812 was the first to be officially declared by an as- sembled Congress on June 18, 1812.
9. The American Civil War. Both Confederate and Federal govern- ments resorted to conscription. The South in 1862 and the North in 1863.
10. World War I—hostilities ceased on 11 A.M., November 11, 1918. This day formerly called Armistice Day was changed to Veterans Day by Congress in 1954.

DEVOL NEWS

Mrs. C. O. Woodley, Reporter

Roy Baumhardt left this week for an Air Force Base in Florida where he will spend a six weeks training period, prior to overseas duty. Mr. Baumhardt has been visiting his sister and family here, Mr. and Mrs. F. G. McClendon.

Other Sunday company in the McClendon home included Mr. and Mrs. George Douthitt of Electra and Mrs. Mattie Harrison of Grandfield.

Mr. and Mrs. Glenn Powell are proud parents of a son born Jan. 29th in Bethania Hospital, Wichita Falls. The little fellow has been named Jeffrey Glenn. The grandparents are Mr. and Mrs. Ivan Powell of Devol and Mr. and Mrs. Curtis Lamox of Sun Ray, Texas. Mr. and Mrs. Lamax are spending this week in the Powell home.

Mr. and Mrs. Guy Hutson spent last week in the home of their daughter, Mr. and Mrs. Charles Moran of Loveland, returning home Friday of last week.

Mrs. S. M. Frieling, accompanied by two daughters, Mrs. Jessie Maye and Mrs. Linda Maye Motored to Abilene for a weekend visit with a daughter and family, Mr. and Mrs. Jack Naul, returning home Sunday.

Mr. and Mrs. Bryan Harrison visited a cousin, Beanie Washburn, who is a patient in the Clinton Hospital Sunday.

Mr. and Mrs. Bob Farris and son Bob, visited her parents, Mr. and Mrs. O. G. Weaver Sunday.

The RA's of the Baptist Church met Tuesday with Gary Coles opening the meeting by giving the RA pledge. After the devotion, a study course was given. Members present were Mike Wyatt, Johnny and Ronnie Dorton, Donald Sweeney, Gary Cole and their leader, Mrs. Melba Wyatt.

Dog Care Group Met At Community Room

Sgt. Riley and Airman King were the instructors for the 4-H Dog Care program which was held Jan. 28th at 7 p. m. at the Community Room of the Burk Burnett Bank.

Sgt. Riley told about the internal parasites that affect dogs. Some of them are tape worms, hook worms, round worms, whip worms, heart worms and coccidiosis. He told the symptoms that appear when the dogs become affected, how to treat for each disease and how the dog is affected by the disease. To help keep your dog well, keep his area or yard clean and sanitary, keep his pans and trays clean and to protect yourself, always wash your hands after handling your dog.

Airman King told about the external parasites that affect dogs. These include ticks, fleas, lice and mites. He also told about the symptoms of each parasite, how to treat dogs. He said to check your dog for parasites when grooming him.

Sgt. Riley told about the infectious diseases that affect dogs. These are Canine distemper, infectious canine hepatitis, rabies and leptospirosis. He told us how these affect the dog, the symptoms to look for and the prevention measures to take.

There were 22 4-H members and 5 adults present. The next meeting will be Feb. 4th at 7 p. m. at the Texas Electric Reddy Room. The subject for the next meeting will be How To Train Your Dog, and Obedience Training. Sgt. Riley will bring a dog to the meeting and show how to begin training your dog.

Last Rites Were Thursday For Mrs Anne Lois Shaw

Services for Mrs. Anne Lois Shaw, 44, were held at 2:30 p. m. Thursday from Central Baptist Church with Rev. Kenneth Bradshaw, pastor officiating.

Burial was in Burkburnett Cemetery under the direction of Owens and Brumley Funeral Home of Burkburnett.

Pallbearers were Earl Thornton, Guy Davis, Jonie Gillis, Bill Knowles, Jimmie Dorton and Orville Wilkerson.

A native of Oklahoma, Mrs. Shaw had been a resident of Burkburnett for many years before moving to Wichita Falls. She was a member of the Baptist church.

Mrs. Shaw's body was found Tuesday in her home at 1919 Wilson in Wichita Falls.

Survivors include her husband, Jim B. Shaw, two daughters, Mrs. Velma Booher of Burkburnett and Mrs. Kay Collins of Denver, Colo.; two sons, Jerry of Austin and Dickie of Burkburnett; her mother, Mrs. Evelyn Loffler of Austin; two brothers, Gorman Loffler of Burkburnett and Buddy Loffler of San Antonio; a sister, Mrs. Marilyn Dandrea of Austin, and five grandchildren.

Adron Neal Griffith Appointed Assistant County Agri. Agent

Adron Neal Griffith has been appointed assistant county agricultural agent of Wichita County, effective Feb. 11th, according to a joint statement by the Wichita County Commissioners Court and J. G. Simmons, District Agricultural Agent, Agricultural Extension Service. Mr. Griffith succeeds Robert A. Wurzbach, who resigned effective Jan. 31st.

Mr. Griffith is a January graduate of Texas A and M University, with a B. S. degree in animal husbandry. He was reared on a farm in Pecos County. Mr. Griffith was a 4-H Club member for nine years, and has received the 4-H Gold Star. Mr. Griffith is married, and they are members of the Church of Christ.

Theresa Farley Decca Student

The glowing light of the DECA spotlight shines upon a real cutie gal this week, Miss Theresa Farley.

For Theresa, this is her first year in Distributive Education. She has succeeded well in her book work as well as "on the job."

Theresa has such a sparkling personality and winning smile that you like her the first time you see her. This personality has added much to the life and vigor of the Decca Club.

Theresa is the Decca Sweetheart this year. This was a great honor for her, yet very deserving. She has entered the statewide Sweetheart Contest to be held in Houston in March. Good Luck Theresa. Also Theresa is the Club treasurer.

Here is where her seriousness begins being conservative and thrifty, she makes sure every penny of the club money is spent to its benefit.

Most of you know where Theresa works, but for you that don't, she is employed at Bennie's Dress Shop. Her work is supervised by Mrs. Bennie Kerr and Pauline Shaw. Theresa does many things at the shop from stocking shelves to creating the attractive displays. She enjoys the people she is working with.

After graduation in Oklahoma, she will attend college at state.

At the present time she is finishing up her preparatory years and past times of riding and playing around."
