## Bulldogs To Host Powerful Iowa Park Hawks In Homecoming Tilt Friday Night At Local Stadium

By DEE UNDERWOOD

A long-awaited game unfolds in Bulldog Stadium Friday night as the Burkburnett Bulldogs host the powerful Iowa Park Hawks in one of the toughest tilts of the season, hoping to have a successful homecoming by downing their touted guests. Game time is 8:00 p.m.

Coach Bill Froman's Bulldogs tasted their first defeat last week at Lawton, and are itching to take their wrath out on somebody. Losing a 14-0 lead to Eisenhower's pass-happy Eagles in a 27-14 contest, the Bulldogs think they see their mistakes, and feel they can correct them. Beating the Hawks would be a real boost and could soothe the sting of their defeat.

The Hawks are no easy prey, however, being ranked No. 1 or No. 2 in almost every statewide AA poll. They are big and mobile, fast and powerful, quick and tricky, and one could go on and on. The Greenies have one of the finest football teams in their history and present a formidable foe to anyone who aspires to beat them. They bring a 3-0 record into this fray, having only three touchdowns scored against them. They own a 41-14 victory over Henrietta, a shocking 27-0 verdict over high-ranked Decatur, and a solid 14-7 win against AAA Hirsch.

Led by stellar quarterback Robert Watson, the Hawks have a high geared offense that can go aerial to beat an opponent, or just run over, around, or through them. Watson's prime targets are sticky fingered end Harry Price, end Rocky French, halfback Mike Skinner, and speedy wingback Barry Jackson. The latter two join with tremendous fullback Gregg Webb to give the Hawks a high stepping ground offense.

A really outstanding offensive guard is Mickey Patterson, a lad who thrives on hard knocks. He is joined by fellow guard Wendell Holmes, tackles Kevin Holderman and Doug Pennington, ends French and Price, and center Ricky Cope on the forward offensive wall. Webb is a hard runner, particularly tough to contain, but the fleetfooted Jackson makes his presence felt quite often. Skinner is likewise a steady performing ball carrier, as is the redoubtable Watson, often known to bootleg the pigskin. All this offense is coupled with a stubborn defense. The Hawks are most often summed up with the statement,

"They do a lot of things real well."

The Bulldogs might well unleash a few aerial hijinks themselves to counter the Hawks line strength. Although Tony Hodges hasn't thrown a great deal, he is capable of launching the football. If his receivers can get a little glue on their fingers, his completion average will be very respectable. It appears that Hodge's favorite target is righthalf Bill Roe, who has caught two touchdown tosses this season, followed by left end Steve Cozby, who has gathered in one scoring strike. Lefthalf Dale Hoffman is an extremely capable receiver as is alternating halfback Jim Caddell, the latter being a former end. Tall right end John Edwards has good height and good hands, and could come along nicely.

Of course, on the ground it's fullbacks Rusty Todd and Charles Hicks, Hoffman, Roe, and the "lil bootlegger" Hodges that provide the punch. Todd is quick and tough, Hicks fast and tough, with both having good second effort. Hoffman is a fine broken field runner and Roe is a dandy breakaway threat. Hodges can best be summed up as a scrambler. The offensive line is a quick, hard hitting unit. At ends are Cozby and Edwards, at left tackle is Larry Johnson, left guard Bill Zimmerman, center Rudy Robinson, right guard Jerry Harsh, right tackle Rusty Hubbard.

On defense are a pack of headhunters led by Harsh at middle guard, Johnson and Hubbard at tackles, Cozby and Marc Schroeder at ends, Zimmerman and Butch Wood at linebackers, Hoffman and Mark Seay at halfbacks, and Roe and Rod Turner at safeties.

The Bulldogs want this game badly. In fact, this is one they've been pointing to. Stung by remarks that is was only luck last season that they stayed within two points of the Hawks, they want to make it known that it was and is not luck alone.

Homecoming festivities begin with a downtown parade Friday afternoon, with the kickoff at 8:00 p.m. Coronation ceremonies at halftime will be for the Homecoming Queen.

As we said the Bulldogs want this one real bad. So, going against the grain in many quarters, we honestly expect to see an orange and black victory—by a touchdown.

1967 AUTOMOBILE model: crash through the paper barricade, officially opening the beautiful new Mathis Chevrolet facilities at Sheppard Road and Expressway. Burkburnett Mayor C. J. Lippard drove a 1967 Pontiac, Chamber of Commerce President Joe Salter drove a 1967 Oldsmobile and Jack Mathis drove the 1967 Chevrolet. Mathis Chevrolet is dealer for Pontiac, Oldsmobile and Chevrolet. Minutes after the doors opened Thursday morning, Rev. Don Youngblood purchased the first automobile sold from the new location, from owner Jack Mathis.

## Mathis Chevrolet's New Structure Most Modern In Business Scene

The impressive new structure which will house Mathis Chevrolet in Burkburnett after the building's formal opening Sept. 29 represents an investment in this town's future and, at the same time, provides residents of North Texas and Southern Oklahoma with one of the most modern dealerships on the business scene today.

Constructed at a cost of more than a quarter of a million dollars, the contemporary structure will house more than 25,000 square feet of space and new equipment designed to give the customer the ultimate in service and convenience, according to Jack Mathis, agency owner.

Only an eight-minute drive from SAFF, the new building is located in the center of the vast North Texas and Southern Oklahoma trade territory which brings many people to this city daily.

The new building was made possible by an increased sales volume each year which presently is amounting to more than 1,800 new and used vehicles annually, Mathis continued.

Offering "Red Carpet Service" and a convenience to customers which is without equal, those waiting on repairs are provided with a customer lounge area with coffee and soft drinks, television and a complete washer and dryer service in order that busy housewives can even do their laundry while waiting to pick up their automobile.

The building was designed by Winger and Sharp, Wichita Falls architects, on a two and one-half acre tract on the downtown exit from the Red River Expressway. Virgil Mills, Burkburnett, is general contractor.

The showroom, constructed to display approximately 10 automobiles, has a circular fireplace. Lively shades of color and Philippine mahogany paneling offer an interesting restful atmosphere in which to browse.

A six-stall covered demonstration area is located adjacent to the showroom. Prospective customers can view automob-

## Southside P-TA Has First Meeting Of School Year

The first meeting of the Southside P-TA for the 1966-67 school year was held September 19 in the St. John the Divine Episcopal Church. Boy Scout Troop 155 opened the meeting with a Flag Ceremony. Vice-President June Warren presided, he introduced Rev. Homer Southerland of Jan Lee Baptist Church who presented the devotional. Mr. Weathered, principal of Southside School, introduced the teachers attending. Peggy Felty, Program Chairman, announced the theme for the new year, "Increasing Educational Opportunities." She then introduced the evening speakers panel with Mr. I. C. Evans, Superintendent of Schools, as moderator, assisted by Mr. Hal Mabry, Curriculum Director and Mr. Jack Smith, School Board Member. They explained the functions of the various phases of school programs and emphasized the importance of these programs in having a good home and church background.

The minutes of the previous meeting were read and approved. The nominating committee selected Peggy Fulcher as the new treasurer and she was duly elected. The membership discussed some recommendations of the Projects Committee regarding money-making activities. Mrs. Evans' class won the \$5 room prize for the most parents attending the first meeting. Membership Chairman Wanda Pierce, reported the membership drive contest underway and urged that everyone work toward getting new members. Father Merriman's offer of his church's facilities for the P-TA meetings was gratefully acknowledged.

The October meeting, to be announced later, will feature a film to be presented by Ken Blankinship on "Better Understanding Through Legislation." The meetings are better when you are there.

## Retarded Children Council Has Meet In Burk Monday

The Burkburnett Auxiliary Council for Retarded Children met in the Director's Room of the First National Bank on Monday, Sept. 26. George Smith was elected Vice President by acclamation. Smith is also the Auxiliary Council's representative to the Community Service Council.

During the meeting, Mrs. N. O. More reported to the members, the creation of a special Banner Award by the Hardin P-TA for the special education classes.

## Public Invited To Meet New City Manager Monday

A reception will be held Monday night, Oct. 3, from 7:00 to 8:00 p.m. at the Town Hall honoring the new City Manager, Mr. Gary Egan. Refreshments will be served during the informal hour by the girls at the City Hall. The public is cordially invited to come by and get acquainted with Mr. Egan.

Mr. Egan will assume his duties as City Manager on Oct. 3.

A regular council meeting will follow the social hour.

Petty Officer 3/C Norman Wooten is visiting his parents, Mr. and Mrs. Reavis Wooten in Burkburnett. Stationed in Gulfport, Mississippi, Norman is presently on 15-day leave from the Seabees.

## SAFETY AWARD

Production Foreman Clifford Willmon and District Superintendent Joe Morris display the Certificate of Merit awarded to Mobil Oil Corporation employees last week for 375,000 man hours of work without injury.

## Mobil Oil Company Employees Are Honored With Safety Awards

Mobil Oil Corporation honored employees of the Burkburnett Production Area for their outstanding safety record at a dinner September 22.

Emceed by Clifford Willmon, production foreman, the Safety Award dinner, held at Burkburnett Town Hall, was attended by 85 people, production group members and their families.

Presenting the certificate of merit was Joe Morris, District Superintendent of Wichita Falls. Willmon accepted for the employees.

375,000 man hours of work without time lost due to injuries is the invariable safety record achieved by these 32 Mobil Oil Corporation employees: C. J. Allmon, E. M. Coyle, D. M. Cot-

ton, M. J. Cullison, J. E. Ellis, G. T. England, Jr., P. R. Fisher, C. D. Gee, E. F. Germany, F. C. Hanna, J. J. Harper, R. E. Hodges, Jr., A. J. Homolo, C. L. Hoskins, C. E. Koehnig, O. E. Kinnard, W. B. Matthews, N. C. Morris, R. G. Parker, J. M. Payne, Paul Price, Jr., J. Reagan, L. G. Renfro, L. V. Richards, W. D. Sage, D. A. Shipman, J. A. Shipman, G. E. Unger, O. C. Walkup, O. Z. Waters, G. C. Williams and H. E. Williams.

Out-of-town Mobil Oil Corporation officials attending the dinner were: Cletus Peoples, Joint Interests Assistant and Paul Taylor, Employee Relations Manager, both of Midland.

## Kings Try To Get Back In Win Column As They Host League Leading Tulsa Saturday Night

The Burkburnett Kings seek to move back into first place in the Texas Professional Football League, as they host the league-leading Tulsa Oilers at 8 p.m. in the new Bulldog Stadium.

The Oilers are unbeaten, but tied once, that last week against Midland-Odessa, 16-16. The Kings are 2-1 in league play, suffering a solid defeat at the hands of Pasadena last Saturday. The only comparative scores the Kings have are a 26-0 exhibition win and a 13-0 league victory over Midland-Odessa, the team who tied Tulsa.

The Kings will be operating without the services of two top defensive hands. Norman Jones, defensive coach, and middle guard, has moved to Commerce, Texas and steady defensive back Granville Chandler is now a member of the United States Army. Coach E. J. Webb hopes to be able to shuffle his personnel around to make adjustments for the loss of these two men. The Oilers are loaded with fine talent, starting at halfback Floyd "Bullett" Butler, All-American from Northeastern State, is a dandy runner and fine all around player. The Oilers have a slick-passing quarterback in Foy McClung of Montana State. His favorite targets are ends Luther McBee and Randy Furch and halfbacks Butler and Rufus Jones. Fullback Charlie Barnhart lends great running power to the

backfield. In the line are standouts, Ernie Riera at guard, Harold Latham at tackle, and Ron Miller at center.

The Kings will have Mike Davenport and Drayton Lieb at ends, Willie Taylor and Ron Strange at tackles, Phil Fancher and Elwin Rickert at guards, and Robert Walker at center. Eugene Guthrie will be at quarterback, Jerry Bettis at halfback, Bill McAlister at fullback and Sonny Gossett at flanker.

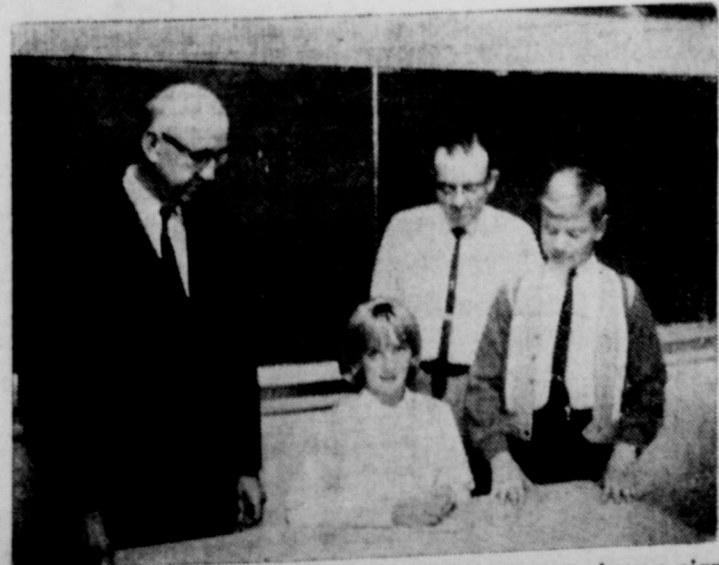

Guthrie had a bad night in the second half against Pasadena, having three aeri- intercepted. However, he been known to bounce before. In fact end Mike port joined Guthrie in the "luck" department, dropping that were right in the basket. One of Guthrie's targets, Mike Negri, was ed early in the game, and to take something away the passing attack. Bettis, Alister and Leonard found the going rough as the bigger Pasadena line. The game this week should be a top contest. The Kings Oilers met twice last season Kings winning 49-19 and The two clubs have beefed their squads since and are er to get at each other game looks like a toss- this point.

For the first time this season the Kings will be playing at the big Bulldog Stadium on Kraus Road. Game time is 8:00 p.m.

### THE LINEUPS

(Probable Offensive Line-Ups)

STUDENT COUNCIL President, Debbie Vincent, began signing student savers on Wednesday, September 28, the first "Bank Day" of the school year. A. R. Hill, President of the First National Bank, servicing agent for the Student Saving Program, looks on as Gary Hobbs registers his intention to take part in the voluntary program. Dan Carson, eighth grade teacher is pictured with the students and Mr. Hill.

### Notice

The regular monthly luncheon meeting of the Burkburnett Chamber of Commerce will be held Monday, October 3 at the Town Hall.

### Local Footballer On Connors Team in Oklahoma

Warner, Okla. — An area footballer is a member of the Connors State football team this season, according to Harold Cagle, head coach.

Charlie Herring, 175 pound halfback, is a freshman, who is expected to see much action during this season. He is from Burkburnett.

Connors opened its 1966 season with a 26-13 victory over Independence, Kansas, Community College.

For their second game of the season the Aggies traveled to Lawton, to be entertained by the Cameron State College Aggies.

Following their Lawton trip the pigskin boys will be hosted by Southern Missouri College, Joplin, on October 1.

The Aggies traveled to Joplin for a game and came out on the end of a 14-12 score. On October 8, Connors and Eastern will meet at Wilburton, Okla., the Mountaineer's homecoming game at 1:30 p.m.

Muskogee football goers will be able to see junior college action at Indian Bowl on October 15 when the Golden Norsemen of Northeastern A&M College of Miami come to Muskogee to battle the Aggies. Northeastern, ninth in the national rankings, whipped Connors, 16-12 last year.

In the only game to be played at Warner, Connors hosts Northern Okla. College in the Aggie's Homecoming at 2 p.m. on October 22. In their last meeting, Northern trounced Connors, 44-22. A week later, the Aggie's travel to Roswell, New Mexico, for a game with New Mexico Military Institute. The New Mexico Cadets rolled over Connors by a score of 37 last year. In a game to be played at Euflava November 5, Cagle's men will meet Oklahoma Military Academy. Connors dropped two games to OMA last year by scores of 28-26 and 44-25.

On November 12, the Aggies will be hosted by the Murray Aggies of Tishomingo, Okla.

### PUGGY

by Horace Elmo

Nonstick finishes being applied to every type of cookware available have revolutionized cooking today, according to Thelma Wirges, Wichita County home demonstration agent.

Miss Wirges points out a few facts, based on recent research, about the nonstick finishes.

The new nonstick finishes are safe for use. The U.S. Food and Drug Administration says that the nonstick finishes are safe for food and conventional kitchen use.

Nonstick finishes require gentle treatment. They are made of material softer than the surface to which they are applied and are highly susceptible to scratching. Foods should never be cut with a metal knife in a non-stick coated utensil. Use tools of nylon, rubber, plastic or epoxy-coating when stirring.

Murray downed Connors 20-7 in their last meeting. Closing out the season on November 17 the Aggies will be hosted by the Oklahoma State University freshman at Stillwater. This will be the first meeting of the two teams.

food in a nonstick coated utensil. You may get some scratches, and if they bother you, colorless scratch-repair products are available.

The nonstick finishes are easy to clean, but this has been over-emphasized. A swish and a rinse is not enough for cleaning—it takes hot suds and scrubbing to get rid of grease. If cleaning isn't thorough, you'll get a buildup of greasy film. This affects nonstick qualities and leads to discoloration of all colors except very dark ones. The nonstick qualities and coated utensils can be put in the dishwasher, but never use steel wool, metal pads or cleaners because they damage the finish.

Discoloration can come from too much heat as well as skimming cleaning. Keep top-stove temperatures medium or below. Take special care not to let a pan overheat when it's empty. Don't deceive yourself that food can't burn in a nonstick utensil. In the oven, the suggested temperature limit is 425 degrees F. Never place a nonstick utensil under the broiler.

In the near future, Thelma Wirges, county home demonstration agent, will give a demonstration on 'Care of Household Metals.' Visit a home demonstration club in your neighborhood.

Are you a slow starter in the mornings?

If you find it difficult to prepare more than the simplest breakfast, and meet your deadlines for getting your family off to work or school, then try a new approach, suggests Thelma Wirges. Give yourself

a head start by preparing some of the morning fare the night before.

Wise planning will save a lot of steps and perhaps allow you some extra time-saving practices.

Canned, frozen or fresh juice can be prepared the night before and refrigerated. Quick-cooking cereals can be used; precooked meats and leftovers need only a few minutes to be heated through, and partially baked hot breads and canned oven-ready biscuits are handy.

If you have a few more minutes, the prepared mixes for muffins, biscuits, cornbread and pancakes can be used to add variety.

It's best to plan to have one-fourth to one-third of the day's foot nutrients at breakfast. Start the day right each morning for your family by providing them with a good breakfast. Although September is designated as "Better Breakfast Month," it's wise to keep up the practice all through the year.

A young woman had just finished her first-aid course and upon leaving the instructional center spied a man face down over a flooded gutter. She ran to him, flipped him on his back, and began to apply mouth-to-mouth resuscitation.

The man suddenly sat up, pushed the woman away. "I don't know what you have in mind, lady," the man said, "but I'm supposed to be opening this drain."

### Forum Study Club Opens Year With Covered Dish Dinner

The Forum Study Club opened its 1966-67 year with a covered dish dinner Thursday evening, September 22, at the National Room. Beautiful table decorations in autumn colors were enjoyed by the membership. Yearbook Committee members Mesdames Lonnie Taylor, Joe Kerr, and Bob Carter were hostesses for the occasion.

Following the President's Greeting by Mrs. T. M. Cornelius, Mrs. Lonnie Taylor presented the yearbooks to the members. The course of study for 1966-67 will be "The Art of Living." Mrs. Joe Kerr presented the proposed budget and projects for 1966-67. The members discussed and approved aiding in the purchase of an Instamatic Camera to be used in the Civic Improvement Contest. Mrs. Cornelius stressed the busy year ahead and requested each member's full cooperation. Madames Dub Cissell and Glen Smith were welcomed as new members.

Members attending the dinner were Madames J. C. Adams, Jr., Gene Allen, Gene Bankhead, Tom Burnett, Bob Carter, Dub Cissell, T. M. Cornelius, Bill Froman, Charles Goins, Don Holtzen, Joe Kerr, Wallace Landrum, Jack May, Tom Nicklas, Glen Smith, Lonnie Taylor, and Joe Wolfe.

### THE CASE OF THE SWINGING SUITS

Suits have switched to the "switched-on" look. They're still sensible investments—only now they don't show it. Pantsuits with English or military airs help you look smashing while you're dashing hither and yon. When they also go to town with matching skirts, you have two for the money and the show.

The investment is small, and the fashion big, if you swing with a sewing machine. Then you can have an English cutaway suit that your friends will be "Mod" about; McCall's makes the pattern in teen and junior sizes with cuffed pants and A-line skirt. Make it in corduroy, or in a snappy wool tweed or check. Or try velveteen if you need an ice-breaker at parties. The pattern number is 8421.

Military tactics are equally good fashion strategy; you're sure to win out over the competition in an officer's jacket with matching slim pants or skirt. McCall's Pattern #8403 would look especially smart in a spit-and-polish fabric such as gabardine or twill. Add brass or silver buttons

with a military motif for a look worth saluting.

The hacking suit, an important pantsuit with stove-pipe slacks, makes you look as though there's a country estate somewhere in your family background. Play up this richly casual appearance with a handsome tweed, flannel or gabardine fabric—or

maybe a scrubbed denim. Pattern #8390, like #8403, offers a coordinated blouse to help you assemble a really suitable outfit.

No matter which of these three you choose, you're sure to be in the fashion swing.

Good light that's good looking, too!

Modern Lighting  
Creates Glamour,  
Charm and Cheer

The well planned home has proper lighting for eye comfort... Lighting that adds to the beauty of every room. Properly placed portable lamps, wall lighting and overhead fixtures make seeing easier, help protect your family's eyes from needless strain. ### LETTER to the EDITOR

Sept. 22, 1966.  
Burkburnett Star  
Burkburnett, Texas

Gentlemen:  
Attached you will find check for which send me the Burkburnett Star.

In October, 1920, I arrived in Burkburnett looking for employment. I went to work for Hunt-Rigsby & Co. at a cotton gin. After the ginning season was over I went to work for Travis Refining Co. driving a gasoline truck. I hauled 35 ten gallon cans of gasoline each load. In 1922 my truck burned just off Main Street and Ave. D. It was loaded with gasoline and made a big fire.

After three years with Travis Refining Co. I was made wholesale distributor for Panhandle Refining Co. I was with Panhandle about five years. At that time they had three bridges across the river, one at Eridgetown to Grandfield, Okla. another at Duval, Okla. and one to Randlett, Okla. near the present bridge.

My older son was born at 612 Glendale St. My Dad and Mother and older brother are buried in the Burkburnett cemetery.

Please mail paper to 340 W. Freeway, Vidor, Texas, 77662. Clyde S. Green

### Satellite Skate Club Holds Meeting

By Susan Hall Reporter

The Satellite Skate Club of the Orbit Skating Rink met Sunday, Sept. 11, after the session.

We decided to have a chili supper at our next meeting.

Jerri and Kathy Savage gave a showing of the following dances: Glide Waltz, Skaters March, Progressive Tango, Colliate, Academy Blues, Toni Savage and Mr. Savage gave a talk about Figure Skating, Dance Skating, Speed Skating and Free Style Skating.

We presented the new members and the meeting was adjourned.

MRS. RAYMOND VAN LOH

### Mrs. Raymond VanLoh Chosen As Theta Epsilon Chapter Beauty Queen

Theta Epsilon Chapter of Epsilon Sigma Alpha Sorority selected Mrs. Raymond (Ruby) VanLoh as their Beauty Queen when the chapter met for their regular meeting September 12 in the shop of the President, Clodella Bridges. Mrs. VanLoh was chosen for her charm, personality, poise and attractiveness. She will compete with other chapter beauties for the district title when the next district convention will be held in May in Harlingen, Texas.

Mrs. Marilyn Howard was runner-up and would compete should Mrs. VanLoh be unable to fulfill her duties. Rush chairman Marilyn Howard announced the next rush activity is to be a progressive dinner to be held in the homes of Mrs. Marilyn Howard, Mrs. Peggy Bruno, and Mrs. Lena Curtis on September 24. Other chapter business consisted of the addition of the Rehabilitation Center of Wichita Falls to the list of Welfare projects as announced by Welfare chairman Mrs. Kathleen Brammer. Chapter members are to bring requested articles to the next regular meeting.

Following the business meeting, delicious refreshments of cake, punch, and Cokes were served to Mesdames Pat Adams, Peggy Bruno, Lena Curtis, Kathleen Brammer, Helen Eaton, Ruby VanLoh, Audrey Tibbits, Evelyn Farris, LaDonna Sheppard, Marilyn Howard, Bobbie Klinkerman, Bobbie Slusher, Mary Tullis and Pat Dunn by the hostess Clodella Bridges. The chapter was especially happy to welcome back Mrs. Ruby VanLoh after a short period of inactivity. The next regular meeting will be September 26 in the home of Mrs. Mary Tullis when the first program of "Festival of Foods" is to be presented.

### PROGRESSIVE DINNER CLIMAXES RUSH SEASON OF SORORITY

Theta Epsilon Chapter of Epsilon Sigma Alpha Sorority climaxed their rush season with an impressive progressive dinner held Saturday, September 24. The dinner and all prior rush activities had been planned by the rush committee who did an outstanding job in the performance of their duties. The dinner began in the lovely home of Mrs. Marilyn Howard who served appetizers of tomato juice, tossed salad and crackers. The group then proceeded to the spacious home of Mrs. Peggy Bruno for entree of chicken and spaghetti, complimented by stuffed celery, Harvard beets, green beans, rolls, and ice tea. The final setting for the dinner was the attractive and uniquely furnished home of Mrs. Lena Curtis who served a delicious dessert of pineapple pie, lemon pie and coffee.

Following the dessert course, President Clodella Bridges presented Mrs. Marilyn Howard, Vice-President and Rush Chairman, who gave the history of ESA, stating that it is one of the largest and most exclusive

non-academic Greek letter sororities in existence having over 40,000 members in 140 chapters throughout the world. The purpose of the organization is threefold (1) social (2) philanthropic and (3) educational and they strive to give each member an opportunity to develop leadership, make new friends, and improve her own personality. It offers the privilege to participate in various charitable and civic projects as well as social activities. The flower of the sorority is the yellow Jonquil; the colors are blue and gold; and the motto is "All for One and One for All."

The chapter extended a most cordial welcome to Mrs. Mary Kathryn Cotten who became a new member. Those participating in the final rush activity included Mesdames Mary Kathryn Cotten, Clodella Bridges, Kathleen Brammer, Peggy Bruno, Helen Eaton, Evelyn Farris, Marilyn Howard, Bobbie Klinkerman, Shirley Spinks, Lena Curtis, Bobbie Slusher, Maryna Sheperd, Ruby VanLoh, Lena Sutherland, Mary Tullis and Pat Adams and Pat Dunn.

### STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION

Date of filing: September 29, 1966.

Title of publication: Burkburnett Star.

Frequency of issue: One day a week (Thursday).

Location of known office of publication: 417 Ave. C., Burkburnett, Wichita, Texas 76354.

Location of the headquarters or general business offices of the publishers: 417 Ave. C., Burkburnett, Texas.

Publisher: Harry C. Dodson, Burkburnett, Texas.

Editor: Harry C. Dodson, Burkburnett, Texas.

Managing Editor: Harry C. Dodson, Burkburnett, Texas.

Owner: Harry C. Dodson, P. O. Box 906, Burkburnett, Texas.

Known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages or other securities: John W. Brookman, P. O. Box 264, Burkburnett, Texas.

A. Total number copies printed (net press run). Average number copies each issue during preceding 12 months, 1600. Single issue nearest to filing date, 1650.

B. Paid circulation 1. Sales through dealers and carriers, street vendors and counter sales. Average number

copies each issue during preceding 12 months, 295. Single issue nearest to filing date, 29.

2. Mail subscriptions. Average number copies each issue during preceding 12 months, 1142. Single issue nearest to filing date, 1256.

C. Total Paid Circulation. Average number copies each issue during preceding 12 months, 1444. Single issue nearest to filing date, 1546.

D. Free Distribution (including samples) by mail, carrier or other means. Average number copies each issue during preceding 12 months, None. Single issue nearest to filing date, none.

E. Total Distribution (Sums C and D). Average number copies each issue during preceding 12 months, 1444. Single issue nearest to filing date, 1546.

F. Office use, Left-Over, Unaccounted, spoiled after printing. Average number copies each issue during preceding 12 months, 156. Single issue nearest to filing date, 104.

G. Total (Sums E & F—should equal net press run shown in A). Average number copies each issue during preceding 12 months, 1600. Single issue nearest to filing date, 1650.

I certify that the statements made by me above are correct and complete.

Harry C. Dodson, Owner.

### Local Catholics Plan Fall Festival

The Burkburnett Catholic parish has completed plans for its Fall Dinner and Bazaar which will be held on November 5th at the Burkburnett Town Hall. Proceeds will go toward the construction of a mission chapel and parish hall to be built on the church property near the city park and swim club.

Serving as chairmen of the parish effort are the following: Tickets, Mrs. Betty Davy and Joe Jancke; Kitchen, Mrs. Ed Michna, assisted by Mrs. Edward Simons and Mrs. Joe Jancke; Bazaar, Mrs. Amelia Slama and Miss Patricia Simons and Sale Booths, Mrs. Lena Cools, Mrs. Gerald Martel, Mrs. Weldon Nix and Mrs. Civeletto. Publicity and advertisement is being handled by Alden Smith, Mr. Edward Simons, and Mr. Ed Michna.

Activities will begin at 5:30 with the serving of dinner to continue until 8 o'clock and the drawing of the door prize later in the evening.

Pastor of the Burkburnett Mission is Monsignor V. P. Micola with the pastoral duties being served by Reverend Severus Blank.

### Two Farm Bureau Meetings Are Set For Next Week

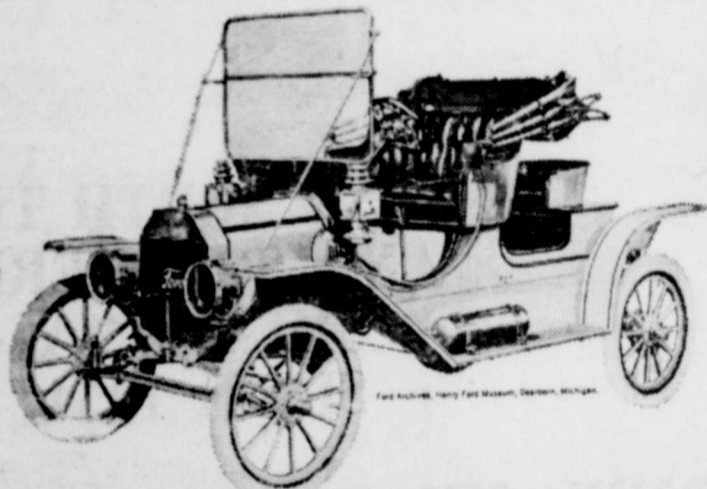

Two Farm Bureau policy development meetings are scheduled next week in Wichita County, according to J. W. Tole, President.

These discussions will be held Monday, Oct. 3, 7:30 p.m. in the Farm Bureau office and Tuesday, Oct. 4, 7:30 p.m. in the Reddy Room, TESCO, Burkburnett. Others were held at Frisberg School and Huff's Cafe in Electra.

President Tole said: "Farm Bureau members are urged to participate in this most important of all Farm Bureau functions." He said the Democratic process by which these policies are adopted is basic to Farm Bureau.

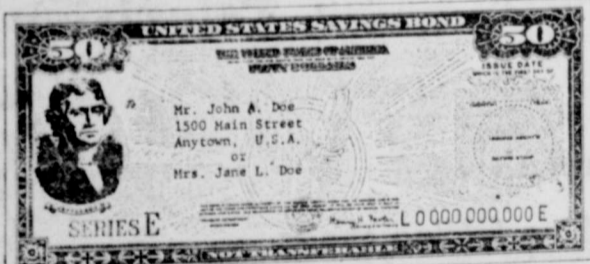

"All county, state, and national FB policies are subject to review and change each year," says Tole, "and anyone who is dissatisfied with current policies or has an idea for improving them has the responsibility to participate in the policy development process."

The meetings will be under the leadership of Raymond Schroeder, assisted by Ed Foster and Frank Wolf.

### ANTIQUES...

The longer you keep them, the more they're worth.

If you bought a U.S. Savings Bond in 1941, it would now be worth more than twice the money you paid for it.

Series E Bonds, you see, have never stopped growing. And now that the interest rate on new E and H Bonds has been raised to 4.15%, your older bonds will earn proportionately more, too, for their remaining period to next maturity. So Savings Bonds are better to buy, and hold, than ever. But that's only one reason why you should buy Savings Bonds.

You see, while Savings Bonds are building your financial security, they're also building your country's security. Because as your money grows, it helps support our fighting men in Vietnam—and keeps our economy strong.

Buying Bonds is easy!

Simply sign up for the Payroll Savings Plan where you work. This way, money is automatically set aside from your paycheck—and applied toward the purchase of a Savings Bond. And you can also buy Bonds automatically through the Bond-a-Month Plan at your bank.

Buy U.S. Savings Bonds

NOW PAYING 4.15% WHEN REED TO MATURITY

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

## Command Performance Camaro By Chevrolet

Camaro Sport Coupe with style trim group you can add.

You've been waiting for a Chevrolet like this. Now it's here.

Camaro! Long, low hood. Short rear deck. Big-car stance for stability. Strato-bucket seats. A 140-hp Six or 210-hp V8, depending on model. Camaro gives you a car full of comforts from carpeting on the floor to vinyl upholstery all around. There's a lot of security, too, with new safety features like the GM-developed energy-absorbing steering column. Camaro! Sport coupe or convertible. You can order a Rally Sport with hideaway headlights or an SS 350 with Camaro's biggest V8. See your Chevrolet dealer now!

Everything New That Could Happen . . . Happened! Now, at Your Chevrolet Dealer's!

**BURKBURNETT GARDEN CLUB HAS MEETING IN MORRISON HOME**

"All Time is Garden Time" was the day's theme of the Burkburnett Garden Club and was timely shown at the lovely morning meeting held in the home of Mrs. Carl Morrison Saturday, Sept. 24th, with Mrs. E. E. Taliaferro and Mrs. Lloyd Bloodworth as co-hostesses. Mrs. Morrison, President, gave a few gracious words of welcome and conducted the business meeting. She stressed the invitation and advantages of joining the Wichita Falls Bus Group of Garden Club members to attend Garden Club Day at the State Fair in Dallas, Oct. 18th. Dues were collected and the program was presented by the Yearbook chairman, Mrs. Taliaferro, who discussed a few points on our new year books.

The members gave the Committee a rising vote of thanks for the attractive books they had so diligently worked on. Mrs. Cauthorn exhibited some Horticulture specimens which were her Gardener's triumph over a hot dry summer. Mrs. Bloodworth made the artistic arrangement for the Coffee table. "Horticulture in a Basket" was Mrs. Taliaferro's topic with the display of her beautiful porch hanging basket and gave details how to make and care for one. The Hostesses presented a filled living hanging basket to the lucky number drawn, Mrs. J. C. Adams was the winner. The Refreshment table was beautifully laid in the Sun

Room. Mrs. Taliaferro poured coffee and Kay Henson served Cokes.

Sixteen members and one guest, Mr. Harrold Henson, of Grand Prairie, Texas, attended. The next meeting will be held October 26 with Mrs. Virgil Mills.

**Influence of Climate**

The great strength associated with Southern Pine lumber is largely a matter of climate and environment. Because of the long summers and abundant rainfall in the regions of growth, Southern Pine trees contain a high percentage of "summerwood" the darker, denser portion of the annual growth ring. This accounts for the species' characteristic density

A brilliantly costumed group of fashionable young ladies from Mexico's leading ranch families will present a unique demonstration of riding skill — sidesaddle — during the 1966 State Fair of Texas Horse Show Oct. 8-16 in the Livestock Coliseum. The Girl Carousel Riders of Mexico will present exciting formations at a full gallop, riding sidesaddle on horses lavishly caparisoned.

**Jehovah Witnesses To Have Lubbock Meeting In October**

Sixteen congregations of Jehovah's Witnesses will meet in Lubbock, October 7-9 to discuss the theme, "Become Spiritual Men with Everlasting Life in View." The presiding minister of the Wichita Falls Congregation, Harold P. Bruce, said, "The object of the program is to equip every one of the preaching fellowship of Jehovah's witnesses in the practical use of the Bible as a means of fortifying the spiritual morale of people in our community." District Supervisor, A. A. Catanzaro, Watchtower Society's

representative over 10 circuits in Texas, Oklahoma and New Mexico, will be chairman at the Texas Circuit 9 assembly. E. A. Grover, supervisor of the circuit, met with some 20 department heads, September 8, at Childress in preparation for the Lubbock meet. To overcome existing ministerial weaknesses in the circuit, various ones in the 16-congregation circuit have been selected by Grover to discuss and demonstrate ways to bring weaknesses up to district and national averages in producing the "fruitage of the spirit."

The young man eyed the prices on the menu and mentally counted his money. He smiled weakly at his date. "Enjoy your dinner," he said worriedly, "but remember, we've got to leave promptly at \$6.50."

## WHAT YOU SHOULD KNOW ABOUT LIGHTNING

When caught outdoors in a sudden thunder squall, do you sprint for the nearest tree that will give you dense rain cover? When indoors with lightning flashing and thunder crashing overhead, do you unplug electric appliances?

Both are common reactions during electrical storms. And both are typical violations of safety rules that contribute toward hundreds of needless lightning casualties every year.

Lightning strikes the earth about nine million times a day, kills about 400 people in the U.S. each year, and caused more than \$200 million in property damage last year.

Experts who study lightning phenomena at General Electric's High Voltage Engineering Laboratory in Pittsfield, Mass., say that much of this annual toll of lives and property damage is unnecessary. Simple precautions will minimize the chance of being struck by lightning when caught in a thunderstorm, and modern protective equipment can eliminate or reduce lightning damage to homes and other structures.

When taking shelter in the open, avoid hilltops, isolated trees, wire fences, or small exposed sheds. A tree or other object in the path of the

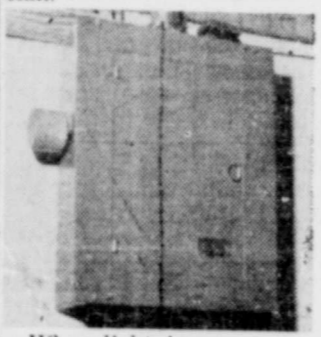

storm may serve as an electrical conductor or "ladder" which ground charges climb to strain toward their opposites in the cloud.

At home, stay away from open doors or windows, fireplaces, and electrical equipment. Do not take a shower or bath during a thunderstorm and avoid using the telephone. When lightning is striking near your home and you choose that moment to unplug appliances, you are putting yourself in the same danger that you are seeking to protect your appliances from—a surge of lightning current through the house wiring.

While lightning rods can protect homes from damage by direct lightning bolts, insurance statistics reveal that 90 per cent of damage claims resulting from lightning activity are the result of electrical surges—lightning which strikes near power lines, producing extremely high voltages which are carried into the home through the building's electrical system. Such surges can ruin a structure's wiring, destroy electrical appliances, and cause fires.

Property owners can now protect their house wiring and appliances from lightning surges with an inexpensive home lightning protector. The

base-ball sized device, developed by General Electric, is connected at the service entrance switch (fuse box) and can be installed in a few minutes by any qualified electrician.

When lightning causes an electrical surge, the protector automatically diverts the surge to electrical ground, preventing damage to home wiring. As soon as the surge is discharged, the protector is ready to work over and over again. The action takes place without disrupting electric current and occurs so quickly that lights won't even flicker! The device is listed by Underwriters' Laboratories, Inc. (UL).

According to the Lightning Protection Institute, a full lightning protection system includes, in addition to such a device, lightning rods or air terminals; conductors, grounds; and tie-ins to large metallic parts.

## Fire Prevention Week Is Set For October 9-15

Fire! Each year, it takes its toll in millions and billions of dollars in property and, too often, human lives. The mere sound of the word projects to the mind an image of screaming fire trucks careening through city streets to douse the flames licking at some apartment house, a home or someone's business or a factory.

Urban areas have no monopoly on fires. Remote rural areas also are threatened quite frequently by fires that turn bulging grain and hay filled barns to ashes, homes to smoking ruins, and pastures into charred wastelands. Also, with the distance of some farms or ranches from town, the fire could be out of control or have done its damage before city fire departments can be summoned and reach the scene.

So what do you do? Cross your fingers and hope you are never faced with this kind of situation if you live out of town? That's one way to handle it, but a much more effective way is to practice fire prevention and prevent that fire before it starts.

With the generous late-summer and fall rains and resulting abundance of grass, the rural areas have a potential hazard and will be a tinderbox after the first killing frost. A word of caution to everyone is to take stock of your individual problem and take steps to prevent a fire in your area if at all possible.

The needless loss of life and

property by fire can only be curtailed by personal vigilance and discipline. From the amount of fires that occur each year it readily becomes apparent that each of us must increase our watchfulness if we are to reduce the unnecessary losses brought on by carelessness.

We hope that everyone will make it a daily habit to exercise every precaution on their jobs and in their homes to make fire prevention a never ending observance.

The Burk Burnett Fire Department urges you to "Do your part, do not give fire a place to start. Let's have the best fire record yet in the town of Burk Burnett. Observe Fire Prevention Week here, 52 weeks per year."

## Jean Dolan Gives Program For Jaycee Wives Club Meeting

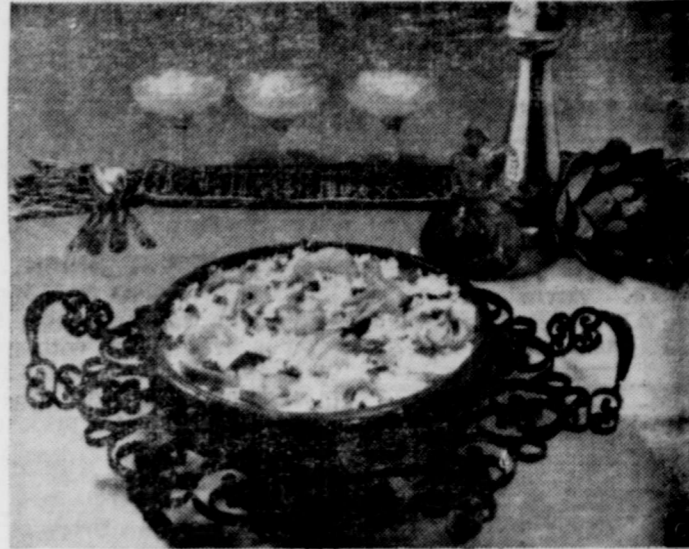

The Jaycee Wives met for their regular monthly meeting in the Reddy Room on Sept. 15th.

A Bake Sale was held on Sat. Sept. 24. Letters of appreciation were read from the Jaycees concerning the ballgames and sponsoring dances. Good representation has been at each activity. Jean Dolan brought a very interesting program. Each member's personality was told by drawing a tree.

Hostesses Rita Hudson and Sandra Tucker served refreshments to eleven members.

A golfer hit and lost several new balls into a lake, onto the highway, and then into the woods. "Why don't you use an old ball?" asked the caddy. The duffer lamented, "I've never had one."

## A FIESTA PARTY IS FUN FOR EVERYONE

Bring out the guitar, or at least put flamenco music on the record player. Give the girls lacy mantillas for their hair, and stage a mock bull fight with one of the guests playing the "bull". For the Matador, provide a red luncheon cloth to wave before the "bull". The party dish will, of course, be a paella, and the drink Sangria, the Spanish punch. For grown-ups, the punch is made with red wine, lemonade and soda; for a teen party Hawaiian punch may be used instead of wine.

### PAELLA A LA ALICANTINA

- |  |                                    |
|--|------------------------------------|
| 1 pound lean pork, cut in small pieces               | 1 medium onion, chopped            |
| 6 tablespoons Spanish olive oil                      | 1 pimiento, chopped                |
| 2 pounds small to medium shrimp                      | 2 cups converted rice              |
| 2 whole chickens, cut into eight 2-3 inch pieces; or | 1/2 teaspoon saffron               |
| 1 pound chicken livers                               | 2 teaspoons salt                   |
| 1 teaspoon paprika                                   | 4 cups chicken broth               |
| 2 whole garlic cloves                                | 1 7-oz. can minced clams           |
| 2 tablespoons minced parsley                         | 2 packages frozen artichoke hearts |

Saute the pork in 2 tablespoons of the olive oil, using a large, heavy skillet; when well browned, remove to casserole. Shell the shrimp without removing the tails; set aside. Saute cut-up chicken breasts (or chicken livers) in same skillet as pork until crispy brown. Add more oil if needed. Remove the casserole. While chicken livers are browning, place garlic cloves in the oil, cooking until soft, then mash with a fork into the oil. Add the paprika, parsley, onion and pimiento, and 2 more tablespoons olive oil; cook until onion is soft. Add the rice, stir until glazed with oil. Heat together saffron, salt, chicken broth and clams with juice; pour over rice, bring to a boil. Transfer to the casserole, stirring to blend ingredients. Place shrimp and artichoke hearts over the top. Cover casserole. When guests have arrived complete cooking the paella in the oven (350° F.) for 20 to 25 minutes or until all liquid is absorbed. Sprinkle another tablespoon of olive oil over the rice just before serving. Makes 8 servings.

For a simple, colorful booklet of 38 delectable Spanish recipes send 25¢, to cover postage and handling, to Fiesta Recipes, P.O. Box 157, Syosset, L. I., N. Y.

FROM THIS MOMENT ON... IT'S OLDS FOR '67!

# the Rocket Action Cars are out front again!

Totally-new Delmont 88... lowest-priced 88 series!

Looks expensive, but it's not. Delmont 88 prices actually start below many models with "low price names." Four to choose from. All with proved 88 chassis, brakes and suspension. 330- or 425-cubic-inch Rocket V-8 Engine.

New Custom models highlight Delta 88 lineup!

Two new Delta 88 Custom models are the last word in luxury. Both are highlighted by the distinctive Toronado look. Both with a 425-cubic-inch Super Rocket V-8 Engine. And all yours at an easy-going Olds 88 price.

All-new five-car Cutlass Supreme series!

Olds brings a new level of luxury to the low-price field: Five sumptuous Cutlass Supreme models! Lavish Strato Seat interiors. Velvety coil-spring ride. Smooth Jetfire Rocket V-8 performance. Famous Olds quality!

## Missionary Speaks To W.M.S. Group At Local Church

The WMS of Janlee Baptist Church met Sept. 21st at 10:00 a.m. at the church.

Mrs. Allen Dyer opened the meeting with the Calendar of Prayer for our missionaries. Mrs. D. L. Sykes, a long time friend, introduced the speaker, Mrs. James C. Muse, Southern Baptist Missionary to Ecuador.

Mrs. Muse serves in the ministry of music. She also was clerk, Sunday School teacher, training union leader and Woman's Missionary Union president, as well as church pianist.

"Being the mother of four children, I feel that I serve

more as a missionary housewife," Mrs. Muse said.

The Muses consider their stay in Ecuador "very rewarding" and are making plans now to return next July for another four-year term.

The Wichitans had no time for homesickness. "We never lacked for visitors," Mrs. Muse said. "Traveling Baptists usually contact their missionaries and apparently there are many Baptists who travel to Ecuador. We were always eager to see people from the States and were glad to assist them in any way we could."

While on the mission field the family had to speak Spanish in public, but spoke English at home so that the children could remember both languages. While on furlough, the order is reversed.

The Muses were appointed by the Foreign Mission Board

in 1961. They studied Spanish in San Jose, Costa Rica, a year before going to Ecuador. He is a native of Frederick, Okla. and serves as pastor of the University Baptist Church in Quito, Ecuador.

Mrs. Muse is the former Miss Patsy Slabough of Altus, Okla. She used pictures to describe the people, country, and work that they do in Ecuador.

Mrs. H. V. Southerland, Jr. was in charge of the program. Mrs. Dan Peterson closed the meeting in prayer. A Salad luncheon was enjoyed by the fourteen members present.

The eleven and twelve year old Junior Girls' Auxiliary of Janlee Baptist Church is named for Mrs. Muse.

### "Red Carpet Service" Exemplified By Mathis Chevrolet Service Dept.

The term "Red Carpet Service" exemplifies the Mathis Chevrolet service department from the moment you drive your car onto the red concrete ramp at the service entrance.

Every square inch of the service department's quarters in the new building has been designed with customer in mind — including all new equipment, a customer waiting room complete with color television, soft drinks and coffee plus a clothes washer and dryer for busy housewives and an intercom system from each mechanic's bench to the parts department to save time while making repairs. A runner will bring intercom-ordered parts directly to the bench.

Space for six automobiles is provided at the service entrance where courteous employees complete your work order.

Five factory-trained mechanics utilize six double stalls, each with its own lift, two drive-through stalls for commercial vehicles and bobtail trucks and complete Bear front end alignment equipment with a pit designed to accommodate even the largest commercial vehicle, to handle repair problems promptly and efficiently.

The latest Alemite lubrication service and undercoating equipment also help keep your automobile or commercial vehicle factory fresh, according to E. M. (Mack) McCord, service manager.

A two-stall wash rack and a three-stall car reconditioning bay also are located within the service department area.

"And everything is completely new," McCord says proudly. "This is the greatest thing that's happened in this part of the country. We have the most modern service department in the State of Texas, and we have some equipment that many of the other dealers have never seen," McCord continued.

McCord's enthusiasm is backed up with years of automotive know-how. Only General Motors recommendations and parts are used under constant, factory-

trained supervision, officials of the firm say.

Although a part of the service department, the body shop is located in a separate building at the rear of the new location. The body shop, headed by Marvin Wilkerson, has six stalls and new lighting designed for special color work in the repainting of automobiles.

Rental cars will be available for service and body shop customers, McCord continued.

Other employees of the service department are:

Irvin L. Smith, shop foreman; Charles W. Lamb, Lonnie Bee-singer, Jimmy Bradley, J. C. Kotulek, mechanics; Homer Whittaker, new car maker; and Bill and Raymond Brantley, wash and lubrication.

### Band Parents Club Has Monday Meet

Refreshment tickets for visiting bands at all home football games will be provided by the Burkburnett Band Parents Club according to a vote of the club at its regular meeting, Monday night at the Junior High Band Hall.

Seventeen band students received band camp scholarships to Midwestern University and the junior high drum major received a partial scholarship to band camp at West Texas State College, Canyon, Mrs. Reavis Wooten, treasurer, reported to the club, which underwrites these scholarships.

Band Calendars, the principal money-raising project for the club, are being prepared, with Oct. 15 the deadline for listing birthdays, anniversaries or club meetings, according to Mrs. W. C. Cissell, calendar chairman.

The club will have charge of the concession stand at the Burkburnett-Graham game, Oct. 28, at Morgan Stadium.

At the conclusion of the business session, motion pictures were shown of a marching drill performed by the High School Band.

### Gerald Johnson Is Music Leader At Revival Services

Gerald Johnson, pastor of Trinity Baptist Church in Wichita Falls, is leading the singing in the revival services now being conducted at Central Baptist Church, 810 Tidal St. Brother Johnson was raised in Lubbock and Plainview, Texas. He has been Minister of Music and Education in several Texas churches. He served as Business Manager and Minister of Activities for the Exchange Avenue Baptist Church of Oklahoma City prior to his coming to Trinity in 1963.

The Revival services began Sunday morning with a high attendance of 331 in Bible study at 9:30 and a record attendance in the worship service at 10:45. Many commented on the unusually fine congregational singing Sunday and it is expected that this will be a great week of Revival in this growing Baptist church. Everyone is invited to share in the services each evening at 7:30 p.m. through Sunday, October 2, 1966. A modern nursery and off-street parking are provided.

With an Impala Sport Coupe you can get all the comforts of home, maybe even more.

### Everything new that could happen...happened!

New styling that speaks beautifully for itself. More things to add than ever before: A new stereo tape system. Comfortron automatic heating and air conditioning. Front disc brakes. A better Cruise-Master control system. Plus all the power you could want in a car: up to 427 cu. in. available in Chevrolet's exclusive Turbo-Jet V8. And, standard with every new Chevrolet, a new road feel thanks to improved Full Coil suspension. You really should see the new Chevrolets. Very soon.

And all this for your added safety: GM-developed energy-absorbing steering column, dual master cylinder brake system with warning light, energy-absorbing instrument panel, four-way hazard warning flasher, plus many others.

Everything new's happening now...at your Chevrolet dealer's

## INDUSTRY LOOKS AHEAD

Looking into the future is a fascinating business, especially in an age such as ours of breakthroughs in science and technology that stagger the imagination. The president of a major oil company describes the role which petroleum will play in the life of the nation by 1980. It is estimated that United States population will increase from 194 million to 240 million and that oil consumption will rise from present 11 million barrels a day to nearly 17 million. In 1980, it is forecast that oil and natural gas together will meet over 70 per cent of total energy demand. But, filling our needs for petroleum products is only part of the story.

In the spokesmans opinion, the oil industry must accept a greater role of leadership in finding solutions to problems of public concern in which the oil business has a direct interest, including highway safety, air and water conservation, education and the quality of our government. The millions of dollars that are now being spent to keep petroleum operations from contributing to air and water pollution must continue. The quality of education is also a public issue in which the oil industry has a stake. It draws heavily on colleges and universities for a steady stream of highly-trained people. In return, it assists educational institutions financially and in other ways.

The petroleum industry's past record is spectacular, but as the foregoing company official concludes, outstanding past services "doesn't mean a thing to the public today — especially the young public. They expect constant improvement, and it is our obligation to give it to them."

## MORE THAN LAWS NEEDED

Industrialized and urbanized America has dazzled the world with its material gains. But, as a publication of a major oil company points out, the gains have often meant the loss of other things. One of the great losses has been that of an invisible, but invaluable asset — clean air. As a result, there has been a sudden surge of interest in the pollution problem — a surge that has at times approached the point of hysteria. Last year, 175 air conservation bills were introduced in 30 state legislatures, and 30 of these were passed. This year, with only half the state legislatures meeting, more than 150 such bills have already been introduced in 18 states. Many people have yet to realize that intelligent pollution control is more than writing a law. "There is no single cause of air pollution. There is no single substance, or weather condition, that can be pinpointed for all the blame . . . What this means, of course, is that there is no single, simple formula for conserving clean air."

The oil industry, for many years, has been a leader in pollution control. Petroleum refiners have invested a total of some \$200 million in cleaner air. Their expenditure on air conservation in 1966 will be more than for any year over the past five years — more than \$40 million. The American Petroleum Institute has organized research programs with leading universities. It has announced a 1966 program of more than \$1.5 million in national air pollution research and has established a new division devoted to conservation of air and water.

The key to pollution control is based on knowledge acquired through experience and research. As that knowledge is applied to the problem of this country's urban and industrial areas, we will literally begin to breathe easier. There is no legislative panacea or shortcut.

## Gifts For Viet Nam Servicemen Drive Gathering Steam

A drive in Wichita County to collect gifts for American servicemen in Viet Nam is gathering steam, but more help is needed.

The drive is being coordinated by the Red Cross.

People in Iowa Park have pledged to fill 50 of the foot-square gift bags.

Levi Strauss and Co. of Wichita Falls has offered to cut the nylon material for the 750 bags in Wichita County's quota.

The bags will be filled with small gifts difficult to obtain in Viet Nam, such as ball point pens, plastic soap dishes, and other items, and must be mailed by Oct. 15 in order to reach the servicemen by Christmas. The armed services have promised to deliver a gift to every man, even those in the jungle.

Anyone wishing to help raise funds to buy the gifts or to otherwise participate in the gift program should call the Red Cross, 322-8686.

Dave Allred of Wichita Falls has been appointed publicity chairman for the gift drive.

### Use For Old Refrigerator

To make an ice chest you can leave at your fishing or hunting camp, just get a discarded refrigerator with the freezing unit and latch removed. Turn it on its side and drill holes in the bottom to allow the water to drain.

Place a drip pan underneath.

## EVENTS OF YESTERYEAR

From The Burk Burnett Star 10 Years Ago

Approximately 4500 feet of curbing has been completed on Ave C, D and E and on 6th and 7th St. Property owners are paying \$1.10 per running foot for the curbing. The city and precinct will co-operate in laying the blacktop.

Joe Bill Dodson of the U.S. Navy, stationed in Adak, Alaska, arrived here Saturday for a two week visit with his mother, Mrs. George Byerly.

Mr. and Mrs. Paul Browning are scheduled to return home this week from a visit with their daughter, Mr. and Mrs. Jack Harris in Los Angeles, Calif.

Mr. F. T. Felty underwent surgery in the Wichita Falls Hospital this week.

Carl Campbell has purchased the Chevrolet dealership in Marlow, Okla. and took active charge of the agency two weeks ago. He will continue to operate the Campbell Auto Supply here in Burk.

Cotton harvest will probably reach an all time low for this area this year. The dry weather ruined a substantial part of the acreage planted. Paul Hooper, Manager of the Farmers Co-Op Gin reports only 447 bales of the 1956 crop ginned so far. Good years have brought in close to 5000 bales for the season.

Mr. and Mrs. Bill Bean attended the football game at Cisco Friday night. Their son,

Gary, a student at Cameron College, was on the football team.

Mr. J. N. Hicks Jr. left last week for Austin where he enrolled as a Senior Student in Petroleum Engineering at the University of Texas. James is the son of Mr. and Mrs. J. N. Hicks.

## Bake Sale

AND MISCELLANEOUS SALE

A Bake Sale and Miscellaneous Sale will be held Saturday morning, Oct. 1st, on main street in downtown Burkburnett. The sale is sponsored by the Lutheran Women.

HAROLD VAN LOH, PRESIDENT

## To The Parents of Students in The Burkburnett Schools.

We, at the First National Bank, are pleased to service the Student Savings Plan in our schools. Under this program students have the opportunity to open a First National Bank Student Savings Account subject to all of the regulations and advantages of regular savings accounts.

As a civic contribution, we service the deposits and withdrawals at no cost to the schools or students, and in order to stimulate the savings habit, we pay interest annually on the students accounts at the same rate as on our regular savings accounts.

This our our fourth year of participation in the program. The Students at the close of business, May 31, 1966, had \$13,200.00 on deposit in the Student Savings Program.

Briefly, the Student Savings Plan operates as follows:

These accounts are maintained separately from any other accounts the students may have at the bank.

Wednesday of each week during the school term is "Bank Day." Deposits are accepted only on Wednesday at the Schools; however, deposits can be made at the First National Bank on any day, including summer vacations.

All new accounts will be opened and all deposits received at the schools by the homeroom teacher or school banker. When a new account is opened, the student's bank book is issued by the bank and returned to the student at his school before the next "Bank Day." Thereafter, the student must present his bank book when depositing. In the event a bank book is lost, a duplicate will be issued upon request.

There is no minimum amount required to open a new account or to deposit at any time. Whenever possible, students should bring the correct desired amount of currency, coins, or checks for deposit, since the teachers are not supplied with change. All deposits will be forwarded to the bank on the day they are received.

All withdrawals are made at the First National Bank by the student depositor upon presentation of his bank book. School approval of withdrawals is not required. If hours

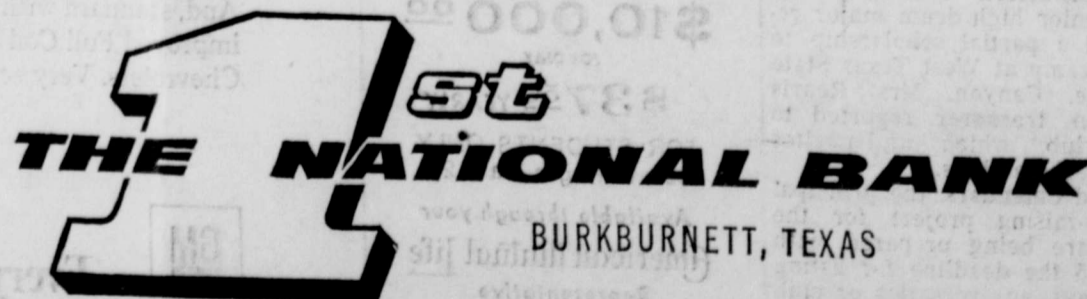

REPRESENTING THE FIRST NATIONAL BANK, JERRY THOMAS EXPLAINS THE STUDENT SAVINGS PROGRAM TO DEBBIE VINCENT, STUDENT COUNCIL PRESIDENT; DAN CARSON, EIGHTH GRADE TEACHER AND ROX-ANNE RAY, EIGHTH GRADE STUDENT.

conflict, the student's parent or guardian may withdraw for him.

Interest earned is added to the student's account on May 31, of each year. As soon thereafter as practical, the student should come to the bank to have his interest entered in his bank book.

This program is the school's plan, in which we are pleased to have a part, but its success depends upon the interest and cooperation of the parents. Thrift training is a valuable part of a child's education and character building. The Administration and Teachers in our schools are helping to preserve one of the basic principles of our way of life. We hope that you will join with us in congratulating them on this worthwhile effort and that you will give them your full support.

Cordially yours,  
A. R. HILL  
President

**DEVOL NEWS**

Mrs. C. O. Woodley

Mr. and Mrs. Harvey Leonard Doty announce the arrival of a son born Sept. 22 in a Wichita Falls hospital weighing 8 lbs., 1 oz. and named Darren Todd. The Doty's have three other sons.

Mr. and Mrs. V. E. Lagrone moved their mobile home to Temple, Okla. last week where it is more convenient for Mr. Lagrone, who does custom hauling in his semi-trailer. The Lagrones have been residents of Devol for many years and will be greatly missed by all their friends.

Mr. and Mrs. Marshall Charboneau of Fort Worth spent Saturday night and Sunday with their parents, Mr. and Mrs. W. C. Charboneau. Mrs. Myrtle Kirby of Wichita Falls visited her parents, Mr. and Mrs. Charboneau Sunday afternoon.

Mrs. Lillian Hutson returned Sunday after visiting her daughter-in-law, Mr. and Mrs. Charles Moran in Holbrook several days.

Mrs. C. O. Woodley spent Saturday and Wednesday in visiting Mrs. T. P.

Mrs. Lena Hinkle of Burkburnett was a guest Wednesday night of her nephew, Mr. and Mrs. Tommy Monson.

Women's Missionary Union met in the home of Mrs. W. C. Charboneau last Tuesday morning to study the mission book, "Great is the Company," which was partly reviewed by Mrs. Grace McClurkin. Others present were Ruby Doty, Nora Wood, Rilla Nalls, Ethel McCasland, Linda Head, Melba Wright and Nevada Turner. The WMU will meet again this Tuesday with Mrs. Charboneau when Mrs. McClurkin and Mrs. Wyatt will complete the book review.

Mrs. O. G. Weaver has been on the sick list for some time with a throat ailment, but is somewhat improved at this time. Visitors over the weekend of Mr. and Mrs. Weaver were Mr. and Mrs. Bob Faries and son, Bob Wood of Lawton.

Mrs. Mabel Cozby returned home Monday from Oklahoma City after a visit of several days there.

Mrs. Dollie Hardin is in Wichita Falls this week with her brother, Frank Hewell of Burkburnett who underwent surgery in a Wichita Falls hospital last week and is reported doing nicely.

Hugh Lynn and Marilyn McCullough have returned to Oklahoma State University at Stillwater after a vacation at home with their parents, Mr. and Mrs. Bob McCullough. Hugh Lynn was at home over the weekend.

Mr. and Mrs. Eddie Reaser and daughters of Seymour, Tex. were guests Saturday night and Sunday of Mr. and Mrs. Aubrey Mays, A. J. Mays, who is attending college at Durant also spent the week with his parents, Mr. and Mrs. Aubrey Mays and grandparents, Mr. and Mrs. A. L. Mays.

Mrs. Eddie McCreary of Tulsa, Texas and Mrs. E. D. Webb of Johnson, Kan. visited their sister, Mrs. Frank McClendon, Mr. McClendon and Gillis Wednesday.

Mrs. Mahala Wyatt was a Sunday guest of her son, Mr. and Mrs. Robert L. Wyatt and Mike.

Mrs. Loretta Postelwaite of Burkburnett visited her mother Mrs. Willie Cozby Sunday.

Lester Coker went to Okla. City to the Veterans Hospital Sunday.

Mr. and Mrs. Homer Tanner of Faxon visited her mother, Mrs. Pearl Cates Sunday.

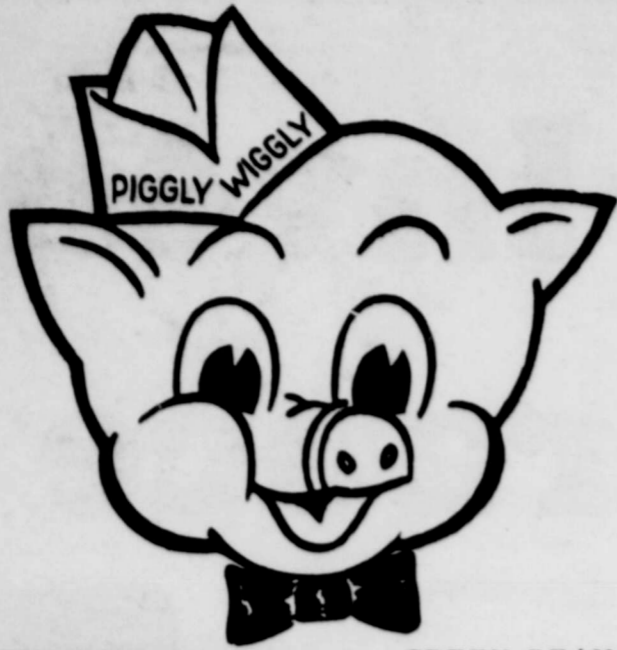

**Rummage Sale**

Burkburnett Study Club will sponsor a RUMMAGE SALE at Town Hall Saturday, September 24th, 8:00 a. m. to 1:00 p. m. and Saturday, October 1, 8:00 a. m. to 1:00 p. m. Items included in the sale will be clothing, kitchen utensils, bedspreads, curtains, venetian blinds and any other useful items. Plan now to attend. 2-2tC

**Scholars' Food for Thought Is a "Blast"!**

A good mind is fed by education—a happy scholar by a nourishing, back-to-school "blast" for the gang. Here's an easy-does-it suggestion from the R. T. French Company. Name the dish after the scholarly host or hostess, like, wow!

**CHARLIE'S MEAT BALLS IN SAUCE**

- |   |  |
|---|--|
| 1 1/2 cups soft whole wheat bread crumbs      | 2 eggs   |
| 1/2 cup water                                 | 2 pounds ground beef                               |
| 1 tablespoon French's Worcestershire Sauce    | 1 tablespoon shortening                            |
| 1 tablespoon French's Prepared Yellow Mustard | 2 tablespoons flour                                |
| 2 teaspoons French's Celery Salt              | 1 can (6 oz.) tomato paste                         |
| 1/4 cup grated raw carrot                     | 1 envelope (1 1/2 oz.) French's Meatloaf Sauce Mix |
|   | 2 cups water                                       |

Thoroughly mix together the bread crumbs, water, Worcestershire sauce, mustard, salt, carrots, and eggs. Add ground beef; mix well. Form mixture into 16 meat balls. Brown in a skillet, in the tablespoon of shortening, over moderate heat. Remove. Pour off all but 2 to 3 tablespoons shortening. Blend flour into remaining shortening. Add tomato paste, meatloaf sauce mix and water. Bring to a boil, stirring constantly. Return meat balls to sauce; cover. Cook over low heat about 30 minutes. (Add a little water if sauce becomes too thick.) Stir occasionally as needed. Mound macaroni in center of platter. Circle with meat balls. Spoon over sauce. 8 servings.

**Clara-Fairview Group Has Meet**

The Clara-Fairview Organized Community held its regular meeting, Saturday, Sept. 17th at 7:30 p.m. The meeting was called to order by President Norman Roberts. Claude Adams gave the devotional entitled: "Whom Having Not Seen, Ye Love." Minutes of the last meeting were read and approved. Mrs. E. W. Roderick gave the treasurer's report and in the absence of Mr. Roderick, Commissioner of Agriculture, reported that James Roderick was first place winner with his summer legumes in the Bridwell Soil Awards Program. Improvement and an addition to our building was discussed and the Building Committee Chairman, Raymond Schroeder, was asked to have an estimate on the addition planned for the building by next meeting. The members voted to have a Benefit Supper during Farm-City Week with proceeds going to the building fund and the Burkburnett Library as a memorial to Mr. J. S. Bridwell.

Norman Roberts introduced Mr. James Easter, Vocational Agriculture Teacher in the Burkburnett High School, who spoke to the group and explained his agriculture program for

the year. He reported a project show would be held during this school term—place and date to be set at a later date. Refreshments were served to

Raymond Schroeder; Mr. and Mrs. E. J. Simons; Mr. and Mrs. Harlan Mullins; Mr. and Mrs. Clarence Mahler and daughter; Mr. and Mrs. Newt Crane; Mrs. E. W. Roderick; Mr. and Mrs. James Roderick and sons; Mr. and Mrs. Charles Goins; Mr. and Mrs. Fred Dwyer and daughters; Mr. and Mrs. Elmer

**UNIVERSITY STUDY CLUB OPENS CLUB YEAR AT RECENT COFFEE**

"Today's Challenge" will be the Course of Study for the University Study Club. The Club theme will be "Study That We May Invest in the Future."

The Club Year was opened Wednesday morning, September 21, with a Coffee at the National Room. Beautiful red floral arrangements were on the formal coffee table and the mantle. Hostesses were Mesdames: A. C. Houser, Sam Shrum, S. S. Reger and Bill Crosley.

A club welcome was extended to the members by the President, Mrs. H. G. Williams. Parliamentarian Mrs. Jim Pogue conducted a very interesting and pertinent quiz on Parliamentary Pearls. A report on the history of Parliamentary Rules was given by Mrs. Joy Sessums, Federation Counselor.

The Course of Study was outlined by Mrs. Bill Crosley and will include programs on Americanism, Conservation, Medicine and Science, Safety and the Peace Corps, Texas Day, and Literature. There will be a Federation Banquet, Christmas Party and May Luncheon.

Club projects for the year include: Student Nurse Scholarship Fund; Cooperate with the Community Improvement Program in the Library, Park, Cemetery and Youth Work; Assist with the Bloodmobile Program; Volunteer work and contribution for County TB Association and other civic drives; Con-

tribution for County TV Association and other civic drives. Contribute gifts to State Hospital; Observe Federation Day with the other clubs; Cooperate with the Federated Council of Study Clubs and its projects.

Aid in purchasing an Instamatic camera for use of C.I.P. Santa Rosa District projects. Contribute to the following State projects: The Texas Federation of Women's Clubs Scholarship Funds 1. Latin-American 2. Penny Art. 3. Musical Penny; TPWC Endowment and Headquarters Maintenance Funds; Be 100% subscribers to Texas Clubwomen; Participate and contribute to the General Federation of Women's Clubs Project—"Freedom Foundation at Valley Forge."

The University Study Club October meeting will be a program on Americanism. Papers will be given on "America in Action" and "How America Lives."

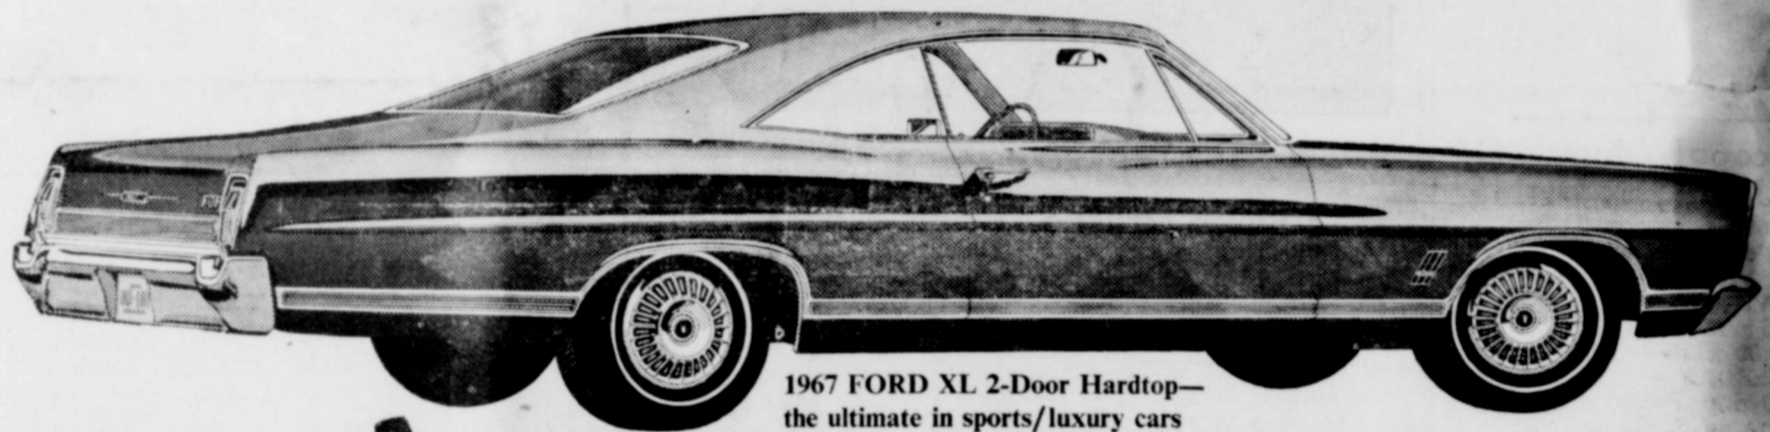

Members attending the Coffee were Mesdames: Blake Browning, Lewis Brocker, A. R. Bunstine, E. R. Burns, B. N. Cauthorn, Bill Crosley, Grady Fuqua, H. C. Gilbert, I. E. Harwell, Arthur Houser, J. D. Majors, Jim Pogue, J. H. Rigby, Joy Sessums, Sam Shrum, H. G. Williams and Marshall Young.

One tree will make a million matches! One match can burn a million trees!

**PAINT . . . Protects wood and metal**  
**GOD'S WORD . . . Protects the soul**

As paint protects wood and metal from decay, rust, and corrosion, so the promises found in God's word protect the soul from the evils of sin, anxiety and despair. Hear God's wonderful promises proclaimed from the pulpit in the church of your choice this Sunday. These promises so heard will accomplish wonderful things in your soul and heart, for God says of His Word, "It shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it." Isaiah 55:11.

**EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## "HOW DOES THIS COMPARE WITH YOUR CHURCHGOING?"

It is reported by the 1965 Gallup Audit of Church Attendance, that church going in the U. S. A. is at its lowest ebb in ten years. In 1955, 49% of the adult population attended each week. This has declined to only 44% this past year.

Other facts revealed as result of querying 8,000 persons five times during the year are: women are found to be more likely to attend than men. Percentage of attendance was higher among those with college training than those with high school or grade school; and among those 30 years and older than among adults in their 20's.

A nation's morality is closely paralled with it's church attendance. The down trend in church attendance, and the up trend in atheism in America appear coexistent.

HOW ABOUT "YOUR OWN CHURCHGOING"? Obey the command, "not forsaking the assembling of ourselves together . . ." Heb. 10:25.

## Greatest Events In American History—No. 4

### PATRICK HENRY EXCITES THE SPIRIT OF INDEPENDENCE IN AMERICA

When 39-year old Patrick Henry rose to speak on March 23, 1775, he was to deliver—as it turned out—the one of the greatest speeches in the history of mankind.

Men always have cried out for independence. But nobody ever expressed it better than Henry did that day. America was on the brink of war with England. Some people thought the war for freedom should be fought; some didn't.

Henry said, "I know not what course others may take; but as for me, give me liberty or give me death!"

By uttering those 19 words, Patrick Henry became immortal. But more important than that, his speech helped inspire the American people to go on and create an independent nation—a nation that has become the greatest on earth.

Presented as a public service every week by:

## Ride the Wide-Track winning streak!

From the same drawing board that gave you Grand Prix, GTO and Overhead Cam Six now come the newest Pontiacs since the invention of Wide-Track!

You're looking at the most beautiful Pontiacs ever to ride on Wide-Track. The incomparable GTO returns with a 335-hp 400 cubic inch engine under a magnificently refined new skin. Or you can order the 255-hp version or the fabulous new 360-hp Quadra-Power 400. And for the first time, you can order your GTO with our famous three-speed Turbo Hydra-Matic.

The Le Mans and Tempests come back better than ever. Bright new interiors. Bold new colors.

A 165-hp Overhead Cam Six is standard. Or you can specify a 215-hp version, a 250-hp regular gas V-8 or its 285-hp premium gas cousin. Or step into the neatest grand touring car this side of the Atlantic with our OHC 6 Sprint package.

Our big Pontiacs are new from the famous split grille to the slickest innovation of the year—disappearing windshield wipers! They're less subject to freezing. And only Pontiac has them.

Also new: a Grand Prix convertible!

There are new 400 and 428 cubic inch V-8s. New safety features such as front seat belt retractors, a four-way traffic hazard flasher, folding front seat back latches and General Motors' new energy absorbing steering column.

Of course, all Pontiacs come with the road-hugging security of Wide-Track.
