

The Jaybirds Win Track Meet In The Final Event

Jayton High School had to win the final event of the day to insure itself the team championship in the B Division of the Rolling Plains Relays here Saturday.

Haskell had an easier time in the A Division finishing with 97 points to Rotan's 79 and Aspermont's 78.

Jayton captured the mile relay and Goree finished third in the event to give the Jaybirds the title; 12 points to 102. Harold Parker provided Jayton with its only first place of the day as he set a new record in the 440 dash with the time of 51.0.

Meanwhile, Goree collected five blue ribbons including Eldon Hamilton's record-breaking 9.8 time in the 100. Hamilton also won the long jump and the 220 for the Wildcats.

In the A Division, Chris Love gave Haskell its only first place of the day with a record-breaking 22-1 effort in the long jump. Love had a second in the high jump.

Domingo Castenada of Aspermont set a record in the 440 dash with a 50.3 time. That time is the best turned in by an area quartermiler this year.

Hawley's Don Lambert vaulted 13-0 to win the B division pole vault and that is also an area best effort.

The Standard Multi-media First Aid Course will be taught. The cost will be \$5.00 per person. Please call 237-3751 or 237-3345 by April 9 if you are interested.

Former Kent Co. Sheriff Dies In Hamlin Hospital

ASPERMONT--Barnie A. Cumbie Sr., 80, of Aspermont, a former Stonewall County judge, died at 5:45 p.m. Friday in Hamlin Memorial Hospital following a lengthy illness.

Born February 24, 1896, in Indian Territory (Oklahoma), he married Ada Lyons Nov. 16, 1919, in Snyder. He was a veteran of World War I and served in France with the 90th Division. He had lived in Stonewall and Kent counties most of his life. He was a past county clerk, sheriff and tax assessor of Kent County. He was also a past judge of Stonewall County. Mr. Cumbie was a deacon in First Baptist Church of Aspermont.

Survivors include his wife; three daughters, Mrs. Bob Stafford of Holdenville, Okla., Mrs. Sam Paylor of Frostproof, Fla., and Mrs. Clifton Gardner of Tahoka; four sons, Barnie Jr. of Roby, R.T. of Aspermont, Paul of Abilene and Thomas of Sweetwater; three sisters, Velma Squires and Trece Roberts, both of Lubbock and Christel Sellers of Dunn; a brother, John of Dickens; 19 grandchildren and five great grandchildren.

Genealogy Club Has Meeting

The Kent County Genealogy Club met March 9 with 13 persons attending. We were real pleased with the interest shown and hope for an increase in the future. Those attending were: Mr. and Mrs. Tucker Reeve and Stacy; Mr. and Mrs. Hobert Hoggard; Mrs. Roseanna Johnson; Mrs. Dallas Kenady; Mrs. Ada Lou Joiner; Mrs. Jeanette Seaton; Mrs. Jan Harrison and Jackie and Mr. and Mrs. J.A. Kidd.

The Club will meet again Thursday April 8, 1976 at 8:00 p.m. in the Kent County Community Center. A short program is planned, refreshments and a discussion time.

Everyone is invited to come and visit or join the club. We are planning some interesting programs and would like to have a large group at each meeting.

Draft Boards To Be Closed Down

AUSTIN, Colonel Melvin N. Glantz, State Director of Selective Service announced that all Selective Service Local Draft Boards in Texas will be terminated on May 8, 1976. Similar actions will occur in all states on that date as Selective Service continues to reduce its operational capability. On February 28th all draft board offices were closed.

Texas has 525 members assigned to the 96 draft boards of the state. These board members who have served in an uncompensated capacity were responsible for classifying Selective Service Registrants. Since all registrant processing has been halted there remains no active mission for the draft boards.

Only a small stand-by draft organization will remain to maintain emergency plans and train a small pool of reserve and national guard officers in procedures for restoring the Selective Service System in the event of a National emergency.

The members of Local Board No. 80 serving Ken, Dickens and Stonewall Counties are as follows:

Mrs. A. Lucille Wade, Jayton; Donald R. Harris, McAdoo; Robert W. Crockett, Spur and Jack Daugherty of Jayton.

WELCOMING HOME NEWS

Mr. and Mrs. Harmon Meadow entered the home Thursday. We welcome them and invite their friends to visit them.

Visiting in the home this past week were: Mrs. Hobart Hoggard, Mr. and Mrs. Glenn Latham of Dickens; Mr. and Mrs. Jerry Brantner of Girard, Mabel Williams, Eda Jackson, Beulah Kidd, Pearl Hallum, Rev. Truett Kuentler, Mr. and Mrs. Henry Harris, Rev. Marvin Fisher, and Delma and Hallie Stephens.

Thanks to Mrs. Barney Murdoch for playing for the singing Thursday morning.

Letter to Editor

Dear Editor,

As you know I am not seeking re-election to the Board of Trustees so thought I might take this opportunity to thank the people of Kent County for their past support and express a few thoughts concerning our school.

God has blessed Kent County with oil, good land, and fine people, from this we have one of the finest school systems in the state. This has not been through blind luck. It has been done through hard work by our Superintendent, Principals, Teachers, Coaches, Auxiliary Personnel and the Board. In the seven years I served on the Board I have never worked with nicer people.

It seems some statements have been made that need to be made clear. First, if the Board wanted to "oust" two coaches isn't it strange they would have renewed their contracts? This in itself should be enough support for anyone, it is for the rest of our faculty.

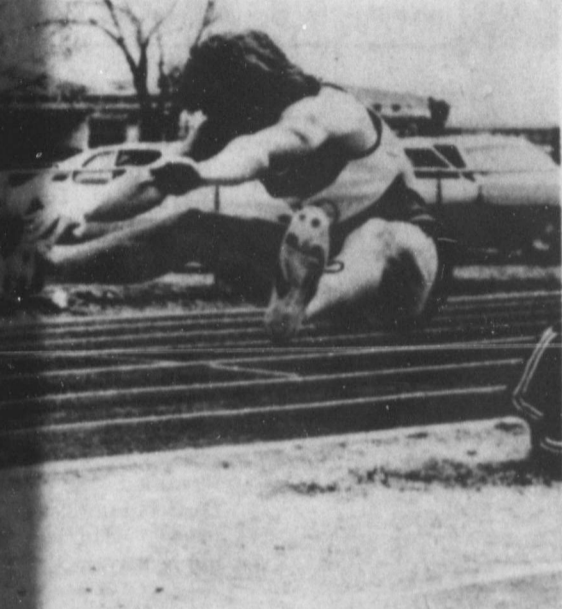

On the question of sportsmanship. This is something we have prided ourselves on for a long time. Anyone that feels otherwise doesn't know the tradition of our school.

"It is up to everyone of us to do our part." If people would take the time to discuss their problems with the Principals, Superintendent, or the School Board it would make for a much better system. There is not anyone of the above mentioned people that would not be proud to discuss any problem, with anyone, at anytime.

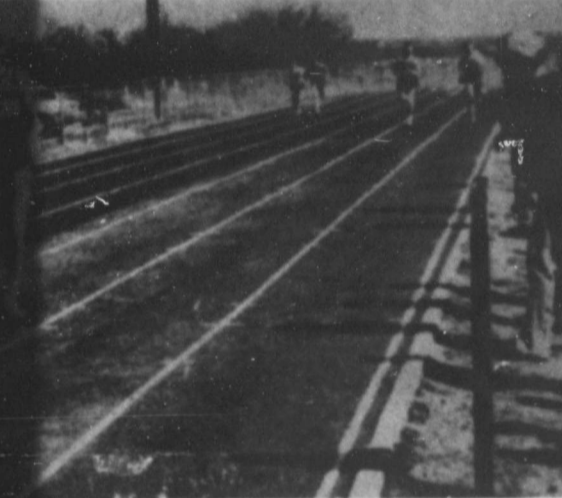

Thanks for your support for the seven years I have served on the Board. It was a pleasure serving you. Personally I plan to keep supporting our school, its one of the best.

Sincerely,

Kites & Wires

This is the season of the year when youngsters of various ages delight in flying kites.

Some of the youngsters with gray hair and many years have to enjoy their kite-flying by proxy.

It is well to warn youngsters to stay away from electric power lines and highways.

We know very few who actually fly kites each spring will read this editorial. However, retired kite-flyers are reminded to caution youngsters. A few words of warning might save a young life.

BICENTENNIAL BRIEFS

What's the best present you can give your country on her 200th birthday? A visit!

And what, according to many experienced travelers, is the best way to see the many scenic and historic vistas America has to offer her visitors? A bus ride.

That way, you can relax and enjoy the sights and sites through big full-vision windows (instead of having to keep your eyes on the road or a map) while resting in comfortable coach seats and listening to an experienced guide tell you all about the things you're seeing.

Gray Line Sight-Seeing Companies are the leaders in developing Bicentennial tour packages. Some favorite tours are The Battle Road—journey from Boston to Lexington and Concord; Serene Staten Island—tracing the history of the Revolutionary War; River Road Plantation Tour—visit New Orleans plantation predating Civil War to see how the old south lived; The Spirit of Los Angeles—visit San Gabriel Mission and Huntington Library containing materials related to the American Revolution; and Colonial Virginia and Williamsburg—a tour of the historic Civil War area, rich in American tradition and culture.

There are so many exciting sites to see in this country, it's easy to see she has done pretty well in only 200 years.

You can never tell when a little careful driving will save your life on the highways.

Colonial Times--

BRITISH SUFFER SETBACK IN SOUTH
The war in the South has taken a strong turn toward the Colonial side with the defeat of Loyalist forces at Moore's Creek Bridge, near Wilmington, North Carolina. Colonel Richard Caswell and Colonel John Alexander Lillington led a numerically smaller group of patriots to victory over Loyalist made up primarily of Scots under the command of Donald McDonald on February 27. More than 850 clansmen were taken prisoners during that battle, the largest number of prisoners taken yet by American insurgents.

What this meant for British forces is that they had to land their southern expeditionary force someplace other than the Wilmington area, where they had planned to join up with McDonald. British Gen. Henry Clinton is in command of the force, which eventually landed off Cape Fear, North Carolina, but his resources now are much less than he had planned.

It should be noted that McDonald's forces, though they met defeat at Moore's Creek Bridge, have shown themselves to be brave and effective fighters during the past two months, making successful forays up and down the Atlantic Coast, taking orders from the Tory governor of North Carolina and using a British warship as a base of operations.

Great numbers of Scots are located in North Carolina, and at one time McDonald's band of Loyalist numbers 1,500 men.

They call themselves the "Broadsword," in the Scot tradition of fighting men.

Have you ever paused to reflect upon what you spend most of your time thinking and talking about?

Likeness

The artist is capturing the physical likeness of this lovely girl on her paper. The likeness is amazing. But her inward beauty, her wonderful Christian heart and soul, can only be captured fully on God's canvas. The Bible says that "Man looketh on the outward appearance but God looketh on the heart."

How would God's painting picture you and me?

One good way to improve your heart condition is to attend church and hear God's word proclaimed from the pulpit. Learn God's plan for your life by listening to His word. We invite you to attend the church of your choice this week.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells one truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Happy Easter WITH Food

Lady Baltimore Cake

3/4 cups cake flour
1/2 cup baking powder
1/2 tsp. salt
1/4 cup butter or margarine
1/2 cups sugar, divided
1 Tbsp. pure vanilla extract
1 cup milk
4 egg whites
Vanilla Frosting and Filling

speed, just until blended. Do not overmix. Beat egg whites until soft peaks form; gradually beat in remaining 1/2 cup sugar until stiff peaks form; fold into cake batter. Pour batter into 3 greased and floured 9 inch layer cake pans; spread smooth. Bake in preheated moderate oven (350 degrees F.) until cake tester inserted in center comes out clean, about 30 minutes. Cool cakes in pans on racks for 10 minutes. Remove cakes from pans; cool on racks completely. Fill and frost cake with Vanilla Frosting and Filling.

VANILLA FROSTING AND FILLING

2 egg whites
1 1/2 cups sugar
1/16 tsp. salt
1/3 cup water
1 Tbsp. light corn syrup
1 tsp. pure vanilla extract
1 cup chopped pecans
1/2 cup raisins
2/2 cup chopped figs

beat over slow boiling water until mixture thickens and holds its shape when beaters are lifted, about 7 minutes. Into half of frosting mixture fold pecans, raisins and figs; spread on two layers of cake. Sandwich the three cake layers together with unfilled layer on top. Use remaining frosting to frost sides and top of cake. If desired decorate with pecans and halved figs. Yields 12 portions.

Zucchini Squash Cake

3 cups grated squash
3 cups sugar
1 1/2 cups corn oil
1 cup pecans or walnuts
3 cups flour
4 eggs
2 tsp. baking soda
2 tsp. baking powder
1 1/2 tsp. cinnamon

pans. Bake 1 hour at 350 degrees or until done (test with a cake tester or round toothpick).

FROSTING

3 oz. Philadelphia cream cheese
1/4 cup butter or margarine
2 cups powdered sugar
1 tsp. vanilla
Blend well and spread on cake.

Angel Biscuits

Submitted by Mrs. Texie Bounds of Lorenzo

2 1/2 cups flour
1 tsp. baking powder
1 tsp. salt
1/4 cup sugar
1/2 cup shortening
1/4 cup warm water
1 pkg. dry yeast
1 cup buttermilk

pie crust. Stir in the buttermilk, also the water with the yeast in it. Blend thoroughly and the dough is ready to be refrigerated or made into biscuits.

Dissolve the yeast in the warm water and set aside. Mix the dry ingredients in the order given, cutting in the shortening as you normally do for biscuits or

Roll out and cut with a biscuit cutter and place in a greased pan. Let the biscuits rise slightly and bake at 400 degrees until lightly browned. Makes about 21 biscuits. Can be kept for 3 days in refrigerator.

ABOUT YOUR HOME
By April Rhodes

April is lawn fertilizing month. Don't overfertilize, it's better to add two applications about four weeks apart.

It's pruning time for American holly, evergreens, foundation shrubs and boxwoods.

With the arrival of warmer weather, pretty flowers blooming and birds singing in the garden, most homeowners want to brighten up the interiors of their homes. March and April magazines are filled with excellent ideas.

In most areas, April is the month to lift, divide and plant daylilies. They should be lifted and divided every four years. Plant each division on a rounded cone of soil and spread roots. Cover the crown with one inch of soil.

It was proper some years ago to wear long dresses and hats and gloves preceding that hour. Times have changed, however, and we find long dresses being worn at all hours and many people go without hats and gloves in the morning unless the weather is cold or the occasion is strictly formal.

Shop At Home

Every resident of this community has a stake in its future, an obligation to join with others in making it a better place in which to live.

In this connection, dollars spent at home have a tendency to recirculate in the community, to be spent and enjoyed by other local citizens. Dollars sent out of the community seldom return.

Likewise, contributions to good causes, deserving unfortunates, charities, youth and educational programs, are best made here at home, where results can be seen and appreciated, and which benefit the community.

Civic pride and cooperation among citizens of this community can and will make this a better place to live in.

A real mark of fashion this season is the scarf-wrapped head. Some new dress creations feature a scarf of the same material. Protect the new scarf, or freshly washed scarf, with Scotchgard fabric protector against watery or greasy stains.

Another government stroke. We just traded 2 million bushels of wheat to Egypt for 2 million bushels of Kitty Litter.

PSYCHOLOGY

CHILD PSYCHOLOGISTS SAY THAT CHILDREN SHOULD BE ALLOWED TO LEARN TO BE INDEPENDENT. NO MATTER HOW YOUNG THEY ARE, THERE IS PROBABLY SOMETHING THEY CAN DO TO HELP AROUND THE HOUSE.

EVEN A 2-YEAR OLD IS PROBABLY CAPABLE OF SHUTTING A DOOR ON HIS WAY OUT OF A ROOM. EVEN A PRE-TEEN CAN MAKE A PITCHER OF ICED TEA WITH TAP WATER AND A MIX. THESE SMALL SUCCESSES CAN ENCOURAGE THEM TO TRY OTHER THINGS AS THEY GROW.

Take A Train Ride On The Stamford And Northwestern

By Clyde Odeneal

The summer of 1914, like most Texas summers, was hot and dry. Air-conditioning then was not even a twinkle in any inventor's eye and trips by train usually ended with the traveler's collar and shirt speckled with soot and sometimes with cinder burns.

I was on my way to Spur, Texas in Dickens County to visit my Grandmother. The first lap of my journey was on the Texas and Pacific Railroad from Dallas to Abilene. Abilene's population at that time was around 10,000. The next lap was on the Wichita Valley to Stamford. The T&P train was as modern as you could find anywhere sixty years ago, and the Wichita Valley was not far behind. But the Stamford & Northwestern train I rode from Stamford to Spur looked more ancient than the Santa Fe's "Cyrus K. Holliday" except for the locomotive which had a straight smokestack. The train had a consist of two chair cars, a mail car, and a baggage-express car.

Just as soon as the train was called, I elbowed my way ahead of the crowd, boarded the train and got a good seat next to the window. The little pot-bellied stove at the front end of the car was not in use as the weather furnished all the heat we needed; but behind it next to the wall was a well-stocked coal bin and some kindling wood. Under and around the stove was a layer of sheet metal to protect the floor from burning coals that might be knocked out by stoking. The metal mat was covered by what appeared to be dried tobacco juice. Every seat was served by a brass spittoon but enroute to Spur I saw more than one tobacco chewer aim for the bottom of the stove.

The next attraction for me was the lighting system—a series of four big chandler-like oil lamps hanging from the ceiling of the car and two little lamps at each end. As my ride was during the day, I didn't see any lighting of the lamps. The window shades were old and dingy but not used much as all the windows were up to provide natural air-conditioning.

In a loud voice the conductor hollered "A-l-l 'B-o-a-r-d'" and in seconds the little engine gave a jerk, a lunge forward and a sudden stop, all at the same time. The little wooden coach swayed from side to side but settled down somewhat as we got underway.

The track was in pretty bad shape and frequently we were up on one side and down on the other, swaying continuously. When the track permitted, we attained speeds up to 30 miles per hour, but more often the speed ranged from 20 to 25.

After huffing and puffing for four hours including stops in Sagerton, Aspermont, Peacock, Jayton, Girard and Gilpin, we arrived in Spur, the end of the line.

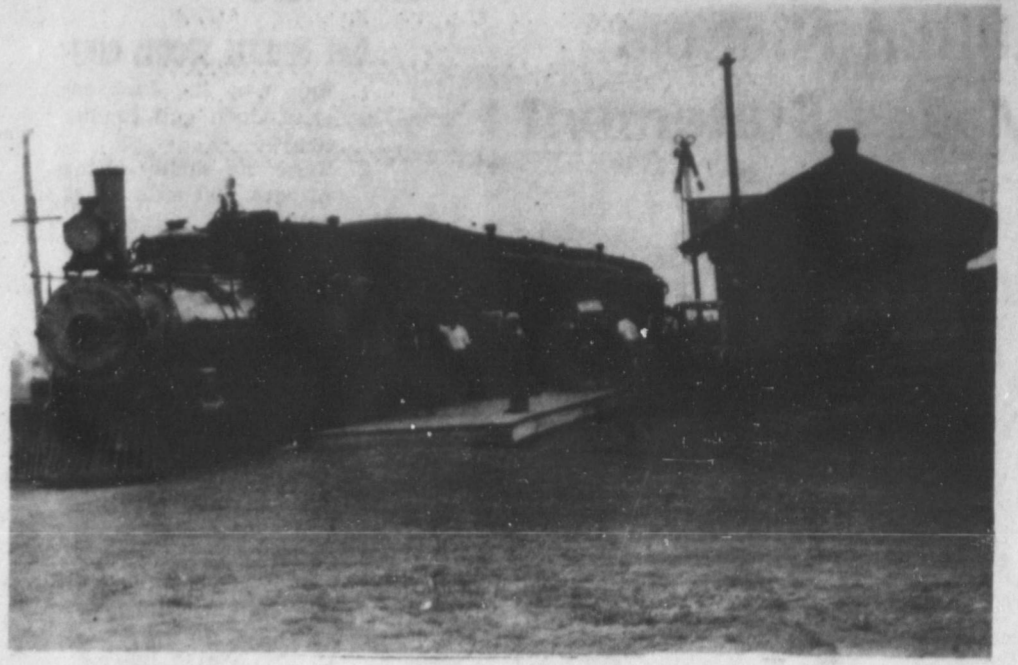

Eighty miles in four hours! An average speed of 20 miles per hour and mighty good considering the six stops, the light rail, bumpy roadbed and the primitive rolling stock. Really, I enjoyed every minute of it in spite of the cinders, smoke and bumps.

The little line for many years was operated by the Stamford and Northwestern, the Wichita Valley, and finally the Ft. Worth and Denver under whose management it was finally abandoned. Like many other short lines in Texas, it is now only a memory.

TWIN-SEEDED SORGHUM GOING COMMERCIAL

The Texas Agricultural Experiment Station is releasing twin-seeded sorghum breeding material to commercial seed companies, and the outcome should be another boost in sorghum production. However, two to three years will be required by commercial companies to produce enough planting seed for sale to producers. The twin-seeded trait in the newly developed sorghum should increase yields by about 20 percent although much higher increases have been obtained in controlled tests.

Natural-colored straw and straw-like accessories are fashion leaders for spring and summer. Straw or rope trims and braids add natural highlight to spring shoes, bags and belts. Mrs. Becky Culp, area clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System, reports.

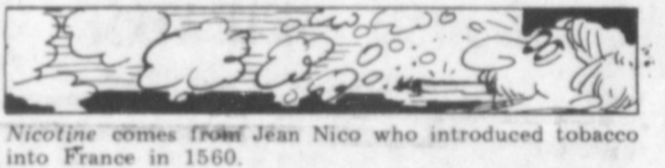

Canning—the most economical and practical home food preservation method—brings family members together into a creative activity, provides security in having food available, and offers a food supply according to family preferences and special dietary needs. Mrs. Mary Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

Lillian Nichols Makes Statement

LILLIAN NICHOLS

I ask your vote in the April 3 election of the Board of Education for the Jayton-Girard Independent School District.

I am not a "woman's libber"; I have no scores to settle; no "axe to grind."

In seeking a place on the school board, I want to fill the vacancy left by the retiring incumbent.

I ask your vote with the belief that my thirty-four years as a classroom teacher at all levels will give me an insight into the student-parent-teacher relationship.

My interest is the welfare of the students, both academically and socially, to insure them a responsible preparation as adults of the future.

I feel that my years of working with students qualify me to be of service in maintaining and continuing the progress of the excellent school system that we are so fortunate to have.

I shall appreciate your vote and your support April 3.

Letter to Editor

Dear Mr. Richards:

Please send me the Chronicle for another year. I've read it for 50 years and can't quit now.

I miss all you good Kent County folks. I'll soon be out here a year and it is a lovely place, but Kent County will always be home to me.

With best wishes, I am,

Lucille B. Aldrich
18014 Sherman Way, Apt. 154

Wind Erosion Is A Major Hazard

Wind erosion is a major hazard to the cropland fields of Kent County. This picture shows a damaged field following a sand storm last week.

A cover crop of small grain or a field of standing milo stubble would have prevented most of this damage. For more information about stopping wind erosion, contact the Soil Conservation Service in the courthouse at Jayton.

Wind Erosion Can Cause Much Damage

Wind erosion not only damages the cropland fields of Kent County, but also causes damage to other property such as the county roads. This picture shows sand that has drifted across a county road bar ditch after a sand storm in March of this year. Conservation practices such as chiseling, cover crops, or stubble mulching would have prevented this damage. The Soil Conservation Service, working through the Duck Creek Soil and Water Conservation District furnish assistance to farmers and units of government in treating erosion problems.
