

When some one does some thing we don't like the most of us are quick to criticize and point these things out. How are we when they do some thing we like? Are we as quick to go to them and offer praise as we are criticism? We should be.

More and more as the campaign for Governor warms up we know the only candidate without a label stuck on him. There are the conservatives, the liberals, the "administrative" candidate and the representatives of big business. It appears to us, a man who has served Texas well and now asking for the top job.

He served Dallas County as a capable district attorney. He then was elected to the Supreme court, and then as Attorney General. We think he deserves a promotion.

The records show that Kent County has always liked and supported Judge Wilson. This writer is in that group.

Early in February, we had the privilege of visiting with Judge Wilson in his office at the State Supreme Court Building just off the Capitol in Austin. He has a very charming personality.

We are considered a part of the deep south, and we may not realize it, but we are seeing a steady change in the race and color business. Those members of the Negro race who prove themselves as being worthy are fast being recognized.

The first of the week our son Charles and Jim Richardson who are sports writers for the Texas Tech Toreador were in Dallas for the NCAA play. After the game at the restaurant, they were visiting with members of the Creighton team. Their big star is a Negro, and they were amazed and surprised at how well he was accepted, and cheered by the crowd when he performed well. They said their coach had warned them that Dallas was "another Little Rock." They left feeling a lot better toward Texas and a little peeved at their coach for playing the part of an agitator, presumably to incite them to more effort on the court.

Back in the old plantation days it was the custom that the "Negro Mammy's" practiced raising the white children. Thinking of this, I was amused by a thing I saw a couple of Sundays ago. A patient at the Stamford Memorial hospital, I felt pretty good. Early in the morning I had on my robe and slippers and walked down the hall, and stopped to look at the nursery window. A young nurse was inside the nursery doing something with one of the babies. Early that morning a little Negro baby had been born. When she saw me at the window, she looked up the little brown skin and brought him to the window where I could look at him. He opened his big eyes and looked around, and it seemed that a faint smile came on his face, as if to ask the question: "how am I doing?"

One man told us recently that things were sure getting dull in Jayton. He said for the past three weeks there has not been a thing in the Chronicle that is controversial. I just give us time to get back on our feet again and we will change that.

So long, see you next week.

FOUNDERS DAY BANQUET HELD BY LOCAL PTA GROUP

Meeting Called On Control of The Screw Worm

An important meeting of livestock producers will be held in the district courtroom Tuesday night, March 20 at 7:30 p. m. to discuss the screw worm control program, states County Agent Mark A. Geeslin. The Texas program and the part Kent Countians can contribute to it will be discussed. The Southwest Animal Research Foundation began to sponsor the screw worm control program during the winter months. Each county's producers are making contributions to assist the research foundation in their drive to control the costly pest. All who are interested in the control of the screw worm are urged to attend the meeting and participate in the drive in Kent County.

such small babies. She says don't believe everything you hear, this baby was the same color, all the time from the time she took it.

It seems that the Spur editor has marked us off his list for good. And we were trying so hard to get along with him too. He suggested in his paper he thought we should buy steaks at Bell's in Spur for himself, his wife and his two sons. In an effort to get along with him we sent the money to Mr. Bell, to pay for the steaks and have a receipt for them. Now it does seem that he would have at least thanked us for these steaks, doesn't it? Especially since he had bragged in advance about how good steaks that Bell served.

And our boys had to eat bologna sandwiches for almost a week, to help pay for them too!

Senior Class Members Honored With Banquet

Tuesday night of this week a banquet was held at the First Baptist Church honoring members of the Jayton graduating class. Dr. Bill Thorn, pastor of Calvary Baptist Church of Lubbock was guest speaker. He told the class "Our Wings Are Drooping" when we are filled with self pity, no sense of humor, looking to the past and when we do not follow the guidance of God for the future. He was praised by members of the church as being an entertaining and inspirational speaker.

Election On Tax Rate Called By School Board

At a meeting of the Jayton School board Monday night, the trustees called an election to be held on April 7th under Article 2784e-1, Senate Bill 116 which in effect is to determine if the taxpayers want to lift the 1.50 maximum tax rate for the school district. This new law, permits a school district to set aside the 1.50 maximum rate, by a majority vote of the taxpayers. This election will be held at the same time as the trustee election, according to Supt. Chas. O. Champion. Champion lists other action taken by the board as follows: Voted to accept the resignation of G. E. Marcy. Voted to offer all the other teachers renewal contracts. Accepted the report of the textbook committee. On this committee were G. E. Marcy, Norman Hahn, Lou Durlap, Zephie Brown and Chas. O. Champion. Voted to raise the salary of Ed Hilton by \$10 per month. Champion said this was to "maintain the balance" of the salaries among the maintenance employees of the school. Also the routine matter of paying the bills. In a special meeting held on Feb. 27, he reports, Bro. Pierce resigned as bus driver on the Claremont bus and J. B. Stanley became the new driver. Election judges were appointed to hold the school elections. Locally, Bill Verrell, Bob Hamilton, and Mrs. W. C. Dibrell, Claremont Mrs. L. A. Wall, Mrs. Clarence Benningfield and Mrs. Frank Simmons. The board approved a trip by the Texas History Class, to Austin, San Antonio and Houston. This group left here Thursday and returned on Sunday. Sponsors on this trip were G. E. Marcy and Mr. and Mrs. Norman Hahn.

Truck Stops After Moving Wall of Drug Store

A trucker from Lockney with a trailer-tractor load of grain had a bit of hard luck here Saturday right and his truck plowed into the drug store. He said that a pickup started around another vehicle and he had to leave the road to avoid a headon. His truck straddled the bridge abutment north of the drug store and he lost control. He had it almost stopped as it plowed into the south wall of the drug store. Rex Alexander, owner of the drug store estimated his damages at about \$500.

The girls studied on their "Forward Steps" and Sheryl Koonce gave a chapter of our mission book. All reported a good time.

GRAND PARENTS EAT CHICKEN AND PLAY GAMES

The Grand Parents Club met at their regular place March 9 at 7 p. m. We had a barbeque chicken with all the trimmings. Every one ate so much they were almost too lazy to play 42. But we finally got started and from all of the laughing and loud talk you could tell every one was having a big time.

We will have to say the men sure did a good job with the chicken. Did you know they were such good cooks. After the meal was finished the president Mrs. Elbert Walker called a meeting. The secretary Mrs. Odessa Jones read the minutes. A collection was taken to pay for the chickens. All the members were present so we had some chicken left. Everyone wanted to buy them and they were all sold.

There were 33 present with some new members. The new ones were Msrs and Mmes. M. D. Fuller, J. R. George, Bennie Carriker, Mrs. F. H.

McGaha and Mrs. Willie Rose. Other members present were Msrs. and Mmes. E. E. Spicer, Truman Murdoch, G. H. Brown, Merle Jay, Bill Vencil, Charlie Kimmell, Walker, Grady Jones, R. D. Hooper, Robert Harrison, L. v. Pritchard, Jackson East, Jess Hall.

Our next meeting will be the 13th of April. The hostesses are to be Mrs. Spicer, Mrs. Murdoch and Mrs. Harrison.

Everyone that was not present missed a good supper besides the fellowship with everyone.

Someone went outside and come back and reported it was raining and that made all the farmers perk up. But the rain didn't last long enough but it gave us hopes that it might rain in the near future.

Everyone be sure to come to the meeting next time on the 13th, Friday. Let us hope it will be a good lucky day. We are learning to know

Water Survey For Kent County Is Planned

Tuesday night of last week a representative of the Texas Water Commission met with a local group to study a proposed survey to determine the feasibility of under ground water for irrigation, domestic and commercial use.

This proposed survey would cost in the vicinity of \$40,000 with about \$10,000 to be paid locally, \$18,000 from national and \$12,000 from state funds.

County Judge Young said the Commissioners Court might consider the raising of the local funds, if it met the approval of the people of the

Milton Sandell Suffers Injury

Milton Sandell is a patient in the Stamford Memorial hospital suffering from exposure and a broken hip.

He was out feeding his cattle Saturday, when he fell and fractured his hip.

He lives by himself, and a number of people tried to call him Saturday and Sunday. Late Sunday his daughter Hartene North went to see about him. After falling he had managed to drag himself to the barn and get shelter from the wind and cold.

He is being treated for exposure before being treated for the broken hip.

Mrs. North said Thursday he was not feeling well.

Judge Young Makes Statement

In making my formal announcement for county judge and ex-officio county school superintendent, I want to thank every one in Kent County for the courtesies shown me the past three years and hope the way in which the office has been handled that you have been amply repaid. You are the judge as to whether I have been a success and I feel you have answered that question in the affirmative by not providing me an opponent in the coming election for your more years.

I hope to see all the voters before election day and in the meantime I want to assure you that I do not believe that by not having an opponent justifies any relaxation on my part pertaining to the duties of the office for another term.

My office door remains open at all times and is your sign of welcome to visit or discuss any problem you might have. Your vote on May 5 and your continued support there after will be greatly appreciated.

Plans Started For Copper Tubing Plant

Plans were begun at a meeting in Jayton Thursday night, to organize a new corporation, and begin plans to open a copper tubing plant in Kent County.

This group says the Ernest and Ernest report has been completed and it shows that a plant of such nature is feasible here.

The new corporation planned will be known as "The Texas Copper and Manufacturing Corporation, and the paper work is now being done to get a charter from the State.

A group composed of Robert Hall, G. L. Hamilton and D. J. Young told the Chronicle late Thursday a meeting will be held Monday night, the purpose of which is to take pledges and money for stock in this new corporation.

Many decisions are yet to be made they said, such as naming the officers and directors, and the amount of capital stock to be sold, and the price per share.

"We have definitely started on it" they said. "It is now a reality."

Human Skeleton Is Unearthed Near Girard Saturday

There was quite a bit of excitement around Girard last Saturday when Robert and Don Bradshaw unearthed an almost complete human skeleton.

They were hurrying for a call on Duck Creek about a mile and a half west of Girard on what is known as the T. A. Bailey place when they saw the leg bones protruding from the earth. They went back in to the side of a cliff.

By the use of ropes they made a contraption which enabled them to dig the skeleton out of the sandy hillside, almost complete with the exception of the feet.

Al Young, brother in law to Robert Bradshaw, took the skeleton to the Snyder School lab where they have been making a study of it. They think it is that of an Indian.

While general opinion is that most of the Indian skeletons have long decomposed this was imbedded in sand and they think it is possible that it was not so badly decayed.

County Judge Young said his son Al would probably turn it over to State Police when they had finished their study, County.

IS THE BIBLE CATHOLIC?

Our Catholic friends call us "Protestant" because we protest against much of their teaching - just as they protest against our teaching. In fact, a recent series of Catholic articles have appeared in the newspapers. Such publicity for their views and ours is entirely in accordance with our American freedom of the press. It is wonderful to live in a country where friends and neighbors of differing faiths may consider their differences with mutual respect.

This article is presented with the conviction that there are sincere, honest people in

all churches. But just as Paul was completely sincere while he was completely in error and persecuted Christians so today good, honest people may be in religious error. We trust that each reader will examine the Scriptures to see whether things are so. The bible is right.

Now, is the BIBLE CATHOLIC? The bible teaches that:

1. Christ is the ONLY head of the true church. Eph. 1:22; Col. 1:12.
2. Peter is never described in the Bible as being the head of the church.
3. The "keys" of the kingdom were given to him and the power of binding and loosing was given to him and to all of the apostles. Matt. 16:18-19 and delegated to any so-called

"successors" of the apostles. The foundation of the church is Christ and all of the Apostles, not Peter alone. 1 Cor. 3:11 and Eph. 2:19-29.

3. Peter does not fit the Papal pattern, because,

- (a). He was a married man. Matt. 8:14.
- (b). He would not allow others to bow down before him. Acts 10:25-26.
- (c). He was not infallible, and when he was found in error he was reproved before the whole assembly by Paul. Gal. 2:11-14.
- (d). There is no biblical evidence he was ever in Rome.
- (e). Leaders in the true church are called elders and bishops. They are required to be married men with believing children. Titus 1:5-6. These

"Meet a friend of mine who-

owns a share of my company!"

... He's an investor

This friend of mine is a pretty good auto mechanic. He worked hard and saved some money. He wanted to invest his money in a privately-owned company. Lucky for me he picked my company. He bought some shares of stock. So this friend became one of the thousands of people who own my company. AND THIS IS WHAT WE MEAN WHEN WE SAY - "We are an investor-owned company."

West Texas Utilities Company

men had the oversight of only one congregation. Phil. 1:1. Each church was independent. There is no mention in the New Testament of the church ever being governed by popes, cardinals and priests, unmarried men.

5. The New Testament is a complete and perfect guide in all spiritual matters. 2 Tim. 3:16-17; 1 Cor. 4:5. We are told not to go beyond this perfect guide, 2 John 9. The church and its leaders have never been given authority to make religious rules articles of faith, or creeds. Hence there would be no need for church councils, synods, conferences, or centralized church governments.

6. Christian worship is described in the New Testament as being simple and heart felt, warned against various religious seasons and festivals. Gal. Acts 2:42; Col. 3:16-17. We are 4:10-11. Such things as incense, robes, holy water, infant baptism, sprinkling, candles, instrumental music, prayer beads and bowing before images have not been authorized by God for christian worship. These practices have been introduced by men without God's authority. Jesus said that the teaching of men's doctrines makes worship vain. Matt. 15:3.

7. Paul said he would rather speak five words that could be understood than to speak 10,000 words in a tongue that was not understood. Would he have conducted a service in Latin before a congregation that spoke English, 1 Cor. 14:19.

8. Jesus loved His mother Mary but he taught plainly that every obedient disciple was as dear to Him as His own mother. Matt. 12:46-50, Mark 3:31-35; Luke 8:19-21. Mary was not set forth as one to be worshipped, nor are we to bow down before her or her image. We are to worship God.

9. The Scriptures foretell that some shall "depart from the faith forbidding to marry, and commanding to abstain from meats." Today, we are seeing this departure in churches that forbid their leaders to marry and command the abstaining from meats on Friday. 1 Tim. 4:1-3-10. In regard to religious titles, Jesus said "Call no man father." Matt. 23:9. He also forbid His disciples to be called Rabbi or Master. Matt. 23:8-12.

The use of religious titles is contrary to the plain teachings of the Bible. The great Apostle Paul was referred to simply as "Brother Paul." 2 Peter 3:15.

Congregations of Christians are referred to as "churches of Christ" Romans 16:16. They exist today, scriptural in name, organization, work and worship. If we can persuade others to forsake religious error and return to Bible ways, God will be pleased. In the language of Paul, "Am I therefore become your enemy because I tell you the truth?"

We stand ready to study the Scriptures with anyone who requests it. Questions on Bible matters may be sent to us. We are ready to engage in private discussion with any church leaders.

Hands Injured As Tire Explodes

C. C. York, the past few days has been carrying both hands bandaged up, with his right thumb badly dislocated.

The injury happened as he was airing up a tire on his plane and it blew the rim off. He is being treated at Kendrick's in Abilene.

We are sorry that we have not been able to handle all of the news that has been sent in this week.

Maybe by next week the line type operator will be feeling better and can get the type set on all of it.
