ASU COACH JAMES CAMERON ... With Jayton's Jim Willie Phillips

Jayton Lineman Signs With ASU

Angelo State University head football coach James Cameron signed one of the best lineman prospects I've seen Tuesday afternoon in Jayton's Jim Willie Phillips. Phillips, a 6-4, 240-pounder, was overlooked in earlier recruiting but according to Cameron, "He looks like one of the top prospects in the area. He's got the size and he's only 17 years old. He's still growing."

Open Horse Show Is Slated For Lubbock Fair

An open horse show has been scheduled in connection with the 55th annual Panhandle South Plains Fair here Sept. 25-30. The show will be conducted on Friday, Sept. 29 and will be judged by Mrs. John Cowgill of Milan, Mo. Ken Cook is show superintendent, Jimmie D. Walker and Mack Heald are assistants and D'Lynn Whitten will serve as secretary.

Two free attractions-- "The Sensational Leighs" performing on the giant space wheel and Tony, the organ grinder, and Chris the wonder monkey--will be on hand to thrill fairgoers this year. In addition to Gene Ledel's million dollar mid-

field border plantings. Selections are also being made to solve problems dealing with problem soils such as sand soils, heavy clay soils etc. Alsoplants are being evaluated to solve specific problems such as; plants needed on saline soils, plants needed for pollution abatement values, plants that will prevent wave action damage on earthen dams, and plants that will stabilize sand dunes.

What Life Has Taught Me

I thought these scattering lines might be of a little interest to some of the readers. The comedy at least, believe it or not, is all true. I have been thrown from horses, kicked by mules, bit by dogs and pulled out of deep water many years ago. I had a bad heart attack could barely walk for two weeks. Have never had another one. Had a near fatal case of acute indigestion; had a spell of double pneumonia and two cases of blood poisoning. In 1918, I was farming just south of Jayton. I lived alone in a four room house just east of where Jack Meyers lives now. The Spanish influenza was raging, people were dying. Doctors were going day and night. People who did not have the disease were scared all most out of their minds. No doctor saw me. It was nice weather shortly before Thanksgiving when I got sick. I had a good stove, my brother would come in early morning and late afternoon and bring in a load of stove wood, ask me how I felt and take a hasty departure. His folks never took the disease. At night, my fever ran so high that I would have grown delirious. For four days I had but little nourishment but God spared my life and I recovered.

Thompson Funeral Saturday

Services for D. D. "Buck" Thompson, 59, of Girard were held at 3 p.m. Saturday in the First Baptist Church with the Rev. Norris Taylor, pastor officiating. Burial was in Girard Cemetery under direction of Campbell Funeral Home. Thompson died about 9:55 p.m. Thursday in West Texas Medical Center in Abilene following an extended illness. A native of Hill County, Thompson came to Kent County in 1926. He was a farmer and a member of the First Baptist Church. Survivors include his wife; two daughters, Mrs. Veda Howell and Mrs. Reva Cannon, both of Spur; a brother, Guy Thompson of Dickens; two sisters, Mrs. Travis Wilson of Girard and Mrs. Pearl Patton of Spur; and four grandchildren.

The New Look

Many readers of the Jayton Chronicle are saying they are now getting the best looking, and most newsworthy ever printed in the history of the paper, and we are not trying to argue with them. Also the paper has the largest subscription list in recent years. Had you noticed the new look of the paper. The Chronicle publishers have recently purchased modern computerized typesetting machines, and we think the new look really gives the paper a modern look. If it don't we sure poured a lot of money down the drain.

August Rains 12.62 Inches

Veteran Kent County weather observers seem to think the drought is broken. Since August 1 it has rained a total of 13.72 inches in Jayton, according to Ray Smith's gauge. The August rainfall was 12.62, and then there was .55 of an inch Sept. 1st, and .55 again the second. Here is the way the August rainfall happened:

It's Football Time!

For all the Jaybirds, in Jayton and through out the area, this is the big week, the beginning of football season, with the first game coming up Friday night in Roscoe. Also this will be the beginning of the popular feature the Chronicle has been running for several years, the football booster and contest page. The contest starts this Friday and runs through the football season as long as the Jaybirds are playing.

Jaybirds Open Season Friday Night At Roscoe

The Fighting Jaybirds will open the new football season this Friday night at eight o'clock at Roscoe against the hard hitting Roscoe Plowboys. This exchange of games with Roscoe has been one of the best the Jaybirds have scheduled, and they are about evenly divided in wins. The Birds will need this victory to get them off to a good start. All fans are urged to be on hand at the kickoff and boost the Birds.

Back Home

Mrs. Fletcher Rich of Girard and Mrs. J. P. Hale from Spur returned this week from a tour of 13 states and Canada. They visited Washington D.C., Baltimore, New York City, Niagara Falls, Ontario in Canada, Detroit, Louisville, and Nashville, Tenn. They both agree that Dickens and Kent Counties are the best places in the world to live.

Draft Board To Close

Local Draft Board No. 80 in Jayton, will be closed from September 11, to September 13th, it has been announced. Local Board Executive Secretary Roseanna Johnson will be out of the office during this period of time to attend a state-wide training conference of Selective Service personnel in Texas. Individuals wishing to register during this period of time should contact Mrs. Edna Bilberry, Spur, Mr. Fred Arrington, Dickens, Mrs. Patricia Gholson, Aspermont or Mrs. Betty Smith, Aspermont.

Steward Gets NTSU Degree

Calvin Ray Stewart of Jayton was among 1,180 students from 38 states and 10 foreign countries receiving degrees at summer commencement Aug. 19 at North Texas State University. Conferred were 670 bachelor's degrees, 458 master's and 52 doctor's degrees, including the first master of science degree ever awarded by N T S U in Computer science. Stewart, son of Mr. and Mrs. Alvin D. Stewart, Jayton, was awarded a master of business administration degree in accounting.

Knox City Field Day Is Sept. 13th

September 13th is the day set for the Knox City Plant Materials Center Field day. This is a day of interest to the local people because of their ability to evaluate practically all grasses that are of importance to this area and to take a good look at the latest in new grasses, forbs, and shrubs being evaluated for use. There are some 1200 strains of 325 plants being grown and tested at the Soil Conservation Service Center. The chief goal of the SCS plant materials work is to find new strains of plants that will solve specific conservation problems. The specific problems being studied at the present time are problems relating to selection of grasses, forbs, legumes, and shrubs which have dual values to be used by livestock and wildlife. Land owners can use these in range seeding mixtures, travel lane seeding, and

Jayton FHA Elects Officers

The FHA officers met Tuesday night to discuss the events for the school year 1972-73. They planned parties, banquets and lots of fun and excitement for everyone. They are really looking forward to a great year. Officers are: President-Bobbette Hamilton; Vice president-Judith Duboise; secretary-Donna Land; treasurer - Billie McMeans; reporter-historian-Pam Kelley; parliamentarian-Minette Geeslin song leader - Stephanie Owens; and pianist-Terry English.

TEXAS PRESS ASSOCIATION

As It Looks From Here

By Rep. Omar Burleson
Member of Congress, Texas

Something called "Social Services," administered by the various states and subsidized by \$3.00 to \$1.00 in Federal funds, is another program out of control, proving wasteful and ineffective according to reports.

The provision allowing wasteful, and in most instances unproductive, expenditures, is a part of the Health, Education and Welfare appropriation bill of 1967. This section of a 237-page bill provides that the Federal Government will match 3 to 1 money spent by the states for such things as helping people adjust when they go off welfare and on instruction as to how to stay off welfare. In fact, funds can be used to inform people how to get on welfare.

The entire section is vague and subject to many interpretations, depending on state employees to make decisions. The Federal money is "open-minded," which means the Federal Government must pay \$3.00 for every \$1.00 spent by the states virtually with out limit.

Between 1967 and 1969 the cost in Federal funds amounted to \$354 Million. It is estimated that this year's cost will run to a total of \$4.8 Billion.

This increase, according to officials administering the Federal end of the program, comes about by the states having learned how to get more of these funds.

California is receiving about 40 percent of the total. Massachusetts comes along with huge handouts which supports a goodly part of their entire budget.

Mississippi, which drew less than \$2 Million last year, is asking for \$463 Million, about two-thirds of its entire State budget. Alaska, with a population of 300,000, less than 3/4th that of our 17th Congressional District, has \$20 Million. The State of Maryland, here near the Federal trough, has management consultants to justify an increase of 1,825 percent to the sum of \$418 Million. By contrast, Minnesota, with a population approximately that of Maryland, is requesting \$96.5 Million. Our own State of Texas had originally asked for \$42.3 Million for 1973. That figure has now been upped to \$178,621,000 an increase of 3,210 percent.

Worst of all about this program, or better to say, this direct handout, is that no real audit as to how

and for what the money is spent is required. Reimbursement is claimed for spending, not only by state and local governments, but by private agencies. In other words, the money is handed over and no questions asked. And we wonder how spending has gotten out of control.

There is growing indication that Federal funds are being used to replace existing state expenditures, rather than augment the supply of social services to needy people as the legislation intended. The Chairman of the Joint Economic Committee of the Congress has said that some of the services included in the program may be badly needed by the poor but the uncontrolled subsidy is not the best way to insure they are provided.

The committee has scheduled hearings to inquire into these operations. State officials will be asked to explain how increases in requested Federal funds benefit former, current, or potential welfare recipients. Federal officials will be called on to explain how Federal funds are disbursed so freely without more accounting.

One of the first questions some of us want to ask is about a case reported from Boston. How does the old boy who is working to afford a much needed new refrigerator feel when he sees the person next door get one for nothing? From reports it came from "social services."

THIS WEEK.....
from page 1

I enjoy all these games, I am not too enthused with the wrestling, because it doesn't seem honest, but baseball, football, track and field, golf, bowling, horses, etc. are interesting enough to watch.

You may not find too much to watch this fall if you don't want these sports.

It has been said that the most important factor in West Texas farming is to have plenty of water. This being, most of our farmers should be happy now.

I heard one irrigation farmer talking to another Monday. "Have you turned off your wells?" he asked. The answer was obvious.

Ralls City Marshal James Isbell was alerted on the police radio to check for a 1972 black Ford coming through town, and to stop it.

He saw the car coming down the highway, stopped it and approached the driver. He asked for his drivers license, checked it out and then told the driver "Sir, I think you left your wife at a service station back in Guthrie."

"No, you are wrong" the driver said. She is right here in the back seat of the car sleeping" and he turned and pointed to the back seat. The wife was not there. The man was really surprised.

Travelling across country they were alternating between driving and sleeping. He had stopped at Guthrie to get gas. While there he did not know his wife had gone to the rest room. He finished his business and drove off. I am just wondering what the conversation was when he got back to Guthrie.

Health & Science Shorts
Hay fever victims are advised to wear glasses, and preferably the large type, during "the season" to avoid the possibility of pollen becoming trapped in the eyes. They should also keep doors and windows closed, particularly on windy, dry days. An air conditioner turned to "recirculate" is helpful on high count days, staying home is recommended. Household garden and insect sprays, and solutions with strong odors should be avoided.

Antihistamine drugs are usually helpful in controlling the sneezing, swelling and itching of eyes, nose and throat. A nasal spray such as NTZ which contains an effective decongestant and antihistamine is often recommended for temporary relief because it is mild and effective. Or, a physician may prescribe a tablet with a similar combination. Sometimes eye drops help, too.

Generally, the hay fever season reaches its peak between August 15 and September 15th. However, in some areas it lasts until November.

About People You Know

J. L. Smith and wife and daughter of Fremont and Long Beach, California spent last week with Louise's parents. The Morelands all spent two days and nights with R. A. Jr. at Lubbock. R. A. has a nice apartment. They saw all the high spots of the growing city, but were more impressed with the Texas Tech Museum, which is truly a wonderful place.

Nicky Taylor, the son of Mr. and Mrs. George Taylor of Girard was seeing the doctor one day last week.

Jim Rider has been on the sick list last week. Ricky and Marsanette Kyle are getting the building finished they started last year. If only the weather will stay clear.

Don't forget folks the fair is soon to be here and then the Jayton Ex-student Homecoming the following week. Should be a pretty busy time for everyone.

The Avalanche Journal in writing about Jayton getting 12 inches of rain in August is probably pretty well right from where the gauge was read, but just a little way say a mile or so the amount is much more when the gauge our house reads an inch or two more, out at the farm it was usually much more around three or more and some places got even more

than we have, and very close to Jayton. Jayton women said they emptied their 6 inch gauge twice over just one weekend, and folks, its still raining. Just might as well start planting some pine trees and do you think maybe the pine trees will grow as well as the care-less weeds? But then we would have ticks and such. Guess we will stay with cotton.

Mike Owen was telling that he killed a rattler in his yard under the picture window a week before last with seven rattles and a Burton. It almost bit one of his daughters. With all bad weather the snakes will soon be hibernating and looking for a place to winter and get out from the water. Just might keep a weather eye out for them.

There are reports that the boll weevils are getting a head start, and they can do more damage in a few short weeks than can even be imagined. They can destroy the work of a farmer which took him all spring and summer to make.

Monday, Sept. 4, and Laborday--it is very quiet as all or most of the businesses are closed. Hope everyone had a nice holiday and all were safe and snug at home afterwards.

Congratulations to Mr. and Mrs. Zedrick Chisum of Aspermont, on the birth

of a daughter weighing 9 lbs, 6 1/4 ozs. named Belinda Kay measuring 19 inches, at the Stamford Hospital August 30, 4:15 p. m.

Maternal grand parents are Mr. and Mrs. A. B. Meador of Peacock and paternal grandparents are Mr. and Mrs. Frank Chisum of Jayton. Mr. and Mrs. Sam Johnson are paternal great-grand-parents and Bruce Meador of Peacock is maternal grand-parent.

Mr. and Mrs. Bobby Grice have moved to Aspermont where he is employed by the Joe Rymes Oil Co.

Mr. and Mrs. Ben Boland spent last weekend at Huntsville with Mr. and Mrs. Gerald Boland and family. They have moved there recently, where Gerald is manager of dept. of the firm he now works with.

Mr. and Mrs. Edna Boyd and daughter Venita of Post visited with her mother Oleta Moore over the labor day weekend.

Mr. and Mrs. Jack Smith of California visited with her parents Mr. and Mrs. R. A. Moreland and R. A. Jr. last week.

Jess Hall was suddenly ill last Monday and was rushed to the Methodist Hospital and at last reported he is doing much better.

Mrs. Jess Hall spent the weekend with Mr. and Mrs. Dale Moore at Aspermont, while Mr. Hall was in the hospital.

Melody SoRelle is in the University Hospital in Lubbock after breaking her hip in a fall, while riding her bicycle near McAtreers. It is hoped she will be able to come home about Tuesday or Wednesday of this week. She will be on crutches about three months.

Our sympathy to the family of Buck Thompson of Girard, Buck had been very

ill for some time, moved to Kent County in 1926.

Mrs. Pat Goodall was in Jayton on business doing some visiting. Jan Johnson the daughter of Mr. and Mrs. Roll Johnson is now falling while riding a bicycle. She has several scrapes.

Bob Long the son of Mr. and Mrs. James Long Girard is in the Stamford Hospital where he had appendectomy last week.

ATTEND CHURCH SUNDAY

More than a FRIEND

Did you ever have a pal who was like a second shadow to you... a friend who was always there when you needed him... someone who laughed with you when you were happy, and comforted you when your turtle died or your puppy ran away?

Our world is a big place, and people, even close friends, can't always stay together. One day you had to say "goodbye" and go your separate ways.

Since then, you've found new friends. You've also found an emptiness, a need, which people alone could not satisfy. We need a goal at the end of life's path and unfailing strength and guidance along the way.

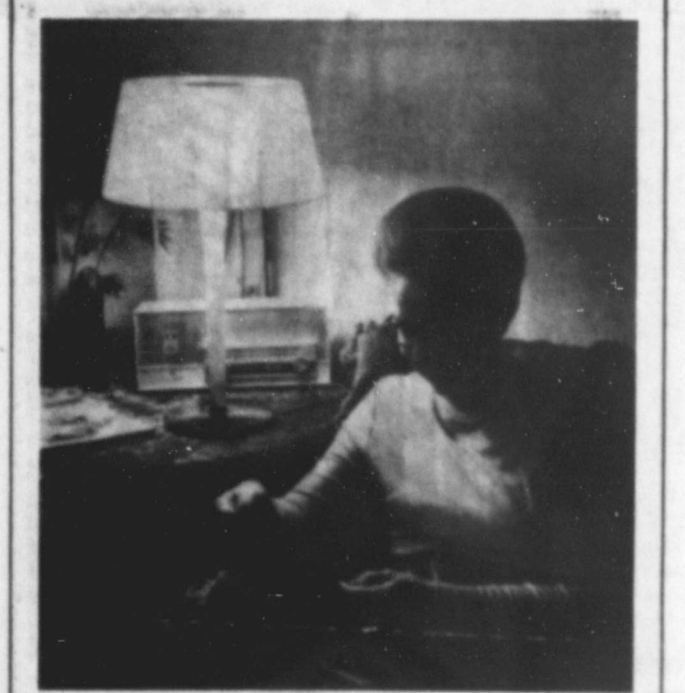

Only God can fill this emptiness.
Only God can be with you the entire length of your path.
And when you reach the end? Only God can take you safely beyond.

Come to church this Sunday. You don't have to walk alone.

IT NEVER FAILS

Mal PC-2H OPPOSING TEAMS—Gene Hackman, a crime syndicate leader and Lee Marvin, an opposing gangland "enforcer," exchange a few tense words in Cinema Center Films' "PRIME CUT," a hard-hitting action drama about gangland rivalry and violence in America today. The National General Pictures release also stars Lee Marvin and was directed by Michael Ritchie from a screenplay by Robert Dillon. Showing Sept. 6-12 at Cinema I in Snyder

dogs, left at large, have been frowned upon as a kind of booby trap.

"A savage dog," observed one judge, "is a dangerous instrument."

Nonetheless, milder measures may be justified. Take this case: A suburban home owner, tired of having trespassers tramping across his lawn, stretched a barbed wire fence from a corner of his house to a corner of the lot.

Not long afterward, a man was hurt trying to scale the fence. Suing for damages, he charged that such a fence was "meant to injure people."

But the court decided that the fence, with its barbs in plain sight, was meant simply to make trespassing more difficult — a perfectly legitimate purpose for a property owner.

It is worth mention, however, that this particular fence was not placed alongside a public sidewalk. In some communities, that would be forbidden by local ordinance. Reason: too much chance of injuring an innocent passerby.

For After School Snacks

CRANBERRY QUICK BREAD

- 2 cups flour
- 1 teaspoon baking soda
- 1 teaspoon salt
- 3/4 cup sugar
- 1 egg
- 1/2 cup orange juice
- 3 tablespoons white vinegar plus water to make 1/2 cup
- 1 teaspoon grated orange rind
- 1/4 cup melted shortening
- 1 cup halves or coarsely chopped raw cranberries
- 1 cup chopped nuts

Sift together flour, soda, salt and sugar into mixing bowl. Beat egg; add liquids, orange rind and melted shortening. Add all at once to flour mixture; stir until flour is just dampened. Add cranberries and nuts; stir just enough to blend well. Turn into greased 8 3/4" x 4 1/2" x 2 1/2" loaf pan. Bake at 350° F. for 60 to 70 minutes. Remove from pan; cool several hours or overnight before slicing.

Molasses Cookies

- 2 c. sifted all-purpose flour
- 1/2 tsp. salt
- 1/2 tsp. soda
- 1 tsp. baking powder
- 1 tsp. ground ginger
- 1 tsp. ground cloves
- 1 1/2 tsp. cinnamon
- 1/2 tsp. nutmeg
- 1/2 c. soft shortening
- 1 c. sugar
- 1/2 c. molasses
- 1 egg yolk

Sift flour, salt, soda, baking powder, ginger, cloves, cinnamon and nutmeg together. Beat shortening, sugar and molasses together until creamy; beat in egg yolk. Blend in flour mixture; chill dough for 1 hour.

Roll dough 1/8 to 1/4 inch thick on lightly floured surface; cut into shapes. Place 1/2 inch apart on ungreased cookie sheets. Bake at 350 degrees for 8 to 10 minutes. Cookies may be decorated before or after baking, as desired.

BROWNIES
4 sq. baking chocolate
3/4 c. melted butter or margarine
6 eggs
3 c. sugar
2 c. sifted flour
1/2 tsp salt
1/2 c. chopped nuts
2 tsp. vanilla
Melt chocolate in butter. Beat eggs well; add sugar. Beat until well

blended. Sift flour with salt; add to sugar mixture. Add chocolate mixture, nuts and vanilla; mix well. Turned into 2 greased 10 x 14-inch pans. Bake in 450-degree oven for 12 to 15 minutes. Place under broiler flame to brown. Cut into squares while warm. Yield: 48 brownies.

FIRST PLACE SECOND PLACE THIRD PLACE

Join the fun. Guess the winners. Nothing to buy. Just circle the teams you think will win, fill in your name and address, and bring it to the Chronicle office, or get it into the mail before 5 p. m. Friday. Everyone is eligible except employees of the Jayton Chronicle, and members of their families. Use this form here in the paper. Come by the office and we will give you a free form. Or, write it out on a piece of paper, in the same order as printed here, and that will do. The editor of the Jayton Chronicle is the sole judge as to the winner. In the case of tie, the amount will be shared. Be sure and mark the tie breaker score, which we will use in an attempt to break the tie. That is all there is to it, and you have a lot of fun. This contest is sponsored by the firms listed on this page. They are supporting the Jayton Jaybirds, Regional Champions, all the way.
