## Lion's Club Is Entertained With Musical Program

A musical program entertained Lion's Club members Tuesday night.

Maurice Fennell and Lamion Champ, accompanied at the piano by Mrs. Delmar England sang several lively old standards and two hymns.

A surprise presentation was made to Roy T. Magers during the meeting. A certificate of appreciation from the President of Lions International, Dr. Walter H. Campbell, for the outstanding work Lion Magers has done in building membership and for his untiring efforts in all fund-raising projects for the club. Frank Kelly made the presentation.

A gold pin, inscribed with one word, was also presented to Magers. The word, "Builder," considered by his fellow club members to be highly descriptive of the man who received it.

## Among Other Matters

LaWANDA HENRY

With a twinge of regret we say goodbye to 1965. No other year could possibly bring the wealth of friends this year has brought.

But new years do begin and are met with great expectations that the world's we meant to conquer in 1965 will be conquered in 1966.

What is a Friend? I'll tell you. It is a person with whom you dare to be yourself.

Your soul can go naked with him.

He seems to ask you to put on nothing, only to be what you really are.

When you are with him, you do not have to be on your guard.

You can say what you think, so long as it is genuinely you. He understands those contradictions in your nature that cause others to misjudge you.

With him you breathe freely—you can avow your little vanities and envies and absurdities and in opening them up to him they are dissolved on the white ocean of his loyalty.

He understands — You can weep with him, laugh with him, pray with him — through and underneath it all he sees, knows and loves you.

A Friend, I repeat, is one with whom you DARE to be yourself.

## Racing Pigeon Club To Hold Show In Burk

Saturday, January 8th is the Big Day for area racing pigeon flyers. This is the day for the first pigeon show ever for Burk Burnett. The show will be held at Farmer Feed & Seed, 501 N. Ave. B from 8:30 a.m. to 6:00 p.m. This show will consist of 26 classes, to include both record and color division.

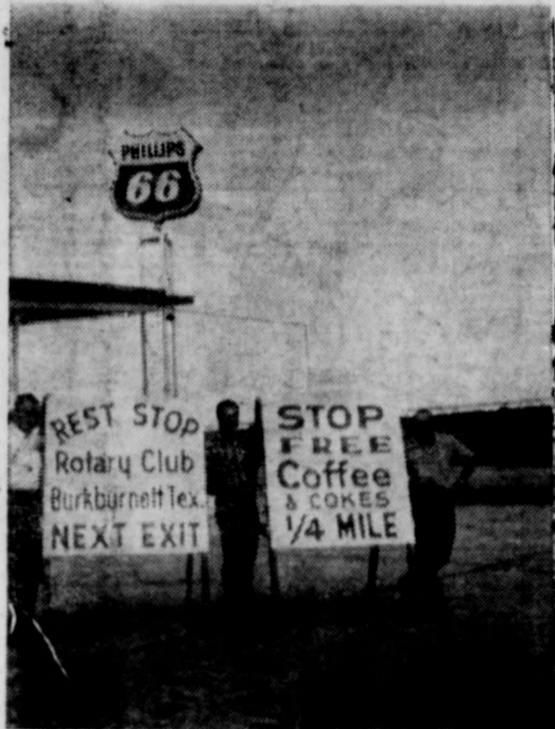

The Show Judge will be Mr. Frank Wood of Dallas, Texas, a past city manager of Wichita Falls, and a life-long Pigeon Fancier.

Trophies will be awarded to the Grand Champion Cock Bird and to best of opposite sex. Ribbons awarded to first and second in classes.

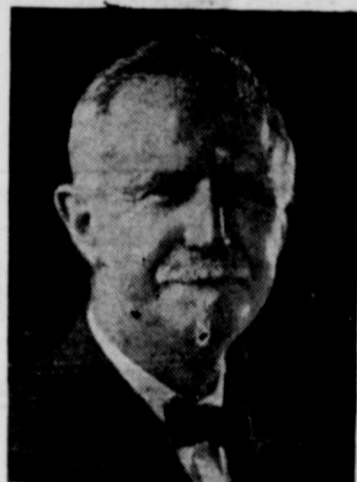

To compete in the 200, 300 and 500 mile class, birds must have flown that distance in competition.

Everyone is invited to come by and view the birds. There is no admittance charge.

## Roger W. Babson Forecast For 1966

BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1966

"Peace and Prosperity" should continue to be the dominant theme in 1966. President Johnson will push ahead in attempts to capitalize on the inroads he has already made with his Great Society program. However, since 1966 will be a Congressional election year, he may find the going less easy than it was this past year; the Congressmen and Senators who are up for re-election will likely think twice before being so generous with the taxpayers' money.

I, of course, would like nothing better than to be completely optimistic in this forecast, but my more than 60 years of experience in predicting trends has taught me that unexpected events are most dangerous when conditions are brightest.

1. The health of world leaders may well be a prime factor in 1966. These include President de Gaulle, Mao Tse-tung, and even President Johnson.

2. Perhaps the biggest threat in 1966 will come from abroad. There is evidence that the coalition of leadership in Russia may be centralizing into the hands of a strongman—something not seen since the Khrushchev ouster. Moreover, Africa could again hold the spotlight in the shifting pattern of the "cold war".

3. I do not look for war with Russia during 1966. Russia is still greatly concerned with trying to bring prosperity to her own people, and is especially troubled about the lag in farm productivity.

4. The struggle for power within Russia may come to a head in 1966. If the strongman is anti-West, he could try to put on a good show by heating up the "cold war"; but this could constitute no more than threatening gestures and bold talk.

5. The Berlin crisis is not likely to be a major issue in 1966, though there could be some nuisance events to "try our patience."

6. I do not foresee all-out war with Red China in 1966. Mao is not yet ready to risk major confrontation. His lagging farm and industrial programs still loom as major problems, and the task of extending Red

## Rotary Club To Operate Rest Stop This Weekend

For the benefit of tired motorists the Burk Burnett Rotary Club will again be serving coffee, donuts and soft drinks at the Rest Stop to be located at Kennedy's 66 Service Station just west off the Red River Expressway.

The Rest Stop will open at 7 a.m. Friday morning and be open all night Friday night and all day Saturday.

Rotarians report they served 1,100 people during the Labor Day weekend.

It is hoped that motorists will take frequent rests at the Rest Stops provided by service clubs as a safety measure. Fatigue is often a contributing factor in highway accidents.

China's nuclear progress is a heavy burden.

7. The foremost task for Red China still is to get a seat in the United Nations. While Southeast Asia is an attractive plum, territorial expansion may well have to wait in Red China's timetable, as a peaceful profile on her part would make gaining a seat at the UN easier. UN admission, of course, would greatly enhance Red China's prestige in dealings with the Afro-Asian nations.

8. Despite talks of a prolonged struggle in Vietnam, I forecast that it will be increasingly clear that the balance has swung our way. This should encourage our leaders to step up our commitment in Viet Nam in 1966 in order to force a "peace conference".

9. I foresee no crisis over Cuba in 1966. The agreement Castro has made to allow more Cuban refugees to enter the U.S.A. underscores the problem he has in feeding his people.

10. The Vietnam situation and the Dominican Republic incident have convinced the Administration that the military might of our nation must be maintained on a "ready" basis. This means stepped-up defense spending, which should add another prop to the economy.

11. While such defense spending will focus heavily upon conventional military equipment, our space program will not be neglected. Having come from behind in the space race, the Administration is not likely to falter and allow Russia to open another wide gap.

12. The increase in defense spending notwithstanding, I forecast that the economy will be hard pressed to match the fantastic achievements of the past four years. Threats of major labor strikes have been playing an important role in stimulating inventory accumulations from time to time to keep things rolling along. I do look for industrial production to edge to a new high. However, I fear the peak will come before midyear and taper off thereafter. On the whole, the business climate in 1966 may well prove to be one of high-level stability rather than a vigorous climb.

13. Business capital expenditures, which have been a key factor in prolonging the business

## Local Improvement Program To Be Subject Of Article To Appear In Christian Science Monitor

Miss Jessie Ash Arndt, Staff Correspondent of the Christian Science Monitor, with headquarters in Boston, Mass., is publishing three special articles on the Community Improvement Program, sponsored by the General Federation of Women's Clubs and the Sears-Roebuck Foundation. Official judging of the contest lies ahead. The ten projects she has selected merely exemplify the 11,300 entered in the 1964-66 program.

Among the CIP projects Miss Arndt has selected to publicize are Richmond, Va., Louisville, Ky., Washington, California and we are very happy to say, Burk Burnett, Texas. Miss Arndt has been selected to write the story about Burk Burnett's Federated Study Club Women's CIP Project and this will be the only city in the State of Texas which will appear in the series of articles on CIP projects published in The Christian Science Monitor.

The Federated Study Club Women would like every citizen in our community to know how the cooperative action shown throughout this community the past year is becoming known throughout our state as well as the whole United States.

We have benefited greatly by this joint effort and Miss Arndt and The Christian Science Monitor offers us an additional opportunity to perhaps help other communities by telling of our experiences.

Jessie Ash Arndt, as former Society Editor and Woman's Club Editor for the Washington Post, has traveled all over the world writing interesting articles on women in business, women in the home, women in government, women in the arts, etc.

Miss Arndt will be in Burk Burnett January 6th and 7th to gather information for her article.

The Christian Science Monitor is an international daily newspaper printed in Boston, Los Angeles, and London, with readers in 120 countries. In a Saturday Review poll of Deans and Professors in 46 schools accredited by the American Council on Education for journalism, the Monitor ranked second on a list of the "ten-best" newspapers in 1961.

The Federated Study Club Women urge the citizens of Burk Burnett to help them extend a big Texas Welcome to Miss Arndt.

## Rotary Club Honors Gresham As Outstanding Burk Burnett Citizen

The Rotary Club honored Clark Gresham as an Outstanding Citizen at the noon luncheon meeting, December 28.

Lamion Champ recounted to those present the reasons why Mr. Gresham was selected for the honor.

Clark Gresham has been Commissioner of Precinct 2 for the past ten years. He is active in church work, is on the board of directors of both the Wichita County Tuberculosis Association and the Wichita County Red Cross Association. A past president of the Chamber of Commerce and the Rotary Club.

Mrs. Gresham and daughter Joy (Mrs. Clifford Hagstrom) attended the luncheon honoring their husband and father. The Greshams also have a son, Ronnie.

As part of the program Mrs. Hagstrom read a poem written by her for the occasion.

MY DADDY

By Joy Gresham Hagstrom  
I'd like to tell you all the things  
My Daddy means to me.  
But I can only tell the things  
The years have let me see.

I've seen him lift a troubled one  
And help the weak along,  
And when a trial's passed away  
I've heard him sing a song

I've heard him pray for lonely ones  
And seen him shed a tear  
For those who wept when death  
has come

To steal somebody dear.

## State Teachers Ass'n. Reaches 100,000 Mark

Austin — The Texas State Teachers Association — the state's largest professional organization — surpassed the 100,000 membership mark Monday, December 20. Charles H. Tennyson, executive secretary, announced.

The TSTA, organized in Mexico in 1880, has now doubled its membership since 1950 and has grown by 33 per cent since 1960 when its ranks numbered 75,000.

Membership includes persons in all spectrums of education — classroom teachers, school superintendents, university professors and college presidents.

Tennyson credited soaring membership to statewide interest in expanded TSTA services to members and to a new legislative program being formulated for presentation to the next state legislature.

## PROFITING AT TAXPAYERS' EXPENSE

Some of the activities and policies of Rural Electrification Administration Co-ops seem to be dismaying their best friends.

Take, for instance, a speech Senator Douglas of Illinois made a short time ago to that state's Association of Electric Co-operatives. The Senator, who is a man of liberal views, has always been a supporter of the co-operative movement. But in this speech, he charged that some Illinois co-ops are, in effect, "profiteering at the expense of the American taxpayer." They are doing this, he went on, by obtaining government loans at 2 per cent interest and re-investing their reserves in government securities which earn 3.5 per cent.

As a result, in his words, some co-ops were "supplying your enemies with criticisms which are hard for those of us who support you to answer."

This situation is not confined to Illinois. Elsewhere, similar charges have been made by responsible spokesmen. Beyond that, co-ops are moving or attempting to move into service areas which have absolutely no connection with rural electrification.

And all this goes on at the expense of the taxpayers in general. Those 2 per cent loans are given on a below-cost basis, which is a direct subsidy. In addition, the co-ops have important tax advantages, one being total freedom from the federal income tax which bites deep into the earnings of the investor-owner companies with which they compete. It's no wonder that they are faced with a mounting tide of informed criticism—from friends as well as opponents.

## THE RIGHT TO STRIKE

The right to strike is one of organized labor's most prized powers. And there can be little doubt that this right was essential in the days when the unions were weak and struggling, and wages and working conditions, in many cases, were inexcusably poor.

But times change. Today the unions are enormously powerful. Labor has made extraordinary economic and social gains. And the strike, or the threat of a strike, is now frequently used in an effort to take over functions and to make decisions which clearly belong to management.

In one of his recent columns, David Lawrence said: "Certainly a legal redefinition and limitation of the right to strike is long overdue. The right to strike for higher wages is unquestioned. But to permit organized labor to enforce through strikes an alleged right to tell management how to run its business and what machinery it may or may not use is to break down the whole private enterprise system. . . . If business disintegrates, tax revenues will fall sharply while deficits multiply and inflation ensues. The cancer can be eradicated, but it will take courage, and a surgical operation on labor laws to do it."

## SHAMEFUL

The bill to repeal section 14(b) of the Taft-Hartley Act, which authorized the states to pass right-to-work laws, has failed so far as this session of Congress is concerned. It will come up again when the next session opens in January. This time, the bill's supporters in the Senate were unable to drum up the two-thirds vote that is needed to adopt cloture and thus prevent extended debate.

By January, Congress may think twice before supporting a law that would deprive the states of an essential right and the workingman of an essential freedom. Without right-to-work, the worker is totally at the union's mercy. He has only one choice—to join and pay dues, no matter what his own beliefs are, or to lose his job.

The Portland Oregonian did a fine job of summing up the matter in a few words: "We fail to understand how a member of Congress can proudly take away the authority of whites to discriminate against Negroes in housing, education, voting, transportation and employment and in the next breath propose to deny free choice on unionism to all Americans, white and colored. . . . It is shameful that members of Congress elected on a platform of freedom and human rights should permit themselves to be bought or intimidated by organized labor to the degree of voting to withdraw the most basic right of an individual—to work or not to work as a free man."

**VETERANS Questions-Answers**

(Editor's note: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.)

Q—I am a veteran of World War II with a disability rating of 80 percent. I have a daughter starting her second year in college. Is she eligible for educational assistance from the Veteran's Administration?

A—No. You would have to be permanently rated 100 percent disabled due to a service-connected disability. However, in a separate program, children under 23 years of age of veterans with more than 50 percent disability who are attending school are eligible for monthly payments. The rate of \$40 monthly if the veteran's disability is rated 100 percent. In your case with 80 percent, the monthly payment would be 80 percent of \$40 or \$32 a month. See the nearest VA Regional Office for details.

Q—Are veterans of World War I eligible for GI home loans?

A—No, but they may be eligible for housing benefits under the new Housing Act of 1965 administered by the Federal Housing Administration.

Q—May a veteran who has no service-connected illness enter a Veterans Administration hospital and pay for his care?

A—No. VA Hospital benefits are free to veterans with service-connected disabilities and to veterans with nonservice-connected disabilities who cannot afford hospital care. All other veterans are expected to use non-VA hospitals.

**University Study Club Christmas Party Held**

The Christmas Party of the University Study Club was held in the beautiful new home of Mrs. Gene Robertson with Mrs. L. E. Harwell and Mrs. L. W. Mathis as hostesses.

Mrs. O. E. Melton told the lovely Christmas story of Christ in her devotional.

A Symposium of Christmas Customs of other countries were given by roll call. The Club sent a large box of gifts to the State hospital as well, as a basket of food to a needy family.

Mrs. Pogue welcomed our new members, Mrs. Bruce Vaughan and Mrs. Marvin Taliaferro.

After the program, Mrs. Robertson had a huge Christmas tree, with all the gifts exchanged by the members. The refreshment table was covered with a beautiful cloth of green and gold, all aglow with candles, fruit and flowers. With all the goodies of a holiday—Christmas snowballs rolled in Cocoanut, little Christmas trees made of turkey filling, nuts and snack.

The Club took advantage of Mrs. Robertson by looking through her lovely home.

Those present were Mesdames Marvin Taliaferro, Bruce Vaughan, Lewis Brocker, A. R. Bunstine, B. N. Cauthorn, Bill Crossley, Grady Fuqua, H. C. Gilbert, I. E. Horwell, A. C. Houser, J. D. Majors, L. ## James S. Gum Is Stationed At Great Lakes Naval Center

Great Lakes, Ill. (FHTNC) — Dec. 21 — Seaman Recruit James S. Gum, USN, 22, son of Mrs. O. M. Givens of 1003 W. Beverly, Burkburnett, is undergoing nine weeks of Navy basic training at the Naval Training Center, Great Lakes, Ill.

In the first weeks of his Naval service he will study military subjects and live and work under conditions similar to those he will encounter on his first ship or his first shore station.

In making this transition from civilian to sailor, he will be taught and supervised by ex-

perienced Navy petty officers. They will teach him the basic skills of seamanship as well as survival technique, military drill and other basic subjects.

Upon completion of recruit training, he will be assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires, and the needs of the Navy.

## 10,000th Basic Trainee Studies At Sheppard AFB

Sheppard AFB, Texas — The 10,000 basic trainee under the current program at Sheppard Air Force Base was processed in by the Center Personnel Office last week.

He was AB Dennis A. Chubin, who had just completed the first four weeks of basic military training at Lackland and is to complete the other two weeks at Sheppard. He arrived from Lackland and was processed in as a member of the 3782 Basic Military Training Squadron.

A native of Yonkers, N. Y., Airman Chubin was in a contingent of 188 men who came here from Lackland. Following his basic military training, he is to attend the reciprocating engine aircraft mechanic course.

Greeting the new students on their arrival were the squadron commanders, Lt. Jerry D. Bettis and Lt. E. C. Smith; chief of Military Training Branch of Commandant of Troops, Capt. Douglas Barber; and Director of Personnel, Col. William M. Hendrix.

This basic military training program was started at Sheppard Aug. 10. The squadrons activated for this purpose were the 3778th Student Squadron with Lt. Roger D. Possner as commander; and the 3779th Student Squadron with Lt. Joseph C. Winsett as commander. In September, however, these two squadrons became student squadrons with Lt. Bettis and Lt. Smith as respective commanders.

Training for these basics is administered by 3750th Technical School's Commandant of Troops with Maj. Rhonel E. Morgan, commandant of troops, in charge.

The program includes training in physical fitness, retreat, ceremonies, parades and inspections.

## Dinner For Wives Slated By Jaycees

At a regular dinner meeting on December 21st, the Jaycees only handled two items of business, one being the dinner for wives on January 4, 1966.

Other business was tabled until later.

Entertainment for the evening was a Christmas Carol Sing-Song led by C. J. Lippard and musical entertainment on the Dulcimer by Carol Zeiss.

The entertainment was arranged by Rosy Roark.

The music by Carol was enjoyed by all. She will be called on again I am sure.

Guests from Wichita Falls Jaycees and Jack and Betty Wages were also present. Mrs. Wages expressed her apprecia-

tion for the fine job the Boomtown Jaycees did in assisting with the Tele-Rama.

She gave a special thanks from the Rehabilitation Center to the Boomtown Jaycees for their \$50.00 donation and to all other Burkburnett donors.

Our thanks to C. J. and Carol for a fine program.

## Congressman Purcell Says Medical Service School Coming SAFB

(Continued From Page One)

Medicine is responsible for training in field medicine as well as instructing preventive medicine technicians, veterinary technicians, administrative and supply technicians and all of the other fields necessary to the operation of a modern medical facility.

**Dental Services**

The third teaching agency is the Department of Dental Services. Training to assist the dentist is given to dental technicians, sometimes referred to as chair assistants.

In the Dental Laboratory Branch the students are taught to make all types of dental prostheses.

A number of officer courses are given including a staff officer course for senior dental officers.

In many of the courses there is both an introductory or basic course followed several years later by an advanced course, and in some cases at an even later date by courses in the staff aspects of the particular specialty.

**Quality**

At the Medical Service School one frequently hears it said— "Training is our business and

the quality of our product is our primary interest." To the training program, officers, airmen and are engaged either in or the direct support of the training. Among the staff members are on- and or third assigned to the school. The team, this job works together whether in the teaching or in a job support to teaching.

But the student is the most important person, arriving thousands as stranger Air Force. They leave feeling of pride deep in excellent training.

*Ring*

*Ring out the Old  
Ring in the  
NEW*

Another year has passed, and things gone by, we cannot change. So ring out the old year and ring in the new with high resolutions. These bells, which have long been used by churches as a call to worship, are ringing an opportunity for you to begin the new year at worship with the Lord in His house. Start now and be faithful throughout this year. Attend Church regularly.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish-point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Chilling Preserves Florida Corn Sweetness

As we learn in high school chemistry, cold slows up most chemical changes, while heat speeds them up. As an every-day example, the Florida sweet corn which reaches our produce counters during the winter retains its milky sweetness, even though it has been shipped many hundreds of miles. That's because the Florida growers are equipped to chill the corn the moment it is picked, and ship it under layers of snow ice.

This is why sweet corn from Florida tastes so much more delicious than much of the local summer corn which so often loses its delicate flavor due to exposure to the sun and careless storage—factors which speed up the change of the corn's natural sugar to starch.

The corn is green in Florida fields and it's reaching us in time for festive winter meals.

**BROILED FRESH CORN-ON-THE-COB AND BACON**  
 8 ears fresh corn | 1 teaspoon salt  
 Boiling water to cover | 12 strips bacon

Husk corn and remove silks. Drop into boiling salted water. Boil 5 to 6 minutes or until almost tender. Remove corn from water with tongs. Wrap 2 strips of bacon around each ear. Fasten ends of bacon to the corn with toothpicks. Set broiler temperature to highest point and preheat. Place corn under broiler and broil 4 to 5 minutes or until bacon is crisp, turning to cook on all sides. Yield: 6 servings.

Mrs. Jason Spannagel and children remained over until Sunday.

Mr. Earnest Hatcher of Fort Worth, Mr. and Mrs. Owen Hatcher and children of Fresno, Calif. visited their sister, Mrs. F. W. Kemp and sons during the Christmas Holidays.

## START THE YEAR, RIGHT

How did you spend the PAST YEAR God gave you? Are you closer to Him and Christ? EACH OF US IS CLOSER TO THE JUDGMENT THAN WE WERE A YEAR AGO! Are we better prepared for it, than we were a year ago?

This is a good time to look forward! Let us all plan to become more God-like during 1966. Doing the following will help you: (1) READ THE BIBLE DAILY. Three chapters daily and five on Sundays will take you through it, in a year. READ THE NEW TESTAMENT first, as it is shorter, simpler, and is OUR LAW NOW. Col. 2:14. (2) HAVE FAMILY WORSHIP DAILY. Save ten minutes at breakfast, lunch, dinner, or bedtime for the WHOLE family to read the Bible, meditate, pray, and sing a hymn. (3) FAITHFULLY ASSEMBLE WITH CHRISTIANS, EVERY LORD'S DAY OF 1966. Heb. 10:25. (4) As you go about your work, PRAY MORE, WORRY LESS. "Rejoice in the Lord always," Phil. 4:4, ASV. (5) If (as this year begins) you are not a Christian, "believe on the Lord, repent, confess with thy mouth the Lord, and be buried with him by baptism for the remission of sins," Acts 16:31; 17:30; Rom. 10:9; 6:4; Acts 2:38. Then "walk in newness of life." May we help you do these things?

WE WELCOME YOU January 2—9:45 and 10:45 A. M. — 6:00 P. M.

### Good news for telephone users:

**Telephone excise tax reduction goes into effect January 1 for Texas customers**

Effective January 1, 1966, the Federal Excise Tax on telephone service will be reduced from 10 to 3 per cent. Following the initial drop, the tax will be lowered 1 per cent each year until it is eliminated in 1969:

Telephone users will receive the full cash benefit from this tax reduction. The tax, which is levied directly on those who use telephone service, has been included on monthly telephone bills, and each month your tax payment has been sent on to the federal government. In effect, the telephone company has been a collection agency.

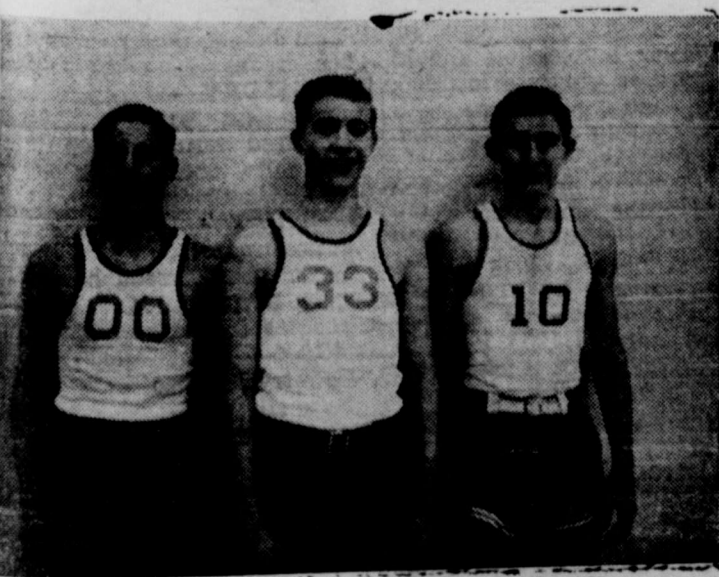

When the excise tax is eliminated in 1969, telephone users in Texas will save more than \$50 million annually. This will mean more than \$4 million a month added to Texans' spendable income.
