

AMONG THE CHURCHES

Christian Missionary Society.

The Missionary Society of the Christian church observed week of prayer, the week preceding Easter. The services were held each afternoon from five till six o'clock. A number of ladies attended and each meeting was interesting and helpful.

The Society met in regular session Monday afternoon with Mrs. S. G. Dean. The attendance was fine. Mr. Post took his car and gathered in two car loads. For which we desire to thank him.

The program was splendid. Several good talks on Missionary Topics. General discussion on Missionary work in which all took part.

Duett—The King's Business Requires Haste—Mesdames Geo Fields and Cummins—which title is also state motto of our Missionary organization.

The Thankoffering boxes that were given out in January were brought in and opened. They contained \$19.41, and several more are to come in. We are very thankful for this generous Easter Thankoffering.

Bro. White offered the closing prayer.

We remained for a social hour during which Mrs. Dean served refreshments. Every phase of the meeting was enjoyed by all present.

Our next meeting will be held May 3rd. We very much desire that every lady in the church become interested and attend these meetings. Surely once a month is not too much time for you to give to the King's business. He gave His life for the salvation of your soul. Then let us not be weary in well doing, for in due season we shall reap if we faint not.

Methodist Auxiliary Notes.

The Methodist Missionary Auxiliary met Monday, April 5th, in regular business session. The reports of the officers were good. The circles have collected during March \$43.45. Circle No. 1 wears the blue ribbon in the month of April.

On April 12th, the Society will meet at Mrs. Turrentine's house for a short review of the book of John and a social hour. Every member is urged to be present.

Pub. Supt.

B. W. M. Workers

Our meeting Monday afternoon was well attended and the Bible lesson was unusually good. Mrs. N. T. Smith, teacher for the hour, had prepared a list of questions which were readily answered by the different members present.

The lesson for next Monday will be Acts 9:32. The hour of meeting has been changed to four o'clock and the ladies are urged to be on hand promptly at that time.

We wish to thank all who made purchases at our recent apron sale and are glad to tell you that there is something like \$28.00 in our treasury as the proceeds from the sale.

AMONG THE CITY CLUBS

The Magazine Club

We, the ladies of the Magazine Club, wish to extend our sincere thanks to the business firms who so willingly participated in our recent "Trade's Carnival," also the school children, young ladies and young men who represented their firms so enthusiastically as to make our carnival a success. We trust that each participant feels that he has had value received. Our club is making every effort to build a Public Library that Haskell will be proud of. We assure you the proceeds from the "Trades' Carnival" will be used in the interest of the Library.

Magazine Club,
Mrs. J. U. Fields, Pres.

One More Chance.

I guess we will simply have to go to law.—Life.

SHALL WE ORGANIZE?

It is hoped that the following will interest the farmers and bring out some response. As secretary of the Farmers' Institute which we conducted here for several years, I received last week from Hon. Fred W. Davis, State Commissioner of Agriculture, the necessary blanks and instructions for the election of delegates from the County Institute to the State Institute to be held in Austin in July, together with the steps necessary to the securing of passes for them.

Owing to the fact that there has not been held a meeting of the Institute for more than a year, and that there is not now any organization here entitled to send delegates I had to so advise the Commissioner. I am now in receipt of a reply from him expressing his regret at this state of affairs as he is desirous of co-operating with the farmers in every section of the state and rendering them all the assistance possible through his department and can reach many more of them and extend assistance far more successfully when they are organized. He then states that if we desire it he will send a representative of his department to hold a series of meetings in the county to cover a week or more and winding up with a final meeting and organization at the county seat. He requires two weeks' notice to make assignments.

The question is, do you wish this done? You have this department of the State Government conducted at a cost of thousands of dollars every year. Are you getting any benefit from it? If not, it is your own fault, your failure to keep in touch with it in any way, because the department has valuable information from time to time to send out, and it stands ready to procure and furnish special information at any time on any question affecting the farming and livestock interests. It is up to you to put yourself in touch with it.

I think that we should all get busy and reorganize our institute and thus get in position to receive whatever of benefit the State Department of Agriculture has or may have to confer. Do you? If so, let me know personally, or by letter or post card, during this week and we will arrange the itinerary for the proposed meetings and get them advertised so that all will know the times and places.

Please act promptly, as it will require about three weeks to make the arrangements with the Commissioner and get it advertised, then a week to hold the meetings and, after the organization and election of delegates, it will require about two weeks to report them and give the Commissioner time to secure the railroad passes for state meeting. So you see there is no time to lose.

Respectfully,
J. E. Poole.

HOWARD. & FOSTER

Have reached the height of perfection in building men's high grade shoes. We know this for we have sold them for four years. We've tested them from every standpoint of value. They have absolutely the highest grade leather in them that money can buy. They are made by the best shoemakers that money can hire. They fit your foot. They are good to look at. And in fact, no better shoe can be made for the money. Do not take our word for it. Wear a pair and be your own judge. We are honest people. We back up our every statement. If you are not satisfied say so. We'll see that you are satisfied. Fair enough, eh? We think so.

Here are a few of the styles we are showing for your approval this season. We have kept all of you in mind. You young bucks who want the nifty English last—we've taken care of you. Two of them. A black soft calf, blind eyelets and low flange heel. A beauty, and a good one. Also a mahogany in the same shoe. Can't be beat. We challenge the world to show a better one, or a more sightly one.

And you fellows with more conservative ideas who want a light upper with a good sole—we have yours in a glaze Kangaroo blucher—two shapes in this popular leather. One of them with a slightly swing toe, medium heel. The other in a perfectly straight last. Long vamp with medium toe. Perfectly straight and a good shoe for a sensible man.

Also we have a gun metal in a medium heel, slightly raised toe and in a button. A good shoe for wear, comfort and good looks.

Come and take a look at the whole layout. You'll see some fine looking shoes. And you will not be annoyed. On the other hand, we will take pleasure in showing them to you, and will not insist on selling you. All we want is a chance to explain the superiority of these fine shoes. Made in Brockton, Mass. A shoe manufacturing town, where no other but high class shoes are made.

HASKELL LIGHT AND ICE CO. CHARTERED

Austin, Texas, April 1.—The Haskell Light and Ice Company of Haskell filed a charter in the Secretary of State's office Tuesday. The company, which is capitalized at \$20,000 is granted authority to manufacture ice and supply the public with electric current for lighting and power purposes. Morgan Jones, Geo. T. Scales and W. G. Swenson, the incorporators of the company.

All the incorporators are residents of Abilene. Mr. Scales said when informed of the granting of the charter by the Reporter that there was nothing to give out at this time. He stated that as soon as the deed can be fixed up, work will begin on the

construction of a building at Haskell. He expects that all details will be adjusted within a few days.—Abilene Reporter.

Mrs. S. Chapman and nephew, Willard Chapman, of Rochester, and Mrs. W. P. Whitman, of this city, left Tuesday eve for Fort Worth with the little son of White Chapman of Rochester, for an operation. About five weeks ago something lodged in the little fellow's windpipe and he has been in a critical condition. It was thought that the trouble could be overcome without an operation but every effort has proven a failure, so an operation was finally decided upon. Grave fears are entertained as it will necessarily be a delicate and dangerous operation.

"TIZ" FIXED MY SORE, TIRED FEET

Use "TIZ!" Don't have puffed-up, burning, aching feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ."

"TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your feet won't seem tight and your feet never, never hurt or get sore, swollen, tired. Think of it, no more foot misery; no more burning corns, callouses or bunions.

Get a 25 cent box at any drug store or department store, and get instant relief. Get a whole year's foot relief for only 25 cents. Think of it!

That Tired Feeling

Do You Continually Feel Sluggish, Disinterested?

If you do, it is probably caused by your liver. When the liver fails to perform its functions properly, the system becomes clogged with poisonous matter, that weighs you down mentally and physically.

The liver gets out of order very easily, and if neglected, chronic trouble usually results. Don't delay if you feel badly. You knowingly lay yourself open to life long pain, when you allow yourself to continue in a run down condition. Cure yourself quickly and harmlessly with the natural vegetable remedy, Liv-ver-Lax. It has all the effectiveness, but not the effect of calomel.

Genuine Liver-Ver-Lax bears the likeness and signature of L. K. Grigsby, and is guaranteed to give satisfaction or money refunded. Insist on it. For sale by Corner Drug Store.

White Man With Black Liver.

The Liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their Liver becomes black because of impurities in the blood due to bad physical state, causing Biliousness, Headache, Dizziness and Constipation. Dr. King's New Life Pills will clean up the Liver and give you new life. 25 cents as your druggist's.

When Haskell People

Publicly Testify, It's Evidence not to be Ignored

When residents of Haskell are willing to recommend Doan's Kidney Pills in this paper, is there any good reason to try a kidney, backache or bladder remedy that is not as well recommended?

Mrs. D. Scott, Haskell, says: "Doan's Kidney Pills were very beneficial to us. They were procured at the Corner Drug Store and brought relief from backache, kidney weakness and other disagreeable troubles, caused by inactive kidneys. We can strongly recommend Doan's Kidney Pills, in view of our experience with them."

Calomel Dynamites A Sluggish Liver

Crashes into sour bile, making you sick and you lose a day's work

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children, they like it.

The Most of the Best for the Least
Grissoms' Store
The Reliability of a Store Should be Your First Thought

Can the blind lead the blind? The blind cannot see; they know not where to lead. They have not the right of way. Likewise the merchants who buy their goods in an ordinary way cannot see. They are blind merchants. They have no bargains to offer, and they do not spend their money "uselessly" with the printer.

If you possess a hill, you cannot sell a mountain. It takes a mountain now to satisfy the public. If a merchant owns his goods in an ordinary way, he must sell at the ordinary price. The **THING** is the price. Nothing short of a mountain bargain will satisfy the patrons of our store. They are getting their money's worth now. Hundreds of pairs of pants at bargain prices. Hosiery by the tons. Handkerchiefs in abundance. Thousands of yards of embroideries and laces, and all are selling at big-bargain prices. Nothing like it ever was seen in Stamford prior to this big sale. Big crowds of people in daily attendance. Watch them as they go about the store, look at their frenzied looks. Frenzied finance with them all. They know the bargains are there and they know bargains when they see them. Not a rare bargain here and there to induce trade, but every article in the store at a bargain price. Yes, it is frenzied finance with all the people. They are going about in our store with eyes open and ears extended and earnest looks. They are looking for bargains and they know them when they see them. They know that those \$7.50 suits are worth \$15. and \$18. They know that those \$8.85 suits are worth \$18 and \$19. They know that those \$4.95 suits are worth \$10 and \$12. They see those \$7.50 and \$8.50 all wool serge suits sell at \$18 and \$20 in the other stores. They have seen those \$2 and \$3 boys suits sell at \$4 to \$7.50 in the other stores. That accounts for the crowds that are crowding here and spending their money like Kings and Queens. Look at them trying on the hats in the hat department. They buy them hurriedly. They don't hesitate. A

Let the People Live

"Texas' Biggest Merchants"

glance tells them that those \$1 hats are worth \$2, and that the \$2 hats are worth \$4. Talk about selling cheap! Go and see what the MISTROT crowd is doing in the dress goods line. Hundreds of yards of dress goods are being sold every hour. Beautiful goods at 12 1/2c. They are worth twice and three times the money. Not a yard of those silk tissues but are worth 35c. Not a yard of those corded piques but sell at 25c in other stores. Not a yard of those ratine but are worth 40 and 50 cents. No wonder the crowds are buying them quickly at 12 1/2c a yard. They are saving big money there. What is the matter with the people now? The matter? Nothing. It is a wild rush at Mistrot's for their money's worth. An entire change of program with the people now. They had to sell their farm products cheap and they are holding onto their cash and they are demanding their money's worth. They find it at Mistrot's and they spend their money there. Besides that, nothing will turn the tide while they are getting their money's worth.

Good men's suits are selling at \$4.95. They are worth \$9.00 of any man's money. Splendid men's suits are selling at \$7.50 and \$8.50. They are worth \$15 to \$20 and they are fit for Kings to wear. They are all wool and beautiful designs. It is ALL in the BUYING. If the buying is right it makes the selling easy. The buyer is quick to decide because then he is saving big money. Thousands of little notions such as tablets, pins, combs, brushes talcums, threads, and quantities of hosiery—all at big bargains.

Remember that there is an end to everything, even a bargain sale. Those who have any purchases to make are invited to lose no time. No man can tell when the end will come. The bargains are here now; the crowds are here after them. Nothing will change the tide. Come and get your share for tomorrow may be too late.

We are selling nothing but good goods. Nothing but the best of the stock. We have put away, and we are putting away all the unsaleable goods, and we will some day throw them away from the top of the roof. It is our intention to clear the stock of everything. The good goods now to those who pay for them and the worse later free to everybody.

Our object in this course is to sell only good goods. We offer nothing but the best for sale. The people know that they can depend on us to do the right thing. We are making them all partners in the concern. We are dividing the profits. Our motto is, "LET THE PEOPLE LIVE." Let competition rule. Ten per cent is sufficient for any merchant to live by, and ten per cent will let the people live.

The result of our system of doing business is very manifest. The people, all with one accord are concentrating their business into one house, that is Mistrot Bros' house, of Stamford, Texas.

They are buying all their dry goods, shoes, hats, dress goods, hosiery, etc. from us. They approve our plans of selling goods. They know that we are giving them 100 cents for their money. They feel like we mean business, and that we are giving them their money's worth.

Remember, that at some future day we will give away in a free distribution hundreds of packages of goods, and at present the big sale will go on until everything is completely sold out. We will at the end take all the counters out and we will give a big dance. But the goods must go, and they are going as fast as 25 sales people can sell them.

Come, Everybody, and join the merry crowds who are thronging here daily. They would not be here if they were not getting their money's worth.

The State of Texas.—To the sheriff or any constable of Haskell County, Greeting:

You are hereby commanded to summon the heirs of J. H. Harvin, deceased, and the heirs of Enoch Robinett, deceased, whose names are unknown, to appear at the next regular term of the district court of Haskell county to be held at the court house in the city of Haskell on the 24th day of May, 1915, then and there to answer the first amended original petition, filed in said court on the 22nd day of March, 1915, in cause numbered 1867, wherein August Teichmann and Frederick Franke are plaintiffs and the Unknown Heirs of J. H. Harvin, deceased, the Unknown Heirs of Enoch Robinett, deceased, and Geo. W. Thomason, R. P. Williams and Olin D. Harvin are defendants.

Plaintiffs sue for partition of the Enoch Robinett survey situated in Haskell county, Texas, claiming ownership by fee simple title of a 350 acres undivided part as the property of said Teichmann, a 28 30 undivided part, less said 350 acres, as the property of said Franke and a 2-30 undivided part as the property of said Unknown Heirs of J. H. Harvin, deceased; and that defendants, Geo. W. Thomason, R. P. Williams, Olin D. Harvin and the Unknown Heirs of Enoch Robinett, deceased, are setting up some pretended claims to some part or parts of said survey, the exact nature and extent of which is unknown to plaintiffs, but which casts a cloud upon plaintiffs title.

That plaintiff, August Teichmann, purchased the said 350 acres by metes and bounds as hereinafter described and has placed valuable improvements thereon; and that plaintiff, Frederick Franke, has made valuable improvements upon other parts of said survey; and that said improvements can be set apart to plaintiffs without detriment to their co-tenants.

That plaintiffs and those under whom they claim have had peaceable, continuous and adverse possession of said lands and premises, an undivided interest of 28 30 for themselves and an undivided interest of 2 30 for said Unknown Heirs of J. H. Harvin, deceased, being known as the Enoch Robinett survey situated in Haskell County, Texas, and described by metes and bounds as follows:

Beginning at a set rock 671 vrs. east of the S. W. corner of Thos. Early survey, thence south 3000 vrs. to stake for S. W. corner; thence east 666 vrs., the center of the railroad track, 933 vrs., a branch, 2777 vrs., a stone mound for corner; thence N. O' S' E. 3006.7 vrs., a stake 2 1/2 feet south of a stump; thence S 89 degrees, 52' W. 2784 vrs. to place of beginning, containing 1479.4 acres of land, cultivating, using and enjoying the same for more than 10 years after the cause of action of all the other defendants accrued and before the commencement of this suit, taken and held under written memoranda of title specifying the boundaries of said tract and duly recorded 10 years before the filing of this suit in the deed records of

Haskell county, Texas, as follows: (a) A deed from J. E. Parker and wife, Nettie C. Parker, to I. E. Wood, dated July 1st, 1898, recorded in Book 20, Page 528, said deed records; (b) A deed from John C. Roberts to Ira E. Wood, dated Nov. 16, 1896, recorded in Book 18, Page 274; (c) A deed from Ira E. Wood to W. H. Wood, dated October 11, 1898, recorded in Book 20, Page 530; (d) A deed from Ira E. Wood to T. N. Wood dated January 31, 1902, recorded in Book 22, Page 408; (e) A deed from Terry N. Wood to Ira E. Wood, dated Nov. 9, 1903, recorded in Book 22, Page 495; (f) A deed from Terry N. Wood and wife, Mame Wood, to Ira E. Wood, dated Feb. 25, 1905, recorded in Book 27, Page 19; (g) A deed from Ira E. Wood and wife, S. E. Wood, and W. H. Wood and wife, Electa Wood, to Frederick Franke, dated Aug. 11, 1906, recorded in Book 35, Page 113; (h) A deed from Frederick Franke and wife, Dora Franke, to August Teichmann, dated Dec. 11, 1907, recorded in Book 43, Page 53.

That plaintiffs and those under whom they claim have had peaceable, continuous and adverse possession by an actual inclosure of said lands and tenements, claiming and holding the same, a 28 30 undivided interest for themselves and a 2-30 undivided interest for the Unknown Heirs of J. H. Harvin, deceased, cultivating, using and enjoying the same for 10 years after the cause of action of the other defendants accrued and before the commencement of this suit.

That plaintiffs and those under whom they claim have had and held peaceable, continuous and adverse possession of said lands, claiming an undivided 28-30 interest therein, cultivating, using and enjoying the same under deeds duly registered and paying all taxes thereon for more than 5 years before the filing of this suit, and after defendants' cause of action accrued thereon.

That plaintiff, August Teichmann, has had peaceable, continuous and adverse possession of said 350 acres out of said Robinett survey, Beginning at S. E. corner of said survey; thence, West 2093 vrs. to stake in E. B. line of Right-of-Way of P. & G. R. R. Co.; thence, with said right-of-way N. 14 degrees, 45' E. 1049 vrs. to N. W. corner this tract; Thence East 1827 vrs. to stake in E. B. line of said Robinett survey. Thence South 1013 vrs. to beginning; cultivating, using and enjoying the same, claiming same under a deed duly registered and paying all taxes due thereon for a period of more than 5 years after the Defendants' cause of action accrued and before the commencement of this suit.

Plaintiffs pray for partition, appointment of commissioners and that improvements made by each be set apart to him, for judgment clearing their title from the cloud cast by the pretended claims of said Unknown Heirs of Enoch Robinett, deceased, and of Geo. W. Thomason, R. P. Williams and Olin D. Harvin.

You are hereby commanded to serve this citation by publishing the same once in each week for eight successive weeks, previous to the return date hereof in a newspaper published in your county.

I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers.

Penny Wise and Pound Foolish

Hard times make every woman look to see where she can save money, which, of course, is sensible and proper if not carried too far.

In the case of food it would be foolish to attempt to substitute sawdust for a breakfast food because it is cheaper. Everyone knows sawdust has no food value and its use would be a positive detriment to the health.

Alum baking powders may cost a little less than cream of tartar powders like Dr. Price's, but many of the highest food authorities both in this country and abroad have declared them to be injurious and not safe to use.

To attempt to cut the cost of living by using low-grade alum powders is unwise economy.

Willie's Doubts

William's uncle was a very tall, fine-looking man, while his father was very small. William admired his uncle, and wished to grow up like him. One day he said to his mother.

"Mama, how did uncle grow so big and tall?"

His mother said: "Well, when unble was a small boy he was always a very good boy, and tried to do what was right at all times; so God let him grow up big and tall."

William thought this over seriously for a few minutes, then said: "Mama, what kind of a boy was papa?"—Associated Sunday Magazines.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

Kambove

The Longest Railroad In the World

From Cape Town and from Cairo, for years the engineers have been pushing through desert, jungle and forest, over rivers and across lakes, the longest railroad in the world. The dream of the late Cecil Rhodes, this road is by this time almost completed. About a year and a half ago the line was pushed from Cape Town northward 2250 miles in the Belgian Congo.

At that time the terminus was Kambove, the little African village shown in the illustration.

The first train arriving at Kambove was illuminated with
