Opening night will feature a live band, free refreshments and prizes.

The local Optimist also extend an invitation to all parents, faculty and area ministers to drop by the Center Friday evening. Parents are encouraged to attend often.

Clyde Slusher is President of the Burkburnett Optimist Club. John Larson, Chairman of the Youth Board and Tommy Hubbard is President of the Lions Club.

## Postmaster Says Christmas Parcels Airlifted Overseas

Postmaster W. T. Zimmerman of Burkburnett today announced that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be air lifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-725—the Dulski Military Mail Act—which was signed by President Johnson on November 2, 1966, second class publications such as newspapers and magazines published weekly or more often and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster Zimmerman explained that parcels weighing 5 pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other overseas military post offices.

The Postmaster also reminded mailers that Christmas parcels weighing 5 pounds and under, though they are given airlift priority from San Francisco to Viet Nam on a space available basis, should be mailed no later than December 1. Airmail, he said, should be sent no later than December 10.

The deadline, to assure delivery of Christmas packages weighing more than 5 pounds going to Viet Nam and other overseas military post offices by surface means was Nov. 10.

Mills of Amarillo visited their parents, Mr. and Mrs. Ray Mills, here over the weekend, and also attended Midwestern University Homecoming.

## KINGS PLAY AT PASADENA SATURDAY

George Schepps, Commissioner of the Texas Professional Football League, ruled Thursday that the Sherman-Denison Jets have won a spot in the playoff for the league championship.

The Jets had faced a possible playoff for the second place slot with the Pasadena Pistols if the Pistols beat Burkburnett in their final game of the season Saturday night.

Sherman-Denison wrapped up their regular season play last week with a 7-3 record. Pasadena has a 6-3 slate going into Saturday night's game with Burkburnett (4-5) at Pasadena.

Schepps said Sherman-Denison would not have to play Pasadena in the event of a tie for second place since the Jets had beaten the Pistols twice in regular season play.

"We are playing by National Football League rules," the commissioner said, "and this is the way it is done in NFL play.

The Jets will either face the Tulsa Oilers or Pasadena on Dec. 3 for the league championship. Site of the playoff will be announced at a later date.

Tulsa, 6-2-1 for season play, will meet the Dallas Rockets, 2-7, at Tulsa Saturday night. A Tulsa loss coupled with a Pasadena victory would put the Pistols in a tie for first place with Sherman-Denison. The Jets and Pistols would then play for the league championship.

The Odessa-Midland Comets, 1-8-1, have also completed their season play.

The Jets will clash with the Oklahoma City Plainemen Saturday night in Leopard Stadium in Gainesville in an exhibition tilt.

Schepps said he had checked out the Oklahoma City Club and will recommend they be admitted to the league for the 1967 season at a league meeting scheduled for November 20 in Dallas.

## Miller Completes School On Finance

Ft. Benjamin Harrison, Ind. (AHTNC) — Second Lieutenant James Royce Miller, 25, son of Mr. and Mrs. Herman Y. Miller, 607 Park St., Burkburnett, completed a finance officer orientation course at the Army Finance School, Ft. Benjamin Harrison, Ind., Nov. 10.

During the nine-week course, he was trained in accounting controller responsibilities and administrative procedures of Army Finance officers.

## Meadow Lane Garden Club Has Recent Meeting

The Meadow Lane Garden Club met November 10, 1966 at the home of Mrs. Cliff Wampler.

Miss Vicky Ponders was selected as the youth to be sponsored by the club for Youth Appreciation week.

As guest speaker Mrs. Cari Morrison showed the blueprints and plans for landscaping Burkburnett's new Library. Special attention has been given to the use of native plants.

The Garden Club voted to contribute \$20.00 for the purchase of a Yaupon tree. The tree will be a living memorial to our club for the benefit of the Library.

Each member will bring gifts for the patients at the county farm, to the next meeting.

Responding to roll call was Mmes. Robert Hiens, Wallace Landrum, Glen Smith, Jim Stever, Cliff Wampler, Ralph Willocks. New members were Mrs. Ray Foster and Mrs. Ben Hembr. Guests included Mrs. Carl Morrison and Mrs. John Reynolds.

## Dave Allred Donates Books

Standing just inside the Burkburnett Library Building, which is nearing completion is Mrs. Isabelle Nice, Librarian, and Dave Allred, State Representative. Mrs. Nice is accepting a donation of books for the library from Allred. The books are from the libraries of various members of Allred's family.

## Bowling Invited To Join Heart Disease Battle

Saturday and Sunday will be good days to enter the unique "Beat the Proprietor" contest at Wichita County bowling establishments as a part of National Heart Bowling Week, and perhaps win free games.

The bowling proprietors have joined with the Heart Association to benefit the fight against America's number one killer, heart disease.

The National Heart Bowling Week competition is based on a \$1 entry fee, with 70 cents going to the Heart Fund and 30 cents to prizes. In the league competition, each group determines its own handicapping and prize distribution system.

The "Beat the Proprietor" contest invites all bowlers — novice and open play and league — to roll three games at standard line rates.

Novice and open-play bowlers are awarded a bonus of 200 points, while league bowlers have a bonus of 80 per cent of the difference between their league averages and 200.

The proprietor or his designee rolls three games at the end of the competition. Those who beat the proprietor get two free games.

Alpha Phi Sorority from Midwestern is providing the volunteers to staff the National Heart Bowling Week desks at the participating establishments. County Judge Calvin Ashley, chairman of the benefit, has expressed his appreciation to the sorority members.

The participating establishments are Boomtown Bowl in Burkburnett; Tiger Bowl in Electra, and Kickapoo Lanes, Spudder Lanes, Falls Bowl, Village Eowl and Western Hills Bowling Center, all of Wichita Falls.

Slogan for the week is, "Bowl — Strik: Out Heart Disease."

## Mail Carriers To Help In Counting Of Area Livestock

Rural mail carriers from the Burkburnett Post Office will leave some livestock survey cards along their routes beginning November 20.

"Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms," Postmaster W. T. Zimmerman explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," The Postmaster said.

"For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Carrier Bill Jenkins, Rural Route 1, will assist in the survey.

Facts and figures secured in this survey are the basis for Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Survey results will be widely distributed through Texas Crop and Livestock Reporting Service releases, newspapers, farm magazines, radio and television.

## Historical Marker Dedication Slated At Electra's Bank

Electra (Special) — Burkburnett area citizens are cordially invited to be present for the unveiling and dedication of a Landmark Medallion on the Electra State Bank Building at 3 p.m. Tuesday, Nov. 22.

The award of the Landmark Medallion was secured for the 58-year-old bank building through co-operation of the Texas State Historical Survey Committee of the Texas Historical Foundation, the sub-committee of the Wichita County organization of which Dr. Kenneth Neighbors, Midwestern University professor is chairman and the local committee, composed of Miss Juanita Douglas, Mrs. Abby Cooper and Mrs. Edward Theile.

Howard Morgan, vice president of the First Wichita National Bank will give the dedicatory address. Robert C. Holmes, president of the Electra Chamber of Commerce will welcome the guests. Dr. Neighbors will respond in behalf of the Texas Historical Survey Committee and others, including Judge Calvin Ashley, Wichita County Commissioners D. H. Wiley, Wichita Falls Precinct No. 1; Clark Gresham, Burkburnett Precinct No. 2; Buck Voyles, Iowa Park, Precinct No. 3 and H. C. (Bud) Greer, Electra Precinct No. 4, as well as Electra Mayor Bob Webb and city officials of Electra.

The red brick bank building was erected in 1908 and has been used for banking purposes continuously since then. It was remodeled in 1947 and the original foundation, walls and even the original vaults were retained. Even the Gothic Arches over the windows and doors of the two-story structure were retained (because the contractors found them to be imbedded so soundly they could not safely be removed) but the walls were covered with Perma-stone and the interior was finished with paneling and new furnishings, new banking facilities and complete central heating and air conditioning were installed. There was no electric wiring and no plumbing in the original structure, which underwent its first remodeling after the oil boom days of 1911.

H. A. Decker, who has served as president of the bank since 1947 will introduce the officers and staff of the bank. Women members of the personnel will serve coffee to visitors on conclusion of the program.

## Girl Scout Peanut Sale To Begin

The Girl Scouts of Burkburnett are conducting a Peanut Sale starting Saturday, November 19th, for a fund raising project. These are salted mixed nuts packed in the new vacuum type box, to stay fresh longer. Each 12-oz. box will sell for \$1.00.

Mary Joy Hagstrom wrote this little poem expressing the hopes and wishes of all the Girl Scouts of Burkburnett:

Please promise not to get upset  
If Girl Scouts whisper,  
"Nuts to you."  
Because peanuts are good for cooks,  
And they make tasty munching, too.

So just forget each lame excuse,  
The maybes, laters, ifs, or buts,  
For soon the girls will call on you,  
With honest hopes to sell you nuts.

With the holidays coming up these nuts will make dandy gifts and still fill all your entertaining needs to.

The men are protected by the inability of the women to cooperate.

## THE WILL TO SURVIVE

The will to survive is one of the strongest individual instincts. It is also one of the strongest forces in many businesses. This will may be seen in a company which represents an important segment of the transportation industry — REA Express.

Recent congressional action has confronted it with a rising level of government competition from parcel post. The final outcome is a matter for the future, but the company goes ahead with operating innovations that have made it an outstanding American enterprise — providing essential world wide services. Its president has outlined a few of its accomplishments of the last seven years. It has constructed or completely renovated 90 terminals, with 20 more on the drawing board or under construction. It has installed specially designed, modern materials handling equipment; purchased more than 11,000 new trucks, bringing its automotive fleet to over 14,000 units. It has completed over 50 per cent of a nationwide electronic data processing and communications system. It has acquired subsidiaries to further the enlargement of its services.

These are but a few of the highlights in the growth of an enterprise that began back in the days of the Pony Express. The company's president says: "Our initial goal of redesigning and rebuilding a completely new transportation entity on the firm foundation of the old express company is well within reach." REA has shown a corporate will to survive that deserves the respect of competitors and the patronage of the shipping public.

## The Constructive Alternative

"Businessmen have no practical choice but to insist that social problems be given the same careful analytical treatment that business uses in solving its own problems," says the head of a large oil company. In pursuing this objective, he believes that businessmen should become increasingly involved in what can be called the "strategy of the constructive alternative." In response to "creative federalism," this strategy can offer "creative competition" between business and government to serve the national interest.

To an ever increasing extent, top business executives across the country are becoming aware that continuing expansion of costly government welfare programs, and a tendency to shift responsibility for the welfare of large groups of citizens to the shoulders of centralized authorities and bureaus will inevitably lead to the loss of freedom and private initiative. In effect, the rise of the welfare state has presented a competitive challenge that must be met with the same kind of resourcefulness and imagination that are required to develop a great industry.

As time goes on, these farsighted leaders propose to show that the social problems of our time can be solved within the framework of self-government and the private enterprise system.

Commenting on economic and social developments, Robert G. Wingenter, executive vice president, Rockwell-Standard Corporation, comments: "To build a great society requires a tremendous output of goods and services. It could utilize all the strength, skill, ability, talent and energy of every able bodied citizen. Yet we are excluding more and more people from being on the contributing side and adding them to the receiving side of the economy, and the burden on the doers becomes greater and greater as we add to the list of the receivers . . ."

According to the American petroleum Institute's publication, Oil Facts, the average manufacturing employee in the United States could buy 31 per cent more gasoline with one hour's wages in 1965 than in 1955, even after allowing for sharp increases in gasoline taxes. During the following decade, average gasoline prices declined and average wages increased. As a result, an hour's wages paid for 8.4 gallons of motor fuel.

Last year, independent businessmen created almost four million new jobs, at an investment cost of around \$7,000 each, according to statistics compiled by the National Federation of Independent Business.

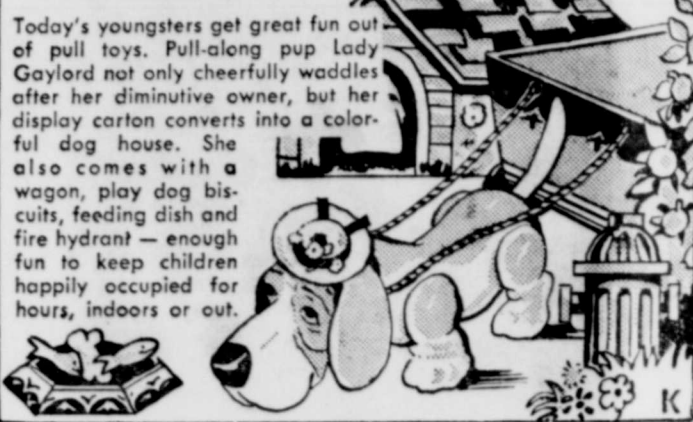

"A Department of Consumer Affairs would simply be another move toward an overly paternalistic government, conceived in political expediency and administered through a bureaucracy not directly responsible to voters," says Norman H. Strouse, board chairman of the J. Walter Thompson Company.

## The TALE of the TOY

Colonial girls and boys had few toys to play with. Boys went riding, hunting and fishing. Girls played "keeping house." We read of one little girl who used to tie a string to a chair and pretend to spin, and then sweep the floor with a splintered stick as a broom.

Our colonists sometimes ordered toys from overseas. Music boxes were very popular, and even nowadays children love toys that make sounds. Smarty Bird is just such a toy. He announces his every movement with a loud, proud whistle. Ideal has made him of colorful, durable plastic. Just touch his tail and he moves back, forward, starts and stops on his rotating feet.

Today's youngsters get great fun out of pull toys. Pull-along pup Lady Gaylord not only cheerfully waddles after her diminutive owner, but her display carton converts into a colorful dog house. She also comes with a wagon, play dog biscuits, feeding dish and fire hydrant — enough fun to keep children happily occupied for hours, indoors or out.

## Iowa Park 4-H Club Girl Is Chosen For 'Gold Star' Award

Cecilia Childers, 16-year-old daughter of Mr. and Mrs. Roy Childers of Iowa Park, has been named as the Wichita County Gold Star Girl for 1966. The Gold Star award is the highest honor a 4-H member can receive on a county level and is awarded annually to a girl and boy for outstanding work in 4-H.

Miss Childers will be honored at the Annual Achievement Banquet November 21 along with other award winners. The banquet is sponsored by The First-Wichita National Bank.

Cecilia began her 4-H Clubwork eight years ago in the Iowa Park Community Club which is under the leadership of her mother and father who serve as organizational leaders.

Among the projects she has carried are: Foods and Nutrition, Home Management, Clothing, Home Improvement, Poultry, Beef Cattle, Garden, and Photography. During her eight years of club work she has prepared a total of 1,221 dishes, raised 503 broilers, 8 steers, 2 cows and 1 heifer. In addition she makes most of her clothing. She has won trips to state contests in Dress Revue, Community Improvement, and Foods and Nutrition. Cecelia's Home Economics record book was chosen first place in district competition this year and the Grand Champion Trophy was presented her for her broilers in 1965. In 1960 Cecilia was named Outstanding Girl of Iowa Park.

Cecilia has shown outstanding leadership ability by holding every office in her local club and is presently a delegate to the District 4-H Council. She has held foods and nutrition group meetings for younger 4-H members and attended the Dis-

trict Leadership Camp to help improve her leadership abilities.

A Junior at Iowa Park High School, Cecilia has been a member of the band for seven years, was named Who's Who in Biology her freshman year, a member of the typing team her sophomore year and is presently Organization Co-editor of the annual staff.

**UP TO YOU**  
By E. Kershner, L.H.D.

The Replacement for Our Father

whole trend of a big government which is to solve more and more of the problems of the people and, in doing so, provides more and more direction for them, resulting in less and less liberty for the exercise of initiative and more control over their lives, is, in a very real sense, replacing whether so intended or not, the people to look to their government rather than to God; to depend on its help rather than the help of their own efforts.

There have been variously estimated 30 to 40 million permissive salary checks, subsidies, welfare or assistance checks of some kind regulated from the federal government. There are literally hundreds of ways in which ingenious, unprincipled people get more help from government. A one-thousand-page book has been published telling of many involved and complicated procedures that can be followed to get more aid. These are concrete methods of obtaining dollars. To many people, no doubt seem much more than praying to God for help and strength and then doing their best to implement their prayers.

Realism is the great apostasy from the belief in God to belief in government. In reality it is a continuation of the old struggle of the devil to tempt man and take charge of his life. He has disguised himself in the seductive attire of socialism and succeeded in his attempt to deceive many. The basic principle of welfareism is taking from some and giving it to others. It teaches and practices that some are entitled to more than they produce, while others are entitled to more than they produce. It discourages one because he knows he will be asked for much of the fruits of his labor, and it teaches another that he need not be much concerned about self-support, as the state will take care of him in the event. He learns to covet and, with the help of his fellows through legal processes, to steal. The Commandments of God are violated by the philosophy that rights, or a majority, make right. We have degraded the old Psalm, that great hymn of faith and trust, to read something as follows:

"I will lift up mine eyes to Washington, from methemeth my help. My help will not come from the government and I will offer my foot to babber. The will not sleep or per. It will preserve me from all evil and will preserve me from this time on and here."

That by virtue of a certain Order of Sale issued out of the Honorable 7th District Court of Wichita County, on the 28th day of October, 1966 by Wayne Wiggins, Clerk of said District Court for the sum of One Hundred Forty One and 89/100 Dollars and costs of (\$141.89) a certain judgment, suit, under The State of Texas, in favor of a certain cause in said Court, No. 33,942-B and styled County of Texas, et al vs. Oscar Lunsford and placed in my hands for service, I, Jim Voyles, Sheriff of Wichita County, Texas, did, on the 2nd day of November, 1966 levy on certain Real Estate, situated in Wichita County, Texas, described as follows, to-wit:

Lot No. 9, Block No. 1 Soule Addition, City of Wichita Falls, County of Wichita, State of Texas, and levied upon as the property of Oscar Lunsford and that on the first Tuesday in December, 1966, the same being the 6th day of said month, at the Court House door, of Wichita County, in the City of Wichita Falls, Texas, between the hours of 10 A.M. and 4 P.M. by virtue of said levy and said Order of Sale I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Oscar Lunsford.

And in compliance with law, I give this notice by publication,

**Twin Mince Meat With Onions**

Onions become a special treat when paired with mince meat. Although at first this duo may startle some, even one who tries it is in for a pleasant surprise. Tiny whole white onions and the mince meat, ready-to-use right from the jar, are sautéed with vinegar, tomato paste, sugar, cayenne, dried thyme, bay leaf, and black pepper. According to the Borden Kitchen, Piquante Onions partner perfectly with poultry—as the “age thing new” with traditional turkey, perhaps. With or without poultry, though, the consensus on onions will be—better by far with mince meat.

- Piquante Onions**  
(Makes 4 to 6 servings)
- 2 tablespoons new Danish margarine or butter
  - 1-1/2 lbs. (about 2 dozen) tiny whole white onions, peeled
  - 1-1/3 cups (one-half oz. jar) Non-Salt ready-to-use mince meat
  - 1/4 cup wine vinegar
  - 3 tablespoons tomato paste
  - 1 tablespoon salad oil
  - 2 tablespoons sugar
  - 1/4 Dash cayenne pepper
  - 1/4 teaspoon dried thyme
  - 1 bay leaf
  - 1 Dash black pepper

In a medium-size skillet, melt butter or margarine over medium heat. Add onions; cook until browned on all sides; stir often. Turn into a 1-1/2-quart casserole. In a medium-size mixing bowl, combine all remaining ingredients; mix well. Pour mixture over onions. Bake in a slow (325°F.) oven about 1-1/2 hours, until tender. Serve hot with roast chicken or turkey.

**Two Former Displaced Persons Are Reunited At Sheppard Recently**

SHEPPARD AFB, Texas — Two students in the Officer Basic Military Training - Medical Class 660 at Sheppard Air Force Base, Captains Erik Birzgalis and Andris Kadegis, both physicians, were reunited unexpectedly when both reported to Sheppard for this orientation course.

When last they were together, they were young boys and in a displaced persons camp in Kleinkotz, Bavaria. There they attended school, were in Boy Scouts and played together.

Both were born in Latvia and found themselves in the Displaced Persons camp because they were fleeing from the advance of the iron curtain in their homeland.

Captain Kadegis was first to make the discovery that they were both in the same class, but he had a “lead” in that Captain Birzgalis’ father was a physician before him. The elder Doctor Birzgalis is now superintendent of Ionia State Hospital in Ionia, Mich. Doctor Kadegis sought out the young doctor and they exchanged histories of their years since they were in Eavaria.

Dr. Kadegis, who was born in Liepaja, Latvia, moved to Freehold, N.J., in 1950, following five years in Munich, Germany. He received his Bachelor of

Science degree in biology from Rutgers University in New Brunswick, N.J., in 1956, then returned to Munich, Germany, where he received a doctor of medicine degree in 1962 from the University of Munich. He returned to the United States for a residency in pathology at Bridgeport, Conn. Dr. Kadegis is also a Board Qualified physician.

Dr. Kadegis and his wife, Renate, have one daughter, Jana. He is being reassigned to the 7272nd United States Air Force

Captain Birzgalis’ family emigrated to the United States in 1950 also. They settled in Ionia, Mich., and he attended Michigan State University for his undergraduate work and received his M. D. degree at the University of Michigan in 1961. Since that time he has been serving a residency at the Veterans Administration Hospital in Wadsworth, Kansas. He has the rating of senior physician being a Board Qualified urologist.

Dr. Birzgalis and his wife, Mitchie, are going to Amarillo, Tex., where the young physician is being assigned to the hospital at Amarillo Air Force Base.

**DPS Patrolman Advises Have Car Winterized Now**

The Texas Highway Patrol investigated 18 accidents on rural highways in Wichita County during the month of October, according to Sergeant D. S. Lawson, Highway Patrol Supervisor of this area.

These crashes resulted in two deaths, 11 person injured, and an estimated property damage of \$10,010.00.

The rural accident summary for this county during the first ten months of 1966, shows a total of 145 accidents resulting in 3 persons killed, 89 persons injured, and an estimated property damage of \$86,618.00.

Get the jump on the winter months by having your vehicle safety inspected by an authorized garage to assure its safe mechanical performance. Then have your car “winterized” by checking the following items: anti-freeze in radiator, battery, an engine tune-up, brakes, exhaust system, tires, windshield wipers, lights, turn signals, horn and defrosters. For an extra measure be sure you have ice scrapers, snow tires or tire chains.

The Sergeant stated, “Today’s inspection is tomorrow’s protection.”

## BUSINESS Keys to Success

For Sale, Cheap: One Big Mouth

"Talk, talk, talk," says a man to his wife, over morning coffee. "You're all talk."

Sounds familiar, doesn't it? But he's wrong. We don't really talk much at all—and it's a good thing we don't because we don't listen very well, either.

Fact is, people are pretty inefficient verbal communicators. Take all the words you speak during an average day, lay them end to end, and you have only 10 to 11 minutes of talk, according to a Temple University anthropologist. What's more, your sentences average only 2½ seconds in length.

Better communications is the most vital key to business success today. But don't depend on talk. Information exchange should be largely visual. A recent study by B. Y. Auger, in "How to Run More Effective Business Meetings," showed we learn 83 per cent through sight, only 11 per cent through hearing. And while we remember only 20 per cent of what we hear, we retain 50 per cent of what we both see and hear. Hence industry's intense drive to "get it on paper."

The copying equipment industry has grown threefold in the last decade due to its ability to take that piece of paper and put it in the hands of everyone who needs it, almost instantly. A leader in the field, Charles Bruning Company, a division of Addressograph-Multiograph Corporation, has gone a step further, to show management people and secretaries, too, how they can use the new technology—all the way from computers to old-fashioned pencil and paper—to become more efficient in their job and advance their careers.

Some information-handling tips:

1. List every kind of basic information needed by every department you deal with—and list "who needs what and when."
2. Tell your receiver why you're sending him a piece of information, marked FYI (for your information) or FYA (for your action).
3. Some information is urgent. Mark it "U." Some is routine, so send it out marked "R" or some other agreed-on code.
4. Be your own supervisor. Every few weeks, make a list of "things I could have done better if I had more information." Show your boss the information that would have helped you.

## County Farm Bureau To Hold 33rd Convention

Wichita County Farm Bureau will send six voting delegates to the 33rd Annual Texas Farm Bureau Convention during Nov. in Corpus Christi, according to J. W. Tole, county president.

They are L. B. Slaughter, Ed Foster, Jr., Carl Moeller, Loyd D. Barbour and J. W. Tole.

Wichita County's delegates, along with some 800 delegates representing 202 other county Farm Bureaus across the state, will vote to decide Texas Farm Bureau's policies for the coming year and make recommendations on national policies of the American Farm Bureau Federation annual convention next month in Las Vegas.

Wichita County, in its county convention in October, adopted policies on the local level and made recommendations to be presented during the state convention.

Guest speakers at the convention of Texas' largest farm organization are Gov. John Connally, Walter Randolph of Montgomery, Ala., American Farm Bureau Federation Vice-President and Jack Angell, Chicago AFEF Radio-TV director. They will speak Tuesday morning.

The convention begins Monday, Nov. 13, with a Discussion Meet, a TFB Young Peoples Activity. Vesper services will be at 6 p.m. followed by Talent Show, another Young Peoples event.

Texas FB President C. H. De Vane of Coahoma and Waco will present his message to the convention Monday morning. Edwin Sanderson, Paris, TFB secretary-treasurer, will make his annual report during the same session.

Seven special conferences on commodities and other matters, and district caucus fill the Monday afternoon agenda.

Selection of the 1967 Texas Farm Bureau Queen highlights activities for Monday evening. Thirteen contestants representing each of Farm Bureau's dis-

tricts in Texas will vie for the crown.

A special pageant, "Frontiers of the Future," will be presented Tuesday evening. Counties will be honored for membership achievements and public relations during the pageant.

The voting session begins Tuesday afternoon and will continue until adjournment Wednesday. Seven members to the board of directors will be elected. Following adjournment board members will elect officers from among their own number.

## Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Institute of Life Insurance 277 Park Ave., N.Y., N.Y., 10017

Q. What's the rule of thumb I should use to figure out how much life insurance I need?

A. A rule of thumb sometimes used is that life insurance protection should, as a minimum, equal four to five times annual income. But that's only a beginning. Setting up an adequate program requires considerable training and experience. You should seek the advice of your life insurance agent who is trained to help you analyze your family's most important financial needs.

The main factors both of you would consider are: How much

ANALYZE FAMILY NEEDS

money your family would need to meet all outstanding bills, last expenses, taxes and other estate obligations at the time of your death; how much to pay off the mortgage on your home; how much to support your wife over a period when she may have to readjust her living standards; how much regular income will she need during the years when your children are growing up; how much will a cost for the children's education; how much can your wife's income be reduced after the children are grown and self-supporting.

Of course, you would want in addition to life insurance, to consider how much income you and your family would need if you became seriously ill or injured and couldn't work. Also, how much income you will need if you live to retirement.

Against all these needs you would balance such resources as your Social Security and pension benefits, the proceeds from your group insurance and individual policies you may already own, and your other assets.

Q. How much life insurance does the average family have?

A. The average amount of life insurance among insured families at the end of 1965 was about \$18,300. The average for all families in the United States was \$14,700.

## Den 6, Pack 155 News

Our meeting was opened by Wade Harris leading the Cubs in the pledge of allegiance, this helped Wade to finish his Wolf achievements in the book he is working in at this time.

This will not be hard since each boy just likes a few to finish. Parts were handed out to each boy to be memorized for our skit which will be given on November 28 at the monthly pack meeting. We all got the general idea of the skit and will practice on it at our next den meeting Nov. 28 which will be only 30 minutes long, since our pack meeting is at 7:30 that night. We made clothes pin turkey nut cups that does triple duty as napkin holder and placard and nut cup. Each boy will make one for each member at home and for each guest which will be present in their home Thanksgiving for dinner. Brown-

ies and ice cream were to the following Cubs, Harris, Morris Jacobsen, Roe, Wade Meadows, Billage, Kermit Olson, Joe Scruggs, Mike McKinley, Den Chief Darrel Riva. Meeting next week during Thanksgiving holidays.

### Questions - Answers

Q—I receive a monthly benefit check from the VA which is sent to me at General Delivery. I have been informed that if I fail to pick up my check within the 10 day time limit and it is returned two months in a row, my payments will be suspended. Is this so?

A—Yes. Payments are suspended on the basis that the whereabouts of the payee is unknown.

Q—I am 66 years old and have a \$10,000 National Service Life Insurance 5-year level premium term policy in force. I have a disability which caused me to be unemployed for six months after I was 65. Am I eligible for waiver of premiums consideration on this policy?

A—No. In order to be considered for waiver of premiums, your disability must have started before age 65.

Q—I plan to take a correspondence course under the new G. I. Bill. Do I have to pay for my textbooks?

A—The allowance paid on a correspondence course may include tuition charges and the charge for textbooks, supplies and equipment when such items are required of all students enrolled in the course.

Q—I did not receive a monthly certification for the month of September. When will I receive it?

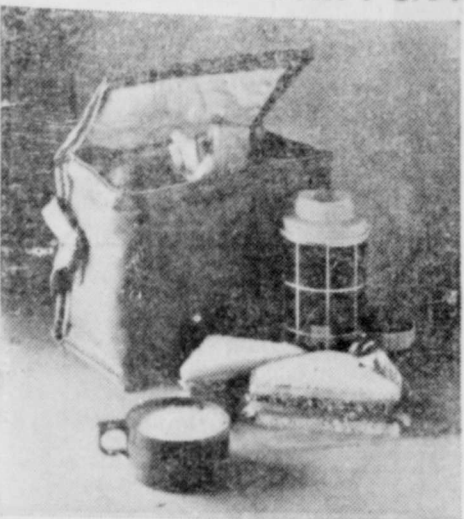

A—You will not receive a card for the month of September if you are enrolled in a course leading to a standard college degree.

### Janlee Baptist WMS Has Recent Meet, Covered Dish Lunch

The W.M.S. of Janlee Baptist Church met November 15th at the Church for Mission Study. The book, "Beneath the Himalayas," was taught by Mrs. Harding Dempsay, Mission Study chairman, and Mrs. W. L. Skelton. Mrs. John Salmon and Mrs. Joe Davis gave brief talks on Adoniram Judson and William Carey, early missionaries to India. Mrs. Tom Holman spoke of the living conditions of the people of India. A covered dish luncheon was enjoyed by those present.

Mr. and Mrs. F. C. Taylor of Dallas were weekend visitors in the home of Mrs. C. C. Taylor.

## Lunches With Personality

Once upon a time, the packed lunch could be counted on to be rather uneventful. There was a drabness about it that fell right in stride with the brown paper bag in which it was unceremoniously carried. Fortunately for today's lunchtoters, times have changed. Now it's even possible to express one's personality through a lunch kit. For the swinger, there's a simi-

larly named in-ly named vacuum bottle to hold a great variety of beverages that can make luncheons much more appetizing and healthful, as well. For example, try Molasses Malted Milk or Molasses Egg Nog for really delicious, nutritious flavor. New Orleans molasses makes these energy builders that are bound to tempt any appetite.

### MOLASSES MALTED MILK

- 1/2 cup milk
- 1/4 cup vanilla ice cream
- 2 tablespoons malted milk powder
- 1 tablespoon New Orleans molasses

Combine all ingredients. Beat with egg beater, or blend in electric blender until thoroughly mixed. Makes 1 serving.

### MOLASSES EGG NOG

- 1/2 cup milk
- 1 egg
- 1 tablespoon New Orleans molasses
- 1/2 teaspoon sugar

Combine all ingredients. Beat with egg beater, or blend in electric blender until thoroughly mixed. Makes 1 serving.

## Army Doesn't Transport Gifts For Servicemen

Austin, Tex. — Fourth U.S. Army officials today emphasized that there is no plan by the Department of the Army to provide free transportation for Christmas gifts to servicemen in Viet Nam as all transport facilities are fully committed to meet the world-wide military requirements for our armed forces.

All items collected for shipment to Viet Nam must be mailed to special personnel through the postal system.

While it is against Depart-

ment of Defense policy to provide names and addresses for the purpose of such morale-building shipments, these can often be obtained from local civic organizations, community officials, news media and other informed sources.

## DEVOL NEWS

By Mrs. C. C. Woodley

The Devol Demonstration Club met Thursday, Nov. 10th at 2 p.m. with Mrs. Guy Hutson in her home. The meeting opened with Grace Uth reading the Devotional from Ecc. 3-1-13. The Lord's Prayer was repeated in unison. A letter was read from the Demonstration Agent concerning a Christmas Idea display to be held in the Civic Room in Walters Nov. 18th. The Devol Demonstrators were asked to be hostesses from 2 to 3 p.m. There was a discussion on "How to Buy Foods." "Happy Birthday" was sung to Mrs. Hutson and gifts were presented. Throw pillows were demonstrated by Mrs. Uth. The next meeting will be Dec. 15 with Lesta Boston in her home. Refreshments were served to Lesta Boston, Belle Charboneau, Pearl Cates, Willie Cozby, Pearl Coker, Dollie Hardin, Baulah Miracle, Ethel McCasland, Minnie Smith, Verta Stevens, Grace Uth, Lorien Weaver, Clara M. Mrs. T. P. Randall was a Devol visitor Wednesday.

## Wesleyan Service Guild Has Meeting In Nichols Home

The November meeting of the Wesleyan Service Guild was held in the home of Mrs. Joe Nichols, with Mrs. L. H. Edwards as co-hostess. The regular business session was held, following which an interesting program was given, entitled "The Missionary In An Up-rooted Society." The program was given by Mrs. Avis Johnston.

Plans were made for the Christmas party to be held in the home of Mrs. Hedy Gilbert, and members voted to bring staples and canned goods for the Church Pantry, which is maintained year-round for distribution to the needy.

The following members were present, Mesdames: Kelley, Gilbert, McKinnis, Pirtle, Evans, Johnston, Duvall, Morris, Yarbrough, Martin, Edwards, and Nichols and Miss Lou Ann Grady.

## THE NEW BIRTH

During the personal ministry of Jesus, and before his death on the cross, He said unto Nicodemus, "Verily, verily, I say unto thee, Except a man be born of water and of the Spirit, he cannot enter in to the kingdom of God." (John 3:5)

### HOW BROUGHT ABOUT:

- By Believing In Jesus Christ (1 John. 5:1).
- By Loving Jesus (1 John. 4:7)
- By Obeying His Righteousness (1 John. 2:29).

—BY OBEYING THE TRUTH, "Seeing ye have purified your souls in obeying the TRUTH through the Spirit unto unfeigned love of the brethren, see the ye love on another with a pure heart fervently. Being BORN AGAIN, not of corruptible seed, but incorruptible, by the WORD OF GOD, which liveth and abideth for ever." (1 Pet. 1:22-23)

### HOW WE STARTED TO BECOME AN INDUSTRIAL POWER

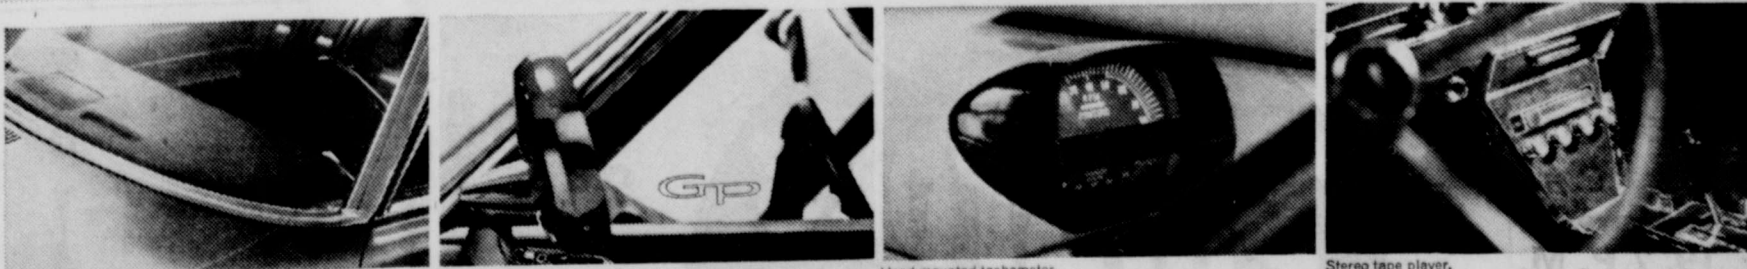

A young man just one year out of college, invented a machine in 1793 that changed America. Before 1793, there was hardly any industry here. But in that year, young Eli Whitney invented the cotton gin, which separated cotton fibres from the seed. This invention set in motion the forces that made America an industrial power. Because cotton could now be processed quicker, factories sprung up to manufacture goods from that cotton, and the industrial revolution was on. Whitney thus takes his place as one of the first of that amazing group of American inventors who have done so much to make us the strong nation we are today. He and the other great inventors who followed have flourished here because our free enterprise system rewards individual initiative, thereby encouraging men to unprecedented achievement for themselves — and our country.

## When you love your work, it shows.

And we love our work. So much so that we couldn't bear to stop with the slickest-looking split grille ever to grace a Wide-Track. (Or any other car, for that matter.) We went ahead and made the windshield wipers disappear. The car not only looks cleaner, but the wipers are less subject to icing and freezing, too.

Then we got rid of the vent windows on all Grand Prix hardtops. We replaced them with nifty monograms and a flow-through ventilation system.

• We even designed a rather unique hood-mounted tachometer option that's available on all Pontiacs. As are our other bright new options like our eight-track

stereo tape player and AM-FM Stereo-Multiplex radio. And, of course, our handsome interiors have to be seen to be believed. All Pontiacs have standard safety features that include a dual master cylinder brake system with warning light, outside rearview mirror, and GM's energy absorbing steering column.

Isn't it time you decided to see your Pontiac dealer? If you love our work the way we do, it's the least you can do.

## Current Literature Has Lesson Subject On 'Public Affairs'

"Public Affairs" was the program subject of the Current Literature Club meeting Thursday afternoon, at the home of Mrs. F. G. Jeffers, with Mrs. C. M. Archer as co-hostess. In discussing the topic, Mrs. F. M. McMurtry pointed out that the club participates in public affairs by assistance to the Red Cross Bloodmobile, gifts to the state hospital and the school for handicapped children, and visits to the SAFE hospital. Included in the club program was an original poem, "Thanksgiving—Texas Style," composed and read by Mrs. Clark Gresham. Mrs. McMurtry announced that the club will be hosts with the Chamber of Commerce for the annual senior citizens Christmas party, to be held at the Town Hall, 7 p.m., Dec. 9. Program for the party will be under direction of Mmes. McMurtry, J. S. Vanderberg, E. C. Mallett and Marybelle Terry. The next meeting of the club will be a Christmas party, Dec. 8, at the home of Mrs. Leo Foster, with Mmes. J. L. Caffee and W. C. Vann as co-hostesses.

there was some unexpected excitement when one of the Cubs raincoat got sucked up in the vacuum sweeper that was being used as part of the fire truck. But as all emergency are well taken care of by our volunteer fire department, this emergency was taken care of quite well by the Cub fire department.

Kermit Olson told a short story on safety rules. Then a song was sung by the Cubs Found a Match. The players and singers were: Morris Jacobsen, Kermit Olson, Wade Meadows, Joe Wayne Scruggs, Donny Roe, Billy Savage, Wade Harris and Den Chief Darrel Rivard. Our candy sale for November was discussed by Mr. Dorman, Cubmaster. Den Mothers are badly needed. Refreshments were served by Mrs. Burns.

Den 155 personnel are Mr. Dorman, Cub Master; Mr. Ma-

haifey, Webelos; Mr. Hooks, Treasurer; Mr. Quisenberry, Advanceman; Mr. Ruetsch, Committeeman; Mr. Savage, Committeee Chairman; Mr. Cox, Committeeman; Den 1 Den Mother,

Mrs. Burns; Den 2 Den Mother, Mrs. Quisenberry; Den 3, No Den Mother; Den 4, No Den Mother; Den 5, No Den Mother; Den 6, Mrs. Scrubbs, Den Mother; Den 7 Den Mother. Mrs.

Harmon; Den 9, Mrs. Roberts. As you see, Den Mothers are needed and Mrs. Burns is moving and Mrs. Roberts. So this leaves two Dens needing mother.

Next month Pack Meeting will be on November 28, Den 2 and Den 6 will have the skits. These skits mean a lot to the Cubs, so all parents please be present. We are making new

plans for our pack and awards will be given when they earned, a skit will be given each month by one or two all of the dens. We are trying to make our pack's meetings more interesting. As a parent you may think it is nothing, your child really thinks it is important. You attend meeting that are important to you, so please attend the meetings for your son. Things will be on display at the meetings and things they do at home to get elected. Visitors are always welcome. If you are interested in being a Den Mother and just don't know what to do, some of our Den Mothers will be more than happy to help you get started and help in any way possible. A Den Mother is badly needed in the skating rink vicinity.

### For the Brunch Bunch

by Betty Crocker

... something different — something as delicious as you can get. For example, Start with Autumn Fruit Salad. Apples and melon balls, sprinkled with shredded carrots. Then bring on the gourmet Buffet Eggs and the French Breakfast Puffs (recipes below). Lots of silverware, coffee and or cocoa. Prettiest linens, nicest silverware. For the centerpiece, more fall fruits. All kinds, in a straw basket. And that's it! Highly recommended for guests or family. Simple enough that you can be a full-time member of the leisurely brunch bunch.

- FRENCH BREAKFAST PUFFS**
- 2 cups Bisquick
  - 1/4 cup sugar
  - 1/4 teaspoon nutmeg
  - 2 tablespoons soft butter or shortening
  - 3/4 cup milk
  - 1 egg
  - 1/2 cup butter, melted
  - 2/5 cup sugar
  - 1 teaspoon cinnamon

Heat oven to 400°. Grease 12 medium muffin cups. Mix Bisquick, 1/4 cup sugar, the nutmeg, 2 tablespoons butter, the milk and egg; beat vigorously with spoon 1/2 minute. Fill muffin cups 3/4 full. Bake 15 minutes. Immediately roll in melted butter, then in mixture of 2/5 cup sugar and the cinnamon. Serve hot. Makes 12 medium muffins. (To make 3 dozen small puffs, fill well-greased small muffin cups 3/4 full.) And get set to dazzle your guests!

... gather, how much juice with slices of lemon? Small served on a tray by hostess.

**THIS IS THE ASTROSPHERE.** A MULTI-MILLION dollar investment by American Airlines to tell the millions who have never been in an airplane how easy, enjoyable and inexpensive it is to fly. The world's largest inflated, domed structure, the Astrosphere is on a two-year tour of the nation's shopping centers. The unit, 100 feet in diameter, contains a theatre with 128 Astrojet seats in the form of an airliner cabin. Pretty stewardesses like Miss Donna Bellino (above) guide visitors to seats for a special 12-minute film featuring a simulated Astrojet flight to top U. S. vacation areas. The Astrosphere also contains exhibits by travel agents and by four firms cooperating with American in the venture. They include the American Express Co., Hertz Rent A Car, Holiday Inns and Texaco. Geared to President Johnson's "Discover America" campaign, the Astrosphere program — in the words of American Airlines President Marion Sadler — "marks the first time that an airline is merchandising its product, the airplane seat, at the consumer's doorstep like retailers market their wares."

*I am Thankful...* for good health, and for the food that I

have each day. I am thankful for those near and dear to me that I can love, and in turn love me. I am thankful for the freedom of my nation, and that I can worship as I please. I am thankful that God loved me so much, that he provided a way for my salvation. I am thankful that he is a forgiving Father. I am thankful that I can attend Church and worship my Lord each Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## TRIFF'S SALE

**OF TEXAS**  
HEREBY GIVEN notice of a certain Execution out of the Honorable District Court, County, on the 13th day of November, 1966 by Clerk of said Court for the sum of Fifty-Eight and no/100 Cents (\$58.24) of suit, under a certain judgment, in favor of Supply Company in a case in said Court, No. 101, styled Thomas Company vs. C. R. Fenwick and placed in my possession, I Clyde Elders, Sheriff of Wichita County, did, on the 18th day of November, 1966 levy on the Estate, situated in Wichita County, Texas, desirous to sell, to-wit:

1/2 in Block No. 5, Division of Bellevue of the City of Wichita known as 1819 10th Street, Wichita, Texas and levied upon property of C. R. Fenwick and that on the 19th day of November, 1966 being the 6th day of the month, at the door of the City of Wichita between the hours of 10:00 A. M. and 4 P. M. by virtue of said judgment and said levy and said public sale, to the highest bidder, the property of said Fenwick.

Compliance with law, notice by publication in English language, for three consecutive days immediately preceding day of sale, in the Star & newspaper in Wichita County, by hand, this 21 day of November, 1966.

W. Elder, Constable, Wichita County, Texas, Vickers Deputy.

Mrs. Vernon Duke, Mr. and Mrs. Wylie and Mrs. E. E. Burton and Mrs. Bill Brownchildren in El Paso, the weekend, Mrs. visited her daughter Mrs. Don Edwards at N. M.

## Turkey-Carving Have You Troubled? It's Easy When You Know How!

Will that succulent Thanksgiving turkey be carved into beautiful, mouth-watering slices, or will the man of the house hack it into a mangled wreck? Carving a turkey is an annual trauma for some people, but is simplicity itself for others. As with so many things, it's easy when you know how.

Drawings taken from World Book Encyclopedia show you how. First, remove the leg by turning the turkey on its side with its breastbone away from you. Hold the end of the drumstick and pull it forward as the knife cuts through the joint.

Next, carve the drumstick into lengthwise slices by standing it on its thick end and holding the thin end with your hand.

Carve the thigh after the leg. Expose the thighbone by slicing down to it. Remove the thighbone by running the point of the knife around it and lifting it up with the fork. Then finish slicing the thigh meat.

If you want only a few large slices from the breast, carve with the grain. Slice lengthwise until you reach the wing joint, then remove the wing. Continue slicing until you have carved all the white meat on one side of the turkey.

If you want several small slices from the breast, carve across the grain. First remove the wing, then slice at an angle of about 45 degrees. Continue carving slices until you reach the breastbone. Loosen the slices by cutting along the bone under them.

And that's all there is to it. Provided, of course, that you

have the proper tools. The article on "Meat and Meat Carving" in World Book says: "The well-kept carving set is very important to good carving. A good carving knife needs to be sharpened only once in a while, but it should always be steeled before using.

"A meat platter or a carving board allows more room for cutting and makes carving easier. A large carving fork holds the meat much more firmly than an ordinary dinner fork."

Bon appetit, and don't forget the cranberry sauce!

## SCOUTING NEWS

With the start of two Cub Scout Packs, one Boy Scout troop and an Explorer Post about to start, Scouting is at a high in Burkburnett. And this is just a beginning as all boys want to belong to something that is different and "Scouting is Fun." The Commissioner Service ask the Council office if we could ask for used Scout clothing and equipment to help those who have a hard time buying them. The Wichita Falls office said, "Yes, if the boy did a service to his community in payment." This sounded like an awful good idea since the Boy Scouts must do community service projects to advance.

If you have Scout Clothing that is not being used, and you wish to get it out of the way, call 569-3622 and we will gladly pick it up.

Neil Kreidler was the interesting discussion

## BURKBURNETT GARDEN CLUB MEETS RECENTLY

Mrs. Virgil Mills was hostess to the Burkburnett Garden Club Wednesday, Nov. 9th.

The theme for the day, "Time to plan for Spring Beauty" was well discussed and carried out. Mrs. Carl Morrison, President, conducted the business session. It was voted to make five live green Christmas wreaths for the patients doors in one of the wards at the S.A.F.B. hospital. Each of the five Federated Garden Clubs of Burkburnett were apportioned five wreaths. The Garden Clubs in this area have agreed to furnish 100 wreaths for the Christmas Season. Mrs. D. C. Dodson will make one huge green wreath for the Harrelson Nursing Home door. Mrs. Pogue will be the hostess for the Christmas meeting on Dec. 14th.

Mrs. Dodson very ably discussed "Horticulture" with special emphasis on "berry bearing shrubs," which help to provide berries for our little feathered friends and draws new birds to our yards.

Mrs. Walter Riley talked on Artistic Arrangements, using berry-bearing plants. What could add more to a Christmas arrangement than bright colorful berries. A small berry-bearing potted plant is a very acceptable gift to anyone.

"Colorful Bulbs for Spring" was the interesting discussion

by Mrs. J. B. Riley. Bulb planting time for Spring blooms is now, if they haven't already been planted.

Lovely refreshments were served to 14 members. Mmes: J. C. Adams, Sr., Glen Bear, Lloyd Bloodworth, A. R. Eustine, J. L. Caffee, B. N. Cauthorne, D. C. Dodson, C. J. Morrison, J. M. Pogue, Walter Riley, J. B. Riley, Joy Sessum, M. E. Tallaferro and the hostess, Mrs. Virgil Mills.

## First Christian Plans Services

The First Christian Church is planning Thanksgiving services for this Sunday morning beginning at 9:45 with the Sunday School. The Special Choir number will be "We Gather Together to Ask the Lord's Blessing" by Kremser. The Pastor, Rev. Alva T. Browning will preach on the subject, "Why We Need Thanksgiving Day." The fellowship supper and program will be held at 6:30. There will be special music at the service also. Members and friends of the church are invited.

## Women Cagers Defeat Abilene

The womens' team sponsored by the First National Bank of Burkburnett had its first game of the season Saturday night, November 12, with the Abilene Patriots from Abilene, Texas.

Much to the sorrow of the fine Abilene team, the First of Burkburnett outplayed them throughout the game. The Abilene team made a fine showing of their ability during the third quarter by scoring 16 of their 23 points.

The First of Burkburnett obtained the majority of their points during the first quarter with 16 of their 40 points. The First of Burkburnett's scoring was just about equal among its forwards with the high scorer making 15 points.
