Annual Kent County 4H Stock Show Planned For Feb. 22nd And 23rd

The annual Kent County 4-H Club Stock Show and Sale will be held at the 4-H Barn in Clairemont, Feb. 22 and 23. The 4-H Club members have been working for several months getting their projects ready for the show. Over 100 animals will be exhibited in the annual event. Classes will include market hogs, fat lambs, steers, and Quarterhorse fillies.

Over 40 hogs are being fitted, 40 lambs, 20 steers, and 4 colts. The top 50% of each market class shown will sell in the premium sale after

the show.

Kent County 4-H Club members will enter several lambs, market hogs and steers in the annual Sweetwater Area Stock Show, January 18-19. Club members from seven counties are eligible to show in this area show.

Carcass steers, fat steers, market hogs, and fat lambs will be in competition with club members from Nolan, Mitchell, Fisher, Scurry, and Stonewall Counties, and from the Trent School District in Taylor County.

Four carcass steers will be judged on Jan. 12 then slaughtered for carcass evaluation. Market calves will be judged on Friday night, January 18, at the Sweetwater Coliseum. Lambs and hogs will be judged on Saturday, Jan. 19.

Farmers Income Tax Guides are available from the County Agent office again this year. The 1974 edition is for use in preparing the 1973 returns. New tax developments are summarized in the guide.

June Wedding Is Planned

Mr. and Mrs. Robert G. Hall of Jayton, announce the engagement of their daughter, Kathy, to Mr. Ricky Brewer, son of Rev. and Mrs. Murry L. Brewer of Abernathy Texas.

Kathy is a 1970 graduate of Jayton High School and a 1973 graduate of Texas Tech University. She is employed by Spur

Independent School District.

Ricky is a 1967 graduate of Jayton High School and he attended Hardin Simmons and Texas Tech Universities. He is employed by Baldwin Piano and Organ Center in Lubbock.

The couple plans a June wedding.

The Hahn Sadler Wedding

Holly Hahn and Robert Walker Sadler exchanged wedding vows Saturday, December 22, at 8:00 in a yuletide all-white wedding.

The bride is the daughter of Judge and Mrs. Norman Hahn; the bridegroom's parents are Mr. and Mrs. R. A. Sadler of Big Spring.

The double-ring ceremony was performed by John Charles Davis, a former classmate of the bride, beneath an arch of green holly and evergreens flanked by tapers in floor candelabra and flanked with red poinsettias. Miss Dewayna Bostic played traditional wedding and Christmas music preceding the ceremony.

Mrs. Thomas Fowler accompanied Bob Hamilton who sang "Til There Was You."

The bride wore a formal length gown of white organza fashioned

with a Victorian neckline of scalloped lace, long bishop sleeves, a sheer ruffled yolk edged with seed pearls on the natural bodice, full bouffant skirt extending into a chapel-length train, rows of scalloped Chantilly pearl encrusted lace and Chantilly lace motifs accented the skirt and train. The headpiece was a beaded lace Juliet cap holding tiers of pearl studded chapel length illusion.

For something old, borrowed, and blue, the bride carried the same lace handkerchief that had belonged to a great-great aunt and the same "good luck" dime that had been carried by her mother at her wedding; the traditional blue garter had been worn by her Grandmother Reid at her wedding.

The bride's attendants were her sisters: Dana

was maid-of-honor; Janine and Erin and the groom's sister Karan were bridesmaids. They wore matching floor length white gowns appliqued near the hem with holly leaves of green velvet and red berries; they carried round bouquets of fresh green holly with green velvet streamers, each centered with a red poinsettia. The groom and best man, Joe Miller of Big Spring, carrying out the theme of an all-white wedding, were also attired in white.

A reception followed the ceremony in the home of the bride. A three-tiered traditional wedding cake was served with a Christmas Wassail Bowl and other yuletide treats.

Mr. Sadler traveled in a turquoise jacketed dress when the couple left for a honeymoon trip to the mountains of New Mexico. On their return they will live in Big Spring where the bridegroom teaches in the high school.

THIS WEEK IN JAYTON

It seems to happen so often these days -- the coming in of a new year, that is.

With so many problems all over the world, this seems to be the year for everyone to take up a few notches on the old belt.

A few days ago, I heard a wit telling about the varying degrees of trouble.

If you have to take up a few notches in your belt that is a problem.

If you don't have a belt that is a crisis.

And if you don't have any pants, or a belt either that is a catastrophe.

STATE CAPITAL Highlights AND Sidelights by Bill Boykin TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Texans will be offered a new option on health care insurance which proponents claim will lead to improved cost control and better health.

The State Board of Insurance last week announced guidelines for so-called Health Maintenance Organizations (HMO's) which provide for pre-paid care programs.

Costs run from \$45 to \$70 per month in other states.

Board Chairman Joe Christie said he feels proposed guidelines for HMO's answer objections raised by Texas Medical Association during the 1973 legislative session.

"My legal staff assures me we are on sound legal grounds," said Christie.

One of the major differences in HMO's and conventional hospitalization-medical insurance is that the new plan is designed to cover all bills, not just a standard portion of expenses.

Employee groups and others functioning under the plan, would, in effect, contract with insurance companies, doctors and hospitals.

Lt. Gov. Bill Hobby predicted better cost control and better health for Texans as a result of the new plan. He said competing health care arrangements will strengthen the position of the individual consumer.

Four insurance companies have submitted applications to provide coverage for pre-paid health care plans.

At least one HMO is in beginning operation — at San Antonio, under Bexar County Medical Foundation direction.

CONVENTION PLANS MOVE —Planning committee heads for the 1974 Constitutional Convention have invited Texans to express their views at committee hearings starting January 16.

Rep. DeWitt Hale of Cotpus Christi and Sen. Nelson Wolff of San Antonio said eight proposed convention processing committees will begin their hearings at that time under a suggested timetable.

Hearings may last four weeks or longer. Committees have been recommended in the subject areas of finance, education, local government, general provisions, executive, legislature, judiciary and rights, suffrage, amendments and separation of powers.

A poll of lawmaker-delegates to the convention, which opens here January 8, has indicated most of them want to get their work completed within 90 days. Whatever amendments or revision the legislature proposed while sitting as a convention will then be subject to approval or rejection by voters at a statewide election.

NEWS REPORT FROM WASHINGTON

The Democrats—Jackson-Kennedy—The Strategy—

WASHINGTON, D.C.—Two men in the U.S. Senate now dominate political hopes for the Democrats in 1976. Others are trying to get into the act but the conclusion gains strength almost daily that the two major contenders are Senators Ted Kennedy and Henry Jackson.

Senators Walter Mondale and Hubert Humphrey, both from Minnesota, would accept the helm if it were offered but they are probably not to have that chance.

There are others, like Florida's young Governor Rubeen Askew, outside the Senate and representing fresh faces, but the favorite for the nomination right now is Kennedy and the man increasingly challenging him is Jackson.

Jackson strategists—and a representative of this newspaper queried his two top aides in Washington recently—feel Kennedy might well get the Democratic nomination and lose the election. They fear the American people will never vote Ted Kennedy into the White House.

Their argument has convinced many. In spite of the nostalgia and sentiment, Kennedy has been involved in really serious scandal.

Of all times, this is not the time to run a scandalized candidate for President, they argue. They can point to the eyelash margin of victory of the late John Kennedy, widely conceded to have had the best personality among the Kennedy brothers, in noting that any scandal handicap would have denied him victory in 1960.

Jackson has impeccable credentials. He is not handicapped by the liberal stigma in Dixie, since he has a good foreign policy background and record and is considered less than a radical, though his domestic record as a liberal satisfies the left.

The Jackson line making the rounds in Washington these days is that he can win and also pull the party together. He is favored, of course, by the new rules applying to convention delegations. As more than one Washington columnist has pointed out, split delegations are likely to hurt Kennedy's chances.

Kennedy is the favorite, though it's entirely possible Henry Jackson and George Wallace will choose the party's next nominee. Whether this will be so will depend on the primaries of 1976.

Rationing

Before allowing prices of gasoline to skyrocket, the Nixon Administration should order gasoline rationing. This sentiment needs to be impressed on all federal lawmakers home for the holidays—since the final decision on rationing or runaway prices will likely be made in January or February.

There is much reckless and industry-inspired talk in Washington of late that gasoline prices may double in the next year. If the Nixon Administration allows that to happen, the 1976 Republican candidate can kiss his chances of success goodbye—and deservedly so.

Experience shows once prices of necessities rise, they seldom go down again. Thus the critical fight at the moment is to hold the price line, as far as possible, in this shortage period. Those who argue that higher prices will automatically take care of the situation overlook the fact that it is the poor and lower middle classes—the majority—who will suffer in such a situation, while big business and the rich go on as before, ignoring the shortage problems.

Thoughtful and reverent tribute to those who leave blessed memories

CAPITOL HIGHLIGHTS from page 1.....

\$11.1 million for 84, 642 acres—more than twice expectations, and averaging more than \$131 an acre.

Land Commissioner Bob Armstrong credited "the price of crude oil and natural gas, together with the increased demands for energy sources."

All leases contain a provision that UT can take its oil and gas "in-kind" rather than cash. It is hoped the state will make more money from selling the gas to communities hit by shortages, such as Austin and San Antonio.

The Permanent University Fund now stands at a record high of \$633,998,580.

Bringing highest bids were two 320-acre tracts in Winkler County which accounted for bonus payments of \$650,000 each. Pecos County tracts were also leased to Texas Gulf Sulphur Company for bonus bids of \$1,152,222.

COURTS SPEAK—The Supreme Court set arguments in cases of two attorneys jailed for contempt of court in Bexar and Frio County incidents of refusing to produce real estate appraisal reports in condemnation proceedings.

In other cases, the High Court:

- Held value of Hays County deer leases should be considered in tax valuations.
- Rendered Judgment in the full \$94,500 awarded by a jury to a man struck by an Abilene Christian College bus.
- Found driving with an open door is not necessarily negli-

gence causing an accident.

• Refused to force state investigative records on air condemnation in the Port Arthur area to be released to a Jefferson County firm.

• The Third Court of Civil Appeals said a widow can file a suit in Austin to recover \$27,000 spent for dance lessons.

• The Court of Criminal Appeals affirmed the conviction of a Houston youth (on circumstantial evidence) in the 1969 murder of his parents at Houston.

• An Austin federal district court removed legal roadblocks to construction of the long-delayed San Antonio North Expressway; but new appeals were threatened by environmentalists.

APPOINTMENTS ANNOUNCED—Don B. Odum of Austin was named to succeed Clay Cotten as commissioner of insurance. Cotten, who has been commissioner since 1964, resigned to enter private law practice here.

Gov. Dolph Briscoe announced these recent appointments: Dr. Clifford S. Knappe of Waco and Dr. James H. Sammons of Baytown to the Texas Rehabilitation Commission (re-appointments); Mrs. Tom Wright of Nacogdoches to the board of regents of Stephen F. Austin State University; Dr. Albert W. Hartman Jr. of San Antonio and Joe C. Bridgefarmer of Dallas to the Texas Air Control Board; Paul Thayer of Dallas to the Fleet Admiral Chester W. Nimitz Naval Museum Commission and Walter B. Moore of Dallas to the Texas Library and Historical Commission.

Talmage Whiteside is new

vice-president for business affairs of the University of Texas school of nursing.

SHORT SNORTS

Credit life and disability insurance rates have been slashed 22.7 per cent.

A Democratic party rules committee held hearings here December 15 on delegate selection procedures for a 1974 mini-convention.

State Sen. Jack Hightower of Vernon announced as a Democratic candidate for congress in the 13th congressional district. Rep. Charles Fennell of Holliday announced for Hightower's senate seat.

The State Board of Control is developing a car pool plan for state employees.

Water quality management plans for the San Antonio, Colorado, Guadalupe and Sabine River basins have received federal approval.

Texas is one of four states joining in a federal court lawsuit to force release of \$55.5 million in funds under the higher education act of 1965. The Texas share of impounded funds would be \$3 million.

Legislators, led by House Speaker Price Daniel Jr., are still crowding for a special legislative session on energy matters.

Weather And Buses

Now that the weather is getting down to business, it would be well for drivers to remember that darker days and poor visibility often add up to tragedy.

Under the law in every state, drivers are required to stop when school buses are discharging or taking on passengers. This means drivers approaching or following a school bus are required to stop.

In hilly areas or in poor visibility, or on curves, cars are often hard-pressed to stop if they do not see a standing bus a good distance ahead. Although school buses are supposed to show blinking lights, or stop signals in the form of a raised sign or in some other fashion, these signals are sometimes flashed dangerously late by the driver, and oncoming cars, driven at the suggested lower speed, are often given very little time to stop.

We call the attention of all drivers to the fact that, as days get shorter and winter weather increases its intensity, eyes should be kept peeled for school buses, especially in the early morning and early afternoon, in an effort to avoid what could be the worst possible tragedy.
