work-saving appliances.

Something you should think about

if you're about to buy a truck:

cost the same to keep up, were worth the

same at trade-in . . . then probably the

price tag would be your only concern.

It can't be, of course, because some trucks

have more quality than others. And marks

of quality are the real keys to low cost. Chevrolet trucks, for example, have

double-wall construction, which gives

bodies and cabs more strength. Cabs are

insulated against heat, cold and noise. A

big part of road shock, which shortens

truck life, is damped out by Chevrolet's

suspension system; it also makes riding

in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress
