Chamber of Commerce Luncheon Each FIRST MONDAY At Town Hall, Everybody Invited Each Pays For His Meal

VOLUME 61

BURKBURNETT, WICHITA COUNTY, TEXAS (76354) THURSDAY, FEBRUARY 22, 1968

NUMBER 25

Bits Of THIS-N-THAT

By BETTY BOYD

Welcome — Spring, er, winter — Whatever! Texas weather! One thing it ain't; dull!
Do you have an inspection sticker for 1968 on your car? Just 29¢ of the cars registered in Wichita County have!

mobile have them.
Are you going to be part of the last minute rush at the inspection stations?

Deadline is April 15, so do it while it is easy — now!

Lets all go to the Community Clinic Thursday, February 29, at the Town Hall! It won't work unless we participate.

What is it? It is a Town Meeting such as were held by building towns in New England. Many cities had their beginning at such gatherings. Some small New England towns have them still. The whole village meets in the Town Hall to discuss problems and make suggestions to help better their town.

If you have an idea which will improve living conditions, beautify or improve Burkburnett, now is the time to let it be known.

Attend at least one of these sessions:

- 9:30 Women
- 10:45 Seniors
- 2:30 Professionals
- 3:45 Employees
- 5:00 Business
- 6:45 Commuters (Those who work out of town)
- 8:00 Make-up (In case you missed it earlier)

Help plan the future of Burkburnett. Make this plan, the Community Clinic, really work! Participate! It's fun, too!

Who was Charlie Parkhurst?

Sunday, February 25, is Heart Sunday. A little cash from each of us can help researchers "kill" the Number One Killer in this country — Heart Diseases!

Be generous when the Heart Volunteer for your street calls on you between 1 p.m. and 5 p.m. Give some heart an extra beat of life. Someone loves the owner of that heart. It could be you.

Did you hear about the lady who revived her dying goldfish with mouth-to-mouth resuscitation? She tipped the 'scales' in it's favor!

If you have an item depicting the early days of Burkburnett which you feel would help Boomtown Oil Patch tell the story, contact the Chamber of Commerce.

Pictures, lamps, dresses, toys, dishes: any item from the boom days is sure to interest those who are devoting much volunteer time and effort to attract the spending tourist to Burkburnett.

Help put the "Boom" back in Boomtown!

Four new City Commissioners will be elected April 2—if you vote for your favorite candidates.

Don't forget to enjoy the Talent Show, Saturday, February 24, at 7 p.m. to be staged at the Youth Center. It will be an entertaining evening, so take the family.

If you drive 20 mph in the 30 mph zones, you should be able to slow to 15 mph in the school zone.

Keep your future leaders safe.

LAUGH, It's good for you—A fellow took his girl to a table in a restaurant and when they were seated, the waiter came to the man and said, "I'm sorry this table is reserved."

"Fine!" said the young man. "Take it away and bring us another one!"

Go to the Community Clinic.

COMMUNITY CLINIC MEETING PURPOSES ARE EXPLAINED

These Community Clinic meetings are likened after the Old Town Hall Meetings when the citizens of the community met to discuss and solve mutual community problems. This type of program has been selected by your Chamber of Commerce to arrive at conclusions based on our community and area needs from those of you who represent the various civic, agricultural and industrial interests of our community and this area.

These Community Clinic meetings are an appeal to you as a citizen of this community and area to share the responsibility of developing a sound, practical program for community betterment to be carried on through your local Chamber of Commerce. For it is your suggestions and discussions during this hour that will determine the future program of activities of the Chamber of Commerce. The decisions you recommend here today could well influence the community and area we will live in 5 to 10 years from now.

We will speak frequently of a Program of Work. What is a Program of Work? A Program of Work is nothing more than a sound community plan. Today, sound planning in nearly every field is recognized. Certainly charting a specific schedule of goals for your Chamber of Commerce is sound planning.

The essentials of a sound Program of Work are twofold: (1) The number of projects undertaken should be within the limits of manpower and financial resources of your Chamber of Commerce.

(2) The program should be well balanced, taking into consideration the broad interest and needs of the entire community and area.

No worthwhile activity should be neglected. Activities that

contribute to the improvement of such things as health, safety, education and recreation should not be neglected in order to emphasize activities designed to increase payrolls and to expand retail trade. Thus we see that the present day Chamber of Commerce is concerned with the broad needs of the entire community and area. A sound program is essential to your Chamber of Commerce because it will help your Chamber of Commerce fill a more useful place in the community and area. While your Chamber of Commerce has carried on an active program of worthwhile activities—and has spearheaded the successful conclusion many programs, we are still conscious of the need to plan for the future of our community and area.

As long as there is a margin between what your community is and what you would like it to be, there is room for better program of community service through your Chamber of Commerce.

If we cannot answer all the questions concerning our community needs in the absolute affirmative, then there is a margin between what our community is and what you want it to be; and there is a challenge for a better program of community advancement through your Chamber of Commerce.

CARD OF THANKS

We are sincerely grateful to friends and neighbors for their many kind acts of sympathy during our sad bereavement. Our appreciation cannot be adequately expressed.
The Family of G. B. Marshall

What Is Community Clinic?

What is the Chamber of Commerce? It is people. What is the Community Clinic? It is people. There is a place at the Community Clinic for all people who desire to improve the community and the conditions under which business is conducted.

The Community Clinic is being conducted to learn the wishes of the people of Burkburnett and direct the energies of those who believe that a community worth living in is a community worth improving.

Where will the Community Clinic get its strength? From the people. Any clinic or group gets its strength from participation — the people pooling their resources, natural and human, from which can be drawn ideas, energy and finances.

Where will the Community Clinic be held? At the Burkburnett Town Hall, beginning at 9:00 a. m., Thursday, February 29th, with seven sessions to continue throughout the day. There is a session for everyone.

Chamber of Commerce President, Jack Aaron, wishes to express appreciation for the splendid response given to the program to help recharge the vitality of Burkburnett. More than 100 persons will be involved in seeking attendance for the seven sessions.

Who Cares What You Think?

Too many citizens dismiss their civic responsibility by saying, "But, who cares what I think," implying that those in authority will pay no attention to the ideas advanced by Joe Citizen.

Those in charge of the Community Clinic to be held in Burkburnett, February 29, do care what YOU think about Burkburnett, its problems and programs.

The whole object of the Clinic is to determine through discussion and analysis what the needs, problems and possibilities of the community may be.

Only in the degree that Joe and Josephine Citizen attend the Clinic and participate by expressing their true ideas, will the Clinic fulfill its purpose.

The STAR urges everyone of its readers, regardless of age, race or economic standing, to attend the sessions of the Clinic and to participate to the fullest in the discussions.

Here and There AROUND BURKBURNETT

Mrs. Harold (Dorothy) Preston, who had surgery in General Hospital last Monday is reported doing satisfactorily.

Mrs. Floyd Hays, of Clinton, Okla., is visiting friends in Burkburnett this week. Mrs. Hays is the former Florence Urban, and lived in Burk for a number of years.

Mrs. Lois Byrd is in Wichita General Hospital for observation and treatment.

Mrs. Joan Guthrie of Burns Flat, Okla., visited her grandparents, Mr. and Mrs. O. H. Buzbee, last weekend.

Mrs. A. J. (Edith) Jackson suffered a heart attack last week. She is in General Hospital in Wichita Falls.

Mr. and Mrs. R. P. Thaxton, accompanied by Mrs. Gail Butts, visited in Henrietta Sunday.

The Thaxtons called on his niece and husband, Mr. and Mrs. Walter Smith, while Mrs. Butts visited her sister-in-law, Mrs. M. J. Butts. Afterward they all attended the opening of the new First National Bank in that city.

Mrs. John (Faye) Martin entered the Wichita General Hospital Monday, where she is scheduled to have surgery this week.

Mrs. Della Ramming has been moved from the Wichita General Hospital to Evergreen Manor Nursing Home in this city. She is reported doing very nicely.

George McClarty Named As Local Heart Fund Head

George McClarty has been named the Heart Fund's general chairman in Burkburnett and Mrs. Robbie Nelson will serve as Heart Sunday chairman.

Heart Sunday is Feb. 25 and volunteers will call on their neighbors between 1 and 5 p.m.

Proceeds of the drive will be used to support research, education and community service activities of the Wichita County Heart Association.

The County Heart Association is part of a national organization devoted to research and education on methods of reducing the risk of heart attacks and related ailments, such as stroke, hardening of the arteries, high blood pressure, rheumatic fever and inborn heart defects.

Katherine Sykes Named To Honor Roll At Cameron

Miss Katherine Sykes of Burkburnett has been named to the President's Honor Roll at Cameron State Agricultural College in Lawton, for the fall semester. Gene McPhail, Dean, states, "we are very proud of our students and their accomplishments."

RESIDENTS URGED TO GET VEHICLE INSPECTIONS EARLY

R. W. Briscoe, Safety Officer with the Texas Department of Public Safety in Wichita Falls, urges all area motorists to get their vehicle safety inspection stickers now. Briscoe stated that during the first four months since the 1968 stickers have been available, only 22,891 of the total of 77,115 autos registered in Wichita County have been inspected. This represents only 29% having their inspections.

The law this year requires that all automobiles from 1962

FEBRUARY 25TH IS HEART SUNDAY—HAVE A HEART—GIVE

Diseases of the heart and blood vessels are the leading causes of death in the United States below age 65, according to the U. S. Department of Health, Education and Welfare.

In Wichita County 491 persons died from some form of heart disease and 8,144 others in the county are afflicted in some way, by this leading KILLER.

The Heart Fund has helped pay for these advances. The rate of death among those aged 5 through 24 has been reduced more than 90% in the past 50 years.

Inborn heart defects are no longer hopeless. Today the majority of babies born with heart defects can be helped by surgery.

Rheumatic Fever is no longer childhood's leading killer. Most first attacks and recurrences that threaten heart damage can be prevented by medicine.

Some facts you should know are: diseases of the heart and

blood vessels are still America's biggest killer. Nearly one million lives each year are taken by this killer than all other causes of death combined; most of these victims are under 65 years old; tens of thousands are husbands and fathers in the prime of life; half a million school-age children and young adults are afflicted with rheumatic fever and rheumatic heart disease; strikes kill almost 200,000 every year, and many families must tend disabled survivors.

Money is needed to continue research, public and professional education, and community service programs of the Heart Association.

This is where you, and you, and YOU, may help. Give as much as possible to the Heart Fund Volunteer when she calls at your house Sunday, February 25 — Heart Sunday. Your money could help to save someone you love.

Rudy Robinson Is Selected To All West Texas Academic Team

It was announced last week that Burkburnett's Rudy Robinson was selected as a member of the All West Texas Academic Football Team AAA.

The team is selected annually by the West Texas Chamber of Commerce.

There were many fine young men nominated from the 490 High Schools in the 132-county area served by the West Texas Chamber of Commerce.

The selections are based on academic achievement, athletic achievement, character, citizenship and leadership.

The demanding requirements for selection plus the number of fine young men nominated makes your selection an outstanding achievement. All West Texas will be proud of you and will look for continued exemplary achievement as a young citizen of West Texas." Don Wooten, President of West Texas Chamber of Commerce told young Robinson in a letter telling him of his selection.

Texas Classrom Teachers Group Schedule Workshop Here Saturday

Texas Classroom Teachers Association, District VII, will hold a workshop on new trends in the teaching profession at the Burkburnett High School, Saturday, Feb. 24. All teachers are invited to attend regardless of whether they are members of the association or not.

Workshop registration will begin at 8:30 a.m., at the cafe-

torium, with a short business session scheduled at 9 a.m., with Ronald Mullins, district membership chairman presiding. Addresses of welcome will be given by Chamber president Jack Aaron, Mayor A. H. Lohofner and I. C. Evans, Burkburnett superintendent of schools.

Speakers for the workshop include Jewell Harris, past president, TCTA, who will discuss "Teacher Education and Professional Standards"; LaVerne Wong, state membership chairman, Membership and Professional Rights and Responsibilities; Louise Self, state board member, "Curriculum and Program Development"; Weldon Wicker, state board member, "School Board, Administrator and Teacher Relations"; Betty Buford, past president, TCTA, "Legislation"; and Hestelene Burroughs, state board member, "Welfare."

About 100 teachers are expected to attend the workshop, which has been arranged into three divisions with two speakers in each section. Groups will rotate so that all in attendance may hear each speaker.

Members of the Future Teachers of America will serve as hostesses at the luncheon, which will be held at the convention

Billy J. Smith Is Candidate For City Commission

BILLY J. SMITH

Billy J. Smith of Burkburnett announces that he is a candidate for City Commissioner in an election to be held Tuesday, April 2.

Smith is a partner and treasurer of the Texas Reinforced Plastics, Inc., Burkburnett, he worked with the Oklahoma State Park for 12 years, eight at Lake Murray and four as Superintendent of Lake Texoma State Park; is a World War II veteran, member of the VFW and American Legion; 32nd degree Mason and member of Maskat Temple; and a member of the First Methodist Church.

Smith and his family moved to Burkburnett in May, 1965. He resides at 802 Aztec with his wife, Joy, and daughter, Kathy Ann, a junior in Burkburnett High School. They also have another daughter, Mrs. Robert (Lynda) Ward, of Electra.

USED SCOUT UNIFORMS ARE NEEDED

The Optimist Club, Burkburnett Community Service Center and the Boy Scout Leaders are cooperating in a project to collect good used Boy Scout uniforms and equipment which will be issued free to Scouts who need it. This is a very worthwhile project and will enable many boys to participate in Scouting who would not have a chance otherwise.

If your son has good uniforms that he has outgrown or does not need, please call the Community Service Center, 569-1801.

LEAVE WELL ENOUGH ALONE

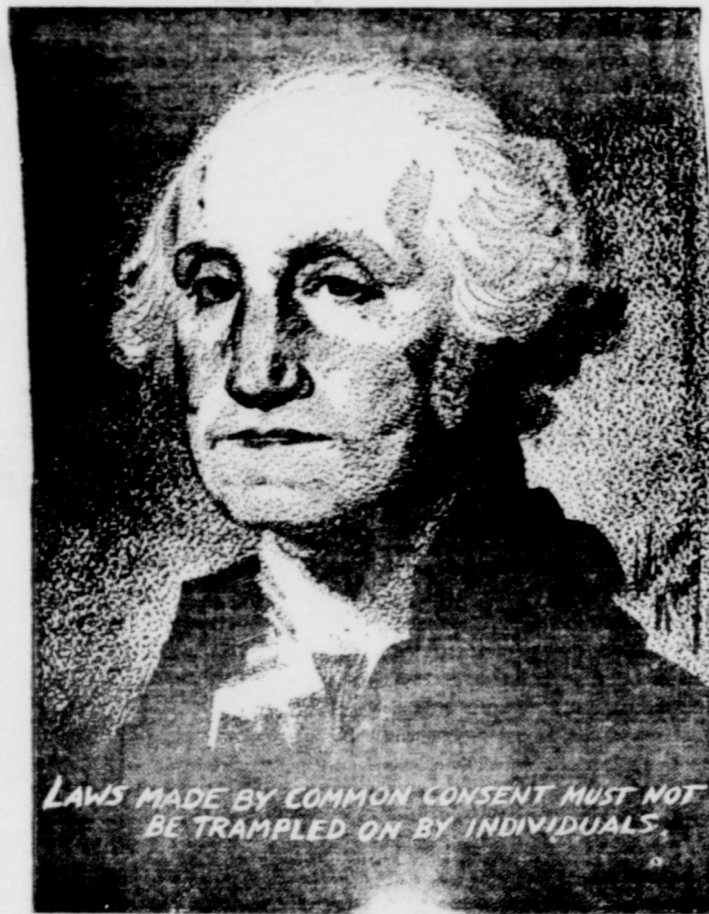

Have you ever thought that the only problem Burkburnett had was the people who wanted to make it over, who couldn't leave well enough alone?

If you have strong convictions that Burkburnett is just about perfect, you belong at the Community Clinic on February 29.

All of the good points, all of the attractive aspects of the community need to be brought into focus and the right place to do that is at the Community Clinic.

Again, the STAR urges all of its readers to attend the Community Clinic and make it a real cross-section of the thinking of Burkburnett citizens.

WORDS OF WISDOM

WHAT A BIRTHDAY!

When we pause to celebrate the birth of George Washington, let's review a few bits of wisdom — philosophy just as pertinent today as when it was first uttered.

Constitution — "To every description of citizens, let praise be given. But let them persevere in their affectionate vigilance over that precious depository of American happiness, the Constitution of the United States."

Patriotism — "The name of America . . . must always exalt just pride of patriotism . . . The independence and liberty you possess are the work of joint councils and joint efforts, of common dangers, sufferings and successes."

Debt — "Avoiding likewise the accumulation of debt, not only by shunning occasions of expense, but by vigorous exertions in time of peace to discharge the debts which unavoidable wars have occasioned, not ungenerously throwing upon posterity the burden which we ourselves ought to bear."

Guidance — "No people can be bound to acknowledge and adore the Invisible Hand which conducts the affairs of men more than those in the United States. Every step by which they have advanced to the character of an independent nation seems to have been distinguished by some token of providential agency. . . . (Results) cannot be compared with the means by which most governments have been established without some return of pious gratitude, along with an humble anticipation of the future blessings which the past seems to presage."

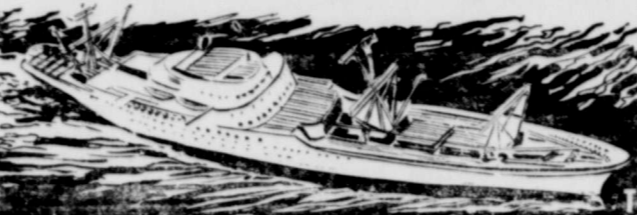

* Total tax payments (federal, state and local) of Class I railroads in 1966 amounted to more than \$2,000,000 a day.

LIBRARY CORNER

We hope the column readers notice the great variety of new books the library is receiving. We are trying to supply information about most frequently requested subject matter and even anticipate a few inquiries. We have found that Burkburnett residents have varied interests and hobbies and that many adults are taking courses or preparing for examinations in occupational fields.

Men might enjoy the 30 page boating section in the Sunday, February 11 New York Times published in honor of the 58th annual National Boat Show which opened Saturday, February 10, in New York City. **Great True Hunts** from True magazine is an 8x10 book of big game hunts made in exotic settings by famous persons over the world. The pictures in color are beautiful and the stories by "I was there" guys are a blend of dramatic and folksy writing. **The Alaska Book** is a large book of information and pictures of the 49th state from its discovery to the present. Students have been using it for reports, but it is informational fun. **Heroes of the Sunlit Sky** is a collection of biographical sketches with details of the flying prowess of the French, German, British, Belgian and American air heroes of World War I, and those World War planes were strictly for heroes.

In preparation for Little League season the library has just received **Baseball and Your Boy** by Al Rosen for parents and coaches. And, if you want to be a winner of the game of life, Dr. Theodore Rubin can tell you how in **The Winner's Notebook** or "how to know yourself in relation to other people." It is interestingly written in layman's language.

Other new books of general interest are **Catherine the Queen**, a biography of Catherine of Aragon, first of Henry VIII's wives. **The Golden Treasury of Early American Houses** by Richard Pratt is coffee-table size, all in color, and not an ugly house in the lot. Taste in

Today we find Carol K. asking: "When and why was the eagle first used as a national emblem?"

Symbolic use of the eagle dates back at least 5,000 years when the Sumerians chose the "spread eagle" as their symbol of power. The bald eagle, which is distinctly American, became the official emblem of the United States in 1872, typifying strength, freedom and vigilance.

Big Pasture Future Farmers Join In Celebration Of National Week

Vocational agricultural students in Big Pasture High School will join Future Farmers of America throughout the nation in activities to focus attention on the importance of agriculture during National FFA Week, February 17-24.

"Challenging Youth in Agriculture" is this year's FFA theme. The message that young agriculturists are trying to impart to the nation is simple. They seek to inform the public of the importance of the agricultural industry to America and to the world, the value of good citizenship development, and the role of Future Farmers of America in helping meet the challenges in world food production that faces America today.

"Because of the many predictions of world hunger in the future, many people have stopped listening," said Walon Holt, vocational agriculture teacher and FFA advisor. "Now suddenly, the future is here! For the past seven years, our world has not been able to grow as much food as it has eaten. And, finally, the bottomless U.S. surpluses have melted away."

"Let us also point out," he added, "that it is estimated that the world as a whole will need 50 percent more food just two decades from now. Meeting these challenges will be in the hands of young agriculturists being trained and developed in such an organization as the FFA."

Locally, members of the Big Pasture FFA Chapter plan to attend church as a group, to put up posters, to wear official FFA dress to school one day, and possibly have an assembly. Membership in the FFA is made up of students of vocational agriculture in high

school. The organization's activities are designed to help develop rural leadership and good citizenship and to stimulate the students to better achievement in their study and work toward successful establishment in farming and other agricultural occupations.

The Big Pasture FFA Chapter has 47 members. Officers are: President, Travis Justice; Vice President, Robert Robinson; Secretary, John Wood; Treasurer, Steve Adams; Reporter, Roy Schelper; Sentinel, Paul Baber; Parliamentarian, Mike Vache. Photographer, Frank Booher and Advisor, Walon Holt.

The national FFA organization has approximately 450,000 members, with 9,000 local chapters in the 50 states and Puerto Rico. Membership in Oklahoma totals 16,000.

The week of George Washington's Birthday is chosen each year for the observance of National FFA Week. Although usually recognized as a Revolutionary War General and our first President, Washington's first love was the farm. He was one of the first in the nation to practice contour planting, crop rotations, fertilization, and other soil conservation and improvement methods.

When you're preparing your favorite meat marinade, add red or white wine to the other ingredients. Not only does the wine contribute its own fragrance and flavor, but it is an ideal "carrier" for the herbs and spices. Use about one-fourth cup per pound of meat.

Don't throw away those little can opening keys. You can turn them into novel corn cob holders by filing the tips a bit to make them sharper and painting them with bright nail polish.

A corsage pin makes an ideal stopper for small cans of oil or tubes of glue. It also keeps the hole unlogged.

Wonder how much wine you'll need for dinner? Mogen David Wine recommends one bottle for every six persons. It's hospitable to offer both red and white table wine. Burgundy and sauteerie, respectively, are the nation's favorites in these categories.

These moleskin foot comfort aids with adhesive backs are ideal for keeping lamps and ashtrays from scratching the table. Just stick them on the bottom. This eliminates fussing with felt and glue.

Fitted bottom sheets go on more easily if you start with diagonal top and bottom corners, instead of working your way around the bed, taking each corner as it comes.

Ice cream with a wine topping makes a perfect dessert. Pick a sweet table wine such as Concord, Blackberry or Cherry.

IT'S UP TO YOU

A Few Interesting Facts

HERE are some little known facts about the Union of South Africa:

... In 1964 the United States exported to South Africa \$438 million worth of goods, and imported only \$225 million worth from that country, showing a favorable trade balance to our country of \$213 million.

... With only six percent of Africa's population, the Union of South Africa turned out about 40 percent of the industrial production of the continent.

... South Africa produced 80 percent of Africa's steel, 90 percent of its gold, and 60 percent of its electricity.

... During the last five years the wages of native South Africans rose nearly 40 percent. Their skills are improving, their standards of living rising, their fields of employment and occupation widening.

... Over 12,000 black people own their own businesses, some bank as much as \$3,000 a day. Three are reputed to be millionaires.

... No youth who can pass the matriculation examination need miss a university education if he wants it—regardless of his race or color.

... There are more than 2,800 native South Africans who are university graduates.

... In the Union of South Africa, 83 percent of the black children are in school. This is much higher than in any other African country.

... Virtually every black child is within walking distance of a primary school. ... Nowhere in independent Africa do people, regardless of race or color, have as high a standard of living, education and health services, as in South Africa. ... About one million foreign black Africans work in South Africa. With great difficulty other millions are prevented from crossing the borders in search of the benefits to be found from living and working in South Africa. We Americans should keep in mind these facts about the Union of South Africa as we evaluate our nation's policies toward that country.

Project Transition Aids Returning Veterans

MORE THAN GOLD AT FORT KNOX

FORT KNOX — An oil company joined the army here late last year. Now it is about ready to re-enlist. Humble Oil & Refining Company signed up for an initial 90-day hitch in Project Transition, an effort to provide greater opportunity for men who are nearly ready to return to civilian life.

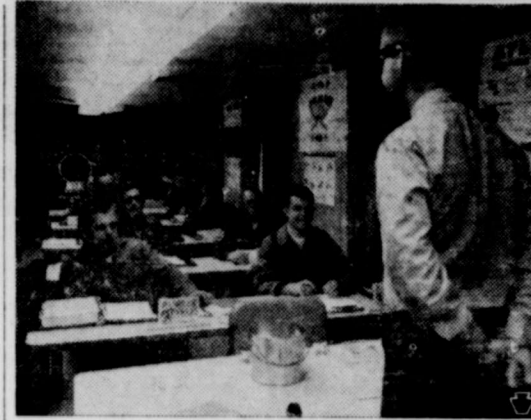

The project is a blending of industry needs with military concern for the future of the approximately 750,000 soldiers, sailors, marines and airmen who will end their enlistments and be discharged from military service this year. According to the Defense Department, as many as 55 per cent of the 750,000 should receive some type of training or retraining to aid their return to the civilian economy.

To explore methods of providing assistance on such a massive scale, the department began Project Transition at Fort Knox last year, and turned to private industry for cooperation when that seemed the best approach. Humble, largest U.S. oil refiner and marketer, volunteered to conduct the first pilot program by private industry.

Rolling a trailer classroom onto the military reservation, the company set up a dealer training school with the same comprehensive course of instruction that its new dealers and service-station managers receive at 55 similar Humble schools throughout the country.

The oil company's training course and one conducted by the U.S. Post Office Department were the first two programs in Project Transition, which will be operating at dozens of army, navy, marine and air force bases before the year is over.

At Humble's dealer school, seventeen soldiers are spending half of most days, during their last three months in uniform, studying textbooks and listening to lectures on such subjects as merchandising and sales promotion; product quality; engine upkeep and repair; accounting, credit and maintenance of inventories; lubrication methods, and fundamentals of driveway service. Sometimes the soldier-students travel in buses to Humble's training station in near-

by Louisville for on-the-job experience. With space in the mobile classroom limited, half of the men go to school in the morning and the rest attend afternoon classes. They spend the rest of each day at their regular military duties.

Nine of the trainees are Vietnam veterans. All seventeen asked to take the pilot course, which covers a period of about three months. Advance army screening indicated their ability to handle the required subjects.

The class members are from eleven states. When they have completed the training, Humble will send letters of introduction for the students to its district marketing managers in the areas where the veterans will live after leaving the army.

A record of the company training the men have received will accompany the letters. Through Project Transition, while they are still in uniform, the trainees will be well on their way toward becoming independent dealers or service-station managers—a field where the demand far exceeds the supply of trained and competent people.

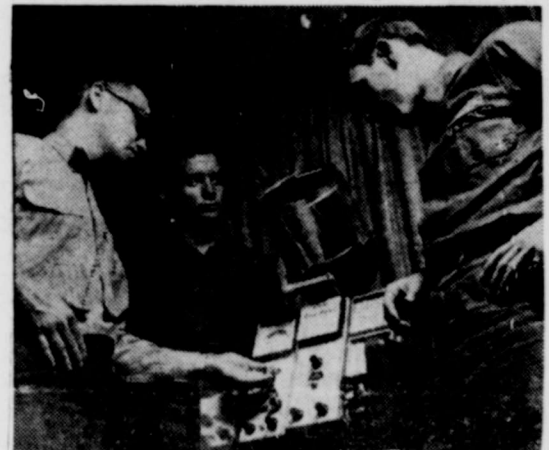

Although the original period for which Humble signed up is nearly over, the company doesn't consider its enlistment ended. Instead, it is making plans to conduct similar dealer training programs at several other military installations.

Humble reports a high degree of enthusiasm and concentration on their studies among members of the pilot class. As for the soldier-students, their comments make it appear that they want to put their new training to use as fast as possible.

Says Arthur Adams, one of the nine Vietnam veterans: "I think I can get ahead faster now when I get out. I'm going back to Chicago and go in business for myself. That's what I've always wanted."

Thomas Wedding, one of the six Kentucky men in the class, is already counting on operating a Humble station of his own.

"I live only a few miles from Fort Knox," he said, "and I want to get right into the business." He gives credit to Project Transition for making possible.

Robert Luttkke Is A Member Of Outstanding Unit

North Charleston, S. C. — Staff Sergeant Robert E. Luttkke, son of Mr. and Mrs. Edward Luttkke of Rt. 1, Berrien Springs, Mich., is a member of a unit that has earned the U.S. Air Force Outstanding Unit Award.

Sergeant Luttkke, a flight engineer in the 437th Military Airlift Wing at Charleston AFB, S. C., will wear the distinctive service ribbon to mark his affiliation with the unit.

The unit was cited for achieving an exceptionally meritorious rating for distinguished service during a one-year period.

Factors which led to the unit being named for the award included development of a highly responsible organization which maintained vital airlift routes essential to the United States overseas commitment to free nations in the world.

The sergeant is a graduate of Berrien Springs High School.

His wife, Toni, is the daughter of Mrs. Wayne Todd of 906 Mimosa, Burkburnett. Mrs. Luttkke's father, Charles Brice, resides at 821 Plymouth, Dallas.

The lake at HemisFair '68 will have canoe tilting, tree topping and water ski shows for the millions of visitors to the six-month World's Fair.

Are you putting oranges in lunch boxes for school and work? Here's a hint to make it easier to unzip the peel. Score the peel with a sharp knife by cutting through the peel, but not into the meat, so the marks resemble those of the outside of a basketball. The oranges will stay fresh, too.

Foreign Students From SAFB Tour Wichita Falls

Sheppard AFB — The Foreign Training Office at Sheppard Air Force Base escorted 50 foreign students, representing 16 countries, on a full-day tour of Wichita Falls, Friday, Feb. 16.

The students, who are receiving technical training in Sheppard's 3750th Technical School, started their tour at the Wichita Falls Times and Record News. The walk-through tour gave the students an idea of how the newspaper is published step-by-step.

Following that they arrived at Underwoods' Cafeteria for lunch and to hear Judge Temple Driver speak. The judge presides over the 89th District Court of Wichita Falls.

After lunch they visited the Wichita Falls Museum and Art Center and then the Social Security Office before returning to Sheppard.

Calendar of Events

April 2 will be election day — time to vote for your choices to fill four vacancies as commissioners on the City Council.

Remember that date! APRIL 2!

Darlene Mitchell, director of the Youth Center, announces Saturday, February 24, as the date of the Talent Show to be held to help pay the cost of recent remodeling.

The show will be held at the Center and will begin at 7:00 p. m.. Admission is \$1.00 for adults and 50 cents for children.

A Community Clinic, a Town Hall Meeting affair, will take place in the Town Hall February 29 — Thursday. Now is the time to air any suggestions you may have to make Burkburnett a better town in which to live.

Elections to select three new School Board members will be held at the Junior High School, April 6; another date to remember.

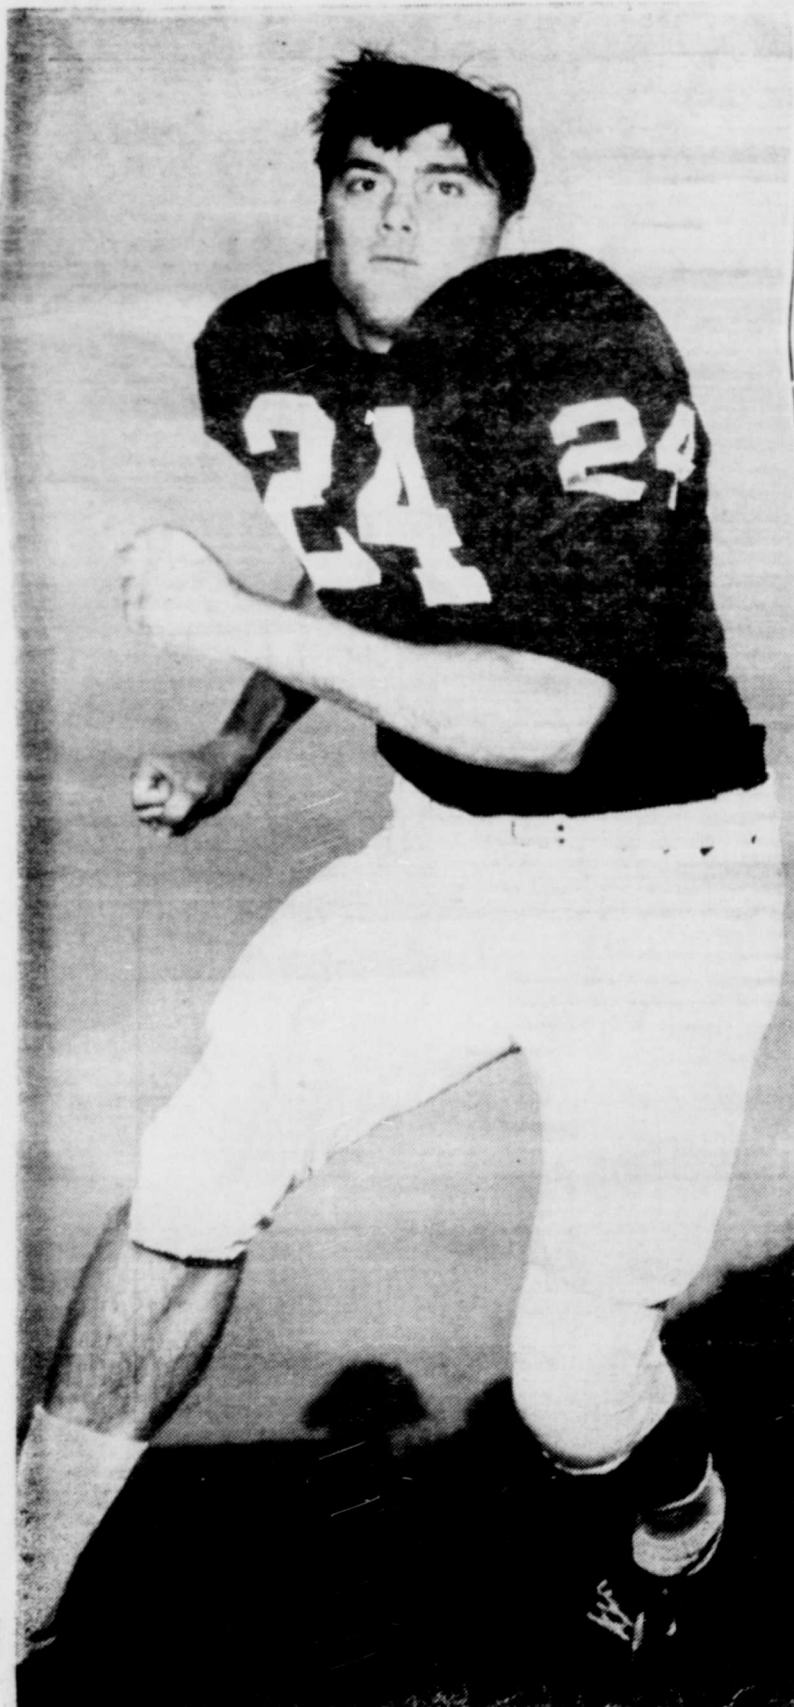

Sunday, February 25, is Heart Sunday, so be sure to open your heart to help others when a volunteer calls at your door between 1:00 p. m. and 5:00 p. m.

The Blue and Gold Banquet for Cub Scout Pack 156 will be held Monday night, Feb. 26 at the new American Legion Building beginning at 6:00 p. m. All Cub Scouts of Pack 156 and their parents are invited to attend.

Chilly Weather... Hearty Tuna Pie

Rough textured shredded wheat crust gives this tuna pie a most attractive appearance. It provides extra nourishment, too, for breakfast cereals make contributions of protein, important B vitamins, essential minerals, and food energy. This pie makes a substantial, he-manish entree for a meatless or Lenten meal, particularly if it is sliced in four large wedges instead of six smaller ones. If allowed to cool 10 minutes after baking, it will cut and lift smoothly out of pie plate. Add a good green salad for accompaniment.

- Tuna Cheese Pie in Shredded Wheat Crust**
- 3 cups coarsely crushed shredded wheat
 - 1/4 teaspoon salt
 - 1/4 cup butter or margarine, melted
 - 2 tablespoons sliced green onion
 - 1 can (10 1/2 ounce) condensed Cheddar cheese soup
 - 1/2 cup milk
 - 2 eggs, beaten
 - 1/2 teaspoon dry mustard
 - 4 drops Tabasco sauce
 - 1 can (7 ounce) tuna, drained and flaked
 - 1/2 cup shredded Cheddar cheese

Combine shredded wheat, salt, and 2 tablespoons melted butter; mix lightly. Cover bottom and sides of well-buttered 9-inch pie pan. Sauté onion in remaining 2 tablespoons butter until soft. Stir in soup, milk, eggs, and seasonings. Arrange tuna on shredded wheat. Spoon soup mixture over tuna and sprinkle cheese over top. Bake in moderate oven (350° F) until done (a knife inserted in center will come out clean when pie is done) about 30 minutes. Cool 10 minutes before cutting. Yield: One 9-inch pie, 6 servings.

Burkburnett Sparks Auxiliary Honor Firemen With Social

The Burkburnett Sparks Auxiliary honored the men of the Volunteer Fire Department with a Pre-Valentine Social. It was held Monday night, February 12th, at the Town Hall.

Those attending were: Messrs. and Mmes. Bill Mize, Revis Wooten, Haskell Draper, Pat Patterson, Jess Whatley, F. E. Cruce, Marion Thornton, Buster Pruett, Floyd Luttrall, Kenneth Alexander, Eldon Morris, J. W. Simpson, Wayne Smith and Lewis Johnson.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. George Teatos of Dallas are today announcing the engagement and approaching marriage of their daughter, Roseann Daley, to Mr. Jon Rush Evans of Fort Worth. Evans is the son of Mr. and Mrs. I. C. Evans of Burkburnett.

The wedding has been scheduled for Saturday, April 6, 1968.

During 1967 veterans made an estimated 6,435,000 visits to VA clinics and to private physicians on an approved fee basis for outpatient medical care, according to the Veterans Administration. This was a record number of treatments for a single year.

Be A Safe Driver

How many of you remember the last time you bought a car? Chances are, you thought it a pretty high price to pay. But, what would you say to a car that cost \$60,000? That's what it cost the Fletchers!

What did they get for this price? Mrs. Fletcher got a back injury, and a long stay in the hospital.

Mrs. Fletcher stepped into the family car one wintry morning to go shopping. The road was slippery and she didn't anticipate the large gasoline truck that swung out ahead of her at the bottom of a hill. Mrs. Fletcher hit the brakes hard—and skidded into the truck with such force that gasoline flowed into the street, ignited, and the fire that resulted damaged a nearby store and restaurant.

Of course, it's unlikely that an accident of such magnitude will ever happen to you. But, each year, almost 4,000,000 people are killed or injured in the United States in automobile accidents. Especially in bad weather, when the woman of the house spends a lot of time as a housewife and errand-runner behind the wheel, it's a good idea to be extra-cautious.

Women in the know keep their cars and themselves in tip-top shape all year round—and especially in winter. Bad brakes, bad lights, and misaligned wheels mean trouble. And smart women know that worse trouble may come when the driver is drowsy, ill or angry.

Bishop W. Kenneth Pope Slated To Preach At Anniversary Service

Bishop W. Kenneth Pope

Ever since the Spring of 1908 there has stood The Methodist Church in Burkburnett as a bulwark of "eternal truth." In its beginning the Methodist Church was a place of worship for all denominations until such time as they could provide a place of worship for themselves. It must be recognized here also, that this the first Church building in Burkburnett was not achieved without the help of the good people of other denominations. So as we observe this 60th Anniversary our joy is shared by all our community, and all are invited to share in the week of services on this occasion.

The week will begin February 25th at 10:35 a.m. with our Bishop W. Kenneth Pope preaching Sunday evening at 7:00 p.m. our District Superintendent, Dr. Earl R. Hoggard, Monday, 7:30 p.m. Rev. Merwin Turner, former associate pastor and former pastors in the following order: Tuesday, 7:30 p.m. Reverend Felix Kindel, Wednesday, 7:30 p.m. Reverend Carol Copeland, Thursday, 7:30 p.m., Reverend Leon Turner, and Friday, March 1, 7:30 p.m. Reverend Theo Wright.

We invite the community to help in making this a memorable week in the life of our beloved community.

Johnsons To Mark 50th Anniversary

Mr. and Mrs. James Johnson will be honored on their Fiftieth Wedding Anniversary with an Open House at their home, 310 E. 4th St., on Sunday, Feb. 25, from 2-5 p.m. The Johnson's children will be hostesses for the open house. Friends and relatives are cordially invited to visit with Mr. and Mrs. Johnson during the Open House.

'Sparks' Have Meeting Here

The Burkburnett Fire Dept. Auxiliary, the Sparks, met recently for the regular February meeting in Fire Station No. 2. The president, Betty Pruitt, called the meeting to order. Roll call was answered with "Fire Prevention Hints for the Home."

Minutes of the previous meeting and the treasuries report were read by Ruby Wooten, secretary-treasurer. New yearbooks were distributed. A Valentine party was planned for the Firemen, Sparks and children.

The next meeting will be March 4th. The hostesses, Katherine Patterson and Lois Thorn, served refreshments to Pearl Draper, Dot Mize, Edith Key, Frances McCluskey, Betty Pruitt, Ruby Wooten, Joyce Gill and Virgie Green.

Services Are Held For James Wright

Mr. James C. Wright, 83, a resident of Wichita County, for nearly 50 years, died in the Wichita General Hospital early Monday Morning, Feb. 12th after a brief illness. He farmed for many years north of Electra. He lived in Burkburnett about 10 years after he retired.

Services were at Totten Funeral Chapel at 4 p.m. Tuesday with Rev. W. G. Etheredge, pastor of First Baptist Church of Electra, officiating, assisted by Rev. Clymer of Hillside Baptist Church. Burial was in the New Electra Cemetery beside his wife, who passed away three years ago last November.

Mr. Wright was born April 17th, 1884, near Springfield, Mo.

Survivors include three sons, Buford Wright of Gainesville, Herbert Wright of Bowie, and Vernon Wright of Anderw; two daughters, Mrs. E. V. Miller of Amarillo, and Mrs. A. N. Watson of Electra; 18 grandchildren, 48 great grandchildren and one great great granddaughter.

CARD OF THANKS

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered.

The Amazing Quarter Horse

Kenneth R. Wilson, manager of Royal Oak Farm in Ohio, with one of his prize quarter horses.

There are almost a quarter of a million registered quarter horses in the United States and Canada today and they are increasing at the rate of more than 50,000 a year. One of the people responsible for supplying this booming market is Kenneth R. Wilson, manager of the Royal Oak Farm in Franklin County near Columbus, Ohio.

Owned by Edward E. Hendrix and Earl Lambert, Royal Oak is nationally known for its high-quality horses. The quarter horse is said to be the fastest and most versatile horse in America—getting its name from the fact that it is bred for sprint racing and can cover a quarter mile in less than 22 seconds. It is widely used on the open range for moving cattle, for racing, rodeos and circuses, and for pleasure riding.

With some 45 head to handle and groom, as well as raising feed on two other small farms, Wilson has no time for broken bales of hay and straw. Broken bales had been a costly nuisance at Royal Oak for years before he started baling with Eastman plastic baler

twine. "I have found that I can throw bales out of an 18-foot-high in a nationally known without breaking them," said Wilson. "They bounce as if they were tied with wire," he added, "and another thing I like about the plastic twine is that we get about 50 extra bales from every ball of twine."

After using plastic twine for a year, Wilson reported one broken bale of straw. The previous year, however, he had to rebale some 300 bales on which conventional twine had been damaged by rodents and other causes. He has found another advantage is that now heavier bales can be tied—up to 70 or 80 pounds of hay and 55 pounds of straw per bale.

Plenty of ROOM!

Have you ever, when on a vacation, in the peak of the tourist season, looked and looked along the highway for a roadside park with an empty table so that your family could have a picnic lunch and rest? Then, of course, all might travel refreshed. How nice it is to come upon a park like this one, with the breeze blowing across the water.

Isn't it wonderful that there is always plenty of room at the House of God? There is always a church where you can receive spiritual food, and sweet rest of the soul. The church holds out its arms in welcome to all, inviting everyone to come and learn of God. Won't you attend this week?

"Come unto me, all ye that labour and are heavy laden, and I will give you rest." Matthew 11:28.

Coleman Adv. Ser.

**EVERYONE IN THE CHURCH
 THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Burkburnett Study Club Embarks On Fourth Port Of Call, Sweden

The Burkburnett Study Club embarked upon its fourth Port of Call, the Queen of the Baltic, Sweden, at its meeting held in the home of Mrs. Hugh Cole Preston, Jr. Mrs. Bill Reasoner presented the study of Sweden, beginning with the history of the Swedes and pointing out the many sightseeing pleasures awaiting visitors to that country. She stated one of the most important ingredients of Sweden is the pride of the people in their individual cities. They keep them clean and well-scrubbed, mercifully slum-free, outdoor advertising held within limits, and the cities decorated with flowers and statuary. The Swedish landscape is said to smile.

Hostesses Mrs. Philip Carpenter and Mrs. Bill Reasoner invited the guests to partake from their "bread and butter table" better known to us as the Swedish Smorgasbord and sip the native hot punch drink, glogg.

Mrs. H. C. Preston, Jr., called the business meeting to order and stated that the club's projects for the year have been almost completed. These are: 1. Enter CIP program; 2. Buy \$25.00 supporting membership to Friends of the Library; 3. 100% member participation in Friends of the Library; 4. Co-operated with Chamber of Commerce of "Operation Sparkle"; 5. Donated to Youth Center Building Fund; 6. Donated monthly to Youth Center to provide salary for supervisor; 7. Placed books in Burkburnett Public Library; 8. Assisted with Bloodmobile; 9. Donated to Heart, Mental Health, Cancer and aEster Seal Funds; 10. Contributed to Santa Rosa Educational Fund; 11. Contributed to Golden Book; 12. Contributed to C&E TFWC Scholarship Fund; 13. Party for Evergreen Nursing Home; 14. Co-operated with Chamber on Heritage Week; 15. Donated \$100.00 to Oil Park Museum.

Mrs. F. C. Roye and Mrs. Ell Bean reported they had completed arrangements for the Valentine Party to be held at the Evergreen Nursing Home. Plans are being made to carry refreshments and entertainment by Doug Eastman, David Hooper and Lois Bean.

Mrs. Harold VanLoh reported on the recent meeting of the Council of Federated Study Clubs. She stated at the meeting it was announced the Study Clubs had completed their pledge to the Oil Park. Our club having donated \$100, and that plans for the park were going along very well.

Mrs. Preston reported on the meeting of the Community Service Council attended by her. It was reported the Civic Improvement Committee of the Council had two projects for the year. First, a City-Wide Cleanup Campaign from March 15th through May 1st, to be headed by the Burkburnett Jaycees. They are asking individual cooperation in this and the Club gave their unanimous response to this endeavor. Secondly, the Committee is pushing plans for the development of the Oil Park, Museum. She stated plans were being made to build a "General Store" in

this area and the women's organizations were being asked to help fill this with museum pieces. The club voted to go along with this endeavor also and Mrs. Preston at this time thanked Mr. and Mrs. Bill Bean for their recent gift to the Oil Park of an old bull wheel and oil derrick, given in the name of the Burkburnett Study Club.

Mrs. Preston thanked the individual members for their participation in the Christmas lighting contest sponsored by the Parks and Beautification Committee of the Community Service Council. She stated Mrs. Erady at the recent Council meeting had expressed her thanks to the many organizations who worked to make this a success.

The Club voted to cooperate with the Chamber of Commerce in its presentation of the Community Clinic, by stuffing and addressing envelopes to the citizens of Burkburnett and following up the mailing of these invitations by telephone calls. Part of the meeting was devoted to stuffing the envelopes. Each member was urged to attend this very worthwhile clinic.

The Club unanimously endorsed Mrs. Marjorie Kauer of the Current Literature Club, as the Clubwoman of the Year, for her outstanding service not only to the clubs of Burkburnett, but to the entire City of Burkburnett as well.

Federation Counselor report was given, calling attention to the Club's endorsement of Mrs. Philip A. Carpenter as a candidate for First Vice-President of the Texas Federation of Women's Clubs. This endorsement along with other endorsements of Mrs. Carpenter appeared in the January issue of the Texas Clubwoman Magazine. The Club is very proud to have a person such as Mrs. Carpenter representing them in the State of Texas. The club was also reminded to make plans for the District Convention to be held in Childress on March 25-26 and the State Convention to be held in Austin on May 7, 8 and 9.

A letter was read from Mrs. J. L. Ginnings, Director of the TFWC Charitable and Educational Fund thanking the Club for their donation to this Scholarship fund.

Mrs. Jo Smith, Federation report Chairman expressed thanks to the club members for handing their reports in to her ahead of time and stated these had been compiled and forwarded to the proper District Chairmen.

The Club voted to place Mrs. H. C. Preston, Jr.'s name in the TFWC Golden Book.

The next Port of Call will be in the home of Mrs. Bill Bean on March 11th.

TROUBLE SPOTS

Are you concerned about your skin, hair, weight, tiredness or other special problem? A change in food choices sometimes helps solve it. Talk with your family physician and check your food choices.

Remember, a clear skin, shining hair, trim silhouette, and abounding energy go hand in hand with good food habits.

PICTURE THIS!

Camera, film and a little imagination can produce a clever change-of-address snapshot which can be mounted on colored construction paper or simply tucked in an envelope. Picture possibilities for creating eye-catching announcements are endless.

CAMERA IS HANDY HOUSE-HUNTING AID

With business transfers keeping their men on the move, many women find themselves relocating not once, but several times. One mobile Mrs., who moved four times in as many years, offers these hints for the house hunter.

Select a reputable real estate agent; use a camera and notebook to backstop your memory. With these two aids at hand, it's simple to record the house with the cheery fireplace; the magnificent double closet; the impossible little kitchen. A lightweight, compact model like the Kodak Instamatic S-10 camera is small enough to slip into purse or pocket. For indoor shooting, it accepts flashcubes, permitting four shots without a change of bulbs. Loading takes only seconds so no time is lost.

Shoot several views of the exterior of each house. Some should be closeups; others taken at a distance. Distance shots will show up flaws which might slip the memory after a busy day. Potential annoyances like an unsightly neighboring property, or a utility pole in direct line with a picture window can be spotted in a candid shot.

Moving indoors, use camera and notebook in tandem to record location of windows, doors, room dimensions—anything that will help you reach a decision.

Once you've signed a contract, don't throw those pictures away. The rejects can become an amusing photo-story. "The Mistake We Didn't Make."

Got the Winter Blues? Think Spring!

Spring, with its promise of sunshine, beauty and color-fun wardrobes, is expected any moment. Spring, with its frenzy of activities, makes the proper clothes for the right occasions more in demand than ever.

According to the stylists of Hush Puppies Casual Shoes, appropriate footwear is available this spring in bright colors, handsome styles and kind-to-the-foot comfort. As a helpful shoe guideline, Hush Puppies Casuals suggest the following:

For the head of the family, who looks eagerly toward that first day on the green, Hush Puppies Spring line offers BLARNEY. This comfortable, lightweight, brushed pigskin golf shoe is soil-resistant, water-repellant, and available in vivid colors, such as black and sport gold, or black and copper. Its sturdy steel shank construction and flexible crepe sole make this golf shoe a wise purchase at \$16.00.

DOTIE is for the woman who wants a fashion-right shoe that she can wear on both dress and casual occasions. This feminine sling has the mid-heel that is so important this Spring, as well as a flattering toe-bow and adjustable strap. DOTIE's free-and-open look gives youthfulness to the foot as well as comfort. In soft brushed pigskin, available in all the bright spring colors. Approximately \$12.00.

Texas has 46 wood treating plants and is one of the leading states in the wood preserving industry. Properly treated poles, posts and timbers will last 30 or more years even though exposed to moisture, soil and insects.

"Sheppard Senator" Wins Best Editorial Page Award In ATC

SHEPPARD AFB, Texas — The "Sheppard Senator," newspaper at Sheppard Air Force Base, again garnered the Best Editorial Page Award in Air Training Command's Quarterly Awards for the final quarter in 1967.

First Lieutenant Tibor Mazar, recently reassigned to Okinawa, was cited the second successive time for editing the winning entry page which appeared in the November 2, 1967 issue, of the "Senator." Lieutenant Mazar served as assistant information officer while at Sheppard.

Awards were divided among five command bases, with Keebler AFB, Miss.; Amarillo AFB, Texas, and Sheppard winning repeat honors. Laredo AFB, and Webb AFB in Texas were also cited.

Redheads Slated To Perform In Temple Ballgame

Basketball, beauty and comedy will combine on the maples of the Temple, Oklahoma High School Gymnasium, Friday, February 23, when the national famous All American Red Heads, professional women's team, perform in a special game sponsored by the Temple Junior Class. Tip-off time is 8:00 p. m.

Challenging the highly touted ladies will be a group of area high school coaches, including Darvis Cole, Bob Clark and Jim Cast, Velma Alma; Donald Red Elk and Morris Philpott, Walters; and Dan Cole, Johnny Walker, Blue Ray, Harold McDaniel, Bob Martin and L. T. Canary, all of Temple.

The Red Heads, who make their headquarters in Caraway, Ark., play only men's teams, by men's rules, and have a record of 137 wins and 60 losses.

In addition to the four quarters of bang-up basketball and comedy, the Red Heads promise a special halftime Sportacular.

Admission prices for the event are \$1.50 for adults and \$1 for students. Advance tickets may be obtained from any member of the Temple Junior Class. Those wishing to purchase tickets by mail may do so by mailing a check or money order to Temple Junior, Mrs. Hugh Lowe, sponsor, Care Temple High School, Temple, Oklahoma. 73568.

April 2 Is Date Of City Election

On April 2, four city commissioners will be elected. The terms of incumbent commissioners, Gene Allen, Jack Alexander, Luther Caffee, and Joe McCluskey will expire.

The deadline for filing for these seats on the City Council is March 2.

The remaining commissioners are John Brookman, A. H. Lohofener, and F. R. McCandless.

Florence Pinkston Circle Meets With Mrs. Gray Recently

The Florence Pinkston Circle met in the home of Mrs. George Gray. A very interesting lesson was given by Mmes. Kerr, Quattlebaum, Helen Taylor, Thaxton, Ruby Taylor, and Gray on "Money for Missions." This lesson leads us into our Annie Armstrong Week of

Prayer, the emphasis being on Home Missions.

Mrs. Clifford Willmon is conducting a stewardship study on "Christian Sharing of Possessions." Everyone has received a blessing from this study.

Those attending the meeting were Mesdames Kerr, Quattlebaum, Willmon, Butts, Robinson, Helen Taylor, Thaxton, Ruby Taylor and Gray.
