## IRV SMITH TOPS LIST ON ELECTION BALLOT

Irv Smith, manager of Leer Manufacturing Company in Burkburnett, drew the top spot on the ballot for the city elections to be held on April 1.

## Former Burk Resident Given New Position

**EDITOR'S NOTE:** Mr. and Mrs. A. H. Bazell furnished us with an interesting clipping from a Midland newspaper concerning a former Burk resident. He is the son of Mr. and Mrs. Pat Crawford.

Dr. Wid P. Crawford, director of development research and technical services for the division, will assume Mr. Tuppeny's technical responsibilities, and will continue to direct the activities of the Agricultural Development Research Center at Terre Haute, Ind.

In their new appointments, Mr. Tuppeny will report to Edmund T. Pratt Jr., president of Pfizer International. Dr. Crawford will report to Roland M. Hendrickson, vice president-general manager of the domestic Agricultural Division.

Dr. Crawford joined Pfizer in 1953 as a developmental nutritionist, and later served as manager of the Division's field technical services. He was appointed director of development research and technical services in 1966.

Dr. Crawford was born in Burkburnett on May 10, 1927. A native of Eastland, Dr. Crawford received his bachelor's degree from Texas A&M University in 1949. He completed the M.S. degree in 1955 and earned the Ph.D. in Biochemistry from the same university in 1957.

Dr. and Mrs. Crawford have three children and reside at 500 Island Way, Franklin Lakes, N.J.

Dr. and Mrs. Crawford are both natives of Eastland and High School. Dr. Crawford is graduate from Eastland High School. Dr. Crawford is the son of Mr. and Mrs. F. L. Crawford. Mrs. Crawford is the former Ellen Mae Geue, daughter of Mr. and Mrs. C. W. Geue, of Fort Worth, formerly of Eastland.

### PERSONAL

Mr. and Mrs. Donald Young of Angleton, Texas were here over the weekend to take care of some business and visit her mother, Mrs. Lois Jordan, and his parents, Mr. and Mrs. Marshall Young.

the race for city commissioner. Following Smith on the ballot will be the name of Reid McCandless, firearms dealer, who is seeking re-election.

Glenda Galvez, bank employee, will appear third on the ballot, followed by A. H. Lohofener, incumbent mayor who is seeking return to the commission.

Beaver's name appears next, just before Claude Reed, retired city employee seeking his first term in office.

Marvin Henderson, who had run for the office of commissioner previously, appears last on the ballot.

A drawing for order on the ballot was held in the office of City Secretary Dick Chambers Tuesday morning.

Friday was the deadline for filing. The election is to be held April 1.

## Friberg-Cooper Community Group Holds Meeting

The Friberg-Cooper Community organization met March 3, 7:30 p.m. at the Community Center for regular monthly meeting.

Mrs. Olen Baley Sr., offered the opening prayer. Ralph Swinford had charge of the business meeting.

Mrs. D. B. Clark reported on the nomination committee: President — Ralph Swinford, Vice President — W. T. Jenne, Secretary — Mrs. Leroy Barfield.

Treasurer — Mrs. Bee Bryant, Reporter — Mrs. Anna Mae Emmert.

Swinford reported that the Community Contest Book for Community Improvement States Extension Service and Utility Companies will have to be completed by April 1.

Swinford said a school election would be at the Friberg School, March 22, to vote on consolidation of the Friberg School District with the Burkburnett School District.

J. D. Kennedy was program chairman and the game was 42, High Prize went to Mrs. Windle Hale and Bill Jenne.

Refreshments were served to 26 members by the host Mr. Kennedy.

Next regular meeting will be held April 7.

## Judy Pace Is Semifinalist

COMMEFCE, Tex. — Judy Pace, Burkburnett sophomore, has been elected a semifinalist for the East Texas State University Beauty Pageant to be held March 13. Eight finalists will be chosen from among the 25 finalists.

## Burk Junior High Is Entered In MU Contest

The Burkburnett Junior High Band will have 33 solos and 10 ensembles, a total of 74 entries competing in the U.I.L. (University Interscholastic League) Solo and Ensemble contest at Midwestern University Saturday, March 8.

All of those receiving a first division rating are entitled to go to the Tri-State Music Festival in Enid, Okla., May 1-3.

## Variety Show Is Big Success Here

The Variety Show warmed up with 'Dixie-Land music by the Barwise Dixie Land Duds at 7:15. They were the stage music.

The program started with Cap'n Crunch's Band and vocal from Burkburnett Junior High. Program officials vowed to start early and did at 7:22 but the turntable arrived as Crunch was singing, so there was a delay in getting to the second number. But from then on the acts were steady, well spaced and polished.

Janice Hornsby of Wichita Falls High School was perfect in her dance routines and Mark Stewart of Rider touched the piano keys lightly with his Chopin Etude and 'Autumn Leaves.

The Souls GTO of Hirschi High School gave out with soul music you could enjoy and understand, and the 'pit music,' the Dixie Land Duds filled in with solid jazz every five numbers.

Paula Vinzant of Wichita Falls High School twirled the Samoan blades. Donna Patterson of Barwise Junior High danced to the 'Spanish Flea,' and Janice Hornsby put on her 'Wide Boots.'

Pat Patterson pantomimed 'Second Hand Rose' and both Pat and Donna did the 'French Twist.'

Mrs. Lucille Doran, dance instructor and show director, had Lin Tillman and the Kouri Twins do several tap numbers.

Burkburnett High furnished all the guitar music with Linda Cuthrie accompanying herself with electric and Jan Green and Robert Bradford singing and playing their standard guitars.

They had excellent taste in their music and polish in their projection. Tai Kreidler, having studied 'tap' under both show directors, Mrs. Doran and Billy Barger, did some fast steps to 'Blue Skies.'

Gay Robbin Wampler of Burk Junior High gave a picture of effortless grace in her roller skating number.

Show lasted two hours and it moved very fast.

## Breakfast Served At Hardin School

The first breakfast at Hardin Cafeteria will be served on Monday morning, March 10, from 7:45 to 8:20 a.m.

The price of the breakfast is 20c for children and 30c for adults, to be paid for as you get your tray.

The pattern for the breakfast is:

1. One-half pint fluid whole milk as a beverage or on cereal or used in part for each purpose.

2. One-half cup serving of fruit or full strength fruit or vegetable juice.

3. One slice of whole grain or enriched bread, or a serving of cornbread, biscuits, rolls, muffins, etc., made of whole grain or enriched meal or flour; or 3/4 cup serving of whole grain cereal or enriched or fortified cereal.

## Larry R. Parnell Gets Promotion

His wife, Sharon, lives in Honolulu, Hawaii.

## New Booster Truck Sought By Burkburnett Fire Chief

A busy session confronted the Burkburnett City Commission Monday night as they discussed a new booster truck for the fire department, heard a discussion of utility pole use standardization, water wells, a power roller and a compressor.

The meeting covered more subjects than any recent meeting.

Fire Chief Bryon Key appeared before the council to stress the city's need of a new booster truck.

Key told the group only one dependable booster truck was included in the department, and recommended that a truck be included in the new city budget.

Gary Bean, city manager, told the commission of plans to improve the city's water wells. These plans call for the installation of new pumps.

C. A. Deuschle and Floyd Marten, representing the Southwestern Bell Telephone Company and Bill Vincent and W. A. Hotchkiss of Texas Electric Service Company appeared to discuss standard use agreements on the sharing of utility poles.

Use of the poles and costs are shared by the utility firms. If a cable television service franchise is granted, they will be allowed to share the poles for a fee.

Two applications, including one from a local businessman, have been received by the commission.

Method of trash disposition by the city will have to be changed soon to comply with a new state law. The present system of burning will be changed, probably to a sanitary land fill operation.

Bean announced that he planned to attend a seminar in Austin on March 24, on trash disposal.

## County 4-H Food Show Is Saturday

The Wichita County 4-H Food Show will be held Saturday, March 8 on the first floor of the County Courthouse in Wichita Falls.

## EVEN WORKHORSES GET TIRED

The Citizens Public Expenditure Survey, Incorporated, has some figures concerning spending and taxes in the state of New York that may shock even the most tax-conscious taxpayers.

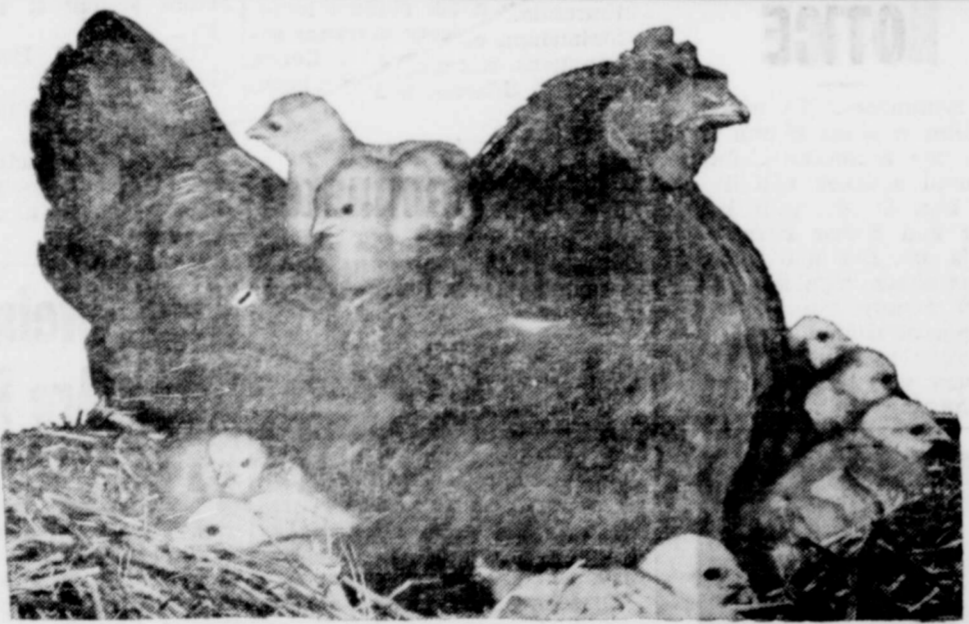

In fiscal 1966-67, New York's state and local tax burden totaled \$457.84 per person—47.9 per cent more than the national average state and local tax burden of \$309.51 per person. New York State public officials, it is said, are becoming alarmed at the impact of heavy taxes on the state. In a recent interview, Governor Rockefeller said that the new higher personal income tax brackets imposed by the 1968 legislature were "slowing down some of the ablest talent from coming to the state—scientists, bankers, corporation executives, people like that."

Taxation is becoming self-defeating in the state of New York. The tax burden is so great that the most productive, talented people—the kind on which every community and state depends—no longer want to move to New York. This should be a lesson to those who view the taxpayers as no more than workhorses to support the majestic visions of government planners. Even workhorses get tired.

## THE COMING OF SPRING

The welcome freshness of the new spring season approaches. Since the beginning of time, Spring has been nature's way of reminding man that life is a never-ending process. During the spring months of March, April, May and June, as the sun rises higher in the Northern Hemisphere, the trees leaf out, crops flourish, the scent of flowers fills the air and the new young of all nature's creatures look about them with wonder at the beauty of the land and the blueness of the sky. Depending upon where we live, our thoughts will turn to the pursuits of spring gardening, Easter bonnets, vacations, weekend treks to the coasts, mountains and lakes. One and all, we will enjoy the general somnolence known as spring fever that always makes its appearance after a dreary winter.

The springtime of life is now, and we should make the most of it. We should accept nature's invitation to enjoy the good things of creation, to lay aside bitterness, tension and prejudice. Spring is the time to start anew, and only the foolish will deny it.

### THAT PROMISED HOUSECLEANING

If President Richard M. Nixon really wants to set this nation on a truly new course, he will have to end the Liberal Establishment's control over key government jobs at the middle echelon level. Conservative government cannot be achieved simply by installing a new President in the White House. The White House, executive department and agency staffers and aides must be persons imbued with a realistic, conservative outlook.

Thus far Mr. Nixon has moved slowly in filling these middle echelon posts. A number of former administration aides are even being held over. Needs exist now for prompt filling of the key positions by persons who are identified with policies of realism and conservatism.

President Nixon made a very specific campaign pledge to clean house at the State Department. Those who supported Mr. Nixon in the election are counting on him to live up to his campaign promise. They will be looking closely at the new personnel arrangements at the State Department and at the White House. Unquestionably, they have reason to expect that hardliners on international questions will be appointed to major policy-making and advisory posts.

An effective housecleaning at the State Department cannot be accomplished without a thorough going change of Assistant Secretaries of State. Those officials identified with the unrealistic, no-win, giveaway policies of the last eight years must be replaced. New men, who are known as realists, must be given positions of authority.

For example, Mr. Nixon's supporters, who want and expect significant change, will view with special interest the President's choice of a new Assistant Secretary of State for African Affairs.

The incumbent Assistant Secretary, Joseph Palmer, is identified with the mistaken and often disastrous policies of the last administration, such as the economic sanctions against Rhodesia, the political pressure against South Africa, and the indecisive

stand on the Nigerian-Biafran war. Mr. Palmer, as a symbol of what's been wrong with one major segment of U.S. foreign policy, should go. His replacement should be a man who is known as an advocate of realistic African policies and a believer in cementing relations with civilized states in Africa.

The staffing at the White House also is of great concern to the country. It is very important that these staff members be persons who believe in cold war victory, who reject the soft-headed disarmament notions of the last administration, who are firm on such issues as Red China, Castro, and who believe in close ties with the free enterprise nations of the world community.

It is revealing that Dr. Richard V. Allen, the only well-known hardliner appointed to the White House national security staff, has come under attack by newspaper columnists identified with the Liberal Establishment. The elements in the country who couldn't elect Humphrey apparently have decided to mount a subtle campaign to prevent appointment of conservatives and to promote selection of middle echelon officials who are inclined to continue the policies of the past.

Americans understandably are proud of the smooth and courteous ceremonial transits from

the Johnson administration to the Nixon administration. But those who supported Mr. Nixon don't expect and surely don't want a continuation of the policies in force these eight years past. The election of Mr. Nixon was a signal from the electorate that it's time for a change—a meaningful change in national policy.

As the Liberal Establishment continues to have enduring influence through the mass media concentrated in the Northeast, it is using its power to try to infiltrate the Nixon administration and to divert it from conservative and realistic goals. It is very important, therefore, that conservatives who turned out for Mr. Nixon at the polls also let the President and his top officials know that they are waiting on and counting on the housecleaning that he promised in Washington.

### News From The County

Total Texas beef cow numbers experienced a growth of 25 per cent during the period between 1969 and 1964. The total growth of the Texas beef cow population in these five years was 962,058 head.

One hundred and sixty two Texas counties experienced an increase in beef cow numbers of at least 24 per cent during the period. The Panhandle and Caprock areas of Texas showed a large increase.

The first Texas Conference on Insect, Plant Disease, Weed and Brush Control will be held at Texas A&M University, February 24-25. Meetings are scheduled for the Memorial Student Center. The conference on agricultural chemicals and pest control will combine several short courses into a single wide based conference. More than 500 persons are expected to attend the conference.

Producers signing up February 3 through March 21 to participate in the 1969 feed grain and wheat programs can request advance payments of up to 50 per cent for voluntary extra diversion. County ASCS office can supply details on the programs involved and also on the advance payments.

Adequate fertilizer on pasture crops can help insure good production whether wet or dry says county agent B. T. Haws. Most soils in the pasture area of the county are low in nitrogen, phosphorus and sometimes potash and other nutrients and an adequate amount of fertilizer is needed to produce good tonnages of good-quality hay in grazing crops.

Haws warns that plants which starve have a weak root system and are unable to obtain nutrients from the soil. "Start with a soil test," is a rule to remember.

### THAT PROMISED HOUSECLEANING

If President Richard M. Nixon really wants to set this nation on a truly new course, he will have to end the Liberal Establishment's control over key government jobs at the middle echelon level. Conservative government cannot be achieved simply by installing a new President.

stand on the Nigerian-Biafran war. Mr. Palmer, as a symbol of what's been wrong with one major segment of U.S. foreign policy, should go. His replacement should be a man who is known as an advocate of realistic African policies and a believer in cementing relations with civilized states in Africa.

understandably are smooth and courte- ial transities from

the Johnson administration to the Nixon administration. But those who supported Mr. Nixon don't expect and surely don't want a continuation of the policies in force these eight years past. The election of Mr. Nixon was a signal from the electorate that it's time for a change — a meaningful change in national policy.

As the Liberal Establishment continues to have enduring influence through the mass media concentrated in the Northeast, it is using its power to try to infiltrate the Nixon administration and to divert it from conserva- tive and realistic goals. It is very important, therefore, that conservatives who turned out for Mr. Nixon at the polls also let the President and his top officials know that they are waiting on and counting on the housecleaning that he promised in Washington.

### 50th Anniversary Observed For American Legion

The 50th Anniversary of the founding of the American Legion will be observed in several ways by the local post on March 15.

Also taking part in the observance will be the Ladies Auxiliary of the post.

On Saturday, March 15, the units will honor all World War I veterans and widows of that war at a banquet and dance.

Saturday at 12:00 noon, a program and the planting of a "Freedom Tree" will be held.

At 7 p.m. Saturday, a banquet is scheduled, to be followed by a dance.

Guest speaker for the dinner will be Clayton Mann of Wichita Falls, past district commander and past state commander of the Department of Texas, American Legion.

The auxiliary members will be hostess for the dinner, and civic leaders and members of other organizations are encouraged to attend.

Further information may be secured from the 50th Anniversary chairman, Robert Darland, 569-3053, or the auxiliary chairman, Mrs. Viola Collins, 569-1879.

### Friendly HD Club Met February 26th

The regular meeting of the Friendly Homemakers Home Demonstration Club was held in the home of Mrs. Haskell Draper on Feb. 26. The president, Mrs. Frank Miller, called the meeting to order at 9:30 a.m.

Roll call was answered with "A Meal Planning Hint." The club voted to have a bazaar this fall.

It was reported that lunch tickets have been bought for needy children.

Miss Wirges brought the program on "Where You Place Your Values."

Next meeting will be at the home of Mrs. Charles Lanig, March 12, the program will be "Pushbutton Magic."

Meeting was adjourned. Those present were: Mmes. Frank Miller, J. R. Boucher, J. G. Cheney, Haskell Draper, Oscar McBride, and Miss Wirges.

### News From The County Agent

Total Texas beef cow numbers experienced a growth of 25 per cent during the period between 1969 and 1964. The total growth of the Texas beef cow population in these five years was 962,058 head.

One hundred and sixty two Texas counties experienced an increase in beef cow numbers of at least 24 per cent during the period. The Panhandle and Caprock areas of Texas showed a large increase.

The first Texas Conference on Insect, Plant Disease, Weed and Brush Control will be held at Texas A&M University, February 24-25. Meetings are scheduled for the Memorial Student Center. The conference on agricultural chemicals and pest control will combine several short courses into a single wide based conference. More than 500 persons are expected to attend the conference.

Producers signing up February 3 through March 21 to participate in the 1969 feed grain and wheat programs can request advance payments of up to 50 per cent for voluntary extra diversion. County ASCS office can supply details on the programs involved and also on the advance payments.

Adequate fertilizer on pasture crops can help insure good production whether wet or dry says county agent B. T. Haws. Most soils in the pasture area of the county are low in nitrogen, phosphorus and sometimes potash and other nutrients and an adequate amount of fertilizer is needed to produce good tonnages of good-quality hay in grazing crops.

Haws warns that plants which starve have a weak root system and are unable to obtain nutrients from the soil. "Start with a soil test," is arule to remember.

Tests will help determine the amount of fertilizer needed throughout the season to maintain high production of good quality grazing.

Coastal bermudagrass maintains a high position with Texas farmers and ranchers as a popular permanent pasture. More acres are planted to Coastal than any other permanent pasture grass because it has proved to be a high-producing, good-quality forage species for hay and grazing.

This is a good time of the year for growers to sprig Coastal since it is planted from vegetative material and sprigging during the dormant season has proved desirable Coastal sprigs can be dug from the field with a spiketooth harrow or mechanically.

The sprigging rate of at least ten bushels per acre should be used when planting in rows and at least 25 bushels per acre when planted broadcast. The more sprigs planted the faster the stand and cover.

Also important in establishing a good stand is firming of the sprigs into the soil. In broadcast planting, a cultivator-packer or other firming equipment should be rolled over the soil to assure proper packing.

Weed control is important with Coastal and Haws suggests using a pre-emerge chemical. If a herbicide is not applied immediately after sprigging then a post-emergence chemical should be used. To receive maximum returns from Coastal or any other hay crop, proper fertilization is important. A soil test is the best way to determine the amount of fertilizer needed.

Mrs. Francis McCurley of Midland and Mrs. Frankie Fenner of Beaumont spent last week with their parents, Mr. and Mrs. B. H. Alexander, Sr.

Two interesting dishes made from the same ingredients may well become a permanent addition to the family menu. The unusual thing about this particular recipe is that it yields one hot entree or one cold salad—both equally succulent.

**DOWN EAST SALAD  
(Hot or cold)**

- |  |                               |
|--|-------------------------------|
| 3 cans (4 oz. ea.) Maine Sardines, drained | 1/2 cup mayonnaise            |
| 1 1/2 cups diced celery                    | 1/4 cup commercial sour cream |
| 1 onion, chopped                           | 1 teaspoon prepared mustard   |
| 1 can pimiento, diced                      | 1 tablespoon lemon juice      |
| 1 cup cooked peas                          | Salt                          |
| 1/2 cup salted peanuts                     | Pepper                        |

**To Serve Cold:** Combine first six ingredients. Mix mayonnaise, sour cream, mustard and lemon juice. Toss lightly with sardine mixture and serve on crisp greens if desired. Yield: 6 servings.

**To Serve Hot:** Proceed as above and place in greased casserole. Sprinkle top with 1/3 cup grated sharp Cheddar cheese and bake in a hot (425° F.) oven for 15-20 minutes until brown and sizzling. Garnish with potato chips. Yield: 6 servings.

**Contemporary Study Club Holds Meeting**

The Contemporary Study Club met in the Community Room of the Burkburnett Bank for their regular business and social meeting. Mrs. John O'Dell Jr. as hostess and Mrs. Joe Boucher as co-hostess.

Mrs. M. D. Cheney had the program and she introduced Mr. Wayne Sykes, president of the local Jaycees who brought a program on drugs and what has been happening around our own city.

He told of such drugs as barbituates, marijuana, heroin and LSD. He told of what signs to look for and the effect they have on a user. He stated that LSD was colorless, tasteless and odorless.

Mr. Sykes also told about the rise in glue-addicts and what signs and effects glue had on the users.

After he had finished a question and answer session was held.

There were eleven regular members and six guests were present.

Next meeting is March 17th in the home of Mrs. H. S. Thaxton with Mrs. M. D. Cheney, as co-hostess.

Vows Said Feb. 9th**

Mr. and Mrs. Larry Schumann are residing in Euless, Tex., after being united in marriage February 9th at 3 p.m. in the home of the bride's brother, Mr. and Mrs. Sharver Abbott in Ft. Worth.

The bride is the daughter of Mr. and Mrs. G. H. Abbott of Strawn, Tex.

The groom is the son of Mr. and Mrs. Charles W. Schumann of Burkburnett.

The bride is the daughter of riage by her father, where wedding vows were exchanged in front of a music center, draped in pink, covered with white lace. A large family Bible centered the area, and was flanked by candleabra with pink tapers.

The bride wore an aqua suit which was accented with a white orchid.

Honor attendants were Mrs. Katie Abbott, sister-in-law of the bride. The groom's attendant was Billy Don Wilson of Ft. Worth.

A reception followed the exchanging of the vows in the home.

Mrs. Schumann is a graduate of Strawn High School. She is currently employed as a secretary at Love Field Airport in Dallas.

Larry Schumann graduated from Burkburnett High School in 1963. He enlisted in the U.S. Navy in October 1963.

He is now employed with Southwestern Bell Telephone Company in Fort Worth.

## Drs. Harrison, Bubliss Receive Citizen Awards

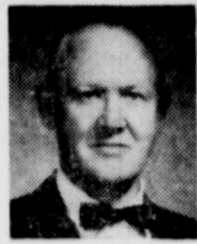

PLAINVIEW, Tex. (Special) — Plainview's Citizens of the Year both were cited for their interest in young people during presentation of the awards at the annual Chamber of Commerce banquet Friday.

Dr. Mary Bubliss was lauded for her work as a psychiatrist and consultant for nearly every community and area project dealing with mental health, while Dr. Glenn Harrison's efforts to upgrade the Plainview Public School System brought him applause from the 500 persons assembled for the event.

Presenting the award to Dr. Bubliss was Mrs. W. C. Hayes, chairman of the Women's Committee of the Chamber, while Mayor M. B. Hood presented the award to Harrison.

Dr. Harrison lived with his parents, Mr. and Mrs. S. M. Harrison in the Valley View Community and received his elementary education in Valley View and Rabbit Creek rural schools and moved from Valley View Community in 1930.

He is a grandson of the late T. B. Wilkerson and has many relatives in the Burk Burnett area.

### NUTRITION A LA CARTE

Remember your first ice cream cone — your first dish of corn flakes? I remember the twenties when I had my first Eskimo Pie and when men trucked fruits and vegetables to our neighborhood and sold them door to door. But the good old days didn't allow us to have fresh or frozen fruits and vegetables all year 'round. Now we can enjoy better nutrition, with fruits and vegetables available every day.

Legend has it a sausage vendor at the Chicago World's Fair in 1883 provided his customers with a white glove to hold their sizzling frankfurters while they ate them. When customers didn't return the gloves, he lost money and hit on the idea of wrapping the franks in a bun. The hot dog was born.

How did men first discover butter? It's believed that nomadic tribes carried cream or milk in bags of skin on the backs of horses or camels and the movements of the animal churned the cream until butter was formed. This probably first happened by accident. Today's modern stainless steel churns turn out 5,000 pounds of butter in an hour.

Anemia is a frequent problem among women of childbearing age. It is caused by inadequate iron reserves in the body and not enough iron in the diet. Teen-age girls, too, frequently do not get enough iron in their diets. Good food sources of iron include whole grain and enriched cereal products, eggs, meat and poultry, apricots, prunes, raisins

green leafy vegetables, dried beans and peas.

Because they are in their most rapid growth period, teen-age boys need more protein, calcium, and more of most nutrients than at any other time in their lives. Their energy needs, too, are high. Thus, between-meal snacks are usually needed and should be chosen from the four food groups — meat, milk, fruits and vegetables, breads and cereals.

It's true that ounce for ounce, fats contain about twice the calories of protein or carbohydrates. But even if you are trying to lose weight you need some fats in your meals. Essential fatty acids perform certain specific tasks in keeping you healthy. Fats also make our food taste delicious. Just don't overdo fats.

Two eight ounce glasses of milk furnish about three-fourths of the calcium an adult needs daily. Along with the calcium you get a favorable amount of phosphorus, top quality protein, and riboflavin (a most important vitamin), as well as other vitamins and minerals. It's almost impossible to get enough calcium in your diet without milk.

It is commonplace to say that water is essential in all animal and plant nutrition. Still, many people don't think of water as a nutrient, along with such substances as proteins, carbohydrates, fats, vitamins, and minerals. Put them all together, however and add water and you have six vital nutrients that we must have to be healthy and to survive.

SHOOT! SHOOT! Burk Burnett's new basketball court, in the Northwest section of the city, gets plenty of play, although it is not yet completed. Each evening finds scores of youngsters on the court. It was built by the city of Burk Burnett, and will be blacktopped soon. (Burk Star Photo)

## Hamman-Elliott Vows To Be Said

Mrs. Quinnie Hamman of Burk Burnett announces the approaching marriage of her daughter, Susan Bernice to Karry Logan Elliott. He is the son of Mr. and Mrs. Harry Elliott of this city.

Susan attended Andrew Hill High School in San Jose, Calif. Karry is a graduate of Burk Burnett High School and attended Grayson County Junior College and Midwestern University. They are both presently employed at Sprague Electric Company in Wichita Falls.

The wedding date is set for March 15.

*How*

shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbor as thyself.

Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose ... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## LIBRARY CORNER

New books of general interest are THE RAINY DAY BOOK for housebound families with child-tested ideas for those days when outdoor play is impossible; WHEN I WAS SIXTEEN, by Mary Brannum, with recollections by Bette Davis, Mrs. Lyndon B. Johnson, Marianne Moore, and other outstanding women; THE YOUNG EMBROIDERER, by Jan Beane which will be interesting to embroiderers of all ages; and THE PULITZER PRIZE NOVELS, by William Stuckey, a critical look at the novels from 1918 to 1962. Fiction for juniors is plentiful. George Laycock, a naturalist, has written KING GATOR, a fascinating account of the life of an alligator in the Florida Everglades. THE OWL SERVICE, by Alan Garner, DANGER IN A SMILING MASK, by Anne Emery, and THE HOUSE OF DIES DREAR, by Virginia Hamilton, are all spellbinding and suspenseful — good mysteries! Two other books of interest to children and young adults are MUSIC IN AMERICA, by John Rublow-sky, and A BOOK OF MERMAIDS — short stories — by Ruth Manning-Sanders.

Mystery fans, we have several new mysteries including THE BALLOON MAN, by Charlotte Armstrong, THE RED PAVILION, by Robert Van Gulik, and four "Toff" mysteries by John Creasey. Though non-fiction, CONTACT ON GORKY STREET is a completely true spy story of adventure and courage.

Time for spring house-cleaning! Bring your used paper-back books to the library. And set aside the books you don't want. The FRIENDS OF THE LIBRARY will be having another Book Fair soon. There will be publicity on it as soon as plans are definite.

LOST — New lady's blouse. Price tag from Fedway, \$10.00. Lost between Rose Ave. and downtown Burk. Call 569-1628. 26-11C

NAUTICAL—The Nehru jacket goes nautical for spring. Concord's twill-weave cotton sail cloth is used in solid navy for the gold-buttoned jacket; in coordinating red, white, and navy checks for trim accents. The outfit is made from McCall's Pattern 9468.

WAY SOME FOLKS GAMBLE WITH THEIR TIME THEY'RE BETTIN' THE COIN'LL STAND ON END!

VERSATILE—Designer Stanley Nelson chooses textured cotton in a giant houndstooth check for his superb interpretation of the daytime suit. The short-sleeved super jacket is combined with a slim-fitting dirndl skirt.

### HOW CAN WE THANK YOU??

There is no way to open our hearts and show our love for all the many friends who helped during our sad time of loss.  
May God bless each and everyone of you wonderful people.
