Number 47

Swing Of Southwest Farm Markets

(USDA) — Most southwest farm products sold at fairly steady to moderately higher prices last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Unfavorable prospects for next year's winter wheat crop and large export demands still dominated grain markets. Wheat registered further substantial gains to sell Friday at \$3.11. Other grains held close to last week's levels.

Limited rice movement met firm to slightly stronger markets during the past week. Uneven trends continued to rule feed markets, with average prices a little higher. Peanut oil and meal strengthened, but shelled peanuts remained dull.

Domestic wools moved slower. Less than 15 percent of domestic offerings sold in an auction sale held on Thursday, November 13. Mohair was slow at uneven prices. Cotton harvesting and ginning continued active during the week, although cool days and sandstorms retarded progress somewhat in Northwest Texas and Western Oklahoma. Sales decreased slightly despite net price advances of around \$4 a bale.

Week's cattle sales went largely at steady to stronger prices, with many lots going higher at Wichita and Denver. However, low grade cows at Texas markets moved counted to the trend to sell as much as 50 cents lower at \$8 to \$12 for canners and cutters. These grades brought \$9 to \$12 at Oklahoma City, \$10.50 to \$13 at Wichita and \$11 to \$14 at Denver. Texas paid \$12 to \$15 for common and medium cows.

Sheep prices held mainly steady to strong for the week but lambs showed some ease at Oklahoma City, Wichita and Denver. Common and medium lambs sold at \$14 to \$18 at San Antonio, as medium and good grades cashed at \$19 to \$21.50 at Fort Worth, and \$17 to \$21 at Oklahoma City. Denver paid \$24.25 for choice natives.

Hot markets rallied some during the week but butcher classes suffered losses up to 25 and 50 cents at some terminals. Feeder prices dropped 50 cents to \$1 at San Antonio and Oklahoma City and \$4.50 at Fort Worth, where top offerings sold at \$20. Closing top butchers ranged from \$24.75 at San Antonio to \$25.50 at Denver.

Turkeys moved to market in greater volume for the Thanksgiving holiday trade. Prices stayed close to support levels at most places. Fryers and broilers in the Northwest Arkansas surplus area weakened further to mostly 28 to 31 cents per pound for 2-3 1/2 pound birds. Other eggs and poultry changed little for the week.

Tomato prices broke sharply in the Lower Rio Grande Valley but rallied slightly toward the end of the week. Thursday's price of mostly \$4.50 per lug box for 6 by 7 and larger U. S. No. 1's remained \$1.50 to \$2 lower than a week before. Peppers held about steady. Onions strengthened in Colorado, while potatoes changed little. Sweet potatoes sold firm to slightly stronger in Louisiana. St. Louis and Kansas City wholesale markets quoted beans, onions, and sweet potatoes higher.

Mrs. Tom Murdoch and children of Jonesboro, Texas visited relatives and friends in Jayton and Girard last week end.

Jimmie Johnston Jr. and Lee Armes had business in Abilene, Texas last Friday.

Rains Improve Grain Outlook

Washington. — The Weather Bureau Tuesday reported a brighter outlook for the 1947 winter wheat crop as a result of last week's rains throughout the drought-stricken Wheat Belt.

The drought had reached a critical stage in Texas, Oklahoma and Southwestern Kansas areas which are expected to produce the bulk of the mid-to-Europe wheat shipments.

The light but general rains will greatly speed up the planting process by sprouting volunteer wheat, thus enabling farmers to plow it under before seeding their winter crop, the Department of Agriculture said.

The department said Texas farmers had reported the most serious drought north and west of Wichita Falls. Over one inch of rain fell on the Wichita Falls-Childress area last week, and from one-third to three-fourths inches in parts of the Panhandle, the rolling Plains and North Texas generally, weather reports indicated.

Amarillo, in the heart of the critical drought area, received .36 of an inch.

Although more moisture is needed, rains which fall as late as Christmas might still be in time to save the 1948 crop, agriculture spokesmen said. In Texas, the 1940 crop was not seeded in some instances until the first of February, they recalled.

The Advantages Of A Regular Family Doctor

AUSTIN, TEXAS. — According to Dr. Geo. W. Cox, State Health Officer, there are too many persons who approach the choice of a family physician casually. Viewing the doctor much as a fireman, whose services are required only in an emergency, such families wait until an illness strikes, and then get hold of the first doctor who can respond to the call. While such an attitude still reasonably assures one of satisfactory medical service, it can handicap the physician somewhat, and in the long run does not permit the supervision and close personal contact which can exist only by having a regular doctor.

Knowing his patients enables a physician to give advice on maintaining health and preventing disease, based on his intimate knowledge of the physical and mental make-up of the members of the family," Dr. Cox stated. "The casually summoned cannot have this background or opportunity. It is well known to students of medical science that no one procedure of drug can be applied to the cure of every disease. It would indeed be fine if we could have some panacea for all diseases, but unfortunately the healing art is not as simple as that."

"People are far from being alike," he continued. "Bodily and mental characteristics markedly differ in members of the same family. Reactions to medicines of various types, the habits of the individual, environmental influences, and personal factors vary widely. Armed with an intelligent appreciation of these facts, as applied to the members of the family, a physician possesses the maximum opportunity to render his best advice, not only in curing diseases, but as medical counselor to the family as a whole."

SOMETHING OF A RECORD FOR JAYTON

For the past three days the people of Jayton have not seen the sun, and to our knowledge that is something of a record for Jayton. It rained all day Monday, Tuesday and Wednesday was cloudy with misting rain, and the way Thursday started we won't see the sun today, for it's still cloudy and misting rain.

NOTICE

The Chronicle will be published one day earlier next week in order to observe Thanksgiving. We will pick up ads Monday and ask that everyone turn in their news as soon as possible.

TO PREACH SUNDAY

Rev. Beatie O'Brien, Texas will preach at the 11:00 o'clock service Sunday at the Baptist Church in Jayton.

Loyal Harrison of Hamlin, Texas visited relatives and friends in Jayton last week end.

CHAMP OF THEM ALL

Fingers flying, Ed Anderson of Kennett, Mo., recently proved himself to be world's champion cotton picker by picking 99 pounds of seed cotton in two hours at the National Cotton Picking Contest at Blytheville, Ark. As grand champion, young Anderson won the \$1000 first prize of the contest. He bested 201 contestants from ten states.

Rain Stops Local Gin At 2,186 Bales

According to Dallas Kenady, bookkeeper at the Farmers Co-op. Society No. 1 Gin, they had ginned 2,186 bales of cotton when the rains of last week kept the cotton pickers out of the fields.

Mr. Kenady also estimated that there would be 700 or 800 more bales of cotton, from the 1947 crop, yet to be gathered in the Jayton area.

JOHN H. MONTGOMERY ON TECH JUDGING TEAM

On November 20th the Cattle Judging Team of Texas Tech College will leave for Chicago, Illinois on a two week tour.

The team will make stops for judging cattle at Stillwater, Oklahoma; Kansas City and St. Louis, Missouri; Ames, Iowa; Dixon, Illinois and will spend several days in Chicago, returning to Lubbock December 3rd.

This judging team made a ten day tour in September to Waterloo, Iowa. John H. Montgomery, son of Mrs. J. H. Montgomery of Jayton, is one of the judges on this team.

CLAIREMONT SCHOOL TO HAVE BOY SUPPER NOVEMBER 21ST

The Clairemont School is sponsoring a boy supper Friday night, November 21st, starting at 7:30 p.m. For a special attraction a turkey will be given away.

CLAIREMONT BUBBLE CLUB ORGANIZED NOVEMBER 14TH

Last Friday night, November 14, 1947, the boys and girls of school age in Clairemont met at the Clairemont Cafe and organized a club. We named it the Bubble Club and the following officers were elected:

President, T. F. Baze; Vice President, Merle Medley; Secretary and Treasurer, Helen Abercrombie; and Program Leader, Jonnie Nell Rogers. We also selected our sponsors as Mrs. Della Churchill, Mrs. Bill Cathey, and Mrs. Charley Whitfield, and our colors as blue and white.

Games were played and the evening was enjoyed by all. Our next meeting will be Friday, November 21st at the home of Mrs. Bill Cathey. We will decide on a play for Christmas and other amusements for the coming months. Those present for the meeting were: T. F. Baze, Merle Medley, Helen Abercrombie, Janice Rogers, Louise Kirkendoll, Paula Jane King and Jonnie Nell Rogers.

William D. Hall of Carlsbad, New Mexico spent last week end in Jayton with his parents Mr. and Mrs. D. Hall.

Dr. and Mrs. W. J. Garrett of Van Texas visited his parents Mr. and Mrs. W. J. Garrett last Tuesday.

Mrs. J. A. Marsh of San Francisco California visited her parents Mr. and Mrs. Tom Fowler last week.

Mr. and Mrs. Bill Harrison and children spent last Sunday in Brownfield, Texas.

General Rains For This Area

For the first time in several long dry months the streets of Jayton are a sea of mud. Fields and pastures are drenched with the life giving liquid called rain.

There is sufficient moisture to plant wheat and other small grain, and the farmers that were lucky enough to have small grain already up are assured of good winter pastures.

Jayton received .75 of an inch of rain last Thursday and Thursday night. Late Sunday evening the rain started falling again and continued most of Sunday night and all day Monday, totaling 1.15 inches for this 24 hour period.

This rain will stop all harvest efforts for a week or more, but most farmers have the bulk of their crops already gathered.

Mahon Says His Italian Aid Beliefs Same As Marshall's

Washington. — Rep. George H. Mahon of Colorado City, who made an extensive inspection of Italy this summer, Monday declared his announced belief that Italy will not need any assistance until March and Secretary of State Marshall's call for aid to Italy by December 1 "actually amount to the same thing."

"It is just a question of timing the way you look at it," said the West Texan, who is a high-ranking member of the House appropriation committee, which will have to vote the money to Italy.

Mahon is in favor of the president's recommendation for stop-gap aid to western European countries — "Although I'm not ready to talk about amounts of money yet," he adds.

Mahon says that Italy will not have "eaten her last crumb" until next month, as he previously announced on his return from Italy last month.

"However," Mahon added, "you don't want the country down to its last crumb before you start sending her food, if you're going to send it. If we appropriate the money now, it doesn't mean that the wheat is going to be bought immediately and rushed over full speed ahead. It takes a while to get the chain started—to have the pipelines of supply filled and flowing out over there."

He also said that it is important for the Italian people to know what the United States is going to do.

Mahon said it is imperative to vote the stop-gap assistance if we are going to continue carrying out our present policy.

All of western Europe will collapse before communism if the aid is not sent, the congressman said. "It would cost us a lot more than the stop-gap aid will—in more ways than one—if we do not send it," he declared.

Big Heart in Kansas

Kingtown is a little dot on the Kansas wheat prairie just south of the old cattle town, Dodge City. There since 1905 David White has farmed. Look at that man and you will see that White has been through plenty the last forty-two years. He knows what panic is. He knows what it is to go to bed choking from the dust that swirls up from the dry, stubbleless soil. Wheat farming is opulence one year, bankruptcy the next.

But wheat farmers have done well the last few years, what with good prices, good demand, good rains. The Kansas prairies have been green. Kansas sons and daughters are said to be off in college in undreamed-of luxury.

Gaunt, ruddy-cheeked Frank White made a decision the other day. The Friendship Train was coming through. Others are not so fortunate, he mused. So White and his good wife went to town and loaded five boxcars of that train with wheat — more than \$20,000 worth at today's price.

"Oh," he said, "it made us feel so good . . . and maybe we'll give some more." Now don't forget that Kingtown may be black with dust next year; Frank White may need that \$20,000. But next year is next year. In a countryman's homey philosophy, White knows the good Lord has blessed him, so he figures he will return the favor. You feel humble in the thought of a heart like that.

—The Dallas News.

Mr. and Mrs. Randle Hamby and sons Jim and Jerry of Seymour, Texas brought Mrs. J. T. Hamby to visit Mrs. W. S. Hancock.

News From The County Agents' Office

The Area Sears Boar and Gilt show was held in Sweetwater, Saturday, November 15, with the top gilts and boar from Kent, Nolan, Mitchell, Fisher, Scurry, and Stone-wall Counties being shown.

Kent Counties first place gilt owned by Bernice Goodall of the Girard 4-H Club placed fourth in the area competition and won \$20 in prize money. Jimmie Lee Bural's boar placed fifth in the show and won \$15 in prizes.

Grand Championship honors in the gilt class went to Nolan County and the Grand Champion Boar of the show was from Fisher County.

Texas Live A Long Time

That's the opinion of E. P. Simmons, president of Sanger Bros., Dallas, after a state-wide search for 90 year old Texans whose birth-dates coincided with that of Sanger Bros. disclosed three oldsters who were also born on November 7, 1857.

In observance of the occasion, Mr. Simmons sent birthday greetings to the three old timers and asked what they would like for a 90th birthday present.

Mr. B. S. Montgomery, White-wright, Grayson County, decided he would like an easy chair and an ottoman. Both to be presented to him on his birthday at a party attended by three of his ten grandchildren.

Mr. G. F. Eumar, McKinney, Collin County, shut-in, asked for a battery radio to help him pass the time.

The third 90 year old, Mrs. W. E. Pinkston, Chireno, Nacogdoches County, has not yet told Sanger Bros. officials what she wants for her gift.

"We are happy to salute these pioneers," Mr. Simmons stated in extending birthday congratulations to the three old timers. "That they have defeated life's adversities so long is ample proof that they are of hardy, determined stock — the kind which builds great states such as Texas."

Mr. Simmons also said he deeply appreciated the hundreds of letters sent in about other venerable Texans. "The response was beyond our expectation and we are honored by the interest shown," he declared.

Fruit Spotlight

College Station. — The movement of citrus fruits from the Rio Grande Valley has started. And that means that oranges and grapefruit are in the fruit spotlight.

Citrus fruits are high in food value, and adaptable to any meal of the day as well as for between-meal snacks. They are an important item on winter menus because of the high content of vitamin C.

Louise Mason, extension food preparation specialist for Texas A. and M. College, has several suggestions for the use of these fruits during the day. Chilled orange juice or half a grapefruit are old favorites for breakfast. A salad of orange slices arranged alternately with grapefruit on crisp lettuce is an appetizing fruit at lunch. Fruit cup or broiled grapefruit are good desserts for dinner.

Another fruit dessert which is particularly refreshing after a dinner of roast chicken or turkey is ambrosia, made of sliced oranges and coconuts.

Oranges are good in the lunch-box. They'll be easier for the children to handle if sliced through the middle and then wrapped tightly in waxed paper.

Miss Mason says that citrus fruits should be carefully selected. Good quality fruit is well-shaped, firm and springy to the touch. Fruit that is heavy for its size usually has the most juice. Don't worry if there are rust-colored spots for they are only skin deep and do not affect the quality of the fruit. Oranges don't have to be "orange" to be good, though often growers give them a harmless treatment to bring out the natural color.

Mr. and Mrs. J. W. Sewall are visiting Mr. and Mrs. Anson Sewall and daughter in Denton, Texas and also visiting in Temple, Texas this week.

Mrs. M. D. Fuller and W. C. Dibrell had business in Stamford, Texas Monday of this week.

Mr. and Mrs. John W. Cave of Carlsbad, New Mexico spent last week end in Jayton with their parents, Mr. and Mrs. W. D. Cave and Mr. and Mrs. H. B. Pugh.

BOYCE HOUSE

I like limeade made with plain, and not carbonated water. Orangeade is made with plain water. Lemonade is made with plain water. So what is there so peculiar about wanting limeade made with plain water? But most people prefer it with carbonated and, regardless of my request, that's the way it's always served to me. If and when I ever get limeade with plain water, I'll know that the good old days when the customer was always right have returned.

In a Houston show window, "Shirts made to order, only \$17.50."

"MICKY" AND HIS GANG

By Sam Iger

The material was not beaten gold or woven radium; it was cloth from Czechoslovakia.

Most of us blame nature because we do not become famous. We don't have the voice, the presence or something else. There are many singers with far richer voices than Cantor or Jolson or Durante—but these three have personality. As Durante says, "It's gotta come from the heart."

Opportunity is lacking, did someone say? Irving Berlin began as a singing waiter. He can scarcely pick out a tune with one finger on the piano but he has composed 800 songs many of which have gladdened millions of hearts, and will live as long as the human race.

Edison was deaf. Milton was blind. Byron had a club foot. Napoleon was five feet "tall". Demosthenes had a weak voice but developed it by declaiming against the roar of the ocean.

Paul Revere and Jesse James didn't amount to much until each got a horse.

Say, this pep talk of mine is getting me all fired with ambition!

This cockeyed world: In Houston, on Sunday you can buy a sack of

peanuts at the zoo if you feed 'em to the monkeys. If you take the peanuts home and eat 'em yourself you have broken the law.

Mr. and Mrs. Lee Rice and Inez visited Mr. and Mrs. Herman Bush and family and Lee Rice, Jr. in Lubbock, Texas last Sunday.

Bob Whitaker of Stanton, Texas was a pleasant caller at the Chronicle Office last Friday, and while here renewed his subscription to the Chronicle.

Mr. and Mrs. Grady Jones and family spent last week end in Lubbock, Texas.

Mr. and Mrs. E. E. Reynolds of Odessa, Texas spent last week end in Jayton with her parents Mr. and Mrs. S. R. Lee.

Mrs. J. L. Murdoch of Littlefield and Mrs. Agnes Worsham of Fort Worth spent last week end in Jayton with her parents Mr. and Mrs. S. R. Lee.

Mrs. J. H. Montgomery visited her brother Dr. Clark in Cisco, Texas last week. Dr. Clark is recovering from a serious illness.

Mr. and Mrs. Odell Harrison and Mr. and Mrs. O. Y. Healer, had business in Lubbock, Texas last Saturday.

School News

SENIOR NEWS

We are here again to bring you all the latest news. The seniors would like to thank everyone who attended the junior and senior Bingo party last Saturday night; there was a very nice crowd present. Would you like to have a nice turkey for Thanksgiving? Two turkeys will be given away by the juniors and seniors on the night of November 25th.

Believe it or not, we have examinations next week; those things can really slip up on you. Everyone is happy because of our basketball victories over Old Glory Tuesday night. After a long wait we finally got our flash camera; we can really take some pictures now if we can only find some bulbs. Well so long until next week.

JUNIOR NEWS

We wish to thank the people that helped us with our Bingo party. We worked pretty hard cleaning the building up but after it was over, we were proud of our money as well as work. The Juniors and Seniors so far have been using some good judgment in cooperating. Since we have decided to work together, and have planned to take our trip together; we seem to be getting along better than any Juniors and Seniors in the past. Mr. Hinds and Mr. Herman are our sponsors and we appreciate their interest in us.

We have ordered our play books and we plan to put on a play that everyone will enjoy. We don't plan to have a ball game this week as we are fixing our gym. It is looking real nice and we surely are going to be proud of it. Will see you again next week, until then, keep smiling.

SOPHOMORE NEWS

We are all busy studying for our six weeks tests which we will take next week. They are sanding and refinishing the gym floor this week. We know it is going to look very nice. We were very proud of our sophomore girls and boys who played ball Tuesday night. We are also very proud that we won. So long 'til next week. —Reporter.

FRESHMAN NEWS

We want to thank everyone who contributed money for the new curtain in the auditorium. It looks very nice and we are very proud of it. We want to congratulate Sue Cave who made 6 points, Jearold Stanley who made 2 points, Frank Sandell who made 12 points and all the other ball players for playing such a good game. They were swell. Well, Thursday night we have our Thanksgiving party. I know we will have a swell time. We have invited Mrs. Jones, Mr. Hinds, Mr. Herman, and Mr. Dunlap. We hope they come with an empty stomach because we are going to fill them up.

Mr. and Mrs. Bob Whitaker of Stanton, Texas were business visitors in Jayton Friday.

Health Notes From Austin

Austin. — It is the duty of every citizen, young and old, to help in preventing the spread of disease. Every man, woman and child in Texas has a personal obligation to keep as well as possible, and to protect them from illness. Even the kindergarten age child can be taught to cover a cough or sneeze, to help in preventing the spread of colds or other infectious diseases that start with the symptoms of a cold.

Dr. Geo. W. Cox, State Health Officer, emphasizes the fact that the local health officer can do little to break the chain of communicable disease in the community if he does not have the whole-hearted support of the people. Every case of illness that looks suspicious of being a communicable disease should be immediately reported to the health officer. Physicians report to the county health officer the cases of communicable disease they diagnose as such, but parents often fail in this duty. The local health officer cannot institute control measures if he is not informed of cases or suspected cases of communicable diseases.

Some signs and symptoms which often accompany communicable disease are: red and running eyes; running nose; coughing and sneezing; dizziness or faintness; swelling

about the neck; sore throat; unusual paleness; earache or running ears; feverish appearance; rash; nausea; vomiting or diarrhea; irritability or other change in normal behavior and appearance.

Help to prevent the spread of communicable disease in your neighborhood by observing correct health practices, and reporting promptly any appearance of suspicious symptoms.
